Civic Reception To Satyajit Roy

Unique Achievements of Bengali Films Recalled

SHRI SATYAJIT ROY, Director of "APARAJITO", the famous Bengali film, which earned Golden Lion of St. Mark at the recent Venice Film Festival, was accorded a Civic Reception, on Saturday, the 4th January last through a ceremonial function. The brief function was held in the Council Chamber, Central Municipal Office Buildings, S. N. Banerjee Road. To mark the occasion, the building was tastefully decorated with flowers and foliage. The full size portraits of Mahatma Gandhi, Deshabandhu Chittaranjan, Deshapriya Jatindra Mohan and Netaji Subhas Chandra placed inside the Chamber, were also lined with flowers. The raised dais just below the Corporation emblem where Shri Roy, the Mayor, Dr. Triguna Sen, the Deputy Mayor, Shri Keshab Chandra Basu took their seats, was profusely bedecked with flowers. A loud applause stirred the House when the Mayor garlanded Shri Roy.

The Address which was presented to Shri Roy, on behalf of the citizens of Calcutta as well as of the Corporation, stated that at a time when all countries were earnestly trying to develop and improve cinema industry Shri Roy's creation showed the right path. It was a matter of great satisfaction that his talent which was manifested through his 'Aparajito' received due recognition at the Venice Festival. Thus the Director ushers in a new era of hitherto unachieved glory for the Bengali and Indian films. The scrolled Address was presented in a beautiful silver-plated casket.

Replying to the address Shri Roy was of the opinion that there were stories and novels in Bengali which could be effectively filmed. He also believed that the Bengali film industry had a great future if producers and distributors acted favourably.

Earlier, he shared the laurels of success of his two films with the artistes and the technicians whose contributions were also worth-mentioning. He was equally grateful to the author of the novel the late Shri Bibhuti Bandopadhyaya.

The function was largely attended. The Council Chamber was packed with visitors. Shri Kanu Bandopadhyaya, Shrimati Karuna Bandopadhyaya, Shrimati Runki Bandopadhyaya, Shri Amiya Mukherjee, Shri Somen Gupta, Shri Anil Choudhury and many other members of Shri Roy's unit were present. Shri Devaki Basu, Shri Kartick Chatterjee, and Shri Sailajananda Mukherjee, well-known film directors, Shrimati Chandravati Devi, the noted film artiste and others graced the occasion. Shri Hemendra Prasad Ghosh, the doyen of journalists, and other important citizens including Shrimati Sujata Devi, were also invited on this occasion. Aldermen and Councillors, and Corporation officials watched the function.

It may be recalled here that since the declaration of the International Prize in favour of the 'Aparajito' Shri Roy and the members of his unit were accorded Receptions on behalf of different organizations and institutions. The function at the Corporation came off at a later stage being occasioned by a reference made in the House by Councillor Mukur Chandra Sarvadhikary, a few months back.

সিনেমা-জগতে পৃথিবীর সর্বোচ্চ সন্মানে সন্মানিত

শ্রীমুক্ত সত্যজিৎ রায়

কলিকাতা মহানগরীর পৌর সম্বন্ধনা

হে অনন্যসাধারণ প্রতিভাধর শিল্পী,

পৃথিবীর সমস্ত জাগ্রত জাতি বে-মূল্য সম্মান এবং স্বীকৃতি পাবার জন্য উন্মুখ, আজ তুমি ইউরোপের ও আমেরিকার সর্বজনপ্রিয়তম শ্রেষ্ঠতম বিচারক-মণ্ডলীর হাত থেকে সেই সর্বশ্রেষ্ঠ সম্মান আহরণ করে নিয়ে এসেছ। তুমি বাংলার পৌর, তুমি মহানগরীর গর্বের বস্তু—তোমাকে নমস্কার।

সারা পৃথিবীর সিনেমা-শিল্প আজ তার বাণীপ্রণেয় সন্ধান করছে, সেই সন্ধান-মুহুর্তে তুমি তোমার প্রতিভাধর বৈশিষ্ট্য দিয়ে, তোমার সৃষ্টিশক্তি সজীবিত অনন্যসাধারণ যে রূপাঙ্কন পদ্ধতি আবিষ্কার করলে, তার মূল্য এবং মর্যাদার স্বীকৃতি লাভ করেছ তুমি। জগৎপৌরবৎসা বিবিধরী বীরের মত দেশবাসীর অন্তর্লোকে তোমার আসন আজ সুপ্রতিষ্ঠিত। তুমি বিজয় ঘণ্টা হলেছ, ঘণ্টা করেছ তোমার মাতৃভূমিকে। জনগণের শিল্পীশ্রেষ্ঠ তুমি আমাদের গ্লানিপাত্র—তোমাকে নমস্কার।

পরমাধীন ভারতবর্ষে আত্মপ্রকাশের পথ ছিল অবরুদ্ধ, আজ স্বাধীন ভারতে সে-পথ হয়েছে উন্মুক্ত; সেই অব্যাহত হারপথে সাহিত্যরসায়িত তোমার শিল্পীত্ব “অপূর্ণাঙ্কিত” হয়ে উৎপ্তিত হয়ে পশ্চিমের বিচারসভায়। আত্মকেন্দ্রিক পশ্চিম দেখলে, আত্মবিসর্জনের দীপ্তাভূমি অব্যাহত অবজ্ঞাত বহির্ভূত ভারতে প্রাণবর্তের ঐশ্বর্য। প্রতিবাদিতার প্রথম দ্বার অধিকার করলে তুমি—তোমাকে নমস্কার।

বাংলার সিনেমা-শিল্পের আজ মহা মুহূর্ত। বিধাবিভক্ত বাংলার তার প্রচারাঙ্কিত বিভাগ সৃষ্টিত। তার ওপর প্রবোজক, পরিবেশক ও প্রদর্শক—এই ত্রিভুজ দ্বারা স্বার্থকেন্দ্রিক অসম অর্থবৈতন্যবদ্ধ সিনেমা-শিল্পের জীবনীশক্তিকে কর্তৃপক্ষ করে এনেছে। ব্যবসায়গত সফলতার অধিকারতা, প্রবোজকদের করে তুলেছে সিনেমা-বিমুখ। কিন্তু “বন্দন রকে তরা”। স্বাধীনতার মত এমন রকমের বাটামোদী জাতি ভারতবর্ষে বিরল। এতটুকু আবেগের তাৎ কেখানে পেরেছে, আরক-সন্ধানী স্বাধীনতা সেখানে ছুটবেই।

এই সুবর্ণময় মুহূর্তে জনকল্যাণপ্রভী সাধক রূপকার তুমি—তোমার শুভাশ্রয় বিবিধবিধি বনেই আমাদের বৃদ্ধ বিশ্বাস। তোমার সৃষ্টিশক্তি—তোমার বিশ্ববস্তুর বিজ্ঞানতন্ত্রেই শুভ মূর্তবা।

পূর্ণবাহুভাবে অঙ্কিত বিবিধত প্রভিভার উত্তরাধিকারী তুমি। তোমার ভবনর হিরণ্য পাণ্ডে আছে মৃতসঞ্জীবনী অমৃতধারা। সেই ধারাসিকনে হস্তচর্চন স্বাধীনতার আহুত আত্মকে সুখ এবং নিরাশ্রয় করে তুলবে তুমি—তোমাকে নমস্কার।

তোমার শুভাশ্রয়নে আজ এই নগরী পৌরবাচিত, তোমার সন্মানিত সম্বন্ধবাস সারা ভারত আজ পুনর্জিত, তুমি আমাদের পরমাজী—তোমাকে নমস্কার।

তোমার স্বাভাবিক হোক সুস্বাদুত্ব।

তোমার জীবনব্যাপার প্রতিটি দিবস হোক বিজয়।

তোমার সর্বাঙ্গীন মনন কর্মবাই হোক আজ আমাদের একমাত্র প্রার্থনা।

তুমি নতানু হও! তুমি জয়যুক্ত হও!

মেয়র

The Calcutta Corporation's Civic Reception to Shri Satyajit Roy, Winner of the Golden Lion of St. Mark at the Venice Film Festival and of the Highest Honours in the Cinema World.

UNIQUE GENIUS,

YOU have received from the highest judges in Europe and America those unique honours which all the wide-awake nations of the world crave. You are the glory of Bengal, and you are the pride of new India—Salutations to thee!

THE Cinema Industry of the entire world to-day is seeking for expression and at this moment of crisis, you have, by your talents, illumined by your genius, and by your creative genius discovered the unique method of turning pictures, which have received their due price and honour. Like the victorious hero, your place is assured in the hearts and minds of your countrymen. You have yourself been honoured and you have honoured your Motherland. You are our beloved, as the world-acclaimed genius—Salutations to thee!

THE self-expression of our dependant India was obstructed, to-day's independent India has opened up that path, and in that open doorway, by your famous literary-flavoured 'APARAJITO' you took to the judgment-seats of the West. The self-centred West saw the treasures of the living poor *Bharat* which had been neglected and despised. In this competition you obtained the first place—Salutations to thee.

TO-DAY, the Bengal Cinema Industry is faced by disaster. In the truncated Bengal, its field of exhibition is much narrowed. In addition, the unequal distribution of resources between the producer, the distributor and the exhibitor have almost killed the life of the Cinema Industry. The uncertainty of success in business, has made producers shy of Cinema production. But Bengal is full of merriment. India has no other race so full of enjoyment and so theatre-minded as the Bengalis. Wherever they have got the least taste of enjoyment, the Bengalis will always run there.

IN this disastrous moment, you are a true picture-maker of the welfare of the masses, your advent is the work of Providence, is our belief. Your point of view is shown by your choice of subject. You are hereditarily the inheritor of Providence-granted genius. In your heart's golden vase is collected the death-defying nectar. By distributing that nectar, you make the wounded soul of Bengal hale and hearty again—Salutations to thee.

BY your coming this city is honoured, by your reception the whole of India is joyful, you are nearest kin to us—Salutations to thee.

MAY your journey's path be flower strewn. May your lifetime's each day be free of difficulties.

YOUR all-embracing good is our only prayer.

MAY you live to be a hundred and may you be victorious,

BANDE MATARAM

Respectfully yours,
For the citizens of Calcutta and on behalf of the Corporation,
DR. TRIGUNA SEN,
Mayor.

CREDIT OF SUCCESS GOES TO THE AUTHOR

Replying to the felicitations Shri Roy expressed gratitude for the hearty reception the citizens had extended to him for the film "Aparajito". He shared the honour with the artistes and technicians, whose contributions to the success of the film was not less significant, he admitted that they should be equally honoured while earning the International prize.

Paying great tributes to the memory of Shri Bibhuti Bhushan Bandopadhyaya, the writer of Pather-Panchali, Shri Roy said that the achievement of the film was also largely responsible for producing such a fine story in the Bengali literature. He also regretted that the author did not survive to witness such a brilliant success of his own creation. The success, he added was also possible for his proper selection of the work of the eminent novelist.

Shri Roy urged that Bibhuti Bhushan's novels should be translated into foreign languages for circulation in different countries. The present circulation of his books in one language would be doing injustice to the great craftsmanship of the author.

REQUISITES FOR A GOOD PICTURE

Continuing his speech, Shri Roy said that the success of a film, depended on right selection of story, able direction and perfect performances of the artistes and technicians. There was no dearth of good novels in Bengali literature. Directors in this country, he said, were in the habit of producing stereotyped films. He stressed the need for changing this habit. He also hoped that new directors would direct their activities under changed techniques as the science was undergoing constant changes.

Speaking of Neo-realism, the celebrated film director said that the subject had also been imported in this country ere long though it had its origin in Italy during the post-war days.

In conclusion Shri Roy felt that the cinema-goers would improve their tastes and would watch consciously the future industry in its progress.

SHRI SATYAJIT ROY

THIRTY-SEVEN years old Shri Satyajit Roy, emerges into the world of fame and glory with the production of 'PATHER PANCHALI', the first part of the late Shri Bibhuti Bhushan Bandopadhyaya's celebrated novel. With the production of 'APARAJITO' further laurels were added to his name. Once he had to rest on his oars when he started his first book and he had no easy way to attain success.

An artist by profession, Shri Roy was earlier attached to a commercial firm. This paved his way to visit Western Europe where he learnt modern cinema techniques in the studios and producing centres of Great Britain, Italy and France. He derived much inspiration from nature while a student in Santi Niketan under the famous artist Shri Nandalal Bose. He took his Bachelor's Degree in Arts from the Presidency College, Calcutta.

Shri Roy has a rich heritage. His father the late Shri Sukumar Roy was a children's poet. His poems and other compositions have become treasures in the Bengali Juvenile Literature. And there is hardly any literate adult who has not read 'HAJABARALA' or 'ABOL TABOL' in his earlier days. Each of his poems reads like a lullaby. His grandfather the late Shri Upendra Kishore Roy Chowdhury also established himself as an author of that branch of literature. He founded a publisher's firm for the same. Many of his uncles and other members of the family have also contributed in this branch. One of his aunts Shrimati Sukhalata Rao has earned several distinctions for her rich contributions. Shrimati Lila Mazumdar is another member of the family.

Shri Roy is now fully engaged in the hard task of the improvements of cinema techniques and a quality production of new Bengali films. The country is also anxious to see an equal success of the books 'JALSAGHAR' and 'PARAS-PATHAR' to which he is devoted at present.

As an inventive genius Shri Roy's directorship has made an impassioned appeal to the country's cinema fans for ushering in the neo-realistic approach that had flourished in Europe during the post-war days.

RUSSIAN GIRLS IN CITY
PRESENTING UKRANIAN DANCE

Rhythms & Rhymes

ONCE again the city's children witnessed a thirteen-day long C.L.T. festival concluding on the New Year Day at a Chowringhee Road-side open field. The performances drew record crowds on each day. They included the city's important personalities as well as dignitaries.

The Indian Prime Minister, Shri Jawaharlal Nehru, rushed there one day in spite of his crowded programme and spent more than one hour witnessing Jizo, based on a delightful Japanese tale. Shri Nehru did not speak but offered bouquets to the performing artistes who regaled him with dances and music. During Christmas week in one International performance, participated in by children from China, Japan, the U.S.A. and the U.S.S.R. Carol was sung. The Deputy High Commissioner of the U.K. in Calcutta, Lt. Col. Bishop and other Consulates were then in the gallery. The Education Minister of West Bengal, Rai H. N. Chaudhury, placed his appreciation after witnessing MITHUA on the last day of the year. It was a dream tale told in typical tunes. This was admirably staged by the C.L.T. group when midnight events were presented before the children's corner co-ordinated through a novel and delightful music. The City Fathers were also there in one day. Headed by the Deputy Mayor, Shri K. C. Basu, they were delighted to find such rhythms and rhymes.

Among this year's new features SPUTNIK, a C.L.T. skit,—STOLEN WHISKERS—a source of great amusement to the children,—SNOW GIRL—a fairy tale set to music—FLYING CARPET—a performance by Corporation school children and others were of much interest to all. The ever popular group of dancers of Kala-Vikash Kendra, Orissa, gave better renderings this year. Their ODISSI charmed all who had a chance to witness it. AGDOOM BAG DOOM—another C. L. T. new feature was of equal interest to the visitors.

The latest feature was QUARRELLING CARDS. The popular playing cards appeared on the stage in lively forms with brisk movements of dancing. This produced much more amusing feats to the children than others when the cards were engaged to quarrel each other. It was presented by C. L. T. Playwright Club recruited from the Lake School for Girls.

Another new feature which attracted all was the POUS PARBAN—a seasonal dance feature with merriments for having cakes. Sishu Vidya Mandir earned appreciation when it presented the same twice on the stage. National High School's RHYME'S EASY and dance renderings by Mahadevi Birla Sishu Vihar were applauded much. SEASONS presented by the Bethune School and Gita Bitan's RAJASTHANI FOLK also deserved mention.

This year many of the old C. L. T. features like Pt. No. 1, BEGGING MOUSE were not only staged but also repeated during the festival days. They maintained the traditional way by which they had earned laurels in the past. The former is a simple rural story rendered through folk dances and songs while the latter seemed as a cartoon picture when the wild animals appeared in their natural forms. Benji League's A PLAY was also equally appreciated.

A variety of themes and styles were introduced by Lake Terrace Manimela, the Victoria Institution, the Andhra School, Daulatram Nopany School, Avinav Bharati, Sangeet Shyamala, the United Mission Girls' High School, South Suburban Branch School, Birlapur High School, Bethune School, Surabithi, Malayalam Samaj, Gujarat Bala Mandir, K.D.'s School and Diocesan School and others.

Thus the C.L.T. festival has been able to earn a name in this city and elsewhere through its rhythms and rhymes in course of five years. The problem of having a permanent place for the institution is to be solved. It has been gathered that the Corporation would provide a plot of land on Gariahat Road for the city's first garden theatre for children. Plans are ready for constructing a permanent stage and an architect's sketch of the building has been reproduced in the festival number of Rhythms and Rhymes. Now if Madras has been able to have the first Children's Cinema Show, Calcutta's claim may stand for the possession of the first Children's Theatre House.

BENGAL SPORTING CLUB'S ANNIVERSARY

The 39th Annual General Meeting of the BENGAL SPORTING CLUB was celebrated on the 28th December last, with the Deputy Mayor, Shri Keshab Chandra Basu, presiding, at Beadon Row, northern part of the city. The occasion was marked with distribution of prizes and other accompaniments. The function concluded with a musical soiree.

In their speeches both the President and Councillor Mihir Lal Ganguli, who acted as Chief Guest, appreciated the activities of the club which had mainly afforded facilities to the youngsters of that locality for out-door games. They also felt the need for extended activities of the association in providing such facilities.

Earlier, Councillor Sudhir Mukherjee, Secretary, presented his annual report.

"He Came, He Showed, He Conquered"

[BY A SPECIAL CORRESPONDENT]

"Veni, vidi, vici"—this well-known latin maxim is ascribed to Caesar on his victory over Pharnaces—and it means 'I came', 'I saw', 'I conquered'. In the middle of the 20th century, Satyajit Ray, the famous Calcutta born Commercial Artist and the youngest of all Indian Film Directors has wonderfully lived up to this famous latin saying as the title of this special contribution would suggest.

—Editor, C. M. GAZETTE.

EVERSINCE the great news of Rabindranath Tagore's winning the Nobel Prize about half a century ago, the city of Calcutta rose once again to the occasion and greeted with loud cheers the great news, outwitting all other news-items that were flashed across the high seas in recent times, that "APARAJITO", an Indian film made in Bengali from a popular novel by late Shri Bibhutibhusan Banerjee, has bagged the most coveted and premier award—the Golden Lion of St. Mark—at the International Film Festival held in Venice in September last. The director of this film was Satyajit Ray of Calcutta, who was given a Civic Reception the other day by the Mayor of this city.

"Aparajito", a worthy sequel to "Pather-Panchali" which was also filmed earlier under the able direction of Shri Satyajit Ray and subsequently proclaimed as the "best human document" at the International Film Festival held in Cannes in 1956, was shown to a well-selected jury in Venice comprised of the top-notchers in Film Industry, presided over by the famous Continental film director, René Clair and membered by Arthur Knight, an American film critic of repute, Penelope Houston, a well-known film critic of Britain, Ivan Pyriev, a reputed Russian film director, Floris Ammannati, the chief organizer of the Festival and a film director cum critic from Spain.

By annexing the Golden Lion at the Venice festival, "Aparajito" and Satyajit Ray achieved a rare triumph for India. It may be interesting to note that Satyajit Ray's two successive creations of filmic art—"Pather-Panchali" (Ballads of the Road) and "Aparajito" (Unvanquished)—have created a unique record in the history of Indian films by winning two successive awards at the two famous international festivals.

The box-office success of a film in any country participating in an international film festival has had to bow down to art at the Venice festival which opened last year with only ten nations including India "parading fourteen films out of sixty-five initial entries" before the jury who unanimously held "Aparajito" as the only film worthy of being acclaimed as the most artistic approach to realism combined with cinematic purity to which Satyajit Ray once more proved his unflinching and uncompromising loyalty even at the cost of easy box office stunts and frills of top-notch star studded cast and sentimental music-flavour.

The Venice festival is not only the oldest but the most exacting and fastidious of all international film festivals. Here the standard of films to be shown finally before the jury is made too high and rigid. Films picked up for final screening are based solely on their artistic qualities and values and without any regard to national or commercial considerations. "The films", according to the Venice Festival statutes, "should demonstrate a real progress of cinematography as a means of artistic expression."

"Aparajito" was shown on the 8th September, 1957 as the eleventh picture with sub-titles in Italian somewhat misplaced. The print hurriedly made in a Calcutta laboratory and sent to Venice was also not quite upto the mark. Yet the film drew thunderous applause from all sections of the audience numbering well over two thousand guests for its subtle touches and superb artistic approach to the story. All in one voice, hitherto unheard of in any film festival, acclaimed the film as a masterpiece and congratulated its director with tumultuous ovation and receptions. Several press, radio and television interviews with Satyajit Ray were gone through and as its immediate consequence, Shri Ray was desperately committed to make the last part of "Apu's" life in "Aparajito" which the foreign enthusiasts eagerly look forward to in a couple of years' time.

Besides winning the "Golden Lion of St. Mark" in Venice by "Aparajito", the film was also awarded a special "Critics' Award" as the best film by unanimous verdict. A third prize declared for the first time in the history of any international film festival, has also been won by "Aparajito" awarded by the Chief Editor of a famous Italian Film Journal on behalf of his paper and the Italian film trade and enthusiasts. Never before in the long history of the festival, a single entry has won all the three prizes. The award for the best actress which has gone to a Russian star, Miss Zidra Ritemberg, might have gone in favour of Sm. Karuna Banerjee for her excellent portrayal of the character of Apu's mother in "Aparajito" as the Italian audience and the Press went all out in eulogising Shrimati Banerji. All the newspapers in Italy wrote in highest terms paying tribute to the film's director, technicians and artistes particularly to Shrimati Banerjee. With "Aparajito" winning the topmost honour besides two other special prizes in Venice, India creates an unprecedented record of annexing awards for feature films in quick succession in one year.

The bid for top honours in Venice this year is significant for many reasons. Competing films for the Golden Lion were offered by the cream of the world's finest directors from Hollywood, England, Italy, Japan, Russia, France, Spain, Mexico and Germany. The standard of films entered during the last few years in Venice fell far short of minimum and as a result of which no award of the Golden Lion was made to any film. To counteract

(Continued on page 264(b))

VIEWS AND REVIEWS**SHRI M. N. DAS RETIRES**

Shri Manindra Nath Das, B.E., A.M.I.E., A.M.A.S.C.E., Deputy Chief Engineer, has resigned from Corporation services with effect from the 7th January. He has been offered the post of the Chief Engineer, (Civil), National Coal Preservation Corporation, Bihar Districts, under the Government of India. He joined the Corporation on the 1st February, 1956. Before that, he had been Chief Engineer, Projects Section, Mython, under Damodar Valley Corporation. Within this short span he earned a name here. By dint of his amiable and gentle behaviours he gathered this and it would be difficult to fill up the void left with his resignation.

Shri Das acted as Chief Engineer for nearly six months in 1956 during the absence on leave of Shri A. K. Sen, the permanent incumbent and shouldered the responsibilities of that onerous job. He was responsible for many of the improvements in the Conservancy and the Water Supply system in the Corporation. He had formulated a schema for removing the water scarcity in the city.

Wishing him a prosperous life in future a farewell function was arranged by his colleagues and admirers on the day of his departure wherein Shri B. K. Sen, Commissioner, presided. A farewell address was also presented which described the merit, untiring assiduity and clear foresight of the parting man that had enabled him 'to curve a more luminous sphere where he will shine as bright as ever.' Shri Das made a befitting reply.

Shri Sen recalled many of the incidents in which the integrity and farsightedness of the Deputy Chief Engineer were witnessed. Others to speak on the occasion were Councillors Dr. A. P. Das Gupta, and Raj S. N. Mitra, and Shri A. Bhattacharjee, Assessor, Shri S. C. Mukherjee, Executive Engineer,

We also wish him a happy and prosperous career in the future.

WE MOURN THEM

We deeply regret to announce the deaths of two of our ex-Councillors Shri Debjiban Banerjee, and Shri Debendra Nath Das. They were members of the Council Chamber during the thirtys. They had contributed much in the deliberations of the House and their opinions were much valued.

Shri Debjiban Banerjee passed away on the 31st December last, at his residence, Lake Place, South Calcutta. He was not only a pioneer in the Paper Board Industries in the country but also a great patron of national industries. As a social worker his name spread throughout the city. He was 67.

The death of Shri Debendranath Das, ex-M.L.A. of the undivided Bengal Legislative Assembly occurred at his residence, Raja Raj Krishna Street recently. He was 64.

Corporation at its weekly meeting on Friday, the 3rd January last, condoled their deaths and adjourned its sitting for ten minutes as a mark of respect to their memory. Eloquent tributes were also paid by the Mayor, Dr. Triguna Sen, to their memory describing many of their qualities of head and heart.

We also extend our sincerest condolences to the members of the bereaved families.

—“HE CAME, HE SHOWED, HE CONQUERED

(Continued from page 264(a))

such an unfortunate recurrence and awkward position, a Silver Lion was ear-marked which had gone to an Italian film directed by L. Visconti in 1957.

The story was however different in Calcutta when "Aparajito" was premiered in October 1956. Inspite of the film being charged with super excellence in every sphere unseen in any contemporary films produced in India, a certain section of the film-goers indulged in vilifying this masterly creation of Satyajit Ray. Some of the so-called master critics of films had gone all the way to denounce this wonderful film as "smelling more of midnight oil and less of thematic inspiration and completely devoid of the subject matter which was visualised by the book's author." Some were of opinion that "neo-realism in film as experimented by Satyajit Ray in his creations would invariably tend to become a sort of documentary" and "the emotional warmth in Satyajit Ray's films lack miserably."

But the table is turned. Although these uncalled for vilifications had, no doubt, resulted in the film being adjudged as unworthy of a selection for the Annual State or the President's Award, nevertheless, it has had the privilege of winning the world's highest prize after careful observation and assessment by a Board of Jury constituted by the world's most competent figures in the film line.

Those who failed to appreciate "Aparajito" in India appear to have missed the bus rather miserably than could be described. Their limitation in appreciating Satyajit Ray's masterly approach to the subject to render it as a filmic art is mainly due to their ignorance of film technique of world standard and as a result these misleading remarks have deprived this jewel of a director of his legitimate dues. Through his creations, Satyajit Ray has introduced a new film language hitherto unattained by any Indian film and rarely attained in the history of the Cinema.

With this background, "Aparajito" was selected for screening at the Venice festival and Satyajit Ray went all the way to Venice to show his film to the international audience. The film was shown. It conquered the hearts of all who had appreciated the director's handling the film as a visual medium minus too much of dramatic dialogues in order to render a film replete with universal appeal keeping all limitations, geographical, linguistic, cultural etc. aside. Added to this approach of Satyajit Ray in his film "Aparajito", is his loyalty and genuine love for poetic realism combined with cinematic purity. And for these, the film "Aparajito" today stands out as an artistic masterpiece and an outstanding picture in point of artistic imagery and technical brilliance without hampering the thematic values of the story.

To sum up all appreciations and congratulations to Satyajit: let us pronounce once again "Long live Satyajit Ray".

THE CORPORATION at WORK

A GIST OF PROCEEDINGS OF THE TWENTY-NINTH ADJOURNED MEETING OF THE CORPORATION HELD ON FRIDAY, THE 8TH JANUARY, 1958.

CONDOLENCES

At the outset the House condoled the deaths of several important citizens occurred recently. Eloquent tributes were paid to their memory by the Mayor, Dr. Triguna Sen who referred them in the House. There was another condolence motion for the victims of the Ambala Railway accident occurred recently.

The first death mentioned, was Dr. Gopendra Kumar Bose, a rising Oculist who died prematurely at his residence, Raja Dinendra Street, on the 29th December last, as a result of an unfortunate tram car accident. He was a member of the Borough Committee No. 4, for the years 1952-54.

Son of the late Shri Chunilal Bose, the late Dr. Bose was a very popular figure in his locality. His eagerness to be helpful to all and amiability, honesty of purpose and sincerity in work were his outstanding qualities. He was one of the members of the Executive Committees of the Ram Mohan Library, the Athenium Institution and the Ward Congress Committee.

The House also condoled the death of Shri Dharendra Nath Mukherjee, an Advocate of the Calcutta High Court and the eldest son of the Ex-Mayor, Shri Debendra Nath Mukherjee. The death took place recently at his residence, Raja Dinendra Street. He was 46.

The late Shri Mukherjee had been suffering from chronic diabetes. He was connected with some business organizations also.

The House expressed its deep sense of sorrow at their deaths and adjourned its meeting for ten minutes as a mark of respect to their memory. It also extended its condolences to the members of the bereaved families.

DETERIORATED FOOD-STUFFS

Rising on a matter of public importance Councillor Mukur Chandra Sarvadhikari said that few days back nearly 5,000 tons of broken rice had arrived in Calcutta from America. He apprehended that the entire quantity might be mixed up with good quality rice and then sold through fair price shops at the rate of Rs. 21/- a maund. According to Councillor Sarvadhikari this food-stuff was available to India under some American aid arrangement. It had reached the city's port about a fortnight ago in an American Ship, Indian Trader.

He also wanted that Corporation should move the Government in order to stop the practice of mixing up good quality with the worse one so that diseases might be avoided.

BETTER STREET LIGHTING

The House decided on the proposal of several Borough Committees to adopt the procedure of replacing gas lamps by electric lamps while providing street lighting. This was referred to in the

House by the Mayor, Dr. Triguna Sen, while the weekly meeting was in progress. The procedure will take effect on a gradual process.

It may be recalled here that lately there had been much discussion in the House as to the poor gas lighting of city streets causing much inconvenience to the citizens. This had prompted the Borough Committees to recommend such arrangements instead of the existing practice of street lighting by gas lamps. It has further been alleged that the existing supply of gas is of a deteriorated condition.

IRREGULARITIES IN LICENSE DEPARTMENT

Councillor Samar Kumar Rudra pointed out certain irregularities in the working system of the

ACHARYA PRAFULLA CHANDRA ROAD

Calcutta Corporation at its weekly meeting on Friday, the 8th January last, re-named Circular Road as 'Acharya Prafulla Chandra Road'. This came as a result of motions tabled by Councillors J. L. Saha, M.L.C., N. D. Sreemany and R. C. Mitter, and considered at a joint meeting of the Borough Committees Nos. 2, 7 and 8 on the 22nd August last.

The name of Acharya Prafulla Chandra Roy needs no introduction to the citizens.

As a scientist, as a teacher, as a pioneer of national industries and above all as a patriot Acharya Roy occupies a place in the minds of his countrymen. Though born in the district of Khulna, now in East Pakistan, Acharya Roy spent the major part of his life in this city. As a Principal of the 'University Science College on Upper Circular Road, he lived in the College premises for long and breathed his last there on the 16th June, 1948. Thus the re-naming would be a most befitting one.

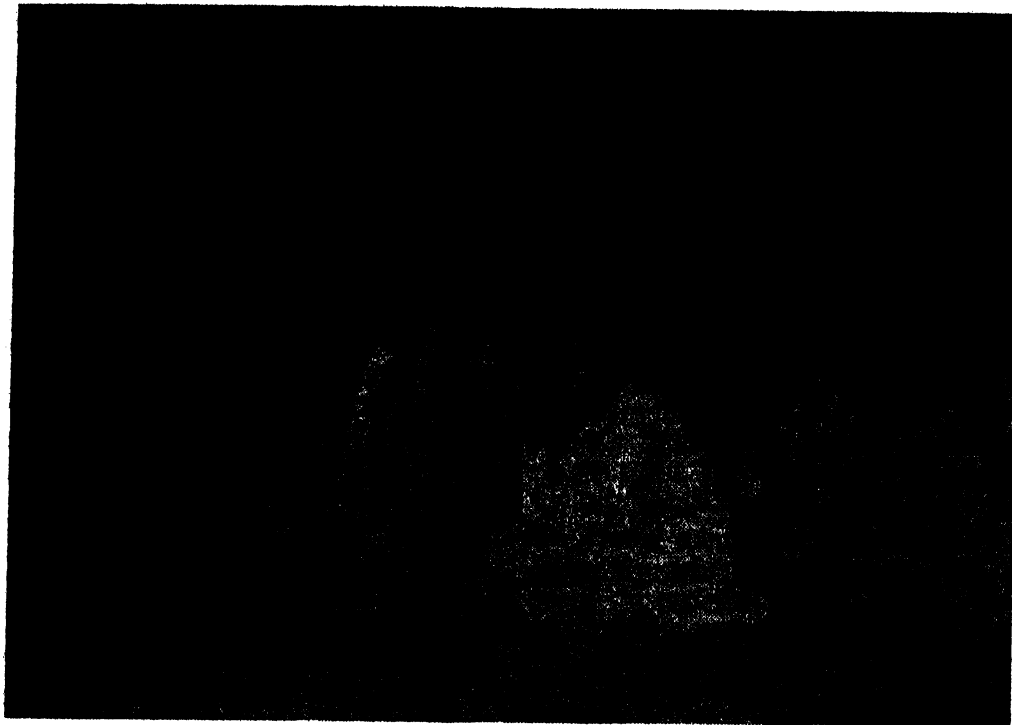

The name of Upper Circular Road has historical back ground behind it. The road once lined the boundary of the city and the original jurisdiction of the Calcutta High Court extended up to this Road.

License Department. According to him an innocent licensee had been put to harassment by the Corporation officials in spite of the fact that he was regular in payment of usual fees and licenses.

It was alleged that the person was charged for non-payment of Purdah Licence which Councillor Rudra thought to be an illegal realization under the existing Act.

Councillor Rudra demanded that there would be an end of such practice of unnecessary harassment. Councillor Satyananda Bhattacharyya also pointed out a similar case.

The Mayor, Dr. Sen agreed to hold an investigation into the matter.

Dr. N. C. Sen Gupta delivering his presidential address (before the mike). Shri Hemendra Prasad Ghosh, Shri Tridib Chowdhury, M.P., Shri Vivekananda Mukherjee and others in the picture.

ALL BENGAL LANGUAGE CONFERENCE

WITH the conclusion of the All India Writers' Conference, a two-day session of the All Bengal Language Conference was held at Mahajati Sadan towards the close of the last month. In a resolution adopted on the occasion it urged the State Government to declare Bengali, the State's Official Language, with a target date fixed for its implementation.

The Conference also demanded that each of the major Indian languages and English be officially recognised as National Languages of India while it rejected the recommendations of the Official Language Commission as "completely unrealistic, harmful to the growth of Indian languages other than Hindi, and destructive to the political unity of India."

The Conference also appointed a Committee of Action with Shri Soumyendranath Tagore as Convener "to take all necessary steps towards realization of the principal aims and objects formulated in the resolution."

On the 26th December last, presiding over the Conference, Dr. Naresh Chandra Sen Gupta, an octogenarian litterateur of Bengal, pleaded for retention of English as a language of inter-communication for State purposes. For communication between different parts of India a 'lingua franca' was needed. "English is, and has been for long time such a lingua franca," he said.

The solution of the language problem, according to Dr. Sen Gupta, the famous jurist lay in encouraging the mother tongue in each region.

Continuing his speech, Dr. Sen Gupta said that it was not enough for a national language to be one through which people might only understand one another. It must also be a lively one capable of expressing and communicating highest thoughts and most complex ideas. An imposed common language would soon break up into different languages in different regions, he also feared.

Shri Tridib Chowdhury, M. P., in his welcome address said that the imposition of a language other than regional languages would adversely affect the rights and interests of an overwhelming majority of the Indian people. It had now become necessary to consider whether English should be recognized as one of the national languages of India or not? Criticizing the "linguistic chauvinism of the protagonists of the so-called official language" Shri Chowdhury said 'that the recommendations of the Language Commission should not be considered final'.

Shri Tarasankar Bandopadhyaya the well-known litterateur, said that if all the 14 regional languages were not given an equal status it would undermine India's unity. Independence would become meaningless. English should continue as the official language as at present. Emphasis should be given on regional languages in the Universities.

Others to address the Conference during these days included Shri Vivekananda Mukherjee, Shri Soumyendra Nath Tagore. Among the writers attending the All-India Writers' Conference, Shri C. B. Rao, Shri M. R. Anand also addressed the Conference.

DELHI MUNICIPAL CORPORATION BILL

The Union territory of Delhi is being governed at present by no less than 12 local authorities and also served by 8 more Ad Hoc bodies. The municipalities of these bodies and their limited powers and functions have not been conducive to the proper growth of local Self-Government as well as the interests of the people concerned.

After the reconstitution of the States on the basis of the report of the States Reorganisation Commission, the Delhi Municipal Corporation Bill was introduced in the Lok Sabha on September 7 last by the Home Minister. The Bill was under consideration of the Joint Select Committee of the Lok Sabha and Rajya Sabha. It has 515 Sections and 18 Schedules.

JURISDICTION :

The proposed Corporation will take over the functions of the following Local Authorities and Ad Hoc Committees:—(1) The Municipal Committee, Delhi, (2) The Notified Area Committee, Civil Station, (3) The Notified Area Committee, Red Fort, (4) The Municipal Committee, Delhi-Shahdara, (5) The Municipal Committee, West Delhi, (6) The Municipal Committee, South Delhi, (7) The Notified Area Committee, Mehrauli, (8) The Notified Area Committee, Najafgarh, (9) The Notified Area Committee, Narela, (10) The District Board, Delhi, (11) The Delhi State Electricity Board, (12) The Delhi Road Transport Authority, and (13) The Delhi Joint Water and Sewage Board.

It will thus have jurisdiction over the whole of the Union territory of Delhi except a part of the present New Delhi and the Delhi Cantonment Board areas, as specified in the First Schedule.

SPECIAL FEATURES

The model is on the lines of the Bombay Municipal Corporation with further enlargement of discretionary functions to provide scope for social welfare activities. The main features are:—(i) jurisdiction over the whole of Delhi including the rural areas excluding a part of New Delhi and the Cantonment Areas, (ii) administration by 80 Councillors elected on adult franchise, (iii) reservation of 12 seats for scheduled castes, (iv) running of commercial undertakings by taking over the existing water and sewage and the State-Electricity Boards and the Road Transport Authority, (v) Statutory Committees to deal with these commercial undertakings and rural areas, (vi) conversion of the Corporation together with an appropriate number from the excluded areas of New Delhi and Delhi Cantonment into an electoral college for election of representatives to the Rajya Sabha, (vii) provision for consultation with the Union Public Service Commission to fill up posts in the higher services, and (viii) provision of allowances for Councillors for attending meetings of the Corporation and the Committees.

MAYOR, DEPUTY MAYOR AND COUNCILLORS

The 80 Councillors are to be chosen by direct election on adult franchise from the different wards

to be constituted by the Central Government having 12 Seats reserved for scheduled castes. A candidate for election must have his name registered as an elector in the electoral roll for a ward. Persons entitled to vote are those entitled to be voters for Lok Sabha election. The term of office of Councillors will be four years.

The Corporation shall have a Mayor and a Deputy Mayor to be elected at the first meeting from amongst the Councillors.

The Mayor may be given facilities in respect of residential accommodation, conveyance and the like. He shall have full access to the records and may obtain, on any matter, reports from the Commissioner, the General Manager (Electricity) and the General Manager (Transport).

MUNICIPAL AUTHORITIES

The Corporation shall have under it the following municipal authorities:—(1) The Standing Committees, (2) The Delhi Electric Supply Committee, (3) The Delhi Transport Committee, (4) The Delhi Water Supply and Sewage Disposal Committee, (5) The Commissioner, (6) The General Manager (Electricity) and (7) The General Manager (Transport).

There shall also be a Rural Areas Committee consisting of the Councillors elected from the wards in rural areas to keep vigilance over the interests and demands of the rural areas and discharge such other functions for the rural areas as may be delegated by the Corporation by a resolution.

Special or Ad Hoc Committees may be constituted by the Corporation for exercising special powers or discharging special functions as may be delegated. Such a Committee shall consist of Councillors only, but an Ad Hoc Committee may with the sanction of the Corporation, co-opt not more than three non-councillors possessing special qualifications or expert knowledge.

OBLIGATORY FUNCTIONS

The Corporation shall make adequate provision for:—Drainage, public latrines and urinals, water supply, scavenging and removal of filth, rubbish etc., road transport, improvement of unhealthy localities, disposal of the dead, registration of births and deaths, vaccination, checking spread of dangerous diseases, hospitals, dispensaries, child welfare centres, markets, slaughter houses, regulation of offensive trades, demolition of dangerous buildings, lighting, watering and cleaning public streets, construction of bridges and culverts, construction and maintenance of roads, naming and numbering of streets and premises, primary education subject to such grants as may be determined by the Central Government, maintenance of municipal offices and other properties.

DISCRETIONARY FUNCTIONS

The Corporation may, at discretion, provide for any of:—Education other than primary, libraries, museums, art galleries, botanical or zoological collections, public parks, gardens, recreation

grounds, planting of trees, survey of buildings and lands, registration of marriages, census, reception of persons of distinction, musical or other entertainment at public places, rest houses, poor houses, infirmaries, children's homes, houses for the deaf, the dumb and the handicapped children, shelters for destitute and disabled persons, cattle pounds, houses for municipal employees, welfare measures for them, chemical or bacteriological laboratories, unfiltered water supply, improvement of the Corporation area according to schemes, housing for inhabitants and any other measure likely to promote public safety, health, convenience or general welfare.

THE STANDING COMMITTEES

It will consist of 12 members elected by the Councillors from among themselves. One half of the number of members shall retire after one year and in each succeeding year six of the members who are longest in office shall retire. But they shall be eligible for re-election. The Committee shall in its first meeting each year elect one member as the Chairman and another as the Deputy Chairman.

OTHER STATUTORY COMMITTEES

The three other statutory Committees, viz., Delhi Electric Supply Committee, the Delhi Transport Committee and the Delhi Water Supply and Sewage Disposal Committee shall each consist of seven members of whom four shall be elected by the Councillors from amongst themselves and the three others shall be experts nominated by the Central Government. As in the Standing Committee one-half of the elected members shall retire after one year and in each succeeding year, two of the persons longest in office shall retire. The retiring persons shall be eligible for re-election. A nominated member shall hold office for such a period as the Central Government may determine and be entitled to receive allowances for attendance at meetings at such rates as may be fixed by rules.

No person shall be elected as a member of more than one Committee at a time. The members of the Committee shall elect a Chairman and Deputy Chairman each year.

THE COMMISSIONER

He shall be appointed by the Central Government for a term of four years subject to renewal of appointment for a term not exceeding two years at a time. The Commissioner is to be removed if, in a special meeting, not less than two-third of the total number of Councillors want such removal. The pay, allowances, facilities of accommodation and conveyance etc. are to be fixed by the Central Government.

The entire executive power of the Corporation, other than that pertaining to the Electric Supply and the Transport undertakings shall vest in the Commissioner who shall prescribe duties of, and exercise supervision and control over all municipal employees and officers except the Municipal Secretary and the Municipal Chief Auditor and the staff subordinate to them.

GENERAL MANAGERS, ELECTRIC SUPPLY AND TRANSPORT UNDERTAKINGS

The Corporation shall appoint a General Manager for each with the approval of the Central Government, for a term of 5 years renewable from time to time for further periods not exceeding five years at a time.

For each undertaking, the entire executive power shall vest in the General Manager and the staff shall be subordinate to him.

THE CORPORATION

It may call for extracts from proceedings of meetings of the Committees and also require the Commissioner to furnish returns, reports, etc., and produce documents as well.

It shall ordinarily hold one meeting every month. One-fifth of the total number of Councillors shall form the quorum. The Mayor or the Deputy Mayor shall preside. The Commissioner or any officer authorised by him may attend, speak or otherwise take part in the proceedings of any meeting of the Corporation or any of the Committees.

Any Councillor may ask the Commissioner any relevant question who in turn, may require the General Manager (Electricity) or the General Manager (Transport) to furnish reply and information without any unreasonable delay.

MUNICIPAL OFFICERS

The Corporation shall appoint the Chief Engineer (Water Supply), the Municipal Engineer, the Municipal Health Officer, the Education Officer, the Municipal Chief Accountant, the Municipal Secretary and the Municipal Chief Auditor and may appoint one or more Deputy Commissioners and such other officers as necessary. The Municipal Chief Auditor is to be appointed with the previous approval of the Government and every other appointments except that of the Municipal Chief Accountant and the Municipal Secretary, shall be subject to confirmation by the Government.

The Delhi Electric Supply Committee, the Delhi Transport Committee or the Sewage Disposal Committee as the case may be, shall make appointment of officers to posts carrying a minimum monthly salary of Rs. 500 or more. The General Manager concerned or the Commissioners shall make appointment to posts carrying a monthly salary of less than Rs. 500. While the Standing Committee shall make all appointments to posts under the Municipal Secretary and the Municipal Chief Auditor. All other officers and employees shall be appointed by the Corporation.

But no appointment to any post carrying a minimum monthly salary of more than Rs. 850 shall be made except in consultation with the Union Public Service Commission.

MUNICIPAL FUND

Municipal Funds shall have four accounts General, Electric Supply, Transport, and Water Supply and Sewage Disposal.

Before the 31st March of every year, a separate budget estimate under each of the above four heads for the following year shall be adopted by the Corporation.

On or before February 15, the Corporation shall determine the rates of municipal taxes, rates, cesses and other levies for the following year.

TAXATION AND APPEAL

The following taxes shall be levied:—

(1) Property tax—consisting of water tax, scavenging tax, fire tax and general tax. For urban areas, the latter shall not be less than 10 per cent. or more than 20 per cent of the rateable value. But no tax on the properties of the Union Government.

(2) Tax on vehicles and animal—at rates not exceeding those to be specified in the Schedules.

(3) Theatre tax—as in (2).

(4) Tax on advertisement other than those in newspapers—as in (2).

(5) Duty on transfer of property not exceeding five per cent.

(6) Tax on building applications not exceeding the rates specified in the Schedule.

The Corporation may levy any of the following taxes:—

(a) Education cess.

(b) Local rate on land revenue.

(c) Tax on professions, trades, calling and employment.

(d) Tax on consumption or sale of electricity.

(e) Betterment tax for increase in land value caused by improvement work.

(f) Tax on boats, and

(g) Tolls.

An appeal against the levy or assessment of any tax shall lie before the District Judge of Delhi.

In addition to the above, the Corporation shall have the following other sources of revenue:—

(1) Terminal tax on goods levied on all goods carried by road or Railway into the Union territory of Delhi from any place outside at rates specified in the schedule. This is to be collected by the Central Government and the balance after deducting the cost of collection shall be distributed equitably among the local authorities within the Union territory by the Central Government.

(2) Motor vehicles tax to be collected by the Central Government and then made over after deducting the cost of collection.

(3) Entertainment and betting taxes as in (2).

NEW HIGH COURT JUDGES

New judges in Calcutta High Court have been appointed recently. Shri U. C. Law, Barrister, replaced Mr. Justice S. R. Das Gupta who has been appointed Chief Justice of Mysore. Shri Sankar Prosad Mitra, Barrister, Shri Binayak Banerjee, Advocate, Shri A. N. Roy, Barrister and Shri B. K. Bhattacharyya, a retired District Judge, will be Additional Judges for two years.

The number of judges in Calcutta High Court will now total 24. Appointment of temporary Additional Judges is primarily intended to help clear arrears of cases.

OBLIGATIONS:

The Corporation shall be bound to supply to the New Delhi Municipal Committee and the Delhi Cantonment area, water in bulk on payment of cost. It shall also be bound to receive from the New Delhi Municipal Committee all sewage delivered and dispose of the same against actual cost of disposal.

The Corporation shall be duty bound to provide an efficient, adequate, economical and properly co-ordinate road transport service for passengers and goods running the same on business lines.

GOVERNMENT CONTROL:

The Central Government may at any time, require the Commissioner to produce any document, plan, estimate or statement, etc. and may depute any person to make an inspection. It may also issue directions to the Corporation for proper discharge of its functions or in relation to the Electric Supply, Transport and Sewage Disposal Undertakings, or in regard to primary education.

The Corporation is bound to submit to the Central Government at the early part of any year, the annual administration report for previous year.

If in the opinion of the Central Government, the Corporation is found to be incompetent to perform or persistently makes difficult in the performance of its duties and obligations, or abuses its powers, the Government may declare the Corporation to be incompetent or in default or to have exceeded or abused its powers and supersede the Councillors for a period to be specified in the order. But before making any such order of supersession, a reasonable opportunity shall be given to the Corporation to show cause why such order of supersession should not be made. Also as soon as possible after the supersession, a general election shall be held for reconstituting the Corporation.

—West Bengal Municipal Gazette, November, 1957.

Letters to the Editor

BRAVO, CITY FATHERS

To THE EDITOR, "CALCUTTA MUNICIPAL GAZETTE,"

Dear Sir,—Words are likely to fail to give proper expression to the feeling of joy with which the inhabitants of this great metropolis must have hailed the proposed amendment of the age-old corroded system of franchise that is being allowed by the Corporation in its election. Thanks to the City Fathers who are reported to have adopted a resolution to put an end to this system and to replace the limited franchise by an introduction of adult suffrage to be effective from the next general election of the Corporation to be held in 1961.

For obvious reasons, the system of limited franchise, that is now in vogue, permits merely a fractional part of the vast populace residing in this city of Calcutta to enjoy the rights and privileges to vote in the elections of the Local Bodies since voting eligibility is based on property criterion and minimum educational qualifications of a Matriculate. The number of even such voters should have been many more if the authorities had taken proper care to implement the system of limited franchise on a scientific basis. It is a matter of regret that the Corporation in its post-independent set-up failed to prepare correct Electoral Rolls even being guided by able officers with adequate experiences and involving larger expenditures than that of in good old days when more correct Electoral Rolls were possible only at the cost of one-third of the present day expenditure. But in any case, the system of limited franchise is certainly opposed to the principles of Democracy to which the Indian Constitution has pledged itself to. In the context of vast changes being wrought in almost all the spheres and outlook, it is, therefore, a happy augury that the city-dwellers are shortly going to enjoy the benefits of adult franchise which would lead to the growth and development of a better civic consciousness and administration as well.

But to ensure proper implementation of adult franchise, a separate and most competent machinery manned by people of experience and foresight has to be set up in the place of present Election Department which is sure to fail to work in the wider perspective for its apparent inability to withstand the impact of modern times and the changes that the world has brought into every sphere. To minimise relevant and initial costs of

THREATS OF FLU EPIDEMIC

As Calcutta and the municipalities of Dum Dum and South Dum Dum are threatened with an outbreak of influenza as an epidemic disease, Government have prescribed temporary regulations for the prevention and control of influenza and for the medical inspection, isolation, observation and surveillance of persons suffering from or suspected to be infected with, influenza in Calcutta and the said municipalities for a period of three months with effect from December 2.

preparation of electoral rolls, the Government Electoral Rolls could be conveniently and profitably utilized and thereby the Corporation would save its money to a large extent. Precautions should, therefore, be taken in every detail to minimise, if not a total stoppage is possible, unnecessary waste of good money in the name of adult franchise when implementing this modern method of election and ushering in of a new era in the city administration for the citizens, of the citizens and by the citizens. —Yours faithfully,

A. K. MITRA,

27-H, Simla Road, Calcutta—6.
The 10th December, 1957.

INSECURED SCHOOL BUILDINGS

To THE EDITOR "CALCUTTA MUNICIPAL GAZETTE."

Dear Sir,—I regret to state that the Corporation has not taken proper steps for the safety of about 800 school children, who are reading in the Corporation Primary School situated at a dilapidated building at No. 17, Dehi Serampore Road.

The information was brought to the notice of the Corporation officials earlier but nothing appears to have been done during the period.

May we not appeal to the Mayor of Calcutta and the Chairman of the Standing Education Committee to inspect the said insanitary building and to take immediate action for the sake of the health and safety of the school children.—Yours faithfully,

AMULYA DHAN DUTTA.

"DUTTABARI"

108, Ananda Palit Road,
Calcutta-14.

The 12th December, 1957.

RE: PUBLIC TELEPHONE IN THE CORPORATION

To THE EDITOR, "CALCUTTA MUNICIPAL GAZETTE,"

Dear Sir,—Public Telephones are now being installed in every place deemed essential. In most of the public utility organisations Public Telephones are being maintained meant for general public and its staff and charges made for such are also very nominal. Calcutta Corporation comes under this purview. It is desirable that a Public Telephone may be installed in a suitable place in the Central Office. Attention of the City Fathers is drawn to the long-felt want. Rate-payers will be much benefitted who frequently need the services of Public Telephones when they attend the office. —Yours, etc.

MURARI MOHAN DAS,

Calcutta,
20th December, 1957.

Food Supply Department,
Calcutta Corporation.

S. C. ROY RE-APPOINTED AS SHERIFF

Shri S. C. Roy, Sheriff of Calcutta, has been re-appointed to the office for a second term of one year. Such re-appointment for a successive second term happened only once in the case of the late James Young since the institution of the office in 1775. A well-known industrialist, Shri Roy is a member of the Senate and the Syndicate of Calcutta University.

CITY-NEWS-PARADE

OBITUARY: The death of Shri Durgacharan Ghosal, News Editor of the weekly "Basumati," occurred recently at his village residence in Hooghly district, after a brief illness.

The late Ghosal, who spent nearly 45 years in journalism, had started his career during Swadeshi days. He also served the daily "Basumati" for about 20 years as its News Editor and later rejoined "Basumati". He was a member of the Indian Journalists' Association.

BURMA'S INDEPENDENCE ANNIVERSARY was celebrated by the Burmese nationals in this city at a function held at the Consulate-General on Saturday, the 4th January last. A large number of people attended the function which began with the hoisting of the Burmese flag by the Consul-General U Ba Set followed by flag salutation. Two minutes silence was then observed as a mark of respect to the memory of Aung Sang and other leaders.

In a brief speech, U Ba Set stressed the need for cultivating the "spirit of amity and friendship among ourselves." He asked everyone to join him in praying for peace and prosperity in all parts of Burma and for peace throughout the world. Asking the Burmese community in Calcutta to further strengthen the friendship and cordial relations between their country and India, the Consul-General said that pilgrims from Burma had a particular role to play in this respect: they had the best opportunity to serve their country by acting as envoys of goodwill and culture to India.

The Independence Day Pledge was re-iterated and the Burmese National Anthem was sung.

A Reception was also held in the evening wherein important citizens and foreign Consular representatives attended.

ALL-INDIA ADULT EDUCATION CONFERENCE held its two-day session at the University Institute Hall, towards the close of the last month. The conference was attended by about 62 delegates from all over the country. It was organized by the Indian Adult Education Association.

Dr. Kali Das Nag inaugurated the conference and opened an exhibition which displayed charts and books on adult education contributed by different States including West Bengal.

The Rev. B. C. Mukherjee, Secretary, West Bengal Adult Education Association, who presided, said that there was lack of co-ordination among departments and organizations furthering the cause of social education. He also felt that until an all embracing organization made an all-out effort to remove ignorance, superstition, evil practices and illiteracy, the future did not appear to be bright.

Dr. S. R. Ranganathan, Shri N. D. Godbole, Shri Ranjit M. Chetsingh, Vice-President, India Adult Education Association, and several others took part in the symposium on "Human Values" which was held later on.

WEST BENGAL PRADESH CONGRESS COMMITTEE re-elected Shri Atulya Ghosh, M.P., unanimously as its President for the fourth term at a meeting held recently. Shri Bijoy Singh Nahar, a Calcutta M.L.A., was re-elected General Secretary.

Among the Vice-Presidents elected were: Dr. Jiban Ratan Dhar, a former State Minister, Shrimati Labanya Prova Dutta, M.L.C., and others. Shri Ajoy Kumar Mukherjee, Minister for Irrigation, became Treasurer.

The 21-member Executive Committee included the State Chief Minister, Dr. B. C. Roy, Shri P. C. Sen and Shri Kalipada Mookerjee, Minister Shri Smarajit Banerjee, Shri Rabindra Nath Sikdar, Shri Santi Gopal Sen, Shri Maharaja Das, Mr. Theodore Manean, Shri Bhabani Prasanna Taluk-

dar, Shri Hansdhvaj Dhara, Shri Satyanaran Misra, Shri Biswanath Mukherjee, M.L.C., a former Alderman, Shri Biswanath Roy and others.

Addressing the workers Shri Ghosh said that their activities should be expanded among women and the working class. Refugee rehabilitation, he said, was the major problem before West Bengal. The State's economy would be shaken if they were not properly rehabilitated. It may be recalled here that Shri Atulya Ghosh is the President of the Congress Municipal Association. Shri Sankardas Banerjee, Speaker, presided.

WISHING A HAPPY AND PROSPEROUS NEW YEAR the day dawned on Wednesday, along with the advent of the year 1958. Just at midnight on Tuesday, Church bells rang, ships and engines whistled extending greetings to all. This was ringing in of the new and ringing out of the old year.

To mark the new year there was not too much gaiety and pomp in contrast with the previous years. Still a few hotels, restaurants and shopping centres took a colourful look. Because of the holidays both on the year-ending and New Year's Day thousands crowded on all places of interest. A large number with picnic boxes went to Botanic while youngsters flocked at the Alipore Zoo.

Earlier the Nativity of Christ, the most important of the Christmas celebrations, was remembered by the Christian world by way of attending the special services in city churches on the auspicious day.

Fervently and devotionally Christians came to attend the Special Services on that day. At St. Paul's Cathedral of the city the elite congregated; the morose Entally Church also was a similar place of pilgrimage.

THE WORLD OF BOOKS

VIDYASAGAR (in Bengali) By: Shri Moni Bagchee; Published by Presidency Library, 15, College Square, Calcutta. Price Rs. 7/-.

The new biography about Pundit Iswar Chandra Vidyasagar, the greatest son of modern Bengal, is not only the life story of Vidyasagar, but it is an interpretation of his life. The writer, Shri Moni Bagchee, is one of the front rank writers of biographical literature and some of his well known works include lives of Vivekananda, Shri Aurobindo, Subhas Chandra, Sister Nivedita and Gautam Buddha. In the book under review Shri Bagchee seems to have attained a new height. He has collected a mass of relevant materials regarding the social and cultural history of Bengal in the age of Vidyasagar. What emanates from his research and scholarship is the picture of Iswar Chandra Vidyasagar as not only a modern man, but also a prophet of renaissance India.

In 28 well-knit Chapters, the author has told the entire story of Vidyasagar's long life against historical background and the roles he performed in the spheres of education, social reform and literature have been discussed with great critical insight. The book has the quality of racy narrative and the authority of a scholar who understands his subject and the period; yet nowhere has the author sacrificed his critical acumen. The collection of tributes paid to Vidyasagar by most of the eminent persons of Bengal is really valuable and the appendices are equally important. There are twenty documentary pictures relating to the life of Vidyasagar, some of these pictures being secured through the courtesy of the "Calcutta Municipal Gazette". Public Relation Department of the Corporation first organised an exhibition about Vidyasagar, at the Municipal Museum a couple of years ago. A wide circulation of the book, rich in scholastic materials, would be much appreciated.

CORPORATION NOTICES

To Contractors

Tenders are invited in duplicate for the following and will be received by the 2nd Deputy Commissioner on the date noted for each, up to 12 noon. Each tender in duplicate must be enclosed in sealed cover and superscribed "Tender for.....". For specification and tender forms apply to the Keeper of Records. Price Rs. 4/- per set.

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Black arm badges with White numbers from Nos. 1 to 350.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Re. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

CORPORATION OF CALCUTTA.

Republication of the Final Electoral Rolls (after revision for the year 1957-58) of the constituencies (Nos. 1 to 80) of the Corporation of Calcutta.

NOTICE.

In compliance with sub-section (5) of Section 52 of the Calcutta Municipal Act, 1951. (West Bengal Act XXXIII of 1951), as amended, and in compliance with Rule 30(1) of the Calcutta Municipal Electoral (Preparation and Publication and Revision and Republication of Electoral Rolls) Rules, 1952, made thereunder, the electoral rolls of all the constituencies (Nos. 1 to 80) of the Corporation of Calcutta have been revised in the year 1957-58 and the Final Electoral Rolls after revision are republished this day, the 15th January, 1958, at the places specified below for public inspection.

A complete copy of the electoral roll for each of the constituencies can be inspected at the office of the Registering Authority, Election Department, Central Municipal Office, Calcutta, during office hours and copies of such roll are available for purchase from the Records Department at the Central Municipal Office. The price of the electoral roll for a constituency is As. 2 only per page subject to a maximum price of Rs. 5 per roll.

CENTRAL MUNICIPAL OFFICE,
Election Department,
The 15th January, 1958.

P. BHAUMIK,
Registering Authority

Calcutta's Welcome to Czech Premier

Friendship Strengthened Through A Civic Reception

MARKED with enthusiasm and exuberance Citizens of Calcutta once again welcomed HIS EXCELLENCY MR. VILIAM SIROKY, Prime Minister of Czechoslovakia. Mr. Siroky reached the city on the 13th January on a four day visit of this city.

The Calcutta visit of Mr. Siroky was distinguished by a Civic Reception accorded to him by the Corporation of Calcutta on Wednesday, the 15th January. In recent times, the Corporation has accorded a number of Civic Receptions to eminent visitors and citizens but none in grandeur and greatness, may be compared to the function held in honour of the Prime Minister of Czechoslovakia.

Probably this was the first occasion when a Civic Address was presented in the State's own language, *Bengali*, to an honoured guest visiting the city from foreign country. Another thing which received appreciation, was the Premier's reply, made audible to the citizens when it was translated into flawless Bengali by a Czech student studying in Santi Niketan. Other features characterized the occasion included the garlanding of Mr. Siroky by the Mayor and holding of a Tea Party in his honour at the conclusion in the Councillors' Club Room.

The function was held in that Council Chamber where historic utterances were made by the great leaders of India in the past. Almost in the same tune the Czech Prime Minister uttered a note of warning about the recent developments of world situation. He said:

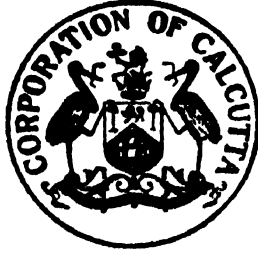

"We must not permit this threat to hang like a sword of Democles over the heads of peace-loving nations. We have sufficient strength to achieve the convening of an international conference on the highest level which would make possible the termination of the cold war, prohibition of production and use of atomic and hydrogen weapons and which would achieve disarmament."

To mark the occasion the National Flags of both the countries were flown behind the Mayoral dais. The Chamber wore a gay look being decked with flowers and foliage. The portraits of great past were lined with flowers.

A distinguished gathering, packed to the Chamber's capacity, attended the function. Besides the members of the Prime Minister's party several members of Consular staff including the Czech Trade Commissioner in the city Mr. J. Kopeckv, there were the Speaker of the State Assembly, Shri Sankardas Banerjee, the Ex-Mayor, Shri Santosh Kumar Basu, M.P., Shri Siddhartha Sanker Roy, Minister, Shri Jagannath Koley, Deputy Minister, Lady Ranu Mukherjee, Shrimati Sujata Debi, Shri Hemendra Prasad Ghosh, and other important citizens. The Deputy Mayor Shri K. C. Basu, a large number of Aldermen and Councillors and Corporation officials watched the function.

The Address was presented inside a silvery casket fitted with ivory. The design of a typical rural Bengal scene, artistically executed in colour on a piece of mat, of a bullock cart wending its way through a village road, was also presented to the Prime Minister along with the Civic Address.

The Address paid glowing tribute to the achievements of the Czechoslovak people for the economic and cultural development of their country under the leadership of Prime Minister Siroky. Recalling that Czechoslovakia and India were united in a common bond of peace, welfare and fraternity, the address pointed out that both the countries were determined to pursue their endeavour to use scientific knowledge of mankind so that this world, full of mud and dust, could be converted into a land of high promises, in an ideal set-up.

মাননীয় চোকোমোভাক প্রধান মন্ত্রী—

শ্রীযুক্ত ভিলিয়াম সিরোকী মহোদয়—

স্বাগত হে মহান্ অতিথি—

আমাদের সুপ্রাচীন ঐতিহ্যমণ্ডিত বঙ্গভূমির এই মহানগরীতে। এই মহানগরী বাংলার শিক্ষা ও সংস্কৃতির প্রাণকেন্দ্র, ভারতের নব জাতীয়তা ও নবজীবনের উদ্বোধন এই মহানগরীতে। বাংলার মানবতাবাদ ও জাতীয় সংস্কৃতির নবজাগরণই ভারতের ভাবধারার উৎস।

বিদ্রোহে ও বিপ্লবে, সংগ্রামে ও অভিযানে বাঙালী অগ্রগামী। সাহিত্যে, সঙ্গীতে, কাব্যকলায়, শিল্পে, সাধারণ মানুষের জয়গানে—নির্যাতিত ও লাঞ্ছনার বিরুদ্ধে মুখরিত বাংলার লেখনী। আন্তর্জাতীয়তার নূতন তীর্থ ভাণীরাথী তীরে এই মহানগরী—নূতন সমাজ ও সংস্কৃতির অন্যতম দৃশ্যনৈতাকে অভিব্যক্তি করে।

পরম সম্মানীয় অতিথি—

বিশ্বশ্রাঙ্গির ইতিহাসে ভারতের অমর অবদান পঞ্চশীল। এই মহৎ আদর্শে আমরা উভয়ে সম অংশীদার। ফ্যাসিস্ট অভিযানে বিধ্বস্ত চেকোশ্লোভাকিয়া আজ তোমার নেতৃত্বে নূতন কর্মধারায় ও জাতীয় পুনর্গঠনের প্রেরণায় উদ্বুদ্ধ। বিরাট অর্থ নৈতিক পরিকল্পনা তোমার প্রচেষ্টায় সার্থক রূপায়িত।

হে মহান্ বন্ধু—

আমাদের দুই দেশ অর্থ নৈতিক ও সাংস্কৃতিক বন্ধনে আবদ্ধ। বিশ্বশ্রাঙ্গি ও মানুষের কল্যাণসাধন রূপে আমরা সহযাত্রী। বৈজ্ঞানিক অবদানকে মানব-কল্যাণে নিয়োগের প্রচেষ্টায় এই ধূলার ধরণীকে স্বপ্নপূরী রচনায় আমাদের দুই দেশ কৃতসংকল্প। শ্রাঙ্গি, কল্যাণ ও মৈত্রীর বন্ধনে আবদ্ধ ভারত ও চেকোশ্লোভাকিয়া।

তোমার আগমনে গর্ব ও গৌরব-ধন্য এই মহানগরী।

ভারত ও চেকোশ্লোভাক মৈত্রী দীর্ঘজীবী হউক।

বন্দে মাতরম।

**AN ADDRESS OF WELCOME TO HIS EXCELLENCY, THE PRIME MINISTER
OF CZECHOSLOVAKIA, MR. VILIAM SIROKY**

**A THOUSAND WELCOME TO THIS FABLED AND HISTORIC METROPOLIS OF
BENGAL:**

Calcutta, as you may be aware, is the heart and centre of Bengal's educational and cultural life. Not only that. It was in this vast and sprawling eastern city of the Indian Sub-continent where the torch of India's political consciousness and militant resurgence was first lit. It is a widely recognised fact that the massive flow of liberal humanism, impelled in its turn by the wonderful cultural renaissance of Bengal in the last century has contributed in an abundant measure and given tone, colour and shape to India's early political aspirations leading up in stages to her proud achievement of independence. Bengal has led the revolution in India. Bengal and her people have always been at the vanguard of all national movements geared to the objective of throwing down the shackles of imperialist domination. Through her music and literature, her arts and popular verse, Bengal has always sung the song of the common man and has given experience to the many ills and torments she is subject to. It is, therefore, in the fitness of things that this great and massive temple of internationalism on the bank of the Ganges this great city should extend its hand of welcome and warm, aiding friendship to the respected leader and emancipator of another great and distant nation across the seas.

GREAT AND THRICE-HONOURED GUEST

India's enduring contribution to the cause of world peace in recent times has been her all-embracing doctrine of Panch-shilla, a doctrine and a code of international conduct which is shared and treasured alike by both of our countries and by all who cherish peace and upliftment of humanity.

Your magnificent leadership and selfless spirit of sacrifice have inspired a new Czechoslovakia rising, proud and purified, from the ashes of the Fascist holocaust and fast approaching the optimum point of economic regeneration.

PEERLESS FRIEND

Czechoslovakia and India are already tied by intimate bonds of culture as well as of commerce. We march together arm-in-arm towards the common goal of total world peace and human welfare. Both of our two countries are determined to bend the resources which the ever-expanding horizons of science have placed at our disposal, towards service to humanity. We stand united in our quest for peace, human well-being and friendship among nations of the world.

This great City of Calcutta is honoured and proud to welcome Your Excellency within its precincts.

LONG LIVE INDIA-CZECHOSLOVAK COMRADESHIP

BANDE MATARAM

SHRI TRIGUNA SEN,

Mayor of Calcutta,

On behalf of the Citizens of Calcutta,
Aldermen and Councillors,
CALCUTTA CORPORATION.

[From left:] Mr. V. Siroky (on the mike), The Mayor, Dr. T. Sen, the Commissioner, Shri B. K. Sen. Sitting below: The Secretary, Shri B. Ghosh.

Heritage of Czechoslovak-Indian Friendship To Be Developed

MR. MAYOR, ALDERMEN, COUNCILLORS AND CITIZENS:

I thank you most cordially for your warm and touching welcome. I should like to thank all the citizens of your country, men and women of Calcutta, for the friendly reception and manifestation of sincere friendship. I thank you for your great appreciation for the work and achievement of Czechoslovak people in economy and cultural development of their country.

WE were sincerely happy to accept the invitation to visit your city. Calcutta is a great metropolis, a centre of Indian and world trade, and an important cultural centre rich with historic monuments, a city famous for its scientific and educational institutions.

WE are happy to convey our warm fraternal greetings of Czechoslovakia to your people who have shown great bravery in the glorious struggle for their national freedom and independence.

THE name of your city Calcutta, and of Bengal, in general, is related in mind of Czechoslovakia with the memory of one of the great sons of India, the poet and thinker—Tagore. One of our scholars, Academician Prof. Lesny was his good friend. The popularity Tagore enjoys over people is demonstrated by large editions of almost all his books in Czech.

THE people recall with affection Rabindranath Tagore who at the difficult times of the Munich Dictate, stood on the side of the Czechs and bitterly denounced the treachery of the then allies.

THE heritage of the great thinker is also a heritage of Czechoslovak-Indian friendship—with which we are proud of—which we shall continue to develop.

IN your city we have been given the opportunity of visiting the Tropical School of Medicine and the Cancer Institute. We have seen with what attention India is devoting to fight against the horrible diseases which still destroy valuable human lives. Appreciating the patient effort of scientists and doctors to save the most precious thing we have—the human life—we repeatedly recall the extreme urgency of the task to eliminate the most terrible threat the mankind is facing, the threat of Atomic War. We must not permit this threat to hang like a sword of Democles over the heads of peace-loving nations. We have sufficient strength to achieve the convening of an International Conference on the highest level which would be possible for the termination of the cold war, the prohibition of the production and use of atomic and hydrogen weapons, which would achieve the disarmament.

WE are convinced that if the nations of India-Czechoslovakia and all the people of goodwill throughout the world stressed on and determine in this their endeavour, peace and five principles of co-existence shall prevail.

LONG LIVE THE FRIENDSHIP OF THE PEOPLES OF CZECHOSLOVAKIA AND INDIA.

LET THE GREAT ENDEAVOUR OF THE NATIONS FOR PEACE IN THE WORLD PREVAIL.

VIEWS & REVIEWS

MAYOR'S EFFORTS TO ERADICATE EVILS

The New Year has dawned in the Corporation with almost all the problems of 1957. These have reached out into 1958 'without any lessening of tension and stress'. And some of them are 'arrogant to boot'. It is difficult to utter at this moment how the future shape of things would come out. Still some thing has been witnessed which might change the direction of the streams of activities.

At the weekly meeting of the Corporation on Friday, the 10th January last, the Mayor, Dr. Triguna Sen, through a statement tried to reach at the roots of many evils. The Mayor said:—

"The angle of vision of the administration must, therefore, be radically changed. The administration should be decentralized for the sake of efficiency. The Municipal Act requires to be amended accordingly and the Government should do that. It will be necessary to decentralize all Corporation activities to different Boroughs, which will look after their respective activities in liaison with the citizens' committees of their Wards."

Recently, the Mayor went round the Wards looking into the matters himself. He came across a few irregularities when he had been to a Ward Office in incognito.

The Mayor said in that meeting that after he had heard a lot about the grievances of the Corporation mazdoors and sweepers as to how they were harassed by their superiors in the Conservancy Department, the malpractices in the Health and License Departments, particularly in the Food and Sanitary section, and how people were harassed in the Building Department. He felt impelled to make first-hand inquiries and to get confirmation or otherwise of these malpractices which he had found difficult to believe.

"What is more important is to think seriously to unearth the reason for these corrupt practices and to evolve ways and means to eradicate these evils and to cleanse this institution morally," added Dr. Sen while tracing reason for this state of affairs.

The conditions of service of the Corporation employees must be such as to develop in them a sense of belonging to the institution. The Corporation should adopt a three year plan to provide cheap accommodation for its loyal and efficient employees. Arrangements should be made for free medical aid to their families and for educational facilities for their children. It was also not difficult, the Mayor added, even to arrange for financial help for the marriage of their wards.

Dr. Sen also suggested that improvement of employees' service conditions might lead to a better condition. According to him this would help much to raise the integrity and morale of the employees.

As arranged, the Corporation at a special meeting on Thursday, the 16th January authorized the Mayor, Dr. T. Sen, to form a Special Committee to go into the institution's working in details as well

as to suggest ways and means for their improvements as well as to eradicate corruption. Outside experts would also be included in that Committee. Earlier the Mayor made a statement in this regard.

About nine speakers including the Commissioner, Shri B. K. Sen, took part in that day's prolonged discussion. All the elected members wanted a larger amount of powers in their hands by amending the existing Municipal Act in order to effect better services. Decentralization of administration was another suggestion. The Commissioner suggested to introduce a few methods to improve the administrative machinery.

EPIDEMIC CONTROL

In spite of an inclement climate favouring the growth of epidemic diseases Calcutta's mortality figures from the same have been kept under control. Cholera was responsible for a single death during the week ended the 11th January last. Attacks from the same disease were three only. During a previous week there were four attacks and three deaths.

Small-pox accounted for eight attacks and seven deaths during the last week while the number of attacks and deaths from the same was six each. It may be recalled here that during a corresponding period last year there were 37 attacks and 30 deaths from the same.

Although Corporation's move to fight out the epidemic diseases was started at a late period still the campaign was most intensive one. Since the Corporation adopted an epidemic control scheme the work was entrusted to a Special Officer appointed for the purpose. Acquainting the House about the progress of epidemic control, Councillor Dr. Sukhabehari Mukherji, Chairman, Standing Health Committee, stated in the weekly meeting of the Corporation on the 10th January last, that the Vaccination Staff under the scheme had been able to vaccinate about 10.29 lakh citizens during the period from the 4th November 1957 to 4th January, 1958. The number, according to him, during last year was about 7.66 lakhs. The period extended then from the 1st September, 1956 to the 5th January, 1957. Besides, about 1.40 lakhs of citizens were vaccinated during the last week. The total number of inoculations against cholera and such diseases has been touched near about ten thousands. Thus it can be said that the progress in this regard is, no doubt, satisfactory.

In that weekly meeting reference was also made by Councillor Subrata Kumar Sen Sarma about the retention of Bustee Cleansing Gang whose services were also included in that scheme, for a further period. He opposed against the existing practice of retention of such staff in piecemeal system.

The Mayor is anxious to have the vaccination work done within the first three months of each year. He has also approached the Medical Coll

Students' Unions to help the institution in the drive.

In this connection it is worth-noting that research work conducted in medical colleges, has established that cholera prevails in this city throughout the year. Perspiration, exhaustion and several other physical factors cause greater susceptibility to cholera infection during the summer when the disease generally breaks out in epidemic form.

Examination has further led experts not to think of drinking water as responsible for the spread of the disease during the summer. A cholera expert having intensive research work to the subject for the last 10 years, said that the authorities in charge of public health did not seem to be serious about measures to fight the "classical scourge of Calcutta". There had so far been no systematic study of cholera, its causes and remedies to evolve an effective vaccine. Thus the virulence of cholera and its spread in the summer months are thought to be due to peculiar pathological factors which render people less capable of resisting infection.

In the circumstances, Public Health measures in the inter-epidemic period would be more effective. And for that during the winter, when the number of cholera cases is small, infected people should be isolated and their contacts who carried the infection, be detained if necessary by legislation.

REGULARIZATION OF TOLLYGUNGE AREA

In course of a statement in the House when the weekly Corporation meeting was in progress on the 8rd January last, the Mayor, Dr. Triguna Sen, pointed out certain irregularities that had cropped up in the sphere of assessment of holdings in the Tollygunge area. According to the records it had been found that many hutments of the Refugee Colonies had not been included in the valuation list at the time of last general revision of assessment by the Tollygunge Administrator. A general revaluation of assessment of that area was under preparation by the Corporation which would surely include the refugee hutments properly assessed. On its completion one-half of the Consolidated Rate, would be payable by the owners and the other half by the occupiers from April next. So far as the refugee hutments were

concerned, the refugee occupiers would clearly be liable for the payment of their share. As regards the owners' shares, it had been contended on behalf of the refugees, that they had not yet become the owners of the lands so the owners' shares of the Rate should be realized from the respective land-owners or from the Government until such time as the refugees themselves became owners of their respective allotments, the Mayor said.

In the meantime Corporation has taken a move to further distribution of Wards in that area so that the work might be carried on more efficiently.

—THE CORPORATION AT WORK

(Continued from page 293)

from 14th September, 1957, and the Commissioner be requested to fit them in those revised grades by placing them in the next higher stage of the revised grades after merging with their basic pay the flat increment of Rs. 3 sanctioned under Corporation resolutions dated 20th August, 1956, and 21st June, 1957, provided that in the cases in which the basic pay with the flat increment of Rs. 3 added to it will exceed the maximum of the revised grades, the employees concerned will draw such pay as personal basic pay against the standard grades.

Provided further, that the temporary employees in service on the date of confirmation of this resolution by the Corporation will continue to draw the flat increment of Rs. 3 per month as part of their basic pay till their temporary appointment in the same posts continues.

All new appointments in the revised grades will be on the minimum pay of the respective revised grades.

CONGESTION IN BURRABAZAR AREA

The Corporation approached the State Government to prevent the Transport Agencies from carrying on business in the main congested thoroughfares in the Burrabazar area and resolved to withdraw Trade Licenses granted to them, if any. This was taken on a motion tabled by Councillor Harinarian Sadani.

THE CORPORATION *at* WORK

[A GIST OF PROCEEDINGS OF THE THIRTIETH ORDINARY MEETING OF THE CORPORATION
HELD ON FRIDAY, THE 10TH JANUARY, 1958]

PRIMARY EDUCATION UNDER CORPORATION

Councillor Amulya Charan Sarkar complained against the system of primary education imparted to the children in this city. He was of opinion that due to crowded number of students in classes it had become difficult for the teachers to impart lessons. Councillor Sarkar emphasized that in spite of his best endeavours he could not persuade the Standing Committees concerned to increase the number of teachers in those congested schools. Thus according to him the present expenditure for the purpose by the Corporation was not properly used.

Councillor Sarkar also opined that the Education Department should work more on a liberal basis than in the present conservative role of not to increase the number of teachers in existing schools. This was, however, assured to by the Mayor, Dr. Triguna Sen for further consideration.

DRIVE AGAINST FOOD ADULTERATION

The Mayor, Dr. Triguna Sen, apprised the Members of the House that he had already requested the Standing Health Committee to arrange for a drive against the menace of food adulteration in the city. The Mayor also emphasized the need for a detailed study in this matter. In that connection, Dr. Sen narrated his last talks with the Union Health Minister, Shri Karmakar, for removing the lacunae in the operation of the existing Food Adulteration Act of the Government of India.

This reference was made when Councillor Pannalal Das raised the issue while mentioning a matter of urgent public importance. According to him the menace was on the increase and the machinery to check the offence had proved a failure.

COMPENSATION TO EMPLOYEES

Urging the House to devise some ways and means so that the poor employees might not suffer, Councillor Purnendu Kumar Sen Gupta cited cases wherein a few Corporation mazdoors had to suffer much due to accidents sustained while on duty. They were either knocked down by cars or lorries, while on the streets or sustained sad accidental falls.—

Councillor Sen Gupta said that the benefits of Workmen's Compensation Act meant for the poor employees, wounded while on duty, had not been extended to the employees under a public body or a civic administration. So far the Act's scope was limited to Factory employees only. Even there was no arrangement by the Corporation to have free medical aid to those poor employees. Councillor Sen Gupta felt that unless something is done for them their pecuniary position would worsen.

The Mayor, however, agreed to consider the matter.

COUNCLLOR SACHIN SEN

The House appointed Councillor Sachin Sen as Member of the Standing Public Utilities and

Markets' Committee. The vacancy was caused by the resignation of Councillor Mam Sanyal from membership.

T.A. TO OFFICERS

The House, on the recommendation of the Standing Finance Committee, sanctioned a Motor-bicycle or Scooter allowance of Rs. 90/- per month to all the Sanitary Officers with effect from 1st April, 1958.

The Corporation at its previous meeting granted travelling allowances at the same rate and condition to the Assistant Engineers.

TRUSTEES OF A MATERNITY HOME

The House, on the recommendation of the Standing Health Committee, appointed the following as Trustees of a Maternity Home, proposed to be installed in the Tollygunge area:—

(1) Shri K. C. Basu of Ballygunge Circular Road as a nominee of Shri J. N. Dutta, donor of the land, and

(2) Councillor P. K. Sur.

[CORPORATION PROCEEDINGS DATED THE 8RD
JANUARY, 1958.]

OPENING OF A NIGHT SCHOOL

The House, on the recommendation of the Standing Education Committee, allowed a local organization 'Jnan Chakra' of Sitaram Ghosh Street, to hold night schools in the premises of a Corporation Primary School located at 86/4/2, Benatala Lane, in Ward No. 30 for two months under certain terms and conditions.

A long discussion ensued in the House when the recommendation was put up for sanction being participated in by several members.

REVISION OF EMPLOYEES' GRADES

The House on the recommendation of the Standing Finance Committee, passed the following resolution:—

(i) The Standing Finance Committee recommend that the award given by the Fifth Industrial Tribunal as published in the Calcutta Gazette dated 14th September, 1957, in the matter of Industrial disputes between the Corporation of Calcutta and their workmen represented by several Unions and Associations, and particularly, the C. C. M. V. Workshop Workmen's Union, be accepted in toto with effect from the date of the publication of the Award.

(ii) In consonance with the Award of the aforesaid Tribunal in so far as it relates to the revision of grades of the staff of the Motor Vehicles Repairing Workshops, the Committee makes an ad-interim recommendation that all other similar categories of staff in other departments of the Corporation be also granted the benefits of these revised grades with effect

(Continued on previous page 292)

T. B. PROBLEMS IN THE CITY

[A MEMORANDUM SUBMITTED TO DR. P. V. BENJAMIN AND READ BY COUNCILLOR DR. B. C. BASU]

INCIDENCE of Tuberculosis in the City is fast increasing and it is estimated that at least 40,000 persons are suffering from Tuberculosis in city at the present moment. The majority numbers are Bustee-dwellers and many of them are refugees from East Pakistan. The abnormal increase in the city's population in recent years numbering about 40 to 50 lakhs compared to 8 to 10 lakhs only a few years back, is also equally responsible for the increased number.

It is apprehended that if the high rate of incidence in Tuberculosis continues in the city any longer it will attain such an enormous proportion that the Corporation and even the State Government will be able to do very little to ease the situation.

No doubt, the control of infectious diseases is the primary duty of Corporations or Municipal bodies and Calcutta Corporation, though alive to all these facts, could not do much before mainly due to lack of funds and many other hindrances. In 1950, Corporation had its own Chest Clinic at Mansatala, Kidderpore, for ambulatory management of T.B. cases. The Clinic, though started with a small capital expenditure of Rs. 28,000/- only and Rs. 10,000/- as annual recurring cost has been developed as the second biggest T.B. Clinic in the City. So far there has been a total capital expenditure of nearly Rs. 1.50 lakhs and an annual recurring expenditure of about Rs. 60,000/- only.

Since then three more Chest Clinics named Mayor's T.B. Clinics, with arrangements for domiciliary treatment of T. B. cases, have been started out of Mayor's T.B. Funds at a total cost of about Rupees Five Lakhs. These are the results of Mayors' enterprises and all of them have been handed over to Corporation for proper maintenance.

It will be interesting to learn that the Corporation spends a total recurring expenditure of about Rupees three lakhs annually for running them.

In addition to this, Corporation spends in the form of grants-in-aid to three T.B. Hospitals at Jadavpore, Patipukur and Kironsoshi Sevayatan about Rs. 2,25,300/- for the maintenance of 110 Corporation free T.B. beds. Corporation also spends Rs. 60,000/- annually for Beliaghata T.B. Hospital. It may be mentioned here that the cost of maintenance of T.B. beds in K. S. Roy T.B. Hospital has gone up from Rs. 1,700/- to Rs. 2,200/- per bed per annum. Thus the Corporation is spending about Rs. 5,85,300/- in other words about Rupees six lakhs per year towards control of Tuberculosis alone.

A joint endeavour along with the West Bengal Government for Domiciliary services to T.B. patients through Clinics on nine zonal basis is also being considered by the Corporation. This scheme, if succeeds, will burden Corporation with further additional expenses in the next financial year.

In spite of all these, Corporation is unable to control T.B. effectively as it desires to do. This is because of the city's existing open T.B. cases which in enormous proportion are still thriving in Bustees and causing infection to others. A good number are refugees. They have become a menace to the Tuberculosis Control Programme in the city being unamenable to Clinics based on Domiciliary treatment. Living in crowded areas such cases of T.B. are spreading disease amongst the mass like wild fire. The West Bengal Government has, no doubt, increased their Anti-Tuberculosis activities considerably in recent years by increasing total number of beds in hospitals (1,000 beds in Kanchrapara Hospital, 400 beds in Digri Sanatorium and so on).

Thus the open T. B. cases of the city being neglected have been a source of headache to the Corporation for no fault of theirs. These open T.B. cases unamenable to Clinics based on Domiciliary treatment need segregation. To this end the Corporation is trying to establish 500 bed cheap built segregation hospital at the outskirts of the city for which land is being acquired and there is a provision in the current year's Budget to meet some of the expenses. The Corporation feels rather helpless in the matter all by itself as Corporation finance alone is not adequate to meet all the needs of national scourge of Tuberculosis in the city. For this the Corporation needs financial help from the Centre to build up its segregation hospital and for which the Second Five Year Plan has provision to that effect.

We may mention here that in our ardent desire to segregate some of these T.B. cases lying in streets of Calcutta, we have been able to get the valuable services of Mother Teresa who runs a semi-hospital type of accommodation ("Nirmal Hriday") for unfortunate victims of T. B. with financial aid from the Corporation.

Thus we are bold enough to acquaint Dr. Benjamin, the Tuberculosis Expert of India, that Corporation has not been a silent spectator in T. B. problem in the city and they are doing their best. Dr. Benjamin is not a stranger to the Corporation. He is fully aware of the institution's activities in T.B. Control and he has kindly visited several times the Mansatala Clinic and discussed matters with the Standing Health Committee and Corporation Officials. His sound advice in building up Anti-Tuberculosis activity programme through Clinics have been implemented into actual practice.

The request to Dr. Benjamin is to give the Corporation some idea as to how the segregation hospital be built up without any further delay. Centre's help in the matter is essential. An assurance from Dr. Benjamin on behalf of the Union Government for necessary help in the matter would greatly encourage the Corporation to proceed further with its Anti-Tuberculosis programme in this vast and problem city of Calcutta.

GOVERNMENT HELP ASSURED IN FIGHTING OUT T. B. FROM CITY

DURING his recent visit to this city Dr. P. V. Benjamin, Tuberculosis Adviser to the Government of India, met the Mayor, Dr. Triguna Sen, in his office, Surendra Banerjee Road. There was a long discussion between the two about the measures to be taken in order to combat Tuberculosis in the city in presence of many of the Councillors and Corporation Officials (picture above). Stressing the need of two aspects in this regard Dr. Benjamin appreciated Corporation's efforts in opening T. B. Clinics in different corners of the city along with arrangements for domicilliary treatment for the suffering people. He also suggested that at least four Clinics to be started in addition to the existing ones at an early date. The Adviser, however, agreed to consider the question of financial aid to those clinics, built up in suitable sites, in the shape of X-Ray plants and laboratory equipments.

Corporation's tentative scheme for establishing a 500 T. B. Segregation Camp somewhere in the outskirts of the city, was the other topic. The opening up of such a hospital requires the approval of the State Government as to the question of site and other parapharnelia due to the increasing human habitation in the city and its suburbs. Dr. Benjamin disclosed then that there was a provision for ad-hoc grant of Rs. 1,250 per each Segregation Bed under the Second Five-Year Plan. With the implementation of the Corporation's scheme shortly that help would not be wanting, said the T. B. expert.

Councillor Dr. P. K. Roy Chowdhury, under whom the scheme for such a Hospital was originated, Councillor Dr. B. C. Basu, Deputy Chairman, Finance Committee, Councillor Dr. Sudhangshu Sekhar Sett, Deputy Chairman, Standing Health Committee, Major I. N. Sarkar, the present Health Officer, Dr. B. Sarbadhikary, Officer-in-charge, Mansatala Chest Clinic, Kidderpore, and others took part in the discussion and acquainted Dr. Benjamin with the tense of the situation due to the growing menace of the disease. According to them there are about 40,000 patients suffering from the disease and the present means to eradicate the same is insignificant in comparison with the magnitude. The city hospitals have so far provided only 110 beds for those patients in addition to a separate hospital at Jadaoipur. A Memorandum, in this connection, submitted to the Government by the Mayor, is being published elsewhere of this issue.

At the weekly meeting of the Corporation on the 10th January last, the Mayor, Dr. Sen disclosed to the Members about his recent talk with Dr. Benjamin. He also assured the House that arrangements were being made to acquire land for the Hospital.

KHADI GRAMODYAG BHAVAN INAUGURATED

WORKING as a salesman in the counter with an attention to the first customer Dr. B. C. Roy, the State Chief Minister, inaugurated the Khadi Gramodyag Bhavan on Sunday, the 12th January at Chittaranjan Avenue.

The Mayor, Dr. Triguna Sen presided over the function held on the occasion (Picture above). The

Pradesh Congress Chief Shri Atulya Ghosh was also present.

Addressing the gathering, Dr. Roy said that the khadi movement had changed its character in the post-independence era from what it had been during the days of national struggle for freedom. The industry should be properly organized and their products be marked to stabilize the economy of the country.

IMPORTANCE OF COST ACCOUNTING EMPHASIZED

SHRI MORARJI DESAI, Union Minister of Commerce and Industry, said that 'the Cost Accountant is a friend, philosopher and guide to every kind of management.' With the help of cost accountants the wasteful methods followed in managements can be eliminated and proper procedure can be evolved out, he added. Shri Desai was then delivering the Annual Convocation Address of THE INSTITUTE OF COST & WORKS ACCOUNTS, at its own building, Sudder Street, on Monday, the 13th January (Picture above). Shri Desai distributed certificates of merit and special prizes to more than 100 students.

Alderman G. Basu, President of the Institute, (sitting extreme left to Shri Desai) also urged that it would be worthwhile if the services of qualified accountants were profitably utilized by the Government and other public managements. He announced that the Union Government had sanctioned capital grants for the extension of the building as well as for establishing a well-equipped library.

The Director of the Institute Shri N. N. Sarkar, a former Chief Accountant of the Corporation, is sitting by Shri Desai.

CITY-NEWS-PARADE

OBITUARY: Shri Surendra Nath Guha, a former Judge of the Calcutta High Court, died on Friday, the 10th January last at his residence, Lansdowne Road, South Calcutta, after a brief illness.

Born in November, 1876, the late Shri Guha was educated at Presidency College, Calcutta, and joined the High Court Bar in 1900. He was promoted to the Bench in 1929. He retired in 1938. He was the Chairman of the Committee to Release Political Prisoners. He was also appointed President of a Tribunal to try cases of military officers.

The late Shri Guha was held in high esteem for his honesty, integrity and suave manners.

TWENTY-FIFTH DEATH ANNIVERSARY OF MASTARDA or Surjya Sen, a revolutionary leader of Chittagong was observed on Sunday, the 12th January at College Square, under the auspices of Surjya Sen Smriti Raksha Committee. Dr. Triguna Sen, the Mayor, presided. Shri Ganesh Ghosh, M.L.A., garlanded the bust of Surjya Sen.

Under the joint auspices of Entally Youth League and Students' Volunteer Corps, the death anniversary was also observed at 1/1, Dehi Serampore Road. Shri Dwijen Bose presided.

Chattagram Parishad organized another public meeting on the same day at Netajinagar, Bangabharati Club to celebrate the occasion under the presidentship of Shri Jibanlal Chatterjee. Shri Manoranjan Gupta, M.L.C., Shri Ganesh Ghosh, M.L.A., and others addressed the meeting.

ALL-INDIA EXHIBITION OF BAMBOO AND LACQUERWARE was inaugurated at 11-A, Esplanade East, on Thursday, the 9th January last. Organized by the Union Commerce and Industry Ministry's Handicrafts Board, the exhibition remained open till January 16.

It was disclosed on that occasion that the West Bengal Government was studying samples of bamboo naturally grown in the vast char land of Teesta Valley to find out its economic utility in the State's handicrafts industry.

Stressing on the importance of such exhibitions, Dr. Roy said that not because of the costly wares on display which the common man could not afford to buy, but because they helped to develop an understanding among the people of different States.

BENGAL GLIDING ASSOCIATION was inaugurated through a meeting held in the Bengal Flying Club's office in Park Street on Saturday, the 11th January last. The Association has 25 members at present. It will have its operational centre at Behala airfield where the Club will operate soon.

Shri Biren Roy, the Association's Founder Chairman, said that it was the third private Gliding Club in India and the first in Eastern India. If facilities were available, branches of the Association could later be opened at Asansol and Siliguri.

The Director-General of Civil Aviation had indicated the Government's willingness to help the Association.

SHIPS IN KIDDERPORE DOCKS: Three ships were involved in a collision at No. 4 Hastings mooring recently. While a ship was coming from Garden Reach to Kidderpore Docks it hit another anchored at the mooring. As a result, two chains of the anchored ship snapped. The second ship swerved and collided with a Port Commissioners' vessel. The Port vessels towed the first ship to the Docks.

KALIGHAT TARUN SANGHA'S Thirty-first Anniversary was celebrated at 184A, Shyama Prosad Mukherjee Road, South Calcutta, with a two-day function commencing from the 11th January. Shri Biren Roy, M.P., presided on the first day while a discourse on Music was given by Swami Prognananda followed by musical soiree from different branches.

The programme on the concluding day included a speech by Shri Buddhadeb Bose on "Bangla Bhasa and Sahitya". Shri Probodh Kumar Sanyal presided. Music control was displayed and cultural programme followed.

DEMONSTRATIONS: The city has witnessed a number of demonstrations in the city recently. A large number of citizens participated in those. The Language Commission's Report still agitated the minds of the citizens and several organizations held discussions and discourses to that effect. The Calcutta Youth League organized a symposium in that connection at the University Institute Hall, on Saturday, the 11th January last. Shri Jyoti Basu, M.L.A., Shri Somenath Lahiry, M.L.A., Shri Saumyendra Nath Tagore, Prof. Amlan Dutta and others took part in that discussion.

Tobacco manufacturers in the city observed a day's strike on the 10th January last as a protest against the imposition of Excise Taxes.

The Hindu Mahasabha arranged a demonstration against the appointment of Dr. Frank Graham, U.N. representative to India and Pakistan in connection with the Kashmir issue. The demonstrators submitted Memorandums against this before the U.K. High Commission and the U.S.A. Delegation on the same day. They also met at a meeting at Subodh Mullick Square, wherein the leaders addressed a gathering.

At a meeting, organized by the Indian National Kashmir Youth Front on Sunday, the 12th January, resolutions were adopted stating about Kashmir and Pakistan issues. Speakers included Shri Deben Sen, M.L.A., Kazi Mohammed Ali, Shri G. L. Khettri, Shri Amal Mitra and others.

About 350 employees of 15 West Bengal Government Hospitals demonstrated in Old Court House Street, on Monday, the 13th instant. They came in procession from Wellington Square, squatted on the road for about an hour, dislocating traffic. The demonstration was organized by the West Bengal Medical College Hospital Workers' Union.

Central Municipal Office:
The 20th September, 1957.

CORPORATION NOTICES—Contd.

Notice To Lawyers

Lawyers, practising in the different Courts in Calcutta, who have not yet taken out or renewed their professional license under Section 218 of the Calcutta Municipal Act, 1951, for the current official year (1957-58), are hereby requested to do so without further delay.

The License fee, which is payable under the Act in advance, in respect of any financial year, is based on the professional income, as assessed to Income Tax (vide serial Nos. 3, 49, 70 and 101, of Rule 1, Schedule IV of the Act), as per Schedule below:—

(a) Rs. 250/- if income tax is payable on income out of the Profession, amounting to Rs. 10,000/- or upwards.

(b) Rs. 125/- if income tax is payable on an income out of the profession, amounting to Rs. 6,000/- or upwards but below Rs. 10,000/-.

(c) Rs. 36/-, if income tax is payable on an income out of the profession, amounting to less than Rs. 6,000/-.

(d) Rs. 24/-, if no income tax is payable on an income out of the profession.

Printed schedule have been sent by post to such assesses requesting them to state under which of the above groups their income fell during the past financial year, and to remit the fee accordingly. It is in the interest of the assesses themselves that they should furnish the information, so as to avoid the risk of over-assessment.

For convenience of the assesses, the dealing Inspectors have also been directed to visit the different Courts, on alternate days and to accept payment from and issue licenses to those willing to pay in the Courts, on the basis of the information furnished.

Lawyers practising in more than one Court in Calcutta should intimate the name of the Court from which they would like to take out the license, to avoid the risk of being assessed at more than one Court. Such informations or objections to the assessed demands, if any, may be communicated so as to reach the Department not later than the 28th February, 1958.

A. K. DUTT,
License Officer.

CENTRAL MUNICIPAL OFFICE:
The 9th January, 1958.

CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Black arm badges with White numbers from Nos. 1 to 350.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the leases thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Rs. 1-3-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

Views & Reviews

NETAJI RESEARCH BUREAU

Calcutta citizens will surely welcome the Netaji Research Bureau just sponsored in the Netaji Bhawan, Elgin Road, by the Department of Social Education and Research of the Azad Hind Ambulance Service. Divided into different branches the Bureau seeks to make a lasting contribution to the study and understanding of Netaji Subhas's life and mission.

The life and activities of Netaji Subhas Chandra for the liberation of his Motherland has passed into history. No doubt to-day he ranks in history along with the heroes who made 'a nation out of scratch'. He had combined in himself Cavour and Garibaldi, Bismarck and Mottle, Lenin and Trotsky. Such an illustrious soul lives not only in the minds of his countrymen but also his faith and philosophy, his achievements and the sensational events of his life provide ample food for study and research for the future generations. And the Netaji Research Bureau has offered such an opportunity to his countrymen. It will surely be a pointer to the future generations to study and to realise them from the lessons of his life. Thus the range of his life's projectile has yet to be gauged to provide such a food.

Just on the eve of the celebration of the Sixty-first Birthday Anniversary of Netaji Subhas Chandra, the Secretary of the Research Bureau disclosed in a Press Conference its aims and objects which included creation of Netaji Archives at Netaji Bhawan on a permanent basis and arrangements for publications on his life and work. Preparation of a standard biography of Netaji is also its another objective. Distinguished public men, scholars, historians and erstwhile associates and comrades of Netaji have been requested to associate themselves with the Bureau and guide its activities.

In an attempt to collect all available materials relating to Netaji's life and activities, including speeches, writings, letters, documents,

TO THE EDITOR, CALCUTTA MUNICIPAL GAZETTE.

Sir,—I am seeking the hospitality of your columns to send a word to friends, known and unknown, who may be able to help the work of the Netaji Research Bureau.

The objects of the bureau are, first, to collect materials of all descriptions relating to Netaji's life and activities; secondly, to study and conduct research on such material; thirdly, to arrange for their preservation in properly organised Netaji Archives at Netaji Bhawan; and fourthly, to arrange for publications on his life and work.

The first task, obviously, is the collection of all available materials, viz., speeches, writings, letters, documents, photographs, books, records, films, etc. Will those who are in a position to do so please send us all they can? Originals will be duly returned, if so desired, after copies have been made. Personal reminiscences are also very welcome.

Work of this nature cannot proceed in a scientific and planned manner without adequate financial support. May we therefore also appeal for generous contributions from our countrymen for a great undertaking?—Yours etc.,

SISIR K. BOSE,
Secretary.

NETAJI BHAWAN,
88/2, Elgin Road, Calcutta—20.
Netaji week.

books, records, films and such like from all over the world in order to conduct research work in a planned and scientific manner the Secretary has

appealed to the public through the columns of the Press published along with it.

According to the Secretary many important documents and valuable mementos on Netaji are still lying scattered both in Europe and in the Far East Asian countries. And when collected all these would add important chapters in Netaji's life. Particularly the story of the organization and activities of the I. N. A. formed for the first time in Europe by Netaji is still shrouded by a mystery. Light would be cast on these incidents soon with the availability of a few more documents. A few belongings of Netaji used by him while in South East Asia would also be available to the Bureau soon, as stated by the Secretary.

CORPORATION FINANCES

Since the presentation of the Budget Estimates for 1958-59 by the Commissioner, Shri B. K. Sen, before the Standing Finance Committee, the Committee considered it in a most dispassionate way the pros and cons of the estimates and its future improvements. The Standing Committee which is expected to hold as many as thirty meetings to consider the estimates, sat for the first time on the 11th January last for the same purpose. Up till now the Committee has been to consider an appreciable part of the estimates.

The first few meetings of the Standing Committee under its Chairman, Councillor K. L. Dhandhanian, were confined to consideration of revenue earnings and the Committee looked into the procedure adopted in the main departments like Assessment, Collection and License and so far concluded the discussions on them.

On the first day reports by two Special Officers who had investigated objections against assessments were submitted. Councillor S. K. Gupta, I.C.S., Chairman, Calcutta Improvement Trust, was requested to study and examine the reports and recommend measures to improve the working of the department.

The Committee also discussed the question of fixation of the rate of service charges on Central Government properties including railways, lying in this city. It was stated that the matter was still under the consideration of the relevant authorities and that the charges had not been realized for a long time. The Central Government had paid, however, Rs. 12 lakhs last year against the Corporation's estimate of Rs. 92 lakhs as arrears in this regard.

The matter came to the notice of the Mayor, Dr. T. Sen, earlier, and he remarked in one of the weekly Corporation meetings that Government colonies were springing up in different parts of the city very rapidly and these being regarded as Government properties no sanction was required for construction of buildings. The result was that such colonies were growing up in a most irregular fashion.

In regard to Port Commissioners' properties it was learnt that an agreement arrived at between the Corporation and the Port authorities, had long remained unexecuted. The State Government paid Rs. 25 lakhs as annual rate to the Corporation.

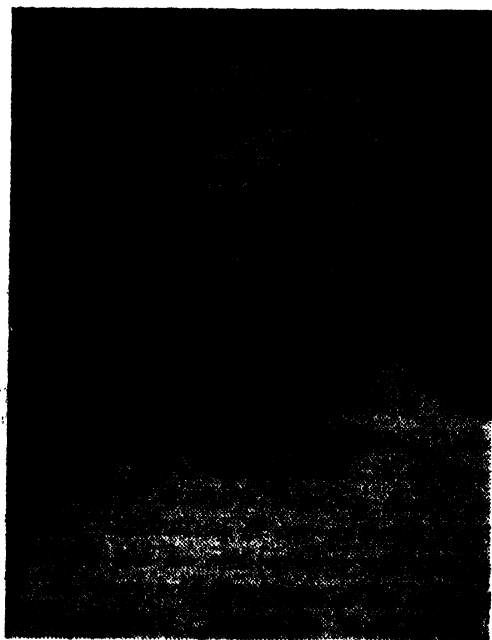

Discussion was also held then on principle assessment, tenancy and tenancy problems. The assessment rates of properties in the city were estimated at over Rs. 20 crores of which about Rs. 4 crores was estimated to be the Corporation's Rate Collections for the year 1957-58. The Assessment Department stated that ordinarily assessment was made on a rental basis. It was made on the basis of the cost of construction only in such cases in which the rental could not be determined. The rental basis of the locality was taken into consideration for buildings in which the owners resided.

According to the Chief Valuer, the value of land had remained more or less static in the city since 1954 but the prices of small plots had gone up on account of demand and those of large plots gone down. Several Committee members said that assessment on the basis of rental was less than on the basis of cost of construction. If the construction cost were taken as the basis, the middle class and poor people would be hard hit. Everybody wanted that a principle had to be established for assessment and once it was done there could not be any discrimination. According to many there were about 1,000 palatial buildings, the owners of which were paying lower rates than they should. Besides, there are 1,200 cases of exemption from assessment for being places of public worship and it has been estimated that about Rs. 86 lakhs are exempted under this category.

The Committee also discussed the revenue earning capacity of the License Department almost in a similar way. Councillors Dr. B. C. Basu, Anil Maitra, Ushanath Sen, Benoylal Ghosh and others took part in those days' discussions.

SHRI PURIDAS GHOSE PASSES AWAY

We deeply regret to announce the death of Shri Puridas Ghose, B.E., C.E., a former Executive Engineer, Water Works, on the 10th of

January last. The unfortunate incident took place at his residence at Manshatalla Lane, Kidderpore. The late Shri Ghosh was suffering from

high blood pressure for the last few months. In spite of his ill health while he participated in a competition for construction work of Corporation Water Supply Scheme with some outside engineers in a hotel, Shri Ghosh fell ill due to a stroke from which he could not survive. He was 61.

The late Shri Ghose was long connected with the Corporation. Before he became the Executive Engineer in 1952, he was the Constructional Engineer, Water Works at Pulta. Even before that he served in other capacities in the Water Works Department. His services received recognition when engaged in implementing some of the projects of the Moore Scheme for larger quantity of water supply to the citizens. Thus the services rendered by him was most useful and it was marked with much efficiency. Even after his retirement three years back, his advice was often sought for by the Corporation.

Shri Ghose's death was widely mourned. As soon as the death news reached the Corporation, the weekly meeting then in progress, was adjourned for the day without transacting any further business, as a mark of respect to his memory. The House also mourned his death. Several Aldermen and Councillors including the Mayor, Dr. Triguna Sen, rushed to his place to pay their last respects. A large number of Corporation officials and local citizens attended his funeral. Wreaths were also placed on his bier both by individuals as well as by organizations.

Born in 1897, the late Shri Ghose spent his boyhood days in this city. He had his early education at Kidderpore Academy. After passing Intermediate from the then Ripon College, Calcutta, the late Shri Ghose joined the Shibpur Engineering College wherefrom he was graduated in Civil Engineering. He acquired a specialized knowledge in Water Supply Engineering and this enabled him to become a Paper-setter of the A.M.I.E. Examinations. He was also a member of the Committee of the Jadavpur College of Engineering and Technology for a period. The late Shri Ghosh was associated with a number of local organizations and associations.

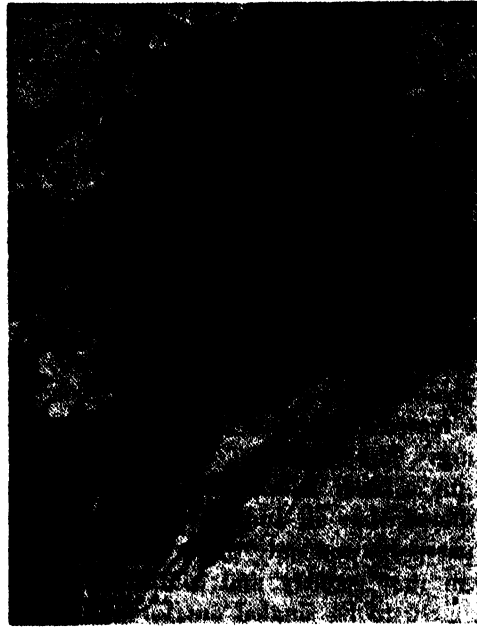

We also extend our sincerest condolences to the members of the bereaved family.

SHRI TEJEN BOSE IS DEAD

With the death of Shri Tejendra Nath Bose a Head Assistant of the Accounts Department, Corporation has lost one of its sincere and devoted workers. Death came after a brief illness due to apoplexy on the morning of 15th January last. Before that he appeared to be quite hale and hearty. He fell ill while he was in the tiffin room on the 14th instant after his day's job. He was immediately removed to the Medical College Hospital for treatment. The news of his death was a sudden blow to all. He was 58.

Appointed at first in the Manicktolla Municipality in 1917 the late Shri Bose rendered more than 40 years of active service efficiently. He was transferred to the Corporation Head Office since its merger in 1928. His services were recognized long ago and he was promoted to the post of Head Assistant even before fifty. Besides, he was attached to a number of allied organizations in the Corporation. He was

a member of the Pura Prathisthan Sangha, Corporation Sports Club. As one of the organizers of the Corporation Athletic Club his name will be

remembered long. His histrionic feats was highly appreciated by the audience whenever he appeared on the stage. His amiable disposition and suave manners brought him nearer to all. He was better known as 'Tejenda' to the Corporation employees.

The news of his death spread as a wild fire in the city. Not only a vast number of Corporation officials attended his funeral but also a large number of citizens of the locality he lived, went to the hospital to have a last look to their near and dear one. Wreaths were also placed on his bier on behalf of individuals and different institutions to which he was attached. The funeral procession passed through different streets and touched his residence at Baranashi Ghosh Street before it wended to Nimtollah.

The Corporation at its special meeting on the 16th January last mourned his death. It was referred to in the House by the Mayor, Dr. Triguna Sen. The Corporation Sports Club also mourned his death.

Nephew of the late Swami Brahmananda, first President of the Ramkrishna Mission, the late Shri Bose himself was attached to that sect at Belur. Devoted and of religious temperament, the late Shri Bose associated with many social and educational institutions in the city.

We extend our sincerest condolences to the members of the bereaved family.

DR. K. L. CHOWDHURY IS DEAD

Death took place at Asansol of Dr. K. L. Chowdhury, Ex-Mosquito Control Officer, Calcutta Corporation, on the 28th December last. He was 59.

After graduation the late Dr. Chowdhury began his career as a Research Scholar under Dr. Strickland at the School of Tropical Medicine, Calcutta. He had at his credit several original work on Malaria and Mosquitoes and these earned him appreciation on all quarters. He joined the Corporation as its first Mosquito Control Officer in October, 1932 and worked there till 1953. He was loved and respected by all. The Mosquito Control Department was closed on the 30th December last, as a mark of respect to his memory.

THE CORPORATION *at* WORK

A GIST OF PROCEEDINGS OF THE THIRTIETH ADJOURNED MEETING OF THE CORPORATION HELD ON FRIDAY, THE 17TH JANUARY, 1958.

PAK PREMIER'S RECENT STATEMENT

Concern was expressed by the Members of the House when Councillor Dr. Sukhabehari Mukherjee made a reference about the reported statement of the Pak Premier on Indians "who are moving about without valid travel documents".

Councillor Dr. Mukherjee said that he would have dismissed such a statement as a mere threat, but he feared that rulers of Pakistan were up to anything. The statement was merely a plea for launching a fresh attack on minorities in Pakistan. He believed that all Indians in Pakistan possessed valid passports and only those who had not migrated from that country and continued to live there were likely to be singled out for attack.

Councillor Mukherjee apprehended that this would involve additional burdens on this city's health and other amenities provided to the citizens by the Corporation due to a fresh influx of large number of refugees, as was the case in the past.

LIGHTING ARRANGEMENTS IN CITY

Councillor Amulya Charan Sarkar pointed out that in some areas in the city gas lights had been replaced by electric lights, according to the Corporation's scheme for such replacement, but power had not yet been supplied to many of them although they were installed before the Pujas.

Similar complaints were made by a few other Councillors. Councillor Kumar Dutta narrated how a lady was put to trouble while walking on a dark street, some time ago, in the northern part of the city. He urged that lighting arrangements by electric lamps should be made without any further delay.

The Deputy Mayor, Shri Keshab Chandra Basu, who was presiding, assured the House that the Electric Supply Corporation would be asked to take speedy action. He requested the Corporation representative in the Electric Supply Corporation to take up the matter.

SINKING OF TUBE-WELLS

The House, on the recommendation of the Standing Water Supply Committee, requested the Government of West Bengal to sink a Fire Fighting Tube-well near about the crossing of Chandi Ghosh Road and Chanditala Lane, Tollygunge area, one of the congested areas in the city.

Based on a recommendation, the House also made re-allocation for sinking a number of small diameter tube-wells among a few contractors. The sanction for sinking 50 such tube-wells was given earlier but the failure of one of them to comply with the order caused such re-allocation.

At the suggestion of the Chairman of the Standing Water Supply Committee, Councillor J. L. Saha, the Corporation also requested the contrac-

tors to sink those tube-wells within a specified period of two months as the rate-payers' sufferings had reached the top level in those water scarcity areas.

PURCHASE OF FOOD-STUFFS

The House, on the recommendation of the Standing Accounts Committee, decided to purchase on cash basis 6,000 maunds of rice from the Directorate of Food, Government of West Bengal, at an approved rate. The food-stuffs would be used for distribution among the low paid employees of the Corporation entitled to food concession benefits.

When the recommendation was put up before the House, some of the Councillors apprehended that there would be a deteriorated quality of food-stuffs in the Government's supply. But Councillor Dhandhanja stated before the House that no such deterioration had ever been come across in the past supplies made by the Government. Hence the future supply would be of good quality.

A SENIOR TEACHER RETIRES

PUNDIT RAMASHIS MISHRA, Vakrantirtha, and Sankhya-tirtha, of the Saraswat Kshatriya Vidyalaya, 4, Burman Street, Central Calcutta, was given a hearty farewell recently on his attaining the superannuation age in the Hind Cinema Hall.

The city's Mayor, Dr. Triguna Sen, presided, Kaviraj Bimalananda Tarkatirtha, M.L.A. was the Chief Guest.

Farewell Address was also presented to Pundit Mishra. A fitting reply was given by the retiring pundit.

Councillor Badridas Burman, Lala Damodar Khannah, and others recalled many of the qualities of Pundit Mishra. The function was well-attended.

CALCUTTA UNIVERSITY CONVOCATION

SPREADING over two days the Annual Convocation of the Calcutta University started on Friday, the 17th January last. The function was held in a big pandal on the lawn of the University College of Science, Ballygunge Circular Road.

More than 9,000 students received their Degrees. Special prizes and medals were also awarded. Shri Kumudranjan Mallick, a distinguished poet and Shri Bibhutibhusan Mukherjee, an eminent prose writer, were awarded Jagattarini Gold Medal and Sarat Chandra Chatterjee Memorial Gold Medal respectively. Prof. P. C. Mohalanobis was the recipient of Sir Devaprasad Sarbadhikary Gold Medal. Besides, nine other eminent scholars and scientists were awarded gold medals. Only two persons became D.Sc., four M.D. and three M.S. Fifteen students were qualified as D.Phil. in Arts while 46 students became D.Phil. in Science. D.Phil. in Medicine was allowed to eleven students only.

In her address, the Chancellor, Shrimati Padmaja Naidu, expressed the hope that graduates

they might know and demand their rights and at the same time respect and grant the rights of their fellowmen for the needs and interests of society and the State.

Referring to the aims of education, Shri Das said: "If our University has equipped these graduates with the qualities which will help them in facing the struggles of life that lie ahead of them, then she will certainly be entitled to claim credit for having discharged her obligations and will surely deserve well of them."

The Vice-Chancellor, Prof. N. K. Sidhanta, reviewed last year's University activities and said: "Our aim is to improve the quality of our graduates more than the quantity". Speaking of collegiate education he said that the increasing number of students posed numerous problems. He also apprised the audience that since the last Convocation 11 new colleges had been affiliated to the University.

Prof. Sidhanta stressed the need for more engineering colleges in West Bengal. At present there was only one for 400 students. About 2,000 applicants had failed to get admission there. This was disappointing at a time when India needed the services of an increasing number of qualified engineers. He felt that at least three more engineering colleges should be opened.

He also said that the University had accepted the proposal made by the University Grants Commission to set up a health centre to meet the medical needs of students and teachers. The Vice-Chancellor regretted the lack of adequate facilities for the majority of university students who wanted to take part in games and sports.

On the first day, the Vice-Chancellor told the new graduates that a democratic society could flourish only through a communication of ideas between different sections of people. Clarity of thought and expression was the basic intellectual quality which university education sought to develop in students, he further emphasized.

The celebrated Poet of Bengal, Shri Kumudranjan Mallick receiving the gold medal.

PHOTO: A. TARAFDAR.

of Calcutta University, who had been in the forefront in the fight for political freedom during the past century, would now take their rightful place in the fight for economic freedom under the leadership of the most respected leader of the world.

The Chief Justice, Mr. S. R. Das, advised the new graduates that the time had come now for them to 'join the national army of workers to build up India's economy.'

In his Convocation Address, Shri Das referred to the tremendous changes that had been silently taking place in India. Drawing attention to the preamble of the Constitution he asked graduates to familiarize themselves with the provisions so that

NATURE'S PECULIAR PHENOMENON

Calcutta's weather conditions witnessed a varied nature in recent times. During last week just with the cessation of X'mas and New Year rejoicings the meteorological charts gave the impression that cold weather in the city had virtually ended.

Nights became quite warm, with a mild warm and moist south wind blowing. For daytime many had changed to cotton garments while others were thinking of falling in line. In offices, including the Alipore Meteorological Office fans were again switched on.

But a few days back there came a change in the weather conditions of the city. The maximum and minimum temperatures recorded sharp falls. Cold spell re-appeared dispelling the old impression. The minimum temperature for these days was found to be below normal. There were other accompaniments of the wintry weather. Fog and mist continued their appearances towards the morning. Due to an intense fog in one of the days the aeroplanes could not be landed at Dum Dum airport.

SUGGESTIONS FOR IMPROVEMENT OF CORPORATION ADMINISTRATION

[By SHRI B. K. SEN, Commissioner, Calcutta Corporation]*

My personal view is that inspite of our various difficulties both financial and constitutional, we had not only been able to maintain our services up to a standard, but have in fact been able to improve it during the last five years both quantitatively and qualitatively.

True it is that our standard of services does not come up to the standard of other great cities of the world, among which Calcutta claims to have a premier position, and it is undoubtedly disappointing that we had not been able to reach that standard; but the reasons for that are not far to seek.

Calcutta has special features which are almost unique in the world, namely, vast unsewered areas within the metropolitan limits, failure to augment water supply with the sharp increase of population, unabated haphazard development without any semblance of planning or zoning, impact of rapid growth of commerce and industries and its pressure on the city, not to talk of the constant influx of thousands of refugees or fortune-seekers from outside which acquired momentum during the last war years, unchecked growth of bustees resulting in practically one-fourth of the population living in an area equal to one-eighth of the city and paying taxes less than one-sixteenth of the total rates. Very little was done in the past in the bustees for any amenities and conveniences—light, water-supply, drain, privy and latrines, excepting those few instances where there might be a bathing platform or a minor street water-tap; on top of it we have these squatters' colonies where displaced families were forced by circumstances to settle. There are encroachments everywhere. From the point of view of the encroachers there are not just encroachments but a source of livelihood, though they spoil the beauty and uniformity of the city to the utter disregard of the convenience of the public. Things have been made worse by our brothers from across the present-day border, who had been forced to seek a living by starting a trade on the street footpaths without having the choice of anything better. True it is, certain amount of control had been attempted by opening out hawkers' stalls, and corners, refugee markets, which however hardly touch the problem. The few boulevards of the city, the Victoria Memorial for that matter, the river-side drive, a few skyscrapers here and there, automatic lights and double-deckers cannot hide the severe economic struggle amongst the people and their reaction on the manner of living and their impact on the city services.

The picture that I have given is only a reflection of our administration as a whole over a number of years, which had permitted such a growth and which had helped in perpetuating such a state of affairs, but which the administration of to-day must clear up and give a proper shape to the metropolis, if not par with the other big cities of the world, at least very near it. Our task is

much harder than that of others where such problems do not exist. We must eliminate the eye-sores and inconveniences which are definitely immoral from the point of view of humanity. I may add that policies are more important as the execution of the same would ultimately produce the results; even a wrong selection of a site of public convenience may make all the difference. Declaration of a street without bustee or selection of shopping centres and for that matter all policies major or minor, namely, whether the primary schools be run by lady teachers or even fixation of ferrules, unchecked private development schemes and others, i.e., everything effecting that falls within the scope will finally have its repercussion on the manifestation of the administration.

Calcutta is the only city of its size and shape in this State, for that matter in the eastern part of our country. Our aim and objective is to make the city a place congenial for the growth and expression of its citizens. The aim and objective of our administration is to build up the metropolis as a whole with amenities which are normal for a metropolis, the absence of which to-day is not just an eye-sore but has become a source of constant criticism and complaint. In this context it seems important to emphasize the nature of the constitution and the nature of the different authorities amongst whom powers and functions of the Corporation have been distributed to fulfil the overall purposes of the Calcutta Municipal Act and their manifestation by the administration. So far as the Corporation of Calcutta is concerned, apart from certain powers and functions directly exercised by the Commissioner under the Act, practically all the important powers and functions connected with the day-to-day administration are vested in the Corporation, specially the different Committees.

The system now prevalent in the departmental workings is either under a manual or a code or under standing instructions. It is known that many of them are antiquated and need thorough overhauling. A glaring instance of loopholes in the executive machinery of the Corporation is that accounts are hopelessly in arrears, by at least seven quarters, which renders the detection of fraud or malpractices extremely difficult. It means in effect that the accounts of the Corporation in all their spheres are not live and do not provide the opportunity for a day-to-day control and check up as to whether the particular policies in the course of execution are being really executed in the manner it is expected to be executed, whether a block-sarkar was doing his work properly in the field, or a contractor has done his work as required of him, or arrears of collections are duly collected, or, for that matter, any other activities of the Corporation are being carried on as the live accounts in all its divisions and stages are the only means for such an effective control. Thus the system prevalent is antiquated and to exploit the loopholes therein has become a fine art in many of its activities. At least so far as the Executives are concerned, they had long felt very strongly that the system prevalent

* Suggestions put up before the Corporation on the 16th January, 1958 last.

must be changed according to the requirements of the time.

In order to examine the system prevalent here in the Assessment, Collection, Accounts and Treasury Departments, to suggest ways and means so that the accounts might be brought up upto date and the system of working of the said departments might be put right Messrs. Ibcn & Co., have been appointed on a fee of Rs. 28,000 to give a scheme. They have just taken up their work and are to make their recommendations in course of eight months. In the meantime we have spent over this period nearly Rs. 3 lakhs apart from the fee to be paid to Messrs. Ibcn. Our accounts remain as they were without the control wanted. By spending the amount, the Corporation could have avoided the overtime and got our all arrears cleared and be in a position to keep the current accounts upto-date and live which is essential for any organization. Side by side with financial audit including that of the Government, there should be a system of Operational Audit to ensure that waste, arrears and irregularities are kept at the minimum—irregularities including corruption, if any.

During the supersession period an Anti-Corruption Department was started which in fact was incorporated as part of the new Act—Calcutta Municipal Act, 1951. This department was based merely on policing lines. While it is true that even the best of societies cannot avoid policing, but mere policing will not be of much help so far as this organization is concerned. What is really required is a systematic and scientific operational audit, side by side with an office organization and method section, who after carefully checking up the existing systems and tracing all loopholes under a pre-determined itinerary (apart from checking up casual cases) over a period should suggest by periodical reports to the Corporation such systems and methods which will not only bring up the level of efficiency but also reduce the chance of irregularities, errors and waste. With this idea, ever since the new Corporation was constituted, attempts were made by me to change the working of this department from policing to operational audit and office organisation and methods and to organise and expand the department according to requirements. Ultimately a Sub-Committee appointed by the then Vigilance and Co-ordination Committee accepted our suggestions in toto. It was not possible, however, to give effect to this idea and the matter was never finalized and the necessary personnel given. Even some extra minor staff which was sanctioned by the Standing Finance Committee was kept withdrawn by the Corporation. It was only a few weeks ago at the instance of the Mayor that the Corporation has released the three posts for six months only two of which can be filled up immediately being within the purview of the Commissioner, while the other will have to go to the Municipal Service Commission for their recommendation, and this will naturally take time. We expect to give a report of the activities of the Anti-Corruption Department shortly which will reveal the various *modus operandi* of malpractices and their scope which in the word of the Mayor have almost become a fine art.

In this connection I may mention our suggestions for re-organization of the Law Department which needs hardly looking into and also our efforts

for re-orientating the Building Department and the modified scheme which we have adopted. Suggestions have been made to put the License Department on streamlines. We might also mention our recommendations embodied in Alderman G. Basu's scheme for amalgamating the Assessment and Collection Departments. Various suggestions have been made to improve the conditions of the Engineering Department, particularly that of conservancy which needs radical changes in policy more than mere policing over the block-sarkars and mazdoors. In the Health Department it is not that attempts are not being made to check up the haphazard granting of health licenses all over the city. But there also it needs fundamental changes in zoning and other controlling factors not merely taking up spasmodic cases and trying to abate nuisance more on personal grounds which naturally creates loopholes for all sorts than as a general policy. Various suggestions are regularly made to improve the departmental workings, adoption of which has considerably improved efficiency, but for major changes in organizational methods and policies it is outside the scope of the Executive. In fact, a Re-organisation Committee was set up by the Corporation which did not give the Executives any comprehensive scheme for re-organizations up till now, in effect all attempts on the part of the Executives for major changes have been left in abeyance.

So far the morale of the staff is concerned, every effort is being made to keep the highest executive in contact with the lowest rank and file. To give a small example, the system of the Suggestion Box. As regards the executive's responsibility to supervise the work outside at different stages, it is felt that greater vigilance is necessary for which the necessary staff should also be there, but it would not be fair to say that no system of any kind exists for outdoor inspection and supervision at different levels.

—THE FORESHORE OF CALCUTTA

(Continued from page 320)

Another curious incident that took place recently concerned the glare glasses of one of the Dredger Masters. These glasses fell overboard during dredging operations, and though attempts were made to recover them by sending a skin diver down, they met with no success. A month later, while another dredger was operating in the same area, the glasses suddenly appeared on one of the buckets, floating on top of the silt.

The silt that is found in the river Ganges is a peculiar substance which is quite greasy to the touch. This perhaps accounts for the fact that metal remains preserved in it for a long time. Chains, for instance, have been known to remain in the river for years without becoming appreciably corroded, and cutlasses, some of which must be hundred of years old, are still brought up from the river bed in almost perfect condition.

An ornamental brass trunk rail, which the Captain thought must have belonged to the Captain's cabin of one of the old sailing ships, was still in excellent condition, and no one would have believed it had not the Captain assured them that it had been brought up recently from the river bed.

THE FORESHORE OF CALCUTTA

[By SHRI B. V. ROY, M.A.]

THE foreshore of Calcutta along the banks of the river Ganges conceals many treasures. On going to bathe in the ghats, if it is low water, you go beyond the masonry steps of the ghat on to the muddy bottom of the river, and your feet perhaps tread on the broken shards of earthenware pots, or a cocoanut or two, while the sticky mud clings to your feet. Going deeper into this mud along the foreshore are the Dredgers of the Port Commissioners, whose task is to dredge up the muddy bottom in buckets mechanically worked. These clear the passageways along the bottom of the river, which have become blocked or choked up by deposits of silt. The silt is scooped up by mechanically operated buckets, and the scooped-up silt is deposited in "hopper" barges. The barges then move to a deeper portion of the river and dump the silt there. These dredger-buckets bring up, along with the mud and silt, many and various articles which had been dropped from ships and steamers when unloading their cargo, or when lying berthed in the docks. These articles are of an immense variety ranging from arms and ammunition to coal and bottles of whisky or champagne.

According to the Captain who is in charge of the Dredger operations in the port of Calcutta, the bombs and shells which were brought to the surface three years ago by the Port Commissioners' Dredgers working in King George's Docks, were by no means the first such haul to be made there, or the most interesting. During the war, King George's Docks were used almost exclusively by the Americans for unloading their military equipment in this theatre of operations, and with their methods of "get things done quickly", little incidents like slings breaking or dropping cargo into the docks did not unduly bother them. As a result, even after 10 years of the cessation of the war, such curiosities like jeep engines and chassis, radios and various other pieces of machinery, along with rifles, pistols, bombs, shells, grenades find their way to the surface from time to time in the buckets of the Dredgers. According to the Captain of the Dredgers, it is only when the article picked up is as large as or larger than the Dredger-bucket, or if it is "floating" on the surface of the silt, will it be seen or salvaged, and even then the cost of bringing all operations to a stand-still in order to relieve the article, is too high. Thus in most cases it is dumped along with the silt into the hopper barges, and sent out to the dumping ground—deep portions of the river—where the silt is released. In one particular instance, it was because the doors of a hopper barge failed to open when the vessel was over the dumping ground, that it was brought back to the docks to be cleared and repaired, and it was while the silt was being removed from it that the bombs and shells were found obstructing the doors.

But bombs and shells are not so very important when the world is at peace, and one may be curious to know what other treasures the river had yielded to the dredgers. First, cups and saucers, plates and spoons, knives and forks of almost every steamer line, whose ships had been in Calcutta,

have at some time or other been fished up from the river.

On many occasions, bottles of whisky, beer and once of champagne have come up in the buckets. These all formed part of the cargo that had fallen overboard during unloading operations. For those who would, because of this, like to take to dredging as a hobby if not as a profession, the Captain assured us that all the bottles came up in broken condition, with their contents drained away along with the current of the river. There is however, some profit for the dredgers who like to work near the bathing ghats, where they sometimes come across cheap ornaments which the bathers have lost, and money which they have thrown into the river as an offering.

Unfortunately, dredging is a very serious and expensive business, and it is because of this that perhaps some priceless treasures have been lost. For instance, during the war some "virgin" dredging was taking place for the extension of King George's Docks. The portion that was being dredged was the place where once had stood the palaces of the Kings of Oudh, and while the dredging was going on, parts of the foundation, crockery, ornaments, mosaic tile work etc. was brought to the surface. Nothing however, could be done about it, particularly since the work was vital war-work, and all these were dumped into the hopper barges and then into the river.

It was also during the war that another interesting incident connected with dredging took place. At that time there was a great shortage of coal because of flooding in the mines, and it was feared that it might be necessary to bring all work in the port to a stand-still as there was not enough coal for the Port Commissioners' vessels. It was then that the Dredger Captain had the brain-wave of dredging the coal berths, while ships are being coaled, a certain amount falls overboard, and in the course of a year or two forms a heap about three feet deep. The Captain suggested that the place be dredged, and that instead of dumping the result in the river, it should be released in a dry dock. This was done, and it yielded 5,000 tons of coal, which enabled the Commissioners to carry on their work until normal supplies were resumed from the mines.

Amusing incidents also sometimes take place during dredging. Recently a complete bicycle was brought to the surface by the dredgers, and immediately the Captain had about 30 claimants to the bicycle, though none of them could give a reasonable explanation as to how it got to be in the middle of the river. The Captain therefore handed it over to the Deputy Conservator of the Port Commissioners, who is also the Receiver of Wrecks and whose job it is either to trace the owners of all salvaged material, or also after suitable time has elapsed, to dispose of these articles. When the owners are traced, they have to pay the cost of salvage before they get their goods.

CITY-NEWS-PARADE

OBITUARY: The death of Shri Jogesh Chandra Das Gupta, Assistant Secretary, Bengal National Chamber of Commerce and Industry, Calcutta, occurred on Thursday, the 16th January last from an attack of cholera. He was 38.

Having secured first class in his M.A. in Commerce of Calcutta University in 1943, the late Shri Das Gupta joined the Central Excise Service in 1944 as Deputy Superintendent. In 1945, he resigned from Government service and became a Lecturer in Commerce in Seth Anandaram Jaipuria College, Calcutta. He joined the Bengal National Chamber of Commerce in January, 1946.

Devoted to religious pursuits the late Shri Das Gupta was attached to the Ramkrishna Mission. His death was widely mourned.

The death occurred in the city of Shri Ramesh Majumdar, Reporter of Basumati. He was 34.

Coming from Faridpur District, now in East Pakistan, the late Shri Majumdar joined the profession in 1952 as Reporter of Lok Sevak. He was a member of the Calcutta Press Club. The Indian Journalists' Association also condoled his death as a loss of one of its members.

Shri Brajabandhu Swain, an employee of the Corporation Central Laboratory, died recently. His death was condoled at a meeting held in the Central Laboratory premises with Dr. S. K. Ghosh in the chair. He was attached to the Corporation for more than 22 years. Honest and conscientious the late Shri Swain was of an amiable disposition.

A WORKING WOMEN'S HOSTEL first of its kind in this city, was opened by Councillor Shri S. K. Gupta, I.C.S., Chairman of the Calcutta Improvement Trust, on Sunday, the 19th January, in Entally area. The hostel is housed in an Improvement Trust building and has accommodation for about 100 women of the lower income group whose salary is not more than Rs. 200 a month.

In a brief speech, Councillor Gupta referred to the acute housing problem in the city and the circumstances which led to the opening of the hostel. He said that when so many people lived together there was need for discipline.

Shrimati Sarala Ghosh, Secretary of the Hostel Committee of the All-India Women's Conference, Calcutta Branch, which has sponsored the hostel, said that if the institution proved a success, the Conference was likely to open another hostel for working women.

AUTOMATIZATION IN CALCUTTA TELEPHONES WAS COMPLETED on the 14th January last when the Union Communication Minister spoke at a function at Telephone Bhavan by the first automatic telephone call through 66 and 67 exchanges, for Salkia and Howrah to the State Chief Minister, Dr. B. C. Roy.

The initial capacity of all the exchanges opened under the Calcutta automatization scheme was 55,000 lines but this would not suffice. The original forecast of telephones was 65,000 in 1965 but a revised forecast put it at 95,000 telephones. Planning would have to be a continuous process. The Government had already sanctioned expansion of four exchanges during 1958-59 by a total additional capacity of 11,800 lines and the addition of another 9,200 lines in 1959-60.

Discussing tele-communication facilities available throughout India, Shri Lal Bahadur Shastri referred to trunk calls and the rapidly growing demand for telephones in this

city and its suburbs. He said that a new technique of direct dialing had been introduced between Delhi, Calcutta and Bombay.

The Union Minister considered the scheme to train technicians for automatic exchanges as inadequate. A school should be attached to each of the three workshops at Calcutta, Bombay and Jubbulpore where the trainees would have the advantage of learning the practical side of the work in shop itself.

Dr. Roy said that telephone had become more or less a necessity so it had got to be developed in the country at the present moment for a speedier method of communication. He also hoped that with the profit Calcutta Telephones had been making the telephone system in Kalyani, where many offices had already been shifted, would be developed.

Shri Uma Shankar, General Manager, said that it was a proud day for them since, despite various handicaps, they had been able to keep to the schedule.

GEOLOGICAL INSTITUTE held its Annual Meeting in the premises of Presidency College on Sunday, the 19th January. Dr. Atma Ram, the Central Glass and Ceramic Research Institute's Director, said that the study of Geology had an important place in the exploitation of the country's natural resources. The days when students had to be persuaded to study geology were over.

Dr. M. Chatterjee, who presided, said that the number of students studying Geology had increased and there was greater scope of employment for geologists. He thought that Geology might some day be introduced as a subject in schools.

HOMEOPATHIC CONFERENCES AND CONVENTIONS featured in city's functions during the last weekend. The Homeopathic Advisory Committee, meeting on Saturday, the 18th January last under the chairmanship of Shri V. K. B. Pillai, Secretary, Ministry of Health, Government of India, recommended the upgrading of the Homeopathic Medical College at Lucknow. The Committee also recommended the upgrading of the Calcutta Homeopathic Medical College, subject to certain clarifications to be obtained from the Government of West Bengal.

A grant of Rs. 20,000 for the maintenance of 10 research beds at the Pratap Chandra Herring Memorial Homeopathic College, was recommended by the Committee. Another Rs. 10,000 for equipment for this college was also recommended.

The importance of Homeopathic system of treatment in a poor country like India was stressed by different speakers at a two day Homeopathic Convention held under the auspices of the International Hanneuman Society of India at Buddhist Hall, College Square.

Delegates from different States attended the convention.

Inaugurating the function on Sunday, the 19th January, Dr. A. B. Roy, Minister of State for Health, West Bengal, stated that the national government had realised the importance of Homeopathic system of medicine. He suggested the formulation of a scheme for the Licentiate Course in Pure Homeopathy. His speech was sent as a message.

Presiding, Dr. S. K. Padiar of Kerala emphasized the need for establishment of more Homeopathic institutions, hospitals and colleges.

Dr. K. G. S. Saxena of Delhi, who was the Chief Guest, regretted that though the Planning Commission had accepted the suggestion made by representatives of Homeopathy in 1952, none of them was implemented by the Central Government so far.

Earlier, Dr. B. K. Sarkar welcomed all, while Dr. M. Das, Hony. Secretary, Homeopathic Convention, urged the State Government to introduce a Bill providing for recognition of the Homeopathic system of medicine.

CORPORATION NOTICES

To Contractors

Tenders are invited in duplicate for the following and will be received by the 2nd Deputy Commissioner on the date noted for each, up to 12 Noon. Each tender in duplicate must be enclosed in a sealed cover and superscribed "Tender for.....". For specifications and tender forms apply to the Keeper of Records. Price Rs. 4/- per set.

1. Supply and delivery of Office Stationery for the year 1958-59. (Earnest money Rs. 250/-).
2. Supply and delivery of Typewriting materials and Duplicating materials for the year 1958-59. (Earnest money Rs. 100/-).
3. Supply and delivery of Cart Number-Plates during the year 1958-59. (Earnest money Rs. 100/-).
4. Supply of cremation articles to the public at the Sri Sri Ram Ramkrishna Mahasman formerly known as the Cossipore Burning Ghat for a period of 3 years from 1st May, 1958 to 30th April, 1961. (Earnest money Rs. 800/-).
5. Prevention of flooding at Pagladanga Road. (Estimate Rs. 5,800). (Earnest money Rs. 138/-).
6. Supply and delivery of Paints and Varnishes during the year 1958-59. (Earnest money Rs. 200/-).
7. Supply and delivery of Drawing Materials for the year 1958-59. (Earnest money Rs. 100/-).
8. Supply and delivery of Flag Stones during the year 1958-59. (Earnest money Rs. 250/-).
9. Construction of a surface drain on the 'Nikashi Drain' at Bediadauga Road, Constituency No. 76, (Estimate Rs. 9,983/-). (Earnest money Rs. 244/-).
10. Construction of a pucca surface drain on the Ninashi Drain at B. B. Chatterjee Road (Banku Behari Chatterjee Road), Constituency No. 76. (Estimate Rs. 9,756/-). (Earnest money Rs. 233/-).

Tenders for 1 and 2 will be opened on 28th, for 3 and 4 on 29th and for 5 & 6 on 30th January, 1958, for 7 & 8 will be opened on 4th February, for 9 & 10 on 5th February, 1958. The rates quoted in the above tenders are to hold good for three months.

B. GHOSH,
Secretary.

CENTRAL MUNICIPAL OFFICE:
The 20th January, 1958.

To All Registered Petty Improvement Contractors

District No. II Engineering Department

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." on 28th January, 1958 up to 2 p.m.

The abstract of the estimate can be seen at the D. E. II's Office (Estimating Section). The Corporation standard specification will apply on the work. Petty tender forms of the Corporation are to be used in submission of tenders.

The successful tenderer shall have to deposit 5 per cent. of the total value of the accepted tender, as security deposit within a week from the date of intimation of the acceptance of tender and shall have to execute an agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid, the tenderer shall be liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the authority and the S. D. for P. I. works may at the discretion of the Commissioner be forfeited.

60. Renovation of two urinals and two latrines at Santosh Mitter Square in Constituency No. 46—Rs. 3,195/- dated 6th December, 1957 (2 months).

61. Repairs to stone sett pavement of Nirmal Lohia Lane from premises No. 7 to Cross Street—Rs. 3,870/-, dated 21st January, 1958 (2 months).

62. Repairs to stone sett pavement of Nirmal Lohia Lane from Armenian Street to premises No. 7—Rs. 3,519/-, dated 21st January, 1958 (2 months).

Please note that words "two months" as printed in italics in clause 8 of the tender form, is to be scored and noted in ink as three months and initialled in case of above Rs. 1,000/- only.

S. MUKERJI,
District Engineer II.

DISTRICT II ENG'G. OFFICE:
The 21st January, 1958

Tollygunge Engineering Department.

Tenders for the following work are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." on the 3rd February, 1958 up to 2 p.m.

The abstract of the estimate can be seen at the above office. The Corporation standard specification will apply on the work. Petty tender forms of the Corporation are to be used in submission of tenders.

The successful tender shall have to deposit 5 per cent. of the total value of the accepted tender, as security deposit, within a week from the date of intimation of the acceptance of tender and shall have to execute an agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid, the tenderer shall be liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the authority and S. D. for P. I. works may at the discretion of the Commissioner be forfeited.

93. Construction of surface drains at Russa Road (East) 1st and 2nd Lanes in Constituency No. 78. Tollygunge—Rs. 1,956, dated 17th January, 1956 (6 weeks).

Please note that words "two months" as printed in italics in Clause 8 of the tender form, is to be read as "3 months" and may be scored and noted accordingly and initialled in case of works valued above Rs. 1,000/-.

A. C. SINHA,
Actg. Dist. Engineer IV

District IV Eng'g. Office:
The 20th January, 1958.

To All Registered Petty Improvement Lighting Contractors

DISTRICT I.

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." on 30th January, 1958 up to 2 p.m.

The abstract of the estimate can be seen at the Lighting Superintendent's Office. Petty tender forms of the Corporation are to be used in submission of tenders. The Corporation standard specification will apply on the work.

The successful tenderer for all works exceeding the value of Rs. 2,500/- shall have to deposit 5 per cent. of the total value of the accepted tender, as security deposit, within a week from the date of intimation of the acceptance of tender and shall have to execute an agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid, the tenderer shall be liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the authority and the S. D. for P. I. works may at the discretion of the Commissioner be forfeited.

Installation of 17 electric lamps of 100 watt each in the narrow passage at Sashi Bhushan Chatterjee Lane, Raja Setu Bux Bagla Lane, Shish Chowdhury Lane and Tarak Bose Lane, Constituency No. 5, District No. I, L-187—Rs. 1,923.52 dated 22nd January, 1958 (2 months).

Installation of 2 Fluorant. lamps of 4 by 40 watt each at Cornwallis Street in front of premises No. 78, Const. No. 13, D-I, L-188—Rs. 1,792.50, dated 22nd January, 1958 (2 months).

Installation of 5 electric lamps of (1-200 and 4-75) in the narrow passage at W. C. Banerjee Street, Thakurdas Chowdhury Lane, Umesh Dutta Lane, Gupta Lane and Ramratan Bose 2nd Lane, Const. No. 20, D-I, L-189—Rs. 464.60, dated 22nd January, 1958 (2 months).

Installation of 1 electric lamp of 2 by 200 watt each at the crossing of Jogen Dutta Lane and Ramesh Dutta Street, Const. No. 21, D-I, L-190—Rs. 509.25, dated 22nd January, 1958 (2 months).

Supplying and fixing 6 improved type fittings in the existing lamps at Beadon Square, Const. No. 21, D-I, L-191—Rs. 240.00, dated 22nd January, 1958 (1 month).

Installation of 3 electric lamps of 2 by 75 watt each at the north side of Balak Dutta Lane, Const. No. 21, D-I, L-192—Rs. 1,378.20, dated 22nd January, 1958 (2 months).

Installation of 1 electric lamp of 2 by 75 watt at Balak Dutta Lane, Const. No. 22, D-I, L-193—Rs. 467.46, dated 22nd January, 1958 (2 months).

Conver. of 2 arc into 4 arc from 2-2 by 160 each to 4-1 by 160 watt at the junction of Kulakar Street and Jogendra Kaviraj Road, Const. No. 24, D-I, L-194—Rs. 484.00, dated 22nd January, 1958 (2 months).

Installation of 2 electric lamps of 75 watt each in the narrow passage at Sewered Ditch off 52, Kali K. Tagore Street, Const. No. 24, D-I, L-195—Rs. 242.48, dated 22nd January, 1958 (2 months).

Installation of 3 electric lamps of 75 watt each in the narrow passage at Ratan Sarkar Garden 2nd Lane, Const. No. 24, D-I, L-196—Rs. 364.84, dated 22nd January, 1958 (2 months).

Installation of 2 electric lamps of 100 watt each at old and new urinals at Mirbahar Ghat Street, Constituency No. 24, D-I, L-197, Rs. 323/- dated 22nd January, 1958 (2 months).

Installation of 2 electric lamps (1-100 and 1-75) at the latrine in Radha Kanta Deb 4th Lane, Const. No. 8, D-I, L-198—Rs. 365/-, dated 22nd January, 1958 (2 months).

Installation of 2 electric lamps of 100 watt each at the female latrine in Canal West Road, Const. No. 10, D-I, L-199—Rs. 360/-, dated 22nd January, 1958 (2 months).

D. M. SAHA,
Lighting Superintendent.

CENTRAL MUNICIPAL OFFICE:
The 22nd January, 1958.

CORPORATION NOTICES—Contd.

To All Registered Petty Improvement Lighting Contractors**DISTRICT No. II**

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." in the 30th January, 1958, up to 2 p.m.

The abstract of the estimate can be seen at the Lighting Superintendent's Office. The Corporation standard specification will apply on the work. Petty tender forms of the Corporation are to be used in submission of tenders.

The successful tenderer for all works exceeding the value of Rs. 2,500 shall have to deposit 5 p. c. of the total value of the accepted tender, as security deposit within a week from the date of intimation of the acceptance of tender and shall have to execute an agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid, the tenderer shall be liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the authority and the S. D. for P. I. works may at the discretion of the Commissioner be forfeited.

Installation of 5 Nos. Electric W. T. Bkt. Lps. of 1 x 100w., each in the narrow passage at Bhowani Dutt Lane, Constituency No. 41, District No. II, L-144—Rs. 624.64 dated 17th January, 1958 (60 days).

Installation of 2 Nos. of Electric W. T. Bkt. Lps. of 1 x 100w., each in the narrow passage at Zukaria Street B/Lane, in Constituency No. 41, District No. II, L-145 Rs. 299.36 dated 17th January, 1958 (60 days).

Installation of 3 Nos. of Electric Lps. of 1 x 100w., each at Ramkanal Sen Lane in Constituency No. 41, District No. II, L-146—Rs. 1,274.50 dated 17th January, 1958 (90 days).

D. M. SAHA,
Lighting Superintendent.

Central Municipal Office:
The 18th January, 1958.

DISTRICT No. IV.

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." on 30th January, 1958 up to 2 p.m.

The abstract of the estimate can be seen in the Lighting Superintendent's Office. Petty tender forms of the Corporation are to be used in submission of tenders. The Corporation standard specification will apply on the work.

The successful tenderer for all works exceeding the value of Rs. 2,500/- shall have to deposit 5 per cent. of the total value of the accepted tender, as security deposit, within a week from the date of the intimation of the acceptance of the tender and shall have to execute an Agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid, the tenderer shall be liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the authority and S.D. for P.I. works may at the discretion of the Commissioner be forfeited.

Installation of 10 Nos. electric lamps W. T. Bracket lamps of 1 by 75 watt each

in the narrow passage at Gopal Nagar Bye Lane, Judges' Court Road Bye Lane and Naba Roy Lane, D-IV, L-92—Rs. 1,192.50, dated 18th September, 1957 (60 days).

Installation of 4 Nos. electric lamps of 1 by 100 watt each at the passage of Moushtala Lane extended upto Dent Mission Road, D-IV, L-159—Rs. 1,780.00, dated 3rd January, 1958 (60 days).

Renovation of 4 L. P. electric lamps of 1 by 100 watt each to 4 Nos. M. P. electric lamps of 2 by 100 watt each at Mohon Chand Road, Const. No. 75, D-IV, L-147—Rs. 646.00, dated 11th December, 1957 (60 days).

Installation of 6 Nos. electric lamps of 1 by 100 watt each at the alignment road (N. Portion) joining Ekbalpore Lane and Mominpur Road, Const. No. 73, D-IV, L-122—Rs. 2,637.00, dated 18th October, 1957 (90 days).

Installation of 3 Nos. of electric W. T. Bracket lamps of 1 by 75 watt each in the narrow passage at Joy Krishna Pal Lane, Const. No. 75, D-IV, L-157—Rs. 512.20, dated 21st January, 1958 (60 days).

Supplying and fixing one switch base at Protapaditya Place, D-IV, L-154—Rs. 200.00, dated 22nd January, 1958 (60 days).

Installation of one M.P. electric lamp at Ekdalia Place, Const. No. 61, D-IV, L-156—Rs. 481.80, dated 22nd January, 1958 (60 days).

Electric installations in extension shed of night school at Garcia Mother Barrack, D-IV, L-158—Rs. 135.00, dated 22nd January, 1958 (60 days).

D. M. SAHA,
Lighting Superintendent.

Central Municipal Office:
The 22nd January, 1958.

Public Notice

In exercise of the powers vested in the Corporation of Calcutta under Section 424 of the West Bengal Act XXXIII of 1951, and in supersession of all previous notices in the matter, it is hereby notified for the information of the public that all rubbish and offensive matter accumulating in all premises situate in Wards Nos. 50, 51, 52 and 53 within the boundaries specified hereunder including or excluding premises abutting on streets or roads hereunder marked as "Included or Excluded" as the case may be forming boundaries of the said Wards, according as such streets or roads are or are not included within the said Wards shall be collected by the occupiers of such premises and deposited in one or more suitable receptacles, as may be necessary, of the kind prescribed hereunder, which should be kept ready by 8 a.m. for removal of the contents once in a day, at a suitable place near the entrance to or within the premises where open space is available affording easy and free access to the Corporation staff engaged for the purpose. Failure to comply with the aforesaid requisition within 1 month from the date of this notification shall render the defaulter liable to prosecution under Section 424 read with Section 537 of the West Bengal Act, XXXIII of 1951 and to the penalty provided therefor.

Note.—"It will be in the interest of occupiers of premises held in severalty to arrange amongst themselves and jointly to provide a number of receptacles which will be sufficient to cope with the total quantities of rubbish and offensive matter accumulating in the entire premises."

Boundaries of the above Wards, the street or road being marked "included" or "excluded" according as premises abutting thereon are intended to be included or excluded in the Wards for purpose of this notice.

Ward No. 50

SPECIFICATION PRESCRIBED FOR RECEPTACLES.

Each receptacle shall be of galvanised iron, circular in shape with a strong bottom fitted with suitable handles and a rat and fly-proof detachable lid with 2 in. rim overlapping the top of the receptacle by at least 3/8 in. all round and shall have a capacity not exceeding 2 c.ft. The lower end of each receptacle shall be provided with projecting rim or iron designed to prevent the lower surface of the flat bottom from resting on the ground.

Note.—Receptacles of the kind prescribed and of the required size can be had for sale in the Central Municipal Stores at 149, Lower Circular Road.

B. K. SEN,
Commissioner.

Central Municipal Office:
The 18th January, 1958.

Auction Sale**NOTICE**

It is hereby notified for information of intending buyers that carts seized under Section 227(1) of the Calcutta Municipal Act, 1951 and not claimed within ten days of such seizure, will continue to be sold by public auction, as heretofore, everyday after 3 p.m., excepting holidays, by the Cart Registration Officer at his office at 185/1, Lower Circular Road, Calcutta, until further orders.

A. K. DUTT,
License Officer

Central Municipal Office:
The 20th September, 1957.

CORPORATION NOTICES—Contd.

Alignment of Street

Notice is hereby given for information for the public that the Corporation of Calcutta as constituted under the Calcutta Municipal Act, 1951, has in exercise of the powers vested in it in this behalf, considered it expedient to approve a plan prescribing the alignment of Prem Chand Boral Street to a width of 40 ft. as shown in the plan prepared for the purpose.

Any person having any objection to proposed alignment may submit it in writing so as to reach the Chief Valuer and Surveyor of the Corporation on or before the 28th February, 1958.

The plan is open for inspection in the office of the Chief Valuer and Surveyor free of cost on all working days during office hours.

B. K. SEN,
Commissioner.

Central Municipal Office:
The 20th January, 1958.

Central Municipal Office:
The 17th January, 1958.

Food Supply Department

Separate sealed quotations superscribed "Quotation for Sugar" and "Quotations for Dals" with samples in sealed covers are

invited by the undersigned for the supply of 150 (one hundred and fifty) maunds (nett) of Sugar, 525 (five hundred and twenty-five) maunds (nett) of Arhar Dal and 75 (seventy-five) maunds (nett) of Gota Musur Dal, to the Food Supply Department, and will be received by the undersigned up to 12 a.m. on Thursday, the 30th January, 1958. The commodities must be dry and fresh and free from any foreign matters. The rates should be quoted for nett weight in rupees and naya paise, and should include the cost of gunnybags and all other charges with free delivery at the Central Stores, 1, Hogg Street, Calcutta—13, where cent per cent weightment will be effected. The supply must be in strict accordance with the samples received from them and any deviation detected within one month in case of Dals, will entail replacement at their cost. Payment will be made after one month in case of Dals and within a period not exceeding one fortnight in case of sugar from the date of submission of the bill. The number and date of current year's Corporation Trade License should be stated on the quotation. Delivery is to be completed within a week from the date of receipt of the order. Bill for partial supply will not be accepted. Opening date should be written on the cover of the quotations.

L. BAI.,
Deputy Commissioner II.

Central Municipal Office:
The 21st January, 1958.

VITAL STATISTICS

For the City of Calcutta for the week ending
4th January, 1958.

CITY OF CALCUTTA (TOWN AND ADDED AREAS.)

The total number of deaths registered during the week was 611 against 677 and 603 in the two preceding weeks and less than the corresponding week of the last year by 115. The general death-rate of the week was 10.46 per mille.

TOWN (WARDS 1—27.)

The number of deaths registered during the week ending 4th January, 1958, was 488 against 525 and 479 in the two preceding weeks. There were 2 deaths from cholera against 4 and nil in the two preceding weeks. There were 6 deaths from small pox during the week against 6 in the previous week. There was nil death from influenza against 1 in the previous week. The mortality from fevers and bowel complaints amounted to 7 and 44 respectively against 12 and 41 in the preceding week. The general death-rate of the week was 10.88 per mille per annum.

There were 55 imputed deaths. Excluding these, the death-rate of the Town was 9.58.

DEMONSTRATIONS IN THE CITY

The work in the Calcutta Port has become partly collapsed for the last few days with the demonstrations staged by the Port labours. The demands were mainly for increased emoluments and other benefits and privileges. Failure in leadership differences in opinions in the shape of 'wheels within wheels' are some of the causes for the prolongation of the strike.

The All Bengal Teachers' Association also held a convention in support of their demands started earlier on Sunday, the 19th January at Wellington Square. Resorting to hunger strike on the non-fulfilment of some of the Teachers' demands, was the decision taken on the occasion.

Unrest among student community was witnessed also in the city when a few students of the Surendranath College undertook hunger strike for a few days.

There were 106 deaths from respiratory diseases against 88 in the previous week.

There were 31 deaths from tuberculosis against 41 in the previous week.

ADDED AREAS (WARDS 28—32.)

The number of deaths registered was 123 against 152 and 124 in the two preceding weeks. Of these, 1 was from cholera, nil from small-pox, nil from influenza, 5 from fevers, 23 from bowel-complaints and 30 from respiratory diseases. The death-rate of the added areas was 9.34 per mille.

There was no imported death. Excluding this, the death-rate was 9.34.

There were 6 deaths from tuberculosis against 12 in the previous week.

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying basar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Black sun badges with White numbers from Nos. 1 to 330.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the coolie.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the licensee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 a.m. to 7 p.m.; between 7 p.m. to 12 a.m. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Rs. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-misconduct by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

S. M. MURSHED,
Offg. Superintendent, S. & S. Bagg Market.

MUNICIPAL SOCIALISM

"In the world, civic affairs are consciously or unconsciously moving towards municipal socialism. One ought to understand what this term implies; there is no need to fight shy of it. The work that has been undertaken by the municipalities of some of the western cities would have been unthinkable 20 or 30 years ago. For example, look what the Vienna Municipality has done, and the Birmingham Municipality which has started its own Bank. Other duties and responsibilities have been undertaken by municipalities.

Municipal socialism is nothing but collective effort to serve the entire community. If that were done, the Corporation would be serving not only the particular city concerned, but humanity as a whole.

It has been frequently said by foreigners that municipal development in India has been due to contact with the West, and that before that contact very little had been achieved in India. I want to give the lie direct to this claim. In municipal matters Indians are building on ancient foundations just as they are building on ancient foundations, in matters of political freedom. May I refer to the ancient relics of advance as found from the Mahenjo Daro excavations. Even after that, there was the Mauryan Empire with its capital Patliputra. The books about this ancient city tell of the varying functions that were carried on by the Patliputra Municipality which compares favourably with the most modern civic bodies in the world. It is necessary to remind ourselves about this, as due to long servitude we have forgotten our own past."

Shri Subhas Chandra Bose replying to an address presented to him by the Bombay Corporation. January, 1938.

EDITORIAL

LONG LIVE NETAJI

YEARS roll on. Race after race, man after man, pay homage to the country's beloved leader SHRI SUBHAS CHANDRA BOSE. People iterate and re-iterate in worshipful mood their renewed pledge to love and honour that great leader. There is also a whispering murmur about so much pomp and show, and glitter all around us. Why the city's air is overladen with so many brassbands? All these are questions. Still the events of this auspicious day remain fresh in the memory of the people throughout the year. The very name of Subhas Chandra is echoed and re-echoed day after day in the streets, in public halls and almost everywhere. It is true he was possessed of a dynamic personality like some others. And he had the rare combination of a brilliant intellectual and a forceful organizer. But he lives, above all, because of his achievements and adventures. People in many lands sing of his deeds and glory in them.

CALCUTTA'S respectful celebration on the Birth Day of Netaji Subhas Chandra has surpassed all others as he belongs to this city. Pregnant with a mission he left his Motherland yet his very name is adored and will continue to be so as long as this city lives to-day and to-morrow, and the day after.

WE may not have understood his total greatness, may not have seen the vision that he opened up. Still we must respond to his call, must obey the lead in respectful remembrance of his mighty deeds. Let him shine forth in splendour, for ever and ever.

SIXTY-SECOND BIRTH-DAY CELEBRATED

City's Homage To Its Beloved Leader

IN pomp and grandeur the city celebrated the Sixty-Second Birth-day of that great leader of men through innumerable functions on 23rd January last. The day dawned with marching of *prabhat pheries*, followed by hoisting of tri-colour flags and garlanding of Subhas Chandra's portraits or buste in parks and squares and open spaces. The day's programme in the city also included parading of two big spectacular processions from the two ends, north and south. There was a central rally at the Maidan under the foot of the Ochterloney Monument. The City's Mayor, Dr. Triguna Sen, presided. Eminent citizens spoke in that meeting including the University Vice-Chancellor, Prof. N. K. Sidhanta, Dr. P. N. Banerjee and others.

In the Central Municipal Office Buildings, S. N. Banerjee Road, there was a ceremonial function in the morning. The life size portrait of Netaji Subhas Chandra, with the military uniform on, was garlanded by the Mayor Dr. Sen and others. Speeches then followed.

In Netaji Bhawan, Elgin Road, a week-long function was inaugurated in that morning with the Poets' Homage. Kavisekhar Kalidas Roy presided—while famous Bengali poets read their poems on Netaji. In the evening Shri Ashoke Mehta, M.P., gave a talk on "Netaji and Socialism. At Mahajati Sadan, Central Calcutta similar functions were also arranged. The Sadan was brilliantly illuminated on the occasion. The Corporation sanctioned a sum for the purpose.

There were other functions in the city not only on that day alone but also on the days following. The All-India Radio, Calcutta Station, broadcast a special programme on that evening.

CALCUTTA CAN NEVER FORGET HIS DEEDS

To the Corporation Shri Subhas Chandra Bose was something more than usual. He was City's Mayor, Alderman, Councillor, Chief Executive Officer, Leader of the majority party and above all a moulder of the institution in his own ideals and dreams. Thus the day attached a special significance to this civic body and it was befittingly observed. The Council Chamber was profusely bedecked with flowers and foliage. His portrait was lined with blooming roses. So also the portraits of other leaders who once adorned the Chamber. The whole atmosphere was charged with the smell of the sweet incense burning on.

Amidst chanting of the song '*He Bir Purno Karo*' the Mayor Dr. Triguna Sen garlanded the portrait. He was followed by the Deputy Mayor, Shri Keshab Chandra Basu, Councillor J. L. Saha M.L.C., the Commissioner, Shri B. K. Sen, Shri L. N. Bal, Deputy Commissioner and others.

Earlier, the Mayor, in a short speech tried to impress upon the minds of the audience that in order to realise the ideals of that leader one had to devote himself fully on work and deeds. Dr. Sen paid his personal tributes by reciting a short Bengali poem composed by one of his friends, Shri Sabitri Prasanna Chattopadhyaya, entitled '*23RD JANUARY*'.

Paying his homage to Subhas Chandra, Alderman Dr. Amiya Kumar Bose regretted that if his countrymen would have followed the principles laid down by that leader then there would have been lessening of the miseries of the people. The country's reconstruction would have been on a quicker space.

Categorically Alderman Bose analysed the activities of Subhas Chandra and he was confident to state that the leader had left lessons and examples for his countrymen to follow for attaining manhood. His unblemished character, unique

bravery, ironed discipline, self-restraint and other qualities were no doubt glaring examples with which a nation was favoured to achieve her independence' said Alderman Dr. Bose.

Councillor J. L. Saha, M.L.C., was also perplexed to look how the people were found to trod over faltering paths in spite of the fact that a right direction had been pointed out by men like Netaji. Has these thirteen years of the observance of his Birth-day Anniversary placed the nation in a position worth-mentioning, Councillor Saha hastily questioned?

Councillor Bejoy Kumar Banerjee, who had once a chance to serve under Subhas Chandra's as leadership in the Corporation, also paid his personal tributes.

The function started with the singing of '*Bande-Mataram*' and concluded with '*Jana-Gana*'. The music was provided by the Corporation Dramatic Club under the direction of Shri Himaghna Roy Chowdhury.

A large number of Aldermen and Councillors and Corporation officials watched the function.

AT TIFFIN ROOM

There was another function in the afternoon, organized by the Managing Committee of the Corporation Tiffin Room wherein the Mayor also presided. The Tiffin Room owes its existence to Shri Subhas Chandra Bose then as the head of the administration for the benefit of the employees.

Dr. Sen emphasized on the significance of observing the day while other speakers including Councillor Anil Maitra, Shri Abinash Chandra Bhattacharyya, Secretary, Employees' Association, and Shri Anirudha Sanyal, Assistant Secretary, eloquented the activities of Netaji Subhas.

The function was marked with music both instrumental and vocal. A recitation of poem, on

Netaji, was rendered by Kumari Kumkum Sanyal, Gitar was played by Shri Batuk Nandi and his party.

TIFFIN ROOM COMMITTEE'S NEW ENTERPRISES

Shri Subhas Kumar Bose, a student of Calcutta Presidency College, receives an amount as Netaji Subhas Scholarship awarded to him for securing highest marks in the last School Final Examination among the children of Corporation employees. The Scholarship in the shape of Rupees Ten a month is tenable for two years only. Shriman Subhas Bose is the son of Shri B. K. Basu, Superintendent, Palmer Bridge Pumping Station. The Mayor Dr. Sen distributes the prize while the Chairman of the Tiffin Room Committee, Shri A. K. Mitra, looks on (picture above). Two prizes also to be awarded to students of the Corporation Primary Schools for writing essays on 'Netaji's Life and Activities' adjudged to be best ones. So far 400 such writings have been received, and the decision will be taken soon.

PHOTO: S. B.

AT NETAJI BHAWAN

At Netaji Bhawan, Elgin Road, where a week-long function was organized, National Flag was hoisted in the morning. Long queues were found before Netaji Bhawan both in the morning and in the evening. There was a display of how the leader lived at the Bhawan which was decorated with flowers and illuminated at night.

In the inaugural function Poet's Homage to Netaji was made with Kavishekhar Kalidas Roy in the chair. Those who participated in were Shri Narendra Dey, Shri Sabitri Prasanna Chatterjee, Dr. Kalikinkar Sen Gupta, Shri Premendra Mitra, Shri Gopal Bhowmick, Sm. Bani Ray and others. A programme of Tagore's national songs by 'Surangama' the Music Section of Sarat Bose Academi was gone through with Shri Asoketaru Banerjee, Sm. Nilima Sen, Shri Prosad Sen and others.

In the evening Shri Ashoke Mehta spoke on "Netaji and Socialism". Shrimati Suchitra Mitra and Dwijen Chowdhury sang songs of the national movement.

SUBHAS CHANDRA A SYNTHESIS

In his speech Shri Mehta praised Netaji's organizational capacity and fearlessness. He explained the importance of organization in an under-developed country where there was paucity of

২৩শে জানুয়ারী

কাল হতে কালান্তরে স্মরণের সরণী বহিরা
চলে যাবে মৃত্যুহীন হে নির্ভীক ভারত-পথিক
তবু তব পদচিহ্ন ধন্য করি ধরণীর ধূলি
পরিচয় দিবে তব সে জয় যাত্রার।
ক্ষুধা তৃষ্ণা মৃত্যুক্রান্তি দুর্বীর সংগ্রাম
যুগমানবের মনে জাগায় বিস্ময়
চক্ষুর সম্মুখে রাখি পথের নিশানা
কোনো এক মহাবিশ্ববীর।
প্রত্যাসন্ন মৃত্যুভীরু আয়ে প্রস্তুতি
সংকেতের অপেক্ষায় গগিবে প্রহর।
জন্ম ও মৃত্যুর হাতে রক্তরাজ্য রাখী
তুমি যে পলায়ে দিলে আপনার হাতে
মহামৃত্যু মহোৎসবে,—
তাহার মহিমাদীপ্ত পূর্ব-এশিয়ায়
জীবনে এখনো জাগে নতুন স্পন্দন,
বন্ধন-বিমুক্ত নব জীবনের আবির্ভাব লাগি।
আমরা হেথায় বসি মহাকৌতুহলে
গবেষণা করি শব্দ তোমার মৃত্যুর;—
দৃষ্টিনা, অপঘাত, চক্রান্ত অথবা
শত্রুহস্তে গোপন-হত্যার
তথা আহরণ চলে—ক্ষীত অহঙ্কারে।
তুমি কি করিবে ক্ষমা
অপোরূষ এই মৃত্যুরে?
লক্ষ্য অবহেলা করি উপলক্ষ্য লয়ে যারা আজ
নিজেরা বিভ্রান্ত হয়ে প্রাপ্তি আনে মানুষের মনে
তারাতো তোমার ভক্ত নয়;
যারা ভক্ত তাহাদের হৃদয় আসনে
অটল প্রতিষ্ঠা তব নিরবধি কাল।
রেখে গেছে যে বৈভব মহামানবের
আকাশের মহা ব্যাপ্তি
সাগরের নিঃসীম মহিমা
তার মাঝে রয়েছে গোপন;—
তাহারে প্রকাশ করি অনন্ত আলোকে
চলে যাবে অসংশয়ে তারা।
উদ্ভিত কি অস্তমিত সূর্য আকাশের
তারি লাগি কৌতুহল কার?
তারি লাগি দীপ্ত দিবালোক
রাতি অন্ধকারে কেবা করে অস্বীকার?
তুমি সত্য, সত্য তব সাধনার বাণী
আরো সত্য মৃত্যুহীন সে মহা জীবন—
নিহিত তাহারি মাঝে
মহাবিশ্ববীর জয়গান।

শ্রীসাবিত্রীপ্রসন্ন চট্টোপাধ্যায়

capital. According to him Netaji was a philosophy of synthesis.

Shri Mehta further said that Netaji never believed in tailoring his ideals to suit the ideological trends. With an empirical approach he sought to adjust multiplicity of means to a single, inflexible end. With a fearless approach he sought to discover the core of creative spirit behind fascism and

never discorded fascism as something wholly unacceptable. Similarly Netaji sought to arrive at a synthesis with communism.

In the programme there were talks and discussions, debating competition and symposium. Accompanied by songs of different Indian States and dances of different nations the week-long function concluded on the 29th January. The symposium on "Socialism" was participated in by Prof. H. N. Mukherjee, M.P., Shri S. N. Tagore and Prof. A. Dutta.

TWO SPECTACULAR PROCESSIONS

The most spectacular of the day's events was the two big processions, one from Deshapriya Park

ALL-INDIA RADIO

The Calcutta Station of All-India Radio broadcast talks on Netaji and presented extracts from his writings in the evening of the 23rd January last. A special programme from Delhi which included two plays in English and Hindi, "Valiant Spirit" and "Kadam Kadam Badhaye Ja", was heard later on.

"CIVIC SUBHASCHANDRA" was the subject of a talk delivered by Shri Amal Home, the Founder Editor of the "Gazette" and at present Chief Information Officer, D.V.C. Shri Home dwelt on the multifarious activities of Subhas Chandra both as a Mayor as well as the Chief Executive Officer, Calcutta Corporation. It also referred to his untiring efforts for bringing about improvements in the then civic administration.

"Subhas Chandra's contribution to National Struggle" was the subject of another talk delivered on the occasion by Shri Hemendra Prasad Ghosh, the noted Journalist of that age. The speaker briefly covered up all the phases of the activities of that great leader taking part in country's struggle for freedom.

in south and the other from Deshabandhu Park in north. Volunteers on bicycles and motor cycles preceded the processions. Decorated lorries carried life-size portraits of Netaji in military uniform. Volunteers on horseback and pipe bands were spe-

cial attractions. A large number of people including women and children lined the routes. The processions wended through the main streets. One of the processions touched the Netaji Bahavan.

NETAJI COULD EVER BE FORGOTTEN

At a rally organized by the Netaji Celebrations Committee on the Maidan speakers referred to Netaji's supreme devotion to the country, his uncompromising spirit in the freedom's struggle, his organizational abilities and his anxiety for poor and distressed people.

In one of the resolutions the meeting also urged the authorities of the Universities of Calcutta, Jadavpore and Viswa Bharati to take steps to open separate departments for the study of Netaji's philosophy and to introduce Netaji Research Scholarships.

The Mayor Dr. Sen who presided asked the youth to be inspired by the ideals of the great leader. Much of the present drawbacks from which the society suffered could be removed if people would have followed the inspired lead of Netaji Bose, he added.

The Vice-Chancellor of the University, Prof. N. K. Sidhanta, who was the Chief Guest, said that Netaji made extraordinary sacrifices for his country and it was inconceivable that he would ever be forgotten.

Speakers in that meeting included Dr. Pramatha Nath Banerjee, an Ex-Minto Professor of Economics, Shri Hemanta Kumar Bose, M.L.A., Shri Deven Sen, M.L.A., Shri Somyendra Nath Tagore and others.

After the rally a fireworks display was held on the Maidan.

AT MAHAJATI SADAN

The Mahajati Sadan, a building fulfilling the dreams of Subhas Chandra, was brilliantly illuminated. The Celebration Committee there under the Presidentship of Shri Hemanta Kumar Bose, M.L.A. also arranged a four-day variety programme. On each day there was discussion and deliberation by people who knew or understood Netaji's ideals.

On the second day Shri Asoke Mehta, M.P. who was the guest-in-chief, said that Netaji Subhas Chandra gave the people of India a new force for national unity based on democratic ideas which was spontaneously backed by the people of the country. Shrimati Lila Roy presided on that day.

REPUBLIC DAY CELEBRATIONS IN THE CITY

*Right:—*Calcutta Corporation's celebrations included hoisting of National Flag by the Deputy Mayor Shri K. C. Basu.

*Below:—*Indian Navy men participating in the Republic Day Parade at Mayo Road.

OUR PLEDGE ON THE REPUBLIC DAY

INSPIRED by a great son of this city once the Indian National Congress took a vow on behalf of the people of India, to give an ultimatum to the then alien Government in regard to the destiny of India. It was as early as 1928 when the Congress was holding its annual conference on the eastern parts of this great city. Another significant event on that day was that the commoner and humbler men took the then National Flag as their own flag and fully shared with the decision for Independence for India. Those decisions were re-iterated everywhere during the years that followed. And happily, the National Congress vowed on the 26th January, 1930.

"The inalienable right of the Indian people, as of any other people, to have freedom and to enjoy the fruits of their toil and have full opportunities of growth."

That pledge came out true and India became an independent Sovereign Republic twenty years later on that very auspicious day.

Since then the country's 'last drop has been shed', 'the fainting spirit fell' in order to implement the two National Plans for an early deliverance of the country from poverty and pestilence. On the eve of this year's celebration of the Republic Day, the President of the Indian Union, has rightly observed that 'there has been a collective endeavour on a nation-wide scale to re-construct our economy, to improve our social conditions, and to enrich our cultural life.'

Supporting the claims of the Plans, the President has also said:—

"Eradication of poverty, the spread of education so that ignorance and illiteracy are liquidated, and the provision of minimum civic amenities and domestic comforts—all these call for material resources without which the urge to progress may get blunted and popular enthusiasm chilled. Therefore, those responsible for shaping our policies have given due place to the development of the nation's material resources in our programmes. For the achievement of this object and in order to raise the level of India's prosperity we have resorted to modern planning."

In the 'New Era of National Reconstruction and Regeneration' we must accept the procedure of stock-taking and find out our position keeping abreast with the great developments in the wider world in the realm of science and in other spheres of knowledge. Accepting those moral and spiritual values no one should fail to respond to those developments with an open mind and to play his part for the good of society at large.

Voiced to these ideals the citizens of this great city must ponder over the greatest task before us after independence in reconstructing the country'. Citizens would also take the vow on this historic day that 'we dedicate ourselves to the same task—as a duty towards our country'. It is for that reason that Calcutta shall set up an example of self-dedication for National Prosperity for other cities to emulate, as it did in the past days of the country's struggle for Freedom.

Calcutta Observes

Republic Day

JANUARY 26—a memorable day in the history of India, was observed with due solemnity on Sunday in the city and its suburbs. Innumerable functions were organized in this connection. National Flags were unfurled ceremoniously in those functions. In many of the places floral tributes were offered on the *Saheed Bedi*. On the tops of public buildings as well as on private houses national tri-colours flew and fluttered. At night, Raj Bhaban and other public buildings dazzled by high-powered electric bulbs.

EIGHTH ANNIVERSARY of the birth of the Indian Republic was also marked with an impressive ceremonial parade on Red Road. Contingents drawn from the armed forces, N.C.C., Police, Ambulance and Fire Service participated in that function. The State Governor, Shrimati Padmaja Naidu, took the salute from the flag base. In the evening there was a State Reception at Raj Bhaban.

CITY CORPORATION's function was brief but solemn. The Deputy Mayor, Shri Keshab Chandra Basu, hoisted the National Flag in the quadrangle of the Central Municipal Office Buildings, S. N. Banerjee Road, in the morning.

The day's celebrations began with a function at Gandhi Ghat, Barrackpore, where wreaths were placed at the base of the memorial column on behalf of the State Governor, State Ministers and the public.

COUNTRY'S DEMOCRATIC CONSTITUTION PROVIDES A UNIQUE OPPORTUNITY

The quadrangular lawn of the Central Municipal Office Buildings was tastefully decorated with tricolours. A dais was also erected on the occasion wherein the Deputy Mayor, Aldermen and Councillors, high officials and respectable guests took their seats. Amidst reiterated sounds of 'Bande Mataram' the National Flag was hoisted by Shri Basu. A big flag was then flown on the top of the building. A sweet music went on for some time to prolong the function.

In his speech the Deputy Mayor asked all present to re-new their pledge for re-constructing the country. He also appealed to the citizens to think how they could work together for sustaining and strengthening the republican character of the Indian polity. The country's democratic constitution has provided a unique opportunity to the citizens to develop in each and every man and woman a sense of self-attainment, he added.

The function concluded with the renderence of National Anthem by the members of the Corporation Dramatic Club.

CALCUTTA IN HONOURS' LIST

This year's Republic Day Honours' List includes many of the important citizens. There were 86 awards in all including Bharat Ratna to Shri D. K. Karve, a 99-year old well-known social worker, educationist and pioneer of women's education in Bombay. Among others mention may be made of Shri Debaki Kumar Bose, film producer, Shri Satyajit Roy, film director, two of our important citizens. They have been awarded Padma Shri.

There are five women recipients including the two popular film stars Kumari Nargis and Shrimati Devika Rani who have been awarded the same honour. Though not belong to this city still their appearance on the screen has enabled them to earn so much popularity that they are now considered as citizens.

AN IMPRESSIVE REPUBLIC DAY PARADE.

Just with the break of day batches of people came out with chanting of national songs. A larger number were found to rush towards the Maidan. Children formed a major part of those visitors. Thousands of them thronged on both sides of Red Road to watch the parade. The wide road and the saluting base near the statues of Lords Roberts and Lansdowne offered the spectators a panoramic view of the parade.

Rear Admiral R. D. Katari, Flag Officer Commanding Indian Fleet; Major-General T. Henderson-Brooks, Divisional Commander; Group Captain R. Sen, I.A.F. Station Commander, Resident Naval Officer, Commander P. Vasudeva; members

of the diplomatic corps, senior civil officials and leading citizens were among those who watched the parade.

Group Captain Ranjan Dutt was invested with the Vir Chakra for outstanding services during the Kashmir operations and Captain Nirendra Chandra Das for his valuable service as an anaesthetist of the surgical team which took part in an operation behind hostile lines.

Accompanied by her A. D. C's, the State Governor, Shrimati Padmaja Naidu, went there in an open tourer. She was escorted by Calcutta police motor cycle outriders. She was received by the Chief Secretary, Shri S. N. Ray, and led

to the saluting base. The West Bengal police brass band played the National Anthem and the national flag was unfurled.

Citations of the awards were then read and Shrimati Naidu decorated Group Captain Dutt and Captain Das.

SMART INFANTRY LED THE MARCH

The March Past was led by smart infantry units followed by colourful pipe bands of the Garhwal Rifles and the Jammu and Kashmir Infantry bands, dressed in saffron and red. Brigadier M. C. Mehta led the march past. The army contingents were followed by the contingents of the Indian Navy who were very smart in white. The Indian Air Force contingent completed the Armed Forces representation except for the mechanized units which included armoured cars.

INVESTURE OF 'VIR-CHAKRA' TO CAPT. NIRENDRA DAS

The State Governor, Shrimati Padmaja Naidu, awarding the Chakra to Capt. Das for his courageous determination, self-less devotion to duty, sound professional ability, great resourcefulness and commendable initiative in the execution of his duties. As Anaesthetist in the Para Surgical Team, Indian Ambulance, the officer took part in an air-borne operation.

PHOTO: ANJAN GUPTA

The Territorial Army and the National Cadet Corps, both senior and junior, were no less impressive. Other units which took part in the parade came from the West Bengal and Calcutta Police Forces, the Calcutta Special Constabulary, the West Bengal National Volunteer Force, the Bharat Scouts and Guides, the St. John Ambulance Brigade, the Corps of Military Police and Calcutta Mounted Police.

OTHER FUNCTIONS

In the evening and afternoon citizens were out holidaying over the streets. Indian Frigate "Mysore" was thrown open to the public on that afternoon. Hordes of people, men, women and children, visited the ship till evening. There were other functions and arrangements of public interest.

Under the auspices of Ward No. 82, Milan Parishad, there was a cultural function in that connection in the Federation Hall, Upper Circular Road, wherein Shri Kishore Charan Laha, presided. The Justice Mr. Sankar Prasad Mitra was the Guest-in-Chief. The speakers included Shri

TROUBLED WORLD NEEDS INDIA'S HELP

Shrimati Padmaja Naidu, the Governor of West Bengal, in a message of broadcast from All-India Radio, Calcutta, on Republic Day, said:—

"Eight years ago we adopted a Constitution granting to all citizens of India, social, economic and political justice, liberty of thought, expression, belief, faith and worship, and equality of status and opportunity. Every year on this day we dedicate ourselves anew to the sacred duty of implementing all the pledges embodied in that Constitution so that we may be able to guarantee to all our people some measure of property and security".

She said "The year that has elapsed has been one of travail for the people of West Bengal. The grave distress that had been caused in many districts of the State by the unprecedented floods that occurred in September, 1956 was followed by a persistent drought last year which further affected the rice crop, the staple food of our people. As a consequence of this, prices have gone up greatly aggravating their suffering. The coming year is, therefore, going to be a period of trial and it is imperative that we should all unite to overcome the difficult food situation. Because of the sequence of natural disasters all the co-ordinated schemes, both short-term and long-term, started in the wake of independence for flood control and the harnessing of rivers for purposes of irrigation, have been retarded and we have not been able to achieve the progress that we had expected.

In conclusion Shrimati Naidu said "The troubled world of to-day turned more and more for guidance to the peace-loving people of India and hence, we will have to pledge ourselves anew to the fulfilment of the task paving the way to peace and prosperity in the whole world and at the same time securing for our people freedom from want".

Kumaresh Ghosh, Shri Kamini Kumar Ghosh, M.L.C., and Principal Ramani Mohan Roy.

The Republic week was also celebrated by the citizens of South Calcutta through a number of functions held near Lake Market, Rash Behari Avenue.

MIDDLES

JATIYA KRIRA O SAKTI SANGHA

Since the year 1939, the Jatiya Krira O Sakti Sangha took active part in the struggle for freedom. Popularising national sports and games, to revive the national spirit amongst the young generation of Bengal it had played an important part in the regeneration of the nation. But after the achievement of Independence the Sangha have adopted another programme both for men and women. It has restricted mainly (a) to promote physical, mental and moral education through sports, games, physical culture, seminars and other allied activities, (b) to infuse the spirit of discipline, obedience and unity generally based on military methods, (c) to remove illiteracy among the mass, (d) to build up character through social services, (e) to train physical education teachers and club leaders, (f) to promote camping and excursions and others.

The Eleventh Annual West Bengal State Physical Training Camp, organized by the Jatiya Krira O Sakti Sangha has concluded its session on December 31, 1957. The spacious open plot situated at the junction of Southern Avenue and Baroj Road near the Lakes was requisitioned for the purpose from the Calcutta Improvement Trust. The Mayor, Dr. T. Sen, inaugurated the Camp on the 23rd December last. Over 1,100 boys and girls representing various schools, colleges and social welfare organizations attended. The Campers were classified as Students—80 per cent., College Students—5 per cent., Teachers—5 per cent., Social Workers—5 per cent., Industrial Workers—5 per cent.

The daily programme included, Prayer, P. T. Drill, First-aid Training, Tailoring Class, Handicraft Training Class for girls, Sports and Games Classes, Lectures on Physical or Mental or Moral Education, Discussions, Bratachari, Lathi and Yog Bayyam Training Classes, Special Training Classes for Social Adult Education Teachers, National Games and such like. The Camp Fire was the last item of the day's programme. The campers were allowed to see the display and demonstration held every evening on various physical feats, sports, games, bratachari, volley-ball, etc., in order to form an idea about the practical progress made in regard to physical culture.

The Training part of the camp programme was conducted with the help of many organizations namely 118 Infantry Battalion T. A., Bengal Bratachari Society, West Bengal Kabadi Federation, West Bengal Physical Teachers Association, and others.

Lectures related to mental, moral and physical education were delivered by eminent persons like Shri Atulya Ghose, M.P., State Congress Chief, Shri Prafulla Chandra Sen, Dr. R. Ahmed, Dr. Anath Bandhu Roy, Shri Ajoy Mukherjee, Shri Khagen Das Gupta, Shri Bhupati Majumdar, Janab Abdus Sattar, Rai Harendra Nath Chowdhury, Ministers, Councillor Dr. B. C. Basu, Dr. D. M. Sen, Education Secretary, Shrimati Maya Baner-

jee, Shri Sinarajit Banerjee, Deputy Ministers and many others.

The Corporation sanctioned a sum of Rs. 1,000/- for providing filtered and unfiltered water in the Camp. The R. W. A. C. opened a 8-Bed Hospital to attend the sick. The Arabindo Dal of St. John Ambulance Brigade opened a First-aid Post. The Indian Post and Telegraphs Departments also opened a temporary post office. Temporary stadium was erected at the eastern side of the camp with an accommodation of 10,000 persons. The special feature of the camp was health examination of the campers carried out by the members of the South Calcutta Doctors' Club under the leadership of Councillor Dr. B. C. Basu. The Ministry of Education, Government of India permitted 200 students and 16 instructors under

Shri S. D. Banerjee, Speaker, praises the Sangha (on the mike). The Mayor, Dr. T. Sen sitting on his right.

National Discipline Scheme to attend this camp. The students under the scheme received admiration from the authorities for their high sense of discipline as well as for their unique performance of Lezim and Malkham.

The women's branch of the Sangha opened a stall in the camp for the disposal of the goods produced in their vocational training centres.

Neat cultural programmes were arranged for the entertainment of the campers every day in which prominent Artistes, Musicians, Magicians, Instrumental Musicians and Caricature Players took part.

The Camp was visited by about 50,000 people from every walk of life. Air Marshal Shri Subrata Mukherjee in course of his visit of the Camp complimented the campers and organisers for the nice organisation and administration of the Camp. Among the other visitors were Shri Kalipada Mukherjee, Minister, Shri Kalobaran Ghose, Councillor Ushanath Sen, Shri Rabindra Lal Sinha, M.L.C., Alderman Shrimati Protima Bose, Dr. Arabinda Barua, Education Officer, Shri S. P. Sen.

The Tocsin Sounds For The Youth Of Bengal

[SHRI BINAY JIBAN GHOSH, M.A., SECRETARY, CORPORATION OF CALCUTTA]

This College has been, so to say, woven into the texture of my being. It is my College; it is my father's College; it is also my grandfather's College; three generations of my family passed through the portals of this seat of learning as students.

Immediately after finishing my student's career I entered this institution as a teacher. I consider that day in February, 1931, when I first returned as a teacher to this College, where I had been a pupil, as the proudest day in my life and shall continue to do so till all my days on this earth are over.

I did not leave this institution; I was dismissed from my post, and externed from the District of Midnapore, the home of my forefathers, by the British rulers of the land at the close of 1938. The whirling eddies of the nation's struggle for emancipation from foreign thralldom has tossed me far away from the academic campus of elevating pursuit of knowledge and joyous youthful association. But my heart still hearkens back to the College and its students. I would fain be back in their midst.

Those were stirring times—the three years during which I was one of the lecturers in this College. Events which contributed not a little to the shaping of the future destiny of the Indian people were happening in the town, and throughout the District of Midnapore. Among my students of this College were the Martyrs, Prodyot Kumar Bhattacharjee, Mrigendra Kumar Dutta, Brojokishore Chakraborty and Nirmal Jiban Ghosh—the last-named my younger brother. These, and other young heroes gave their lives so that generations of Indians to come might live in freedom and joy for ever. It would be a heinous act of ingratitude on the part of the people of Midnapore if they fail to cherish for ever in deep reverence, gratitude and love the imperishable memory of the Martyrs I have mentioned above and many another who laid down their lives for the freedom of the land. I had the great good fortune of knowing them well and intimately, and can vouchsafe that nobler, truer and braver soul could there hardly be in any age or clime. The youth of Midnapore can always feel legitimately proud of these illustrious young men, but on one condition only, viz., that they honestly and sincerely attempt to emulate in their own lives the sterling qualities of noble and heroic manhood which those young men possessed. The world shall end ere I forget those shining dear faces. My heart never ceases to hearken back to them.

They mounted the gallows shouting with their last breath "Victory to Independent India"—their unextinguishable dream, their unshakable faith. To-day India is independent after over well-nigh

a thousand years of alien domination. We have all been blessed with the spectacle of that miracle of India's history happening before our very eyes. Though shorn of some of its parts India is now a Sovereign Democratic Republic. Political Sovereignty is the life-blood of a people. But it is not enough for a great people. Our leaders, presumably to buck us up, are often humouring us by declaring repeatedly that we are a great people. A poor and small fry as I am, I emphatically and vehemently denounce that sort of backpatting as it is detrimental to the mental hygiene of the nation. I want to tell you that, as it is to-day, we are a very miserable and backward people—unprogressive, ill-fed, ill-clothed, ill-housed and ill-educated. We are certainly not a great people to-day, and let us have no illusions about it, we are not likely to be a great people within a foreseeable future. We can become a great people only on condition that the national character improves out of recognition; the administration of the State is run on right lines free from corruption, nepotism, jobbery and intrigue; the economic development proceeds in the proper direction, viz., towards an equal distribution of wealth and national income among all classes of the population.

Afghanistan has been a free land throughout, but Kabulis are not even to-day an advanced people. India always had a vast size, population and resources, but these advantages alone did not make us a great people in the past and will not make us by themselves a great people now. In spite of those features India remained under the heels of successive hords of foreign conquerors for about ten centuries. The picture to-day is dismal. The national character is at a low ebb; it has degenerated fast and appreciably after achievement of political independence. This may sound paradoxical. But I have found the explanation for this after considerable thought and mental wrestling. India's finest achievements whether in the field of national struggle, national literature, national industry, or national arts during the last hundred years were inspired by a zeal born out of a burning shame for political subjection and an ardent aspiration to show to the world that we, Indians, were in no way inferior to our white British masters in any sphere of human activity. On August 15, 1947, that source of national inspiration was cut off, and a spirit of slackening of ideals and of grabbing immediate gains and vantage positions seized the leaders of the nation. The erstwhile venerated and illustrious patriotic national leaders, while ceaselessly urging on the people and the masses and specially students and young men to be prepared for further suffering and privation and sacrifice for the nation, secured for themselves high and honoured positions of power and patronage

Presidentship, Vice-Presidentship, Governorship, Chief Ministership, Ministership, Deputy Ministership etc., residing in magnificent palaces of British ex-rulers of the land and driving new models of luxurious limousines.

Graft and bribery and corruption had been universal and widespread in all ranks of the administration and in all branches of industry and commerce in India even during the British rule. These things have continued unabated, if they have not actually doubled and trebled due to larger scope and greater opportunity for plunder and pillage of public money during the post-independence decade. During the peak of the national struggle the Indian people had before their eyes the ennobling and uplifting example of young men mounting the gallows for an ideal, of noble and gifted leaders courting imprisonment and sacrificing their all for the great ideal of national freedom. After independence people have only seen these former idols of the nation fighting shamelessly and abominably for Chief Ministership, or future succession to Chief Ministership, as recently witnessed in the sister State of Bihar. Every worshipful patriotic national leader has, after independence, secured for himself a comfortable and honoured Guddee and seems determined to stick like a leech to his Guddee till death doth him part from it. No wonder the whole national morale has become ferociously selfish and unspeakably sordid.

Most assuredly we shall aspire to be a great people. But no nation becomes great just by repeating that they are a great people. Through hard solid labour, through honesty and integrity of conduct and character, through technical and scientific progress and achievement, through increased production of goods and just and fair distribution of wealth doth a nation become great.

Let us shun as poison self-adulation and self-complacency. Let us assess the present state of the people and the country with the scientific detachment of a physician examining his patient. Here I like just to mention that I am primarily and chiefly concerned with my home State of West Bengal and the people of West Bengal. As to the rest of India, my knowledge of them is poor and limited, and my responsibility also little.

Instead of hard and solid labour the Bengalee people at this moment seem bent on avoiding and evading their legitimate duties, and instead of labour they rely solely on clever talk, fabricated propaganda and the sly trick of blaming everybody else but themselves for everything that goes amiss. A great Bengalee, Swami Vivekananda, declared an immortal truth that noble deeds could not be achieved by clever dodges. The entire Bengalee people have made to-day a tragic parody of that noble utterance and have taken for their political, social, educational life the motto that every thing can be managed through clever dodges, through false propaganda, through plausible statements and utterances. Insincerity and hypocrisy have become the cardinal qualities in the Bengalee character to-day. Bengalees are absorbed in the fatal experiment of by-passing hard honest work through clever tricks and stratagems.

Regarding honesty and integrity of character, the less said the better. I will take just one cross-section, and that is lurid and ghastly enough to

shake to the bones any sober and sensible person. How is the sacred and venerable sick and the dying discharged in our big State West Bengal?

The Enforcement Branch of the Calcutta Police a little while ago unearthed through extensive raids in the city of Calcutta large-scale manufacture of spurious drugs; the Minister of Health disclosed through a public press statement that out of 10 lakhs of rupees worth of medicines purchased every year by this State and kept in the Central Medical Stores, drugs and medicine to the value of Rs. 1 lakh were being stolen annually. Now, take the two biggest Hospitals in this State—The Medical College Hospital and the R. G. Kar College Hospital. Sometime ago reports came out in the press regarding shady dealings in connection with the Blood Bank maintained in the Medical College Hospital. Quite recently reports have come out regarding theft of milk and fish supplied for patients of the Medical College Hospital. As to R. G. Kar College Hospital, reports in the press show that it is the veritable paradise for every form of irregularity. The words "Honesty" and "Integrity" may well be deleted from the Dictionaries of the Bengali language, as the people of Bengal do not seem to have any need for such words in their life.

What is worse, big successful thieves—those who make big money by swindling and defrauding the State or the people, or even hallowed historic National Organisations—are treated by the public with great respect, and are admired and applauded by them. They become the Chief Guests or Presidents of public functions, because out of their large plundering they can give a substantial donation to Clubs and Associations, and Sarbajanin Durgotsabs, and musical conferences. They are also to be found in key-positions in Public Bodies and National Organisations because out of their large loot they can distribute a portion to their faithful gangmen. At Elections also they are found, along with ex-rulers of Native States and ex-Zemindars, canvassing for votes and support of the people by throwing a few coins at them, and promising to them that, if returned, they will establish a Socialist State in India.

Scientific technical progress and achievement must necessarily take some time. In Independent India we have now a few large National Laboratories, magnificent buildings; these are splendid hollow shells without a core. Quite a long time ago India had a single Nobel Laureate in science in Chandrasekhar Venkata Raman. We did not have another after him. The few scientists of less merit and mark we had before independence have now turned into highly-paid India Govt. Administrators. They are now superintending the construction of Govt. buildings, or checking up Govt. blue-prints regarding plans and schemes. No doubt, as to technical skill, we are making some headway, but in proportion to national requirements this progress is at snail's pace.

As to national production and distribution, there is statistically considerable achievement in every sphere of industrial production, but as the growth of population in India outruns the rising

graph of industrial output, the want and privation and miseries of the people in material needs and comforts grow worse. Nevertheless, if the present is dark and dismal, the future need not be so.—Our task is to pull out and uplift the nation from the morass of stagnation and degeneration into which it has fallen. How shall that be done, and who shall do it? The new India of our dreams can be built only by the acceptance of new social values, new standards of conduct in public life and public administration, and radically new and different economic structure of state and society. The change and transformation indicated must be radical and revolutionary. Whether the methods should be peaceful or revolutionary, or both, will depend on the success of the different ways in taking us to the above objectives.

Then who shall do it? Once again, as in the past, so in the future, my Heart Harkens Back To Thee. India of tomorrow, if it is to be a great and glorious India, must be ushered into the arena of the world carried over the shoulders of young India. You, students and young men of the land, you whom an ideal can urge to ascend the steps to the gallows, you who love and admire truth and beauty and goodness in the world and amongst men, you who are not slaves to vested interests, you who do not have, and need not have narrow selfish calculations in shaping your action, you who have all the life before you, and who are not in breathless haste to garb some immediate gain or profit or position of power and patronage in the face of fast approaching death, you who will not sell yourselves to rich looters and plunderers, you who hate rogues and scoundrels, you who prize a good and true man above a wealthy and flourishing thief, you who have

SARASWATI PUJA IN THE CITY

Amidst rejoicings the worship of the Goddess of Learning, was celebrated in the city with due solemnities. When the signs of spring were evident in this city the diety was placed in almost every Hindu homes, schools, colleges, hostels and cultural clubs. Boys and girls worshipped the Goddess with special significance. Throughout the day young girls visiting Saraswati Puja pandals wore saris dyed in bright yellow (basanti), the colour of spring.

Merriments continued till late hours at night. Gramophone records were played in some pandals. At night the pandals, particularly those of community worships were illuminated. Musical soirees, display of magic and physical feats formed part in many of those places.

The puja was held in almost all the Corporation Primary Schools. There were special attractions in many of them. The S. B. Dey Model School for Boys' and Raj Rajeswari Girls' School at Central Calcutta, organized special features on this occasion. The Corporation Utkal Karma-chari Sangha worshipped the Goddess at their quarters, Hogg Street. More than 500 employees joined that function. Music and performance of drama were included in the programme.

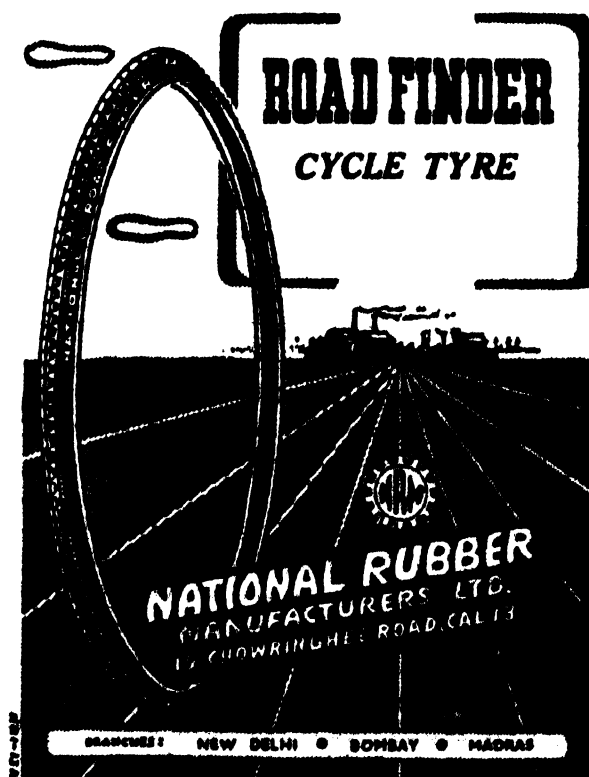

The students of Harijan Schools celebrated the puja also under the auspices of the Corporation Scavengers' Labour Union. The worship was held as many as in twenty-four such places.

Fire broke out at two puja pandals in Kalighat and Bowbazar in that morning. A 15-year old boy, Nabani Das, received electric shock while illuminating a puja pandal in Shambazar Street in the evening.

the heart, the sentiments, the zeal, the idealism and faith for great and noble things, you, brave hearts, who can with undaunted courage sail forth into unknown and uncharted oceans for a new El Dorado, you alone can smash up this old, putrid, hollow mock show of to-day's India, and raise over it the edifice of a strong, happy, prosperous vibrant India. To Thee My Heart Harkens Back. The days of suffering and sacrifice are over. Why should students and young men, or any man or woman in India for the matter of that suffer in free India, I cannot understand. We wanted independence so that the people of the land might have joy and happiness and plenty. I fervently wish that the lives of our students should be full of gladness and laughter. Pursue your studies, specially scientific and technical studies, with all your heart and zeal. We want Scientists, Technicians, Engineers to build our new India. Build your bodies strong and firm through every form of manly sport and pastime. Be absolutely sincere in your studies and efforts. Students must study—study hard and well. No other diversion, activity or work can be pleaded as an excuse by the student for negligence of his studies.

Lastly, I appeal to you to inculcate in yourselves an eternal abhorrence of poverty, disease, ignorance, hypocrisy and dishonesty that stalk this vast land of ours, and to take an eternal vow and resolve that it shall be your life's mission to fight and eradicate and abolish poverty, ignorance, hypocrisy and dishonesty from India, and hurl away everything that stands in the way of fulfilment of this noble task.

For achieving these—a consummation most devoutly to be wished—To Thee My Heart Harkens Back. Fare Thee Well. [Reprint from Midnapore College Magazine] of the resume of a speech delivered in February, 1956 as the President of the College Founders Day.]

CITY NEWS PARADE

OBITUARY: Shri Nirmal Chandra Ghosh, Commercial Editor, 'Amrita Bazar Patrika' and former President of the Indian and Eastern Newspapers Society, died at his Dum Dum residence on the 23rd January last. He was 63. He had a sudden attack of Coronary Thrombosis on that evening to which he succumbed.

Eldest son of the late Shri Keshab Chandra Ghosh of Faridpur, the late Shri Ghosh was born in South Calcutta. He was educated in Faridpur Zilla School and later in Scottish Church College, wherefrom he was graduated. He took B. L. degree also. His commercial bent of mind interested him in banking and commercial activities.

The late Shri Ghosh entered the field of journalism in 1925, when his services were sought by the 'Servant' as honorary Commercial Editor. He joined 'Patrika' in 1933 and became its Commercial Editor, a position which he held till death. When 'Jugantar' was started, he was its Manager and later joined the Board of Directors. He represented 'Patrika' group of papers in the A. I. N. E. C. and the Indian and Eastern Newspapers Society. He was Chairman of the Regional Committee of the Indian and Eastern Newspapers Society, a member of the Bengal Press Advisory Committee and a Director of the United Press of India.

A man of very genial temperament, he had a wide circle of friends among journalists and in the commercial and industrial fields. His death was widely mourned. The Calcutta Corporation at its weekly meeting on the 31st January last, condoled his death. Eloquent tributes were paid to his memory. The House was also adjourned for ten minutes as a mark of respect to his memory.

Death of Prof. Haran Chandra Chakladar took place at his residence, Srimohan Lane on Sunday, the 19th January last. He was 80. He belonged to the University of Calcutta for long.

Born at Dakshinpara of Faridpur district now in the East Pakistan the late Prof. Chakladar took his M.A. degree from the University of Calcutta in 1897. During his student life he came under the influence of late Satish Chandra Mukherjee, Founder of the Dawn Society and was closely associated with him. He rendered valuable services for the building of the National Council for Education, now converted into a university at Jadavpur. His researches in Ancient Indian History and Culture, as also in Anthropology inspired many of his students.

The Corporation also mourned his death on that day.

CALCUTTA UNIVERSITY'S financial estimates for 1957-58 were considered and accepted by the Senate at its meeting on Saturday, the 25th January last for the second time as required under the Calcutta University Act. The Senate had accepted provisional estimates for the same period in June, 1957.

Placing the estimates and accounts for 1956-57 the Treasurer, and the Ex-Mayor, Shri S. C. Ghosh, said that the closing balance of a surplus of over Rs. 2,00,000 for 1956-57 had reduced the estimated deficit for 1957-58 from Rs. 8,38,000 to Rs. 6,35,000. A surplus had been achieved in 1956-57 as a result of augmentation of income by over Rs. 4,25,000 and reduction of expenditure by Rs. 5,38,000.

EIGHT-STORIED BUILDING OF NEW SALES TAX OFFICES was inaugurated by the State Chief

Minister, Dr. B. C. Roy on the 21st January last on Beliaghata Main Road. A replica of the match-box architecture of the New Secretariat Building, the new Directorate has been constructed at a cost of nearly Rs. 22 lakhs. It will accommodate all Commercial Tax offices now scattered in different parts of the city.

Dr. Roy who also inaugurated at the same time a conference of Commercial Tax officials and tax-payers said that the people had pay for welfare measures which the Government wanted to implement. Every individual must contribute his share for the progress of the country, he added.

I. N. S. MYSORE: Flying the flag of Rear-Admiral Katari, I. N. S. Mysore had a brief stay in Calcutta during last week. She anchored at No. 1 Princep Ghat moorings. Officers and men of the Ship took part in the Republic Day Parade at Mayo Road on the 26th January.

The Resident Naval Officer and the Officer Commanding No. 6 Wing Air Force called on the Flag Officer Commanding, Indian Fleet on the day of her arrival.

Rear-Admiral Katari said on Friday, the 24th January last that the Indian Navy's efforts to fit in with the atomic age constituted certain tactical exercise meant to defend the Navy from such an attack. These included the tactic of dispersal, in a restricted sense, because concentration was still the best way of naval operation. The Rear-Admiral also said that the Indian Navy had no atomic weapons or guided missiles. These were expensive weapons.

Rear-Admiral R. D. Katari, Flag Officer Commanding Indian Fleet, officers and 200 ratings of I. N. S. Mysore were given a reception by the West Bengal Government on the Assembly lawns on Saturday the 25th January last. The State police band was in attendance. The sailors marched to the party with their ship band leading them. Shri K. P. Mukherjee, Minister welcomed the guests.

AN EXHIBITION OF PERSONAL PAPERS OF PROF. H. M. PERCIVAL was on show on the occasion of the celebration of Presidency College Foundation Day. How deeply Prof. H. M. Percival influenced his pupils during his long thirty years' association with Presidency College was made evident. The collection composed mostly of his letters to persons whose names have gone down in history; a deed by which he made the donation of his personal library to the Punjab University; and a few other odd things. Their value as historical document might not be rated as high but their sentimental value for his students including President Dr. Rajendra Prasad cannot be easily assessed. Because Prof. Percival became almost an institution by himself before he retired as the Principal of Presidency College in 1911. These mementos were presented to the College by Shri Sachindra Nath Dutt, a journalist, to whom they were handed over.

One of his oldest living students, Acharyya Jadunath Sarkar opened the exhibition. Prof. Percival had a personality which kindled at once the ambition and despair of imitating him. As a student of Prof. Percival, he said, they felt that they had been brought before an ancient Hindu Rishi resurrected, a yogi absorbed in the pursuit of truth, dead to pleasure, fame and even to man's physical needs.

Shri Hemendra Prasad Ghosh, another pupil of Mr. Percival, appealed for making arrangement for publication of the papers. So long teachers would be guided by the ideal of selflessness as of Mr. Percival the future of learning would be assured, he said.

The World of Books

INDIA—(A REFERENCE ANNUAL)—1957, compiled by Research and Reference Division, Ministry of Information and Broadcasting, Government of India—Published by the Director, The Publication Division, Government of India.

Containing largely factual and statistical information India, 1957, the fifth issue of the Annual, has occupied a place among the Annuals published in India. The present edition is an enlarged one than the previous with additions of data on all subjects about the country. The informations have been compiled from official and other authenticative sources. In a word the comprehensive volume will be valued as a main source of information not only to Indians but also to foreigners alike.

HUNDRED YEARS OF THE UNIVERSITY OF CALCUTTA—(A HISTORY OF THE UNIVERSITY ISSUED IN COMMEMORATION OF THE CENTENARY CELEBRATIONS)—The Editorial Board include Prof. Promotha Nath Banerjee as Chairman, Prof. Nihar Ranjan Roy and Dr. Pratul Chandra Gupta as Associate Editors.

Volume—1, Page—539, Price Rs. 25.00.

Profusely illustrated and printed in specially ordered antique art paper the volume is a history of the University of Calcutta for the last one hundred years since the foundation of the institution. The history of the main institution is also associated with the history of its affiliated branches and sub-branches from which the main trunk has grown up to-day. There are more than 250 illustrations which can be preserved as treasures.

The first hundred years in the life of the Calcutta University is not only the story of a regenerated Indian nation but also a cultural heritage of a nation that was then gradually taking its re-birth. India was unfolding herself before the world during the latter part of the nineteenth century and the University of Calcutta was one such institution which showed the lighted path to the rest of the world in that direction. Besides, the University had many of its activities which had been valued properly for the interest of the nation. Some of its activities were of a wide nature and they had formed an All-India character in those days. Its field of activity once spread beyond the seas covering the whole of India except Bombay and Madras Presidencies, including Burma and Ceylon. The volume contains all these events. And thus the place of the Calcutta University in the history of India is a unique one. Moreover, its position among the sister universities is priceless because it was here the first lamp of Western education was lighted to illumine the whole country. Placed on such an exalted position the future of the University is also equally bright. Thus we cannot but to complement the University for bringing out the volume.

The book has reached us when Bombay and Madras Universities are going to hold their centenary celebrations, still it has not undermined its value a little although the volume saw the light of the day about a year back. The Second Volume, covering the celebrations, when published, would be equally adored by its readers, it is expected. The shortcomings, if there be any in this volume, would also be mended.

In conclusion paying our respects to our *Alma Mater*, we can quote the words of the great reformist, who was the life and soul of the University for nearly a quarter of

VITAL Statistics

For the City of Calcutta for the week ending
11th January, 1958.

CITY OF CALCUTTA (TOWN AND ADDED AREAS.)

The total number of deaths registered during the week was 634 against 611 and 677 in the two preceding weeks and less than the corresponding week of the last year by 35. The general death-rate of the week was 10.86 per mille.

There was no imported death. Excluding this, the death rate was 10.26.

There were 8 deaths from tuberculosis against 6 in the previous week.

INSTITUTE OF EDUCATION FOR WOMEN

In Hastings House, Alipore, the Institute imparting education to women, held its annual celebrations during the first part of January. The College Exhibition was opened on the 11th January last by Rai Harendra-nath Chaudhuri, Education Minister. In course of his speech Shri Chaudhuri pointed out the need for increasing the number of trained teachers. He also said that in the training colleges emphasis should be put not on method alone but on the content of teaching as well. The Principal presented her report touching on the activities of the different Departments of the College.

On the 12th January last, the Re-Union Day was celebrated with Prof. N. K. Sidhanta, Vice-Chancellor, Calcutta University, in the chair. On both the days Shri Monoj Bose's "Shesh Lagna" was staged by the students. Lively and interesting symposia on different subjects were also held in other days.

a century—Sir Asutosh Mookerjee—'No human institution is so permanent as an University. The Universities go on for ever as seats of truth and power, as free fountains of living waters and as undefiled altars of inviolate truth'—May his words come out true.

CORPORATION NOTICES

To All Registered Petty Improvement Contractors

District No. IV Engineering Department

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." on Monday, the 10th February.

Lavatories and every place where Dirt and
Disease Germs are likely to lurk.

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying basar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Black arm badges with White numbers from Nos. 1 to 350.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the leases thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Re. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

LATE MADAN BURMAN'S BUST UNVEILED

PHOTO: Anuja Tarafdar.

A BIRTH-DAY ANNIVERSARY of the late Councillor Madan Mohan Burman occasioned the unveiling of his bust by the City's Mayor, Dr Triguna Sen, in the premises of the Central Municipal Office Buildings, 5 N. Banerjee Road, first floor, just beside the Council Chamber, on the 22nd January last. The bust was erected by a Memorial Committee constituted for the purpose.

Shri Burman's death came as a blow in 1946 to the Corporation to which he was attached for long since he was elected to the Chamber under the leadership of the late Deshabandhu Chittaranjan in 1924. There was hardly any Standing Committee in the Corporation in which he had not sat as a member and there had been more than one whose deliberations he had guided.

Despite his meteoric rise the late Shri Burman conceived of himself as a man of ideas rather than as a mere man of action. Calcutta had never been for him an idle exercise of philanthropy rather it was an opportunity to test out theories which he had evolved for the advancement of humanity as a whole. He thought that if the environment could be changed a real paradise on earth might be achieved. That is why he took up the cause of the down trodden and the poor and tried to elevate them.

As a 'civic dreamer' he set his hand in many new adventures and the idea of having a civic organ originated in him. Thus 'THE CALCUTTA MUNICIPAL GAZETTE' found a true friend and staunch supporter in him.

A function was held earlier on that day inside the Chamber which was watched by a large number of citizens including several Aldermen and Councillors, and Corporation officials.

Associating himself completely with the ideas of the late Councillor Burman, the Mayor, Dr. Sen, took it a unique honour to be present on the occasion of paying homage to a great savant of this city. He recalled many of the activities of the late Shri Burman in this Corporation as well as his philanthropy. He also apprised the audience present that his interest to this institution was aptly characterized by Shri Subhas Chandra Bose, the great leader, as 'paternal'. 'It is therefore in the fitness of things', the Mayor continued, 'that the Corporation has decided to keep his bust in its precinct to remember him and his contribution towards the services of this city.'

The Commissioner, Shri B. K. Sen, who presided, referred to many of his activities. He wondered how the late Shri Burman worked hard to introduce many new procedures in the Corporation in spite of odds and ends.

Councillor Ganapati Sur, the Chairman of Madan Mohan Burman Memorial Committee, welcomed all and Shri Abinash Chandra Bhattacharyya, extended a vote of thanks. Others to speak on the occasion were Shri Haranath Chakraverty, Secretary, and Pandit A. B. Tripathi.

CITY PARKS WEAR NEW LOOK

CALCUTTA CORPORATION's new enterprise in renovating and re-vitalising the city parks and squares attained success to a larger extent when prizes were distributed by the City's Mayor, Dr. Triguna Sen to District Engineers for their attempts to do so during the years 1956 and 1957. A competition was held in this connection for deciding the best one. A Committee of experts acted as judge. Gear Park under District I secured the best prize for the maintenance of the same in a best way and thus the District Engineer I, Shri S. Mitra was awarded the Best Garden's Cup while District Engineer II Shri P. K. Banerjee Chowdhury won the Shield for maintaining all the parks under him collectively on a desired level. Prizes were also given to many of the Supervisors, Overseers and other outdoor officials down to the level of garden malis who had hands in maintenance as well as in renovating the parks and squares. The function was held at Beadon Square, Children's Corner, on Saturday, the 1st February last. The park itself looked beautiful with blooming flowers as well as equipped with new fountains and other attractive flora and faunas.

In a brief speech the Mayor, Dr. Sen emphasized the need of small gardens which many of the citizens had chances to take care of. He also appreciated the activities of the officials in this task up from the higher down to the lowest menials.

Councillor Ganapati Sur, and at present Chairman of the Standing Town Planning and Improvement Committee, who presided, felt the need of larger allocation of funds for this purpose.

Councillor Dr. B. C. Basu and once Chairman of the Parks Sub-Committee of the Corporation narrated how the Sub-Committee hurdled through to effect improvements in city's parks. He also urged that the revival of that Sub-Committee would no doubt lead the city parks to better looks.

The Corporation Commissioner, Shri B. K. Sen, under whose initiative the task was originated, appealed to the citizens for co-operation in maintaining Corporation Parks, Squares and roadside gardens.

A vote of thanks was extended by Shri Gobinda Dey, Local Councillor. Prof. R. M. Sarker also spoke.

MUNICIPAL ACT TO BE AMENDED

A special meeting of the Corporation ended on Monday, the 3rd February inconclusively. There was a prolonged discussion on the problem for introducing a standard procedure in the assessment of holdings within the Corporation. The meeting was scheduled to approve the recommendations of a fifteen-man Special Committee appointed by the Corporation on the 2nd July last to examine the practicability of the existing Calcutta Municipal Act, 1951, and to put up suggestions for amendments to the Act.

The State Government itself had felt much difficulties earlier and the Act was amended accordingly in 1953 to a certain extent by accommodating the newly added Tollygunge area. Further difficulties are being felt and it is learnt, that the Government would introduce an amendment of the Act in the ensuing Budget Session. The Government had invited suggestions from the Corporation in this regard.

The Special Committee under the Deputy Mayor, Shri Keshab Chandra Basu, sat altogether on eleven occasions. Suggestions in the shape of amendments to the Act were invited from all the Aldermen and Councillors.

Amendments were put up mainly on the procedure of assessment of holdings under different circumstances. And it was interesting to note that an amendment in this regard sought to revive a Section of the old Calcutta Municipal Act, 1923 in place of a Section of the present Act. Constitution of an 'Assessment Tribunal' to have a final say in matters of objections to assessment

cases, excepting on points of law, for trying assessment appeals, was another suggestion. Introduction of uniform rate of assessment for Bustee huts was there. There were amendments of minor nature in many other Sections of the present Act with an inclusion for the furtherance of the age limit of imparting education up to fourteen years. The Corporation wanted to deal with the 'Drug Act' and 'Food Adulteration Act' with an absolute authority.

Curtailement of the powers of the Municipal Service Commission with compensatory rights in the hands of the Corporation elected members, as demanded earlier, was incorporated in that Amendment list. There had been almost similar powers under the Municipal Act, 1923.

Probably all these suggestions had prompted Councillor Ganapati Sur, a senior member, to propose for the full replacement of the present Act by the Act of 1923 which was originated by the Father of Indian Nationalism, the late Sir Surendra Nath Banerjee.

As a general suggestion, the Special Committee felt that an allowance should be paid to Aldermen and Councillors for attending the Corporation meetings as well as those of Standing Committees and thus made a request to the Government to make necessary provision to that effect in the proposed amended Act. This suggestion was supported by a section of the House. A few others could not identify themselves with this. Another felt that it would not be reasonable to accept such allowances when the rate-payers' misery had reached the freezing

point due to paucity of funds. If this Corporation could secure its share of Octroi Duty, Motor Vehicles Tax, Electricity Tax and other taxes, then only this could be considered, said Councillor Nripendra Nath Banerjee. This suggestion was put up by the Mayor.

The most lively debate was on problem of assessment. According to many, present rates were piling up a social bill of dreadful proportions and that the day of reckoning on that bill could not be deferred for ever. The misery threatened to explode 'bread and blood' of the middle-class people.

The debate on this by criticizing Section 168 of the present Act, fixing principles of assessment on the rental basis, was introduced by Councillor Subrata Kumar Sen Sarma, and was supported by Councillors Nandalal Banerjee, Amulya Charan Sirkar and others. In that connection Councillor Narendra Nath Sen cited certain cases wherein tax burden of the middle-class families had been enormously increased. He said that taking advantage of this Section the Assessment Department had increased the Rate from Rs. 7/8/- to Rs. 82/- and from Rs. 2/10/- to Rs. 96/- only. He also wanted to amend the Act in such a way so that the hut dwellers might pay Rate Bills directly to the Corporation.

Councillor Sirkar also suggested changes in the Act to provide a water connexion to every bustee hut and sanitary latrines in bustees. Not satisfied with the present suggestions, others including Councillor Sushil Kumar Pal demanded that Section 168 must be considered afresh.

Councillor Biman Behari Mitra asked the House to accept the proposed amendments first and to make fresh changes later to incorporate the beneficial provisions of both Acts of 1923 and 1951. He said that elections on the basis of adult franchise had not been included in the Committee's suggestion while provision had been made for an allowance to Aldermen and Councillors for attending meetings.

Councillor Raj Satyendra Mitra said that Section 124 be suitably amended so that the State Government would take over expenditure on primary education in this city according to the constitution of the country. He also wanted the Corporation to spend more money on under-developed areas in the city.

Councillor Kishorilal Dhandhaniala, Chairman of the Standing Finance Committee, supported the proposal on primary education.

Councillor Satyananda Bhattacharyya suggested that the amendments be discussed at citizens' meetings. If citizens were not consulted, history would repeat itself, he added.

Earlier Councillor Mihir Ganguly wanted to know what would be the fate of the pending motions on bustees, which were discussed at special meetings. Councillor Ganguly further said that as the Mayor's Committees were expected to report by February 15, making vital suggestions to change the Act, consideration of the proposed amendments should be postponed. Supporting him Councillor Dulal Mukherjee said that in some cases "delay was not dangerous".

Despite the suggestions for postponement and supports being given to them even by members of the Special Committee, the House went on into discussion and as good as twenty members participated in it. Besides, Councillors J. L. Saha, A. Maitra, S. K. Roy and others took part in that Sections.

At the end the Deputy Mayor only asked the Secretary to circulate the recommendations of the Act Amendment Special Committee in proper order to Members in order to enable those recommendations put in serial order of the Act's Sections.

GEARING UP ADMINISTRATION

Since the Mayor's statement in the weekly Corporation meeting towards the early part of January and the subsequent powers vested with him the Mayor, Dr. Triguna Sen, has recently set up fourteen small Committees comprising of Aldermen and outside experts in order to serve the rate-payers' interests more promptly and efficiently. The Committees have been requested to submit their reports to the Mayor by the 15th February.

During a prolonged discussion towards the middle of last month similar suggestions were put up by many of the Councillors including Councillor S. K. Gupta, Chairman, C. I. T. and a member of the Indian Civil Service with long experiences in the administration work.

Anxious to bring about a change in the administrative machinery the Mayor has requested the convenors of those Committees 'to see that the work is done in close collaboration.' He has desired that the 'approach should be from the rate-payers' point of view as to minimise their grievances and difficulties coupled with problems of administration'.

A Special Committee has also been constituted with the Mayor, Dr. Sen in the Chair and leaders of all groups including Commissioner, Shri B. K. Sen. They are Councillors K. L. Dhandhaniala, R. N. Mazumdar, B. K. Banerjee, U. N. Sen, J. L. Saha, G. C. Dey, A. Maitra, B. Mitra, S. Sen and S. K. Gupta, I. C. S.

The fourteen Committees have also been constituted with the following:—

1. Building Department:—Councillors S. K. Gupta and the City Architect, Shri P. Guha and Councillor B. K. Banerjee (Convenor).

2. Assessment Department:—Councillors S. K. Gupta, Dr. B. C. Basu and G. C. Dey (Convenor), the Assessor, Shri A. Bhattacharyya, and Shri T. K. Ghosh.

3. License Department:—Councillors A. Maitra, D. C. Mukherjee and Nandalal Banerjee (Convenor) and the License Officer, Shri A. K. Dutta.

4. Water Works (Engineering):—Councillors Dr. P. K. Sen Gupta, S. Sen Sarma, T. C. Paul and J. L. Saha (Convenor), Shri P. C. Bose and the E. E., W. W., Shri S. O. Mukherjee.

5. Water Works (Revenue):—Shri Saroj Ghosh, the E. E., W. W., Shri S. C. Mukherjee and Councillor Biman Mitra (Convenor).

6. Engineering Departments :—Councillors D. N. Bose, Naran Sen, B. N. Majumdar and S. Rudra (Convenor), Shri S. K. Chakraborty, Shri Akshoy Basu and the Chief Engineer, Shri A. K. Sen.

7. Estates & Properties (Chief Valuer's Department) :—Councillors U. N. Sen, A. C. Sarkar, S. K. Roy, Mani Sanyal (Convenor), and the Chief Valuer and Surveyor, Shri A. K. Sarkar.

8. Health Department :—Councillors Dr. S. B. Mukherjee, P. L. Das and Dr. K. P. Ghosh (Convenor), Alderman Dr. A. K. Bose Dr. Souren Sen and Health Officer, Dr. A. Mukherjee.

9. Education Department :—Councillors U. N. Sen, Satyananda Bhattacharjee, Education Officer, Dr. A. Barua and Alderman Shrimati Pratima Bose (Convenor).

10. Law Department :—Alderman A. K. Dutta, Councillor B. K. Daw, Chief Law Officer and the Deputy Mayor, Shri K. C. Basu (Convenor).

11. Press Department :—Councillors R. N. Majumdar, N. L. Banerjee, H. N. Sadani, D. N. Dhar, Supdt. W. B. G. Press, Manager, Statesman Press, Shri Gopal Roy of Navana Press, Councillor M. L. Ganguli (Convenor).

12. Employees' Unions :—The Mayor, Dr. T. Sen, Councillors S. K. Sen and R. N. Majumdar (Convenor).

13. Personnel Department and Publicity :—Shri D. C. Dutta of Burmah-Shell, Shri K. K. Das and Shri A. K. Mitra, Railways and the Commissioner, Shri B. K. Sen (Convenor).

14. Collection and Revenue (as a whole) :—Councillors Biman Mitra, A. Maitra, N. N. Banerjee, G. Sur, K. L. Dhandhanian, Collector, Shri N. K. Mandal, F. O. and Chief Accountant, Shri P. Mitra and Alderman G. Basu (Convenor).

We cannot refrain from quoting below a remark made by one of the city's important organs which published the following :—

Unfortunately, the reaction to the Mayor's new move has been generally one of scepticism among the Councillors and officials. The head of a much criticized department said recently :—"It is the time-honoured tradition of every Mayor to enter his office with a declared determination to stamp out corruption from municipal affairs. This has been going on for the last 25 years, but we are where we were."

A vigilance committee, comprising nine Councillors, was appointed during the Mayoralty of Shri S. C. Ghosh, to investigate the charges of corruption and nepotism made from time to time against the Corporation officers and subordinate staff. That committee, which was also authorized to suggest ways of eliminating malpractices, ceased to function after having met only once or twice.

Beset with problems the Corporation administration has appeared to be run down according to many while others who face the same trouble share another view. Keeping abreast with so many mounting problems all have admitted that the administration cannot be improved unless certain necessary steps are being taken to amend the present Act. And we are yet to see how the things take their shapes in near future.

MUSIC IN CORPORATION SCHOOLS

Music, both classical and modern including Rabindra-Sangeet, has been introduced in the Corporation Primary Schools. Though not directly included in the syllabus of study in schools still the culture of fine arts from childhood would no doubt help many to develop an inclination for such fine arts. The number of teachers for the purpose so far appointed cannot be said to be adequate to teach that science to a number exceeding half a lakh. But the beginning should be welcomed by all.

The teachers appointed are Shrimati Kanak Sen, Shrimati Swarnamoyee Nandi, Miss Alice Biswas, Shrimati Jayasri Mukherjee, Shri Himaghna Roy Chowdhury, Shri Pabitra Banerjee, Shri Rabin Banerjee, and Shri Bhabani Prasad Chatterjee. All of them are diploma holders in that branch of fine art, and a few of them also have shown special aptitude in it. Shri Roy Chaudhury is already in Corporation service for the last few years and his acumen in this sphere has been tested.

It may be noted also that Shrimati Jayasri Mukherjee stood first in many of the branches in the All Bengal Music Competition held sometime ago and had been declared as the Inter-Collegiate Music Champion for her special merit. She is also a student of the Maharaja Manindra Chandra Nandi College.

TALLAH-PULTA MAIN

The work for laying out the Seventy-two inches new Main from Pulta to Tallah for carrying potable water to the citizens is in progress. This was apprised by Councillor J. L. Saha, M.L.C., Chairman, Standing Water Supply Committee, when a reference was made to that effect in the weekly meeting of the Corporation on Friday, the 31st January last. Several members also spoke on that subject putting up their personal views on this.

Earlier, great concern was expressed by the members in the House when Councillor Subrata Sen Sarma referred to the deteriorated condition of the sixty inches existing main. He alleged that the situation had been worsened with the detection of perforation in many of the places.

Councillor Sen Sarma said that as the existing 60 inch main between the two points was in such a condition that it might give way any day, no time should be lost in laying the new pipe-line. A year had passed since the Corporation entrusted the work but no satisfactory progress appeared up till then.

Making a statement on the subject, Councillor Saha said that the firm which had undertaken the work was granted the license to open a factory after four months. This factory was now being built and was expected to be completed in about a month. Meanwhile, he said, the Corporation had secured 4,500 tons of steel and 800 tons more were likely to be received soon. The total requirement of steel for the project was 18,500 tons, but he thought that the firm would be able to carry

(Continued on page 368)

THE CORPORATION at WORK

A GIST OF PROCEEDINGS OF THE THIRTY-SECOND ORDINARY MEETING OF THE CORPORATION HELD ON FRIDAY, THE 31ST JANUARY, 1958

MOSQUITO MENACE IN CITY

At the outset, Councillor Bejoy Kumar Banerjee complained of growing mosquito menace in the city, and particularly in its southern parts. He said that a large number of tanks lying uncared for within a compound now occupied by the military authorities, had become breeding grounds of mosquitoes on Ballygunge Circular Road.

Councillor Banerjee urged the Corporation to move authorities so that adequate steps could be taken to prevent mosquito breeding in those areas. He also felt that the department should be geared up in such a way so that there might be proper allocation of personnel according to the needs of respective areas.

The Deputy Mayor, Shri Keshab Chandra Basu, who presided on that day, assured the House that steps would be taken accordingly.

NEW TEA HOUSES

Drawing attention of the House, to the growing number of girls being employed in restaurants and popular eating houses as attendants, Councillor Dr. Himangshu Das apprehended that this would bring about a repercussion on the society's morale. At the same time he suggested that the Corporation would look into the matter and would see how this practice could be stopped by withdrawing necessary licenses issued to those shops and eating houses.

A SHOCKING BEHAVIOUR

Councillor Ratan Manick Chatterjee referred to the incident near Ballygunge station on Thursday, the 30th January last, in which, he said a child and a woman had been assaulted by some students, who raided a house. He stated that the need for discipline among students could not be over-emphasized. The head of the institution to which the students belonged should be informed about the students' conduct.

KASHI MITTRA BURNING GHAT

Councillor Satyananda Bhattacharyya complained of insufficiency of supply of fuel in Kashi Mittra Burning Ghat. He appealed to the Deputy Mayor, to take immediate action for adequate supply of wood there narrating the difficulties faced by the mourners carrying biers for funeral. The difficulties were put up earlier in the House but no action seemed to have been taken so far, according to Councillor Bhattacharyya.

FOOD SUPPLY ACCOUNTS SECTION

From a reply on a question put up by Councillor Sachin Sen it was ascertained that the Food Supply Accounts Section was a part of the Food Supply Department. It was treated as a part of the Accounts Department for administrative facilities only. It was further known that

according to a Tribunal's Award there was no provision for the employees of the Section in getting the benefits of subordinate higher grade on the basis of ten per cent. of their strength.

PAYMENT FOR W. B. N. V. F. SERVICES

The House, on the recommendation of the Standing Finance Committee, passed for payment a sum of about Rs. 15,723/- to meet the expenditure incurred in mobilizing the West Bengal National Volunteer Force during the threatened strike period in Pulta and Tallah Pumping Stations from the 6th to the 10th July, 1956 and the threatened general strike period during the later part of August of the same year.

The recommendation was much opposed by a section of Councillors.

Following a hot debate lasting more than an hour the proposal was passed when Councillor K. L. Dhandhanian put up a statement before the House. It was passed by 37 to 27 when put on vote.

Earlier, an amendment to the proposal to re-examine the bill was moved by Alderman Dr. Amiya Bose and supported by Councillor S. K. Gupta, I.C.S., Chairman of the Calcutta Improvement Trust, but was lost.

—VIEWS AND REVIEWS

(Continued from page 367)

on fabrication work with the available steel stocks for the whole of the current year.

If the progress of work was hampered by non-availability of steel at the end of the year, the Commissioner would take up the matter with the Union Government, Ministry of Iron and Steel, which had given an assurance of all possible assistance. The Mayor, Dr. Sen, had also taken up the matter with them. Although nothing had yet been finalized, he conveyed the Union Government's hope that Tatas might be in a position to meet the Corporation's requirements towards the end of the year. He understood, however, that Tatas, the only manufacturer in India of this special kind of steel, were already heavily pre-occupied with commitments for essential supplies.

Councillor Prasanta Kumar Sur also emphasized the importance of the scheme and urged that no delay be allowed in its execution.

Councillor Biman Mitra said that the Corporation should now seriously investigate whether the firm which had been entrusted with the work, had the capacity to do it.

In the meantime the Union Ministry has recently asked the Corporation to obtain the remaining portion from the quality allowed for 'Free Sale'.

The citizens' anxiety will also be equally lessened with the implementation of the scheme and a larger quantity of water supply.

MARTYRS' DAY OBSERVED

Mahatma Gandhi's Tenth Death Anniversary

SOLEMN functions were held throughout the city and its suburbs on Thursday, the 80th January last, to pay homage to the Father of the Nation, Mahatma Gandhi, in commemoration of his Tenth Death Anniversary.

Synchronised with that memorable day two minutes' silence was observed by the citizens at 11 A.M. in memory of those who died in the freedom's struggle. The signal was sounded from the ramparts of Fort William. During the period tram services in the city were suspended. In many of the offices, schools and other public institutions silence was observed.

Laying of wreaths, community prayer, ritual spinning and readings from the Holy Scriptures were the highlights of the day-long programme. In the evening organized by the West Bengal Pradesh Congress Committee 'Sutra Yagna' and community prayer were held at the Maidan under the foot of the Ochterloney Monument. Aimed at strengthening communal harmony for which the Mahatma worked all his life, the meetings emphasized that all religions were basically the same.

AT GANDHI GHAT

In the morning the State Governor, Shrimati Padmaja Naidu, laid a wreath at the foot of the Gandhi Memorial at Barrackpore. The Chief Minister, Dr. B. C. Roy, also laid another wreath at the portrait of Mahatma Gandhi at the Rotunda Hall, Writers' Building.

At Gandhi Ghat, the function was held under the auspices of the State Government. Presiding over the function, Shri P. C. Sen, Food Minister, West Bengal, said that Mahatma Gandhi's teachings had relevance in the world of this day. The best way to ease the present cold war was to respect each other's views.

The function began with singing, by the Government's folk entertainment unit, of Ramdhan, the devotional song for which the Mahatma had a special liking. An All-Faiths Prayer was held then in which persons professing different religious views participated in. This was followed by a ritual spinning.

Excerpts from different scriptures were read at a meeting organized by the West Bengal Pradesh Congress Committee at the foot of the Ochterloney Monument in the evening. About 500 people, including Shri Atulya Ghosh, M.P., President, took part in ritual spinning.

AT CORPORATION OFFICES

Besides, there were several functions in city parks, squares and in open spaces, as well as in schools, colleges and public offices. In one such function held at Corporation office, Hogg Buildings, the Commissioner, Shri B. K. Sen, garlanded a beautiful portrait of Mahatma Gandhi, in presence of a number of Corporation officials, just

at the auspicious hour after eleven o'clock. Silence was also observed. The function was organized jointly by the Public Relations' Department and the Food Supply Department of the Corporation. Ramdhan songs went on after that. The air was charged with a smell of sweet incense burning on.

A. I. R. PROGRAMME

The All-India Radio, Calcutta Station, broadcast a special programme on that day. It opened with anecdotes about Gandhiji by Prof. Priyaranjan Sen, followed by Ramdhan, Gitapath and devotional songs.

MEMORIAL AT RAJGHAT

Since the decision taken by the Union Government, on the design for Mahatma Gandhi's Samadhi at Rajghat a Bombay architect, Shri M. S. Butta, has prepared a design for the same. This has been also selected by the Ministry of Works, Housing and Supply from among 400 entries made by eminent artists and architects and has now been approved with some modifications.

In its final form, the memorial to the Mahatma will be a simple mound, 16 feet high with an opening in the middle through which the present samadhi will be visible. By the time the mound is built, the existing gardens at Rajghat will be largely extended. The estimated cost of setting up the memorial will be about Rupees Fifty Lakhs.

A programme entitled "Amar Bani" was relayed, which included extracts from Gandhiji's post-prayer meeting addresses, readings from Gandhiji's writings translated into Bengali by Shri Eshu Mookerjee, and recitation of poems specially composed on Gandhiji by poets Shri Krishnedhan Dey, Shri Naren Deb and Shri Apurba Krishna Bhattacharyya.

At late evening, Shri Atulya Ghosh, M.P., Pradesh Congress Chief, gave a talk in Bengali on 'Bapuji', in Calcutta. A service, followed by a feature in Bengali entitled Jiban-I-Jehr Bani, written by Shri Subodh Roy.

In the Mazdoor Mandali programme, a talk in Hindi on Gandhiji was given by Shri Ramlogan Singh. Another talk in Bengali by Shri Bejoylal Chatterjee, M.L.A., was broadcast in the Rural Programme. Besides, Calcutta Station relayed a feature programme in English depicting Gandhiji's ideas on education from Delhi.

GUESTS WHO GRACED THE FUNCTION

In the picture, The Mayor, Dr. T. Sen, I. D. Jalan, Minister, Shri L. N. Birla, the Guest-in-Chief, Councillors K. L. Dhandhanja, H. N. Sadani, and others.

Nagarik Swasthya Sangha's Activities Recalled

SEVENTH Foundation Day of the Nagarik Swasthya Sangha, an important social organization in the Burrabazar area, was celebrated at Danlaturam Nopany Vidyalaya, northern part of the city on Saturday, the 1st February last. The function was largely attended. Shri I. D. Jalan, Minister, Shri L. N. Birla and many others were present.

The function was presided over by the Mayor, Dr. Triguna Sen.

Referring that he had had opportunities before to watch closely the activities of the Sangha, Dr. Sen was pleased to say that 'they work without spending times in idle gossip.'

With the co-operation of public the organization would be able to do more for the general benefit of the citizens and thus would help them to live a better life in a cleaner and socially organised city, the Mayor added.

The Local Self-Government Minister, Shri I. D. Jalan, said that he was glad to see the progress of the organization and with full public co-operation only the ideal of the organization could be translated into work.

Praising the activities of the Sangha, Shri Birla said that the Cleaner Calcutta Campaign of the organization was really commendable. Like many other big industrial cities, Calcutta was full of epidemics, polluted air, with germs injurious to health and other calamities. And unless a unified campaign for the cleanliness of the city was organized there would be little hope for in the deliverance of the city from them, he added.

There were other speakers including Councillor Harinarayan Sadani.

The function ended with the staging of a number of small satirical dramas depicting the social environments of the city by the students of the Vidyalaya.

From a report published on this occasion, it was known that the Sangha had made cease-

less efforts in the past for a successful Cleaner Calcutta Campaign in that part of the city with the help and co-operation of the local Councillors and important citizens. Besides, occasional visits were made by the Mayor, Dr. Sen, the Deputy Mayor, Shri Keshab Chandra Basu, Chairmen of different Standing Committees as well as Corporation officials including the Commissioner, Shri B. K. Sen and others, who inspired the workers to undertake the task. All of them had realized the difficulties of the citizens in leading healthy lives in that surroundings. The Sangha had also tried to enlist their help for a successful campaign in this regard.

The Report, however, stated that a number of grievances had been removed while a larger numbers yet to be remedied.

REFUGEE CHILDREN'S HOSPITAL

A Twenty-Bed Ward was opened on the second floor of the 30-bed Jitendra Narayan Ray Sishu Seva Bhawan at Raja Dinendra Street, eastern part of the city, by Shrimati Khanna, wife of Shri Meher Chand Khanna, Refugee Rehabilitation Minister, on Sunday, the 2nd February.

The Ward, built and equipped at a cost of Rs. 60,000, was contributed by the Union Ministry of Rehabilitation. The Union Ministry of Rehabilitation has also agreed to meet the maintenance charges for the newly opened beds.

Shri Khanna said that people should consider the refugee problem above any party politics and emphasized that its solution required constructive work and not speeches.

Shri Khanna also said that with a view to rehabilitate the refugees properly Government had been giving attention to three factors relating to education, medical facilities and technical training. Government would help if the management had a mind for further extension of the hospital for the treatment of the refugee children.

Earlier Shrimati Mrinmayee Ray, Founder-Secretary of the Seva Bhawan welcomed all.

Personalia

SHRI KRISHNA MENON & GEN. THIMAYYA

The Union Defence Minister, Shri V. K. Krishna Menon, had a very brief halt in this city on Saturday, the 1st February last. On his arrival in that morning at Barrackpore airfield he was given a guard of honour by the I. A. F. Just after his arrival in this city Shri Menon took the salute at a ceremonial parade of Territorial Army and National Cadet Corps Units at the Brigade Parade Ground, commanded by Lt-Col. P. C. Mitter. Eighteen units of the Army and fifteen of the Corps participated.

Addressing the cadets, Shri Menon said that there was neither scope nor intention to build up a big Army in India. The N. C. C.'s main function is to inculcate team spirit and a sense of discipline in students, he added.

Accompanied by General Thimayya and Major-General Henderson-Brooks, the Defence Minister met the State Chief Minister, Dr. B. C. Roy, at Writers Building in that noon. Others present on the occasion included Shri Kalipada Mookerjee, Shri Sidhartha Sankar Ray, Ministers and Shri S. N. Ray, Chief Secretary to the Government.

Shri Menon, who also addressed heads of industrial firms and leading citizens at a meeting to popularize the Territorial Army, said that India would have the capacity to manufacture nuclear weapons within three or four years. "But we have no intention to use weapons either of our own make or those given to us. India considers use of these weapons a crime against humanity, even if necessitated in defence of one's country," he also said.

Shri Krishna Menon told the All India Defence Employees' Federation Conference in Coimbatore, that "India does not have 100 per cent security." Because India did not live in conditions of security, it was the Government's intention to use all available plant and material so that India would not have to depend overmuch on other countries.

Gen. K. S. Thimayya, Army Chief of Staff arrived in the city from Delhi on Friday, the 31st January last on a two-day visit. This was the first official visit of the General to this city.

General Thimayya was present at the Brigade Parade Ground to see the passing out parade of the N. C. C. and the T. A. on Saturday.

Addressing the heads of industrial firms the General said that if they allowed their men to join the Army they would not lose. A disciplined core of employees was always an asset.

Along with the Defence Minister Gen. Thimayya left the city on Saturday night.

VICE-ADMIRAL CARILL

The Vice-Admiral Sir Stephen Carill, Chief of the Naval Staff and Lady Carill reached the city by train on February 3. During his two-day farewell visit to the city, the Chief visited the Training Ship 'Bhadra' at the King George's Dock.

The Vice-Admiral Carill who will be relieved by Rear-Admiral R. D. Katari in April, also made out many other significant points regarding the future of the Indian Navy at a Press Conference at Raj Bhawan on the day of his arrival. Giving a list of the new additions to the fleet in the near future, the Vice-Admiral said that one of the biggest tasks before the Navy was to master all the complicated equipment of these vessels, learn to operate them efficiently, and to maintain them properly.

On that occasion he summed up his experience of the Indian Navy by saying: "It is gradually expanding and building itself up firmly and steadily. It is a highly efficient force and will always give a good account of itself if attacked."

In his farewell address to officers and men of I.N.S. "Hooghly" the Indian Navy's shore establishment, on the second day of his visit, the Vice-Admiral said that the Indian Navy was developing on the right lines. He also said that he would shortly inaugurate the new Communication School, the last of the major technical schools to be set up at the Cochin naval base. The school, he said, would play its part in the Navy's march towards achieving self-sufficiency in training.

CALCUTTA CORPORATION CLERKS' UNION

NEW EXECUTIVE FOR THE YEAR 1958.

At the Annual General Meeting of the Union, held some time ago, the following have been elected to the Executive Committee for the year 1958:—

President—Shri Debendra Nath Sen; Vice-Presidents—Shri Satyendra Nath Rai Chaudhuri, Shri Sailendra Nath Chatterjee and Shri Bimal Jiban Ghosh; Secretary—Shri Sushil Chakraborty; Assistant Secretaries—Shri Madan Chakravarty, Shri Sudhir Ghosh, Shri Aniya Mukherjee; Treasurer—Shri Barunendu Ghosh; Accountant—Shri Kanailal Dutta; Members—Shri Bishnu Prosad Pathak, Shri Krishna Prosanna Chaudhury, Shri Saral Bandhu Dutt, Shri Subodh Chandra Das, Shri Netaji Chandra Dutt, Shri Prafulla Kumar Bose, Shri Phanigopal Dutta, Shri Sukhendra Bhattacharjee, Shri Rabindra Kumar Chakraborty, Shri Dharendra Kumar Sarkar, Shri Arabinda Sekhar Chatterjee, Shri Sailesh Chandra Banerjee, Shri Rabin Chatterjee, Shri Chittaranjan Ghosh, Shri Gour Gopal Thakur, Shri Guruprosad Mukherjee, Shri Arun Chandra Mukherjee, Shri Hiranmay Bhattacharjee, Shri Nirendra Kumar Banerjee, Shri Durgadas Banerjee, Shri Aradhana Kumar Mukherjee, Shri Amarnath Chaudhury, and Shri Bhabaranjan Ganguli.

Letters to the Editor

THE MAYOR AND THE CORPORATION

TO THE EDITOR, "CALCUTTA MUNICIPAL GAZETTE."

SIR,—May I, through your columns, present the present Mayor of Calcutta with the agenda of a conference that a past Mayor held of the heads of departments in the Corporation on October 17, 1930? The agenda was drawn up by Subhas Chandra Bose himself.

1. Prompt publication of the Administration Report (i.e., by December).

2. Revision of standing orders and office manual.

3. Punctuality in attendance and observance of prescribed rules relating to office procedure.

4. Greater efficiency and prompt despatch of work.

5. Prompt attention to complaints of the public.

6. Monthly statements from heads of departments showing number of complaints received, number attended to and the average period taken to deal with the complaints.

7. Inspection of offices and all Municipal institutions by the Chief Executive Officer and Deputy Executive Officers.

8. Outdoor inspection and surprise visits.

9. Re-organization and Retrenchment—in what direction possible.

10. Suppression of corruption wherever found.

11. Difficulties which confront the heads of departments in working at a high level of efficiency.

12. Grievances of the subordinate staff.

13. Other steps necessary to tone up the administration.

Almost all the lapses the present Mayor has undertaken to see rectified figure in the agenda above. If Dr. Sen can do what Netaji could not, he would be entitled to the everlasting gratitude of the citizens of Calcutta. Who would then grudge even an ordinance making him the Life-Mayor of Calcutta?

What I want to point out is this. That these evils have existed in spite of the efforts of one of our foremost leaders twenty-seven years ago. And what I should like to further stress is that to bring these evils home it was not necessary to play the role of Haroun-al-Raschid, nor was it necessary to tempt a wretched underling by planting marked currency notes on him—a trap laid only by the Police—and then, after the bait had been swallowed, to broadcast the dishonesty of Corporation employees. This was not the Mayor's job as I see it and as many of my fellow citizens feel about it. It was no doubt spectacular but it is hardly conducive to the improvement of the moral tone of civic administration.

There are black sheep in every fold. There are as many, perhaps, at Dhuramtollah as at Dalhousie Square. I had been connected with the

Corporation for twenty-five years and, perhaps, I may claim to speak with some knowledge of the men who work for it. I have no hesitation in saying that the core of the rank and file of Corporation employees is as honest as you can find in any statutory organization elsewhere. The same may be said of its officers also. As for greater efficiency and prompt despatch of work, the difficulties which confront the heads of departments can only be removed by immediate amelioration of the very poor service conditions of the subordinate staff and the cessation of all unwarranted interference with the work of employees and officers by members of the Corporation divided into ginger groups and splinter groups—politicians and partisans at loggerheads with one another. I refrain from commenting upon personal aggrandizement. There is a case 'subjudice.'—Yours etc.

AMAL HOME,

Editor, "Calcutta Municipal Gazette"—1924-49.
Calcutta, January 28, 1958.

BANGIYA HITASADHAN MANDALI ORGANISE A HEALTH EXHIBITION

Located at 'Lokenath Hall' the Mandali's own premises 1/6, Raja Dinendra Street, Rajabazar, the week-long exhibition commenced on the 2nd February.

The organization, which once earned a name in the city for its social service activities, could not fall in line with its past for some recent years due to various reasons. It has again revived its old activities.

The exhibition was one such activity which aimed at to bring about consciousness among the citizens living mostly in that dark area. Divided into several sections it depicted through pictures and charts the different sets of health rules to be followed by children as well as by adults both male and female. The illustrated charts and posters also contained many of the data and information as regards standard of health maintained in many other advanced countries.

Messages wishing success of the exhibition was received from the Mayor, Dr. T. Sen and many other important citizens.

Councillor Dr. Sukhabehari Mukherjee who inaugurated the exhibition, narrated the progress made by the Corporation in fighting out T. B. from the city. Himself being a great advocate of Bustee dwellers in the city, the Chairman of the Standing Health Committee was not confident about the future of those people when the proposed Slum Clearance Bill would be fully implemented. But he would be happy to find those people rehabilitated in healthy surroundings.

Councillor Dr. K. P. Ghosh asked the audience present to be more health conscious among themselves. In that connection he described the locality as one of the plague spots of the city abounding in insanitary Bustees where sun's rays hardly peeped in. 'Flooding is common during the rainy days. And these have resulted in outbreak of T. B. cases touching a number as high as half the population living in those Bustees', added Dr. Ghosh.

Earlier, Shri Amar Mitra, Secretary of the institution, welcomed all.

Some Thoughts On Road Accidents

(MONI BAGCHIN)

ANY increase in street accident naturally causes us a great deal of anxiety and it is no consolation to be told that the trend is national or even international and not confined to this city alone. A friend of mine who is a bit of a sociologist tells me that the accident wave sweeping through the world to-day must be traced to the aftermath of war, lack of spiritual discipline, economic mal-adjustments, search for new values and so on. Well, frankly speaking, I do not agree with his catalogue of reasons, excepting the first one. Why accidents alone, even these reasons could be attributed to the crime wave now sweeping throughout the world.

If we scan the accident records of the big cities like London, New York, Tokyo etc., everywhere the story is the same. It is alarmingly increasing, causing death and injury to innocent people. To prove the point that the citizens of Calcutta are not the only people who are having the harrowing experience of harvesting a big crop of road accidents, we need only to look at the annual report of the Commissioner of Police, London, published very recently. But let us look at our own report.

From the report of the Deputy Commissioner of Police (Traffic), we learn that the road accidents in the city are increasing disturbingly. Without going through the details of the statistics supplied by him, I shall confine myself to some general observations. The report shows that there had been 223 deaths on account of road accident during 1957 as against 209 in 1956 and the number of injured are proportionately heavy. It is admitted in the report that five people die in the city every week as a result of street accidents and this figure is quite sufficient to make us anxious. The Police are no less anxious and this is why they have suggested a new scheme to minimise the road accident.

There are many factors leading to a street accident and perhaps almost every one of us is familiar with them, but it is a strange trait of the human behaviour that we take very little care to avoid the accident and sometimes it so happens that it is the wilful intention of the pedestrians to be involved in a road accident much to the chagrin of the innocent drivers. If I say there are some man-made accidents, I think, I won't exaggerate. To say an accident is an accident is to shirk off one's responsibility, both social and civic.

The population of the city has increased enormously now and the number of private cars have equally increased. It is these private cars which cause most of the city accidents on the road. Next come the lorries and heavy vehicles which have also increased of late and these are now seen running over almost all the roads and streets of the city, and very often beyond their restricted speed,

causing lots of accidents to school children mainly. Inefficiency of control is said to be another reason and a valid one, too. I have seen many times a traffic police lacking in alertness, calculation and swiftness, necessary to control the cars, lorries, trams, etc., passing over the junctions of the important thoroughfares. Although traffic regulations have now considerably improved, I do not think, the Calcutta traffic police have the adequate training as yet to control the overflowing stream of conveyance. *Thela gari*s are another source of danger and much of the street accidents could be accounted for them. The owners of the private cars are mostly in the habit of enjoying a bit of speed during the night when there is less crowd of the pedestrians and their indulgence in this habit causes many accidents. They should be warned about this practice.

Now what about the pedestrians? Are they really innocent in this matter? I cannot say they are. Rather it is my experience that most of the road accidents are caused by their carelessness in respect of crossing and re-crossing the streets. It seems they pay very little care to the traffic rules and when cautioned against probable danger, they very often say with an air of defiance: "Never mind, I won't be involved." Every citizen should avoid this attitude while out on the city-streets. We should remember the simple lesson: a stitch in time saves nine. There is another aspect to which I like to draw the attention of the guardians. It has now become a fashion with the children in the city to play footballs and hockey etc., on the road and this practice has caused a lot of road accident and it is the duty of the guardians to prevent their wards to use roads as play-grounds; of course the guardians will put forth a plea saying: it is easy to advise, but where are the children's park in the city: But that is altogether a separate issue with which I am not concerned.

Brilliant mercury lamps on the crossing of important thoroughfares have now-a-days minimised much of the street accidents during the night time. It is reassuring to see that the Corporation and the Improvement Trust have done their best to illumine the city roads, but at the same time is disappointing to see these costly lamps stolen from the roads and parks, very often. This shows that we still lack in proper civic sense.

To sum up, if we really mean to avoid accidents, we should first learn to stick to the traffic rules, teach our children to observe them scrupulously and we should always help our fellow pedestrians when involved in an accident in all possible ways. And lastly, the police and the public should co-operate with each other, so that every offender is taken to task and does not escape the law. It is our moral, social and civic responsibility that is likely to make us conscious about the loss in life, time and wealth due to road accidents.

CITY NEWS PARADE

OBITUARY: The death of the talented artist of the Bengali stage and screen, Shrimati Ranibala, occurred on Sunday, the 2nd February. She was 42.

Appearing for the first time on the stage of Natya Niketan in 1931, the late Shrimati Ranibala played in over 100 roles on the stage and screen during the past 26 years. Her last appearance was in "Parash Pathar," Shri Satyajit Ray's latest film, where she delighted the audience by her powerful acting.

On the stage the late artist had appeared as the heroine with Shri Sisir Kumar Bhaduri, Shri Ahindra Chaudhury, the late Shri Durgadas Banerjee and other celebrated artistes.

In the city's play-houses two minutes' silence was observed as a mark of respect to her memory on that day.

Shri Kalipada Maitra, retired Chief Presidency Magistrate and Deputy Director-General of Enforcement, Calcutta, died on Thursday, the 30th January last. He was 77.

After retirement, the late Shri Maitra joined the Murshidabad Nawab Estate service as its Dewan.

Death of Shri K. L. Jethia, one of the leading industrialists in this city, occurred recently. He was known also in this city being a member of the well-known Jethia family and for his business acumen.

The Calcutta Corporation at its weekly meeting on Friday, the 31st January last, mourned his death.

Sardar Abdul Hamid Mia, a nationalist Muslim, and a citizen of the Narkeldanga area, eastern part of the city, died recently. The Corporation also mourned his death in that meeting.

COMMUNIST PARTY OF INDIA, West Bengal Committee, held a four-day conference which ended on January 31. It emphasized the importance of the party's recruitment drive, improving the activities of its leading committees and strengthening party branches. Shri Ajoy Ghosh, General Secretary of the party and Shri Bhupesh Gupta, a member of the Politburo, took part in the discussion.

The conference was attended by 371 delegates, representing a total membership of 24,448, from different parts of West Bengal. Sixty-two delegates were elected to attend the special congress at Amritsar.

The principal items on the agenda at the State Party Conference included proposals suggesting changes in the party's constitution to facilitate "rapid expansion of mass membership" and to strengthen the capacity of party committees to discharge their "growing responsibilities."

CALCUTTA MEDICAL COLLEGE'S 123RD FOUNDATION DAY was celebrated on Tuesday, the 28th January last, in the premises of the College before a distinguished gathering. The State Governor, Shrimati Padmaja Naidu, in her presidential address, praised the achievement of the oldest Medical Institution in India in producing eminent physicians in large numbers who had

served people with singular devotion for ages past. She advised the students to cultivate intimate ties with their teachers and incidentally narrated to the audience the cordial feelings cherished by the students in the past towards them.

The Principal of the College, Dr. Sudhir Chandra Bose, said that admission to the College should be cut down from 137 to 100 in order to improve the quality of teaching. Because of increase in the number of students in recent years it was not possible to pay individual attention to students.

Principal, Dr. Bose also urged the Government to take steps against overcrowding patients in the Hospital. The number of beds was 853 but arrangements had been made to accommodate about 1,600 patients. Medical education was bound to suffer if the College authorities had to take responsibility of such a large number of patients.

At the same time the Principal appealed to the public to appreciate the exacting nature of duties the staff of the Medical College had to perform and lend their co-operation by exercising tolerance and mutual understanding. The doctors, he assured, did not lack in human touch, but they were not given the opportunity to evince it due to the 'touchy' nature of the public in some cases.

A SOCIAL WORKERS' CONVENTION spreading over a two-day session, was inaugurated on the 1st February last, at the University Institute Hall. Social workers hailing from different parts of West Bengal passed a resolution suggesting that camps be established to train social service workers. The training should include first aid and social education. In the absence of Dr. Jadu Gopal Mukherjee, an old revolutionary leader of Bengal, who had been elected to preside, Shri Ram Narayan Chaudhury, Information Secretary to the Bharat Sevak Samaj, was in the chair.

Special emphasis, the convention thought, should be laid on Community Development Projects and the National Extension Service. A movement to improve the social and economic status of people living in border areas and forest regions should be started.

An organizing committee was set up to contact various organizations to constitute a general council of 50 members to implement the convention's recommendations.

DEMONSTRATIONS: The city is still in the grip of demonstrating crowds. For the last few days there were occasional demonstrations by the Tramwaymen.

On Friday, the 31st January last over 1,000 Goals demonstrated in the streets protesting against the measures for removing khatala from the city. The demonstrators were stopped by the police at Mission Row Extension when they were entering the Dal-housie Square area—where processions are banned. The men, who were on their way to Writers Building to represent their case before the authorities squatted on the road for over three hours in the afternoon before dispersing. They also demonstrated before the Central Municipal Office Building, S. N. Banerjee Road.

Fifteen refugees were injured in police action outside the Sealdah railway goods shed near the South Station in the same day when the gate clerk's room was attacked with stones and bricks. Inside the room furniture were smashed and nine policemen were injured who had taken shelter there.

The trouble arose when a number of refugees, men, women and children demanded from an officer a definite date for their removal for resettlement.

CORPORATION NOTICES

To Contractors

Tenders are invited in duplicate for the following and will be received by the 2nd Deputy Commissioner on the date noted for each, up to 12 Noon. CORPORATION NOTICES—Contd.

Offers Invited.

Offers are invited for the purchase and removal of dumps of silt, already dug up from the Settling Tanks and deposited on the banks of the settling tanks at the Pulta Pumping Station. The aforesaid dry silted earth (about 25 lacks Cft.) has been dumped on the land adjoining the banks of Settling Tanks on the South side of Kutcha Settling Tanks and final settling tanks. The intending purchasers may inspect the site and submit their offer to the Deputy Commissioner II on or before the 20th February, 1958 upto 12 P.M. mentioning their rates per 1,000 Cft. All arrangements for removal of silt are to be made by the successful offerer at his own cost without disturbing any Corporation work or property and with the permission of the Superintendent, Pulta Pumping Station. Prior to taking up the work of removal the amount in full as price of silt to be taken is to be deposited to the Corporation Treasury through this department. The party shall strictly follow the factory rules. Each lorry, cart or any other conveyance which will be arranged by the party to carry this silt should procure a gate pass

from the Superintendent, Pulta Pumping Station under his signature. All works are to be done between the hours 8 A.M. to 4 P.M. No transport will be allowed outside these hours.

S. C. MUKHERJEE,
Executive Engineer,
Water Works.

CENTRAL MUNICIPAL OFFICE :
The 4th February, 1958.

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Black arm badges with White numbers from Nos. 1 to 350.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the coolie.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Rs. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

S. M. MURSHI,

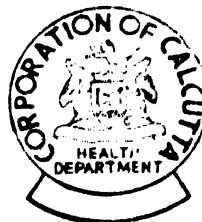

Offg. Superintendent, S. S. Hogg Market.

FRIENDSHIP STRENGTHENED

H. M. S. 'GAMBIA' IN THE CITY

A six-day visit to this city of the British Navy Cruiser H. M. S. *Gambia* roused much interest to the citizens. It was opened to the public for two days during last week.

Flying the flag of the Commander-in-Chief, East Indies Station, Vice-Admiral H. W. Biggs, the ship lay in moorings at the Man-of-War Jetty on the river Hooghly. This 8,000 ton cruiser, mounting 6 in. guns, had earlier been in this city in January, 1956. Since then it has greatly improved its fighting efficiency and added considerably to the comfort of its complement of nearly 600 officers and men.

Among those who called on the Commander-in-Chief on the day of his arrival on the

3rd February last were Major-General Bishop, U.K. Deputy High Commissioner, Major-General T. B. Henderson-Brooks, G.O.C., 20 Division and the Mayor, Dr. Triguna Sen. Later, Vice-Admiral Biggs inspected a Guard of Honour at Fort William given by the J. & K. Infantry.

The Vice-Admiral gave a return visit to the Mayor's office, S. N. Banerjee Road on the same afternoon when he was presented with a bouquet (picture above). The Commissioner, Shri B. K. Sen and many others were also present. In that night a Reception was given to the Vice-Admiral by the Commander of Navy, Shri Vasudeva.

CORPORATION ASSESSMENT PROCEDURES

Many things about the Assessment procedures and complications therein have come to light in course of a series of meetings of the

the recently appointed Mayor's Committees are to go into the principles to be followed while assessing the holdings in the city the Standing Committee has come across many cases wherein a uniform

CIVIC RECEPTION ACCORDED TO DR. HO CHI MINH

CALCUTTA Corporation accorded a Civic Reception to Dr. Ho Chi-Minh, President of The Democratic Republic of Vietnam on Thursday, the 13th February. The President was in this city on the last lap of his visit to India. He reached the city a day before.

The Reception, which was largely attended by the citizens from all strata of life, was held in the Council Chamber, Central Municipal Office Buildings, S. N. Banerjee Road. The West Bengal State Governor, Shrimati Padmaja Naidu, was present. Among others present were the Chinese Vice-Counsel in the city, a few Ministers and high Government officials.

The Mayor, Dr. Triguna Sen, presented the Civic Address in an engraved wooden casket, a rural painting and a bronze statue of Buddha to the President, who in return, presented two plaques of Mahatma Gandhi and Shri Nehru. National Flags of both the countries were flown. The function started with the chanting of Indian National Anthem.

Dr. Ho said that the Vietnamese would always remember that the people of this city had valiantly struggled to support Vietnam's resistance.

At the Reception Dr. Ho was accompanied by many of the members of his party including a Minister of Vietnam Republic. Earlier, the party was received by the Mayor, Dr. Sen, the Deputy Mayor, Shri K. C. Basu and others. A bevy of girls welcomed him by blowing conch-shells. "Sanai" was also played. The function being over, the honoured guests were entertained at Tea in the Councillors' Club Room.

A detailed report covering the function will be published in the subsequent issue of the 'Gazette.'

The visiting President left the city on Friday, the 14th February. High functionaries of the State including the Governor, Shrimati Naidu, Chief Minister, Dr. Roy, the Mayor, Dr. Sen, and Shri S. C. Roy, the Sheriff, were present at the airport to see Dr. Ho off. A Guard of Honour was also presented to the President.

Standing Finance Committee held recently while discussing the Budget Estimates for the year 1958-59. It occupied much of the time of the Committee. In spite of the fact that

principle could not be followed in a strict sense in accordance with the Sections of the Calcutta Municipal Act, 1951. Some criticisms have also been levelled on the

basis of property valuation. Complaints are frequent that one class of rate-payers is reaping a windfall as a result of the application of the 1951 Act. The owners and occupiers of cinemas, theatres and other places of amusement belonged to this class.

The Act has prescribed 5 per cent. of the annual gross receipts as the basis to value cinemas, theatres, and other places of public entertainment. In consequence, their annual valuation has gone down much lower than that prevailing under the

London. He has to pay the house-tax also at a much higher rate. As a result of the new assessment, valuations of houses meant for the owners' dwelling have increased almost in proportion to the prevailing price of land and cost of construction; while in Britain, the basis prescribed for valuing dwelling houses for the purpose of fixing rates is the rental, as it was on or about June 30, 1939. This has no doubt caused a rate-payer to pay an amount as Municipal Rates three or four times than the amount he was paying earlier.

Those who have let out portions of their houses are the worse sufferers in this regard. The increase in taxation on them as a result of the revision made under the new Act has been the highest. Under the old Act, the assessment of "hybrid buildings" used to be made on the cost-of-construction basis, while the existing Act requires assessment to be made on the basis of annual rental. The new system has resulted in a rise in taxes on "hybrid" house-owners. In one instance, the quarterly Corporation tax for such a house-owner is now Rs. 580.66 compared with Rs. 236.50 under the old method.

Besides, the current cycle of revaluation started on April 1, 1954, has to be completed by January 1, 1960. Properties in 44 Wards have been evaluated so far; those in the remaining 36 are still to be covered. Before the cycle is completed there are already many of the lacunae detected in the criterion prescribed for revaluation. And one can easily imagine how the burden of Rates would be further enhanced within so short a period. This has rather prompted many of the Councillors to demand a General Revaluation at an interval of ten years instead of six years as at present.

Hence there is a general demand for the amendment of the present Act.

SHRI TULSI ROY IS DEAD

We deeply regret to announce the death of Shri Tulsi Charan Roy, one time Councillor, Calcutta Corporation. He was also the Chairman of the Bengal Chemical and Pharmaceutical Works Ltd., for long till the time of his death which occurred on the 21st January last at his residence at Mahatma Gandhi Road. He was 72.

A solicitor by profession the late Shri Roy had considerable business acumen. He was an ex-member of the National Chamber of Commerce and Industry. He entered the Council Chamber at a general election held in 1944 and soon rose to become an important member of the House. He had been in many of the important Standing Committees of the Corporation. He was also attached to many of the local organizations and philanthropic institutions.

The Corporation at its weekly meeting on the 7th February last, condoled his death. The death was referred to in the House by the Mayor, Dr. Triguna Sen, who paid eloquent tributes to his memory. The meeting was also adjourned for a few minutes only.

We extend our sincerest condolences to the members of the bereaved family.

DEATHS AND DISEASES IN THE CITY DURING JANUARY

During an epidemic season when diseases generally mount up in alarming numbers, they have been checked considerably during this season. It was mainly due to the control of these diseases by the Corporation.

Only 80 persons were attacked from cholera during the month of January, 1958 containing five weeks namely, the 4th, the 11th, the 18th, the 25th of January and the 1st February last while 36 deaths occurred from the disease during the same period. There were 64 attacks and 40 deaths from the disease during a corresponding period of so many weeks.

Attacks and deaths from small-pox during January were 49 and 39 respectively while attacks numbered 331 and deaths 259 during the corresponding period last year.

18 persons died of Typhoid and five of Malaria against 18 deaths from the same during last year. Malaria took 18 lives during last year.

Tuberculosis tolled a higher number than many other diseases. It touched a number of 162 against 169 in the previous year of the same period.

Deaths from all causes totalled 3,129 during January, 1958 against 3,959 during a similar period last year.

1923 Act. Thus the annual valuation of a cinema on Chowringhee Road has been fixed at Rs. 45,414 as against Rs. 64,800 under the old Act. The figures in respect of two cinemas in Humayun Place are Rs. 35,123 and Rs. 48,286 as against Rs. 41,820 and Rs. 72,600 previously. The rates of annual valuation in other similar houses also show a decline compared to those fixed under the old Act, which prescribed estimated annual rent as the basis for assessment. So it can safely be said that the present basis of valuation of cinema houses and theatres has almost halved their real annual value and proportionately reduced the consolidated rate charged on them.

On the contrary, a middle class man is being robbed more to build a house in Calcutta for his own dwelling purpose than his counterpart in

THE CORPORATION at WORK

A GIST OF PROCEEDINGS OF THE THIRTY-SECOND ADJOURNED MEETING AND THE THIRTY-THIRD ORDINARY MEETING OF THE CORPORATION JOINTLY HELD ON FRIDAY, THE 7TH FEBRUARY, 1958.

WATER SUPPLY IMPLEMENTED

The Corporation, on the recommendation of the Standing Water Supply Committee, entrusted the work of sinking 328 of 1½ in. dia. tube-wells in different scarcity areas to a number of contractors. The sites for sinking those tube-wells have been located by different Borough Committees. In view of the urgency of the situation, the Standing Water Supply Committee desired to sink those tube-wells as early as possible. The allocations have been distributed to the following contractors in such a way so that there might not be any delay in completing the work. A few machinery and implements would be supplied from the Corporation stores.

(a) Shri Kanailal Goswami—50 Nos. at Rs. 215.00 nP. for each tube-well.

(b) Shri D. Banerjee—50 Nos. at Rs. 224.00 nP. for each tube-well.

(c) Messrs. Ramapada Sen & Taruprasad Sen—50 Nos. at Rs. 235.25 nP. for each tube-well.

(d) Messrs. Roy & Chakravarti—50 Nos. at Rs. 250.50 nP. for each tube-well.

(e) Shri P. C. Paramanick—28 Nos. at Rs. 256.50 nP. for each tube-well.

(f) Shri G. C. Shaw—50 Nos. at Rs. 260.00 nP. for each tube-well.

(g) Shri N. N. Ghosh—50 Nos. at Rs. 270.50 nP. for each tube-well.

Based on a recommendation of the Standing Finance Committee, the House also temporarily created posts of a staff to be entrusted with the work of laying 15 in. and 26 in. Filtered Water Reserve Mains in many of the scarcity areas including Burrabazar where the problem had reached a maximum point. When the recommendation was put up before the House, several members wanted to spread the work of pipe laying of Reserve Mains in their respective areas, such as Cossipore.

Based on the recommendations of the same Committee, the House accepted a tender for supply and delivery of a quantity of graded sand for use in slow filters at Pulta Pumping Station. The original acceptance of the tender for a full quantity was referred back at the request of the Mayor, Dr. T. Sen, when Councillors Shyamal Kumar Dutta, Mukur Sarbadhikary and others apprehended that the proposed supply might be unsuitable for the purpose.

The House, on a recommendation, accepted the tender of Messrs. Bengal Chemical and Pharmaceutical Works, Ltd., for supply and delivery of 1,262 tons of Alum Cake to be used for filtration at the Pulta Water Works.

NEW WATER BARGES

The House, on the recommendation of the Standing Water Supply Committee, accepted tenders for construction and supply of two Water

Barges, non-self-propelled, subject to certain terms and conditions. The tender was accepted on the advice of Messrs. Norman Stewart & Co., Marine Consultants. These two Barges will be used for water supply to shipping.

A QUESTION ON WATER-SUPPLY

In reply to a question put forward by Councillor Mihir Lal Ganguly, it was ascertained that about 4,000 rate-payers of Ward No. 10 had been contracted by the staff of the Water Works Department during a period from April to August, 1957. More than 200 both verbal and written complaints were received in that area. Besides all possible steps were taken to remove the difficulties of the rate-payers. Some of those related to cleansing of ferrules and stop-cocks, removing air-lockages in their service pipes, detection of leakages and contamination, if any due to leakages. Prompt actions were taken to remove those defects. The system of reporting depended on the merit of the cases. The period of execution of work depended on:—

(a) For major repairs, from one to three days and for minor or normal repairs from one hour to three hours.

(b) The work generally done by contractors usually takes three to four days from the date of commencement.

(c) One hour to one day depends upon the nature of repair in cases of minor complaints.

(d) Minor repairs are done immediately by the Head Pipe Layer on report of the Section concerned but for major repairs they have to wait for sanctioned estimate to be noted by the Accounts Department out of the fund under the disposal of the District Engineer concerned.

In matters of water supply to Bustees it was known further that the Bustee connections and Hut connections were allowed on applications according to the existing rules. Besides, sometimes tube-wells were sunk inside the bustees and in addition filtered water supply through lorries were also given by the Corporation when such occasions arose.

At present there are 26 Bustee connections, 150 Hut connections, 17 Road connections and 5 Road-side Tube-well connections within Ward No. 10.

MATERNITY UNIT NO. 1

The House, on the recommendation of the Standing Town Planning and Improvement Committee sanctioned a sum of Rs. 70,000/- for the purchase of premises No. 82/10, Beadon Street for the location of the Corporation Maternity Unit No. 1.

BHOWANIPORE DISPENSARY

The House, based on the same Committee's recommendation also gave an administrative sanction of Rs. 72,500 for the construction of a building on Corporation land at 26, Debendra Ghose Road for the location of the Bhowanipore Dispensary.

IMPROVEMENT OF TOLLYGUNGE AREA

The House accepted a motion in connection with the improvement of Tollygunge area which was of urgent nature. The motion was tabled by Councillor Raj Satyendra Mitra in August last. The improvement work of that area estimated for supply of filtered and unfiltered water at a cost of about Rs. 14.20 lakhs, drainage and sewage disposal at Rs. 9.87 lakhs, roads at Rs. 9.87 lakhs

maintenance of bridges, causeways and culverts under Sections 850 and 852.

(4) Parks in congested and unhealthy areas under Section 517.

Only two per cent. ratepayers have house connections for filtered water supply with less than five gallons per head per day. There is no unfiltered water supply in Tollygunge area. The area has no drainage arrangement and for this most of the roads and areas remain under water during monsoon till winter. Many important roads are kutchas where thousands of houses are built.

DEATHS AND DISEASES IN THE CITY

Attacks and deaths from cholera in the city during the week ending the 8th February were 38 and 15 respectively, against 22 and 12 respectively during a week previous to this. There were 12 attacks and eight deaths during a corresponding week last year.

Eight attacks and a similar number of deaths from small-pox occurred during the same week while there were 15 attacks and 14 deaths from the same. During a corresponding week last year 74 persons died of small-pox and 88 were attacked by the same.

Typhoid tolled three lives while 36 persons died of Tuberculosis against 37 deaths during the same period last year.

Deaths from all causes totalled 668 while 689 persons died during the previous week. Deaths totalled 819 during the corresponding week last year.

From an information supplied by the Health Department more than fifteen lakhs of citizens were vaccinated by the Corporation staff up to the said week since a Special Epidemic Control staff was appointed for the purpose. The number of cholera inoculation has touched a figure of 64,384 during a similar period.

**COUNCILLOR BROJEN BANERJEE'S
BEREAVEMENT**

Shri Khagendra Nath Banerjee, father of Councillor Brojendra Nath Banerjee, died on Thursday, the 6th February last. He was suffering from various ailments. The late Shri Banerjee was 84.

Tributes were paid to his memory by the Mayor, Dr. Triguna Sen, who referred the death in the weekly meeting of the Corporation on the 7th February last. The Mayor said that the late Shri Banerjee rose to high post in an industrial firm where he entered in a most humble way during his early youth. And it was due to his diligence, dexterity and other qualities he rose to a high post. He also earned love and respect of the local people where he lived by his amiable disposition and suave manners.

The meeting was adjourned for five minutes as a mark of respect to his memory. The House also sent its sincerest condolences to the members of the bereaved family.

and parks at Rs. 2.05 lakhs. These were of urgent necessity. "Corporation", Councillor Mitra said, "should not delay till the proposed loan for the purpose was raised". He stressed the need for approaching the State Government for necessary funds to speed up the work of providing the minimum civic amenities to the ratepayers of that area.

Justifying his motion in a note the mover has also said that the Corporation should provide:—

(1) Filtered water at 25 to 50 gallons per head per day in addition to supply of unfiltered water for flushing privies, urinals, drains etc., under Section 274 of the Calcutta Municipal Act.

(2) Municipal Drains necessary for effectually channelling under Sections 803 and 804.

(3) All roads for the public safety and convenience including the construction and

Councillor K. L. Dhandhanis, Chairman, Standing Finance Committee, opined that the matter was of urgent nature. He had no objection if the Corporation moved the State Government for advance of the required fund for the purpose.

At the same meeting the House also accepted another suggestion for arranging street watering in Tollygunge area as a measure of public health activity.

STATE BUS FARES

The Corporation approached the Government of West Bengal with a request for not to enhance the existing rates of Bus Fares at present enforced in this city. The decision was taken in the shape of a motion tabled by Councillor Dr. K. P. Ghosh.

He stated that the limited income resources of the middle-class families had reached almost at a freezing point due to increase of prices of essential food-stuffs. As they constitute the major portion of the travelling public in this city it would not be proper to over-burden them again. Councillor Ghosh further stated that there were different other ways and means by which the State Bus authorities could have implemented their funds instead of burdening over the common citizen. He was also of the opinion that wastage, malpractice and others were responsible for an increased expenditure of the department concerned.

SMOKE NUISANCE

By another motion tabled by Councillor Dr. K. P. Ghosh, the Corporation urged upon the State Government to take steps to stop 'black smoke' discharged from diesel engine vehicles of the State Transport.

The motion further stated that the conversion to diesel engine vehicles of the State Transport as an economic necessity had resulted in an adversely alarming problem of air pollution in the city.

In a note, the Mover also said :—

Black smoke is a potential danger to pedestrians when operates in sunlight. In the U.S.A. and in the U.S.S.R. scientific researches are being carried on to find out dangerous gases out of fuel in the engine and which are creating toxic substances in the blood.

This emission can be eliminated through adequate maintenance of fuel injecting equipment. Technical personnel in the State Transport should be appointed for the purpose as well.

RE-DISTRIBUTION OF TAX-POOLS

The Corporation felt that good senses would prevail upon the financial authorities of the Government of India while re-distributing the Tax-pools to the respective States according to the basis of collections made in those States. The decision was taken upon a motion adopted in the House against the Report of the Second Finance Commission under Shri Santanam, published recently.

CORPORATION SCHOOL

The Annual Prize Distribution Ceremony of the Corporation Primary School located at Garcha Road, was held on the 12th January last, in the central hall of the National High School. The Mayor, Dr. Triyuna Sen presided. The Commissioner, Shri B. K. Sen gave away the prizes.

A large number of citizens of the locality watched the function. Among those present were Shri Sunil Das, M.L.A., Dr. Arabindo Barua, the Education Officer, Shri Ram Kumar Bhawalka, M.L.C., Dr. Bibhas Chandra Roy and others.

There was performances of playlets, singing of music, and other interesting events in the programme. Some of the guests were so much delighted to witness those performances that special prizes and medals were offered by them.

The Headmaster presented the Annual Report of the school.

There was another demand for reallocation of tax-resources between the Union Government and the State Government so that the States might have sufficient resources to spend larger amounts on welfare services. In this connection the motion further stated that a recent statement of the Indian Prime Minister had announced the obligations towards the refugee people in the State of West Bengal. And unless necessary resources were allocated the State could not proceed further in removing their distress.

The motion was tabled by Councillors Biman Mitra, Sachin Sen, Subrata Sen, Parma and Syamal Kumar Dutta.

NEW MACHINERY

The House, on the recommendation of the Standing Works Committee, sanctioned Engineer's estimates for the following :—

- (1) Three Electric Motor-Driven Dry Weather flow Pumping Plants for Ballygunge Pumping Station at Rs. 4.46 lakhs.
- (2) Two Electric Motor-Driven Storm Water Pumping Plants with all accessories for Ballygunge Pumping Station at Rs. 4.27 lakhs.
- (3) One Motor-Driven Storm Water Pumping Plants with accessories for Palmer's Bridge Pumping Station at Rs. 2.47 lakhs.
- (4) Three Electric Motor-Driven Dry Weather Flow Pumping Plants with all accessories for Palmer's Bridge Pumping Station at Rs. 5.23 lakhs.

LETTERS TO THE EDITOR

IRREGULAR CLEARANCE OF SILT

TO THE EDITOR, "CALCUTTA MUNICIPAL GAZETTE."

DEAR SIR,—The man-hole, yard-gully and gully-pit on the city streets are often found to be in a choked-up condition due to irregular clearance of silts accumulated therein for long.

Of late, heaps of silt although raised and drawn out of the man-holes and yard-gullies are found to be stacked nearby on the streets to the awful inconvenience of the passers-by and the shop-keepers as well. This silt is left over there for days together until cleared and carried by the lorries detailed for the purpose. This accumulated silt on the public street, gives out a bad odour which is injurious to public health.

We suggest that the silt when so raised by cleaning out man-holes, gully-pits or nikashi drains, be immediately carried over by the lorries as it was done in the past. This would minimise the trouble and would probably save duplication of work and increased cost of labour as well.

Will the Corporation authorities pay heed to our humble suggestion and remove the long standing grievance of the citizens.—Yours etc.

KANAI LAL CHUNDER,
and others.

4/1A, Haladhar Bardhan Lane,
The 30th January, 1958.

A CHARITY SHOW INAUGURATED

In social services the Daridra Bandhab Bhandar has earned a name in the northern part of the city. But its recent enterprises have added new feathers. SHREE SHREE MOHANANANDA BRAHMMACHARI SEBAYATAN named after a great savant of India, is one such institution under the Bhandar, at Shrikristo Daw Lane. It has done much in this regard by establishing a new indoor hospital in that area. But a philanthropic institution should be provided with adequate funds to carry out its programme. Charity shows have been found to be one of the means in implementing the finances of those institutions.

Such an occasion was presented on the 2nd February last, at Basuree Cinema Hall when the State Chief

Minister, Dr. B. C. Roy (sitting extreme right above) inaugurated a function in aid of the Sebayatan. Sm. Aniya Roy Chowdhury (standing extreme left), the joint Secretary of the Deb Gitali Sangha, which organized the function, announced that the fund raised on that occasion had touched nearabout twelve thousand rupees. Besides there was a promised sum for endowment of a bed in the Sebayatan. The function started with the recitation of the Vedic Hymns, Shrimati Chabi Banerjee rendered Kirtan songs. Rabindranath's 'Lakshmi Pariksha' was also staged. The Sebayatan's Secretary, Shri Chandra Sekhar Gupta (standing middle) presented a report narrating the activities of the Sebayatan. Shri S. M. Ghosh, Collector of Calcutta, also graced the occasion.

STUDENTS' HEALTH HOME

The second annual conference of the Students Health Home was held at the Calcutta University Senate Hall on the 1st February last.

Inaugurating the meeting the Mayor, Dr. Triguna Sen, and the Rector of the Jadavpur University, said that the establishment of a hospital exclusively for students had become an urgent necessity. He appealed to the public, the Government and civic institutions to assist the Home in implementing its plan for such a hospital. He added that the Government, the University and other bodies should combine to provide a comprehensive health service to students.

Prof. N. K. Sidhanta, Vice-Chancellor of Calcutta University, spoke highly of the work done by the Home. He said that one of the problems before the university concerned the health of its students. It was necessary not only to look after the curative aspect of the problem but also to

undertake planned preventive work. This could be done mainly by the Government.

Shri Siddhartha Ray, the Judicial Minister, also praised the Home which had rendered admirable service to ailing students.

Dr. N. K. Munshi, who presided, drew a distressing picture of health among students in this city based on an investigation carried out by the Home in co-operation with the All-India Institute of Hygiene and Public Health. The problem was serious and could be resolved only on a national scale. The Government should bear the major share of the responsibility. The Home had submitted a scheme to Calcutta University to establish a students' hospital in the city.

The General Secretary of the Home, in his report, said that the number of cases treated by the institution was 3,754 in 1957, compared with 2,104 in 1956. It had also arranged to treat tuberculosis patients in sanatoria in India and abroad.

CYCLE RACE, AN IMPORTANT EVENT

Photo: A Gupta.

POURA-PRATISTHAN SANGHA FIFTH ANNUAL ATHLETIC SPORTS

High spirits prevailed on the Maidan, when the Fifth Annual Athletic Sports of the Poura-Pratisthan Sangha, Corporation Athletic Club, was held in the Bhowanipur Club Ground, on Saturday, the 8th February last. There was much enthusiasm in many of the events particularly when a few interesting ones occurred. The Mayor, Dr. Triguna Sen, by presiding over the function inspired all to take part in that day's performances. Several Councillors, the Commissioner and a large number of Corporation officials not only made their presence there but also many of them participated in a few events. The Commissioner, Shri B. K. Sen who also distributed prizes to the winners, himself lead a group of eleven against the 'Mayor's Eleven' and come out successful. The events commenced at 1-30 P.M. with the hoisting of Sangha Flag by one of its Vice-Presidents, Shri P. Guha. The Corporation employees mustered there numbered more than 5,000.

The 'Best Athlete Trophy' went to Shri Atri Chakravarty of Assessment Department. This was presented by the Corporation Clerks' Union. The Accounts Department made over a Silver Challenge Cup in memory of one of its members of the staff, Shri Tejendra Nath Bose also a founder member of the Sangha. The License Department defeated the Assessment Department in the Departmental Relay Race and won the Challenge Cup along with the 'Winner' Trophy. The Departmental Championship was also won by the Assessment Department.

The Results are as follows:—

100 Metres Flat Race (Open):—

1st. Shri Atri Chakravarty—Assessment; 2nd. Shri Asish Bose—License; 3rd. Shri Nihar Pal—Printing.

75 Metres Flat Race (Above 40 years):—

1st. Shri Utpal Sen—Assessment; 2nd. Shri Haridas Ganguly—Electricity and 3rd. Shri Kusi Samanta—Treasury.

50 Metres Flat Race (Ladies):—

1st. Shrimati Roma Mallick—Health; 2nd. Shrimati Priti Shome—Education and 3rd Shrimati Pramila Bhadury—Health.

50 Metres Three Legged Race (Open):—

1st. Shri Swadesh Das Gupta and Partner; 2nd. Shri Deb Narain Kundu and Partner; and 3rd. Shri Adhir Konar and Partner.

100 Metres Flat Race (For Inferior Staff):—

1st. Janab Md. Idria—Assessment; 2nd. Shri Arabindo Ghosh—Assessment. and 3rd. Shri Amar Mukherjee—Food Supply.

50 Metres Balance Race (Ladies):—

1st. Sm. Biroda Bala Pandit—Education and 2nd. Sm. Pramila Bhadury—Health.

200 Metres Flat Race (Open):—

1st. Shri Rangalal Mullick—Water Works; 2nd. Shri Nihar Pal—Printing and 3rd. Shri Asok Rose—License.

A STRENUOUS EFFORT FOR VICTORY

The Commissioner, Shri B. K. Sen is on the 1st position (extreme left)

Tug of War (Departmental):—

Winners—Accounts Department. Runners up—Collection Department.

150 Metres Obstacle Race:—

1st. Shri Asish Bose—License; 2nd. Shri Swapan Dey—License and 3rd. Shri Asoka Bose—License.

75 Metres Flat Race (Aldermen & Councillors):—

1st. Councillor Sachindra Sen; 2nd. Councillor Krishna Chandra Byasak; 3rd. Councillor Subrata Kumar Sen Sarma.

One Mile Cycle Race (Open):—

1st. Shri Kumar Mukherjee—Collection; 2nd. Janab Md. Idris—Assessment and 3rd. Shri Tapan Banerjee—Assessment.

Musical Chair (Ladies):—

1st. Shrimati Lila Bagchi—Health; 2nd. Shrimati Kamala Banerjee—Education and 3rd. Shrimati Pramila Bhadury—Health.

100 Meters x 4 Relay Race (Departmental):—

Winners—License Department. Runners up—Assessment Department.

800 Metres Walking Race (For Members only):—

1st. Shri Monoj K. Das—Collection; 2nd. Shri Deb Narain Kundu—D. E. III and 3rd. Shri Pannalal Roy Choudhury—Accounts.

Go As You Like (Open):—

1st. Shri Brojendra Nath Sarkar—Education; as News Paper Hawker; 2nd. Shri Naba Kumar Das—License; as a Mad Man; 3rd. Janab Md. Golam Qadir—Assessment, as a Leper and 4th. Shri Madhusudan De—P. and D., as a Beggar.

High Jump (Open):—

1st. Shri Swapan K. Dey—License; 2nd. Shri Atri Chakraverty—Assessment and 3rd. Shri Adhir Konar—Health.

AN ART EXHIBITION

An exhibition of painting, books and manuscripts of the late Shri Gaganendra Nath Tagore was opened at the Rabindra-Bharati Hall, Dwarkanath Tagore Lane, on Wednesday, the 5th February last. The exhibition was inaugurated by Dr. Suniti Kumar Chatterji.

Over 270 paintings and drawings by the great master have been collected on loan from Kala Bhawan, Visva-Bharati and from a number of art-lovers who possessed Gaganendranath's many of the works. The paintings comprise landscapes and city scenes, Srichaitanya series, portraits and studies, Alladin in Wonderful series and caricatures, originals and prints.

Shri Bimal Sinha, Minister, West Bengal and General Secretary of Rabindra-Bharati, said that soon they would hold an exhibition of the photographs of Rabindranath during his tour in Eastern Europe and other parts of the world. Efforts are also being made to hold an exhibition of the collections of paintings by the late Shri Jyotirindranath Tagore he added.

Auction Bridge:—

Winners—Shri Radhika Dutta and Shri Surendra N. Dutta of Building Department.

Runners up—Shri Sambhu Banerjee and Shri Satyendra N. Ghosh of Education Department.

Chess Tournament:—

Winner—Shri Khetra Nath Roy of Education Department.

Runners up—Shri Ballesh Ch. Bose of P. and D. Department.

Calcutta Corporation's Unit of the St. John Ambulance Brigade, under the leadership of Dr. M. Goswami, was in attendance during the entire period of the Sports and attended to several cases of minor injury.

—HOUSING SITUATION IN INDIA

(Continued from page 899)

the households live in houses with floorspace per head less than 100 square feet.

(ii) MATERIAL TYPE: The materials with which the different parts of a house are built are important considerations to throw light on the housing conditions. In many of the under-developed countries, houses are not built, in general, with materials like cement and steel. This is in itself a characteristic of the under-developed economy. In a very general way, it may be stated that the physical conditions of the houses indicate the economic condition of the country. The Census Reports do not directly relate the types and qualities of materials used in building houses.

HOUSING AND SECOND FIVE-YEAR PLAN

Against the background of the aforesaid conditions prevailing in this sector of our economy, it will be interesting to discuss the provision made in the Second Five-Year Plan to improve the housing conditions of the people. The shortage of houses in 1951 is estimated to be 25 lakhs in urban area alone. It is envisaged that the population of India in 1961 will increase by 18 per cent over that of 1951. Due to rapid industrialisation during the Second Five-Year Plan period there will be large migration from rural to urban areas with the result that there will be heavy concentration of population in the cities and towns. Again there is the question of obsolescence of houses at the rate of 2 per cent per year and also that of removal of slum areas. Taking all these factors into consideration, even leaving apart the housing problem of rural areas, the provision for constructing 11 lakhs of houses through public sector and about 8 lakhs through private sector in the Second Five-Year Plan period is too low. Even taking into consideration the increasing efforts of the private industrialists, how far the estimate for construction of eight lakhs houses in the private sector is going to be realised against an objective of "reduction of inequalities in income and wealth and a more even distribution of economic resources" is yet to be judged. More attention from the Government is needed for the development of our backward housing economy at the present moment in order to place the country's economy on a sound level.

Articles

Housing Situation In India

[SHRI DAMODAR CH. DATTA, M.Sc., INDIAN Statistical Institute]

In the measurement of the standard of living of the people housing plays a very important role. It is one of the basic subjects which needs consideration in the scheme of general development. The sociological bearings on housing conditions should be viewed with strong affiliation. The various attitudes of an individual are the products of inheritance and environment. The physical environment through which the childhood of a man passes is an important factor to build up his character. In general, the physical conditions of the house, the surroundings of the locality, the nature of community life are the primary factors which go into the development of the mental faculties of an individual. It is needless to emphasize that healthy relations between individuals and between different communities and social groups can be better established and prolonged through proper planning of the cities and towns and the country side.

A STATISTICAL ASSESSMENT

Keeping in view the social and economic factors affecting the characteristics of the population, the proper planning on housing is an urgent necessity. While planning for a particular sector of economy, a prior assessment of the existing conditions in that sector is essential in order to shorten, if not to eliminate, the lacunae between the present conditions and the need through successive phases of national development. An assessment of housing conditions at intervals is required also to construct the welfare index.

Statistical assessment of the various factors of housing conditions has been made for particular groups of people in different areas in India through various family budget surveys, cost of living studies and such like. For India, the integrated over-all assessment of the conditions is obtained through census and sample surveys conducted on nation-wide basis. Primarily on the basis of the availability of results, the statistics on two items of housing conditions are discussed below:—

(i) **HOUSING ACCOMMODATION**:—Housing accommodation is an important element in the study of housing conditions. Over-crowding is a menace to physical health and mental aptitudes of the community. The following results are obtained from the five consecutive census years since 1911. This presents an idea of the over-crowding conditions in this country.

Census years	Average No. of persons per occupied house
1911	4.9
1921	4.9
1931	5.0
1941	5.1
1951	5.5

In the censuses held between 1911 and 1941, the house is defined as building, several, one or part of one occupied household. So in this definition there is one to one correspondance between a house and a household. From the figures above, it may be concluded that the proportionate increase in the number of houses could not keep pace with the proportionate increase in the population. If it is assumed that the average size of the houses has not increased during this period, it can be further stated that the houses became more crowded in 1941, than in 1911. In the census of 1951, the definition of a house has been altered such that the corresponding result for the year is not comparable to those of the previous censuses.

Apart from natural increase in population, the factors which have influenced the housing conditions since 1941 are (i) war, (ii) famines, (iii) political unrest, consequenced by reparation or influx of refugees from one to other country, (iv) tendency of migration from rural to urban areas. India, though not a theatre of direct military operations still suffered heavily in this regard due to diversion of industries to war purposes and her nearness to a field of action. Consequent inflation and engagement of technical manpower to military purposes, have aggravated the problem to a considerable extent. The influx of displaced persons from Pakistan in the already crowded cities and towns and the country side has worsened the situation. Further with the breaking up of joint family system, the need for more housing space has multiplied.

The nation-wide data on housing conditions collected in the seventh round of National Sample Survey during the survey period October, 1953—March, 1954, give another set of findings:—

From the census of 1951, it is found that the household size of 88 per cent. families is less than four. The percentage of households having four to six members is 44, whereas the remaining 28 per cent. households have more than six members in each. From the same survey, it is known, that for 88.5 per cent. of the households, the per capita floorspace in the houses occupied by them is less than 100 square feet and 82.5 per cent. of the households have per capita floorspace between 100 and 200 square feet. In the urban areas of India, the percentages of one-roomed, two-roomed, and three-roomed houses are respectively 44, 28 and 12. The remaining 16 per cent. of the houses have more than three rooms in each. On the other hand from 1951 census, it is known, that in 88 per cent. of the urban households there are less than four persons. In case of 41 per cent. of the urban households, the number of members in each is four to six. Again 46 per cent. of

CITY NEWS PARADE

OBITUARY: Dr. Jogesh Chandra Chakraverti, Director-Professor of Obstetrics and Gynaecology of R. G. Kar Medical College and Hospitals, died at his residence in city on Monday, the 10th February. He was 64.

The late Dr. Chakraverti joined the Carmichael Medical College in 1934 which was subsequently named as R. G. Kar Medical College. He was also Professor of the University, Post-Graduate Department of Obstetrics and Gynaecology, Honorary Visiting Gynaecologist and Obstetrician to the Lohia Matri Seva Sadan, and Consulting Surgeon, Tulsi Jayaswal Hospital, Howrah. He was a member of the Indian Federation of Obstetrics and Gynaecology and an Examiner of Calcutta, Madras, Lucknow and Gauhati Universities.

The late Dr. Chakraverti's death was mourned at the weekly meeting of the Corporation on the 14th February. With his death the city has lost one of the foremost and eminent Gynaecologists, remarked the Mayor, Dr. T. Sen, who referred the death.

Shri Prakash Chandra Ghosh, the President of the Jadav Mahasabha, died in this city on the 4th February last. He earned a popularity in this city by his philanthropic and public activities.

The Corporation at its weekly meeting on Friday, the 7th February last, condoled his death. This was referred to in the House by the Mayor, Dr. Triguna Sen.

DEMONSTRATIONS in the city continued as before. Over 3,000 refugees squatted on Esplanade Row East; on Wednesday, the 5th February last for about two hours after they had been prevented by police from approaching Writers Building. They wanted to submit a Memorandum containing their grievances and demands, which included opening up of new industries in West Bengal for rehabilitation of East Pakistan refugees instead of spending money on developing the Dandakaranya area.

The open session of the United Central Refugee Council over which Shri Hemanta Basu, M.L.A., presided, marked the conclusion of the Demand Week observed by them on Sunday, the 9th February at Subodh Mullick Square.

The meeting passed a resolution approving a decision to start a widespread movement to resist the Government's policy which goes against the refugees' interests, and to demand rehabilitation of refugees as part of "all-round development" of West Bengal. The demands also included rejection of the Dandakaranya scheme. Regularization of squatters' colonies and expansion of municipal facilities in Government colonies, were the other demands.

Among others who addressed the meeting were Shri Mohit Moitra and Shri Harekrishna Konar, M.L.A.

Twenty-eight Secondary School teachers of West Bengal, including three women, started hunger-strike in Raja Subodh Mullick Square, on the 10th February in accordance with a decision of the All-Bengal Teachers' Association. The Association had decided earlier to organize a mass hunger-strike of teachers mainly to protest against the condition requiring them to appear before the Public Service Commission in order to be eligible for the revised scales of pay. Shri Satya Priya Roy, M.L.C., and General Secretary of the A. B. T. A. was among the hunger-strikers.

Shri Amar Bose, M.L.A., who presided at a meeting held in this connection at Subodh Mullick Square, said that the Government should negotiate with teachers. Otherwise the situation might go beyond control. A number of Opposition M.L.A.'s and M.L.C.'s spoke in support of the hunger strike including Shri Bankim Mukherjee, M.L.A.

In the meantime a few other teachers joined the party of hunger strikers.

FOUR-DAY SESSION OF ALL-INDIA PRIMARY TEACHERS' CONFERENCE was inaugurated by Dr. Suniti Kumar Chatterjee, Chairman, West Bengal Legislative Council, on Saturday, the 8th February last, at Jadavpur, southern corner of the city. It was attended by over 14,000 delegates from all parts of the country. The inaugural session was followed by an education conference over which Janab Humayun Kabir, Union Civil Aviation Minister, presided. Among the special invitees were Mrs. Lidia Chuprakova and Mr. Sergei Romanov, representatives of the Soviet Union.

Dr. Chatterjee laid great importance on the knowledge and competence of primary teachers. He advised them wide reading to develop their minds.

Presiding over the Fifth All India Conference Dr. V. K. R. V. Rao, Vice-Cancellor, Delhi University, suggested that the Union Government should appoint a high-powered commission on primary education in India. The commission, also should include substantial representation of primary teachers. It would inquire into the reasons for failure in implementing the constitutional directive that there should be free and compulsory primary education in the country within a certain number of years.

Continuing his speech Dr. Rao regretted for the Government's failure to attach adequate importance to primary education in India when commissions were appointed on prohibition, the language issue and even on Sanskrit education. The basic foundation of society rested on the people's education and, as such, mainly on primary education, he emphasized.

Shri P. C. Sen, Food and Relief Minister, West Bengal, as the Charman of the Reception Committee, said that India expected to attain the target of nearly 40,000 basic primary schools at the end of the Second Five Year Plan. There were only 1,000 such schools at present.

Shri Harendra Nath Mazumder, M.L.C., President, All India Primary Teachers' Federation, demanded some "essential improvements" in pay scales, training facilities and free education facilities for the children of primary teachers.

Shri Jagdish Misra, General Secretary, presented the annual report. It was ascertained that the Union Government had undertaken a scheme to grant Provident Fund benefits to the teachers of Primary schools, as introduced in Secondary Schools.

BENGAL VETERINARY COLLEGE'S ALUMNI ASSOCIATION held its Annual Conference on Belgachia Road, College premises, on Friday, the 7th February last. The Minister for Agriculture, Dr. R. Ahmed, inaugurated the function which was presided over by Dr. L. M. Roy.

The General Secretary of the Association, Shri Anupam Chatterjee's report referred to a very paradoxical situation in recent years of, on the one hand, expansion of veterinary colleges and hospitals, increase in the number of breeding centres, and dairy and poultry farms; and, on the other, complete loss of initiative of field workers, affecting livestock improvement.

The 20th September, 1957.

—CITY-NEWS-PARADE

(Continued from page 400)

FIFTH ALL-INDIA HANDLOOM WEEK was inaugurated in the city, by Shri P. C. Sen, West Bengal Food and Rehabilitation Minister, on Saturday, the 8th February last. In this connection, Shri Sen also opened a mobile exhibition of handloom products.

Drawing attention to the growing foreign market for Indian handloom products, Shri Sen gave an idea of the progress achieved by the industry. He said that before independence West Bengal produced about 80 million yards of handloom textiles. The figure had gone up to 170 million yards and thus the industry became vital to the State's economy. While cotton mills in West Bengal employed 35,000 men and produced 260 million yards, the handloom industry provided employment to about five lakhs people. The State's present import was below 250 million yards of cotton textiles from outside. Concluding Shri Sen felt that the weavers should form into co-operatives if the industry was to progress.

Dr. R. Ahmed, Agriculture Minister, who presided, said that they had no doubt that India could export much more if only her products were made to meet tastes abroad.

COMBINED ANNUAL POLICE PARADE participated in by both the West Bengal and Calcutta Police forces was held on Sunday, the 9th February, at the Brigade Parade Ground, Maidan. The West Bengal State Governor, Shrimati Padmaja Naidu, took the salute. A large number of people, including many children, cheered as each contingent marched past the saluting base.

The parade joined by about 1,400 officers and men and women police—was impressive. It was commanded by the Deputy Inspector-General of Police, Armed Forces, Shri S. M. Ghosh. The combined massed band of both the forces was in attendance.

Shri Chandra Sekhar Banerji, Inspector, West Bengal Police; Shri Parash Chandra Chatterjee, Inspector, Calcutta Police; and Shri Sailendra Chandra Ray, Sub-Inspector,

West Bengal Police, received from the Governor the Police Medal for 1957 for "meritorious service". Mita, the Police Alsatian dog, also received a special collar for meritorious work.

Officers and men in 26 detachments, representing different wings of the combined force marched past the saluting base. Among the other contingents deserved special mention were the Calcutta Police Sergeants, the Calcutta Traffic Police and the mechanized units of the West Bengal and Calcutta Police. The Calcutta Mounted Police with their white uniforms, golden mail chains, red waistbands, ceremonial swords, and pennants flying from their lances stole the show.

The West Bengal Home (Police) Minister, Shri Kalipada Mookherjee emphasized the new role policemen were called upon to play after independence. He reminded them that it was their duty to offer sympathy to people and not to repress them. Discipline and service to society should be their motto, and they should try to enlist greater public co-operation in their activities.

AN EXHIBITION ON CHILDREN'S HOBBY OR HOBBIES was opened recently at 1, Chowringhee Terrace, in connection with a seven-day show as part of Boys and Girls' week by the Calcutta Rotary Club. It was an exhibition of photography, paintings, modelling, handicrafts, knitting, embroidery and carpentry. All exhibits were by boys and girls, mostly of Calcutta schools.

An oil painting showing three Baby Moons in their courses over a city, was on display. The painting also showed pedestrians crowding in the streets, congestion of vehicular traffic and the telescope of an observatory pointing skywards. "Baby Moon", was the work of Shri M. K. Mohata, Age; 12 years.

The work of another boy of 12, a painting of an election campaign, complete with lorry, loudspeaker and posters, on canvas revealed a precocious mind. Paintings of a tea garden scene, still life and boys returning from school attracted attention. There were more than 50 water colours, oil canvases and pencil sketches.

SHOPS TO LET

SIR STUART HOGG MARKET

Applications with offers of initial rent for the privilege of occupying the undermentioned stalls on rents noted against each are invited and will be received by the Superintendent in the Market Office daily between the hours of 11 A.M. and 1 P.M. MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Black arm badges with White numbers from Nos. 1 to 350.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 a.m. to 7 p.m.; between 7 p.m. to 12 a.m. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Re. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

INDIA AND VIETNAM

INDIA and Vietnam are now two friendly countries. They have re-affirmed their faith in Panch-Shila and have felt the need of the application of these principles in international relations for the establishment of everlasting peace in the world. They also believe that these would help to relax the present international tensions and would provide a basis for understanding among the nations now engaged in ideological conflicts.

Both the countries have similar stories to tell to the world which relate how they have shaken the foreign yokes then rulling over their respective countries. Both the countries had suffered from colonial exploitations. Nationalist aims had gathered forces everywhere so that imperialist powers were withdrawn.

The thrilling incidents of an expeditionary corps and native troops under the leadership of Dr. Ho Chi-Minh opposing the French forces during a period from 1945 untill a cease-fire accord was signed in Geneva, 21st July, 1954, reminds us of the story of the Indian National Army fighting on the borders of India under the Supreme Command of Netaji Subhas Chandra Bose. And like the case of India, the Geneva Agreement had divided the country wherefrom emerged the Democratic Republic of North Vietnam with Dr. Ho-Chi-Minh, as its President. The Republic possesses an area of about 60,000 square miles with a population of about 12 millions only. And thus the young Republic is marching towards its goal in all directions.

The vastness of India has probed many of the complicated problems. The pledge of economic reconstruction and rehabilitation have been undertaken by both the countries. They agreed that a high-level meeting for the consideration of ways to end nuclear and thermo-nuclear tests, and for achieving progressive disarmament and the lessening of world tension was eminently desirable.

All these were aptly recalled by the President of the friendly country when a Civic Reception was accorded to him by the Corporation on the 13th February last. Dr. Ho expressed his appreciation of the valuable contribution made by the International Commission for Supervision and Control, and by India as the Chairman country, for the fulfilment of the purpose and provisions of the Geneva agreements in Vietnam.

It was also an occasion when this city's contribution in the regeneration of Asian people was gratefully remembered. Dr. Ho warmly received those valiant citizens who had once stood for the rightful claims of the Vietnamese people and suffered its consequences. At the same time the visiting President strongly condemned the schemes of some imperialist countries to divide a number of Afro-Asian countries. The imperialists, he said, were plotting to perpetuate the division of Veitnam.

গণতান্ত্রিক প্রজাতন্ত্রী ভিয়েৎ-নামের মাননীয় রাষ্ট্রপতি
ডক্টর শ্রীহো-চি-মিন

শ্রীকরকমালবু

হে মহান স্বাধীনতা সৈনিক,

এশিয়া মহাদেশের এবং ভারতবর্ষের অন্যতম প্রধান নগরী এই কলকাতায় তোমাকে মহামান্য অতিথিরূপে বরণ করার সুযোগ পেয়ে আমরা আজ ধন্য। এই শহর কলকাতা একদিকে যেমন জাতীয় স্বাধীনতা ও গণমুক্তি আন্দোলনের ঐতিহাসিক পীঠস্থানরূপে পরিচিত, তেমনি শিক্ষা-সংস্কৃতি, জ্ঞান-বিজ্ঞান এবং অর্থনৈতিক আন্দোলনের জন্যও প্রখ্যাত। এই শহরে আজ পৃথিবীর অগ্রসরমান জাতিসমূহের জীবন-স্পন্দন প্রতিফলিত। রামমোহন রায় থেকে রবীন্দ্রনাথ, কিশোরী উদ্যোগ থেকে প্রথম থেকে বর্তমান বিংশ শতকের মধ্যভাগ পর্যন্ত যে মানব-মুক্তি, সাম্য ও আন্তর্জাতিক সৌভ্রাত্যের বাণী বঙ্গভূমির ভৌগোলিক সীমা পেরিয়ে দেশে দেশান্তরে বহু দূর সমুদ্রপারে পর্যন্ত প্রচারিত হয়েছে। এই শহর কলকাতাই সেই মহৎ বাণীর সাধনা-কেন্দ্র। নবীন ইতিহাসের সেই পটভূমিতে আমরা তোমায় সাদর ও সজ্ঞা অভিনন্দন জানাই।

হে গণমুক্তির অক্লান্ত যোদ্ধা,

তোমার বলিষ্ঠ ও নির্ভয় নেতৃত্বে, তোমার প্রগতিশীল চিন্তাধারার অস্থিপ্রিয় ভিয়েৎ-নামের পুরাতন বন্ধন দৃষ্ট হয়ে নতুন সমাজের প্রাণপ্রদ ভিত্তি তৈয়ার হয়েছে—যে ভিত্তির উপর দাঁড়িয়ে মানুষ শোষণ ও লাঞ্ছনামুক্ত নতুন জীবনের সন্ধান পাবে। সেই সাধনায় আমরা তোমার সহযোগী। এশিয়ার কোটি কোটি দরিদ্র মানুষের মুক্তির মিছিলে আমরাও নতুন পদাতিক। অরণ্যে, পর্বতে ও নদীতীরে তোমার গণমুক্তির যুদ্ধ দক্ষিণ-পূর্বে এশিয়ার ইতিহাসে স্বর্ণীয় হয়ে আছে। আজ তোমাকে দেখে আমাদের মনে পড়েছে বঙ্গভূমির অপরাধের সন্তান নেতাজী সুভাষচন্দ্রের কথা, যিনি আজাদ, হিন্দ, ফৌজের সর্বোপনিবেশকরূপে ব্রহ্মসীমাস্ত্রে সংগ্রাম করেছিলেন বৃষ্টি সাম্রাজ্যবাদের অবসানের জন্য। সেই পুণ্যস্থতির সঙ্গে তুমি আমাদের সংগ্রামী অভিযান গ্রহণ করো।

হে জনদরদী রাষ্ট্রনায়ক,

নতুন ভারতবর্ষের জনক মহাত্মা গান্ধীর মত তুমিও সরল সুন্দর অনাড়ম্বর জীবনযাত্রার প্রতিবিম্বরূপে আমাদের মধ্যে সমাগত। তোমার এই আগমনের দ্বারা এশিয়া মহাদেশের স্বর্ণপ্রিয় সুপ্রাচীন সভ্যতা এবং মানব-সংস্কৃতির হীরকহ্রীতি ভারতবর্ষ ও ভিয়েৎ-নামকে মহান বন্ধুত্বের ঔজ্জ্বল্যে চিরভাস্বর করে তুলুক! যুদ্ধ, হিংসা, লোভ ও ঔপনিবেশিক বর্বরতার বিরুদ্ধে ভারতবর্ষ ও ভিয়েৎ-নামের এই মহান মৈত্রী জয়যুক্ত হোক!

তুমি আমাদের সজ্ঞা ও প্রীতিপূর্ণ সম্ভাষণ গ্রহণ করো।

জয় হিন্দ!!

**THE CORPORATION OF CALCUTTA'S ADDRESS ON THE
OCCASION OF THE CIVIC RECEPTION
TO
DR. HO CHI-MINH,
PRESIDENT OF THE DEMOCRATIC REPUBLIC OF VIETNAM**

OH THE VALIANT FIGHTER IN THE FREEDOM'S STRUGGLE!

FORTUNATE are we indeed in having you as our most Honoured Guest in this vast City of Calcutta which ranks foremost amongst the cities not only in India but also in Asia. Hailed as the citadel of mass emancipation for the down-trodden, this city is equally a great seat and sanctuary for the Advancement of Learning, Culture, Scientific Research and Economic Renaissance of this part of the Globe. This city is reverberating with the pulsations of radiant aspirations of the progressive people of the world. This city was the scene wherein staged the great drama of Human Liberation from the shackles of bondage. During the years from early nineteenth to this mid-twentieth century—the era in which flourished great master minds from Raja Ram Mohan Roy to Rabindranath Tagore. From this city again emanated the great Message of Liberty, Equality and Fraternity in maintenance of international relations. Thus originating in the soils of Bengal, this idea once transcended her geographical bounds and spread out in all directions extending even beyond the seas. On this context of our present history, we offer our cordial and respectful congratulations to you.

OH THE TIRELESS FIGHTER OF HUMAN LIBERATION!

UNDER your mighty and fearless guidance you have laid the foundations of the best-owing life in the realms of a new social order by turning the luring, the age old shackles of Vietnam with the help of the flames of your progressive thinking. From that far-flung outpost of emancipation, the vast mass of humanity will taste a new life, free from exploitation and dishonour. In your great pilgrimage along the path of freedom, we are your faithful comrades in this march for the liberation of the crores of Asian people. You have fought relentlessly for the freedom of your people in the midst of deep rapids, dense forests, and steeper mountains. And all these memorable events are written in golden letters in the history of the South-East Asia. To-day the example embodied in yourself reminds us of Netaji Subhas Chandra Bose, the unconquerable son of Bengal, who as the Supreme Commander of the Azad Hind Forces fought along the frontiers of Burma to terminate British Imperialism in the East. Oh The mighty man of the East, kindly accept our reverential salute hallowed with that sacred memory of our past.

OH YOU, THE GREAT STATESMAN, A LOVING SOUL OF THE PEOPLE!

LIKE Mahatma Gandhi the Father of Indian Nation, the embodiment of a simple, serene and austere life you have presented yourself before us. We earnestly pray to the Almighty that your august visit to this country may forge the golden chain of unity between our two peoples living in India and Vietnam in a resplendent bondage of friendship towards the common subject of reviving the ancient civilization and culture, the ancient heritages of the vast continent of Asia. Let this amity between India and Vietnam annihilates the evils of War, hatred, greed and colonial barbarism, once and for all.

Oh Mighty Soldier, kindly accept our humble, reverential and heartfelt greetings on this memorable occasion.—JAI HIND.

On behalf of the Aldermen and Councillors, and the Citizens of Calcutta,

SHRI TRIGUNA SEN,
Mayor.

Calcutta the 13th February, 1958.

Dr. Ho Chi-Minh's Reply

LADIES AND GENTLEMEN, BROTHERS AND SISTERS,

DURING our visit to the brotherly Republic of India we had been to New Delhi, Bhakra Nangal, Bombay, and Bangalore. We come to-day to the beloved city of Calcutta. You have accorded welcome. This is a great honour to the Vietnam. On behalf of the Government of Vietnam and for the people there we sincerely thank you all the citizens and ask you all to accept the cordial gratitude to the citizens of Calcutta.

CALCUTTA, capital of Bengal, is an industrial centre and has always had a glorious revolutionary tradition. People of Bengal have played an important part in Indian struggle for independence and Bengal is the birth place of many heroes. We will always remember how the people of Calcutta had valiantly supported Vietnam's resistance. Calcutta is also a centre of Indian culture and can pride of itself as being the native land of the great poet of world-wide fame Rabindranath Tagore—all these noble traditions are being developed by the people of Bengal in general and Calcutta in particular, in the building up of a strong and prosperous India.

DURING our goodwill visit we have had the opportunity to meet our respected President, Prime Minister, State authorities and various strata of Indian population and this made us to realize still more clearly the close friendship between our two peoples.

MANY countries in Asia and Africa have recovered independence. Only a few Asian and Africans still remain under the Colonial Domination. Without any doubt, the radiant light of Freedom and Independence will in very near future build up the country and drive away the last remnant of colonialism.

WE fully sympathize with our brothers and sisters in Asian and African countries who are still fighting against colonialism to recover or safeguard their independence. We warmly support the brotherly people of Algeria who are struggling for national independence. We warmly appreciate the brotherly people of the Near and the Middle East who have resolutely opposing colonial interference in the International affairs. We strongly oppose imperialist scheme to divide the territory of Asian and African countries. Goa Belongs to India and must return to Indian Fatherland and West Erian to the Republic of Indonesia.

IN our beloved country of Vietnam the imperialists are always plotting to perpetuate the division of our country into two zones. But the Vietnamese are resolutely united and are always struggling to achieve this re-unification through peaceful means as laid down in the Geneva Agreement.

I wish to avail myself of the opportunity of thanking the Government of India and her people for their support to us during our resistance of war and for their contribution for the restoration of peace in Vietnam. Thanks to the International Conference presided over by India for the efforts it had made for the implementation of Geneva Agreement in Vietnam.

IN the entirely liberated northern zone, since the restoration of peace, we have completed the economic rehabilitation following fifteen years of war and destruction. The period of long range planned economic construction has just begun.

WE have solved the problem of shortage of food which was permanent under colonial regime. We have restored many factories destroyed during war and set up a number of new ones. This year we will strive to complete the work of wiping out illiteracy in the whole of the North.

WITH the enthusiasm of people of the North to build up the country and with unity and spirit of struggle of the people of the South with the support of peace-loving people in the world, we are convinced that our struggle for re-unification of the country will be victorious.

IN India we have seen many of the imposing works of reconstruction such as Bhakra and imposing Nangal, Atomic Energy Establishment in Trombay, many factories, agricultural centres and scientific research institutes. That has drawn our great admiration and the skill of Indian labouring people who under the leadership of Government of India are enthusiastically working for themselves and for their children to make life happy.

THE Vietnamese people are very happy with this visit to have a good friend like the Indian people. With this visit we feel that our two peoples have become closer to each other. In our visit to India we came twice to Calcutta and each time we have been accorded warm welcomes by the authorities and the people of Calcutta.

Now we are leaving your city to return to our country and we feel extremely reluctant to part with our Calcutta friends. Once again I sincerely thank you all and ask you to convey our salutation to your family and young people and children of Calcutta and of Bengal.

WE wish the people of Bengal many brilliant achievements in building up of the country and that in the preservation of peace.

LONG live India-Vietnam friendship. Long live peace in Asia and in the World.

AUGUST PRESENCE OF DR. HO INSPIRED ALL

RED carpet was once again spread over the Central Municipal Office Buildings, S. N. Banerjee Road, on that occasion when the President Dr. Ho made his august presence. The building wore a new look. Flowers and foliage were used to decorate the busts and life-size portraits of the great leaders of India. The Council Chamber was specially planned to accommodate a larger number of guests and important citizens. SANAI was played throughout the function at the entrance. It was presented by the famous Ali Hossain and his party. A special gate with mandap was erected for the purpose. Alpanas showing works of fine arts were also painted in many of the places. It was drawn under the instruction of the famous artist Shri Sunil Paul.

Just at the appointed hour, Dr. Ho, in a pale blue tunic, stepped from his car. Girls blew conch-shells and threw rose-petals. He was received at the south-west gate by the Mayor, Dr. Triguna Sen, the Commissioner, Shri B. K. Sen, and the two leaders of the House. He was escorted by Dr. Sen, up the staircase which was brilliantly decorated. Earlier, the Deputy Mayor, Shri K. C. Basu, received the State Governor. The dais in the Council Chamber, where the Reception was held, was flanked by the Indian and Vietnamese flags. The National Anthem of India was sung. The Governor, Shrimati Padmaja Naidu, sat on the dais. Councillors, M.L.A.'s State Government officials, litterateurs and prominent citizens were present to watch the function.

At the end the honoured guests were taken to the adjoining Councillors' Club Room where all including the Governor, the President and the members of his party, were entertained at Tea.

The Civic Address was presented scrolled inside a casket of sandal wood artistically carved. A Buddha image, made of brass and sculptured about two hundred years ago was presented. There was another present—a painting wherein a rural picture portraying Shri Krishna in his mother's laps following a flock of cows. The President also presented two plaques wherein portraits of Mahatma Gandhi and Shri Nehru were printed. The Civic Address, published herewith in English, was rendered from Bengali by Councillor Ushanath Sen.

Among those present on the occasion were Shri I. D. Jalan, Minister, Local Self-Government, West Bengal, Shri Hemanta Kumar Basu, M.L.A., President, U.C.C. Party, Shrimati Manikuntala

Sen, Shri Somenath Lahiry, Shri Amar Bose, Shri Subrid Mullick Choudhury, Shri Haridas Mitra, Shri Jatin Chakraverty and a number of legislators. There were also Shri Hemendra Prasad Ghosh, Shri Monoj Bose, Dr. Dhiren Sen, Shrimati Sujata Devi and other important citizens. Shri S. N. Roy, Chief Secretary, West Bengal, and once Administrative Officer, Corporation, was also present.

The Corporation at a earlier meeting sanctioned a suitable sum for the purpose. A Special Committee with Councillors, U. N. Sen, B. K. Banerjee, A. Moitra, K. Kundu, D. N. Dhar and S. K. Dutta was also appointed to organize the function.

Dr. Ho's programme in the city on that day included visits to the School of Tropical Medicine, the Bose Research Institute and the Indian Statistical Institute. A Reception was also arranged by the Mahabodhi Society, wherein he emphasized the need of the application of the principles of Panch Shila. People lined on road sides to greet the Vietnam President at the different sites he went.

A State banquet was held in his honour. He addressed a Press Conference.

The Budha image representing the Lord's message, Panch-shila, was presented to Dr. Ho on the occasion.

CIVIC SENSE IN AMERICA

[By CAPTAIN D. GNANAOLIVU]

Civic pride flowering into civic sense impels all citizens first to love their cities. If anybody throws a cigarette end on the roads, or spits, or tears paper and does not put it in a dust bin, or damages any public utility—that man is reckoned as one hating his City! In fact, when Victor Gruen, a famous Austrian-born American authority on Town Planning, spoke at Little Rock at a conference on civic planning, he frowned even on the idea of wealthy citizens renting out their residences in the central part of a city and shifting to a so-called "bed-room" suburb. Such behaviour, he remarked scathingly, meant that they did not love their city and had no real civic sense!

From another angle, extreme civic pride has apparently resulted in the creation and growth of too many mushroom municipalities. Under some old charter, 50 or more families can band themselves together, and form a municipality on their own, which cannot also be compelled to join a bigger, neighbouring municipal unit. It was amazing that 90 small municipalities cluster round the big city of Boston and eight encircle St. Louis, which is only just as big as Madras. Their robust sense of civic freedom is mollified thereby, but such fragmentation leads to lack of economy and co-ordination in their electricity, water, and sewage systems.

Generally speaking, their Mayors are influential figures in their cities, running their own police. They feel genuinely that they are powerful links in the democratic chain because they are closest to the people. In half-a-dozen big cities that the State Governor being avoided as a co-citizen with the Mayor! Just as a Mayor of an important City seemed to consider himself bigger than a Governor, the latter, in turn, thinks he is more vital in American democracy than the President himself. The full independence enjoyed by civic bodies contains also the democratic liberty to misbehave! There is no "controlled" civic democracy, with checks and counter-checks. The Press and the educated electorate are effective watch-dogs not only of civic administration, but also of public utilities like sewer and water supply boards in the private sector. An all-prevalent civic sense finally proves a unifying force.

Most of the private cars, due to lack of garages, are abandoned on road margins day and night. Only the City's civic conscience ensures that these cars rarely suffer serious thefts or damage. Similarly, avenue trees, public parks, playgrounds, and swimming pools usually do not show signs of vandalism or anonymous mischief. No doubt only School Boards elected by the people, with funds raised through special taxation, run public schools. But, the civic sense of the rate-payers—those who do not pay taxes appear to be a negligible number in the U.S. and exert no domineering influence—compels municipalities to co-operate fully, and place their play-fields at the disposal of the School Boards for their schools. The same civic sense levies a high licence fee on dogs and cats—herding their small number from highways into dwelling houses, and banishing them from flats and apart-

ments. Neither are cattle, stray or otherwise, seen on the roads. When millionaire Rockefeller Jr., wants to rear cows, he puts them in an ideal farm (partly air-conditioned) 80 miles away from his home town. Similarly, dairies were always reported to be outside cities.

American civic sense has seen to it that even carts, dogs, and cattle do not dirty any public road or place. Hence, it goes without saying that you will never come across evidence of a single human being, child or adult, committing nuisance in public anywhere. Even narrow lanes and sheltered nooks are remarkably free from such pollution. A related aspect is the complete absence of so-called public latrines in this New World. What arrangements were made for at least the floating population in every city. Even in London, at important road junctions public latrines are clean and unobtrusive subways ease pressure in traffic. All apartments and houses in the U.S. had private lavatories, and normally people use only those. When people come out for work or for recreation, they are provided with up-to-date public conveniences located inside all public offices and at places where the public congregate, like the cinema, play-fields, shops, eating places and bus termini.

With the definite conviction that the provision and utilization of public latrines on road sides tend to reduce human beings to the level of animals. Similarly, no public taps for drinking water are located anywhere on American thoroughfares. This not only prevents insanitary spots and inconvenience to traffic, but it also pre-supposes that all citizens are provided with water inside their residences! At all places of public resort like stores, offices and hotels, modern contrivances are fitted up.

The problem of the clearance of the City's rubbish, is a major headache for all Eastern municipalities. In the U.S., it does not appear to be so, mainly because the citizens are supercharged with civic senses, co-operate fully, and jump forward to share the work. Every house keeps two private dust bins, one for inflammable and another for non-inflammable rubbish. On two or three fixed days in a week, the house-holder carries these bins himself or herself to the front, and places them on the edge of the road. At the appointed time the municipal or contractor's lorry comes and collects the rubbish.

In Washington there are elegant municipal dust bins on the roads bearing the legend—"Remember this is your national capital, and throw your rubbish here!" Only torn bits of paper and cigarette butts are thrown into them—practically nothing else. In congested Chicago, the much frequented Michigan Avenue contains rows of high class shops. A sweeper, engaged by the Shop-Keepers' Association regularly pick up from morn till eve all odds and ends from the pavement, keeping it spotlessly clean.

One cannot say that American cities are without noise. But, despite the presence of thousands of cars on the roads, very rarely one hears the sound of a horn! The main noise on American roads is only the swish-swish of tyres on concrete and asphalt, and the gay chatter of the pedestrians.

KEY OF THE CITY OF CLEVELAND

The key of the city of Cleveland, Ohio, U.S.A., was presented to our Mayor, Dr. Triguna Sen, ceremonially in the Mayor's office room, S. N. Banerjee Road as a specimen of building up friendship between the two cities. It was carried by Mr. Joseph Cavoli, an outstanding and well-respected citizen of that country, who was then on a goodwill tour of this country. The Mayor, Dr. Sen accepted the key from Mr. Robinsan, a Pan-American Representative, which was sent by the Honourable Mayor of that City as a goodwill-present to the First Citizen of another important city on the other hemisphere.

In acknowledging the gift the Mayor, Dr. Triguna Sen, sent his warm greetings to the Honourable Mayor of the City of Cleveland, Mr. Anthony J. Celebrasse. Dr. Sen further stated:—

I feel such goodwill tours will bind us closer together the ties of fellowship and friendship between our people and ensure material benefit to our respective nations.

Let there be peace throughout the world through such ties of friendship.

IMPROVEMENT OF BUSTEES

Calcutta Corporation's anxiety to effect improvements in Bustees was once again revived when the House discussed the problem at a Special meeting on Tuesday, the 18th February. A prolonged discussion ensued at that meeting which was presided over by the Mayor, Dr. Triguna Sen.

Another Special meeting was held earlier wherein an inconclusive discussion took place. The present one was held under Section 88(2) of the Calcutta Municipal Act, 1951, on the suggestion of the Mayor, made at the weekly meeting on the 7th February last. On this occasion the House accepted a number of motions tabled mostly by Councillors Pannalal Das, Dr. K. P. Ghosh and others with minor amendments wherever necessary. Councillors Mihirlal Ganguly, Amulya Charan Sarkar and others also tabled a number of motions and as their senses were akin to those accepted ones, the House's sentiments naturally went in favour of those motions. Although there were no opportunities for discussing those motions still they were accepted unanimously.

A number of motions sought to improve the condition in Bustees and of their dwellers. It also wanted to do away with the present thatched walls of those huts by replacing brick built ones. By another motion they decided to take necessary steps to provide electric lights, filtered water, sewers, improved sanitation, health and cleansing services without the permission of the landlord and to remove khatahs from bustee areas at an early date.

One motion also sought Amendments to the Calcutta Municipal Act to assess and to realize the Consolidated Rate separately from hut dwellers so as to reduce the financial burden on them.

Under the present Municipal Act, the huts are taken together as one holding wherefrom the Consolidated Rate is being assessed. And in majority

cases the hut dwellers are required to pay the higher rates in the slab. This Section caused resentment among a group of Councillors who wanted to repeal the Act.

A motion tabled jointly by Councillors Raj Satyendra Mitra and Nibratan Sinha, stated in this connection.

"Considering the appalling condition and the grave social and physical consequences it is time that we should seriously consider the question of "Bustee" in the City. Under present circumstances the provisions of the Act should be amended as early as possible.

Thus each and every motion for improvement of bustees the House discussed on that day evoked criticism of the present Act. The Corporation's failure to do anything substantial in this regard during the past few decades was also pointed out by many members. Dr. Sukhubehari Mukherjee, Chairman, Standing Health Committee, said that the compensation to Calcutta landlords had been estimated at an amount of about Rs. 400 crores while the Government was beginning the scheme with only Rs. three crores. Implementation of the scheme would take a long time. The demolition orders for bustees given by the Corporation Commissioner should be cancelled. Otherwise, most of the refugees in Calcutta would roam over the streets.

Councillor Jogindra Lal Saha, M.L.C., also pointed out that in all likelihood the Corporation's motions to solve bustee problems would have no meaning when the Slum Clearance Bill was to be passed by the current session of the State legislature because the Bill sought to repeal the powers of the Corporation in improving the bustees.

With the progress of the discussion the House's attention was drawn to the proposed Slum Clearance Bill of the West Bengal Government. The work of the Select Committee appointed to examine the provisions of the Bill has just been completed. A State Housing Board has been suggested with Shri Sailo Kumar Mookerjee, a former Speaker, in the Chair.

In that connection Councillor Amulya Charan Sarkar said that the Government scheme would take years to implement the scheme.

Councillors Bijoy Kumar Banerjee said both the Government and the Corporation had done very little to improve bustees. The Government should consult the Corporation before taking any step in this regard at least before passing the proposed Bill.

Consideration of a motion criticizing the provisions of the proposed Bill was however, postponed. And the House decided to hold a special meeting to discuss the provisions of the Bill.

The Mayor himself, was bewildered to find how the improvement of the Bustees could be effected in the present context. He said that the State Government either to take over the responsibility of looking after the bustees or to allow the

(Continued on page 424)

THE CORPORATION *at* WORK

A GIST OF PROCEEDINGS OF THE THIRTY-FOURTH ORDINARY MEETING OF THE CORPORATION HELD ON FRIDAY, THE 14TH FEBRUARY, 1958.

SPECIAL COMMITTEES

The House appointed a three-man Special Committee with Councillors Bejoy Kumar Banerjee, Ganapati Sur and Gobinda Chandra Dey, to inquire into allegations made by Councillor Shyamal Kumar Dutta against members of the Standing Buildings Committee, who, he said, had not taken any action against an unauthorized construction on Cornfield Road. It had thereby victimized a poor house-owner for reporting the matter to them.

Besides, the accused party had strictly disobeyed the requirements of the Building Rules, according to Councillor Dutta. Councillor S. K. Gupta, I.C.S., Chairman of the Calcutta Improvement Trust, said that it was a very serious allegation and an inquiry must be made when the matter was presented before the House.

It was further stated that Messrs. Southern Estates, a private firm, had built up that building on the plea of development work and negotiations were going on with the West Bengal Government to hand over the same to the State. As this fact was known to the Corporation authorities, the Mayor, Dr. Triguna Sen had requested the Corporation officials to write to the authorities so that the transaction might be deferred till the investigation was made.

The House also appointed another three-man Special Committee to investigate into some alleged complaints made against a few Corporation officials about their conducts as employees. The matter was referred to in the House by Councillor Satyananda Bhattacharyya and supported by Councillor Naren Sen. The members of the Committee are Councillors S. K. Gupta, I.C.S., Sushil Kumar Roy and Rajendra Nath Mazumdar.

AN UNUSUAL DELAY

Councillor Naren Sen pointed out a case of sinking a big dia. tube-well in the Manicktola area, wherein there was unusual delay in getting the work done. He said that the departments concerned took more than two years to complete their work according to the data he furnished in the House. The last hurdle in this matter had not been overcome due to the fact that necessary import licenses had not been obtained in this case.

Similar complaints in the matter of sinking Tube-wells were made by Councillor Nilratan Sinha and others.

RAISING OF 12-YEAR DEBENTURE LOAN

The House, on the recommendation of the Standing Finance Committee, decided to raise 12-year Debenture Loans of Rs. 167.82 lakhs at 4½ per cent. for completing many of its development programmes. It was further decided that out of this sum Rs. 80.82 lakhs would be kept reserved for the Corporation to be issued at par.

The Loan project also received the approval of the West Bengal State Government and this was conveyed to the Corporation.

In that connection, Councillor Subrata Sen Sarma said that the Corporation was raising big loans but was very slow in completing the projects for which the loans were raised. As a result, the Corporation suffered financial loss.

The Chairman of the Standing Finance Committee, Councillor K. L. Dhandhaniah, said that when loans were raised for any development project some loss was inevitable. But the loss in the case of loans raised by the Corporation was negligible.

—VIEWS AND REVIEWS

(Continued from page 423)

Corporation to do it before the Calcutta Slum Clearance Bill was enforced after being enacted. Otherwise, a vacuum would be created as the Bill, it was stated, sought to repeal the Corporation's powers in this regard, Dr. Sen put it.

Taking part in that discussion, Councillor S. K. Gupta, I.C.S., Chairman of the Improvement Trust, said that the Bill had lowered the rate of compensation to landlords, though it could have been less, and had offered better alternative housing for bustee dwellers. But it had failed to provide for improvement of bustees while partially taking away the Corporation's powers in this regard. The bustee dwellers' condition could be improved by remodelling and improving the bustees and by demolishing them where necessary.

Opposing the Slum Clearance Bill's provision for abolition of bustees—instead of improvement by short-term measures, a few Councillors remarked that it would have involved less expenditure if it would have been more practicable. They doubted on the State Government's financial ability as they had already abandoned the Arapanch-Panchannagram scheme due to financial difficulties. They demanded Bustee-dwellers should not be ousted from their hearth and home.

Among other members, spoke were Councillors Anil Moitra, Dr. K. P. Ghosh, Alderman Dr. Amiya Bose, Councillors Biman Mitra, Nilratan Sinha, Naren Sen, Dhiren Dhar, M.L.A. and Baren Daw.

In the meantime the Union Government has taken steps to find out a co-ordinated solution for Indian Slum problem with the appointment of a Committee under the Chairmanship of Shri A. K. Sen, Law Minister. Representatives of the Ministers of Health, Works, Housing and others will be accommodated there.

Additional housing to provide accommodation for those who may lose their dwellings is one of the problems the Committee will have to face. Another is the question of finding employment for the present slum population which often has professional stakes in the existing accommodation.

Deaths From Coronary Thrombosis

Hydrogenated Vegetable Oils Might Be A Cause

In the last weekly meeting of the Corporation, speaking on a matter of public importance, Councillor Dr. Sukhabehari Mukherjee, Chairman of the Standing Health Committee, said that when several experts were of the opinion that some vegetable oils, which were being extensively used, had harmful effects and it was time, the Union Government made a thorough investigation into. In that connection Dr. Mukherjee referred to a recent statement made by Alderman Dr. Amiya Kumar Bose, who later on stated that hydrogenated vegetable oil, which was being sold under different names, might be a factor causing the disease.

Alderman Dr. Bose who was the President of the Medical Section of the Indian Science Congress held in Madras, recently, dealt with the problems of Heart Diseases. He opined that the diseases belonging to this group prevalent in India, are of equal nature with those in other countries.

The Statistics compiled in this country has shown that heart diseases are major killers and are responsible for considerable morbidity. Discussing the different fundamental problems of coronary heart diseases, Dr. Basu said on that occasion, that fat and caloric value of diet are definitely related to its production, but the exact way by which arteriosclerosis of the coronary and cerebral arteries is produced is not known. He drew attention to the role of unsaturated fat in the diet that is likely to induce its incidence. He mentioned the possibility of hydrogenated vegetable fat, of which there were many in the market under various names, was responsible for its production and suggested that apart from investigation of metabolism of the arteries, a neglected subject, investigations be made on a "pool" basis throughout India on a prepared schedule, where the population is spontaneously divided into groups of different dietary habits. This Dr. Bose added should be done by the cardiologists along with bio-chemists, bio-physists, histopathologists and bio-statisticians.

Discussing the basic conditions of production of high blood pressure which is known as essential hypertension, Alderman Dr. Bose suggested that the condition should and could be further classified, again on a pool basis, with major divisions depending on the clinical symptoms, therapeutic response, the tempo and prognosis which vary so much from case to case. Though the definite cause of the condition is not known yet; this work will at least set the pattern of appropriate treatment in the group of conditions included to-day under the term and help the physician to tackle a case with more confidence.

Talking about Rheumatic heart disease, though the nature of Rheumatic Fever which produces the heart disease later, is not known, he suggested, the adoption of proper public health measure, so that the incidence of heart diseases could be reduced. Along with this he had suggested establishment of special clinics and diagnostic laboratory facilities for the general practitioners, so that Rheumatic Fever and continuation of its activities could be

checked up by them. Rheumatic Fever, he said should be made a notifiable disease and a national register made, so that proper measures could be adopted to prevent the subsequent heart disease, through the help and advice of an integrated agency made easily available to the general practitioners.

Discussing congenital heart diseases, Dr. Bose said that the immediate problem of the condition in India is the establishment of surgical centres where complete relief could be given to many such selected cases, who are obliged to drag on a miserable existence for no fault of their own.

If there is a remedy for a disease, it should be made available to the diseased. This, according to him involved institutional team work of Cardiologists, Surgeons, Anaesthetists, Radiologists and general practitioners with the State taking the primary initiative in the matter.

Dr. Bose was emphatic that rehabilitation of cardiac patients is a social obligation. He suggested that such individuals should be provided with work involving less effort and if necessary with more pay, being guided by categorization, which could be best prepared by the Cardiological Society of India.

Finally he appealed to the Cardiologists to go in more for the cause of heart disease through the help of basic sciences than to spend all the time to tackle the effect of the same.

This, he said, could be done where the medical scientists realised the importance of the basic nature of the problem and the State woke up to accept its responsibilities.

—CIVIC SENSES IN AMERICA

(Continued from page 422)

American civic sense run public markets, an index of civic life. But, most of the cities did not have any, as known in the East! In two municipalities there was no income at all from sale of food-stuffs. The private sector maintained gigantic food stores, and that they are neither licensed nor controlled. Their premises are very clean and neat, with adequate refrigeration, and all efforts to please the customers—no smell, no congestion.

Last but not least, as finances are the life blood of any administration, their civic sense prompted Americans to behave towards municipal dues. Webster Groves is a small and tidy municipality, which is almost a suburb of St. Louis. Its area is six square miles, with only a population of 28,000 occupying 8,000 houses. Its annual income was one million dollars! There are only two men in the office, and two outdoor, functioned as the collection staff. The secret was that most of the rate-payers came up to the civic centre at the proper time, and paid their dues without pressure.

No wonder that most of the Americans can say with exultation—"I am a citizen of no mean City!" [THE HINDU]

CITY NEWS PARADE

OBITUARY: The death of Shri Sushil Ghosh occurred in the Sukhlal Karnani Hospital on Monday the 10th February last. He had an attack of meningitis. He was 51.

The late Shri Ghosh had lived in Bombay for many years, being associated with the 'Times of India' and other journals. In Calcutta he had been the Commercial Editor of the United Press of India. He was associated with the 'Hindusthan Standard' Calcutta, the 'Economic Weekly', and the 'Indian Express' Bombay.

The death of Shri Birendra Nath Mitra, M.A., B.L., a senior Solicitor of the Calcutta High Court, occurred on Saturday the 8th February last. He was the seniormost Trustee of the Vidyasagar Institute and also a member of the governing body of the Vidyasagar College and the Metropolitan Institution for a long time.

The Corporation at its weekly meeting on Friday, the 14th February last, mourned his death. It was referred to in the House by the Mayor, Dr. Triguna Sen.

Lady Nirmal Nalini Ghose, widow of the late Sir C. C. Ghose, one time Acting Chief Justice of Bengal and a temporary Member of the Executive Council, Government of Bengal, died on the 8th February last at her Bhowanipur residence.

The death was also condoled by the Corporation at the same meeting.

A TRAGIC FALL: A six-year-old girl, Shrimati Roma Biswas, while playing, fell from the second storey of her house in Ezra Mansion, on Monday the 17th February. She died on her way to hospital.

ALL-INDIA PUBLIC HEALTH & HYGIENE INSTITUTE CALCUTTA'S Twenty-Fifth Foundation Anniversary was observed in the city on Sunday, the 16th February. It was presided over by Dr. B. C. Roy, Chief Minister of West Bengal.

Dr. Roy said that with the advancement of medical science the necessity for a health institute to protect and improve the health of the people was being increasingly felt. It was essential to eradicate the root of a disease for a permanent solution of health problems.

Appreciating the activities of the Institute the eminent physician said that it had made a valuable contribution in research on public health problems. He also emphasized the need to co-ordinate urban health measures with health services in villages.

The Union Health Minister, Shri D. P. Karmarkar, urged health workers to give up their "feeling of estrangement" and make a more human approach to the people.

Emphasizing the importance of the Institute, the Minister also said that an increase in the number of hospitals was not enough to cope with the diseases.

Referring to the contributions of the Institute's research workers, the Director of the Institute, Dr. N. Jungalwalla, said that their work on epidemic dropsy, cholera, plague, black water fever and endemic typhus had won recognition throughout the world.

Careful investigations into causes of maternal and child mortality and nutritional disorders

of children had contributed greatly to evolving practices which had considerably reduced the death rate of mothers and children.

Other work of the Institute, Dr. Jungalwalla said, included analysis of Indian diets and the value of certain local sources of food, prevention of water pollution through industrial wastes and evolving techniques of health survey now accepted throughout India. Subjects of present research were studies in family planning, plague, diphtheria, cholera, small-pox and on industrial waste disposal, environmental sanitation, industrial health, nutrition of infants and organization of public health services.

CALCUTTA LEGISLATIVE COUNCIL'S GRADUATE CONSTITUENCY'S elections for two additional seats have been usurped by Shri Gopal Halder and Prof. Tripurari Chakravarty.

Shri Halder, who was supported by the Communist Party, polled 2,947 votes and Professor Chakravarty, whose candidature was sponsored by the P.S.P., 1,799 votes. The two other candidates, Shri Tridibesh Basu and Shri Sudhish Ranjan Biswas, both supported by the Congress, polled 1,122 and 802 votes, respectively. Shri Biswas loses his security deposit.

The total number of valid votes cast was 6,670 and that of invalid votes 100. The constituency had 14,327 voters. Election was by single transferable vote. Polling was rather poor. Nearly 50 per cent. voters polled.

DEMONSTRATIONS: Over 200 life insurance field workers demonstrated in front of the L.I.C.'s zonal office, Chittaranjan Avenue, Calcutta, on Friday, the 14th February last. They demanded that the Corporation immediately convene the "promised" two-party conference to settle their demands relating to improvement of service conditions.

As a protest against the alleged tyranny of wholesale fruit merchants, nearly 500 fruit sellers demonstrated on the city streets on the same day.

The men complained that the wholesale fruit dealers did not supply them with fresh fruit for sale in the market. Instead, it was alleged, fresh fruit was kept in cold storage for sale during the off-season at an exorbitant price.

Secondary School Teachers, who went on hunger strike at Subodh Mullick Square called on their fast on Tuesday, the 8th February—after a prolonged negotiation between the State Government authorities—and the A.B.T.A. The fast lasted for nine days.

The compromise was effected on the basis of the latest offer announced by the Government in a Press Note on the previous night. It, meant that only those teachers of Aided Secondary Schools who were ordinary graduates and untrained, whose teaching experience was less than 10 years' and who were below the age of 50 might appear before the Public Service Commission in order to be eligible to higher scales of pay.

A reference to the question of teachers' emoluments and the hunger-strike by some of them was made in the West Bengal Assembly on the same day. The State Chief Minister, Dr. B. C. Roy explained the circumstances in which the strike had ended and the steps he had taken to increase the salary scales of teachers.

Students of many colleges and schools and post graduate classes stayed away from their classes in one of the day's during the fasting period in sympathy with the teachers. They held meetings at their institutions, as well as on the site of hunger strike.

Note.—Receptacles of the prescribed kind with 2 c.ft. capacity can be had for sale in the Central Municipal Stores at 149, Lower Circular Road, at Rs. 10/- each.

B. K. SEN,
Commissioner.

Central Municipal Office:
The 20th February, 1958.

(Continued on page 428)

—CITY-NEWS-PARADE

ROYAL AGRI-HORTICULTURAL SOCIETY'S annual flower show was opened in the Society's gardens, Alipore Road, on Saturday, the 15th February last.

The number of entries in some of the groups, particularly cut flowers, was less than expected. The vegetable and fruit sections were rather poor this year.

The Governor, Shrimati Padmaja Naidu and the Chief Minister, Dr. B. C. Roy visited the show on that day and admired many of the exhibits. The Governor also distributed prizes on next day.

Most of the exhibits of a group were of imported. Dahlias that grow well and competition in that group was keen. The Botanical Gardens, Sibpur, won the first prize for dahlias.

In the orchid section, a plant with 11 blooms of a hybrid type of cattleya, originating in Brazil, won the first prize. There were some good specimens of oncidiums. Among the other varieties, a group of portulacas was admired. There were some rare black pansies and English daisies.

A SOCIAL CRIME: A parcel declared to contain shoes and booked from Delhi in the name of a Calcutta firm was found to contain 30 seers of opium at the Howrah railway parcel godown recently. The discovery was made by the West Bengal Excise Intelligence police while the consignment was being taken delivery of.

DR. MEGHNAD SAHA'S Second Death Anniversary was observed in the city on Sunday, the 16th February. There was an offering of homage at Keoratala Burning Ghat in the morning and a public meeting at the Indian Association under the Cultivation of Science, Jadavpur, in the afternoon. Prof. N. K. Sidhanta, Vice-Chancellor, Calcutta University, presided.

Under the auspices of the Institute of Nuclear Physics the second Meghnad Saha Memorial Lecture was delivered by Prof. J. B. S. Haldane on 'The genetic effects of quanta and particles of high energy' at the lecture theatre of the Institute at Upper Circular Road.

A Radio-astronomical Research Institute costing about Rupees Nine Lakhs is proposed to be built in memory of the celebrated scientist Prof. Saha. First of its kind in this country, it will open up a new branch of research on an adequate scale for the young men.

Prof. Saha became world-famous in Astrophysics and also took keen interest in Radio-astronomy ever since the inception of the subject in 1932. One of the recent discoveries of Radio-astronomy, is a rare event of colliding galaxies which are powerful transmitters of radio signals.

CALCUTTA'S WEATHER CONDITIONS have shown a varied nature during recent days. The city and its neighbourhood experienced mild rains measuring 2.3 mm. on Friday, the 14th February last, and weather remained chilly except in the afternoon when it improved.

The maximum temperature on that day was 27 degrees centigrade, one degree below normal and the minimum was 10 degrees centigrade, four degrees above normal.

On Saturday morning there were heavy rains, which caused much inconvenience to the citizens. Water logged areas were flooded. The day's rainfall recorded at 10.6 mm.

The maximum temperature on that day in the city was 28 degree centigrade, normal and the minimum 19 degree centigrade, 4 degrees centigrade above normal.

Although "Possibility of fair weather with slight fall in night temperature", was the forecast for the city weather in the following days there were slight rainfalls in each of the days.

—DISINFECTS—

Drains, Cess-pools, Hospitals, Sick-rooms,
Lavatories and every place where Dirt and
Disease Germs are likely to lurk.

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Black arm badges with White numbers from Nos. 1 to 350.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the leases thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 a.m. to 7 p.m.; between 7 p.m. to 12 a.m. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Re. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

MAULANA AZAD

WITH the death of Maulana Abul Kalam Azad, an outstanding personality in country's public life, India has lost a tried and fearless patriot, a gifted author and a savant, and above all, a courteous, kindly and shrewd leader in free and renaissance India. For more than four decades he was in the forefront of country's political arena. A rich soul was more highly set up when he came in contact with Mahatma Gandhi and soon became one of the closest associates and a devoted follower of Mahatmaji. Admired for his erudition, statesmanship and sacrifices his life was worth imitable for all. Rich in humanistic culture in its widest and most comprehensive sense the Maulana's scholarship was unrivalled. His knowledge on Muslim theology and the trenchant articles from his pen made his name well-known in the world of his faith during the First Global War. Mixed with hoary white and low down beard he was worthy of reverence in his look. He kept open house for all and conversation was never a weariness of flesh to him.

A rank enemy of communalism Maulana Azad belonged to the distinguished group of Muslim leaders to whom India's unity stood foremost. The supreme object of his life was freedom of the country from an alien rule. Inspired by that object Maulana Azad had identified himself fully with the Indian National Congress and by his gift for leadership became a constant member of the Congress High Command and its President on occasions. As one of its stalwarts he was called 'a scintillating solitaire in the diadem of that organization.' The sober politician with his keen intellect, eloquent speech and powerful writings thus ably headed the Ministry of Education in the post independent days and laid the foundations of the New India in course of building. There with pomp of holy sacrifices and rites he tried to teach belief in good and devotion.

Maulana's passing away is a grievous shock to India as a whole. To the Government of India it is the loss of an important Minister and Counsellor, to the Congress Party a wise and experienced politician, to the Muslims a patriotic friend and to the country a great man.

Calcutta's grief is more poignant because of Maulana's closer association with this city. He was brought up and educated in this very place which he made his hearth and home. He also started his famous journal 'AL-Hilal' from this very seat and was elected to the Presidentship of the Indian National Congress as one of its great citizens.

Maulana Azad—A Combination Of Scholarship & Nationalism

A REFINED and cultural individual, Maulana Abul Kalam Azad had a distinguished career as well as a compelling personality. A liberal in his outlook on life he did his best to bring people together. And many of the traits in his life Maulana Azad inherited from his ancestors. They belonged to an old Muslim family in Delhi whose history dates back to the time of Akbar. His family had also ties with Turkey, Egypt and Arabia.

CHILDHOOD AND EDUCATION

Born in Mecca in 1888, Abul Kalam Azad spent his childhood years in Arabia, and was educated under private tutors. His father, Muhammad Khairuddin a famous divine and scholar, went to Mecca and settled there in 1857. For about ten years till 1898, young Abul Kalam was in Arabia, when his father came and settled in Calcutta. He learnt Arabic from his mother and Urdu from his father and had a good grounding in both these languages. Though not a student in any school his progress was phenomenal. In four years, Abul Kalam who was 14, began to impart his learning to others. In 1905, he was sent to Egypt for advanced Arabic studies in the famous Al Azhar University in Cairo. After two years' stay there, he returned to India in 1907.

At Al Azhar even at that tender age Azad showed remarkable command over the Persian and Arabic languages. His studies in Muslim philosophy and theology were so wide and deep as soon gained him the reputation of being an intellectual prodigy. Later he went on a tour of Iraq, Egypt, Syria, Turkey and France and acquired a knowledge of European languages and literature.

EARLY CAREER

In 1912, when Indian Muslims were still keeping aloof from national movements and his own province Bengal was seething with discontent as a result of partition Maulana Azad started his famous Urdu journal *Al-Hilal* and invited Indian Muslims to join the Congress. He wrote fervently against British policy towards Islamic countries, especially during the Khilafat movement. The popularity which the Congress acquired among the Muslims was in no small measure through his efforts. The Government suppressed *Al-Hilal* in 1914 and interned Maulana Azad at Ranchi. He was in the company of the Ali brothers in Ranchi Jail.

After *Al-Hilal*, Maulana Azad started two fresh journals in Urdu in December, 1915. They were *Al Balag* and *Al Jameya*. He expressed his views fearlessly on all current topics through these journals. Government was not prepared to tolerate these and soon they were stopped.

IN THE THICK OF STRUGGLE

During his internment the Maulana wrote his "*Tazkira*", a volume of personal reminiscences and part of his great commentary on the Quran. After his release in 1920, he took a leading part in the Khilafat and Non-Co-Operation Movement under

the leadership of Mahatma Gandhi and was arrested, and imprisoned for two years. Later, he took an active part in the Civil Disobedience Campaign of 1930-32 and suffered imprisonment.

Maulana Azad was elected as President of the Special Sessions of the Indian National Congress in Delhi in 1923, and again in 1930. In 1940, he presided over the Congress Session at Ramgarh and in this capacity he continued till 1946 during those crucial years. In August, 1942, he was imprisoned in connection with the "Quit India" movement and was released in June, 1945.

CHIEF SPOKESMAN

Maulana Azad acted as the chief spokesman of the Congress Party during the negotiations with the Cripps Mission in 1942 and again with the British Cabinet Mission in 1946. In January, 1947, he joined the Interim Government as Member for Education and Arts. In August, the same year, the Maulana became Minister for Education and in May, 1952, was given additional charge of the portfolios of Natural Resources and Scientific Research. He was elected Deputy Leader of the Congress Party in Parliament in 1951 and again in 1952 after the first general elections. He was re-elected, to the Lok Sabha in the 1957 general elections from the Gurgaon Constituency in the Punjab. Still he acted as Deputy Leader of the Party.

The Maulana toured Europe in July, 1951 and on his way back to India visited Iran.

AS EDUCATION MINISTER

During his term of office, Viswa-Bharati, an institution founded by Poet Rabindranath Tagore, was taken over by the Government of India and made a University. In all aspects of this many-sided subject he took a personal interest for the preservation of the country's archaeological remains.

As Educational Minister, Maulana Azad visited Britain in connection with the future of the India Office Library in July, 1955. Later, he visited France, Germany and Switzerland. He was responsible for sponsoring the three-volume report of the University Education Commission in 1948-49 and the publication of the History of Indian Philosophy in 1952.

A devout Muslim, he was also associated with the Jamiat-ul-Ulema-i-Hind, a body of Muslim theologians.

LAST DAYS

The Maulana had a paralytic stroke on the 19th February last and was in an oxygen tent during his three-day illness. The State Chief Minister, Dr. B. C. Roy made two trips to Delhi to give medical aid to the ailing Minister.

Maulana Azad died at his residence King Edward's Road, at 2-10 A.M., the 22nd February last.

(Continued on page 448)

AZAD MOURNED IN THE CITY

A wave of grief and sorrow passed through the city when the news of the Maulana's death reached here on Saturday morning, the 22nd February last. The news was carried by daily newspapers. Business in all spheres of the city's throbbing life was suspended as a mark of respect to the great deceased, who had spent the best part of his life in Calcutta.

Educational institutions, Government and private offices, commercial establishments, courts and

Dr. Rajendra Prasad, the President of the Indian Union, in a Message said :—

"In the passing away of Maulana Abul Kalam Azad India loses a profound scholar, a great orator, an elderly statesman, a consistent and persistent nationalist, an untiring fighter in the cause of freedom and, above all, a great leader whose wise counsel and indomitable courage were always availed of to solve many an intricate problems. The whole country mourns his loss. For those who have had the privilege to work and serve under and with him and for the country at large the loss is irreparable. He died in harness working till the last moment for the country, he loved and suffered for. He had died full of glory leaving millions to mourn his loss.

Shrimati Padmaja Naidu, Governor of West Bengal, sent the following telegram to Prime Minister Nehru: "The Government, and people of West Bengal which was his home, mourn with you and your colleagues the death of the great patriot whose contribution to the achievement of our freedom is a part of the history of India."

The West Bengal Chief Minister Dr. B. C. Roy paid tributes to Azad by depicting him as an outstanding personality during the fight for freedom and an erudite scholar with sound knowledge of men and things.

The State Chief Minister further added:—

"He was for unity, because to him unity was the essence of the culture and tradition of India. He was a symbol of Hindu-Muslim unity, so far as this country is concerned. We have lost this personality, but his spirit still hovers over us to give us courage and strength."

chambers of commerce remained closed. The National Flag flew at half mast over all Government buildings. The cinema houses suspended their matinee shows. The management of the Turf Club put off the day's meeting.

All the offices of Corporation excepting the conservancy and emergency departments remained closed. Public functions fixed for the day were abandoned.

City Muslims attended a special prayer at the Maidan in the afternoon to pay homage to the Maulana, who was held in high esteem by them.

The prayer was organized by Calcutta Khilafat Committee and conducted by Maulana Muhammed Hussain Mirati. Janab Abdus Sattar, West Bengal Labour Minister, paid homage to the departed leader at that meeting. He said that the Maulana symbolized Hindu-Muslim unity in India.

Prayers were also held at the different mosques in the city.

The Pradesh Congress President, Shri Atulya Ghosh said in a message:—

"I am greatly shocked to hear the news of the demise of Maulana Sahib, a national hero, who led us through the struggle for freedom and who was known to all of us for his clarity of vision, idealism and sacrifice. We are feeling a deep sense of personal loss. The country has lost a great patriot."

Shri Hemanta Kumar Basu, Chairman, All-India Forward Bloc, said:—

"In the death of Maulana Azad the country has lost an eminent scholar, patriot and philosopher who dedicated his life to the cause of the country and nation."

Dr. Prafulla Chandra Ghosh, P.S.P., leader and for many years a colleague of Maulana Azad in the Congress Working Committee, said:—

"I was deeply pained to see the news of the death of Maulana Azad in the morning papers of Saturday.

"About six months ago I met him last, but I could never think that he would pass away so soon. He was a very well-known personality in the political field of India for over 40 years. He was a man of courage and he stood by his convictions. He was a man of culture and broad outlook. He was one of those very few persons in India who never allowed political differences to alter personal relationship."

A CRUSADOR IN THE UNITY OF INDIA

Innumerable meetings were organized in the city to mourn his loss. Citizens gathered in thousands at the University Institute Hall on Monday, the 24th February, to pay their homage to the memory of Maulana Azad whose uncompromising spirit of fighting with the foreign rulers and firm faith in the cause of Hindu-Muslim unity as also in the unity of India, against tremendous odds, endeared him to the people of India. It was convened by a group of important citizens.

Sri Shankerdas Banerjee, Speaker of the West Bengal Legislative Assembly, who presided, moved a resolution which urged upon the public to take a vow to carry on the work of unity which the great leader held so dear to his heart.

The resolution further said that Moulana Azad was an embodiment of uncompromising struggling spirit of the people for the cause of Freedom, and a crusader in the unity of India.

Shri Banerjee in his speech urged upon the public to continue the work of Maulana Azad to build up unity and love among different communities of the country.

Recalling the services of Moulana for the cause of the country Shri Atulya Ghosh, President, Pradesh Congress Committee, said that he stood firm with his faith in the unity of India. When many respectable Muslims began to waver and left the National Congress he did not make any compromise with his principle. He stood like a giant against all attacks hurled against him by those who propagated the theory of the Two Nations.

The Mayor Dr. Triguna Sen offered his tributes to the memory of Moulana Azad.

The State Minister for Agriculture, Dr. R. Ahmed, said that he knew no greater fighter for the cause of unity of the Indian people in modern times than Maulana Azad who with his profound knowledge in theology exposed the falsity of Muslim propaganda against Hindus. But for his correct lead in India it would have found so easy to take to the path of unity and economic progress.

Others who joined to pay their homage were Shri Kalipada Mukherjee, Minister, Shri Tushar Kanti Ghosh, Editor, Amrita Bazar Patrika, Shri Sitaram Shakseria.

A GREAT STATESMAN

At a mass meeting of the Muslims held at Mohammed Ali Park on Sunday, the 23rd January, a resolution was adopted expressing their deep sense of sorrow at the demise of Moulana Abul Kalam Azad. It stated Maulana Azad as one of the greatest statesmen and patriots of the age, who struggled, suffered and bled for about half a century for India's liberation and in collaboration with great leaders of India brought it to its successful culmination."

Syed Badruddoza, M.L.A., who presided over the meeting, said that he was inspired by Maulana Azad's life and activities, his outstanding abilities, creative personalities and persuasive eloquence.

CORPORATION PROCEEDINGS

PROCEEDINGS OF THE THIRTY-FOURTH ORDINARY MEETING ON THE 14TH FEBRUARY LAST

A NEW SCHOOL

The House, on the recommendation of the Standing Education Committee, decided to take over a Primary School now holding at 104, Christopher Road and to run the same as a Corporation school. The House further decided to accept a new building at 49, South Tangra Road, under construction, for the same purpose as a gift. It was further agreed to name the school as Bhagaban Chandra Narada Bala Vidyalaya, after the name of the donor.

A LUMP SUM PAYMENT

The House, on the recommendation of the Standing Finance Committee, decided to make an on-account payment of a lump sum amount of Rs. 8 lakhs as contribution to the Calcutta Improvement Trust for the Tollygunge Area for the period from 1st Quarter of 1958-54 to the 4th Quarter of 1957-58.

Dr. Ho-Chi-Minh receives a package of Tee Dee's Dress from Messrs. Thakur Das and Sons for distribution among the distressed people of North Vietnam while he was entertained at a Tea Party by the Corporation of Calcutta after the civic Reception on the 13th February, last. The State Governor, Shrimati Parmaja Naidu, and the Mayor, Dr. Triguna Sen are also sitting on both sides of the President Dr. Ho. The Package was presented by Shri Rasanlal Kohli on behalf of the firm.

—MAULANA AZAD—A COMBINATION OF SCHOLARSHIP AND NATIONALISM

(Continued from page 444)

Many relatives and friends of Maulana Azad were at his bedside when the end came. These included Bakshi Ghulam Mohammed, Prof. Humayun Kabir, M.P., Shrimati Aruna Asaf Ali and the Maulana's nephew Janab Nuruddin.

The news of Maulana's death spread rapidly through the capital and thousands of people began to gather outside his residence from early hours of the morning. The carriage left his residence the same noon.

Army buglers sounded the Last Post, when the body of Maulana Azad was laid to rest in the same afternoon in a specially chosen grave in Urdu Park, opposite to the Jumma Masjid.

The nation mourned his loss. A surging mass of people had gathered on the Parade Ground in front of the Red Fort and beside the route of the State funeral procession from dawn to pay their last homage to the departed leader. The scene was reminiscent of the cremation of Mahatma Gandhi ten years ago.

The Government of India announced a seven-day period of mourning. Government offices and other institutions in the Centre and States remained closed on that day and flags flew at half-mast.

Little is known about his wife Begum Azad, who died while the Maulana was serving his last term of imprisonment in Ahmednagar Fort.

She was buried in the Muslim Cemetery, Manicktala area, in this city where his father's body was laid also.

News & Reviews

'MAYOR'S BENEFIT FUND' FOR EMPLOYEES

Recently, a Special Relief Fund has been raised under the initiative of the Mayor, Dr. Triguna Sen, with the object of extending help to the poor Corporation employees in pecuniary matters. The scope of the fund, so far known, has been directed to incur expenses in connection with medical treatment of the employees or their wards, as well as to help the poor employees' dependants in prosecuting their studies from which a larger number suffer.

The Mayor, Dr. Sen would be the *ex-officio* Chairman of the 'Mayor's Benefit Fund' while the Deputy Mayor, Shri K. C. Basu be its Deputy Chairman. The Fund will function with Councillors U. N. Sen and Dr. H. K. Das as Joint Secretaries, and Councillor G. C. Dey as its Treasurer. The Executive Committee would consist of twenty members including the Commissioner, the Chief Engineer and other important officials.

We hope the Fund would be able to relieve the hard pecuniary difficulties of the poor employees to a certain extent.

LATE SHRI SARAT CHANDRA BOSE

The Eighth Death Anniversary of the late Shri Sarat Chandra Bose was solemnly observed in the city on Thursday, the 20th February last. In the morning a memorial service was held at the Keoratala Burning Ghat at the site where the last remains of that great leader was put to flame.

Paying eloquent tributes to the memory of the late Shri Bose, Dr. Srikumar Banerjee, said that the country's misfortune had been immensely increased with the loss of the valiant fighters like Saratchandra who fought bravely the country's struggle for freedom and who wanted to mould the country in their own way. He also said that the present truncated State of West Bengal needed a leader like him in its re-construction work, specially at the moment when the country suffered from dearth of leaders.

Principal Gourinath Shastri of the Sanskrit College, inaugurated the service by reciting a chapter from the Gita. Kirtan songs were also rendered.

It was attended by a large number of Sarat Chandra's followers including Justice A. N. Roy, Shri Hemanta Kumar Basu, M.L.A., Shri Sunil Das, M.L.A. and others.

The room in Netaji Bhawan, Elgin Road, where the leader once lived were thrown open to the public on that day. Some of his personal belongings were also in view.

CORPORATION MEETING ENDED WITHOUT ANY WORK

The Thirty-fifth Ordinary Meeting of the Corporation ended on Friday the 21st February last

without transacting any business. At the outset the Deputy Mayor, Shri Keshab Chandra Basu, who presided on that day, referred to the tragic coal mine disaster near Asansol. According to him this was the worst mine disaster in memory that occurred within these few years.

The accident has cast a gloom in thousand of houses as it involved upon more than 900 persons, added Shri Basu. Two minutes' silence was observed as a mark of respect to their memory.

Expressing grave concern over the health of Councillor Kumar Dutta, Councillor Anil Maitra moved an adjournment motion in the House. In that statement he wanted that the House should feel aggrieved at the way in which one of their colleagues had been treated while rendering public service. This had perturbed their minds and out of sympathy with their colleague, Councillor Dutta, they were asking for an adjournment of the meeting.

Councillor Maitra further pointed out that in the recent Governor's Address before the joint Session of the State Legislatures, there was a reference to the necessity of co-operation between the Police and the public. They were aware that the present question before them was sub-judice and without making any comment all that they could submit was that in the interest of justice and fairness, the officer responsible for the incident should not be allowed to remain at his post as he might prejudice proper investigation of the case. Truth must be established at any cost, he concluded.

Councillor Nripendra Nath Banerjee supported the motion for adjournment of the House.

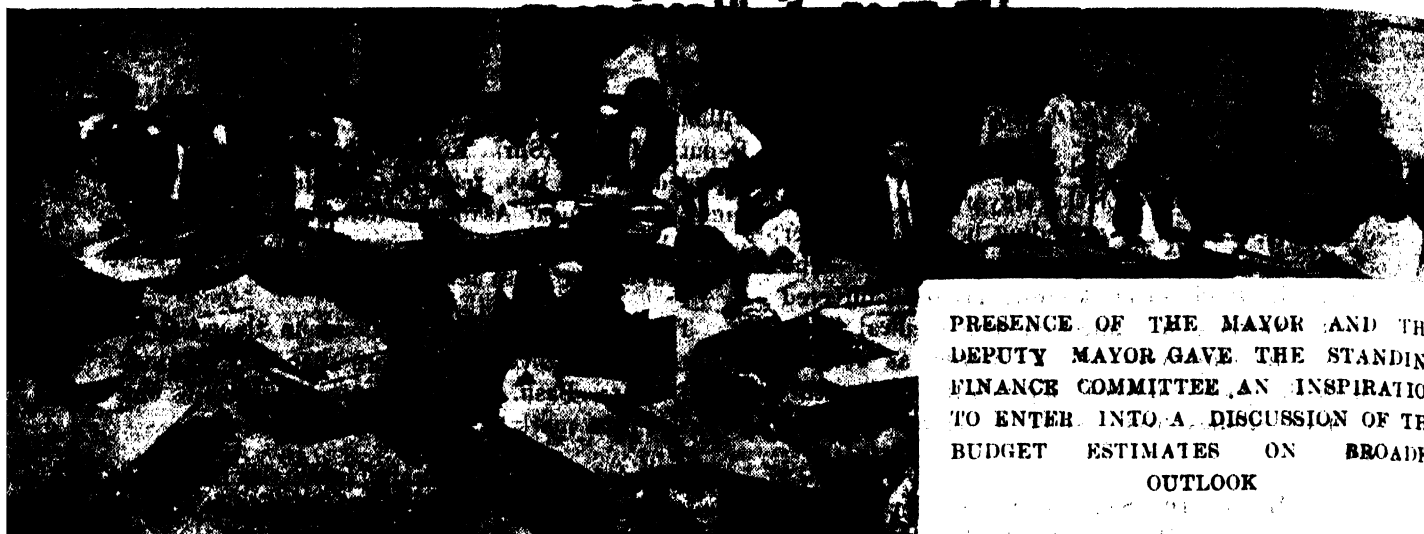

Councillor Prasanta Kumar Sur emphasized that a City Father had been threatened from doing public service. Indignities and "assault" came as reward upon him, according to the irony of fate.

Councillor Chandra Sekhar Bhowmick apprehended that unless the officer concerned was not transferred elsewhere he might place obstacles in the way of an impartial enquiry.

The Deputy Mayor, Shri K. C. Basu looked the matter from a different angle and he disagreed to adjourn the meeting as the case was still sub-judice.

Several members also spoke for adjournment and a section of members made a walk out. They were followed by the rest of the members present.

It may be stated here that Councillor Kumar Dutta was rough-handled and severely dealt with by an officer of the Shyampukur Police Station while he went to lodge a complaint against a citizen of that area some time ago. He was however relieved of with the intervention of important citizens like Shri Hemanta Kumar Bose, M.L.A. and others. A case has since been filed and the matter is still under sub-judice.

PRESENCE OF THE MAYOR AND THE DEPUTY MAYOR GAVE THE STANDING FINANCE COMMITTEE AN INSPIRATION TO ENTER INTO A DISCUSSION OF THE BUDGET ESTIMATES ON BROAD OUTLOOK

Sitting (from right :) The Mayor, Dr. T. Sen (3rd), Councillor K. L. Dhandhanis, Chairman of the Committee, the Deputy Mayor, Shri K. C. Basu, and Shri M. Bhattacharyya, P. A. to the Mayor, Shri P. Mitra, F. O. & Chf. Accountant, sitting on extreme right and Shri R. Sen, Actg. Asstt. Secy, standing behind him.

(from left :) Councillors S. S. Mitra, and Dr. B. C. Basu, Deputy Chairman, Shri K. O. Das (Associate Member), Councillors B. L. Ghosh, S. K. Sen Sarma, and Dr. A. P. Das Gupta. Councillor Dr. K. P. Ghosh, Shri P. Guha, City Architect and others also seen in the picture.

BUDGET PROPOSALS MODIFIED

Liberal Changes Made By Standing Committee

THIRTY-ONE sittings of the Standing Finance Committee have resulted in increased estimated amounts both in the Receipts and Expenditure sides during the coming year 1958-59 than the original Estimates made by the Commissioner, Shri B. K. Sen. The Municipal Revenue Fund has been estimated at Rs. 808.89 lakhs on the Receipts side with an estimated Expenditure of Rs. 821.98 lakhs causing a deficit of Rs. 18.04 lakhs. But the expected deficit will be covered up by an increased amount of Opening Balance of Rs. 37.97 lakhs. Thus the Closing Balance would come up to Rs. 19.98 lakhs. The Commissioner's Budget proposals also showed a deficit of Rs. 15.05 lakhs in the revenue fund and the estimated opening balance was Rs. 29.81 lakhs. The estimated Receipts and Expenditures were then Rs. 750.95 lakhs and Rs. 766.00 lakhs respectively.

According to the modified estimates of the Standing Finance Committee the total Receipts of the Municipal Fund including loans and Suspense Account would arrive at Rs. 1,924.84 lakhs while the Expenditure side showed total estimate of Rs. 1,894.81 lakhs resulting in a Closing Balance of Rs. 30.03 lakhs.

The Standing Finance Committee has also agreed with the Commissioner for not levying any fresh taxation or not to enhance the existing fees or taxes. The modified estimates have been placed before the Corporation on the 15th February last. The discussion on the revised Budget Estimates is expected to take place towards the middle of March. The estimates are required to be approved by the Corporation towards the middle of the month.

There have been some major additions in the modified estimates. Some new items have been

added on the expenditure side while the revenue earning sections have been toned up to yield larger amounts than the Budget Estimates made by the Commissioner. The Standing Finance Committee have modified the estimated Revenue on the head 'Consolidated Rate' and there has been an increased estimated yield of Rs. 35 lakhs. The total revenue on this item has been estimated at Rs. 466.00 lakhs. There would be a similar estimated yield of about Rs. Two lakhs on the head 'Tax on Professions, Trades and Callings'. The sale proceeds from unused gas lamps and accessories stacked in condemned store would fetch near about Rs. 3.5 lakhs. At the same time there would be some items whose expected receipts would be less than the Commissioner's Budget Estimates.

In this way there would be a net expected Receipt of Rs. 52.94 lakhs more than the original estimates.

On the Expenditure side of the Revenue Account, the Finance Committee has made modifications in a number of cases. A sum of Rs. 10 lakhs have been provided as 'Additional Emoluments and Facilities to Corporation Employees' and another sum of Rupees Five Lakhs as Mayor's Scheme for Rooting out Corruption and Increase in Efficiency of Employees' under separate Budget Heads. A provision of Rs. 50,000 for establishing a Municipal Library in a central city place has been abandoned. A few other provisions made in the Commissioner's Budget have been omitted by the Standing Finance Committee. There would be an increased expenditure on 'Additional Establishment' and the fund has been raised by Rs. Two lakhs to make it Rs. Six lakhs. Election charges have been reduced by Rupees One lakh while there would be larger re-payment of Debenture Loans at an estimated cost of Rs. 42.14

lakhs instead of Rs. 36.10 lakhs, as estimated by the Commissioner. This has also been consequented by an increased provision for 'Interest Payment on Debenture Loans'.

The modifications of pre-eminent natures are of provisions of Rs. 24 lakhs as 'Works under Borough Committees' and an additional sum of Rs. Six lakhs for 'Special Works in under-developed and un-developed Borough areas'. There was a long standing grievance for larger allocation of funds for the Borough Committees and particularly for those lying in under-developed areas. The Commissioner's Budget provided Rupees Four lakhs on 'Works under Boroughs' and Rs. 20 lakhs in the Loan Fund. The latter sum has been transferred to the Municipal Revenue Fund. In stead of that an additional amount of Rs. 59.39 lakhs have been provided in the Loan Fund for undertaking new projects envisaging extension of civic amenities. Thus each of the 80 Wards forming into 16 Boroughs, would be able to spend Rs. 90,000 for larger amenities of its citizens. These Boroughs are empowered to draw up schemes for improvement works, such as construction of roads and pavements, beautification of squares and parks, installation of tube-wells and lights and extension of sewers.

So long, in absence of an integrated scheme for the whole city, there have been more lights in some of the already well-lit areas, and areas which needed more tube-wells had more lights. The increased provision along with the additional sum might help to bring about an uniformity in undertaking such small measured projects, particularly the under-developed areas would be benefitted much thereby.

There would be an increased contribution as grants-in-aid to city's hospitals as well as an expanded provision for maintenance of free beds on behalf of the Corporation in those hospitals. Measures for control of epidemic diseases would henceforth be administered centrally with the help of an Epidemic Control Officer, fully responsible for the task to the Health Officer, according to the Standing Finance Committee. The work was so long managed by the District Health Officers under the direct supervision of the Health Officer. The Budget Estimates have been modified so forth. Already there has been an Epidemic Control Officer, on a temporary capacity and work has been started with that end in view in an experimental way.

The Standing Finance Committee has provided a sum of Rupees Ten lakhs as 'Replacement Fund for Plants and Machinery'. There was Rupees One lakh for the same purpose in the Commissioner's Budget.

In order to make the publicity campaign successful and to bring about a better standard of relationship between the citizens and the Corporation officials as well as to furnish a correct picture of the Corporation activities to the citizens the Public Relations' Department would be expanded largely. Two more additional Publicity Vans would carry out campaigns for rooting out epidemic diseases as well as to rouse civic consciousness among the citizens. The existing two vans are doing the same work. Funds have been provided accordingly by the Standing Finance Committee.

The Loan Fund has been raised with the same purpose. For execution of New Works and Projects Debenture Loan would be floated during the Budget

year to an amount of Rs. 3.22 crores. The Commissioner's Budget estimated the Debenture Loan at Rs. 2.85 crores.

Similar modifications have been made in the Revised Estimates for the year 1967-68. The current year's figures are mainly based on actual Receipts and Expenditures for the first six months and the expected yields for the latter half on both sides of the Account.

Thus the city municipal finances have been approached in different ways from different angles. Although a segment of the broader subject of public finance, the municipal finance itself is so broad and complex that it lends itself to a number of approaches. It is an ambitious treatise that would attempt to explore every facet.

Generally speaking, the politician's interest in municipal finance centres around such subjects as control of public expenditure, distribution of tax burden among different groups, and the uses of taxation as social control or regulation. The accountant or technician is primarily concerned with method and procedure in the interest of stable municipal finance.

A still different approach is made by the Mayor or the Chief Administrator. His interest lies in fiscal policies and procedures as useful means of planning, administering—and appraising the service programme of the city—public works, health and so forth.

It is too early to predict at this moment how far the different approaches have counterbalanced each other while the modifications were made by the Standing Finance Committee on the original estimates made by the Commissioner. Only experiences can show the exact picture.

DEATHS AND DISEASES IN THE CITY

Deaths from small-pox in the city during the week ending the 22nd February, rose to 17 against 11 during the week previous to this. Attacks were 19 during each of these two weeks. During a corresponding period last year there were an increased figure of attacks and deaths numbering 144 and 180, and 100 and 192 respectively.

Attacks and deaths from cholera during the week were 18 and 9 respectively against 20 and 11 in a week previous to this. Five and 15 persons were attacked and four and eight persons died during a corresponding period last year.

Malaria tolled only one life against a similar number during the week previous to this. Typhoid was responsible for four deaths during the week while five lost their lives from the same during the previous week.

Tuberculosis took away 48 lives against 45 persons in the previous week.

Deaths from all causes totalled 658 against 664 during a week previous to this. Total deaths numbered 840 and 885 during corresponding weeks last year.

Miscellany

BIRTH CENTENARY OF RABINDRA NATH

Prime Minister Nehru said in Lok Sabha that the Central Government was considering a contribution for the Celebration of the Birth Centenary of Rabindranath Tagore in 1961 and expressed the hope that there would be countrywide celebrations of the event.

Shri Nehru, who was replying to Shrimati Ila Palchoudhuri, stated that it was impossible to estimate how much the celebration would cost. Apart from the Sahitya Akademi, the Visva-Bharati, All India Radio, the Posts and Telegraphs and numerous other organisations would undoubtedly want to celebrate the event.

CORPORATE BODY FOR WATER SUPPLY AND DRAINAGE

An announcement that West Bengal Government was considering a proposal for constitution of a corporate body with the responsibility for supply of drinking water and working out a proper drainage system in the area from Budge Budge to Kalyani on the eastern bank of the Ganges and Uluberia to Bansberia on the other side of the river was made by Lt. Gen. D. N. Chakrabarti, Director of Health Services presiding over a largely attended public meeting at Baidyabati some time ago.

BANGIYA SANSKRITI SAMMELAN

The Annual Conference of the Banga Sanskriti Sammelan will be held this year at Marcus Square, during the fortnight from March 16 to 30.

This year too, many talented artistes of rural Bengal—artistes from distant corners of Cooch Behar, Jalpaiguri, Maldah, Birbhum, Bankura, Darjeeling, etc., will participate in the programme.

The Sammelan will include in its programmes some of the pleasant features of the rural culture of Bihar, Orissa, Manipur and Assam.

Eminent artistes will participate in the performance of varieties, such as, Padavali and Pala-Kirtan, Baul, Nidhu Babu's Tappa, Bhatiali, Bhowaiya, Ramprasad, songs of Kamalakanta, Atulprasad, Rajanikanta, Dwijendralal, Rabindranath, Nazrul, modern and cinema songs, classical songs etc.

All types of indigenous musical instruments of Bengal will be played; variety shows such as Jatra, Kavicran puppet show, Rabindranath's dance dramas will be arranged. Three dramas will also be staged.

OLD RELICS NEAR CALCUTTA

Various potteries of peculiar designs—one broken terracotta image of Lord Buddha and two fossilised horns (trunks)—have recently been unearthed at Boral village near Calcutta.

According to the opinion passed by the authorities of the Ashutosh Museum and other archaeologists, these relics belong to about 2nd century B.C. to the Medieval period.

Shri Bibhuti Bhushan Mitra, who was collecting the local relics from a long time, has discovered these potteries and terracottas etc. from a depth of about 20 ft. to 30 ft. below surface in a place of the unreclaimed Sen Dighi of the village. Sometime ago a few other stone-images, belonging to about 7th century to 12th century A.D., were also unearthed from the same place by Shri Mitra. Some of these findings have been preserved by the Ashutosh Museum, Calcutta University.

From these discoveries the archaeologists and geologists opine that this part of the area became civilised at least about 1,500 years ago.

MUSIC YIELD MORE MILK

Bombay's Minister for Agriculture, Shri Vasantaras Naik, said in the State Assembly that trials conducted elsewhere showed that music helped increase milk yield "to some extent".

This was, however, not due to the animals responding to music, but the pleasing effect the music had on men attending to milking.

Music had the effect of keeping them in good mood and they do their work more quietly and gently. The animals, too, in their turn, respond to the gentle treatment of the attendants.

CALCUTTA STATE TRANSPORT IS A LOOSING CONCERN

The revised estimates for the current financial year reveal a net loss of Rs. 9.16 lakhs in six out of a dozen schemes of West Bengal Government involving transactions of a commercial or semi-commercial nature.

The loss, according to estimates, would be incurred in the State Transport Service, Calcutta, deep sea-fishing scheme, silk reeler co-operatives, Sales Emporium wood industry, and rural brick and tile scheme.

The State Transport Service, Calcutta, would incur a loss of Rs. 2,63,000 during the current year. In 1958-59, total loss would be Rs. 60,000, it is estimated. Loss shown, it is explained would be due to (1) additional expenditure on the introduction of time-scale pay, (2) increase in the cost of fuel and spare parts, (3) provision for adjustment of arrears of depreciation and interest charges etc.

BAGHBAZAR BANI GIRLS' SCHOOL

The Fifty-Eighth Annual Prize Distribution Ceremony of Baghbazar Bani Girls' School was held on Sunday, the 16th February last in Sree Cinema Hall. Balak Brahmachari presided. Shri Vivekananda Mukherjee was the Chief-Guest. Shri Madhu Bose, a film Director gave away the prizes.

Shri Hemanta Kumar Bose, M.L.A., appreciated the school curriculum which tried to give such training as would enable the girls to become good housewives and affectionate mothers.

Shri Deben Sen, M.L.A., appealed to the citizens to extend their support for further development of the school.

Councillor Ranajit Coomar Mitter presented the Annual Report.

Shri Mukherjee said that the greatest drawback of Indian women was want of economic freedom.

CITY-NEWS-PARADE

OBITUARY: The death of Shri Santosh Kumar Banerjee, M.P. occurred, at his Calcutta residence, on Sunday, the 23rd February. He was elected from Cooch Behar and a member of the Tea Board. He was 53.

Son of the late Shri Sashi Kumar Banerjee, the late Shri Banerjee was educated at Jalpaiguri and Calcutta. He was the Additional Secretary of the Indian Tea Planters' Association at the time of his death.

* * * *

The death of Shri Surendra Mohon Sengupta, a Fellow of the Institute of Chartered Accountants in India, occurred at his residence in the city, on Wednesday, the 19th February last. He was 76. Born in Dacca the late Shri Sengupta began his career as Professor of Mathematics in Ripon College, Calcutta. Later, he took up accountancy, working in that profession for over 30 years.

ADVENT OF RAMKRISHNA: Shri Shri Ramakrishna's 123rd birthday was celebrated at Belur Math on February, 23, from dawn to a late hour in the night.

Eminent monks of the Math participated in devotional songs, Kalikirtan and recitations. They held discourses on the life and message of the Saint of Dakshineswar.

"Goal of life is to try to come in contact with God and that contact is possible not through atomic wars but through love and love alone," observed Principal Swami Tejasananda of Belur Ramkrishna Vidyamandir, while presiding over a mammoth public meeting held on the occasion.

Continuing, Swami Tejasananda said that not only India but the whole world was facing a grave crisis which might turn into a global war. Spiritualism was the only way for the achievement of peace, he remarked.

Swami Bimalananda appealed to all to follow the path that had been shown by Swami Vivekananda. Swami Gambhirananda also spoke on the life and teachings of Paramahansa Dev.

MOTHER'S JAYANTI: "The time of spiritual evolution is not far off. It must come. When the eternal problems of mankind will be solved—if only we can follow the paths of peace rather than relying on war, follow the principle of Panch-Shila rather than following the way of diplomacy", said Shri R. R. Diwakar while presiding over the Mother's Jayanti celebrated in Calcutta held under the auspices of Shri Aurobindo Pathmandir. The celebrations were held in Singhee Park, South Calcutta.

He asked the people not to dream of the golden past of India but to come forward with all their strength to complete the regeneration, which would come inevitably though might be after millions of years, following and translating the teachings of Sri Aurobindo and the Mother.

He said, "We, the scientists and materialists have contributed much in this material world. Physicists and chemists have done a lot. But that is not all. That is not to solve the problem of life. The solution lies in the synthesis of all powers—"Atmic" and atomic, but not in the analysis of these. Atomic power is only one side. "Atmic" power can only concentrate everything, it can raise humanity to divinity. It is the culture of "Atma" and the power of "Atma". A power, a state of new consciousness in awakening, they are engaged in the same dream, which has got nothing to do merely with this humanity. That

is the way of Sadhana." "If seen in that perspective," continued Shri Diwakar, "the value of the richest contribution by Shri Aurobindo and Shri Ma in recent times could only be asserted."

LATE KIRAN SANKAR ROY: Homage to the memory of Shri Kiran Sankar Roy was paid at a public meeting at the Indian Association Hall, Calcutta, on the 20th February last.

The meeting passed a resolution regretting the delay in associating the name of one of the principal streets of Calcutta with the hallowed memory of the late Shri Roy and urged upon the Calcutta Corporation to rectify the matter which was pending before it.

Justice Mr. Sankar Prasad Mitra, who presided, said that the late Shri Roy was distinguished not only as a political leader but was also great as a man of letters and a philosopher. The late Shri Roy had profound knowledge of English and Bengali literatures.

Shri Mitra continued that the political foresight and wisdom with which the late Shri Roy was gifted, had always guided them on the right path during critical periods. One of his teachings was to place the country's interest over party considerations. When he became the Home Minister of West Bengal, it was his endeavour to purify the police force as also the entire administrative machinery. The country had suffered an irreparable loss in his death.

Shri Ananta Mullick said that it was the late Shri Roy who kept the lamp of the Congress burning in Bengal during its most difficult period.

Among others who spoke were Shri Satcowripati Roy, and Prof. Rajkumar Chakravarti.

BUST OF PRITILATA: Installation of a marble bust of Pritilata Waddadar, the first woman martyr for the cause of country's freedom in Bengal, at some suitable site within the bounds of the city and the naming of Greer Park (ladies' park in front of the Science College) after her, are two important decisions taken by the Memorial Committee, formed to commemorate the memory of Shrimati Waddadar.

The Mayor, Dr. Triguna Sen, the Chairman of the Memorial Committee, disclosed the information at a Press Conference held in his room in the Central Municipal Buildings on the 20th February last and appealed to all sections of people, men and women, for contributions towards the implementation of the Committee's effort.

Shri Ganesh Ghose, M.L.A., General Secretary of the Committee, said that for the present they would need a sum of Rs. 10,000.

A NEW HOSPITAL: A 130-bed hospital, built and equipped by the Marwari Relief Society at a cost of about Rs. 12 lakhs, was formally opened by Shri G. D. Birla at 392, Upper Chitpore Road, on Sunday, February 23. The function was presided over by the President of the Society, Shri Radhakrishnan Kanoria.

Inaugurating the hospital, Shri G. D. Birla said that the Social welfare activities of the Marwari Relief Society during the last 45 years were well-known to the different parts of India. The Hospital, Shri Birla said, was another example of the Society's good work. Hundreds of suffering humanity would get relief from this institution. Shri Birla hoped that the hospital would develop day by day.

Housed in a 5-story building the hospital will admit patients requiring fully surgical aids. Of the 130 beds 20 per cent. is free of charge. There are 23 cabins with charges ranging from Rs. 7-8-0 to Rs. 20 each. The remaining beds are charged at the rate of Rs. 3 each per

day. The first floor of the hospital has 21 beds and 6 cabins for Naturopathic treatment. The remaining four floors are occupied by surgical wards, small and big cabins, air-conditioned operation theatres and other departments. The entire fourth floor is meant for female ward consisting of 21 beds and 6 cabins. The emergency and observation ward is situated on the ground floor.

CALCUTTA'S WEATHER CONDITIONS in recent days, was marked with a sharp shower on Sunday evening, the 23rd February. It was preceded by dark clouds and peals of thunder and lightning. Rainfall was recorded 2.05 in. This was accompanied by hail-storms. All sport on the Maidan was abandoned, week-end picnics were disturbed, and the tram services throughout the city were suspended for an hour. In some of the water-logged areas it took long hours to resume normal service. The thunderstorm was caused by a "well marked convergence zone running from Sambalpur to Calcutta" under the influence of a trough of low pressure over Madhya Pradesh.

The City experienced gusty wind almost throughout Thursday the 20th February, last. Towards evening of that day there was a slight drizzle. This was caused by the incursion of moist air from the Bay because of the existence of a low pressure area over Madhya Pradesh and Chotanagpur.

There was another slight rainfall on Tuesday, the 25th February. It was recorded at 0.10 in.

Fair weather with the development of thundery conditions were the forecasts for the rest of the days. Fall in night temperature was noticed in many occasions.

WEST BENGAL STATE LEGISLATURE'S Budget Session was inaugurated on Monday, the 16th February last, at a joint session of both the Houses by the State Governor, Shrimati Padmaja Naidu. A group of members absented themselves from attending the session when the Governor spoke in protest of the Government attitude towards the Teachers.

In her speech, Shrimati Naidu presented an all-round picture of the present West Bengal State along with the achievements made during past year. Later on both the Houses met separately.

On the second day, the State Finance Minister, Dr. B. C. Roy presented the Annual Budget Estimates for the year 1958-59. No new taxes were proposed.

The estimates revealed that the year would open with a negative balance of Rs. 27 lakhs and would close with a deficit of Rs. 203 lakhs. On the revenue account, the deficit was expected to be approximately Rs. 383 lakhs in 1958-59 against Rs. 266 lakhs revised in the current year. Outside revenue account, there would be a surplus of Rs. 206 lakhs compared with a negative balance of Rs. 332 lakhs. The overall picture, excluding opening balances, would be a net deficit of Rs. 175 lakhs against Rs. 598 lakhs in the current year.

Levelling up of charges and counter charges continued for days. Excitements reached at their peak levels in many occasions, when the atmosphere was found to be in tense.

The big problems faced by the State were put up before the House. Many of them were also replied to by the Ministers in-charge of their respective departments. The discussion was winded up on Tuesday, the 25th February when a thanks giving motion was passed by majority of votes in the House.

After several Opposition members had criticised the Government policies for its failure to solve the food, refugee rehabilitation and unemployment problems, Janab Abdus Sattar, Labour Minister, Shri P. C. Sen, Food and Refugee

Rehabilitation Minister, and the State Chief Minister, Dr. B. C. Roy, replied to the charges.

Janab Sattar said that the employer-employee relation in the State had improved considerably. He hoped that with the co-operation of Trade Union leaders of all shades of opinion this would improve further..

Shri Sen said there was no cause for alarm over the food situation. The deficit was only about Seven lakh tons. The Government hoped to get 150,000 tons of rice and 700,000 tons of wheat from the Centre.

Dr. Roy said that unemployment was also a big problem in the State. He referred to the recruitment of about 12,000 teachers and other avenues of employment opened recently. But the number of people seeking employment went on increasing rapidly. Therefore the employment potential has to be increased, added Dr. Roy.

Referring to communication difficulties in Malda, the State Chief Minister hoped the problem would be solved if the Farakka Barrage was constructed. The construction of a railway line between Khejuiraghat and Malda was felt necessary.

The Legislative Council also debated on the Address on two occasions. Similar tempo of discussion lasted there. It also passed a thanks-giving motion.

A GERMAN PROFESSOR IN THE CITY: Prof. Dr. Ernst Waldschmidt, Head of the Department for Indian Philology at Goettingen University and President of the "Deutsche Morgenlaendische Gesellschaft"—German Oriental Society—has reached the city while on a four-months' lecture tour of India. During his stay, Prof. Waldschmidt delivered lectures on Indian civilization.

On February 27, he delivered a lecture at Sanskrit College, on 'Traces of Indian Culture in Central Asia'. Prof. Dr. Suniti Kumar Chatterjee, Chairman, Legislative Council, presided. His programme included also delivery of several lectures in Asiatic Society Hall.

Prof. Ernst Waldschmidt, Ph.D. was born in Luenen/Westphalia on July 15, 1897. Since 1936 he is Head of the Department of Indian Philology at Goettingen University. He is the President of the "German Oriental Society" a Member of the "Academy of Sciences" in Goettingen, Honorary Member of the "Societe Asiatique" and of the "Ecole Franchise d Extreme-Orient" in Paris.

A TRAGIC ACCIDENT: A running lorry killed two persons and injured 7 others including a seven-month-old baby and her mother most seriously on Surendranath Banerjee Road on February 25. The accident took place near the crossing of Durga Charan Doctor Road on the Surendranath Banerjee Road at about 10-15 a.m. The two persons who were killed in the accident are (1) Phillips Gomes (45) and (2) Prantosh Nag (73). The first one died on way to hospital and the second man expired at N. R. Sircar Hospital within few hours of his admission.

The lorry, involved in the accident, was speeding westward along the S. N. Banerjee Road. While it reached near Durga Charan Doctor Road the driver lost control suddenly when the automobile jumped upon a group of persons who were passing along the road at that time.

HUNGARIAN INSTRUMENTS: An exhibition of Hungarian instruments was formally inaugurated by the West Bengal Governor, Shrimati Padmaja Naidu, at the main dining hall of the Great Eastern Hotel, on the 21st February last.

About 300 different types of instruments which were on view would give an idea to the visitors what Hungary had to offer in this age of science. Among the instruments, which were displayed there, included "medical implements, laboratory equipment, electronic, and electrical instruments for geodesic, nuclear and meteorological purposes, and measuring appliances for the textile industry.

CORPORATION NOTICES

To All Registered Petty Improvement Contractors

—DISINFECTS—

Drains, Cess-pools, Hospitals, Sick-rooms,
Lavatories and every place where Dirt and
Disease Germs are likely to lurk.

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Black arm badges with White numbers from Nos. 1 to 350.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 a.m. to 7 p.m. between 7 p.m. to 12 a.m. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Re. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

A NEW EPIDEMIC DISEASES' CONTROL CENTRE INAUGURATED

Photo: Amiya Tarafdar.

ATTENDED by a large gathering including many of the Corporation Officials an Epidemic Control Centre under Ward No. 66, was inaugurated by the local Councillor, Chittaranjan Chatterjee, some time ago (picture above) at 240, Kalighat Road, South Calcutta. The Epidemic Control Officer, Dr. B. C. Mukherjee, Shri Rathin Taluqdar, an Associate Member and others were present on the occasion. After the inauguration the area Control Officer, Dr. B. Dutta inoculated a number of citizens present there.

Since the beginning of the Epidemic Diseases' Control Work under a centralized organization, many a new centres have been opened in different corners of the city.

AN INTERESTING EVENT IN CHILDREN'S SPORTS

Photo: S. Bose.

ALTOGETHER eighteen events of the Second Annual Sports of Inter-Corporation-Schools' in the Chetla area, aroused much interest to a large number of audiences who witnessed the performance. Nearly 250 boys and girls participated in those events which were arranged at the Presidency Jail Grounds, Alipore, recently. The main events included flat races, and races of other kinds suitable for children, cock fight, broad jump, musical chair, and others. Alderman, Ajit Kumar Dutta, (sitting third from left in the above picture), Chairman, Standing Education Committee, presided over the function, while Prof. Sudhir Baran Ghosh, distributed prizes. Councillor Mani Sanyal took a special interest in organizing the function. Teachers of Corporation Schools were also responsible for arranging the function.

SLUM CLEARANCE BILL NOT APPROVED

Calcutta Corporation at its Special meeting on Saturday, the 1st March last, showed its great resentment against the Calcutta Slum Clearance Bill and unanimously demanded that the State Government should withdraw the Bill as it would create a void between the powers of the Government and those of the Corporation entrusted with the task of Bustee improvements under the Calcutta Municipal Act, 1951. The Bill has just emerged from the Select Committee a few days back.

In the absence of the Mayor, Dr. T. Sen and the Deputy Mayor, Shri K. C. Basu, Councillor Usha Nath Sen, a senior member of the House, presided. Before it passed a resolution to the above effect, the Bill was discussed for long wherein nearly a dozen of members participated in.

The resolution which was moved by Councillor Ganapati Sur and duly seconded by Councillor Dhiren Dhar, M.L.A., reads as follows:—

This Corporation condemns the attitude of the State Government for not referring the proposed Slum Clearance Bill to the Corporation for their valued opinion and views. This Corporation also feels that by this action the State Government has deliberately flouted the rate-payers of the city. So this Corporation moves that the Slum Clearance Bill be rejected. The House also demands immediate amendments of some of the sections of the Calcutta Municipal Act, 1951, as suggested by many of the Members of this Corporation for the better interests of the Bustee-dwellers.

Moving the resolution at the outset, Councillor Sur said that before framing the proposed Bill, the State Government should have sought the opinion of the Corporation, that had been entrusted with

the responsibility of the improvement of the condition of the Bustee-dwellers. This attitude of the Government, Councillor Sur said, was 'nothing but denial of the fundamental rights of the Corporation.'

Corporation was eager to give relief to the Bustee-dwellers by short-term measures if the present Act was amended suitably. Councillor Sur also apprehended that another refugee problem would surely crop up with the implementation of the Bill, after its enactment and would render many of them homeless.

Sharing a similar view, Councillor Dhiren Dhar, M.L.A., said that Corporation moved the State Government for amendment of some relevant sections of the Calcutta Municipal Act, 1951, in order to effect improvement of bustees but did not get their approval. He felt that the Bill would not be able to solve the bustee problem, on the contrary the bustee-people would be placed in a more difficult and complicated position.

As a member of the State Legislative Assembly, Councillor Dhar, however, assured the House that the Bill would face a stiff opposition in the hands of a section of Members there. Already public opinion has grown against the Bill, he added.

In that connection the House also accepted a motion tabled by Councillor Dr. K. P. Ghosh earlier, which bore almost a similar idea. It also demanded the Bill's withdrawal, as it was "extremely dangerous for Bustee-dwellers". The House felt that the Government sponsored scheme would take a long time to effect any improvement. According to the motion the Corporation powers might be enlarged by amending certain sections of the Calcutta Municipal Act in order to bring about a changed outlook. It further suggested to set up

a tripartite body consisting of representatives of the Corporation, State Government and the Improvement Trust for slum improvement in the city. The latter part was added to the main trunk by Alderman Dr. Amiya Kumar Bose.

Councillor Samar Kumar Rudra saw in the measure a move to drive away from the city people who had not sufficient means to live here. Conditions in bustees could be considerably improved without demolishing them, he opined as a man of the legal profession.

Councillor Prasanta Kumar Sur said that unless there was a compelling clause in the Bill, the Government could do very well to evict bustee people without providing alternative accommodation for them as it was doing for many refugees.

Councillor Satyananda Bhattacharyya felt that even if alternative accommodation was provided to those who would be homeless with the acquisition of slum areas their economic rehabilitation would not be possible as many of them had built up their economic hearth there by pursuing on cottage or small scale industries. Slum clearance should be accompanied by economic re-habilitation, emphasized Councillor Bhattacharyya.

Councillor Biman Mitra doubted on the provision of alternative accommodation. The Sections provided in the Bill, according to him, were not specific. The Compensation Schedule as modified by the Select Committee has placed the landlord in an advantageous position than it was contemplated earlier, Councillor Mitra added. He also fore saw in the measure the Government's intention to drive Bustee-dwellers away from the city.

Expressing his personal views Councillor K. L. Dhandhanian thought that even passing of the Bill would not remove the plague spots out of the city immediately. The Bill was of a conservative nature and it would take nearly one hundred crores of rupees to implement the Scheme. The provisions of the Second Five-Year Plan in this regard was meagre. Besides, there was no planning.

The Chairman of the Standing Finance Committee also said that the Corporation did its best in the past to extend amenities to the Bustee-dwellers. It had provided funds for the same but certain difficulties stood in the way to implement them. Even Government was approached to ease Corporation's activities in the Bustee areas through promulgation of Ordinances and that was refused to, he added.

Councillors Bejoy Kumar Banerjee and Barendra Krishna Daw, asserted that if funds were made available, the Corporation itself could improve Bustees. They also alleged that the Bill infringed on several provisions of the Calcutta Municipal Act.

Being requested by several members, Councillor S. K. Gupta, I.C.S., Chairman of the Improvement Trust, said that he had always fought the Government against measures designed to take away the Corporation's powers. "We have not been able to do anything for Bustee people? If we had exercised our powers as authorized under the present Municipal Act we would have had a good case. Otherwise the force of our objection becomes very weak," he continued.

Appreciating the Bill Councillor Gupta said that its purpose was laudable. The State Government, though the provisions of the Act, had intended to provide better accommodation for the Bustee-dwellers. The Government's original intention was to acquire the Bustees at cheaper rates. And provisions were made accordingly. But the recommendations of the Joint Select Committee felt to determine the price on the basis of the realised value on the 31st December, 1946, as also envisaged in the Calcutta Improvement Bill.

He commended the provisions of the Bill as re-drafted by the Select Committee, in respect of alternative accommodation for Bustee-dwellers and the time limit for acquisition of a Bustee after a notification had been issued. This would also keep the Bustee-dweller in suspense as no definite date had been fixed for execution. Councillor Gupta said that he would not comment at this stage on the level of compensation which had been prescribed for landlords, but the cost of acquisition should be as low as possible. He felt that the landlord should not be entitled to any benefit arising out of the appreciation of the value of land arising from social and economic changes. This is purely an unearned increment, he added.

Councillor Gupta further said that he had no sympathy for hut owners in bustees. They were capitalists, not less so than owners of big mansions. In any Government scheme for Bustee improvement, there should be no room for them.

Besides, the alternative better accommodation has not been fully guaranteed under the Act. It would depend much upon the execution of the plans and schemes, he emphasized.

In course of his speech, Councillor Gupta also said that 98 per cent. of the Bustee tenants lived in a single room of a hut containing eight to 10 rooms. The rent they paid varied from Rs. 5/- to Rs. 30/- per room a month. Most of them paid between Rs. 15/- to Rs. 25/-. Consistent with their capabilities they should pay more for better facilities provided to them, he remarked replying to another member in the House who doubted about the paying capacity of these Bustee-dwellers if removed to a brick-built house according to the Scheme. The Member put before the house that under the new scheme the Bustee-dwellers' living accommodation would be restricted.

Reverting to the question of rent, Councillor Gupta drew the House's attention to thousands of low income group people living in congested areas and said that better housing could not be provided for all of them unless the State recognized housing was taken up for all or unless subsidized housing schemes were given priority.

The welfare State as claimed by the authorities should have equal responsibilities on education, health and housing as well, Councillor Gupta emphasized.

It may be recalled here that the State Government had already set up a Housing Board as a supplementary part of the Slum Clearance Bill. The personnel of the Board as disclosed would consist of Shri A. K. Bose, Director of a constructional firm, Shri S. Bandopadhyaya, Chief Engineer, State Government's Construction Board, Shri B. Prasad, Shri K. Roy and Shri M. C. Basu, Professors of Kharagpur, Jadavpur and Shillpore

Engineering Colleges and Shri S. C. Ghosh, a former Civil Engineer of the Corporation.

The Report of the Joint Select Committee on the Slum Clearance Bill embodied amendments recommended by it. The definition of slums was altered to include not only huts but also other structures in slum areas. It had provided that lands, and structures will vest on the Government on the date of taking possession and not on the date of declaration of an area as slum.

Occupiers would be paid cost of removal, dismantling re-erecting any industrial equipment used for trade and industry and compensation for any temporary loss of occupation. Compensation in cash should be paid up to a limit of Rs. 5,000/- and not Rs. 2,500/- as provided in the Bill.

As regards payment of compensation for land or the interest of a lessee or a sub-lessee, the Committee introduced a slab system, gradually diminishing, as the amount payable increases. The purchase price of land on which the compensation would become payable will be determined on the basis of the price which the land fetched or would have fetched on December 31, 1946. It had also been provided that the owner of the land would not be entitled to any compensation for the income derived from the land but would be entitled to compensation for the income from any hut or structure owned by him.

Prof. Nirmal Chandra Bhattacharyya and Prof. K. P. Chattopadhyay submitted minute of dissent separately. Dr. Suresh Chandra Banerjee and Shri Deven Sen submitted jointly their notes of dissent.

Other members who submitted joint minutes of dissent were Shri Hemanta Kumar Basu, Shri Somnath Lahiri, Shri Jatin Chakravarty and Shri Ganesh Ghose. They pleaded for acquiring all landlord interest in the slum areas at "rock-bottom" compensation. During occupancy rights to slum-dwellers to give them incentive to improve bustees according to the Government specifications was their another demand.

NEW MAYOR OF WEST BENGAL'S SECOND CORPORATION

Shri Tincori Mukherjee has been elected Mayor of the Chandernagore, the second Corporation in the State of West Bengal for the year 1958. The Deputy Mayorship went to Shri Bhabani Mukherjee. The Mayoral election was held a few days back towards the end of last month. Both of them were of nominees of United Citizens' Committee. The election was uncontested. Shri Mukherjee had been the Deputy Mayor in the previous year.

We extend our congratulations to the newly elected Mayor and the Deputy Mayor.

JUNIORS IN CORPORATION

The Calcutta Corporation has always taken initiative in introducing many of the humanitarian and philanthropic task towards its employees. It was from here Deshabandhu Chittaranjan Das as the Mayor of this historic city, wanted to serve the poor and the downtrodden. It was he who first recognized the services of Peons, Orderlies, Chaprasis, Duffries and as such and considered them as human beings worth to be treated as others. Their numbers has since

been swelled to 8,000. And many of them possess education and integrity as others placed on a higher level than them.

Recently the Standing Finance Committee has accepted a proposal to change the designation of peons, orderlies, chaprasis and duffries to "Juniors," and to start a free night school for them. A uniform scale of pay for them is also proposed.

The committee has recommended Rs. 50,000 annually to run the night school, which will have two classes—IX and X—to train up the "Juniors" so that they can appear at the School Final Examination to qualify themselves for promotion.

The Corporation's "Juniors" at present numbers 8,000, and 10 p.c. of them have read up to class VIII and are thus eligible for admission to the night school. It has been decided that future entrants to the junior cadre must have read up to class VIII.

In making the proposal, the Commissioner, Shri B. K. Sen, said "it is not fair to have in our employment a number of young people who will spend their whole life as chaprasis, orderlies and duffries. My own belief is that we should create opportunities for them in such a manner that they can grow within the organisation and go up step by step."

The Commissioner also said that a number of boys, who had passed the matriculation and I.A. examinations since their appointment as peons and sarkars in the Corporation had already been promoted to higher cadres.

Sooner the scheme is implemented the better for the 'Juniors'.

CORPORATION MOURNS VICTIMS OF RAILWAY ACCIDENT

Referring to the incident of the serious train collision on the Canning line of the Eastern Railways near Sonarpur Station, about 10 miles from the city on the morning of Wednesday the 26th February last, the Corporation mourned the death of the persons who died in the accident and sympathised with the members of the bereaved families. The House also prayed for the speedy recovery of the persons who sustained injuries in that connection.

The accident occurred at about 6 A.M. when the 370 Down Sealdah Canning Local crashed into the sixth bogie from the rear of the 241 Up Canning Sealdah Local at the cross-over point in front of the Sonarpur North Cabin, resulting in the death of five passengers. 45 persons were also injured.

The Deputy Mayor remarked that of late the country has witnessed many accidents like this as a result of which many innocent countrymen died prematurely and tragically.

EX. C. E. O.'S SON WEDS

MARRIAGE was solemnized between Shri Ranvir Mukherjee, son of Shri Bhaaskar Mukherjee, formerly Chief Executive Officer, Corporation and Shrimati Shrikala, the only daughter of Shri Ramendra Nath Gupta, on 15th February last at Ballygunge Circular Road. The function was attended by a part of the elite of the city. The State Governor, Shrimati Padmaja Naidu, Prof. N. K. Bidhanta, Vice Chancellor, Shri S. N. Roy, Chief Secretary and others attended the ceremony.

Corporation Condoles Azad's Death

THE weekly meeting of the Corporation was adjourned on Friday, the 28th February last, without transacting any business as a mark of respect to the memory of Maulana Abul Kalam Azad, Education Minister, Union Government. The House stood in silence for two minutes praying peace for the departed soul.

Meeting under a shadow of appalling grief that had smitten the whole country the House condoled the death of Maulana Azad. Eloquent tributes were paid to his memory by the Deputy Mayor, Shri Keshab Chandra Basu, who presided on that day.

Referring the death Shri Basu said :—

"Maulana Azad was one of the principal architects of India's freedom and as the closest associates of Mahatma Gandhi he was in the forefront of the Indian National Struggle for more than four decades. He was an eminent Muslim divine, scholar and thinker and was held in high esteem by all. As a scholar he gained name and fame even when he was a boy of fifteen. The urge for services to his countrymen and pangs of alien domination of the country brought him in the field of politics.

The Deputy Mayor continued :—

"When the demon of communalism violently raised its head and the Two-Nation Theory became prominent, Maulana Azad endeavoured heart and soul for the cause of unity. To him unity of India and of its people Indians was supreme. He was a living symbol of unity in the midst of dissension. He founded an Urdu journal "Al-Hilal" which was considered the first of its kind in India aiming to propagate the virtue of nationalism among the Muslims, and through this famous organ he wanted to achieve his ends."

"Maulana Azad became President of the Indian National Congress and by his gift for leadership became a member of the Congress High Command for long. He courted imprisonment several times for joining Khilafat Movement, Non-co-operation Movement, Civil Disobedience Movement and Quit India Movements. His contributions in political sphere are too well-known throughout the breadth of the country.

Referring to the services rendered by Maulana Azad, the Deputy Mayor continued that after Independence he became a Minister of the Union Government which post he held till his death and contributed much for educational development and fighting illiteracy, one of the greatest evils. It is irresistible to cite one instance that during his tenure of office that Viswa-Bharati, founded by Rabindranath Tagore, was taken over by the Government of India and elevated to a University. Deeply imbued with the spirit of nationality Maulana Azad was one of the towering personalities in the Congress hierarchy. Men in authority always sought and obtained his wise counsel in varied matters—national, international, regional and sectional, with which they had to deal.

"In 1942 he conducted talks on behalf of the Congress with Sir Stafford Cripps. When Lord Wavell called the Simla Conference in 1945 he was the sole spokesman of the Congress. And then again in 1940 he conducted negotiations with the Cabinet Mission on behalf of the Congress.

Maintaining that this city was once a hearth and home of the great leader, Shri Basu also said :—

"Calcutta is particularly overwhelmed with grief due to the simple fact that Maulana Azad settled here and was regarded as one of our worthy sons. Calcutta's grief is more poignant and knows no bounds.

The condolence motion passed on the occasion also stated :—

"The Corporation of Calcutta is overwhelmed with deep sense of grief and profound loss at the demise of Maulana Abul Kalam Azad, Union Minister for Education, and pays its reverential homage to his memory. It also devoutly prays to the Almighty that Maulana Azad's soul may rest in Eternal Peace.

STATE LEGISLATURES MOURN THE DEATH

In the West Bengal Assembly on Monday, the 24th February last, the Speaker, Shri Sankar Das Banerjee, referred the death of Maulana Abul Kalam Azad. During the crucial years of the transfer of power, he said, the Maulana piloted the affairs of the Congress with great tact and sagacity.

The Speaker further said that although his scholarship related mainly to Islamic studies, he was profoundly read in modern European languages. For his political activities he suffered long terms of imprisonment during the British regime. He was among those stalwarts who had fought for freedom along with Mahatma Gandhi, the Ali brothers and Deshabandhu Chittaranjan Das.

The House was adjourned on that day.

On the same day the State Council mourned his death. The condolence motion was moved by Dr. Suniti Kumar Chatterjee, its Chairman.

Paying tribute to the scholarship and statesmanship of the late Maulana, the Chairman said: "He sought to channel Muslim public opinion in India in the direction of co-operation with other communities of the country, Hindus, Christians and the rest, in joining the Congress as the all-inclusive national party; and in this he was conspicuously successful."

Speaking of his personal impression of the Maulana, Dr. Chatterjee also said that he had culture, urbanity, catholicism and faith in God.

INDIA-IRAN FRIENDSHIP ASSOCIATION

The India-Iran Friendship Association, Calcutta, at one of its recent meetings, condoled the death of Maulana Azad. Dr. Kalidas Nag, President of the Association, who referred the tragic incident, said that Maulana tried hard to establish closer relationship between the two neighbours India and Iran. And with that end in view the Maulana visited Iran twice. He was also honoured by the Iran University.

A Growing Township Near The City

[By R. N. B.]

ALLURED by the fact that, American Dollar was once dumped there, a large number of refugee population settled in the Habra area, within the bounds of this city suburbs extending over thirty miles. In an earlier period, a large village flourished there. The original inhabitants were ousted to locate an American air base there during the Second World War. And since its abandonment and after events followed re-settlement. Ultimately a big Housing Scheme was undertaken by the Government of India under the direct supervision of the State Government in order to give urban shape appearance to the place. This gave a further impetus to gather larger number of uprooted people in that site. And at the present moment the population has swelled up at 80,000 occupying nearly one-tenth of the number of houses built there. A few more houses still remain unoccupied. Their number does not exceed a figure of three digits. Each house has two bed rooms with a kitchen and a bath as well as an adjoining courtyard, may be utilized as a kitchen garden. They are in rows. Each occupier had to deposit earnest money of Rs. 500/- before he made the structure his hearth and home.

The Refugee Relief Department's task was to rehabilitate the people suitably so that they might follow the professions according to their likings. But probably that idea has since been abandoned and the present situation is a half-way coach between re-housing and economic re-habilitation. A psychological make up of the re-settled population has yet to be achieved with transplantation of necessary surroundings.

Divided into two main segments Kalyangarh and Ashokgarh, the newly born township is administered by an Administrator under the Development Department of the State Government who looks after all the improvements. Kalyangarh is of an earlier creation and with its wider roads and strong-built houses it has attracted a larger population. New roads are being made. The main artery is of stone built one. It is hoped that the planned township would once hold an administrative unit's head-quarter.

Among the development works, water supply arrangement stands at the foremost. A scheme to provide a few gallons of potable water has progressed much. The overhead tank has been built in order to hold one lakh gallons so that water may be carried to each household through pipe-lines. The pipe-laying work has to be taken up later. Two big size tube-wells of 10 in. dia. each have just been sunk. They will be driven by electric power to bring water direct to the overhead tank. The drainage system would be of brick-built gravitational arrangement. One Czech expert is in charge of direction to pilot the schemes.

The present water supply is being maintained by about three hundred small diameter tube-wells scattered in an unplanned way. They are of smaller

deep and physical strain is the only means to get a small quantity. Wells have also been sunk in many sites.

Urban health measure or charitable dispensaries are unknown to the locality. Poor people has to depend much upon the occasional visits of the Mobile Health Units of the State Government. They often usurp the privileges extended by a nearby rural health centre. Hospitalization is a facility enjoyed by them after much harassment and delay. Medical help is always available through private individuals.

The Development Department has set apart a large area for building up a well-equipped modern hospital with an out-door department. This is expected to accommodate a few hundred beds. The staff quarters would be within the area.

Twenty schools, imparting primary stage of education, have already sprung up in that area. Three institutions of a still higher stage are also there. One of them is reserved for girl students. Probably many of them are in receipt of grants-in-aid from the State coffer. The Shri Chaitanya College, whose foundation stone was laid a few years back, would probably admit students soon. The building structure promises to be a worth-noticing one among those of the Government institutions within the State. An academic atmosphere spreads over the area because of its situation by the side of the only rural University in West Bengal, the Banipur Basic Training College with its many sided activities including a College of Physical Training for Secondary School Teachers.

For the convenience of citizens street lighting by electric bulbs have also been arranged. Some of the road side shops are well-lit. But it has covered a part of the whole township through a make shift arrangement. A big plant for the power sub-station has to be installed to cover the whole area as well as to have the cheap power in each and every household including big industrial installations.

The construction of a circular market place to hold nearly five hundred temporary stalls has just been completed. The design of the place has been borrowed from a New Delhi market. It has also facilities for preservation of green vegetables as well as of fish and meat.

Urbanization has been forced there in many ways on Western lines. An eighteen-lakh project for building up a Permanent Liability Home for the old and the infirm, is in the programme. A three-winged big building, connected by over-bridges, for housing 500 orphan children, is nearing completion. The Administrator who accompanied us to the site, hinted that the Boys' Welfare Home might be handed over to the Ramkrishna Mission for building up future citizens as true sons of the soil. The Mission has earned a name in this task.

The Production Centre, which ordinarily weave cotton textiles with the help of handlooms, employs nearly 200 able-bodied poor women. They are provided with quarters and their wages are determined on production basis. Still a subsistence level of wages has been assured to even if they fell ill.

The Work-cum-Training Centre is an institution where 50 youngmen are trained at a time on at least ten different occupations. They are weaving, carpentry, smithy, tanning, poultry cane work and even doll-making, and each subject is taught under an instructor. The products possess a high demand in the market due to their fine artistic touches. Some of the products fulfil army demands where specification tests are very stiff.

Eager to provide employment opportunities to those up-rooted persons along with the re-housing scheme, the Government has invited energetic entrepreneurs to undertake new enterprises in that area. The Government's offer has been restricted to an extent of 50 per cent. of the capital outlay as an advance repayable after a stipulated period and the suitable work-site. The private sector has been assured there to play its role freely. But uptill now one such factory has started to manufacture calcium carbonates. The firm hardly employs one hundred people mostly unskilled ones.

In order to remove transport difficulties of a comparatively longer distances, private parties are allowed by the Government to ply buses in that neighbourhood. A few energetic youngmen of Ashoknagar started a Transport Agency on a co-operative basis. The Society was given a loan of Rs. 50,000 from the Relief and Rehabilitation Department of the State Government. The loan amount is gradually liquidating. Started its business in the year 1953 with two, the Society runs ten Buses for the present. The development scheme includes extension of membership along with a carrier business with the help of motor trucks if suitable loan amounts are sanctioned. Besides, a small workshop for an automobile repairing will also be started. It aims to train up a number of refugee youths in this line. Inspired by the profits earned by this enterprise two more co-operative societies would be started soon.

During storm and heavy rains two years back the whole area was sub-merged under knee-deep water for days together. People still complain against their miseries. They say that many of the leaking roofs have not been repaired. Small tube-wells out of service for long, have not been resurged. Health conditions are deteriorating, according to them, rather worsened recently. Incidences of T.B. cases are multiplying freely.

In spite of so many welfare projects the area suffers in many respects and the popular demand is for the establishment of a Municipal Government where the principle of Local Self-Government might be fulfilled. Their justification to determine their own destiny might have received inspiration due to its nearness of one of the oldest Local-Self-Government Institutions at Gobardanga. Although that Municipality manages any how with a meagre income still the citizens' birth-right has not been curtailed.

The World of Books

TAGORE'S CHITRANGADA: Translated into English by Shri Birendranath Roy from the Tagore's original in Bengali—Published by Shri Arun Kumar Purkayastha on behalf of Messrs. Sribhumi Publishing Co., 79, Harrison Road, Calcutta-9. D/Crown 1/16th.—53 pages—Price Board bound Indian Edition at Rs. 3/- and Rexin Bound foreign Edition at 7s. 6d. or 1.00 in U.S. Dollar.

'CHITRANGADA' is not an unfamiliar lyrical drama to the people of India and thanks to various institutions for presenting dance-dramas in cultural shows held all the year round in this great metropolis. Many of us have seriously cared to read the book of the immortal Poet of our country and have displayed any amount of curiosity to know the facts connected with the writings of this lyrical drama.

It would be a matter of interest to many of us to know that Rabindranath wrote this in one-act drama form as far back as in or about 1889 during a sojourn in Pandua in Orissa coast having based the story on an episode of the Mahabharata, the well-known Epic. This was an outcome of what the Poet had noticed once, quite a long time ago, in course of a train journey from Shantiniketan to Calcutta when colourful lively blossoms on both sides of the track served as a source of immense joy to his poetic mind. But the thought of these charming flowers, withering away soon under scorching Sun made the Poet sad. Almost simultaneously he had visualized juice laden sweet fruits hanging from the trees during Spring. His creative genius lost no time to take the clue from these inevitable changes taking place in every sphere of human life particularly in relation to youth and beauty and his poetic mind, inspired by his findings, gave shape to this truth through an episode of the Mahabharata—Chitrangada and Arjuna—to suit his inimitable treatment of the story on a canvas of symbolism. The story of Chitrangada depicts exploitations of Arjuna, the third of the Pandavas, who for fulfilment of a vow of penance, had set out on a 12 years' tour of the country. In course of his wanderings, he arrived at Manipur where he met a damsel called "Chitrangada", of an exquisite beauty and a daughter of the King of Manipur, Chitravahana. Chitrangada robed in a male attire first met Arjuna who was fully captivated by Chitrangada's charm and beauty. Thus she appeared to him as an embodiment of all the best that could be possible in this world. Arjuna asked the King Chitravahana for his royal consent to marry his daughter Chitrangada after revealing his own identity. Agreed to certain conditions Arjuna married Chitrangada with whom he had lived very happily for three years at Manipur. As soon as a son was born to them, he resumed his wanderings after taking leave of the royal family. Rabindranath had revived the story in lyrical verse which was presented on stage in drama form during the Poet's life time and acclaimed as one of his few excellent dance cum musical stage-plays. There was no English rendering of this lyrical drama until May, 1914. If I am correct, Messrs. Macmillan & Co., had brought out a 58 page-booklet under the title of "Chitra".

The most outstanding achievement attained by the translator of "Chitrangada", Shri Birendranath Roy, is that the true spirit, beauty and gait of the original in Bengali have been retained. This latest publication deserves public attention and should find a place in every library in this country as well as in abroad.—Jyotsna.

CITY NEWS PARADE

OBITUARY: Death of Shri Kshemendra Nath Tagore, an Advocate, Supreme Court of India, New Delhi, occurred at his residence, Tagore Bhavan, Jorasanko, northern part of the city on Sunday, the 2nd March. He was son of the late Acharya Kshitindra Nath Tagore.

The late Shri Tagore was of gentle and suave manners. He also inherited many of the traits of the Tagore family.

HOLI, the famous Hindu festival signifying merriments and sprinkling of coloured water to others, was celebrated in the city and suburbs on Wednesday, the 5th March and the next day, the 6th instant. The last day was earmarked mainly for the up-country Hindus. Except a few minor incidents the days passed off peacefully.

The number of citizens taking part in this year's Holi festivities appeared to be larger than those of last years, children predominating. As in previous years, trams and buses were off the city streets till noon. This restricted the movement of revellers who confined their activities to their own localities. Many trains coming towards the city on both the days bore marks of mud, ink, cow-dung and coltar.

In connection with the festival, Police arrested 418 Holi revellers on Wednesday. On the second day of the festival Police also arrested 200 persons for disorderly and riotous conduct. A large quantity of buckets, syringe and coloured water were seized.

A feature of this year's celebrations was a big procession organised by Sri Gouranga Mahaprabhu Abirbhab Motasav Committee in the afternoon. It started from Deshapriya Park and returned there about three hours passing through important thoroughfares in South Calcutta. It was joined by numerous kirtan parties both from the city and its suburbs. The procession carrying portraits of Lord Gauranga in a charming pose, and banners and fastoons depicted Mahaprabhu's great message of universal love.

At a large gathering at Deshapriya Park in the evening, the three-day festival of the Advent of Shri Gouranga was inaugurated. The West Bengal's Food Minister, Shri P. C. Sen, President of the Committee which organized the celebration, welcomed all. The meeting was presided over by Shri Sitaramdas Onkarnath Thakur.

Shri Gouranga's message of love, the speakers said at that meeting, had to be specially remembered and followed in these days of conflict. There could be no doubt that the creed of non-violence which he preached was the most effective weapon to fight war and differences among men, they emphasized.

Sree Sree Thakur said that the very name of the Lord Incarnate had a magic spell. One who uttered it for once could not forget or stop repeating. His name as it would unfold to him the doors of a new world wherein lay his true salvation.

The speakers included Dr. Mahanambra Brahmachari, Prabhupad Pran Kishore Goswami, Shri Bailo Kumar Mukherjee, Shri Tushar Kanti Ghosh and others. The function ended with singing of devotional songs.

The programmes on other two days included similar discussions and discourses as well as staging of plays on the life and activities of Lord Gouranga.

CALCUTTA ROTARY CLUB'S CLINIC at Temple Street was handed over to the State Government formally at a function on Sunday, the 2nd March.

The Temple Street clinic was started four years ago to treat patients afflicted with polio. More than 35,000 children from all over the country have so far received treatment at the clinic.

Lt.-General D. N. Chakravarty, Director of State Health Services, who received the hospital on behalf of the Government, said that no hospital had any arrangement for giving mental food to patients during their confinement. A scheme, he said, was being drawn up by the Government for providing recreational facilities to hospital patients.

Speaking on the danger of polio the Lt.-General desired that State should have a net-work of clinics in different parts of the country with a central orthopaedic centre. The resources of the Government did not always permit to divert more funds for health projects, he added.

Alderman G. Basu, Chairman of the Clinic, handed over a silver key as a token of transference of the clinic to the Government. The Government, he hoped, would maintain the standard of service at the clinic and would also take steps for necessary expansion of the clinic.

ANNUAL CONVOCATION OF BHARATIYA HINDI SIKSHA PARISHAD awarded Diplomas to one hundred students this year. The convocation was held at Raj Bhavan on the 4th March. The State Governor inaugurated the convocation which was presided over by Lala Ramadan Das. Sri B. P. Singh Roy delivered the convocation address.

Srimati Naidu said that the Parishad's efforts to spread Hindi were commendable. She asked the organizers to exercise caution so that no feeling that Hindi was being imposed was created.

AN ANTI-NUCLEAR WEAPON CONVENTION of all religions, held its session for three days from Friday, the 28th February last, in the University Institute Hall. It appealed to all nations possessing nuclear weapons to destroy unconditionally their stocks and to discontinue further production and test explosions of such weapons. The appeal further urged people of all countries to voice their strong condemnation of these weapons and to persuade political leaders and scientific workers to stop nuclear tests.

An exhibition of posters and photographs of these weapons was opened by Dr. Suniti Kumar Chatterjee, Chairman of the West Bengal Legislative Council, on the first day. Prof. N. K. Sidhanta, Vice-Chancellor of the Calcutta University, was the Chairman of the Reception Committee.

4, BANKSHALL ST., CALCUTTA-1 Phone-22-5601

GENERALLY CLOUDY WEATHER WITH RISKS OF THUNDERSHOWER towards the evening, the forecast for all the recent days proved on a few occasions. Calcutta experienced light rains on Friday afternoon, the 28th February last. The rainfall was less than one inch as recorded. The maximum or minimum temperatures were almost normal or above normal on few occasions.

The City experienced another rainfall on Tuesday morning. The recorded rainfall was 1.2 mm. or 0.05 inches.

Forecast for the rest of the days were bright sunshine accompanied by depression and thunderstorm. Still fine weather ruled over the sky.

DISTURBANCES: As a result of quarrel between a State Bus conductor and a bullock cart driver disturbances arose in the Ballaghata area just beyond the bridge on the road from Sealdah Station, on Monday, the 3rd March. Traffic in that area was held up for a considerable period. The local people sided into two groups. Lathis and stones were used and a buster was also set in fire. The Fire Brigade came to help and the police used tear gas to disperse the crowd. Twelve men injured and a few arrests were also made.

600 FOOT MARCHERS FROM PURULIA were arrested on Monday, the 3rd March, when they attempted to break through a police cordon in the Assembly House area where Section 144 Cr. P. C. was enforced. The marchers mostly farmers from the Bagmudi and Jhalda thana areas of Purulia had reached the city on the same day. Their demands included improvement of irrigation, health, education and communication facilities for Purulia people. They wanted to place their grievances before the State Chief

Minister. Shri Bibhuti Ghosh, M.L.C., Chairman, West Bengal Committee of the Forward Bloc, Shri Chitta Bose, M.L.A. Secretary and several others who led the procession, were also arrested. Earlier they held a meeting at Wellington Square, where their leaders were garlanded.

The arrested persons were tried and punished in the court. After their release on Friday, the 7th March, they were sent to their native district on a special train.

DEMONSTRATIONS: Work at Calcutta Port and in offices of the Port Commissioners was seriously affected as a result of the "cease work" by labourers and employees on Thursday, the 27th February last. The call was given jointly by Calcutta Port Sramik Union, the Dock Masdoor Union, Port Workshop Union and National Union of Port Trust Employees. The men's demands included implementation of the "categorical recommendations" of the Chowdhury Commission and revision of the basic pay of Class III and IV staff.

On the previous day, eleven persons, including the General Secretary of the National Union of Port Trust Employees, Shri Nikhil Maitra, were arrested outside the Calcutta Port Commission's office on Strand Road. The arrests were made in connexion with a demonstration mainly against the "forced unemployment of about 1,200 men"

About 100 employees of the Calcutta office of the Chief Accounts Officer, National Coal Development Corporation, went on a pen-down strike on Friday, the 28th February last protesting against what they termed "inactiveness of the N.C.D.C." in finalising their service conditions.

VITAL STATISTICS

For the City of Calcutta for the week ending
22nd February, 1958

CITY OF CALCUTTA (TOWN AND ADDED AREAS.)

The total number of deaths registered during the week was 653 against 664 and 663 in the two preceding weeks and less than the corresponding week of the last year by 187. The general death-rate of the week was 11.18 per mille.

TOWN (WARDS 1-27.)

The number of deaths registered during the week ending 22nd February, 1958, was 540 against 524 and 544 in the two preceding weeks. There were 7 deaths from cholera against 2 and 12 in the two preceding weeks. There were 15 deaths from small-pox during the week against 10 in the previous week. The mortality from fevers and bowel-complaints amounted to 10 and 51 respectively against 13 and 63 in the preceding week. The general death-rate of the week was 11.95 per mille per annum.

There were 51 imported deaths. Excluding these, the death-rate of the Town was 10.82.

There were 135 deaths from respiratory diseases against 101 in the previous week.

There were 36 deaths from tuberculosis against 36 in the previous week.

ADDED AREAS (WARDS 28-32 AND TOLLYGUNGE.)

The number of deaths registered was 113 against 140 and 119 in the two preceding weeks. Of these, 2 were from cholera, 2 from small-pox, nil from influenza, 5 from fevers, 15 from bowel-complaints and 28 from respiratory diseases. The death-rate of the added areas was 8.58 per mille.

There was no imported death. Excluding these, the death-rate was 8.58.

There were 7 deaths from tuberculosis against 9 in the previous week.

SOLDIERS TO FIGHT T.B.

[By Dr. B. C. SARRADHIKARI, M.B., T.D.D., F.C.C.P., Department of Health, Calcutta Corporation.]

Who are they? They are the unfortunate victims of the disease, the best soldiers to stop the havoc of the spread of the disease to their friends, near and dear ones. The bombs which spread the disease are sputums (coughs) of T. B. victims with the germs of the disease in it. Such sufferers are called "Open Cases" in Medicine. With a little endeavour such "Open" T. B. cases can check the spread of the disease to others. One must not spit everywhere but only in a particular pot having in it a germ killing liquid (Lysol) to kill T. B. germs and then throw it in sanitary privy or drain and flush it.

CRIMINAL OFFENCES

It is not only bad in manners but also bad in hygiene for any one and particularly for T. B. patients to cough on other's face and spit anywhere and every where. To throw a cupful of T. B. infected sputum without killing its germs by Lysol, boiling or burning, is more than a criminal offence.

Victims of the disease should however not be considered an outcaste to be thrown out of doors. This leads to greater harm to the society as such patient going elsewhere will naturally hide the disease and infect many more persons. T. B. victims need sympathy and co-operation of others to be segregated as far as possible in ones home with improvised shelters by temporary conversion of verandah or any other space into a room. Where such home segregation is impossible, the patient should be segregated in a hospital. "Open Cases" are but a transitory stage in majority of patients and with treatment their germs are killed in a short time. Undernutrition and unhygienic homes no doubt are major causes of the disease, but a still greater cause is spread of infection from person to person. However well nourished one may be or nice building he may live in, he is never free from the attack of the disease if exposed to indiscriminate coughing, sneezing, spitting and such other bad habits by persons suffering from T. B.

A STITCH IN TIME

A stitch in time saves nine. Earlier the disease is detected, quicker is its cure. If slow fever and cough persist in spite of usual treatment, one should be on his guard. Susceptibility to cold, pain in chest, loss of weight and appetite, increasing weakness with slight exertion, should rouse suspicion of the disease. Blood streaked cough should not be ignored with wishful thinking as coming from gums, throat etc., unless proved definitely so. With one or all of the above troubles one should immediately submit to methods detecting the disease, viz., X-ray of chest, sputum examination etc., if it is T.B. or not. It is a pity that many persons even now hesitate to go to a Chest Clinic due to stigma attached to T.B. Chest Clinics, however, are not meant for detecting T.B.

alone but to find out other diseases of lung, heart and T.B. outwardly. It will be interesting to know that now not even 25 per cent. of cases attending popular Chest Clinics are actually T.B.

NO MORE TERROR OF TUBERCULOSIS

The terror of Tuberculosis of the past no longer exists. With the present methods of early detection and treatment, the disease is curable in majority of cases with Clinic treatment and at the home of patients. So, all patients do not require

T.B. TOLLS THE HIGHEST NUMBER

About 150 persons are tested every minute in Asia for Tuberculosis and another 150—mostly children under 15—are examined for yaws, a crippling disease that attacks skin, bone or muscle.

Addressing a meeting of the Fund's 80-nation Executive Board at U. N. headquarters Mr. Keeny said that every day about 85,000 expectant mothers and nursing mothers reported to health centres run by U.N.I.C.E.F. and about 40,000 persons were added to those already protected from malaria.

The Philippines had shown the way in running integrated health services with 1,300 rural health centres and about 2,000 village health stations. Thailand and Pakistan also have ambitious new rural health programmes.

Difficulties had been encountered, for leprosy control because health staff as well as the general population were "mortally and unnecessarily afraid of the disease". More than one treatment stations had been burnt as a hint that leprosy patients were not welcome.

admission in hospitals and sanatoria where perhaps a fellow victim with greater attach of the disease needs admission for surgical treatment or segregation of "Open" case, if not possible at the home of the patient. Co-operation and proper understanding of T.B. patients in this direction is essential indeed to solve the bed shortage problem for T.B. patients in India.

Tuberculosis is luckily not a hereditary one. The Disease spreads from one person to another and is completely preventible. It is a curable disease too. These facts have to be impressed on all to enkindle hope in every drooping heart and to enlist co-operation of all to fight T.B. The secret of success does not lie in perfection in all the anti-T.B. measures at the very beginning but in participation. With humble and sincere approach by the people of this land, Tuberculosis will cease to be a problem in India in near future. [From: The International Tuberculosis Conference Souvenir.]

CORPORATION NOTICES

To All Registered Petty Improvement Contractors

District No. II Engineering Department

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." on 11th March, 1958 up to 2 p.m.

Abstract of the estimate can be seen at the District Engineer II's Office (Estimating Section). The Corporation standard specification will apply on the work. Petty tender forms of the Corporation are to be used in submission of tenders.

The successful tenderer shall have to deposit 5 per cent of the total value of the accepted tender, as security deposit within 1 week from the date of intimation of the acceptance of tender and shall have to execute an agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid, the tenderer shall be liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the Authority and the S. D. for P. I. Works may at the discretion of the Commissioner be forfeited.

CENTRAL MUNICIPAL OFFICE:
The 6th March, 1958.

Tenders Invited

Tenders are invited for supply of lorries numbering up to 8 on hire basis for the purpose of carrying filtered water to scarcity areas throughout the city during the summer as and when required. Rate should include the cost of Drivers, petrol, mobile oil etc. Only the tanks will be supplied and fitted by Corporation. All the lorries must be in good working order approved by the concerned department and will be of such capacity as to be fitted with two tanks of 400 gallons capacity each.

Each lorry will have to work daily from 6 A.M. to 6 P.M. with one hour's rest and must complete 6 trips per day. In case of breakdown or not completing the scheduled number of trips the rates will be allowed on the basis of the approved rate per lorry per diem 8 x the number of trips actually made on the day.

The successful tenderer must be agreeable to supply any number of additional lorries not exceeding 8 on 24 hour's notice, when required.

No charge will be allowed for the time taken for fitting tanks on the lorry before commencement of supply of water and for dismantling the tanks after completion of the work.

The tenderer will have to deposit Rs. 1,000/- as earnest money at least one day before the submission of tenders. All tenders should remain open for acceptance for at least 3 months and the successful tenderers will have to execute agreement.

All tenders in duplicate in sealed cover and superscribed "Tender for hired lorries"—will be submitted to Deputy Commissioner II on or before 10th March, 1958 by 12 Noon.

S. C. MUKHERJEE,
Executive Engineer,
Water Works.

CENTRAL MUNICIPAL OFFICE:
The 1st March, 1958.

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed arm badges with numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Rs. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

WEST BENGAL MUNICIPALITIES

West Bengal Municipalities including two Corporations face to-day a crisis as regards their pecuniary conditions. The situation was advancing towards worse with the outbreak of the Second World War. The position could not be recovered since then. The partition of the country added a further burden. It has been found that out of sixty lakhs of people living in the urban area of the State nearly twenty lakhs are of refugee population. The total income from all sources in those areas under 87 municipalities is about Rs. 2.5 crores including grants-in-aid made by the State Government of about Rs. 40 lakhs. These municipalities have been entrusted with the task of supplying filtered water to their citizens, building up and maintaining of roads, arranging street-lighting for the convenience of citizens and to provide other amenities including imparting of primary education for the children. And recently all these problems have been multiplied with the influx of refugee population.

The sewer arrangements are possessed by only two of the municipal towns, the rest suffer from all lacks including good drainage system. The ill-paid municipal employees are required to perform an enormous amount of work of an onerous nature. Besides, a large number of them are under-qualified and a good many possesses any training for the special nature of duties entrusted with them. As a result the civic services in the State do not maintain any satisfactory level. The per capita incidence of municipal taxation in the State comes about to Rs. 6/- per annum. The figure excludes the refugee population in many of the areas who have generally been exempted from paying any such taxes due to various reasons.

All these were discussed recently at a conference organized by the West Bengal Municipal Association in this city wherein a large number of legislators belonging to both the Houses were present. A memorandum submitted by the Association wanted to have, for the sake of justice and fairness, a broader outlook of the State Government in reviving the activities of the municipalities within the State.

Presenting true pictures of the pecuniary conditions of those municipalities the Memorandum pleaded for larger amounts of subsidies in implementing many of the projects undertaken by them particularly augmentation of water supply, building up of roads and drainage systems. They have further pleaded for provision of primary education to the citizens as a part of the obligation of the State and Union Governments as a clogged mind was found to be equally dangerous as clogged drains deteriorating public health.

The case of the two Corporations were presented on that occasion. Covering an area of about 98 sq. miles with a population of nearly 85 lakhs this city has gradually becoming a problem city as regards provision of civic amenities due to paucity of funds. The per capita incidence of taxation has reached at a level of Rs. 18.48 nP. While two years back, during 1955-56 the figure touched at Rs. 16.53 nP. in Calcutta against 18.16 nP. in Madras and Rs. 85.94 nP. in Bombay. This shows that Calcutta's per capita incidence of taxation does not commensurate with the services rendered as compared with those of Bombay in many respects. A separate story can be told in case of Chandernagore Corporation where primary education is being provided at State cost.

Revision of the present Bengal Municipal Act, which usurped many of the powers of the

electd representatives was demanded by the Association through the Memorandum. It also stated to introduce a few new measures in this connection such as adult franchise, holding of General Elections by an Independent Central Body, a Central Board for trying Assessment cases, as well as establishment of a Directorate of Municipalities for general supervision and so on.

In order to make these bodies fresh and vigorous it was suggested that there should be a speedy revision of the existing outmoded laws which governed them. It also added that there was lack of initiation even amongst members of the Legislature to re-shape the municipalities in the desired way in an

COUNCILLOR KAMAL PAUL'S BEREAVEMENT

Shrimati Mangala Moyee Paul widow of the Ex-Mayor, the late Sir Hari Sankar Paul, passed away at her residence, Sovabazar Street, on Thursday, the 6th March last after a protracted illness. She was 54. She was also the mother of our Councillor Kamal Krishna Paul. She has left behind another son Shri Amal Krishna Paul, a married daughter and a host of relatives to mourn her loss.

The late Shrimati Paul was a pious lady with a charitable disposition. Her philanthropy extended throughout the city and she was held in high esteem by all.

The Corporation at its weekly meeting on Friday, the 7th March last, mourned her death and adjourned its sitting for ten minutes as a mark of respect to her memory. The death was referred to in the House by the Deputy Mayor, Shri Keshab Chandra Basu, who paid eloquent tributes to her memory. The House also sent its condolences to the members of the bereaved family.

independent country. They emphasized that about one crore of people lived in the municipal area of the State constituting about 84 per cent. of the total population of West Bengal and they urged upon the M.L.A.'s present to champion their cause in the Legislatures.

A member referred to what he had said recently in the House that municipalities in the State were complaining against the State Government in the same way the West Bengal Government was lodging its complaints against the Central Government. He felt it was essential that the State Government should place more funds at the disposal of the Municipalities and, at the same time, they themselves should see that their collections went up from 40 or 50 per cent. to 70 or 80 per cent. He regretted that the State which had once pioneered itself in administering municipalities were in a dismal state and were even lagging behind the States of Bombay or Saurashtra. The municipalities should run in such a way so that everybody living there could feel that he has some responsibility in their running, he added.

The pecuniary difficulties of the Local Bodies have become almost chronic in many of the States under the Union. During post-war years similar difficulties were felt in the continental countries. When the Labour Party came into power in Great Britain during the same period the party took up a special programme in this regard. Adequate funds were kept at the disposal of these Bodies as a policy of full-employment as well as reconstruction.

Though not in the same lines still attempts were made to implement the finances of the Local Bodies. Local Finance Enquiry Committee and the Taxation Enquiry Commission made several recommendations in this regard. A few income heads were proposed to be transferred to the Local Bodies, according to the former while the latter suggested sharing of yields of certain heads from the State Governments.

With the forthcoming of the implementation of their suggestions as well as by enlarging the subsidy amounts there might be relief to a certain extent but if the spirit of suppression and other excesses are still allowed to play, then the very existence of Local Bodies become ambiguous. A more smooth and accommodating spirit of freedom is wanting in this sphere. Ideas of liberty as intensely desired by the people should be fully allowed to prevail freely in a more reconcilable manner without an arbitrary and boundless authority. Our late experiences have taught us how those fundamental rights and principles were superseded because they believed them to be infallible.

—THE CORPORATION AT WORK

(Continued on page 497)

This has caused much hardship to the citizens, according to him. Councillor Mitra requested the House to see that the grievances of the people might be mitigated.

COUNCILLOR DR. P. K. FOY CHAUDHURY

The House nominated Councillor Dr. P. K. Roy Chaudhury, to represent the Corporation in the Visiting Committee of the M. R. Bangur Hospital, Tollygunge.

It may be recalled here that Corporation at its meeting on the 21st June last, nominated Dr. B. C. Basu, to the said post. The present term would expire on the 20th March, 1958.

BEDS IN CITY'S HOSPITALS

The House, on the recommendation of the Standing Health Committee, sanctioned maintenance charges for beds kept reserved for Corporation in K. S. Roy T. B. Hospital, Jadavpore and Chittaranjan Cancer Hospital, Bhowanipur, for the year 1957-58.

The House also requested the hospital authorities to maintain the beds properly. It further desired that the beds would be filled up by the Standing Health Committee according to the urgency of the situation arising from time to time.

THE CORPORATION *at* WORK

A GIST OF PROCEEDINGS OF THE THIRTY-FIFTH ADJOURNED MEETING OF THE CORPORATION HELD ON FRIDAY, THE 7TH MARCH, 1958.

OBITUARY

At the outset the House condoled the death of Shri Jyotsna Kumar Banerjee, an employee under the Chief Engineer's office. The House, also mourned the death of Janab Md. Sariff Ansari, elder brother of Councillor Rauf Ansari. He was 95 years. Eloquent tributes were paid to their memory by the Deputy Mayor, Shri K. C. Basu.

LOCK OUT IN BENGAL CHEMICAL WORKS

Drawing the attention of the House to a recent labour unrest in Bengal Chemicals both at Narkeldanga and at Panihati Works, Councillor Kali Charan Paul apprehended that continued closure of the Works would result much inconvenience to the city Corporation. He felt that the Corporation should intervene in this matter as a buyer of many of the products of the Works as essential requirements and should approach the State Government for an early settlement.

Supported by Councillor Naren Sen, Councillor Paul also alleged that the present situation was created due to the unsympathetic attitude of the authorities who had not implemented many of the recommendations of an Industrial Tribunal set up for the settlement of the disturbances. Nearly 3000 workers had been involved in the strike.

Councillor Chandra Sekhar Bhowmick also remarked that the lock out situation was mainly created by the authorities on the failure to meet many of the grievances of the poor workers.

IMPORT OF RAW FILMS

During discussion on matters of urgent public importance, Councillor Subrata Kumar Sen Sarma alleged that attempts were being made from interested quarters to stifle Bengali talents in the film industry. The latter were being discriminated against the distribution of permits for raw films. The distinctive mark of Bengali films directors had made some jealous of their achievements, according to him.

Councillor Sen Sarma urged the Deputy Mayor to move the Deputy Controller of Imports and Calcutta Film Division to remove the difficulties.

He went far to say that the Bengal Film Technicians Board were playing a different role in this regard.

TAPIOCA GLOBULES

Expressing concern over a new enactment authorizing sale of tapioca globules as sago, Councillor Dr. Sukhabehari Mukherjee warned that this would deprive the Corporation authority to take any measure against the sale of the same. He said that these things being injurious to health its sale should immediately be prohibited. The Chairman of the Standing Health Committee, suggested that Corporation rules should be amended to meet the situation. In the meantime citizens should not

use the tapioca globules as a substitute of sago, he appealed.

INCIDENT IN CHARBATIA CAMP

Concern was expressed by members in the House when Councillor Samar Kumar Rudra referred to an incident happened in Charbatia Camp, Orissa, on the 5th March, last. It was stated that 16 refugees had been injured due to police lathi charge in the camp. The incident occurred when 88 families refused to go to another Rehabilitation Centre on the Chilka Coast on the ground of scarcity of drinking water there. Tear gas shells were fired upon the refugees. A few arrests were also made.

Councillor Rudra urged upon the State Government through the House, to take a sympathetic attitude upon those refugee population so that they might live as human beings with less amount of hardships. The reported behaviour of the Orissa police has disturbed the minds of all and particularly the refugee population, added Shri Rudra.

REWARD TO EMPLOYEES

Councillor Shyamal Kumar Dutta suggested that Corporation should offer rewards to those staff who would be able to detect theft of hydrant lids and other properties of the Corporation. He narrated an incident in his locality wherein two employees of the Corporation rendered faithful services in detecting the thefts. Councillor Dutta praised their honesty and integrity of character and invited employees to follow their example.

The Deputy Mayor Shri K. C. Basu welcomed the suggestion and assured the House that he would refer the matter to the Commissioner for consideration.

UNSPENT MONEY

Drawing the attention of the House Councillor Nandalal Banerjee said that in many circumstances the sum allotted in the year 1957-58 to different Borough Committees remained unspent as the schemes sanctioned for the utilization of allotted amounts were not implemented. He demanded an enquiry into the matter. In that connection he referred to the amounts still remaining unspent meant to be used for providing civic amenities to the people living under Ward No. 4.

The Deputy Mayor assured the House that he would look into it.

TUBE-WELLS IN CITY

Councillor Biman Mitra referred to the delay in sinking tube-wells in different parts of the city. The member of the Standing Water Supply Committee further said that the big size tube-wells promised to be sunk in this city by the West Bengal Government for fire-fighting purposes, had not been installed.

SLUM CLEARANCE BILL DISCUSSED

Construction Of Tenements Partly Assured

THE WEST BENGAL ASSEMBLY on Tuesday, the 11th March, passed the Calcutta Slum Clearance and Rehabilitation of Slum-dwellers Bill on the discussion stage. The Bill was discussed for four days in the House. A motion for consideration of the Bill was made by Shri I. D. Jalan, Minister for Local Self-Government. A section of members demanded to send the Bill to the Joint Select Committee for re-consideration but was lost. The Bill was placed in the State Legislative Assembly earlier and went through a Joint Select Committee consisting of members of both the Houses under the State Chief Minister, Dr. B. C. Roy, as its Chairman, for examination of the provisions as well as for necessary modifications.

During these days as many as two scores of speakers mostly from the opposition branches participated in the debate. The State Chief Minister replied many of the charges levelled against the provisions of the Bill before the voting took place. As the Bill mainly concerned the slum dwellers in Calcutta and other urban areas members representing those areas took special interest in the debate.

They also maintained that the Bill would only help to perpetuate slums. The measure, was unrealistic because the Government lacked resources to implement in the near future a vast scheme of slum clearance and rehabilitation of slum-dwellers within a stipulated period, say the Second Five Year Plan period, according to them. A few also requested the Government not to pursue the Bill when the Calcutta Corporation had unequivocally condemned the fundamental principles of the same.

To develop Calcutta bustees, covering over 5,000 bighas it would take, as the Calcutta M.L.A's said at the rate of progress contemplated, nearly 100 years to clear all the slums and construct houses to provide alternative accommodation for 500,000 bustee dwellers.

DESHABANDHU'S DREAM

Prefacing his speech with a brief reference to efforts made in the past to tackle the problem the Chief Minister said that as early as 1924 Deshabandhu Chittaranjan Das as Mayor of Calcutta emphasized the need to clear the slums. Dr. Roy himself as Mayor in 1931 had drawn up a scheme to connect the bustee with the city's main sewers.

According to his personal experiences it was difficult to fix the responsibility for improvement of bustees on individuals because of various grades of ownership. Some might own the land but the bustees might have been raised by others to whom it was let out. Many huts were also sub-let, he added.

Replying to the apprehension that the enactment would snatch away the powers of the Local Bodies Dr. Roy said that there was nothing to prevent the Calcutta Corporation from implementing a scheme for the development of slums. A

scheme to sink tube-wells in slums under the auspices of the Corporation was being considered by the Union Government. Councillors and other local people, he informed, would be consulted when the State Government would give effect to its scheme to clear slums and rehabilitate slum-dwellers. No one would be removed from any slum area unless alternative accommodation had been made for him, the State Chief Minister assured. The Government's first proposal would be to undertake the construction of tenements in sites where dwellers of slums to be cleared. Although the Bill was not directly concerned with development of trade and industry, Dr. Roy would not support any scheme which might render people unemployed. Persons engaged in small trade in slums would be able to carry on their occupation in their new houses.

While speaking on the question of compensation to the land-owners Dr. Roy referred to the experiences of those whose land had been acquired by the Improvement Trust. With a sympathy for them the State Chief Minister said though the Trust possibly paid them much more than the price at which the land had originally been purchased, still the money was not enough to build new houses in a big metropolis.

AID FROM UNION GOVERNMENT

As State Finance Minister Dr. Roy said that the fund for implementation of the Government's scheme to clear slums and rehabilitate slum-dwellers would come from the Union Government. The scheme could be implemented through a Housing Board to be set up by the State Government. The Government would be prepared to encourage co-operatives of dwellers in slums which could be improved and need not be demolished. The co-operatives could help to improve them.

Closing the debate Dr. Roy continued that the Government had proposed that "comparable" rent would be charged for the new tenements. It believed that there were some among the slum-dwellers who could afford to pay relatively high rent, further added Dr. Roy.

Supporting the Bill Shri Bejoy Singh Nahar pointed out the beneficial measures underlying the Bill. He ignored the criticism that the Bill did not provide for owners to take the initiative in the development of bustees.

CHANGE OF TITLE

Introducing the Bill in the House, on the 4th March last, Shri Jalan referred to the changes which had been made by the Joint Select Committee. As the Bill contemplated not only clearance of slums but also housing of slum-dwellers, he said, the title of the measure had been changed from the Slum Clearance Bill to the Slum Clearance and Rehabilitation of Slum-dwellers Bill. The definition of slum had been altered to include not only huts but also other structures. A provision had been made that alternative accommodation for bustee-dwellers must be built within one mile from the slum area from which they were removed. As

regards payment of compensation for land or the interest of a lease or a sub-lease, the Committee had introduced a slab system gradually diminishing as the amount payable increased.

C. I. T. AGENCY

The discussion on the Bill was initiated on that day by the Ex-Mayor, Shri Sudhir Chandra Roy Chowdhury who said that it was better if there was provision for clearance of bustees through the agency of the Calcutta Improvement Trust and there could be no better public authority for the purpose.

Shri Roy Chowdhury also doubted if the Government was at all serious about rehabilitation of slum-dwellers. What the Government should try was to improve the standard of bustee-dwellers, he emphasized.

Apprehending about the prospect of rehabilitating the slum-dwellers, Dr. Ranen Sen, a member representing Manicktala area, said on that day that the Government should immediately try to improve the existing conditions of bustees. Dr. Sen pointed out that on the basis of official calculation it would take a century to rehabilitate all slum-dwellers in the city.

BUSTEES COULD STILL BE IMPROVED

Another Ex-Mayor, Janab Syed Baddruddoja told on the closing day of the debate that it would be unrealistic to demolish slums which could still be improved. He wanted the Government to realize that unnecessary dislocation of slums might disrupt bustee-dwellers' social life.

Councillor Dhiren Dhar said one day that the Bill had been aimed at removing the bustee people from the city of Calcutta. Keeping his promise to oppose the Bill which he had said at a Corporation meeting he suggested that the Bill should be referred back to a Select Committee.

Shri Sunil Das said that according to an estimate about Rs. 110 crores would be needed to clear the slum areas, to provide alternative accommodation and rehabilitate the dislocated economy of the slum-dwellers. The Bill was impractical and should be revised on the lines of the Union Government measure which had provided for development of bustees by agencies other than the Government.

MEAGRE RESOURCES

Shri Amar Bose, an elderly political leader in the country, said that the Bill as presented was not acceptable to the citizens whom he represented in the House. It should be recast in the interest of bustee-dwellers. He also felt that whatever meagre resources they had should be utilized to cover as many bustee inhabitants as possible.

Shri Bankim Kar who supported the Bill, wondered to find that some people object to the measure which was intended to provide modern amenities for bustee-dwellers. In the Bill there was provision for alternative accommodation for those who would be displaced as a result of abolition of slums. He suggested that greater emphasis should be laid on remodelling bustees than on demolishing them. Shri Kar urged the Government to extend the provisions of the Bill to Howrah

where about 50 per cent. of the people lived in bustees.

COMPENSATION CLAUSE NOT FAVOURED

Shri Panchanan Bhattacharya as a Socialist leader, did not favour the idea of paying compensation, as had been provided for in the Bill, to the lease-holders who had been exploiting the slum-dwellers since long. He said that many people ran small and cottage industries in these bustees and the Bill had not made any provision for them in case they were uprooted from their present abodes.

Shri Subodh Banerjee wondered why thika tenants should not be made owners of bustee land when the rights of ryots in rural areas had been recognised under land reform measures as the Government did not like to disturb Calcutta zamindars, who had been the actual land-

BUSTEE DWELLERS' DEMONSTRATION

Several thousands of bustee dwellers demonstrated in the city on the 4th March last as a protest against the Slum Clearance and Rehabilitation of Slum Dwellers Bill as it emerged from the Joint Select Committee.

The demonstration was organized by the Calcutta Bustee Panchayats, the Calcutta Bustee Basinda Federation, Calcutta Bustee Unnayan Samity, and other similar organizations.

The bustee dwellers, who included many women, came in procession to Raja Subodh Mullick Square from different areas in the city. At a meeting there several Leftist M.L.A.'s severely criticized the Bill and expressed their determination to oppose the measure.

Demonstrations continued in the city for days together. During the week-end on the 8th and the 9th of March several meetings were held at different corners of the city, mostly bustee areas, as a protest against the introduction of the Bill. Legislators and Councillors possessing opposite views, addressed these gatherings.

owners. According to him although there was provision for compensation to hut-owners they would get little benefit after deduction of depreciation and other expenditure.

BUSTEE DWELLERS WOULD BE HELPED

Claiming himself as a representative of the Calcutta Bustee-dwellers Dr. Narayan Roy also opined that instead of demolishing bustees, the Government should help bustee-dwellers with money, material and schemes to reconstruct their houses.

Shri Ganesh Ghosh, a representative of Balgachha an area abounding in bustees in city, did not think it possible for the Government to provide in all cases alternative accommodation to dwellers of bustees taken up for development, within a radius of a mile.

RAJAJI SPEAKS ON LANGUAGE CONTROVERSY

In the picture, are seen Master Tara Singh, Dr. R. B. Pal, President, Mr. F. Anthony, M.P., Dr. S. K. Chatterjee, Member of the Official Language Committee, and others.

PHOTO : ANJAN GUPTA.

All-India Language Conference

THE All-India Language Conference, at its two-day Session, at the University Institute Hall, College Square, passed a resolution stating that the All-India Services should be recruited on the basis of the official language of the Union continuing to be English and that any other course would lead to difficulties and undesirable discrimination which would give rise to acute discontent among those affected.

The Conference further felt that the Constitution should be amended to provide for retention of English without any time limit as the Union's official language so as not to curtail the rights of future generations to take such decisions on the issue as they might deem fit from time to time. Altogether 12 resolutions were passed.

The conference was held under the auspices of the Association for the Advancement of the National Languages of India. It was attended by representatives of different language groups in India including Tamil, Malayalam, Telegu, Oriya, Kanarese, Assamese, Maithali, Punjabi and Sindhi.

The proceedings of the first day, the 8th March last, began with the singing of 'Bandemataram'. The hall was packed to and a large crowd waited outside on both the days.

Winding up the debate on the last day, Shri Chakraverty Rajagopalachari said that if a regional language was to become India's official language its protagonists should be those who did not speak that language. But the call that Hindi should become the official language had come from only Hindi-speaking people. A court did not accept the evidence of a person who was interested.

Concluding his speech on that day, Shri Rajagopalachari urged that each State Government should introduce the regional language as that State's official language.

Dr. M. Ratnaswami who presided on that day, said that no one in his senses could consider English to be the national language but for nearly 150

years English had been the language of administration in the country.

The sense of speeches on both the days' proceedings carried that English should be allowed to continue as the All-India official language and that Hindi should not be imposed on the people at the cost of India's unity as it considered the language nothing more than a regional one.

On the inaugural day, in his speech, Shri Rajagopalachari did not oppose learning Hindi, which he described as an important regional language. But if it is made the official language, non-Hindi-speaking people would automatically be reduced to an inferior status and that feeling would continue, he added.

The elderly politician also said that language was not a political or party question. It was as much as non-political "as the food we eat". "English is a foreign language" was a crooked slogan and it was ungrateful to say so. As India is a secular State, the official language for the Union should also be secular, he added.

Concluding his one-hour speech in that conference, the former Governor-General of India said that there was no meaning in the argument that unity had to be created through Hindi being the official language. "Is there no unity now? The present unity is quite good. If we want to pour more ink into the bottle, our hands will be soiled. It is a dangerous experiment to try to be more united than we are now", said Rajagopalachari.

Master Tara Singh, the Akali leader, who also addressed on the first day, said that the nation they wanted to create could only be done by goodwill of its constituents. Of course, the number of Hindi-speaking people was greater than those speaking any of the other 13 national languages. Appeal to the narrow sentiment that English was a foreign language did not become of a nation aspiring to lead the world for peace, he also said.

Hemchandra Library's Golden Jubilee Celebrations

THE week-long Golden Jubilee Celebration of Hem Chandra Library was inaugurated on Sunday, the 9th March. It started with the laying of foundation stone of the Satyendra Memorial Hall by Shri Bimal Chandra Sinha, Minister, West Bengal. The hall has been named after Shri Satyendra Kumar Basu, an important citizen of that locality and a former Minister, West Bengal. The function was witnessed by a large number of audience, including the wife of the late Shri Basu and his daughter. Shri Santosh Kumar Basu, M.P., the Commissioner, Shri B. K. Sen and others were present.

Paying eloquent tributes to the memory of the late Shri Basu, Shri Sinha recalled his past association with the late Minister one of whose portfolios he had lately taken up.

Presiding over the function, Shri Hemendra Prasad Ghosh gave a short history of the Library movement in Bengal. He also appreciated Hem Chandra Library's role in the development and

propagation of the cultural heritage of Bengal for the last 50 years.

In that connection, an educative exhibition was organized in the Library premises for the Jubilee Celebration Committee. The exhibition among other things, showed through posters the evolution of the printing art and also a short history of Kidderpore associated with the memory of three great poets of Bengal, Rangulal, Madhusudan and Hemchandra.

Shri B. S. Keshavan, Librarian, National Library, who inaugurated the exhibition, described this city as the greatest cultural centre in India. Reading curiosity was very high here and could be described as only next to that of Kerala. But unfortunately there was not a single public library worth its name in this great city according to him.

He appealed to the Corporation authorities to open public libraries in different parts of the city where men, women and children would have free access to satisfy their hunger for knowledge.

—ALL-INDIA LANGUAGE CONFERENCE (Continued from page 500)

In his address, Dr. Radhabinode Pal, who presided on the first day, advocated 'Panch Shila' in the domain of language because he felt that an all-India language should satisfy five conditions. Such a language, he said, should be able to maintain and strengthen national unity. This unity which had been based on Sanskrit and not on any other Indian language, had been most helped by English.

On that day also Mr. Frank Anthony, M.P., described the Parliamentary Committee on the language issue as a peculiar body. Its recommendations could not be amended in any way by Parliament, and were a foregone conclusion as the overwhelming majority of its members were either

from the Hindi-speaking States or were too terrified to voice their opinion.

In his welcome address, Dr. Naresh Chandra Sen Gupta, remarked: 'Is the question of national language of so much urgency as to have precedence over other pressing problems facing India? We can carry on as now much better than with Hindi. Let nature take its course to decide which language we should take up for national language, he added.

At a Reception given him by South Indians on Sunday, the 9th March, Shri Rajagopalachari emphasized that he advocated the retention of English as the official language of the Union Government because of its intrinsic value. Shri C. S. Ratnaswami presided.

Besides, Shri Rajagopalachari, as an elderly politician, fulfilled many of the engagements in this city.

—SLUM CLEARANCE BILL PASSED (Continued from page 499)

Shri Jatin Chakravarty feared that as funds available for the execution of the measure were inadequate and the rate of progress contemplated very slow it would take at least 70 years to complete the scheme. He suggested that Government could better remodel bustees because it would involve less expense and provide better sanitary conditions.

NO SCOPE OF BUSTEE REMODELLING

Shri Naren Sen opined that most of the bustees did not provide any scope for remodelling. They required clearance. By buliding new tenements to replace these bustees enough provision should be made for children's park and playground, suggested the representative of Watgunge, another area in the city full of Bustees.

At a resumed discussion in the last day, Shri Deven Sen held that the Bill was opposed to some of the principles laid down in the Second Five Year Plan. The principles were minimum dislocation, keeping of rent within the paying capacity of dwellers and construction of tenements by slum-dwellers according to plans given by State Government and local authorities.

A representative of the eastern part of the city Dr. A. M. O. Ghani said that if the Bill was implemented about ten lakhs bustee-dwellers would become refugees. He also suggested that the Bill should be referred back to the Select Committee.

LOW INCOME GROUP HOUSING

Shri Haridas Mitra of Tollygunge area, the southern end of the city, urged the Government to intensify its efforts to construct more houses under the low income group and industrial housing schemes in order to give relief to the problem-ridden city bustee-dwellers.

Voting of the Bill 'clause by clause' took place on the next few days. In many of the occasions the opposition members put up amendments and almost all of them were lost.

—SLUM CLEARANCE—A SHORT TERM PLANNING IS NEEDED (Continued from page 508)

Abolition Act, over the city. The Calcutta Corporation should get all the rights and privileges to provide the civic amenities to bustee people.

(b) Hut owners will deposit the rents of the lands to the Corporation Treasury which will be disbursed to landowners as compensation.

(c) Assessment of bustee huts separately and issuing of tax bills accordingly.

(d) Water supply connections should be extended, electric lights should be installed by the Corporation in Bustee areas.

(e) Building sites be selected in separate places leaving the huts to improve in their present conditions.

(f) Health measures and sanitary equipments be provided in bustees by the Corporation like other holdings. (Fortunately this principle has been accepted by the Corporation recently).

—A MOVE FOR ADOPTING NEW HEALTH POLICY

(Continued from page 504)

work of the units may be linked up with these Homes with great advantages both economically as well as from treatment point of view.

TOTAL EXPENDITURES

There is already a provision in the Loan Budget for Rs. 5,00,000 for T.B. Hospital. Sale of half the land of "Dhobikhana" could fetch 160 by 5,000 = Rs. 800,000. The balance should be either provided for in the budget by deviation from other heads or provided for in the Loan Budget.

The main idea in this "New Health Policy" is to (1) accept boldly our own responsibilities in the matter, and (2) provide for a proper scientific set up with possibilities of gradual extension.

DEATHS AND DISEASES IN THE CITY

Cholera deaths declined but small-pox fatalities increased in the city during the week ended the 8th March.

There were 21 attacks from cholera and nine deaths against 25 attacks and 17 deaths in the previous week. During the corresponding weeks last year there were 12 attacks and four deaths and six attacks and four deaths.

During the same week 26 attacks of small-pox cases and 21 deaths occurred, against 10 attacks and seven deaths in the preceding week. Figures for the corresponding weeks last year were as high as 259 attacks and 110 deaths, and 154 attacks and 101 deaths.

Tuberculosis claimed 30 lives against 34 the week before and 35 and 39 in the corresponding weeks last year. Malaria caused two deaths against three in the previous week and six in the corresponding weeks in 1957.

Deaths from all causes totalled 622 against 613 in the preceding week. In the corresponding weeks last year the figures were 1,019 and 940.

There was an increase in the incidence of cholera cases during the week ended the 1st March, when 17 persons died of the disease against nine the week before. Attacks numbered 25 against 18 the previous week. In the corresponding fortnight last year there were eight deaths and 11 attacks.

Small-pox attacks and deaths during the week were 10 and seven against 19 and 17, respectively, in the preceding week. In the corresponding weeks last year attacks were 154 and 144, and deaths 101 and 100.

Thirty-four persons died of tuberculosis against 43 the week before and 39 and 41 in the corresponding weeks last year.

Deaths from all causes during the week under review were 613 against 653 the week before. The figures for the corresponding weeks last year were 940 and 840.

Slum Clearance—A short Term Planning Is Needed

[By DR. K. P. GHOSH, COUNCILLOR, CALCUTTA CORPORATION]

In this city of palaces along with scientific achievements slums had sprung up wherein poor men took shelters with animals in dark and damp huts. The cruel axe of deaths and epidemic diseases hang over them moving from one end to another.

In Calcutta, there are about 4,370 slums with 6.5 to 7 lakhs population living in it. Out of them nearly three lakhs are small traders or artisans while East Bengal refugees comprise nearly two lakhs. The data maintained by the West Bengal Government states that an average 61.7 per cent. have got no houses with any water supply arrangements. In 17.3 per cent. huts have got no latrines. 23 to 50 persons use one privy and two water taps per thousand population. 6 to 8 persons reside in one small room. There are no drains or sanitary provisions in the Bustees.

Income structure of these persons runs as follows:—

58.78 per cent. earns from Re. 1/- to Rs. 100/- per month.

32.82 per cent. earns Rs. 101/- to Rs. 200/- per month.

6 per cent. earns Rs. 201/- to Rs. 350/- per month.

84.58 per cent. of Bustee-dwellers are tenants. 77 per cent. families reside in one room. 56,000 people pay Rs. 5/- as rent. 2,60,000 pay Rs. 6/- to Rs. 10/- and only 10 per cent. people pay Rs. 20/- as rents. 50 per cent. Tenancy Receipts and documents are unregistered and 18 per cent. are either by rebate arrangements or by some other convenient means.

Bustee people pay Corporation taxes on the maximum rates and enjoy the minimum level of amenities. And in large number of cases enjoyments of civic amenities are mere luxury goods. The present Calcutta Municipal Act, governing one of the best institutions in the country, was drafted to embrace almost all the controversial issues and thus materially have done nothing worth-mentioning to improve them. It is an injustice to deprive the facilities extended to the bustee people. Even a change over from the present Tenancy Act to some liberal one would have removed many hindrances so long faced.

Many plans and suggestions have been put forward since then. Even the Prime Minister of India, Shri Jawaharlal Nehru, was earnest to criticize the bustee owners and suggested heavy punishments for the wrongs done to the poor slum dwellers. We shall not be wrong if we say that all these high hopes and plans and even the Bill at present under discussion in the State Assembly is the outcome of Shri Nehru's past promises.

The West Bengal State Government wants to eliminate the poor bustee people from the city as these people have not always identified themselves with the policy of the Government. The students and refugees share the same lot under similar reasons.

The present deteriorating condition of Bustees should be improved. But the present Bill would create another refugee problem in the city. At the same time a crux of the situation would arise as was witnessed in case of the present Municipal Act governing this institution. Constitution of a country mainly deals with its people, and if they are ignored and crushed very little remains of a country. But the present Bill has appeared to be introduced exclusively for the rich and capitalist totally neglecting the rights and privileges of common people.

In the present Bill there is an idea to create public sector and Trusts which are commendable. But scope of private sector to play its role of exploitations are not wanting in it. As a result these Bustee people, which comprise the bulk of middle class and lower middle class groups, would be the easily victims of prey of this sector. The history and culture of Bengal is not only a monopoly contribution to the aristocrats but also an all-emphasizing culture contributed equally by the mass of peasants and labourers as well as by middle class people. The latter have played a vital role, not only in the history of Bengal but also in the history of India. It would not be an exaggeration to mention here that those bustee people are equally responsible for building up this city of palaces, this historic Calcutta which allures the rest of the world for its political and cultural achievements for the renaissance of India. To-day these people have regained life at length in spite of their acute hardships at the cost of their sweat and blood. They have thrown a challenge to revitalize their very existences. They do not want to be ruled by a party over them who do not feel for them.

The present Bill envisaged replacement of the bustee-shaped houses by erection of multi-storied buildings. It has looked down the psychological trends of their minds. No assurance has been given to the poor people as to how they would live and trade, and maintain their families. Hundreds of families depend for their subsistence on cottage industries like bidi making, book-binding, knitting and similar other small trades. Hundreds of families live on leather work, shoe-repairing and day labour. Hawkers earn their bread by hawking in streets and tram cars. At the present structure of income and social conditions they would not be able to pay the high level of rents as they would be required to do in the changed circumstances. Thus the Bill should also include the following suggestions.

A Slum Development Board should be set up with representatives of the Calcutta Corporation, Calcutta Improvement Trust and the State Government.

(a) Acquisition of all bustee lands by the State Government by extending the Zamindari

(Continued on previous page 502)

A Move For Adopting New Health Policy

[By ALDERMAN DR. A. K. BOSE]

THE present policy for controlling epidemic diseases as well as adoption of measures in the matters of public health, as followed by the Calcutta Corporation, has become outdated according to the criticisms made both in the floor of the Council Chamber and through the Press. As a member of the Standing Health Committee, I tried my best to persuade the authorities to take special measures in this regard. Attempts were made earlier for a change of policy. And below is given a few suggestions made by me. They were ultimately placed before the Standing Finance Committee to examine how far the feasibility of the new method could be tried under new environments.

TUBERCULOSIS BEDS

We are spending Rs. 1,88,000/- every year for 88 beds in four different Hospitals for T.B. patients.

For various reasons this arrangement is not satisfactory. Not only this always remains a temporary arrangement but also we have no scientific or operational control over the management of such cases. Moreover, for proper control of tuberculosis, hospitalization should form a link in the chain of overall scheme, comprising of chest clinics—domiciliary treatment—hospitalization including isolation and other preventive measures. Providing beds for some patients in some hospitals without any practical appreciation of the above chain is definitely not maximum utilisation of available resources.

I would therefore suggest (i) To increase the number of our chest clinics this year to six, distributed on regional basis and (ii) To have a central T.B. Hospital where patients from the clinics will be admitted for a short stay to become domiciliary again. In such a condition, if we select proper cases and there is no reason why this should not be done by our Chest Specialists attached to the clinics, a large number of cases can rotate through our own hospitals. I suggest therefore that we ourselves run a fifty bedded T.B. Hospital to start with, with provision for cheap isolation huts in Bustee areas and for that the following amount should be provided for in the budget.—

- | | | | |
|---------------------------|-----|-----|----------|
| (1) Capital expenditure | ... | Rs. | 4 lakhs |
| (2) Recurring expenditure | ... | Rs. | 1½ lakhs |

(3) We should make provision for 10 beds (for the present) in a hospital where major surgical treatment is available for which 10 by 3,000 = Rs. 30,000 should be provided for, as it may not be possible for us to provide this particular facility at present.

We of course, stop all other grants to hospital for T. B. cases. It will be seen that our recurring expenditure would be the same as we spend to-day.

We must stop the present, make shift, uncontrolled and unscientific method of spending money on this account,

INFECTIOUS DISEASES

To-day we are spending annually the following for the purpose of controlling Infectious Diseases :—
Beliaghata Infectious Hospital (1/8rd total expenses incurred) 27 beds Rs. 39,700 (approximately)

Nilratan Sarcar Medical College Hospital (149 cholera and small-pox beds) ... Rs. 42,500

If there are more than 149 patients we have to pay Rs. 8/- per day per patient. This comes to every year about ... Rs. 80,000

Total ... Rs. 1,62,200 (approximately)

Everybody knows how these patients are huddled together in these wards. These are like "animated, morgues" and any civilized society should be ashamed of such establishments. We should refuse to contribute to the existence of such a state of affair. We should wake up to accept our responsibilities in full. I suggest for this purpose to run a hospital for infectious diseases of our own supplemented by Bustee Health Centres as suggested in my scheme for control of Epidemics, for which the following amount should be provided for in the budget :—

For a 250 bedded infectious diseases hospital :—

	Rs.
Capital cost for building & equipment	... 6,00,000
Recurring expenditure	... 3,00,000

This hospital, when cholera and small-pox will have been totally prevented, as is bound to be the condition when proper methods of control are adopted, will be utilized for other types of patients.

MATERNITY BENEFITS

We run four maternity homes with a total of 158 beds and for which we spend Rs. 2,86,800/-.

We run nine units for which we spend Rs. 1,51,500/- Expenditures for the same is as follows :—

Establishment	...	Rs.	98,100
House rent	...	Rs.	23,000
Store	...	Rs.	16,000
Contingency	...	Rs.	4,500
Rickshaw maintenance	...	Rs.	3,000

It is easy to understand from the above that the method of spending under unit head is not satisfactory. I would suggest that instead of running these Units of doubtful value, start at least three more Homes in the proper line, with an addition of 100 more beds, which will involve a Capital Expenditure of Rs. 6,00,000/- and a recurring expenditure of approximately Rs. 1,75,000/-. The

CITY NEWS PARADE

OBITUARY: Dr. Debendra Nath Sen, a physician and bacteriologist, died of Coronary Thrombosis at his residence at 78, Sambhunath Pandit Street on Monday the 10th March. He was the pathologist of Sambhunath Pandit Hospital for 32 years. He was 73.

Death of Shri Pannalal Dutta, an Advocate, occurred on the 3rd March last at his ancestral house, Wellington Square. He was 75.

Only son of the late Shri Brajaiah Dutta the late Shri Dutta belonged to the famous Akrur Dutta family. One of his uncles, the late Rajendralal Dutta, was a pioneer of Bengal's library movement. The illustrious poetess the late Girindra Mohini Dassi was his aunt.

The late Shri Dutta devoted his energy and attention to cultural and political activities than the legal profession. His services to relieve the distress of the poor during the famine year of 1943, was recognized much. A patron of music and histrionic art, he was one of the founders of the Calcutta Music Competition and was closely associated with various social and welfare activities of his locality.

FOUNDERS DAY OF NATIONAL COUNCIL OF EDUCATION, BENGAL, was celebrated by teachers and students of Jadavpur University on Tuesday the 11th March. In the morning at a special function, the Council's flag was hoisted.

In the evening three one-act plays were staged by students of different sections of the University. Earlier at a meeting at the Recreation Centre, Prof. Satyendra Nath Bose, Vice-Chancellor of Visva-Bharati University, who was the chief guest, said that it was not clear whether the founders of the Council had intended to teach in Bengali. Nevertheless, it was true that they wanted to introduce something different from the then existing system of education. The matter assumed greater importance when considered in the background of the tradition of Bengal's progress in the literary field. He felt that the National Council of Education should give some consideration to this question.

OBJECT OF ROTARY CLUB was discussed at a conference by Alderman G. Basu on behalf of the Calcutta Branch on Thursday, the 6th March last. It was known that the object of Rotary was to encourage and foster the ideal of service as a basis for success and happiness in business and community life.

Alderman Basu said that in 1905 Paul P. Harris, a young lawyer with a group of men organized the first Rotary Club in Chicago. This ideal was accepted by men of many political and religious beliefs. Rotary Clubs, he said, are established in 108 countries. There were at present 97,002 Rotary Clubs having an estimated membership of 4,56,000 rotarians, he added.

The speaker continued that on the main land of Asia the first Rotary Club was established in this city in 1919 with 15 members only. At that time there were only two other Rotary Clubs in Asia at Manila and Shanghai. During eight months from July to February last 200 new Rotary Clubs were opened.

Alderman Basu also said that the Calcutta Rotary had been rendering social welfare services by establishing a number of institutions and was considering to take up new programme of welfare services.

During the observance of the Rotary Week, the Calcutta Rotary Club, considered to establish a students' Home for the poor students, to rehabilitate the physically handicapped persons by imparting vocational training and to examine the eyes of 10,000 more students. Rotary Club was also providing facilities for higher studies in foreign countries through Rotary Foundation Fellowship. So far 900 students from 60 countries were benefited from it. A dozen Indian students went abroad and six came in India from other countries by enjoying the Rotary Foundation Fellowship.

A WEEK-LONG MENTAL HEALTH EXHIBITION was inaugurated on Sunday, the 9th March at Bangiya Unmad Ashram, an institution in city's eastern suburbs for treatment of mental diseases on Ayurvedic lines with the hope that such exhibitions would rouse social consciousness.

Prof. Satyendra Nath Bose, Vice-Chancellor of Visva Bharati University, who presided over the function, said that the problem of increased number of mental diseases' patients should be tackled through concerted efforts on the part of those working in the field. He said that the responsibility for solution of the problem, like other social problems, lay with the Government as well as with the people.

The West Bengal Health Minister, Dr. Anath Bandhu Roy, who opened the exhibition, said that there were 1,229 beds for mental patients under Government and private hospitals within the State. According to him the number was found inadequate and they had in view improvement of the position.

Kaviraj Atul Behari Dutt, founder-Superintendent of the Institution, suggested in his address the measures to be adopted at an early date to ameliorate the sufferings of mental patients in the country. As to the chronic or hereditary cases, he said, methods like sterilization laws in the U.S.A., Canada and Denmark should be introduced here.

A 15-MEMBER SAUDI ARABIAN TRADE DELEGATION headed by the Minister of Commerce, Janab Mohamed Alireza, reached the city on a three-day visit from Delhi on Sunday, the 9th March. Consisting of leading merchants and industrialists from the Saudi Chambers of Commerce, officials of the Commerce Ministry and economic advisers of the Ministry of Finance, the Delegation explored the possibilities of Indo-Saudi Arabian Trade and also tried to strengthen the existing trade relations.

The delegation included Janab Mohamed Alireza, Minister of Commerce, Janab Amin Hassan Jawa, Director General of the Ministry of Commerce, Janab Rajee Alhousainy, Adviser Ministry of Finance and National Economy, representatives of four chambers of commerce, the Saudi Trade Commissioner to Pakistan, and other officials.

During their stay the delegation called on the West Bengal Chief Minister, Dr. B. C. Roy. They also met representatives of the Engineering Export Council, Oriental Chamber of Commerce, Indian Chamber of Commerce and the Chairman, Indian Tea Board. They also visited State Government's Sales' Emporium, Jaya Engineering Works and Kiosk's Showroom.

NATIONAL FEDERATION OF INDIAN WOMEN. West Bengal Branch, at a conference decided to organize a countrywide campaign against marriage dowries. They wanted that the authorities of the Union and State Governments for legislative measure against dowries.

The conference was held at the Indian Association Hall on Sunday, the 9th March. Leaders of N.F.I.W.'s West Bengal branch, said that they would appeal to the French President, M. Rene Coty, to revoke the death sentence of

five Algerian women. A resolution regretted failure of police to prevent child lifting. It urged the State Government to take strong measures against these crimes. It was presided over by Shrimati Maitreyi Sen. Miss Monica Felton and Dr. Phulrenu Guha, Chairman, Social Welfare Board, were among those who addressed the conference.

AN EXHIBITION OF FINE ARTS depicting mainly paintings of Women Artists, was organized by the Calcutta Art Society at the Government Exhibition Hall, Esplanade East, during last week. A total of 136 exhibits were in view. These were selected out of a much larger number of entries received from all parts of India. The oil paintings in general, and the modern painting section, in particular, were of more than stimulating value. Many of these works were distinguished for their balanced design and rhythm, delicacy and grace, refreshing colour orchestration and depth.

The immediate impression of "Red Cardigan," by Shrimati Suchandra Roy, received the Governor's medal as the best exhibit. It was the firmness and sensitivity of brushwork and basic drawing. Colour was handled with much care and competence.

SOCIAL CRIMES: Nine employees of the Corporation were placed under suspension during 1957 on various charges of corruption and irregularities which were investigated to by the Anti-Corruption Department.

During five years, 1952 to 1957, the Department investigated 350 cases of allegations against the Corporation employees and submitted reports over 250 cases. About 25 employees were discharged from service during the period.

A MONGOLIAN CULTURAL DELEGATION, reached the city from Lucknow on Tuesday, the 11th March. They gave two performance of folk and court dances and variety of songs at New Empire on next two days. The collection from the performances went to the Prime Minister's Relief Fund.

The leader of the Delegation, Mr. Tsultum Artist, stressed the common cultural heritage between India and Mongolia from early times. The visit of the delegation would further strengthen the ties of friendship between the two countries, he added.

MINOR ACCIDENTS IN CITY: Forty cloth shops on Circular Garden Reach Road, were gutted by fire on Sunday, the 9th March. Three Fire Service engines brought it under control.

Three persons were injured when a shed in Jorabagan area collapsed on the same day. The injured were among the crowd gathered to see the endurance feat of a cyclist who was on his bicycle for the last four days.

Suffering from the effects of poison gas, nine persons were taken to Medical College Hospital from Goabagan Street on Saturday, the 8th March last. Two of the victims were admitted to the hospital and the rest discharged after first aid. The accident occurred when the lead of an iron cylinder containing chemicals, was opened in a leather machine shop. Altogether 24 persons were affected.

A Skymaster of the Indian Airlines Corporation on the night airmail service was seriously damaged at Dum Dum airport on Tuesday night, the 11th March while taking off for Nagpur. Its under-carriage collapsed at the time of the

take-off. A fire also broke out and it was extinguished. The service was resumed by a Dakota.

Four passengers including Sir Ramaswamy Mudaliar and a steward of the Indian Airlines Corporation were injured due to the accident.

A WEEK-LONG FILM FESTIVAL in honour of film personalities who received Padma Shri awards on last Republic Day was inaugurated at a simple but brief ceremony held at the Radha Cinema on Friday, the 7th March last by the State Governor, Shrimati Padmaja Naidu. Devika Rani, Debaki Bose and Satyajit Ray, three of the award-winners, were present.

The Governor said that official recognition of the film industry's place in national life was long overdue. Good films could guide attention and concentrate interest on certain ethical spiritual and artistic values. They should portray a true picture of Indian life. Satyajit Ray's two pictures had proved to be the best cultural ambassadors abroad, she added.

Shri Tushar Kanti Ghosh, Editor, Amrita Bazar Patrika, who presided, said that a film library should be started to preserve the prints of old films.

Shri Prafulla Roy, Chairman of the Chalachitra Rashtriya Samman Utsav Committee, said that the festival was the first of its kind in Bengal and hoped that an international film festival would be held in this city in future.

An exhibition of national and international awards received by Indian films was opened by Dr. B. C. Roy, the State Chief Minister, at the Purna Theatre, South Calcutta, on Sunday, the 9th March in that connection.

Dr. Roy invited the film makers to submit to the Government an exhaustive three or four-year scheme for all-round development of the Bengali film industry. The Government, he said, was fully aware of the contribution made by Bengali films and the valuable help the cinema could give in nation-building work.

All organizations of the Bengal film industry jointly felicitated directors and artists who have received Padma Shri and Sangit Natak Akadami awards in the city recently on the first day of the week. Silver plaques were presented to Shrimati Devika Rani, Shri Debaki Bose, Shri Satyajit Ray and Shri Ahindra Chaudhury who attended the ceremony at the Technicians Studio, Calcutta.

Speakers dealt with the problems and aspirations of the Indian film industry and recalled the struggles and sacrifices of pioneers in the line. There were references to the age-old prejudice of so-called genteel folk towards any kind of show business and men engaged in it. They were happy that the vital role of films was at long last recognised by the Government and the people and that Indian films had been acclaimed abroad.

Shri Satyajit Ray also desired that some arrangements should be made to screen old Indian films and foreign masterpieces.

A DEMONSTRATION: Over 2,000 employees of Central Government offices lying in this city held a meeting at Subodh Mullick Square (Wellington Square) on Tuesday, the 11th March to express their "deep dismay and frustration" at the "inadequate" grant of Rs. 5/- as increase in dearness allowance. Earlier, they marched in procession shouting slogans. The meeting was organized by the Co-ordination Committee of Central Government Employee' Unions and Associations.

The meeting demanded adequate interim relief and amendment of the Government Servants' Conduct Rules, some provisions of which were described as ultra vires the Constitution.

Disease Germs are likely to lurk.

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Re. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

CORPORATION FINANCES

THE EIGHT CRORE BUDGET ESTIMATES of the Corporation for the year 1958-59 was placed before the House on Tuesday, the 18th March with an inaugural speech made by the Chairman of the Standing Finance Committee, Councillor K. L. Dhandhanika. Though not a traditional speech still it contained something which deserved appreciation on all hands. In the second cycle of progress, the Chairman said, one should try to visualize some of the fundamental problems of urban life, particularly of life in a metropolitan city like Calcutta. But unfortunately, this positive aspect of metropolitan life is often overlooked, and urban life is thought of more in terms of drags than anything else, he added.

No doubt, the efforts of urban leaders have so long been directed not only to maintain local democratic controls but also to advance the range and the quality of public services, and to increase the city's responsiveness to newly felt social needs. And the cause would have been furthered if the product of development could be understood under certain changed situations. To co-ordinate the work of the several departments and adjust their activities under changing conditions an organized effort should be made to bring the city governments closer to each other. A public relations programme in this regard is necessary with the increased scope of city governmental activity. These subjects call for considerable study.

While welcoming the Commissioner's original estimates, the Chairman said, 'It is the finance which can make material difference in the life of the Corporation. For the last five years finance of this institution is going ahead and is progressing. In 1952-53 the actual was Rs. 5.32 crores and in 1958-59 the estimates has increased to Rs. 7.51 crores. It means an increase of about 42 per cent. without increasing any tax burden or burden of service charges upon the public, an unprecedented event in the history of Corporation.'

The Chairman has added on that occasion, 'Even the per capita burden is very low and has not increased for the last twenty years.' The per capita burden of tax must have increased by that time appreciably in Madras and Bombay. A contemporary journal has also pointed out in that connection that there have not been perceptible increase of civic amenities in this city as compared to those metropolis where citizen's misery have mitigated to a certain extent. But a separate story can be narrated to support the cause of this city.

In course of Standing Finance Committee's discourse in another day the Chairman acquainted the Members of the Press the procedure followed in Corporation. 'Before striking of the balance the Corporation Budgets are prepared in a most democratic manner. Councillors as well as Officers of the Corporation are given opportunities to express their views and opinions. Hundreds and

thousands of papers containing comprehensive reports are called from departments and are examined by the Standing Finance Committee.' This shows definitely a departure from the practice observed by the States and the Union Governments where almost traditional practices are allowed to follow keeping the figures under secrecy.

It appears that out of thirty-one meetings of the Standing Finance Committee a larger number was engaged in discussion on Assessment procedures on properties and holdings within the city. The Deputy Chairman of the Committee, Dr. B. C. Basu, was requested to look into the activities of the department concerned. Councillor S. K. Gupta, I.C.S., also submitted a report as to the feasibility and malleability of the Sections of the Calcutta Municipal Act, 1951, applied in assessment procedures. Besides, there was a continued demand for amendment of a few Sections of the Act in this connection by the members of the House.

In one meeting of the Standing Finance Committee towards the close of the Budget discussion, the Mayor, Dr. Triguna Sen, and the Deputy Mayor, Shri Keshab Chandra Basu, took part in the debate. The Deputy Mayor was an important member of the Committee in its previous term.

The Mayor suggested for 'devising some system of internal audit by a small band of good workers, young persons to find out defects and difficulties in the machinery of administration. They are required to work under the Standing Finance Committee'. Dr. Sen also felt for decentralization of the administration to further extent as well as for larger amount of delegation of powers to the district units. He hoped that the rate-payers' interest would be served more efficiently by this procedure.

A psychological change between the employer and employees' relation was also felt by the Mayor with provision of larger benefits for them. The Deputy Mayor also felt in a similar manner in many other directions.

A large number of motions were also tabled by different members. All those were taken for consideration by the Standing Finance Committee.

From the trend of discussion it appears that Corporation finances have been moulded suitably and usefully to give a broader outlook on the subject so long causing anxiety to all. Graphic presentation of the essential facts in financial statements and tables have been used as much as possible in order to depict the actual position of finances and this should be appreciated on all hands. Thus this differs from the statements made by the legislative bodies which are usually in condensed form and full of ambiguities. What is needed further is a statement of facts wherein the actual revenue and expenditures could be compared with the estimates made on specific items and attributions for their merits and shortcomings. However, we wait to find those things in the future budget of the premier civic institution.

FIRST BUDGET BEFORE A RE-ELECTED HOUSE

Introducing the Budget Estimates for 1958-59, the sixth year since the new Corporation was set up under the Calcutta Municipal Act, 1951, Councillor K. L. Dhandhaniala, Chairman, Standing Finance Committee, made the following statement:—

"We are beginning the second cycle of our progress and it seems necessary that we try to visualise on this occasion some of the fundamental problems of urban life, especially of life in a metropolitan City like Calcutta. I consider it necessary to spotlight the forgotten obvious that the Cities like Calcutta are the nerve-centres of all progressive activities; they are the seats of Governments and Legislatures; they harbour the citadels of learning and they contribute to the formation of a liberal and flexible behaviour pattern in the people, essential to the building up of a world-community which we talk so much about. But unfortunately, this positive aspect of metropolitan life is often overlooked, and urban life is thought of more in terms of drags than anything else.

No doubt, India lives in villages. But have we not decided to develop the country by industrialization and would it not mean urbanization? What is an urban life and why urbanization? Are these not concomitants of greater social mobility, improved means of transportation and communication, localised large-scale industrialisation and increased subjugation of Nature to the services of Man? Is it not true to say that all the achievements and innovations of Science which make urban life what it is, also constitute the basis of modern civilization?

Secondly, I want to stress that the problems of Cities are global in character, and are not wholly peculiar to this City. The problems of space, speed (i.e. transport and communication), and protection of human life from effects of living far away from Nature, face every City all over the World in varying proportions. The Tedy boys of London and the Rowdies of Calcutta do not differ basically. The space problem of Calcutta is not fundamentally different from that of Tokyo. I think, we shall have to keep these in mind to dabble with our problems in this Corporation.

In course of last five years, we have endeavoured to put our house in order and to strengthen the base of the Corporation's finance and functions, so that we may be able to pick up higher pitch in subsequent periods. And to-day, I feel bold to assert that we have not done our duties too badly. In such efforts we have kept before us certain budgeting principles and I would recount the more important among them which I believe should continue to guide us for many more years:

1. The Budget should give a purposeful direction for work in all the Departments of the Corporation and it should secure fixation of responsibilities. This was of particular significance to the Corporation to ensure that every rupee due to it was earned and every rupee that we could allot to heal up the gaping wounds in our civic life should be well spent. This needed a level of Budgetary consciousness and control which was lamentably lacking in the Corporation before.

2. The Budget of the Corporation should fix up targets for achievement instead of being merely a catalogue of estimates. It was thought necessary to pitch the targets on the basis of what was considered achievable with the object of toning up the Administration to reach a higher level every year. In doing this, however, a sense of realistic idealism has always prompted the Finance Committee to frame the Budget on scrutiny and assessment of the work programmes of all the Departments in consultation with the Departmental Heads.

3. In framing the Budget on an annual basis, there should be a balance struck between the short-term and long-term requirements of the City. This was thought necessary to ensure a stable process of improvement and to instil a vitality of its work in the Corporation.

4. In order that the Corporation might replace its block assets needed for maintaining and developing its services with comparative ease it has been the endeavour to create special Funds for major repairs and replacement of assets.

5. For laying the foundation of some sort of Municipal Socialism in conformity with the current social consensus the Standing Finance Committee have always endeavoured to strengthen the heads of the Borough Committees.

6. Through the Budget efforts have been made to lay bare the fundamental weakness in the finances of the Corporation and to focus the needs of this suffering City before the State and the Central Government as also the public. The Finance Committee have always presented the Budget backed by relevant facts and statistics.

In placing the Budget I am inclined to assert that these principles have paid us good dividend. I must compliment our various Departments who are showing greater respect for the Budget and are coming up with constructive suggestions on scrutiny of the defects and handicaps which have been long continuing in their system of work. We have established a set-up for better Budgeting. We have this year collected reports from all the Departments to screen their adherence to Budget directives, and by and large, these reports indicate a greater degree of consciousness and control over annual budget estimates.

Our fixation of revenue targets has also borne good results as you may please find from the tables and charts I have appended to this Statement. Between 1952-53 and 1955-56, our revenue increased by roughly Rs. 81 lakhs and the revised estimates for the current year marks a further rise of Rs. 96 lakhs and in the next year we hope to raise another Rs. 95 lakhs. Compared to 1952-53, the revenue in 1957-58 is expected to be higher by 33 per cent. and in 1958-59 it would be 51 per cent.

DEMAND FOR IMMEDIATE CIVIC AMENITIES

The demands for immediate civic amenities are many and we have tried to cater these demands. The expenditure on Establishment has gone up by nearly 40 per cent and expenditure on water supply, conservancy, roads, health measures, primary education etc. have been increased in varying proportions between 20 to 50 per cent. But at the same time, we visualised a Five Year Plan of development and have also squeezed out savings to meet some of our capital expenditure out of revenue to undertake new works. We have created special funds of more than half a crore of rupees for replacement of machinery and plant, furniture, market development, building repairs, etc. The value of the block and cash assets was increased by Rs. 3.41 crores between 1952 and 1956 and is likely to further go up by Rs. 4.32 crores by the end of the next year. We have repaid Rs. 32 lakhs to the State Government which devolved on us as a legacy of our predecessors. We have repaid Rs. 3.46 crores of our loans between 1953 and 1958 and we have raised about Rs. 5.56 crores during these years as new loans, at rates competitive with those offered by other public borrowers in the market, which would indicate the confidence that the scrutinising investors have in the soundness of the Corporation's finance. All these have been done without any basic increase in the rates and in the face of rising prices involving higher costs, almost on every item. We have thus laid a basis of sound finance.

But there is much leeway still to be made. There are even now reports of under-assessments, uneconomic departments and expenditures, and leakages which must be stopped at all costs. Satisfactory procedure need also be evolved for determination of priorities among the municipal services. There is still a feeling that the schemes provided in the Loan Budget will be delayed beyond tolerance. A better correlation has also to be secured between administrative and financial sanctions. Above all, the efficiency of our Departments must be increased. We have provided in the Budget funds that may be necessary to carry through the different schemes for improvement in all these spheres. We have thus a better grip over our problems.

BUDGET FOR 1958-59

I propose to indicate the broad features of the Budget Estimates for the year 1958-59 as framed by the Standing Finance Committee. The overall posi-

tion of the Budget after modification made by the Standing Finance Committee on the Commissioner's Budget may be placed in the following tabular manner:

I. REVENUE FUND

			Rs.
Opening Balance on 1st April, 1958	37,97,000
Receipts during the year	8,08,89,000
		Total	8,41,86,000
Expenditure during the year	8,21,93,000
Closing Balance on 31st March, 1959	19,93,000

II. LOAN FUND

			Rs.
Opening Balance on 1st April, 1958	3,32,32,000
Receipts during the year :			
		Rs.	
Proposed Loan for 1958-59	..	4,84,25,000	
Loan from Union Government	..	90,00,000	5,74,25,000
		Total Rs.	9,06,57,000

The estimated opening balance of Loan Fund amounting to Rs. 3,32,32,000 includes Rs. 1,67,32,000, which has been raised in the current year as per loan statement of 1956-57. The Finance Committee have increased the provision for Debenture Loan to be raised in 1958-59 by Rs. 39,39,000 over the Commissioner's Estimate of Rs. 4,44,86,000.

The estimates of revenue and expenditure made in the Commissioner's Budget have been increased by Rs. 52,94,700 and Rs. 55,93,400 respectively. These would work out to a modification by some 7 per cent. I would explain the reasons for such modification while taking up individual items of revenue and expenditure. I would, however, like to assure you, that the Finance Committee have modified the Commissioner's estimates by deliberating in as many as thirty-one sittings and after consulting the different sister Standing Committees and almost all the Departmental Heads. Moreover, in making these modifications, the Finance Committee have been always unanimous.

OPENING BALANCE

The Commissioner's Budget estimates for 1958-59 starts with an Opening Balance of Rs. 29,81,000 in the Revenue Fund. The Committee have, however, carefully scrutinised all the figures of receipts and expenditure in the revised estimate for 1957-58 as framed by the Commissioner and have been able to augment the revised Revenue Estimate by Rs. 3,26,000 and to curtail the revised Estimate of Expenditure by Rs. 4,90,000. This has resulted to increase the Opening Balance of 1958-59 at Rs. 37,97,000. The net rise of Rs. 3,26,000 in Revenue is mainly due to the increases of Rs. 1,28,000 in tax on Professions, Trades and Callings, Rs. 1,45,000 for recovery of cost of work done for the C. I. T. and Rs. 30,000 for recoupment of advances. The economy of Rs. 4,90,000 on the expenditure side has been made mainly by curtailing Rs. 3,00,000 and Rs. 1,50,000 from the items of "purchase of road-rollers etc." and "Coal for Water Supply Pumping Stations" respectively as provided in the Commissioner's Budget. Several minor modifications have also been made on the expenditure side. These changes have been made after a thorough scrutiny of the departmental notes, working and explanations submitted before the Standing Committee.

INCREASED REVENUE RECEIPTS CAUSED LARGER ALLOCATIONS

The net improvement made by the Standing Finance Committee on the revenue side is Rs. 52,94,700. We have estimated Rs. 4,66,00,000 as our receipt from Consolidated Rate as against the Commissioner's estimate of Rs. 4,31,00,000. This increased amount of Rs. 35,00,000 will be derived mainly from the increased demands that will be made in the ensuing year on Central Government properties which were in existence before 1st April, 1937, and partly from the expected increase in the amount of Supplementary Bills that will be issued in the coming year. The Standing Committee have taken

BUDGET SPEECH BEING GIVEN OUT TO THE PRESS

PHOTO : S. B.

the Assessor into full confidence while making this major modification on the revenue side. Some other major modifications on the receipt side towards increasing our revenue have been made this year by way of revising a number of existing rates and fees, which the Committee considered to be low in comparison with similar rates charged by other Municipal authorities in India or in comparison with the cost incurred for rendering the services for which the rates or fees are charged. The most notable of these modifications is the revision of license fees from cinemas under Sections 443 & 548(2) of the Act. The rules have been revised for introduction of a slab system of fees per show as exists in Bombay. We have increased our receipts from cinemas by Rs. 6,24,000 calculated on the basis of the proposed rates of fees. Further, the fees charged by the Slaughter Houses, by District Engineers' Departments, by Burial Grounds, for sale of Water to Municipalities and Cantonments, for supply of sewage water to fisheries, from Electric Crematorium and for Cartage of meat, have all been revised after careful consideration of the implications involved in such revision. These revisions would yield in the aggregate an additional revenue of Rs. 2,17,000. Other modifications relate to Taxes on Trade and Professions—Rs. 2.06 lakhs, sale proceeds of redundant gas lamps and accessories—Rs. 3.50 lakhs and receipt from recovery of cost of work done for the C. I. T.—Rs. 1 lakh.

GENERAL EXPENDITURES

Due to the Committee's success in tapping various new sources of revenue, it has been possible to provide for increased civic amenities and enlarged welfare and health measures. On the whole, the Committee have increased the total expenditure by Rs. 55.93,400 over the Budget Estimate of the Commissioner. The major increases made under the following heads will show the Committee's devotion to the task of improved city services, better emoluments for the Corporation employees as well as greater decentralisation by allocating larger sums in the hands of the Boroughs.

(1) Repairs and conversions of stone setts into Asphalt Roads—Rs. 2,00,000. (2) Contribution to Hospitals, Dispensaries, etc., and Corporation Free Beds in Hospitals—Rs. 49,800; (3) Cheap Midday Tiffin to School Children—Rs. 25,000; (4) Opening of New Milk Kitchen Centres—Rs. 25,000; (5) Works under Boroughs—Rs. 20,00,000; (6) Work for undeveloped and under-developed Boroughs—Rs. 6,00,000; (7) Expenditure in connection with Mayor's Scheme for rooting out corruption and increase in efficiency—Rs. 5,00,000; (8) Additional emoluments and facilities to Corporation employees—Rs. 10,00,000; and (9) Additional establishment for making the temporary employees permanent, creating new posts, etc.—Rs. 2,00,000.

LARGER YIELDS UNDER RECEIPT HEADS

CONSOLIDATED RATE, is the major item of revenue of this Corporation. It will be clear from the charts given that the revenue under this head would reach the ever-high limit of Rs. 4.66 crores during 1958-59, constituting 58 per cent of the total revenue. On account of persistent efforts during the last several years to bring to the Corporation just what is due to it, by proper valuation and prompt collection, our revenue under this head has gone up by more than Rs. 1 crore within a period of six years. The total Preliminary Demand has gone up every year and it would reach the level of Rs. 4.40 crores in 1958-59. The rateable value of the City has gone up and it would reach the mark of Rs. 20.72 crores in 1958-59. The chart would show that the Preliminary Demand on 23½ per cent. group of properties

has gone up by 82 per cent in 1957-58 as compared to 1952-53, whereas the said demand on 15% per cent group has shown an increase by only .62 per cent over the same period. I would also like to mention that the bustee properties had a rateable value of only Rs. 1.29 crores in a total of Rs. 20.58 crores in 1957-58. The total Preliminary Demand on bustee properties would roughly work out to Rs. 24 lakhs or so within a total Preliminary Demand of well over Rs. 4 crores. Thus, although one-eighth of the City's area is covered by bustees, and every sixth citizen is a bustee-dweller, less than 1/16th of the Rates are realised from the bustee-properties.

Though our collection procedure has been improved in many directions, including the system of postal presentation of Rate Bills all over the city excepting the newly-added Tollygunge area, arrear collections still constitute a problem. There are 1,000 cases in Law Courts and some 3,000 cases are awaiting for filling suits. The total arrear Bills lying with the Law Department amount to nearly Rs. 30 lakhs and Bills for nearly Rs. 24 lakhs are to be transferred from the Collection to the Law Department. We are negotiating with the Government Solicitors for finding out ways and means for collection of such arrears.

UNION GOVERNMENT ESTATES

The settlement in respect of payment of service charges for Central Government properties acquired or built after 31st March, 1937 is within our sight. In accordance with the decision taken in a conference with the Central and State Government Officials held this year, we have already sent to the State Government our detailed calculations of the expenses incurred by this Corporation for rendering the various services to the Calcutta properties and it is found that the average percentage of different services rendered during the last four years is roughly 23 per cent. We expect that a decision would be taken soon by the Central Government in respect of payment of this service charges in terms of the recommendation made by the State Government on the basis of our calculation.

RAILWAY HOLDINGS

Although the Railway authorities have all along been paying Consolidated Rate on their properties, they refused to pay the rate in respect of their properties acquired or built after 26th January, 1950 when the Indian Constitution came into force. They are, however, agreeable to pay service charges in such cases along with other Central Govt. properties from 1st April, 1954. Further, the Railway authorities are agreeable to make a provisional payment at the rate of 15 per cent. in cases of such properties, pending fixation of the final rate for service charges by the Central Government. On this basis we have preferred a provisional demand on the Railway authorities for service charges from 1st April, 1954 to 30th September, 1957 amounting to Rs. 1.32 lakhs.

PORT TRUST PROPERTIES

The agreement with the Calcutta Port Commissioners, incorporating the terms of the revised basis of assessment of their properties which would result in an annual increase of about Rs. 12 lakhs in our revenue from Consolidated Rate, could not be finalised due to certain points raised by the Chairman, Port Trust on the revised basis of assessment. Negotiation on these points is being carried on at present and pending a final settlement provisional payments at the rate of Rs. 10 lakhs a year have been made upto 1957-58.

ASSESSMENT ON RENTAL BASIS

With the introduction of the present Act there has been a considerable amount of public resentment on account of the altered procedure of assessment of buildings on rental basis. The Committee have been alive to this feelings and some of their suggestions for amending the Act suitably are awaiting the decision of the State Government. The Finance Committee have recommended for revision of the basis of assessment in respect of bustees and residential houses with a view to give further relief to the rate-payers affected by this procedure.

In the field of assessment procedure, much remains to be done. The Committee have received this year a number of thought-provoking reports from the members as well as others including Shri S. K. Gupta, Chairman of the Calcutta

Improvement Trust for modification of the assessment procedure and several other matters relating to the Assessment Department. These reports are engaging the attention of the Committee and with the implementation of some of the suggestions made in these reports, a considerable improvement will be achieved both in the fields of administration and revenue collection.

LICENSES, TAXES ON TRADES ETC.

Any effort for broad-basing the revenue structure of the Corporation must have to look to tax on trades, professions and callings and the various fees for yielding larger revenue. From the chart you will find an indication of our endeavours in this direction over the last five years. The question of our endeavours in this direction over the last five years. For preparation of statistics and introduction of the Card Index System, funds have been provided in the next year's Budget. The Finance Committee have increased the Commissioner's estimate for revenue from tax on trades, professions and callings by Rs. 2.06 lakhs in the Budget for 1958-59 in consultation with the License Officer. Difficulty has been faced in the way for realization of license fees for advertisements. We have made only an estimate of Rs. 30,000 in the next year's Budget in this head.

MUNICIPAL MARKETS

Our revenue from the Municipal Markets marks a steady progress. We have provided Rs. 26.13 lakhs in the Loan Budget for improvement and extension of our markets and schemes have already been prepared, and the fund is being utilized in accordance with the phasing programme. Lands have been acquired, new stalls have been installed and sheds erected, wherever necessary in order to protect the squatter vendors from rains and the Sun. Further, new pavements have been made, better illumination is being provided for and major repair and renovation work are being carried out in almost all the markets. Moreover, out of the raised loan for improvement, extension and expansion of our existing markets, we have so far been able to utilise a sum of Rs. 6.38 lakhs with a consequent increase in the revenue yield to the extent of Rs. 2 lakhs in course of the last six years. On the full implementation of all our expansion and improvement schemes for which funds are readily available out of our Loan Budget, we will be able to further increase our revenue from the Markets to the extent of at least Rs. 5 lakhs.

As to municipalization of private markets some legal questions are involved and the Committee have already requested the Mayor to take up this question in the monthly conferences with the Local Self-Government Minister.

AID FOR DEARNESS ALLOWANCES

There has been no settlement as yet with the State Government on the question of the alleged over-payment of Rs. 32 lakhs under this head made by the Government for the period from 1942-43 to 1953-54. Unfortunately, the Government on the assumption of overpayment is still continuing their grant at the rate of 70 per cent instead of at the rate of 80 per cent. This has resulted in considerable amount of short payment made by the Government since 1954-55. As the Corporation finance is unable to bear such continuous short payment we deducted a sum of Rs. 7.11 lakhs from the Government's loan instalment for 1956-57, which has, however, been objected to by the Government. In a comprehensive Memorandum submitted to the Government the Corporation said that adjustment from the loan instalment payable to the Government was justified even allowing for the alleged overpayment made by the Government. The actual establishment cost has gone considerably high during recent years as shown in the published Annual Accounts. This also at the same time warrant that the Government should at once start paying at the rate of 80 per cent of our dearness allowance cost. The continuous short payment by the Government has resulted in an aggregate of Rs. 24.5 lakhs upto 1957-58, which the Committee have thought fit to include in the Budget for 1958-59 as arrear dues from the Government. From the Budget estimates of the State Government it appears that this issue of short payment of 10 per cent has been resolved. The State Government increased the contribution to the Corporation on this account to Rs. 91,24,800 in the Revised Budget for 1957-58 from Rs. 71,59,200 in the original Budget Estimate and provision has been made for contributing Rs. 89,35,000 to the Corporation during the next year.

During the current year, there was a strong demand from the Corporation employees for increase in Dearness Allowance at par with the increase of Rs. 5 granted by the State Government to its own employees from 1st April, 1957. The State Government, however, initially refused to contribute their 80 per cent share to the Corporation for enabling it to increase the Dearness Allowance as demanded. The Corporation was put in an embarrassing position and thanks to Shri I. D. Jalan, Minister-in-Charge of Local Self-Government, the State Government agreed to pay 80 per cent of the increased cost of granting the additional Dearness Allowance. But, unfortunately, the Government agreed to make the contribution only for those employees who were drawing upto Rs. 100 and for the increased cost on account of other employees drawing up to Rs. 250 per month, the Government only agreed to make ways and means advances. This issue is still unresolved and we have made strong representation to the Government that it is under obligation to pay to the Corporation 80 per cent of all the increased cost involved in paying the additional Dearness Allowance to all employees drawing upto Rs. 250 per month. I hope that the State Government would be fair and reasonable in this regard and on this basis we have made provision in the Budget for granting additional Dearness Allowances to the low-paid employees.

EXPENDITURES INCLUDE FAR REACHING DEVELOPMENTS

ESTABLISHMENT forms the major item of the Corporation's expenditure and account for about 44 per cent. of the total estimates for 1958-59. The establishment cost has generally shown a gradual increase year after year and it would reach the level of Rs. 360.43 lakhs in 1958-59 as per Budget Estimates. This would mean an increase in the disbursement figure by about 38 per cent as compared to the actuals made in 1952-53 when this new Corporation came into existence. Such increase has been necessary due to additional staff required for extending civic services, normal increments on the old scales of pay and additional benefits granted to the staff.

There has, however, been demand for revision of scales of pay, service conditions and additional amenities. It is a big and complex task, but would have to be faced. The employees constitute the bedrock of the Corporation's functioning. It has been the constant endeavour of the Finance Committee to improve the economic conditions of the employees as far as possible. The employees can feel proud of the mutual understanding with which they have functioned all these years without any frictional loss of service to the rate-payers. The Finance Committee have all along maintained intimate contact with the employees and have always placed the whole position of the Corporation's finance before them to explain what could be done within its financial limitations.

In the next year's Budget Rs. 10 lakhs have been provided for granting additional emoluments and facilities to the employees. The Committee have also provided funds for improving sanatoria at Deoghar and Madhupur which are available to the low-paid employees of the Corporation. The Finance Committee have also recommended to the Health and Education Committees for drawing up schemes for hospitalization of the low-paid employees of the Corporation and for free primary and secondary education of the children of the Corporation employees. A provision has also been made in the Budget for Rs. 65,000 for Netaji Bhavan for utilisation by the Corporation employees.

The Committee have done their best to find out ways and means for improving the emoluments and conditions of service of the employees. The Committee have issued instructions for framing of rules and regulations in several matters including those relating to payments for overtime and other allowances. I must, however, like to observe that the Corporation is after all a public institution financed out of funds provided by the people in general and I believe the employees fully appreciate this fundamental position of Corporation's finances.

The Finance Committee have approved the scheme for recruitment of middle-class Bengalee youths in the Corporation under a new category to be designated as "Juniors", with provision for providing opportunities for their improvement within the organisation to higher cadres with suitable education and training. We have also provided for appointment of Labour Welfare Officers and for functioning of Works Committees so that the grievances of the employees may be ironed out of the spot. A Personnel Department is, however, required to be set up in an institution like the Corporation with such a large number of employees.

BOROUGH COMMITTEES

The Budget has provided Rs. 24 lakhs for the Boroughs and another Rs. 6 lakhs for the undeveloped and underdeveloped Boroughs. The total allocation to the Boroughs thus being Rs. 30 lakhs in place of Rs. 4 lakhs provided in the Commissioner's Budget. The Finance Committee have initiated this method of allocating special funds for the development of the undeveloped and under-developed Boroughs to bring them to the standard of the other developed areas of Calcutta. This policy of special treatment, according to needs, will be followed up in future, and with the improvement of the Corporation finance more and more funds will be made available for this purpose. We have also made provision for appointment of special staff for the Borough Committees.

LARGER QUANTITY OF WATER

Supply of filtered water to City is one of the statutory obligations of the Corporation, and with the increase of population the demand for same has gradually been increased every year. After the installation of the Rapid Gravity Filter in 1951, a number of major improvements both at Palta and Talla Pumping Stations were undertaken out of the Loan Fund at a total estimated cost of Rs. 23.50 lakhs for increasing the supply position. Out of these big projects, electrically-driven pumping sets, one at Palta and one at Talla, with capacity of 2 million gallons per hour have already been put into commission. Electric Motors for replacement of turbines at both the Pumping Stations have also been delivered and would be installed soon. The installation of H.T. and L.T. Switches and laying of cables for the purpose at Palta Pumping Station have also been completed. The scheme for laying 72 inches Palta-Talla Main at an estimated cost of Rs. 2.25 crores has been entrusted to Messrs. Structural Engineering Works Ltd., and the work would be taken up soon. This would be the first phase of the comprehensive scheme of development involving an expenditure of Rs. 12.57 crores included in the Corporation's Five-Year Plan. Work at Palta Pumping Station at an estimated cost of Rs. 46 lakhs would also be taken up soon. The target of all these developments is to ensure a supply of 300 million gallons of potable water to the citizens per day for ensuring adequate quantity for a population of 50 lakhs even.

In order to ensure adequate supply of filtered water in the scarcity areas like Cossipore, Beliaghata, Tollygunge we have been sinking big and small diameter tube-wells in those areas. During the current year 42 big diameter tube-wells have been sunk making the total of such tube-wells to 80. At present the small diameter tubewells number 2,300. The scarcity areas are also supplied with filtered water by lorries.

About unfiltered water supply, the work of expansion of the jetty at Mullick Ghat Pumping Station has already been completed and the Suction Mains are being laid by Messrs. Burn & Company Ltd. They are expected to be in commission early next year. The electrically driven pumping set at Watgunge Pumping Station has been put into commission during the current year.

With the purchase of one diesel engine water boat in the current year strength of our self-propelled water boats has increased to four. We have also thoroughly overhauled one of our self-propelled boats this year, and with all these we shall be in a position to supply 1000 tons of water to the ships per day. The Corporation, however, is losing on this service of a commercial nature. The Finance Committee have already economised expenditure to the extent of Rs. 57,000 but still there would be deficit of Rs. 12,500 in 1958-59. The Committee have directed the Administration to seek immediate sanction of the Government for the necessary changes in the bye-laws so that the schedule of fees may be revised on a flexible basis by the Corporation.

PAVED FOOTPATHS

An expenditure of Rs. 49.54 lakhs have been provided in the next year's Budget for improvement of the roads and footpaths of the city as compared to our revised estimate of Rs. 47.46 lakhs for the current year. The roads, already battered during the war, are now carrying more than double the number of vehicles as compared to 1946. The pedestrian population has also been increasing almost in geometrical progression and it has become a problem to maintain the City thoroughfares in serviceable condition. There is also the problem of laying

asphalt road in the added areas and in the underdeveloped portion of the City. Our Asphaltum Plants are running to their full capacity but still it has not been possible to attend to the demands for repairs to our needs. It seems that the Corporation shall have to think of installing a new factory for the production of Bituminous Concrete for ensuring adequate supply of these materials for maintenance and improvement of our roads and footpaths.

In this connection I cannot help referring to the very unsatisfactory maintenance of the tramway tracks on the roads by the Calcutta Tramways Company. These tracks in many areas not only give ugly look but also adds to heavier depreciation of the vehicles of the public. It is essential that the Company should be asked to properly maintain the tracks.

CONSERVANCY SERVICES

The conservancy services have considerably improved during recent years and the system of house to house collection has been introduced in a considerable part of the City. Ugly dustbins have been removed from many of the roads, and lanes and bye-lanes, and the late collection of refuse is also being avoided by commissioning larger number of lorries. In Cossipore and Manicktolla areas the conservancy service has been improved by provision of extra lorries. Mechanisation of 'Gosala' and abolition of cart services have improved matters except in Tollygunge and in a small area in District IV. We have therefore retained in the next year's Budget Rs. 10 lakhs for completion of the House to House Collection Scheme. The two new locomotives received last year have been put to use and orders have been placed for two more locomotives which are expected to be available next year for service.

The construction of a new platform at Dhappa is already completed and in near future the Corporation would be able to shift the refuse platform from its present position at Chingrihata to Dhapa.

BETTER LIGHTING

With a view to continue the Corporation's efforts for better lighting of the city's streets, lanes and bye-lanes the expenditure under this head is proposed to be increased to Rs. 29.35 lakhs in the next year compared to Rs. 27.28 lakhs in the revised estimates for the current year. This is in addition to the provision of Rs. 12 lakhs in the next year's Loan Budget for carrying out a planned scheme of lighting to secure uniformity in the arrangement of our street lights.

There is no doubt that the lighting of the City is much improved than even two to three years back. The policy of gradual replacement of gas lamps by electric lamps is being implemented and the number of gas lamps in the City has been brought down to less than half of what it was in 1951-52, the number falling to 9000 from over 18000 in 1951-52. In fact, gas lamps have been completely replaced in a number of constituencies by the implementation of our Narrow Passage Scheme. Arrangements are also being made to replace the oil lamps of the private passages by electric lamps by entering into agreements with the owners of the respective passages.

Our negotiation with the Calcutta Electric Supply Corporation to allow A.C. connection in the present D.C. areas has come to success and would be gradually implemented according to the availability of high tension A.C. cables. This conversion to A.C. current would enable the Corporation to instal fluorescent lamps in larger areas of the City.

DRAINAGE SYSTEM

The underground drainage system of Calcutta consists of pipe sewer and main sewer reticulations the length of which are about 300 miles and 100 miles respectively. This elaborate drainage system is at present served by 15 Drainage Pumping Stations and the length of the outfall drainage channels is about 28 miles.

The remodelling of the Outfall Channels at a total cost of Rs. 37 lakhs will be started shortly and a loan of Rs. 25 lakhs has been raised this year for this work. Rs. 80 lakhs out of the Central Government loan of Rs. 225 lakhs have also been allotted for the improvement of City's drainage system. Arrangement has already been made to invite tenders for Pumping Machinery.

There are some areas in City the drainage system of which requires special attention. Manicktolla, Cossipore and Tollygunge areas badly require underground drainage facilities on grounds of health and sanitation in those areas. Sewers have already been laid in quite a large area of Manicktolla leading up to the new Pumping Station constructed near Dhapa Lock Pumping Station. The underground drainage system may therefore be expected to start functioning in Manicktolla area soon. Attempts are also being made to extend the underground

drainage facilities to Cossipore area. Meanwhile, a fully-equipped Pumping Station is being set up in Cossipore for prevention of floods. A Master Plan has been drawn up for improving the drainage system in Tollygunge area and an interim scheme has been prepared involving an estimated cost of Rs. 7.45,800 for improvement of drainage in Tollygunge area and provision has been made for this scheme in the Loan Budget. It is awaiting the sanction of the Government.

The expenditure on Drainage has been increased by about Rs. 10 lakhs during the course of last six years as shown in the chart annexed. The estimated expenditure for 1958-59 stands at Rs. 32.49 lakhs.

SILT CLEARANCE

To wipe out the heavy accumulation of silt in our brick sewers during a period of more than 15 years, temporary staff in addition to the permanent staff maintained for silt-removal work has been engaged since the beginning of the current year and the silt clearance work has been intensified. The work of temporary additional staff will be continued and the provision of Rs. 1,30,000 has been made for this purpose in the next year's Budget. Further provision of Rs. 2,50,000 has been made in the Loan Budget for purchase of suitable Mechanical Appliances for executing the work more efficiently.

Another sum of Rs. 11.67 lakhs has been provided in the Loan Budget to relieve the badly affected areas of the City due to flooding during rains. Proposals were made earlier for larger allocations out of Revenue Fund.

HEALTH MEASURES

The expenditure on health measures has been increasing every year and we have provided a sum of Rs. 41.97 lakhs in the next year's Budget as against an expenditure of Rs. 26.59 lakhs in 1953-54. Public Health throughout the country must be the primary responsibility of the State and no Civic Administration with its limited finance can do justice to the cause of public health.

In the next year's Budget we have provided for Rs. 6.69 lakhs for carrying on the Epidemic Control Scheme of the Corporation. Under this scheme the staff has been strengthened by 80 qualified Epidemic Officers and 273 vaccinators and the necessary disinfecting staff. We envisage setting up of Bustee Health Centres and the Scheme is already engaging the attention of the Standing Health Committee.

Provision has been made for opening five more Milk Kitchen Centres to make the total number to 37 in place of 23, a couple of years back.

Our expenditure to maintain free-beds for T.B., Cancer, Mental Disease etc., in the City's hospitals has shown gradual increase and we have budgetted for an expenditure of Rs. 2.68 lakhs under this head compared to Rs. 2.38 lakhs provided in the Commissioner's Budget. The contributions of the Corporation to Hospitals, Dispensaries, Alms Houses have been increased to Rs. 8.04 lakhs this year.

All the three Mayor's T. B. Clinics have been taken over by the Corporation and our Mansatala Chest Clinic started in 1951 with a small capital expenditure of Rs. 28,000 only, is now one of the biggest and well-equipped T. B. Clinics in the City. The Extension Block of this Clinic has just been completed and is at present housing the preventive section dealing with Contact Cases, B. C. G. Vaccination etc. The Clinic is shortly going to be equipped with the latest type of X-Ray appliances also. The daily average attendance in all these four Clinics exceeded 410 during the current year.

As regards Vaccine Institute it may be stated that renovation of the calf stable according to modern design, as suggested by Dr. A. Herlich, Director of Bavarian Vaccine Institute, West Germany, has been adopted. The annual expenditure of this Institute is roughly Rs. 80,000 and vaccine lymph worth Rs. 4,00,000 is manufactured here. Preparation of anti-cholera vaccine has been undertaken in this Institute. A Virus Laboratory has also been provided in the Institute. A provision of Rs. 50,000 has been made in the Loan Budget for further expansion of this Institute.

Funds have been provided in the Loan Budget for 1958-59 for opening up a Maternity Home in the Cossipore Area. Further, a provision of Rs. 7 lakhs has been made in the Loan Budget for 1958-59 for construction of a modern Maternity Home in Hastings House which will be the location of the present Chetla Maternity Home. Funds have been provided in many cases for construction of buildings for housing Maternity Units and dispensaries which are now located in rented buildings. There are also proposals for construction of

Employees' Hospital and a T.B. Isolation Camp Hospital at the estimated cost of Rs. 10 lakhs and Rs. 5.55 lakhs respectively and for both of which necessary funds have been provided in the Loan Budget. In pursuance of the demand of the Standing Health Committee, a sum of Rs. 1 lakh has been provided in the Revenue Budget for 1958-59 for replacement of 5 Ambulance Cars. The building of the Tangra Maternity Home is going to be completed early next year.

PRIMARY EDUCATION

The Corporation's expenditure on primary education is estimated to go up to Rs. 30.17 lakhs as against the statutory obligation for spending Rs. 5 lakhs only. In other words, the Corporation would be spending almost six times more than its statutory responsibility. The number of schools has been increased by 36 between 1952 and 1958 with an increase in the number of pupils by nearly 12,000 and the number of teachers has been increased by 305 over the period. Many of our Corporation Schools are, however, still located in rented buildings which are considered unsuitable and it has been the endeavour of the Finance Committee to have Corporation's own buildings for housing the schools. There are at present 17 school buildings owned by the Corporation and we have provided Rs. 10.61 lakhs in the next year's Budget for construction of a few more buildings.

With the limited resources of the Corporation it would not be possible to touch even the fringe of the problem of primary education of the City's child population, the total number of whom is estimated to be 3 lakhs.

The Budget also provides Rs. 1 lakh for improving the furniture and equipment of the Corporation Schools and Rs. 50,000 has been provided for cheap mid-day tiffin and Rs. 35,000 for sports, prizes, excursions and such like. Besides, provision has also been made for grants-in-aid to primary schools to the extent of Rs. 1.30 lakhs.

PLANNING & DEVELOPMENT

With the assistance of the Central Government the Corporation has committed itself to the execution of a comprehensive water supply and sanitation schemes at a total cost of about Rs. 557 lakhs. Out of this sum a loan of Rs. 225 lakhs has already been sanctioned by the Central Government for Water Supply and Sanitation Schemes of the Corporation and the balance amount of Rs. 332 lakhs will be met out of our Loan Fund. We have been informed that the Central Government have sanctioned the allotment of Rs. 20.5 lakhs in the current year.

Rs. 225 lakhs has been provided in the Second Five Year National Plan. We have already let out contracts for water supply and drainage projects at a total cost of Rs. 262 lakhs.

We would require another Rs. 80 lakhs in the next year from the Central Government out of the said sanctioned loan and the State Government has recommended for inclusion of the amount in the next year's Budget of the Central Government.

HOMAGE TO NATIONAL LEADERS

The question of paying homage to our national leaders by placing their statues at important city centres has engaged the attention of the Corporation on several occasions. Funds have been provided in the next year's Budget for placing a statue of Netaji Subhas Chandra Bose at the gyratory island at Shambazar and of Deshabandhu Chittaranjan Das at Deshabandhu Park.

ECONOMY OBSERVED

There are some Departments of the Corporation which are wholly uneconomic and should be closed or made economic as early as possible particularly the Electricity Department. This may result in good savings for the Corporation. Apart from this, efforts must be made for securing economy in expenditure in every department of the Corporation.

Though the new Act was brought into operation from 1952 the old bye-laws, rules and regulations still continue to guide the functioning of several Departments of the Corporation. An outmoded system thus continues. The Finance Committee have therefore provided specific funds in the next year's Budget for making a determined effort to frame manuals, bye-laws, rules and regulations according to the new Act and in parity with the current concept of efficient Municipal Administration.

OPERATING EFFICIENCY

Paucity of funds is quite chronic and it spotlights the need for maximum efficiency in the functioning of Corporation so that maximum return can be realised from every rupee spent. The Special Committees appointed for this end in view would make significant contribution in this direction. The attention of the House is drawn to some of the suggestions made by the Finance Committee in respect of Budgeting and Budgetary control as also to augment revenue. The Finance Committee have associated this year all the other sister Committees in framing the budget and from the next year we propose that the Commissioner's estimates in respect of matters falling within the different Standing Committees should first be considered by them and thereafter these should come before the Finance Committee. The Finance Committee have suggested for appointment of larger number of Audit Inspectors for internal audit of revenue items. Appointment of a Special Committee for disposal of the Corporation's condemned properties may result to bring a sizeable income from this source.

The Corporation have certain Departments which are of commercial nature and the Finance Committee have recommended that separate accounts on commercial basis should be maintained in respect of these Departments. In this connection the separate Commercial Accounts for the Printing Press, Markets, Dhobikhana, Water Supply to Ships, Slaughter Houses may be maintained. Preparation of separate Budget and accounts in respect of Entally Workshops is also suggested.

We have provided funds in the Budget for giving rewards to the staff and officers in recognition of their efforts for augmentation of revenue.

The public often suffer from their lack of knowledge about the procedure they are to follow in getting things done through the Corporation or to bring their grievances to the notice of the appropriate authorities. The Finance Committee have therefore suggested the appointment of seven Public Relations Officers at important District Headquarters, Municipal Offices of Cossipore, Manicktolla, Tollygunge and at the Central Office of the Corporation.

The Finance Committee have also proposed for creation of three sub-Districts at Cossipore, Manicktolla and Tollygunge.

URGE FOR NEW APPROACHES

Concluding his speech the Chairman said:—

Sir, I have had the privilege of being associated with Budgeting of the Corporation almost from the very beginning of the democratic set up introduced by the new Act. There is no doubt, we have turned the corner in our finance. As I have explained, this year also we have introduced several new things and procedures, many directives have been issued and some administrative changes have also been made. The total on either side of our Budget has reached a figure of Rs. 8 crores and I am optimistic enough to foresee a revenue of Rs. 10 crore for this Corporation within the next three years.

But at the same time, I cannot help pointing out the fundamental imbalance that is bound to continue between the functions and finances of the Corporation unless the whole structure is altered, and the Central and State Governments make a new approach to the needs of this City. There is no doubt that the country as a whole is moving towards a planned society, and the role of local Governments in such a society perhaps requires re-thinking and re-assessment. The Local Finance Enquiry Committee went only into the problems of finance, and their recommendations too have remained in merely printed pages.

Sir, in the very beginning of my statement I have ventured to stress the need for appreciating the crucial significance of life and living in this virtually international city. The problems of this city are to-day such which can hardly be tackled without a co-ordinated approach by various Departments which are dealing with one or other aspect of the City's problems. We are having monthly meetings with the Minister for Local Self-Government, West Bengal. It is suggested to evolve a Special Committee to re-assess the complex problems of this City with the representatives of the Corporation and the various Departments of the State Government like Public Health, Education, Law and Order, Refugee Rehabilitation, Housing and Employment etc. Personally I feel that even the representatives of the legislature should be associated with such a Committee so that the need for and the extent of the amendments that are required in the Act of 1951, may be effectively impressed upon all concerned.

Sir, the population of the City is estimated to have gone up by nearly 3½ lakhs since 1951 and the trek to the City still continues. The total number of passengers coming to the City every day would be a few lakhs more and it is estimated that the travelling population in Calcutta is something of the order of nearly 45 lakhs a day. The demand for civic services is tremendous and is likely to go up continuously. Even with the development of Greater Calcutta, the pressure of day-time population on the City is not likely to go down.

The basic source of Corporation revenue is the Calcutta properties. There the number of premises has not been increased in any proportion to the increase in population. In fact, there has been a marked decline in the submission of building plans during the current year. As against 5,304 plan cases in 1955-56 only 3,600 plan cases have been received so far by the Building Department this year. The reasons for this decline in plan cases are not far to seek. The scarcity of supply of building materials like cement and steel, but more than that the general deterioration in the economic condition of the middle-class people coupled with increased labour charges, seem to have made building activities too costly and beyond the reach of the majority of the population. The Second Five Year Plan envisages large construction activities, but the trends in the second year of the Plan have not been reassuring at least in this City. What may be more crucial for the Corporation finance seems to be that the construction of buildings, especially those which may be rateable at higher slabs, are likely to be constructed more and more by the Central and State Governments.

We have been relying on revaluation and re-assessment, and I agree that the revenue would go up through this process, but I must say that there is a limit to it. But then the Central Government has also come to tax these properties through the imposition of Wealth Tax. Property taxation is therefore no longer the close preserve of the local bodies. The law of diminishing returns may therefore operate in future in the matter of raising rates from the bigger properties of Calcutta.

The Finance Committee have been trying to tap fresh sources of revenue and obviously this meant pinning our faith on raising more revenue from taxes on Trades, Professions and Callings etc. But the Central and State taxes have been very much increased on these activities and I do not know how far the Corporation can go to tax these activities further, though some increase may be quite possible.

The number of motor vehicles increased from 29,541 in 1946 to 58,009 in 1956, an increase by nearly 100 per cent and the tax realised by the State Government from motor vehicles increased from Rs. 25.33 lakhs in 1945-46 to Rs. 126.31 lakhs in 1955-56, and it is estimated to go up to Rs. 147.95 lakhs in 1958-59. The Corporation has to maintain the roads to bear more than 100 per cent traffic without a Naya Paisa more out of the tax realised by the State Government. The collection from Entertainment Tax by the State Government has gone up from Rs. 57.25 lakhs in 1945-46 to Rs. 133.00 lakhs in the Revised Estimates for 1957-58 and would go up to Rs. 138.00 lakhs in the next year. But the Corporation does not get a copper from it, though it has to maintain the services necessary for carrying on these activities.

I also wonder whether the responsibility of the Corporation in respect of Public Health and Primary Education should not be shared by the State Government.

I am glad that at last the State Government has come forward to take some effective measures for slum clearance in this City. The Corporation has been stressing the need for it for long and went so far to include this item in its own Five Year Plan. The main solution for slum clearance, however, depends on the availability of adequate funds from the Central Government. The Corporation has been attempting to minimise the hardship of the Bustee Dwellers by making special arrangements for cleaning, sanitation, and water supply. I, however, feel that the State Government should effectively associate the Corporation in its programme for clearance and improvement of Bustee areas in the City.

Without party considerations as representatives of the Citizens of Calcutta we must make united efforts to make this City more habitable and not to allow it to languish, for that would mean not only a loss to the people of this City but also to the Nation as a whole.

EDUCATION CESS IN BOMBAY

A Press Trust of India's message states recently from Bombay:—

The Government of Bombay has sanctioned a proposal of the Bombay Municipal Corporation to levy a graduated Education Cess on land-owners in Greater Bombay.

The cess which will fetch the Corporation about Rs. 30 lakhs annually will be levied from the 1st April, 1958. It will be utilized for meeting the growing expenditure on primary education.

The Corporation had taken a decision in regard to the levy of education cess in January this year and had approached the State Government for necessary sanction.

Building and lands in Greater Bombay whose rateable value is less than Rs. 75 per annum are exempted from the levy. On buildings and lands whose rateable value is up to Rs. 300 per annum a cess of 1 per cent of the rateable value, and on those whose rateable value is more than Rs. 300 per annum $1\frac{1}{2}$ per cent. cess will be levied.

Expenditures on primary education in Calcutta is mainly incurred by this Corporation. The provisions for spending the amount on the same was made under the Calcutta Municipal Act, 1923. And the same provision still exists under the present Act of 1951. The expenditure on this head was initially about seven lakhs and since then the amount was raised to Rs. 29.55 lakhs in the Budget covering 8.75 per cent of the total expenditures during 1957-58. The coming year's figure stands at Rs. 30.17 lakhs. It can further be said that out of nearly three lakhs of child-population required to be schooled about fifty thousands read in Corporation Primary Schools. Almost a similar number attend in schools managed by public bodies or Primary Sections affiliated to the Secondary Schools, and the rest has to go without education.

A separate picture is presented in case of Bombay Corporation which spends nearly one-fifth of its total expenditure. Besides, the State Government shares a part of the expenditure there. In

this Corporation, Members on various occasions voiced the same grievances and there were debates and discussions also. But the position remains as it was in the past even after the attainment of country's freedom.

EPIDEMIC SPREADS OVER THE COUNTRY

Recently, in the West Bengal State Legislative Assembly, the State Health Minister, Dr. Anath Bandhu Roy, stated that small-pox was raging in an epidemic form in most of the Districts including this city. This year, he added, was the peak year for small-pox. The Minister said that there had been some initial difficulties in supplying lymphs for vaccination to those areas, but these had been overcome since last week.

Reports have reached that the epidemic diseases are still in force not only in the suburban areas but also in distant corners of the State. Small-pox attacks and deaths in Howrah were 73 and 61 during the week ended the 8th March, against 62 and 37 respectively in the previous week. Of the 22 persons suspected to have been attacked with cholera, five died in that town.

Another report states that there had been a serious outbreak of small-pox almost throughout the whole of Gangarampur police station in the district of West Dinajpur. Considerable number of deaths was reported and people had become much panicky.

Within the city the attacks and deaths from the epidemic diseases are on the increase. But they have been put under control to a certain extent. Epidemic control measures have been undertaken throughout the city. The vaccination drive has been intensive and the number has touched to a figure of nearly 17 lakhs uptil now since the inauguration of the scheme this year. Inoculation work against cholera has also been undertaken with equal speed and the number has reached nearly two lakhs. In the meantime public meetings have been arranged by the Public Relations' Department in different street corners in order to rouse civic consciousness among them. It is expected that the diseases would soon take a recourse from the present toll in this city.

THE CORPORATION at WORK.

A GIST OF PROCEEDINGS OF THE THIRTY-SIXTH ORDINARY MEETING OF THE CORPORATION HELD ON FRIDAY, THE 14TH MARCH, 1958.

THREATENING NUMBER OF UNEMPLOYED

At the outset, Councillor Dr. Sukhabehari Mukherjee pointed out the threatening increase in the number of unemployed in the city. He said that this would cause much hardship to the citizens particularly the middle class people would be the worst sufferers. Tracing the cause of such number, Councillor Dr. Mukherjee thought that the recent import control orders of the Union Government had added another feather to this problem as many of the foreign business houses would be wounded up. Besides, a number of office establishments under the Union Government had been transferred elsewhere and had put the local citizens in an inadventagous position.

Councillor Dr. Mukherjee felt that the House should request both the State and Union Governments to see that the retrenchment axe might not disturb the city's normal life.

EPIDEMIC CONTROL MEASURES

The epidemic control measures of the Corporation has been started during the earlier part of November but according to Councillor Mihir Lal Ganguly, the work has not progressed satisfactorily. A recent system of cholera inoculation to be carried on only by the Inoculating Staff and other authorized persons has put the progress as cart before the horse. He demanded that due to the urgency of the situation the Corporation should relax the regulations as regards inoculation so that there might be a heavy pull. Councillor Ganguly further pointed out that in earlier days even the vaccinators were empowered to undertake the task and the results were not bad.

SPECIAL ALLOWANCE TO SHRI BAL

The House, on the recommendation of the Standing Finance Committee granted a special pay of Rs. 200/- per month to Shri Lokenath Bal, Deputy Commissioner II, 'for additional duties imposed upon him for looking after the work of the Food Supply Department' with effect from April 1, 1955.

REMOVAL OF COVER PLATES

Councillor Narendra Nath Sen drew the attention of the House to a large number of thefts of Corporation properties in his locality mainly Manicktala area. He stated that the removal of iron cover plates placed over gravitational municipal drains had caused much inconvenience to the citizens trodding over the streets. Even there were difficulties of driving cars over those areas. He suggested that the Corporation should approach the Police to prevent those unsocial activities.

Councillor Sen further opined that the Corporation would early arrange to replace those covers with the help of iron and cement which were available at an easier approach. A target date of three months should also be fixed for the same purpose.

COUNCILLOR B. K. BANERJEE

The House elected Councillor Bejoy Kumar Banerjee, a representative of the Corporation on the Calcutta Port Trust for a period of two years with effect from 1st April, 1958, under Sub-Section (1) of Section 6 of the Calcutta Port Act, 1890 (Bengal Act III of 1890). Councillor Banerjee's name was proposed by Councillor Mihir Ganguly.

The earlier representative of the Corporation was Shri Biswantah Mukherjee, an Ex-Alderman.

COUNCILLOR DR. S. K. SETT

The House nominated Councillor Dr. Sudhangsu Kumar Sett as a representative of the Corporation to serve as a member on the Suburban Railway Users' Consultative Committee of the Eastern Railway for a period upto 31st December, 1959.

Councillor Nripendra Nath Banerjee was the representative of the Corporation in that Committee whose term of office expired on the 31st December last.

LEVY AND REALIZATION OF CINEMA TAXES

The Corporation, on the recommendation of the Standing Finance Committee, decided to increase the existing charges in respect of cinemas only under Section 448 read with Section 548(2) of the Calcutta Municipal Act, 1951. The fees payable in advance will take effect from the 1st April next.

Under the new procedure Cinema houses have been classified into three categories Class A—Houses having sanctioned seats over 1,000, Class B—those having sanctioned seats over 700 but not more than 1,000 and others having sanctioned seats 700 and below. The scales of fees are as follows:—Class A—Rs. 15/- for each show, Class B—Rs. 10/- for each show and Class C—Rs. 5/- for each show.

The detailed procedure is given below:—

1. No person shall, without or otherwise than in conformity with the terms of a license granted by the Commissioner in this behalf, keep open any Cinema-house.

2. The license is granted by the Commissioner subject to the provisions of the Bye-laws for Theatres, Cinema-houses and other places of public resort, recreation and amusement, and is liable to cancellation for infringement of any of these provisions.

3. For every license, a fee is payable by the proprietor of the Cinema-house to whom the license is granted (hereinafter called the licensee) at such rate as may from time to time be fixed by the Corporation.

4. The fee is payable in advance and may be paid weekly or monthly. It shall be paid by the licensee each time along with a return in the Form A annexed herewith at least one week before the commencement of each show. The return shall be duly filled in and signed by the licensee or his Manager and submitted to the Commissioner in duplicate.

5. The Commissioner may, in special cases, relax the period for the submission of the return and the fee on a written application made on this behalf.

MEMORIAL OF SARAT CHANDRA BOSE

The Corporation at its weekly meeting on Friday, the 14th March last, approved the proposal of the Memorial Committee to erect a Memorial of Shri Sarat Chandra Bose on the site at Shalimnagore Burning Ghat, South Calcutta, where his last remains were burnt to ashes. This was recommended by the Standing Town Planning and Improvement Committee when the Secretary of the Committee sought the permission.

The late Shri Sarat Chandra Bose, was a great leader of India during the days of country's struggle for freedom. As a member of the Legal Bar his name spread throughout the country. As a leader of the Opposition both in the Central Assembly as well as in the State Legislature his services were unique. His patriotism and sacrifice for the cause of country was an example for others to follow. Raising of a suitable Memorial would be most befitting one.

6. When a show in respect of which the fee has been paid does not take place, intimation to that effect shall be given to the Commissioner in writing not later than the following day and the Commissioner may, on the written application of the licensee or his Manager made within a week from the date of such show, allow the claim for refund, if he is satisfied with the reasons therefor or proofs produced, if any. For this purpose, the Commissioner or any person authorised by him may at any time enter upon and inspect the Cinema-house.

7. If the fee is not paid along with the return within the prescribed time or sufficient cause for non-payment is not shown to his satisfaction, the Commissioner shall cause a notice of demand to be served, on the licensee after three days of the show and shall take all other measures for realisation of the fee under the provisions of the Calcutta Municipal Act, 1951, if no payment is made within fifteen days from the service of the notice of demand.

8. The license shall be granted by the Commissioner in the Form B annexed herewith and shall be produced by the licensee each time along with the fee for renewal.

9. The Commissioner may, from time to time delegate any of the powers conferred herein to any officer subordinate to him subject to any condition which he may impose.

10. The Commissioner shall publish every year in the month of March the rates of the fees payable in the following year.

11. The Commissioner shall maintain registers which shall show :—

(a) names and addresses of the Cinema-houses located within the municipal area according to each classification,

(b) names and addresses of the proprietors of the Cinema-houses,

(c) names and addresses of the Manager of the licensees,

(d) approximate amount of fees payable by each licensee and the period in respect of which it is payable,

(e) fees paid by each licensee and the date of payment, and

(f) refund of fees allowed and brief reasons therefor.

NEW SCHOOL BUILDINGS

The House granted administrative sanction to the Engineer's estimate for construction of a three-storied building within the compound of District No. IV at a cost of about Rs. 1.24 lakhs. It has been proposed to house a Primary School, Ward Offices under District IV and Collector's Cash Counter in that building.

Administrative sanction was also accorded to another estimate of Rs. 75 thousands for construction of a building at an available land at 9/1, Lower Circular Road, to be used as Ward Office at ground floor and a Primary School there. Both of these sanctions were recommended by the Standing Works Committee.

FLOOD PREVENTION

The House on the recommendation of the Standing Works Committee, accorded administrative sanction to Engineers' estimates in two cases amounting to Rs. 1.97 lakhs and Rs. 98 thousands for laying Outflow Hume Pipe Sewer for prevention of flooding on Cornwallis Street at its junction with Bechu Chatterjee Street (Thanthania Kalitala) and Amherst Street between Keshab Sen Street and Kailash Bose Street and Vidyasagar Street respectively.

The implementation of the schemes would no doubt bring a great relief to the citizens living in that part of the city.

A NEW PARK

The House on the recommendation of the Standing Town Planning and Improvement Committee, took over a C. I. T. Park under Scheme No. XLVIII (Old Ballygunge Road to Gariahat Road widening) under Section 65(3) of the Calcutta Improvement Act, subject to certain conditions.

Calcutta Looks Ahead

A SIX-STORIED BUILDING FOR THE UNIVERSITY

The Calcutta University authorities propose to construct a six-storied building at 85, Ballygunge Circular Road, at a cost of Rs. 99 lakhs for accommodating several departments of University College of Science.

The Syndicate, at its meeting recently discussed the building plan prepared by a Calcutta firm. Some members differed in this regard that the estimates for the work were higher than usual and pointed out that the University could have received lower quotations if tenders had been called for.

NEW RAILWAY STATIONS

Three new railway stations, Beliaghata, Park Circus, and Gariahata, will probably be built in the South Section of the Sealdah Division of the Eastern Railway under the electrification scheme. Plans for the stations are being examined by the officials.

According to the statement of the Railway Minister, the schedule for the second phase of the electrification scheme had not been changed.

COMPOSITE STADIUM IN EDEN GARDENS

The plan for a composite stadium in the Eden Gardens, is ready and the construction work will be taken in hand shortly. This was disclosed by Shri Siddhartha Ray, then Judicial Minister, West Bengal Government, to a deputation of the Stadium Demand Committee in Calcutta some time ago.

The Committee was formed in December, 1952, to impress upon the Government the utility and necessity of a football stadium in the city. The sketch of the proposed stadium shows football, cricket, and hockey grounds, and all modern arrangements for athletics.

The historic Eden Gardens in Calcutta which is a property of the Government of India will be given over to the West Bengal Government. In that connection the State Chief Minister, Dr. B. C. Roy told the West Bengal Assembly that views within the knowledge of the Government favoured the construction of a composite stadium in Calcutta.

A NEW REFUGEE MARKET

The Government has proposed to offer a plot of land, measuring 75 kottahs, under the C. I. T. Scheme No. V-M (Re-housing) to start a refugee market. The Board considered the proposal and agreed to the scheme.

AN INTERNATIONAL STUDENTS' HOUSE

The city will shortly have an International Students' House and International Guests' House. They are being built by the Ramkrishna Mission Institute of Culture on Gariahat Road, South Calcutta. This will give a definite impetus to cultural and educational exchanges in the city.

The building is expected to be completed in a few months. It will be developed as a seat of learning where one will get an opportunity to make intimate acquaintance with Indian life and thought. An international forum will be set up

with the help of foreign students and teachers will be given accommodation at the institute.

Foreign students of all categories and even casual visitors from abroad would be able to live in a friendly atmosphere at moderate charges.

Besides, the Institute will have a museum, art gallery, library, auditorium, lecture theatre, class rooms, reading rooms for day scholars.

The Union Government and the State Government have sanctioned Rs. 2.5 lakhs and Rs. 1.6 lakhs respectively, for construction of the building.

Great emphasis has been laid by the Institute on the promotion of comparative study of cultures, ideologies, and the social and economic systems of countries to find rallying points of unity among nations.

NEW DEVELOPMENT OF DHAKURIA AREA

The C. I. T. Board has resolved that the Dhakuria Lake area which has not been developed on a satisfactory plan should be re-developed on a better Plan under a general improvement Scheme No. LXXIV. It has resolved to incorporate, inter alia, the features viz. (1) A sports' stadium with open galleries and pavilion building; (2) public tennis courts and an attached pavilion; (3) an in-door public gymnasium for physical exercise; (4) a separate ladies' swimming pool with the usual appurtenances on the south-east corner of the Anderson Swimming Pool; (5) a composite ladies and gents' swimming pool with segregation of the sexes at the Tollygunge end of the Dhakuria Lakes; (6) an Olympic standard swimming pool (outdoor and open air) with a pavilion and an enclosure; (7) a cafeteria; (8) shelters from sun and rain for visitors; (9) extension of garden, garden paths, better lighting, etc.; and (10) any further improvement on the above lines which the Board may from time to time deem fit to include.

HOUSING SCHEME EXTENDED

According to the State Government's sanction, under Section 27(4) of the Calcutta Improvement Act, 1911, the C. I. T. Board has accepted the lowest tender of Messrs. Builders Bureau of India (Private) Ltd. for Rs. 6.28 lakhs for the construction of the southern half of the quadrangular block of building comprising 42 two-roomed units and 14 three-roomed units under Scheme No. XXXV-R (Christopher Road).

DEATHS AND DISEASES IN THE CITY

During the week ending the 15th March, attacks from small-pox were 23 and 22 deaths in the city, ten of them being imported cases. In the previous week there were 26 attacks and 21 deaths from the same disease.

During the week there were 23 cholera attacks and 11 deaths as against 21 and 9 in the week preceding.

T.B. took a toll of 47 lives during the week under review. Deaths due to Diphtheria numbered 2.

The total number of deaths in the city during the week was 642 as against 622 in the week before.

MUNICIPAL BUDGETING IN U. S. A.

[By R. N. B.]

BUDGETING is a tough job generally undertaken by specialists, experts, politicians and even by laymen with some amount of experiences. It has been said that budgets of Local Self-Government institutions are of simple nature confining mainly on receipts and expenditures. Sometimes grants-in-aid from the State coffers replenish their funds while running on deficit.

To-day new techniques are being introduced in this sphere in Western countries. Unlike County Councils in Great Britain, Municipal Councils in the U. S. A. play a different role where subventions and grants are not so common in balancing their annual budgets. Municipal funds are not so thin there as in our countries, rather they are well-sufficient to start new projects and plans in extending amenities to the citizens. Moreover, public finance in those countries has been distinguished between 'annual budgets' and 'long-term budgets' which primarily concern long-term financial plans represented by forecasted capital 'improvement programmes and long-term progress of operational services.

Though a financial statement is composed of a collection of expenditure and revenue estimates gathered together still it is a statement of specifications of what is to be done or what is feasible to be done with all the resources the Treasury has. Building up a budget involves challenging the entire basis of operations, the suitability of policies, the facilities and organization of departments and so on. At the same time, it is a continuous process running through the whole period. In a democratic constitution it is something more, to establish the budget constitutes the most effective control exercised by the legislative body over administrative machinery. Besides, the City Council gets an opportunity through the budget to judge the adequacy of the proposed operating programmes as well as to establish the level of city services to be extended to determine the basic organization and to review the efficiency of working methods. It can further weigh the desirability of services proposed against the burden of taxes required to be borne by the citizens. Public confidence is also instilled if the budget is well discussed and receives support from all the quarters of any elected body.

PRE-REQUISITES OF A MUNICIPAL BUDGET

In preparing a budget Municipal Councils in the U. S. A. consider the following pre-requisites:—

- (1) An adequate legal basis for the budget process.
- (2) A system of departmental records and reports on volume of work performed.
- (3) A complete and accurate accounting system.
- (4) A long-term programme for municipal services and capital improvements.

(5) A continuous programme of management research devoted to the study of basic elements affecting work programme and operating costs to the analysis of financial resources.

(6) Adequate forms and carefully scheduled procedures for compilation, review, presentation and adoption of the budget.

(7) A comprehensive budget document that includes all revenues and all expenditures of the city government including those from special funds as well as public service enterprise."

Accurate records are maintained in all city departments of the volume of services rendered and work performed under each activity. Reports of the programme are regularly sent to the Chief Administrator, including information on more important work. This system is of essential information for preparing the annual work, programme and for justifying the budget on a factual basis. Great possibilities for economy in municipal operations lie in developing methods for measuring services' needs and efficiency of performances, and for setting up definite operating standards.

Again, in order to build a budget on the analysis of work programme a complete account classification is maintained which records costs separately for each major activity performed. In this regard, cost accounting of budget after its adoption is in a large extent depends on a complete system of budget accounts with provision for establishing quarterly or monthly budget allotments and for getting aside budgeted funds.

As many of the Councils have their capital improvement programmes so also the City Councils have their long-term services' programmes—predicting trends of future recreation, health, fire, welfare and other municipal services. These programmes being accompanied by future higher expenditures and often occasioned by new structures under capital improvement schemes.

MANAGEMENT RESEARCH

Management research includes compilation of and analysis of facts used as a basis of action—an essential for budget requirements. Constant scrutiny of services, operating methods, organization structures and other facilities are parts of budget making. In small cities the Chief Administrator depends on his own resources for research aided by departmental heads' activities for fact collection facilities. In larger cities specialized staff are maintained for the purpose usually attached to the budget agency. Emphasis is being placed on the study of the basic factors to determine budget expenditure requirements which include (a) the services provided, (b) the volume of work required to render services, (c) methods, facilities, and organization for performing work, (d) qualities and type of labour, material, equipment and other cost elements required by the work volume, and (e) price levels of various cost elements.

SERVICE STANDARD

The fundamental factor depends upon the standard of services to be provided. Service standards have a profound effect upon the city's position and upon its public relations as well. At budget making time all these are critically reviewed by the chief administrator. Full information are provided concerning services performed, the results achieved, the probable results and costs of process by not only analyzing the objectives of work but also possible information on the results produced.

Comparison of service levels with those of other cities and with recommended model standards do not always appear to be conducive or conclusive due to the fact that there are variations in local needs and conditions. Standards are no doubt useful but they are more or less arbitrary goals designed to fit in an ideal situation.

SIMPLIFYING PROCEDURES

In order to determine work volume units of measurement should be selected for every activity possible and a definite system of records established to compile the data. Through careful analysis suitable units may be selected for measurement of work volume of many other services.

Other fundamental factors in determining budget requirements are the method, facilities, and organization for performing work. Work methods must be analyzed to establish the proposition of manpower, equipment, supplies, and other aids needed to do the job with the least attention. This should be directed by simplifying procedures and providing labour-saving equipment. Organization structure must be analyzed to determine the most effective way to co-ordinate and to direct the man-power and equipment used. The location of buildings and other structural factors are also equally important in determining cost and organizational structure.

PROPER JOB CALCULATION

The final factor is the price-level of various cost elements in determining budget requirements. Purchasing at the lowest level of prices of the material and equipments offered forms another part. Careful analysis of labour cost represent the most important element and is subject to some management control. Constant attention must be paid for proper job classification and thorough analysis of salary rates. Periodic prenent reviews should be made of job assignments to see that each employee has the proper rate of pay in view of work assignment.

Major changes in salary plans are made only after a thorough study of all factors as (1) prevailing rates in the community, (2) rates paid by comparable jurisdictions, (3) trends in cost of living, and (4) evaluation of possible extra benefits of city employment including sick leave, vacations etc. Sound personnel and pay policies prove a long run economy.

BUDGET CALENDER

Budget making requires careful date schedules—controlling dates of a budget calender is generally set by State laws. City charter or ordinances are made for making dead line dates as to sub-

mission of budgets as well as for setting up the annual property tax levy and rates. In some cities budgets cannot be adopted until a month more after the beginning of the fiscal year.

WORK PROGRAMME

The estimate of revenue, to be included in the budget, always receives the same careful consideration as did expenditures and work programme. The probable amounts received from present rates of taxes and miscellaneous charges are estimated after thorough analysis of collection trends and conditions affecting the yield from each source. If revenues are inadequate to finance the expenditure programme consideration is given to (a) further reduction in expenditures, (b) changes in existing rates of taxes and charges, and (c) adoption of new types of revenue sources.

DATA TABULATION

Each source of revenue requires a different formula in order to forecast a reliable figure to be included in the budget. No source of revenue is estimated solely upon collections of the previous year. Some items are more stable than others but high stability do not always lull the administrator to put that item into the portfolio of rentive estimates. A data sheet to each revenue source for compiling and keeping up-to-date information on collections by months and totals by years is kept attached. Percentages on each month's collection, based on the past three to five years, should be given. Up-to-date tabulation of data indicating local economic conditions and trends should be incorporated under each head. Data on values including information on building construction activity, retail sales, employment and pay rolls and many other common indexes of business activities are also placed there.

There is only one general fund of tax levy for all general operating purposes. A special tax levy may in some years provide too much money and in others not enough. It has also been found that expenditures can be better controlled through proper budgetary measures.

OTHER PAYMENTS

The Budget provides for payment of debt services, pension fund contributions and various special charges not directly involved in departmental operations. Such payments do not require work programme and estimated by the financial officers with detailed supporting information. Even many items classed as fixed and unavoidable are subjected to detailed analysis. Contributions to operations administered by private organizations, other government agencies or special joint authorities are also determined on the basis of complete information.

Transactions on revolving funds and Trust funds include a complete financial plan. Data for prior and current year transactions for each fund are assembled and estimates are prepared for the next year.

Thus the financial aspect of a Municipal Council solely depends upon the feasibility and stability of the budget estimates prepared beforehand. And the country on the other side of the Atlantic has shown a way for fiscal administration causing a less degree of anxiety to the authorities as well as to the citizens than those of in many others.

CITY NEWS PARADE

OBITUARY: Death of Shri Khagendra Kishore Ghosh of Munshiganj occurred at his Taltala residence, on Thursday, the 13th March last. He was 71. He was suffering from cardiac asthma.

A revolutionary in younger days the late Shri Ghosh was a close associate of the late Shri Pulin Behari Das a leader of Bengal revolutionaries.

Perhaps the oldest man in this city and of West Bengal, Shri Sashi Kanta Chatterjee died at his residence on Monday, the 17th March. He was born approximately on March 17, 1841.

At the time of Sepoy Mutiny, he was 16 and was working under an Army contractor at Benaras. He used to tell stories about the first War of Independence to his great grandchildren. A man of strictly regular habits and a teetotaler, the late Shri Chatterjee had no serious illness in his life. He did not lose a single tooth and could read without spectacles.

Born at Naria in Faridpore district (East Pakistan), the late Shri Chatterjee was a non-vegetarian.

JADAVPUR UNIVERSITY'S BUDGET ESTIMATES FOR 1958-59 was presented at the meeting of the National Council of Education on Wednesday, the 19th March with a deficit of Rs. 16.73 lakhs. The entire gap between the revenue earning and expenditure, anticipated in the working of the university's general administration, the working of the College of Engineering and Technology, the College of Arts and Science, and on research activities, is proposed to be borne by the University Grants Commission and the Government of West Bengal, the shares to be borne being Rs. 2.10 lakhs and Rs. 14.62 lakhs respectively.

Under the scheme for increasing the number of students there will have a total strength of 2,448 in 1958-59 as against 1,731 during the current year. The earnings on account of Examination fees of students is expected to increase to Rs. 90,000 as against Rs. 65,000.

Under the Revised Estimates of 1957-58 the total roll of students in the constituent colleges of the University would be 3,000.

The Revenue income of the University from its units in the next year is expected to be Rs. 14.44 lakhs as against the anticipated expenditure of Rs. 31.26 lakhs.

The demand for staff next year will be more than double of the current year. The University has also moved the State Government to help it with a sum of Rs. 1 lakh in respect of additional expenditure for the construction of a College of Arts and Science.

ABOUT 16,000 CANDIDATES appeared at the I. A. Examination in different examination centres in this city under the University of Calcutta which began on Monday, the 17th March. Total number of candidate appearing at the I. A. Examination this year is about 31,000.

About 10,000 candidates sat at the I.Sc. Examination in this city which started from the 14th March last.

For the candidates suffering from chicken-pox arrangements were made in three centres of the city, namely, the R. G. Kar Medical College, the Sukhlal Karnani Hospital and the Ashutosh College.

WEST BENGAL RASHTRABHASHA PRACHAR SAMITI held its Annual Convocation at Raj Bhavan on Sunday, the 16th March. The State Governor, Shrimati Padmaja Naidu, presided over the function. About 300 students, many among them women, received Degrees and Diplomas.

The Governor expressed her disagreement with those who believed that English would continue as the official language in Free India for ever. The Education Minister, Shri Rai Harendra Nath Roy Chaudhuri, delivered the Convocation Address. There was a marked difference in the degree of emphasis the Governor and the Minister put on the importance of retaining English as the official language.

Shrimati Naidu, who spoke in Urdu, said that the people could know each other better by learning each other's language. She mentioned how Mahatma Gandhi sought to bring the people of India closer to each other through Hindi. At the same time, she said that the cause of Hindi would suffer if it was sought to be imposed on non-Hindi-speaking people.

The Education Minister pleaded that with or without Hindi, Sanskrit and English should be recognized as the official languages of the Indian Union. If that was done all doubts and disagreement on the language question would disappear. He would promote knowledge of Hindi as long as the language of the largest group of the Indian people would be in way they were doing through the present educational system and non-official efforts. "But that would not mean that I should like Hindi to trespass into our State affairs or function where Bengali should rule and rule alone", added Shri Rai Chaudhuri.

Dr. Suniti Kumar Chatterjee, a Member of the Official Language Commission, said that the spread of Hindi should be on a voluntary basis. He deprecated the move of the Central Government to try to force Hindi upon its non-Hindi speaking employees by withholding promotion and confirmation on their failure to pass a test in Hindi. This was sure to antagonize people against Hindi.

The Governor distributed prizes to successful students who had passed diploma and degree examinations in Hindi last year and Dr. Shrikrishna Lal of Banaras Hindu University distributed certificates.

ANNUAL BABY SHOW'S prizes were distributed on Saturday, the 15th March last at Raj Bhawan lawn. It was organized by the Indian Red Cross Society. Altogether 18 babies of different categories received prizes.

Shrimati Charulata Mukherjee, who presided over the function, gave away prizes to the babies and Shrimati Chitrita Gupta who was the guest in chief explained the importance of the role of the Red Cross Society in the context of social services. Shrimati Dorothy Roy welcomed the guests on behalf of the Red Cross.

DEMONSTRATIONS IN THE CITY are increasing in numbers gradually. Organized by different political parties, trade unions and others these demonstrations have mainly concentrated their activities in the central part of the city and thus have posed a problem in recent months. Many of them took place near about the Dalhousie Square area where Section 144 Cr. P. C. is in force. Parading of the city's main thoroughfares with banners and festoons formed the main feature of these demonstrations. These have accompanied by either suspension of vehicular traffic on these areas or a complete dislocation of the same resulting in much inconvenience to the citizens particularly the travelling public.

The first one worth-mentioning was held on Saturday, the 15th March last, when a meeting of West Bengal Government employees in Wellington Square, passed a resolution protesting against the Government's attitude towards their demands which included revision of pay scales, an increase in dearness allowance by Rs. 25, permanency of service for temporary employees and revision of service conduct rules. The employees demonstrated earlier carrying posters and shouting slogans. The meeting was well attended.

According to information about 70 per cent. of clerks and 80 per cent. of the fourth grade employees were temporary. Fourteen employees had been discharged on "police reports" without giving any of them a chance to defend himself.

On Monday, the 17th March, over 2,000 refugees were arrested when they tried to push through a police cordon in an attempt to march to Writers' Building. It was one of the biggest demonstrations so far by camp refugees in protest against the Government's rehabilitation policy.

Among those arrested were Dr. Suresh Chandra Banerjee and Shri Haridas Mitra, both M.L.A.s, the President and Secretary of the Sara Bangla Bastuhara Sammelan—the organization which sponsored the demonstration.

About 8,000 people took part in the demonstration. Over 3,000 of them had walked from Burdwan and about 1,000 from Sonarpur in 24-Parganas. Others came from Bagjola, Ghusuri and other refugee camps. They included a large number of women, some with babies in their arms.

Refugees, peasants and bustee-dwellers marched through several important thoroughfares of the city almost simultaneously on Tuesday, the 18th March. They voiced their grievances against the Government and wanted to approach the authorities either at Writers' Building or at the Assembly in violation of the order under Section 144 Cr. P. C.

For breaking through the police cordons over 1,200 people including women were arrested from the east and the south-east corner of Raj Bhavan.

Refugees protested against the Government policy of sending them outside West Bengal, peasants against the food policy and bustee-dwellers against the Slum Clearance Bill being discussed in the Assembly.

Inside the Assembly, the demonstrators' demands were raised by Opposition leaders. Shri Jyoti Basu said that thousands of peasants, refugees and unemployed people had travelled on foot many miles to seek redress of their grievances. He added, according to the tradition of the House, the Ministers would meet the demonstrators.

Some of the demonstrators carried typical village musical instruments and they attracted crowds on pavements.

The demonstrators included about 5,000 villagers, mostly peasants from Howrah, 24-Parganas, Hooghly, Midnapore and Burdwan districts. They passed through some of the main thoroughfares of the city in procession and assembled at the foot of the Ochterloney Monument in a meeting organized by the West Bengal Provincial Kisan Sabha. Many peasants from different parts of 24-Parganas came on foot.

A procession of bustee-dwellers' organizations formed a part of the demonstration. They came to Esplanade from North Calcutta almost simultaneously with the procession of refugees. Led by two Councillors Naren Sen and Satyananda Bhattacharya, the demonstrators shouted slogans protesting against "the Government's policy to abolish bustees" and demanded withdrawal of the Slum Clearance Bill.

About 135 of the demonstrators, including some women, were arrested in violation of Section 144 Cr. P.C. by breaking a police cordon on Lawrence Road. Seven women among them were taken to jail where a Magistrate offered them bail of Rs. 100 each, in default detention in jail custody till 1st April. The others were released shortly after arrest.

Earlier a meeting of bustee-dwellers was held in College Square, where speakers asked the Government to change certain provisions of the Slum Clearance Bill. Shri Hemanta Basu, M.L.A., presided.

On the third day, almost a similar demonstration of refugees was repeated and nearly 500 courted arrest. Earlier they held a rally at Raja Subodh Mullick Square wherein PSP leaders addressed.

About 2,000 employees and workers of Corporation assembled at Raja Subodh Mullick Square on Wednesday, the 19th March and went in procession to the Central Municipal Buildings to submit their grievances to the Mayor. Shouting slogans, the demonstrators entered the courtyard of the Central Municipal Office Buildings, S. N. Banerjee Road when a special budget meeting of the Corporation was in progress. The Deputy Mayor who was in the Chair, requested the Chairman of the Standing Finance Committee and leaders of the two parties in the House to meet them.

A representative of the joint Committee of Corporation employees and workers said that the authorities had not implemented the Award of a tribunal in regard to the revision of grades and 1½ days' weekly leave—an agreement which had earlier been arrived at between the authorities and workers. The Committee further stated that the additional provision of Rs. 10 lakhs for revision of grades in the budget for the 26,000 employees and workers was "meagre" and there was no suggestion as to how the grades were to be revised. The authorities should decide on these issues by March 31.

Councillors K. L. Dhandhanian, Chairman of the Committee, Councillors Ushanath Sen, Deputy Leader of the Opposition and Shri Anil Moitra, leader of the Opposition, met representatives.

Councillor Dhandhanian later told the House that the Finance Committee had agreed to consider the demands and would reach a decision by the 31st March. The 17 unions of employees and workers had agreed to send their suggestions to the Committee by the 24th March.

The workers and employees had many minor grievances which would be looked into by Works Committees formed with their representatives and those of the authorities. Welfare Officers, appointed in districts, would also look into day to day grievances of the workers.

Registration of Carts

NOTICE.

(SECTION 224 OF THE CALCUTTA MUNICIPAL ACT, 1951, WEST BENGAL ACT XXXIII OF 1951).

1ST HALF-YEAR 1958-59

It is hereby notified for information of the owners or keepers of carts including hand-carts, within the jurisdiction of the municipalities of Calcutta, Howrah, Garden Reach and South Suburban that the half-yearly registration of carts under Section 224 of the Calcutta Municipal Act, 1951, for the 1st half-year 1958-59, will commence on and from the 1st April, 1958.

The fee payable for such registration is—

- (a) Rs. 10/-, if the cart is fitted with pneumatic tyre;
 - (b) Rs. 18/-, if the cart is fitted with solid rubber tyre; and;
 - (c) Rs. 40/-, if the cart is not so fitted.
- The relevant provisions of the Calcutta Municipal Act, 1951, are—

(i) That no person shall keep or be in possession of a cart not duly registered under Section 224(1),

(ii) That no owner of a cart shall fail to affix thereto a number-plate, showing the number of registration, as required by Section 224(1),

(iii) That carts not duly registered under Section 224(1) are liable to be seized under Section 227(1).

The owners or keepers of all carts in the aforesaid areas are hereby warned that in terms of provision (iii) above, carts not duly registered for the 1st half-year 1958-59 or failing to carry any number-plate affixed thereon, showing the number of such registration, will be seized on and from the 16th April, 1958.

CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 a.m. to 7 p.m.; between 7 p.m. to 12 a.m. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle 0-15-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

S. M. MURSHED,

Offg. Superintendent S. S. Hogg Market,

Long Live India-Rumania Friendship

RECENTLY, Calcutta has extended warm Receptions to a number of distinguished guests and the CIVIC RECEPTION accorded to the Prime Minister of Rumania, MR. CHIVU STOICA, presented an occasion to be remembered ere long. The occasion was specially marked when the National Anthems of the two countries were sung in presence of so many guests and visitors including the elite of the city. The function was arranged in the Council Chamber, Central Municipal Office Buildings, S. N. Banerjee Road, on Thursday, the 20th March last. It was an occasion when the Indian Tricolour was flown along with the National Flag of that country—three vertical bars blue-yellow-red with insignia in centre, in the Council Chamber. The dais was profusely bedecked with flowers. Rose petals fell on the head of the Honoured Guest when he was garlanded by the city's Deputy Mayor, Shri Keshab Chandra Basu. It was an honour given by one country to a representative of a country situated in another continent and distanced by long range across the oceans and mountains. Still the amity and friendship, that have established between them, would surely bring the world closer together for a common object,—peace in the world. Both the countries have witnessed the hazardous world in the past. Both of them have struggled much for establishing democratic constitutions in their respective countries. And both have promised to direct their resources for the welfare of their respective common citizens. Although younger by two years than India in proclaiming a People's Republic for the country, Rumania promises to be one of the countries where a closed economic planning is being followed. Mr. Stoica took over the charge of the State in the latter part of 1955. Hence the agreements, understanding, treaties and whatever have been entered into by both the countries would surely lead to a common destination, welfare of the people and everlasting peace in the world.

Mr. Emil Bodnaras, Vice-President of the Rumanian Council of Ministers, Mr. Avram Bunaciu, Foreign Minister, and the Rumanian Ambassador in India were present at the function. They were also garlanded by the Deputy Mayor. The Vice-President took the seat on the dais.

The Deputy Mayor, Shri Basu presented to the Rumanian Prime Minister an Address of Welcome scrolled inside a wooden casket and a South Indian bronze lamp-stand with a figure of 'Dipa Laksmi', approximately of sixteenth century made, placed on a Kashmir Walnut Fruit-bowel curved out from a piece of wood. Due to absence of the Mayor, Dr. Triguna Sen, the Deputy Mayor, Shri Basu, read the Address of Welcome. He also conducted the function on behalf of the Corporation.

The visiting Prime Minister stressed the need for having joint aims of both the countries in the establishment of peace in the world. Replying to the welcome address he referred to the joint statement signed by India and Rumania in the recent past in Delhi and said that the people of the two countries were deeply devoted to the aims underlined therein. They agreed that international problems could be solved satisfactorily only through peaceful approach and negotiations.

Accompanied by 25 members of his party the Rumanian Prime Minister reached the city on the 19th March last on the last lap of his visit to India. He was received at the Dum Dum airport by the State Chief Minister, Dr. B. C. Roy, and others. A Guard of Honour was presented to Mr. Stoica there. At a State Dinner in the same night at Raj Bhawan the Prime Minister was the Chief Guest.

CIVIC RECEPTION

OF

HIS EXCELLENCY MR. CHIVU STOICA

PRIME MINISTER OF THE RUMANIAN PEOPLE'S REPUBLIC.

THE MOST HONOURABLE GUEST:

WE greet you Sir, this evening with the offerings of good wishes, affection and reverence spontaneously flowing from the depth of hearts of this Great City of Calcutta.

TODAY, the face of your Motherland is illumined by the glorious morning Sun's unfaded light of Freedom once overcast with the dismal darkness of long night of sufferings and struggles. For aeons, our ancient land India is an upholder of the lofty ideals of Peace and Freedom for all, each and every one. And your people have also confirmed those ideals with an unflinching faith and devotion in recent years. The success has commensurated with much practice. The affinity of these two Souls, which has established a union of faith and idealism, binds our two great nations with an everlasting bond of friendship, indestructible as Soul itself is. In grateful remembrance of this sacred union, this City of Calcutta extends to you its heart-felt greetings and welcome you on behalf of this vast sub-continent of India. Oh Friend! Kindly accept this as an humble token of our hospitality however inconspicuous it might be.

ON the shores of this peninsular sub-continent, it is for long years many nations and many powers have met and blended their individualisms as if two mighty rivers do at the point of their confluence. Let your august visit on the shores of the Bhagirathi bring that union closer and let us consecrate for a common object in the background of modern events. Let the Message of the 'Pancha Shila' the harbinger of Peace and Equality on Earth, be echoed and re-echoed from one end to the other betwixt and between the East and the West.

OUR ancient Scriptures enjoin us to treat our visitors and guests with due reverence of a Divinity as they are said to be clothed with attributes of the Divine Beings. However much might we wish to fulfil our hearts' desire to that extent, we are afraid of our shortcomings as our resources are conditioned by their limitations. Tuned with that great and eternal Message of Love and Peace as a teaching of India, sung by the first saintly poet Valmiki and the great sage Bashistha as observers of scientific truth, it was re-sung in the lyre of the world Poet Rabindranath and propagated by Mahatma Gandhi to the rest of the world. On this day we are christening you with that very eternal Message as an array of musical cup filled with the scented waters of the holy Bhagirathi in that hallowed memory of Deshabandhu Chittaranjan and Netaji Subhas Chandra. Oh Friend! Kindly accept this humble offering and oblige us.

On behalf of Aldermen, Councillors and
Citizens of Calcutta.

TRIGUNA SEN,
MAYOR OF CALCUTTA.

The 20th March, 1958.

Calcutta Carries on Peaceful Reconstruction Work

- SAYS MR. STOICA.

YOUR WORSHIP, DEAR CITIZENS OF CALCUTTA :

FIRST of all, may we be permitted to express our warmest thanks for the reception accorded to us and for the so kind words addressed here to us and to our country.

WE are very glad that during our visit to your beautiful country we have the opportunity to visit this city of Calcutta and to be here with you. We know that this big city of yours is the foremost economic centre in India and weigh heavily in the river trade of your country and at the same time brings an important contribution to the development of Indian culture and science.

WHAT we have the opportunity to see in the city of Calcutta, the last one included in our tour of India, is meant to complete the image and enrich our deeply engraved impressions about India and her industries and her gifted people determined to build for themselves a better life. We will be happy to tell the Rumanian people about what we have seen here about your achievements and we convey to them the friendly greetings of the people of India.

BOTH the Rumanian and the Indian people dedicate their efforts to peaceful construction and to the defence of peace, and represent a powerful factor drawing closer to the two peoples and developing friendship between them. Between the Rumanian People's Republic and that of India good relations, and economic and cultural co-operation have been established benefiting both the peoples and contributing to the continuous strengthening of their friendship. The fruitful results of the talks we had in Delhi with Prime Minister Shri Jawaharlal Nehru as well as with other Indian political leaders make us feel certain that these relations will get stronger and stronger and that they would continue to develop successfully.

DEAR FRIENDS, our era, marked with great scientific and technical inventions, has unharnessed the immense reserves stored up inside the Atom, opens up the brightest prospect for the progress of mankind. On the other hand, if used for purposes contrary to the interests of people, these inventions would cause gigantic destruction and damage. Therefore, the elimination of the danger of a new war and the conciliation of peace represent the fundamental problem of our days, the principal aim of the foreign policy of all peace-loving States. The Rumanian people, and the Indian people are deeply devoted to these aims. As underlined in the joint Rumanian and Indian statement signed in Delhi, they agreed that international problems in various parts of the world can be satisfactorily solved only through a peaceful approach and through negotiations. This stand is firmly taken by all States, the Governments which promoted the principles of peaceful co-existence. In the world there is a growing trend towards negotiations on the highest level and the importance of such negotiations is reflected in the Rumanian-Indian Joint Statement. We express our hope that eventually all resistances and obstructions by some quarters against a high level meeting will be eliminated and that this meeting will actually takes place and on the basis of an agreement among participant countries will bring about decisions to lessen tensions and strengthen peace.

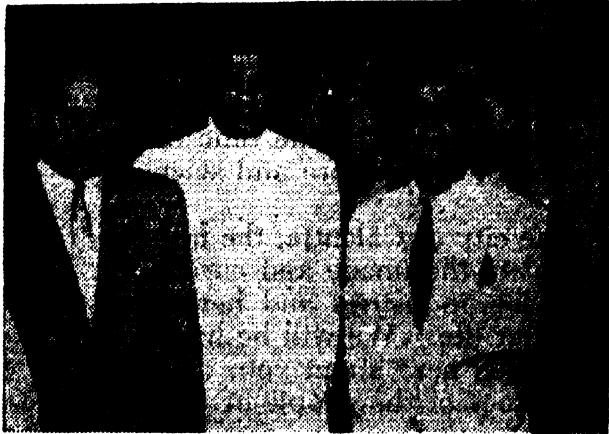

DEAR CITIZENS OF CALCUTTA, to conclude, I shall like to express on behalf of Rumanian people our sincere wishes for still further advances on your part in peaceful construction which you are carrying on, and for an even greater contribution on your part in the flourishing and strengthening of your country.

LONG LIVE PEACE AND FRUITFUL CO-OPERATION AMONG RUMANIAN
AND INDIAN PEOPLE.

LONG LIVE PEACE AMONG PEOPLE.

GUESTS AND VISITORS WITNESSED THE FUNCTION

Just on his arrival on the south-west gate of the Central Municipal Office Buildings, the Rumanian Prime Minister was received by the Deputy Mayor, Shri Keshab Chandra Basu. Councillors U. N. Sen, A. Maitra, the Commissioner, Shri B. K. Sen, were also present there. Mr. Stoica was then conducted

THE DEPUTY MAYOR RECEIVES THE DISTINGUISHED GUEST.

Commissioner, Shri B. K. Sen on his left.

to the Council Chamber by the Deputy Mayor where a packed gathering had been waiting. A large number of important citizens along with several members of the Consular Corps were present. This included the Ex-Mayor, Shri Santosh Kumar Basu, M.P., Shri Manoj Basu, fiction writer, Dr. Kalidas Nag and others. Almost all the members of the House including many of the Corporation officials witnessed the function.

The function was inaugurated with the singing of the National Anthem of Rumania followed by that of India. Thereafter Shri Basu garlanded the honoured guest Mr. Stoica and other members of his

party including the Vice-President of Rumania. The Address of Welcome was read by the Deputy Mayor. The reply was made in English by the Secretary of the Prime Minister. The Civic Address was written in Bengali originally. The English renderings, published elsewhere, was made by Councillor Sen.

The music was provided by the Folk Entertainment Section of the Government of West Bengal. The Rumanian National Anthem was played through tape recording instruments.

The function ended with the singing of the 'Bande Mataram'. Thereafter the guests were entertained at a Tea Party inside the Councillors' Club Room. The honoured guests took their seats along with the Deputy Mayor and other Aldermen and Councillors and officials.

The Rumanian Prime Minister, Mr. Stoica, and the party left the city for Hanoi by air on Saturday, the 22nd March last. After inspecting a guard of honour provided at the airport by the second battalion of the Garhwal Rifles, Mr. Stoica boarded the plane.

Shri P. C. Sen, Food Minister, who accompanied Mr. Stoica from Raj Bhavan to the airport, many other Ministers, the Sheriff, Shri S. C. Roy, Deputy Mayor, Shri K. C. Basu, members of the Consular Corps and the Chief Secretary to the West Bengal Government saw the party off.

CALCUTTA CITIZENS HONOURED

Prof. Satyendra Nath Bose, at present Vice-Chancellor of Viswa Bharati and Dr. Sisir Kumar Mitra of the Science College, Calcutta University, were made Fellows of the Royal Society, London recently.

INCREASED CHOLERA CASES

With the rise in city's temperature there has been an increased number of incidences from the epidemic disease cholera. During the week ending the 22nd March last there were 246 attacks. And during these days the number is on the increase. The number of suspected cholera cases removed to hospital has risen to an average of 50 persons daily from different parts of the city. The number of deaths have risen simultaneously.

The alarming rise in the incidence of the disease was referred to by a number of Councillors when "matters of urgent public importance" were being discussed at a special meeting of the Corporation on Wednesday, the 26th March.

Councillor Dr. Sukhabehari Mukherjee, Chairman of the Standing Health Committee, said that steps were being taken to control the disease. The supply of filtered water in certain areas had been found to be defective. To make alternative arrangements, eight mobile water tanks had been secured, but 16 more were needed.

The Chairman also said that the Corporation had been able to enlist help from student volunteers of different colleges and institutions in the shape of inoculation drive against cholera. At the request of the Mayor, Dr. Triguna Sen the House also made an emergency sanction of Rs. 3,000 to defray conveyance expenses for volunteers newly recruited for the purpose.

Councillor Dr. Lal Mohan Bhattacharyya said that cholera cases were increasing partly because of scarcity of filtered water with the advent of summer. The epidemic control scheme is not producing the desired result. The inoculation drive is not satisfactory, he added.

Councillor Dr. K. P. Ghosh said that in the Manicktalla, Ultadanga and Bagmari areas water from sewers had seeped into service mains. Immediate steps must be taken to provide alternative water supply arrangements in these areas.

Councillor Mohammed Ismail said that in certain areas tube-wells were out of order and unless proper steps were taken to put them in commission people's misery would be increased.

Water scarcity in city has been continuing since the summer set in. Before the day's agenda was taken up on Friday, the 28th March in the weekly meeting of the Corporation some Councillors complained of a fall in the supply of water

in different areas. One of them re-iterated that the pipes in the Manicktalla area, from where a large number of suspected cholera cases were reported recently, had not been inspected properly. Councillor Dr. Ghosh also acquainted the House that the chlorination plant had reached the plague spot the other day only.

Councillor Md. Zakir, Dr. Himangshu Das and others spoke in similar terms. They wanted that water supply problem should be solved without any further delay.

Inquires revealed that about 200 cholera cases occurred in the Behaghata-Narkeldanga-Manicktalla area out of 246 in the entire city. Contamination of filtered water through leakages in the service mains was stated to be the reason for the high incidence of the disease in the area.

Tap water samples collected from this part of the city have been tested and found "unsatisfactory." Such contamination, might be possible when there were leakages in the service mains which ran along or across a surface drain, as most of the mains in the area do.

Deaths from cholera in the area were 28 during last week. These patients, showing symptoms of acute gastro-intestinal disorders were admitted to hospitals as suspected cholera cases.

Measures to combat the disease—chlorination, increased supply of drinking water from mobile tanks and inoculation drive have been intensified in the mean time and it is expected that the violence of the disease would come down soon.

Meetings on street corners and public places are still continuing to arouse public consciousness in this regard.

DEATHS AND DISEASES IN THE CITY

There was an abnormal rise in the incidence of cholera in the city during the week ended the 22nd March when 246 attacks and 46 deaths occurred against 23 attacks and 11 deaths in the previous week. During the corresponding week last year there were 31 attacks and five deaths.

During the week small-pox attacks and deaths declined to 20 and 17 from 28 and 22 respectively during the week before. During the corresponding weeks last year there were 268 attacks and 168 deaths and 199 attacks and 111 deaths respectively.

Tuberculosis claimed 83 lives and malaria three against 47 and none in the preceding week and 42 and four and 92 and two in the corresponding weeks last year.

Deaths from all causes totalled 661 against 642 the week before and 1,000 and 981 in the corresponding weeks last year.

LATE SHRI MRINAL KANTI BOSE

The first death anniversary of Shri Mrinal Kanti Bose, the eminent journalist, was observed in the city on the 24th March.

Under the joint auspices of Indian Journalists' Association and Press Employees' Association a meeting was held at the Indian Association Hall, Bowbazar Street, in that connection. Many prominent journalists and trade union leaders addressed the gathering.

THE CORPORATION *at* WORK

A CIST OF PROCEEDINGS OF A SPECIAL MEETING OF THE CORPORATION HELD ON WEDNESDAY, THE 26TH MARCH, 1958.

MAHAJATI SADAN

The Corporation requested the Government of West Bengal to hand over 'Mahajati Sadan' at 166, Chittaranjan Avenue, to the Corporation for the fulfilment of the wishes of Shri Subhas Chandra Bose, an Ex-Mayor of Calcutta. The decision was taken on a motion tabled by Councillors Kumar Dutta and Raj Satyendra Nath Mitra.

Associated with the names of two illustrious sons of Bengal, the Sadan's building structure is nearing completion by the Government of West Bengal, Public Works Department. It is still under the control and supervision of the Government and a Board of Trustees is going to be appointed soon for its preservation and maintenance.

The plan for erecting a building as a National House in this city was originated in the minds of Shri Subhas Chandra Bose, when he was President of the Indian National Congress. Corporation leased out a plot of land measuring about two bighas to Shri Bose for 99 years in August, 1938, for building up a Lecture Hall, Public Library, and a Gymnasium. The foundation stone of the building was laid in September of that year by the Poet Rabindranath Tagore who named the building as MAHAJATI SADAN.

SUPPLEMENTARY BILLS

Councillor Satyananda Bhattacharyya drew the attention of the House to the hardship of the rate-payers caused by issuing of a large number of Supplementary Bills for arrear rates. He said that in certain cases the amounts of Bill had risen to Rs. 1.26 lakhs for a single holding and in another case the total amount was Rs. 92 thousands.

Councillor Bhattacharyya wanted that the Corporation should look into the conveniences of citizens while issuing such Bills with heavy amounts.

In that connection Councillor Nandalal Banerjee also reminded the House that there was an earlier direction by the House for issuing Rate Bills at instalments instead of for huge accumulations at one time.

The Mayor, Dr. Truguna Sen, assured the House that he would look into the matter.

SHRI RAY'S RESIGNATION SEQUEL

Earlier Councillor Anil Maitra referred to Shri Siddhartha Ray's speech in the Assembly on Monday, the 24th March, stating the causes of his resignation and demanded that an inquiry should be made into the allegations of Shri Ray.

Justifying his demand for an enquiry Councillor Maitra said that as representatives of the citizens they were concerned with food and rehabilitation policies of the Government. Soaring food prices have dislocated the domestic budgets of the citizens. The influx of refugees has gravely strained the civic services of the Corporation, he added.

NEW SCHOOL BUILDINGS

Based on a joint recommendation made by the Standing Education Committee and the Standing Town Planning and Improvement Committee, the House decided to construct buildings for housing Primary Schools at suitable portions of the following three parks:—

- (i) Tallah Park,
- (ii) Congress Exhibition Park, and
- (iii) Deshapriya Park.

These three parks are situated in three different parts of the city, northeast and south.

By another recommendation of the Standing Education Committee the House desired to construct light structures with asbestos roof within an expected amount Rs. 8,000 for a Corporation Primary School House at Bosepukur Road, Ward No. 76.

SHRIMATI PRATIMA BOSE

The House nominated Alderman Shrimati Pratima Bose as a member of the Managing Committee of the Kamala Girls' H. E. School located at Lake Road Extension. This was in compliance with a letter of request made by Lady Pratima Mitter, President of the School Committee.

DR. A. K. BOSE

The House nominated Alderman Dr. Amiya Kumar Bose, as a member of the Governing Body of the School of Tropical Medicine, Calcutta for the next term commencing from the 1st May, 1958.

It may be recalled here that Alderman Dr. Bose was also nominated by the Corporation in the previous term.

CORPORATION REPRESENTATIVES

The House, on the recommendation of the Standing Health Committee nominated Councillor Dr. Sukhabehari Mukherjee, Chairman, Standing Health Committee and Councillor Dr. Kanai Lal Sarkar to represent the Corporation on the Technical Advisory Committee for the Urban Practice Field of the All India Institute of Hygiene and Public Health in the Chetla area in connection with the Development Scheme of Maternity and Child Health Department.

GRANTS-IN-AID TO HOSPITAL

Based on the same recommendation the House sanctioned an amount of Rs. 14,000 only for maintenance of eight free beds in the Astanga Ayurveda Vidyalaya (Patipukur) for the year 1957-58.

ENHANCED CREMATION CHARGES

The House, on the recommendation of the Standing Health Committee, enhanced the charges of cremation of dead bodies at the Mysore Garden Electric Crematorium from Rs. 3 to Rs. 6 only each with effect from 1st April, 1958.

GRANTS TO R. G. KAR MEDICAL COLLEGE HOSPITAL

The House decided to release with immediate effect grants-in-aid to the R. G. Kar Medical College Hospital for the year 1957-58. The grants were withheld subject to report by the Corporation's Hospital Enquiry Committee, set up to investigate into the working of the administration of the Hospital.

CORPORATION'S NEW EMBLEM

A Special Committee was formed to recommend a new Emblem for the Corporation in the perspective after the attainment of Independence. The Committee included Councillors S. K. Gupta, I.C.S., Ushanath Sen, Dr. P. K. Sen Gupta, Mukur Sarbadhikari and Moni Sanyal.

A motion was tabled to that effect by Councillor Dr. Ghosh.

W. H. O. ORGANIZATION

The House requested the Mayor to approach the World Health Organisation, Bengal Branch, with the request for combating mosquitoes and Malaria from Salt Lake areas, Haltoo Union, and also from the added areas to the city proper with their best resources.

This was as a result of a motion tabled in the House by Councillor Nripendra Nath Banerjee. According to him the residents of those areas have been suffering from Malaria every year and poor as they are they can hardly afford any medical expenses to cure themselves.

DOWRY SYSTEM

The House requested the State Government to frame legislation to abolish the dowry system and to take steps to urge the police to prevent crimes in Calcutta and adjacent industrial areas.

URINAL AT BHUPEN BOSE AVENUE

The House, on the recommendation of the Standing Town Planning and Improvement Committee gave an administrative sanction to the estimates amounting to Rs. 70,000 for construction of a Public Urinal at an open plot of land adjoining to the petrol pump, at 128¹/₂, Bhupen Bose Avenue.

DHAPA LANDS

The Corporation appointed a Special Committee consisting of Aldermen and Councillors having legal acumen along with legal experts outside the body to investigate the feasibility of revising the draft agreement with Messrs. Sen & Co. lessee of the Dhapa area, to terminate the lease after the expiry of the present term in 1966.

The decision arose out of a motion, tabled by Councillors Dharendra Nath Bose and Bankim Chandra Sarkar which said that the draft lease passed by the Corporation contained "some terms and conditions which are prejudicial to the interest of the Corporation and the ratepayers of Calcutta."

The Mayor, Dr. Triguna Sen said that as the Draft Agreement had not been signed yet the lease terms could be suitably altered to end the lease in 1966.

Speaking on the motion, Councillor Biman Mitra said that after the last lease expired in 1930 the matter went to the High Court which decreed in 1936 that a fresh lease for 30 years be executed. While the Corporation was getting a nominal rent from the lessees, for dumping of refuse in Dhappa, the later were earning at least Rs. 2 lakhs annually from the land. The Corporation could utilize the land for better purposes and earn much more from it by getting back possession.

Councillor S. K. Gupta, I.C.S., Chairman of the Improvement Trust, said that according to the consent decree the lease could not be terminated before 1966. He said that the Town Planning and Improvement Committee appeared to have gone out of its way to give terms to the lessees in the draft agreement passed by the Corporation better than the consent decree terms.

The Committee had given the option of extending the lease by another 20 years to the lessees instead of to the lessors and had deleted a clause in the consent decree which directed the lessees to give vacant possession of the land to the lessors after the lease ended. But this was denied by Councillor Sur, Chairman of the Committee.

Councillor Nandadulal Banerjee said that the extension of the lease had been contemplated because the Corporation had taken back about 1,000 bighas of land from the lessees but had not reduced the rent accordingly. This money could, however, be paid back and the lease be ended in 1966.

It may be recalled here that earlier a motion was tabled in the House by a group of members including Councillor Mitra. There was a prolonged discussion on that occasion and the Mayor ruled out that motion on certain reasons.

TOLLYGUNGE SQUATTERS COLONIES

The Corporation administration was asked to investigate a motion tabled by Councillor Prasanto Kumar Sur, that the landlords of squatters' colonies had not been included in the list of the rate-payers for those colonies in the recent General Revaluation of that area.

The motion said that the present Calcutta Municipal Act, 1951, might be amended suitably so as to fix the ratio of the occupiers' and owners' shares of the tax of those colony plots.

Corporation's Budget Estimates Passed

THE BUDGET ESTIMATES OF THE CORPORATION FOR 1958-59 was passed on Saturday, the 22nd March last, after a prolonged debate lasting for nearly fifteen hours stretching over four days. On the last day the House discussed it for five hours. Nearly thirty-five members participated in the discussion. Some of them supported the Budget Estimates as recommended by the Standing Finance Committee for consideration, while others saw certain defects and shortcomings in it. Hence as many as fifty amendments were moved in the House by several members in course of their speeches, of which a larger number were referred to the Standing Finance Committee for consideration. Only one amendment relating to the permanency of the Bustee Cleansing Gang was accepted by the House and four others were lost when put to vote. One of them suggested for reduced rates of percentage for the assessment of city's buildings and holdings whose annual valuation did not exceed Rs. 20,000 only. Another aimed at for the sanctioning of an allowance of Rs. 250 per month for each of the Aldermen and Councillors to meet their expenses incurred in connection with Corporation work. The Mayor, Dr. Triguna Sen who presided voted for the amendment.

The Budget Estimates for 1958-59, as originally prepared by the Commissioner, Shri B. K. Sen saw liberal modifications under the Standing Finance Committee. They took thirty-one sittings to go into its details. The modified figures stood at Rs. 803.89 lakhs on the Receipt side and Rs. 821.93 lakhs on the Expenditure side of the Revenue Account. The estimated Opening Balance being Rs. 37.97 lakhs, the Closing Balance has been estimated at Rs. 19.93 lakhs. Similarly, the Loan Fund has been modified with a proposal for raising loans for an increased amount of Rs. 484.25 lakhs. Re-inforced with another loan amounting to Rs. 90 lakhs from the Union Government the Corporation has to undertake development and planning work amounting to Rs. 906.57 lakhs during the coming year.

There was no proposal for enhanced taxation or revision of the existing rates for yielding larger revenues except a minor revision in case of issuing licenses to the Cinema Houses and in few other cases where rates of service charges had been changed. Still there was improvements in budgetary figures due to greater amount of vigilance over the revenue-earning departments and toning up of the administration.

During the course of debate a large number of members criticized the Standing Committee for not allocating increased sums for the under-developed or undeveloped areas while others accused the administration for not spending the allotted sums for specific purposes. Voice was raised to amend the existing Act suitably so that the Corporation finances might be placed in an improved position. A section also demanded shares of certain State taxes now collected by the Government. Lack of co-operation among different Standing Committees as well as among the departmental heads were pointed out by others. There was a general demand that the Standing Finance Committee should spend larger sums for health measures in the city.

On the last day, before voting, Councillors K. L. Dhandhanian and Anil Maitra also spoke. The other members of the Standing Finance Committee did not take part in the debate. Replying to the debate Councillor Dhandhanian, Chairman of the Committee, gave the impression that the Corporation was more sinned against than sinning in so far as its relation with the State Government was concerned. The Corporation had not received a fair deal from the Government. If the Government did not look to the interests of the Local Bodies, it would itself suffer one day politically and economically. Continuing his speech the Chairman said that it was a pity that the Government did not attach importance to the Taxation Inquiry Commission's recommendations. The State Government should have moved in other ways while spending on primary education during the Second Plan period. Nothing had been given to the Corporation. It was beyond the Corporation's financial capacity to provide compulsory primary education, he stressed, while drawing an analogy with the Corporations of Bombay and Madras where State aid has been assured.

Councillor Anil Maitra, as an important member of the Committee also criticized the Corporation administration for non-implementing many of the schemes and projects. The man who actively participated in the Budget discussion also admitted that about 80 per cent. of the increased incomes had been raised from the poor citizens and rate-payers.

BUDGET DEBATE CONTINUES

INITIATING the debate, COUNCILLOR AMULYA CHARAN SARKAR praised the provision for free beds in hospitals, school children's cheap mid-day tiffin arrangements and other items. Although he supported many of the measures embodied in the Budget still he was critical in many others. The procedure followed in Corporation for assessing Bustees in the city, occupied the major portion of his speech. Another point raised by him was that the rebate concessions which had so long been benefitted only the richer section of the community. This had brought hardship to the poor for forcing them to pay interest on their failure to fulfil demands within the scheduled time. On the whole Councillor Sarkar devoted mainly on the general discussion and it was welcomed by all.

COUNCILLOR SUBRATA SEN SARMA

POINTING out some of the pros and cons in the Budget Estimates, Councillor Subrata Kumar Sen Sarma thought that many of the expenses incurred by the Corporation proved wasteful and detrimental to the interests of the rate-payers. He alleged that there was "suppression of facts" in the Budget statement. The amount shown as opening balance, according to him, should have been about Rs. 80 lakhs instead of Rs. 38 lakhs. He quoted instances to show that houses in general had been over-assessed but many others belonging to few favoured persons were under-assessed so far as his knowledge went.

Councillor Sen Sarma then cited specific cases wherein irregularities had been cropped up in the procedure of assessing buildings and houses. Discrimination from regular rental holdings in cases of Cinema Show Houses and several big places was referred to by him.

In course of his speech Councillor Sen Sarma listed out how the following Cinema Houses had been benefitted by reducing the amounts of annual valuation under the present Calcutta Municipal Act, 1951:—

- Shri Cinema—Rs. 18,122 to Rs. 15,869.
- Uttara Cinema—Rs. 30,153 to Rs. 16,123.
- Chitra Cinema—Rs. 31,320 to Rs. 21,183.
- Hind Cinema—Rs. 54,000 to Rs. 41,835.
- Prachi Cinema—Rs. 23,760 to Rs. 10,817.
- Pravat Cinema—Rs. 26,244 to Rs. 10,340.
- Metro Cinema—Rs. 64,800 to Rs. 40,414.
- Minerva Cinema—Rs. 38,800 to Rs. 18,484.
- Roxy Cinema—Rs. 43,200 to Rs. 24,447.
- Society Cinema—Rs. 75,250 to Rs. 40,507.
- Regal Cinema—Rs. 19,440 to Rs. 5,856.
- Elite Cinema—Rs. 91,800 to Rs. 30,780.
- New Empire Cinema—Rs. 61,820 to Rs. 35,120.
- Light House Cinema—Rs. 72,600 to Rs. 48,286.

In that connection he alleged cases of under-assessment in many of the premises in the city namely 40, Hindusthan Park, 84, Dhurramtola

Street, 54/10, Chingrihata Street, 158, Hazra Road, 115A and B, Chittaranjan Avenue, 156, Beliaghata Street, 8, Loudon Street, 10, Ganesh Avenue, 19, Park Street, 51, Clive Street and others.

Continuing his speech Councillor Sen Sarma said that the total valuation of the city properties had been inflated from Rs. 13 crores to Rs. 21 crores without any tangible increase in actual valuation. He disapproved this idea of raising valuation and requested the Members of the House to consider the pecuniary difficulties of the poor rate-payers who had been hit in different ways. In that connection he moved an amendment for reduced rate of percentages in assessing buildings and properties for lower percents of valuations. He pleaded for increased rate of percentages while determining valuations of upper levels. He also wanted to impose taxes on plants and machinery in operation in this city as contemplated in the Municipal Act.

By another amendment Councillor Sen Sarma wanted to economise the expenditures by introducing a system of 10 per cent. pay cuts on certain officers' salaries.

Before conclusion Shri Sen Sarma desired that a five-man delegation should be sent to the State Government demanding shares of many of tax-yields deposited in the State Coffer. Proper assessment of Railway properties and Union Government properties were his other demands.

RAJ SATYENDRA MITRA

COUNCILLOR Raj Satyendra Mitra said that the Standing Finance Committee had tried its best to raise Corporation revenue. What the rate-payers wanted, he said, was that the money allotted under different heads in the Budget Estimates is spent in time to benefit them. If such money remained unspent, Councillors often faced queries from rate-payers.

The Councillor hailing from the under-developed areas pleaded for larger allocations for these areas. He also felt that there should be some amount of discrimination in that allocation in order to maintain the city services at par.

COUNCILLOR GANAPATI SUR

COUNCILLOR Ganapati Sur alleged that Budget Estimates for 1958-59 had been so framed as to benefit those rate-payers only who were residents of the constituencies of the members of the Standing Finance Committee. In framing the budget the outlook should be broad, he remarked.

Emphasizing the need for giving pressure to the State Government for paying more amount in respect of Amusement and Motor Vehicle Taxes, Councillor Sur said that the movement would have been more intensive in this regard.

Councillor Sur pleaded for providing increase emoluments for the staff of the lower grade

Schemes for sinking tube-wells had been formulated since 1952 but those were not executed. While the realization cost of taxes increased from 1½ p.c. to 9 p.c. the collection had not been improved according to him.

Councillor Sur was also critical in pointing out the defects of the present Municipal Act, 1951. He said that the Act could not be suitably worked for the interests of the rate-payers. Even it had failed to deliver any good for the administration of the premier civic institution, he added.

COUNCILLOR DR. K. P. GHOSH

CRITICISING the Budget Estimates Councillor Dr. K. P. Ghosh said that education and health were two important factors in which the Corporation's responsibilities were not being properly carried out.

Councillor Dr. Ghosh expressed concern over stoppage of applying small-pox vaccination and cholera inoculation when incidence of small-pox and cholera was increasing.

He pointed out that most of the Corporation Health Centres and dispensaries were ill-equipped and were accommodated in dilapidated houses. These centres and dispensaries also do not get regular supply of medicine, he said.

As an important member of the Standing Health Committee Dr. Ghosh was doubtful about the extent of health services that could be rendered by the Corporation with the provision of such limited funds. He suggested that the Corporation should discontinue its grants to those hospitals which had not properly utilized the amounts rather ignored the Corporation's directives. The increased fees to be realized from Slaughter Houses would indirectly cause rise of prices in meat.

Concluding his speech Councillor Dr. Ghosh, a long associate of the Health Committee, remarked that the Corporation contribution on public health reached at 6 per cent. of its income in comparison with larger shares contributed by the Corporations of Bombay and Madras.

COUNCILLOR PURNENDU SEN GUPTA

MAINLY devoted on the activities of Town Planning, Councillor Purnendu Sen Gupta pointed out that since the outbreak of the Second World War, the Corporation had not been able to increase the number of parks and squares in the city. The breathing space had not been extended rather it was curtailed by erecting new buildings and sky-scraper throughout the city, he added.

In that respect he accused the Standing Town Planning Committee for not looking into this important aspect of this city life. He wondered how Tallah Park, an extensive open land in the north-end had been occupied by the Calcutta Police causing inconvenience to the citizens.

Before conclusion Councillor Sen Gupta, a member of the Standing Public Utilities and Markets Committee, felt that the staff of the Lighting Department should be recruited from persons

having technical knowledge rather than from lay men without any knowledge on the task they had to fulfil.

COUNCILLOR DR. SUKHABEHARI MUKHERJI

REPLYING to many of the charges levelled against the Committee, Councillor Dr. Sukhabehari Mukherji, Chairman of the Standing Health Committee, said that because of departmental delays many grants had lapsed and still it was due to the efforts of the Committee that there had been larger provision of grants in the next year amounting to Rs. 20,000. This showed that

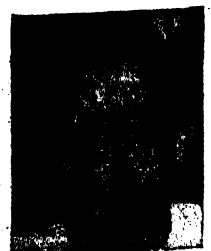

the Committee was alert of the situation confronting the city. The Mosquito Control Department would also be mechanized, he added.

Listing out a number of new additions in health and sanitation measures the Chairman said that during the coming year the establishment of a T. B. Hospital, an Employees' Hospital of 28 beds and two Child Welfare Centres had been planned. The two centres would cost Rs. 20,000 as capital expenditure and Rs. 12,000 as recurring expenditure. The money for most of these schemes had not yet been sanctioned. New vans would be purchased for the Ambulance Service at a cost of Rupees one lakh and extra staff would be appointed to enforce eight hours duty. The Corporation's laboratory needed more staff. The setting up of an Eye Clinic with four beds and modernization of some dispensaries would depend on the availability of funds. The construction of the Maternity Home at Tangra would be completed soon and its working is expected within a few months, added Dr. Mukherji. The Laboratory for food testing would also be expanded.

Councillor Dr. Mukherji, however, did not bypass many of the activities of the Corporation. His target attack on the Education Department was as before on this occasion. He felt that the Department could be run in a more efficient way within its limits. Presenting a vivid picture of the condition of primary education in the city he said that out of about three lakhs of school-going children in the city, 33 per cent. only had attained literacy through Corporation's efforts. 50,000 children attended Corporation schools and 65,000 went to other primary sections of the Secondary Schools. He also said that the State Government's scheme in this regard would receive appreciation as they were spending annually Rs. 5 crores for the purpose. A part should be spared for the Corporation, he felt.

COUNCILLOR MIHIR GANGULI

Councillor Mihir Lal Ganguly, Deputy Chairman of the Standing Accounts Committee, said that the Finance Committee had not consulted the Accounts Committee when formulating the Budget Estimates. Nor had the Accounts Committee been able to find out whether the grants under different heads were properly utilized or not because the Corporation's departments had not co-operated with it.

Thus it had not been able to perform its major function.

Councillor Ganguli further stressed that it was difficult to discover the actual financial position of the Corporation as arrears of accounts had accumulated. Those for 1956-57 had not yet been prepared. No one knew its income and expenditure—and no one would do until its accounts were brought up-to-date.

Shri Ganguli wondered that whenever some expenditure was stipulated it was said that the Corporation had no money. It was learnt from Councillors that during the last six months little money had been spent and little work done.

To protest against this state of affairs the new member apprised the House that the Accounts Committee had expressed the view at a meeting last month that from next year the budget must pass through the Accounts Committee before being placed in the House and the Commissioner must consult it while formulating the estimates. If necessary the Calcutta Municipal Act should be amended to make this procedure statutory. Otherwise the Accounts Committee should be abolished.

Considering that the Finance Committee had discussed the estimates for about 200 hours at 31 sittings the Chairman's statement in this regard "should have been bolder." Lengthy discussions were also taking place in the House. But these were unnecessary as they appeared to be based on assumptions and not on the actual position, he added.

Shri Ganguli said that under Section 127(1)(a) of the Calcutta Municipal Act it was binding on the part of Standing Accounts Committee to supervise the utilisation of budget grants. He regretted that the Committee which had been asked by the Statute to supervise the utilisation of budget grants had no part to play in the preparation of the budget estimates.

DR. P. K. SEN GUPTA

Councillor Dr. Parimal Kumar Sen Gupta said that he had high hopes that the Budget would take different colour through which the true picture of the Corporation's finance would be clearly discernible. He was disappointed that the same *modus operandi* to make a truly surplus Budget as a deficit one had still been followed. The same old story of introducing fictitious opening balance for creation of unnecessary reserve fund through allocation of sums under certain Budget Items which the Executives in the present set up would never utilise, was found in the Budget.

Councillor Dr. Sen Gupta said that any distortion of the picture with a view to change its face was liable to expose one to the risk of public condemnation.

The rich house-owners who constituted 2 per cent. of the total ratepayers, should be taxed more

and the tax rate of the poor house-owners should be lowered, he urged.

Moving an amendment for reduced per centages of Consolidated Rates on holdings Councillor Dr. Sen Gupta said that the rates would be charged as follows:—

- @ 12% for a holding having annual valuation up to Rs. 1,000.
- @ 15% for a holding having annual valuation up to Rs. 3,000.
- @ 22% for a holding having annual valuation up to Rs. 12,000.
- @ 27% for holding having annual valuation above Rs. 12,000.

The amendment was welcomed by the House, but it was ultimately lost when put to vote on the last day.

COUNCILLOR BROJEN BANERJEE

POINTING out some of the short-comings in the procedure and practice of the Corporation activities Councillor Brojendra Nath Banerjee said that Standing Finance Committee should see that the Budget Estimates on different items were utilized for the execution of the schemes within the scheduled time. There was no use of allocating money for certain purposes if those things remained unachieved, he stressed.

Criticizing the allocation of Rs. Five lakhs for Mayor's Anti-Corruption Scheme Drive Councillor Banerjee said that Corporation had not yet finalized any scheme for the purpose. He found no reason for allocating money for it at this stage. He was also frank to disclose that allocation of Budget Estimates was made in such a way as to benefit certain areas. In this connection he mentioned a case wherein the creation of an important post had been delayed for years due to lack of initiative in some quarters while others had little to complain against such grievances.

COUNCILLOR SUSHIL PAUL

PUTTING up many of the grievances of the people living in added areas, Councillor Sushil Kumar Paul strongly demanded larger amounts for those areas. As a member of the Standing Water Supply Committee he said that the enhanced rate of municipal taxation had not been compensated by proper fulfilment of many of the civic services particularly the water supply. The full implementation of the scheme would take at least twenty years to cover the added areas, according to Councillor Paul, if the authorities did not take any initiative at present. He also moved an amendment to that effect which was, however, referred to the Standing Finance Committee for further consideration.

ALDERMAN DR. AMIYA BOSE

Not satisfied with the allocation for proper health measures befitting this vast city, Alderman Dr. Amiya Kumar Bose said that Budget Estimates for the Health Services was inadequate. He pleaded for an increase in the amount on this item. Insufficient staff, non-fulfilment of opening bustee health centres and lack of supervision, he said, were responsible for the failure of Corporation's Epidemic Control Scheme. He stressed the need for providing larger amounts for the purpose.

According to Dr. Bose the Corporation cannot boast itself by spending a meagre sum of Rs. 41.97 lakhs an increase of nearly Rupees Four lakhs over last year's estimates. Even the money if spent would not be utilized to the satisfaction of all due to the methods and practices prevalent in the Corporation.

Alderman Dr. Bose felt that instead of sanctioning grants-in-aid to different hospitals or bearing expenditures on beds maintained in city's hospitals the Corporation should start its own hospitals for infectious diseases and for the suffering T. B. patients. A centralized move was sought for in that case. Drawing an analogy in this regard with the systems in other important cities and towns, Dr. Bose did not find any difficulty in implementing his suggestions. He also said that it was unfortunate that the Standing Finance Committee had turned down many of his earlier suggestions.

Alderman Dr. Bose suggested that at least Rs. 15 lakhs should be provided for the increased pay-scales of the Corporation staff.

ALDERMAN AJIT DUTTA

Referring to the functioning of the Education Department Alderman Ajit Kumar Dutta pointed out that the Department was not imbued with a spirit of doing something noble and great. His experiences as the Chairman of the Standing Education Committee for one year, made him to say that the atmosphere in the department was surcharged with a feeling of frustration and lethargy. Nothing moved and one felt as if nothing could be done. He suggested for selecting an energetic young member of the House with idealism and vision, who could give more time and devotion as Chairman for the re-vitalization of the functioning of the department.

Dealing with the question of primary education, Alderman Dutta said that there was no use of tinkering with compulsory primary education. By taking charge of primary education in the city, Corporation only helped the Government to avoid its responsibility. It was absurd that Corporation with

its limited resources could discharge its duties properly. We should urge the State Government to take up the responsibility of primary education in the city, he suggested.

Referring to the Corporation's primary school buildings Alderman Dutta said that 40 per cent. of them were rented. Most of the buildings were condemned and children were crammed inside dingy, ill-ventilated and ramshackle small rooms. He regretted that money sanctioned in the budget on this item was carried over from year to year but not utilized. He held that the City Architect's ambitious plans were responsible for this.

The Chairman stressed the need for evolving a procedure so that Education Department could take up building its own schools by engaging contractors without waiting for the City Architect to put his plans as clogs to the construction programme.

A planned programme for housing the primary schools in Parks and open spaces by erecting cheap asbestos-roofed houses required to be taken up immediately, further stressed by Alderman Dutta.

Speaking on text books in the Corporation schools Shri Dutta felt that they should be uniform. He also emphasized the need for supplying free books among the students. Instead of providing furniture to the schools he suggested that equipment such as maps, charts, pictures, sport equipments, models and such like should be supplied. He also stressed that adequate teaching staff should be appointed.

Referring to the Law Department, Alderman Dutta emphasized that efficient Law Officers, Assistants and adequate staff were necessary as more and more burden was being shifted to the Department.

Referring to the curtailment of Municipal Magistrate's powers dealing with the cases of Food Adulteration, Drugs and buildings the eminent lawyer remarked that it had resulted in decrease in income of the Corporation. He suggested either the Government should invest them with powers to try other cases or to contribute a portion of cost for the maintenance of the department.

Raising the point of functioning of mobile courts Shri Dutta, an important member of the Bar, regretted that justice was being commercialized. Opposing the system of instituting the suits of Corporation by outside lawyers he said that Corporation had lost a considerable amount by this. He did not support the proposal to entrust the Union Government and State Government solicitors with realization of outstanding bills. He emphasized that Corporation's Law Department should take charge of this and if necessary a Special Officer might be appointed to deal with the cases of Bills transferred to Law Department.

With regard to recovery of consolidated arrear rates Alderman Dutta opined that the process should be earnestly explored and exhausted by the Collection authorities of the Corporation before the Bills were transferred to the Law Department.

COUNCILLOR DHIREN BOSE

DEVOTING his speech on a number of complicated problems faced by the Corporation, Councillor Dharendra Nath Bose could not keep himself in line with his suggestions made on previous occasions. As a Deputy Chairman of the Standing Works Committee, Councillor Bose remarked that many of the allotted amounts had not been spent due to latches and lacks. According to him such unspent amount had heaped up to 40 per cent so far.

Looking into the allocation on Motor Vehicles Department Councillor Bose wondered how an almost similar amount as in the previous years had been provided while the activities because almost doubled in these days.

COUNCILLOR SAMAR RUDRA

DESCRIBING the Corporation's Budget as an Appendix to the West Bengal Secretariat's Annual Budget Estimates, Councillor Samar Kumar Rudra listed out a number of irregularities in the Estimates. He said that in spite of an amount of Rs. 7 lakhs being spent on the Collection Department as establishment charges the Corporation was spending Rs. 80,000 in sending Rate Bills through postages.

Pointing out a number of cases wherein public money was thrown into wastes Councillor Rudra explained that rate payer's share of benefit was worth As. -[8]- while he paid Re. 1]- as taxes. Thus it has resulted much hardship to the middle-class people, he added.

As a member of the Standing Works Committee Councillor Rudra pointed out defects in maintaining stocks in the Central Stores. He felt that a larger amount of vigilance should be enforced on the movement of Corporation vehicles.

COUNCILLOR NILRATAN SINHA

MAINLY devoted on the problems of Water Supply in city Councillor Nilratan Sinha felt that Corporation should fulfil many of the obligations to which it had pledged to. He also admitted that within a limited scope it would not be possible to provide all the civic amenities desired for still there should be an honest attempt to do so. In this connection Councillor Sinha urged that a mass deputation should be sent to the State Government for larger aids.

He was, however, not ready to accept the Budget as it was presented before the House.

COUNCILLOR RATAN MANICK CHATTERJEE

PLEADING that larger amounts could be realized from many of the departments under the Corporation Councillor Ratan Manick Chatterjee wanted to tone up the administration. He said that the city was still full of unauthorized slaughter houses and khatalas wherefrom Corporation might have derived larger revenue.

Councillor Chatterjee also demanded that larger number of cash counters would be opened for the convenience of the citizens in depositing amounts of Rate Bills. He would be happy to find that primary education spread over the city through a net work of Corporation Schools.

COUNCILLOR NANDALAL BANERJEE

OPPOSING the Standing Finance Committee's proposal to levy a new system of service charges on Septic Tanks in city Councillor Nandalal Banerjee said that this would affect the rate-payers mostly belonging to the under-developed areas. The Corporation renders this service without any charge, he added.

Through a fluent speech Councillor Banerjee touched almost all the points requiring attention. He was not happy in starting a Personnel Department as suggested by the Commissioner. He also deplored many other new proposals of the Standing Committee. But what struck him most was allocation of smaller amounts for the added areas in spite of promises made earlier by the authorities. The non-execution of the Outfall Scheme for the Cossipore area disturbed him most.

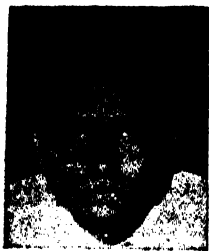

COUNCILLOR DR. L. M. BHATTACHARYYA

A member of the Standing Health Committee for long, Councillor Dr. Lalmohan Bhattacharyya doubted about the success of the Epidemic Control Measures as accepted by the Corporation, unless larger allocations were made to the project. The Budget grant for the purpose including other measures was found to be inadequate, according to him. He was not even satisfied with the workings of the Chest Clinics started under the Mayor's T. B. Control Scheme. Particular mention was made by Councillor Dr. Bhattacharyya about the arrangement of domicilliary treatment maintained by the Tangra Clinic.

Supporting the Budget Estimates, Councillor Dr. Bhattacharyya pointed out some of the irregularities in the administration of the Corporation. The revenue earning departments have not worked up to the mark, as they have failed to fetch a satisfactory level of income, he added.

COUNCILLOR PRASANTA SUR

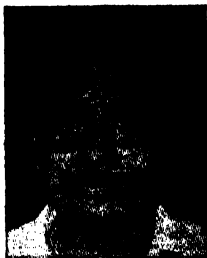

HOLDING a brief for the citizens living in Squatters' Colonies, Councillor Prasanta Kumar Sur demanded that a larger amount of civic services would be extended to those insanitary areas in Tollygunge.

As a member of the Standing Water Supply Committee for long Councillor Sur disclosed many of the defects of the Water Works Department. He said that it was folly ment. He said that it was folly on the part of the authorities not to implement the plans and schemes formulated by a Special Committee of Experts appointed in 1945.

COUNCILLOR PANNALAL DAS

BEWILDERED to find that the Chairman's Budget inaugural speech had not mentioned the problems faced by the Bustee-dwellers Councillor Pannalal Das felt that their lots should be identified with those of other citizens. Himself being a bustee-dweller he accused the administration for not spending the allotted sum meant for bustee improvements during the last few years. The amount could have been utilized for extending minor amenities to those people, he stressed.

Opposing the Budget Estimates, on the whole, Councillor Das criticized many of the Corporation activities. He found fault in many of the departments and he alleged that they were not fully devoted to duties.

COUNCILLOR CHANDRA SEKHAR BHOWMICK

NOT satisfied with the Budget Estimates Councillor Chandra Sekhar Bhowmick looked upon the estimates lacking in many perspectives. He hardly found any brighter prospect in it rather a stereo-typed one.

As a member of the Standing Water Supply Committee, Councillor Bhowmick pleaded for larger allocation on the Water Supply head for immediate implementation of many of the projects lying postponed for long.

COUNCILLOR BAREN DAW

Moving a number of amendments so that Corporation's finance might be replenished Councillor Barendra Krishna Daw made a comparatively lengthy speech in the House wherein he dealt mainly with the Law Department. He listed out the arrears to be realized by the Department amounting to nearly Rs. 70 lakhs. In the circumstances, he did not favour the Collector's suggestion for transferring arrear Rate Bills for about Rs. 24 lakhs, covering 856 cases to them. The Department

had so far realized Rupees Two lakhs annually on that account during these years, said the once Secretary of the Opposition Group.

Councillor Daw also complained in that connection, that the Special Committee appointed by the House to investigate into the workings of the Department, had not yet been favoured with many of the replies asked for. And thus the Committee had faced difficulties to proceed further. Irregularities of almost similar nature were earlier pointed out by the Gurner's Report, Biswas Commission's Report and the Accountant General's Office, West Bengal. While adding this Councillor Daw opposed the system of appointing outside agency in realization of Corporation dues.

As an important member of that Special Committee Councillor Daw was not hopeful about its future findings. Lack of co-operation from the Department was somewhat responsible for this, he boldly asserted.

The lawyer's amendments mainly demanded an imposition of rents on Tramway tracks on city's streets at a progressive rate. Imposition of a Special Tax on Overhead Electric Wires was his second amendment. The third one related to the amendment of the present Calcutta Municipal Act in such a way so that the premier self-governing institution might get exemption from the payment of Sales Taxes. This would be a great relief to the Corporation finances, he felt.

All these amendments were referred to the Standing Finance Committee for consideration.

COUNCILLOR SACHIN SEN

COUNCILLOR Sachin Sen could not identify himself with others who believed that the Budget Estimates as appeared before them, was a deficit one. It was a disguised surplus, according to him. Supporting his argument he quoted actual figures to prove his statement. He also urged that the surplus fund was quite competent enough to meet many of the employees' grievances.

Councillor Sen also moved an amendment whereby the Aldermen and Councillors might get an allowance of Rs. 250/- per month for incurring many of the day to day expenditures they had to meet in obligation as a Member of the House. He thought that the State Government would realise their difficulties in this regard and would agree to that. He informed the House that the proposal had already received the blessings of the Mayor.

ACTUAL CLOSING BALANCES.

	Budget Estimates. Rs.	Cash in Actuals. Rs.
1951-52	14,80,000	80,67,446
1952-53	29,36,000	89,65,239
1953-54	25,33,000	1,09,66,960
1954-55	16,36,000	1,27,26,432
1955-56	14,05,000	1,49,77,786
1956-57	21,03,000	2,21,53,858 (Approx.)

COUNCILLOR CHITTARANJAN CHATTERJEE

The present body politic of the Standing Finance Committee did not satisfy Councillor Chittaranjan Chatterjee, who briefly summarised the activities of the Committee. He said that at least seven hundred resolutions had been referred to the Standing Committee either for implementation or for further consideration by this House but unfortunately a least number received the Committee's attention.

Councillor Chatterjee went far to criticize the procedures adopted by the Standing Committee in modifying the Commissioner's Budget. In the matter of incorporation of many of the new projects and programmes the Committee had not followed proper procedures, he remarked while he supported the Budget.

COUNCILLOR NAREN SEN

CRITICIZING the lengthy speech of the Chairman, Councillor Narendra Nath Sen was critical to discuss the Budget Estimates, presented by the Standing Finance Committee. He made a pointed attack on the irregularities of the Assessment Department in assessing valuations. He supported the amendment moved by Councillor Dr. Parimal Kumar Sen Gupta for reduced rates in assessing buildings particularly of those belonging to the middle-class people or to lower income groups.

Councillor Sen also stressed the need for larger allocations for the under-developed areas. He could not find any reason why there was not provision of funds in the budget for watering streets in those areas. He wanted to refer the Estimates back to the Standing Committee.

COUNCILLOR NRIPEN BANERJEE

EARLY execution of the Panchanyagram Scheme jointly by Corporation and the State Government against floods as well as regularization of Squatters' Colonies for easier assessment of the refugee holdings, were the two main demands made by Councillor Nripendra Nath Banerjee. As an important member of the Standing Accounts Committee he held that many of the expenditures incurred by the Corporation were unjustified.

Councillor Banerjee also suggested that the Corporation should discontinue to deposit Howrah Bridge Taxes to the State coffer so long the Government would not comply with Corporation's request for payment of arrear service charges due long, as a passive resistance method.

COUNCILLOR SHIV KUMAR KHANNA

DESIRING that the Corporation should spend larger sums for constructing new Primary School Buildings, Councillor Shiv Kumar Khanna felt some of the allocations as superfluous and many others were inflated ones.

As an Honorary Magistrate Councillor Khanna felt that the present Municipal Act should be amended in such a way so that the evil of food adulteration might be rooted out.

His suggestions further went towards the implementation of the promised health measures in the city.

COUNCILLOR BIMAN MITRA

THE Chief Whip of the Opposition group Councillor Biman Behari Mitra did not approve the manner of investing Corporation funds. The Standing Finance Committee did not discuss the matter though it scrutinized many things, he alleged. He said that it was not proper on the part of the Chairman to deny his knowledge of the manner in which investments were made in the past. It was difficult to believe that the Chairman of the Finance Committee was quite ignorant about the entire management of the fund by the executives, he added. Pointing out two dissimilar points from the Finance Officer's statement that the Corporation had a list of brokers through whom its funds were invested—yet the same officer had said at another Committee meeting that the Corporation had no list of brokers but that brokers had from time to time approached him and he had invested the funds through them. Councillor Mitra expressed doubts about the efficiency of that department saddled with such responsible task.

Councillor Mitra raised a question that from huge amounts of interest on surplus cash balances one could easily understand the extent of inactivity of the part of the administration.

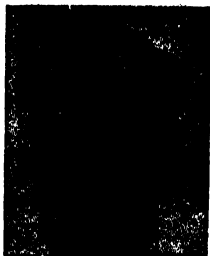

As a member of the Standing Water Supply Committee Councillor Mitra showed how the receipts from the Water Supply had gradually dwindled away due to lack of supervision and others. He cited an example wherein the reduction was about 75 per cent.

LOAN FUND—CLOSING BALANCES

	Budget Estimates.	Cash in Actuals.
1951-52	Rs. 10,000	Rs. 61,87,730
1952-53	Rs. 10,000	Rs. 1,25,96,106
1953-54	Rs. 10,000	Rs. 1,88,88,374
1954-55	Rs. 10,000	Rs. 1,47,88,206
1955-56	Rs. 10,000	Rs. 2,48,15,827
1956-57	Rs. 10,000	Rs. 3,43,91,506
		(Approx.)

COUNCILLOR ANIL MAITRA

SHARPLY criticizing the taxation policy of the Corporation, Councillor Anil Maitra said that in the Budget Estimates an increase of Rs. 1 crore on Consolidated Rates had been shown. He regretted that 84 per cent of the increased income had been raised from the poor people. Councillor Maitra also criticized the Corporation's administration for non-implementation of various schemes for which money had been allotted in the current year's budget. He stressed the need for giving proper attention so that these schemes were executed in time.

Making a perspective outlook on the Budget figures the leader of the Opposition felt that there should be recast of figures on actual work basis rather than mere assumptions. He also felt that Revised Budget Estimates might be placed before the House when the schemes, went in progress and the financial year had advanced. But as such things rarely happened, the old conventions are still followed and thus latches crop up, added Councillor Maitra.

COUNCILLOR K. L. DHANDHANIA

REPLYING to the criticisms made against the Budget Estimates, Councillor Kishorilal Dhandhania, Chairman of the Standing Finance Committee, said that the Committee, while preparing the estimates, considered all the points, put forward by different members of the House and the Estimates had been prepared after due thought and care.

Referring to the point related to the non-execution of schemes in proper time Councillor Dhandhania said that the Finance Committee should not be held responsible for the delay. It was due to difficulty in getting supply of materials required for the execution of the schemes. Similar difficulties were being faced by the State Government.

With regard to the complaints made against the Executives, he said, the days of punishment had gone. What they could do was to ask the officers concerned to explain any adverse observation made against them. If they were found guilty of charges disciplinary action would be taken then only.

Continuing the Chairman said that there was no ministerial authority in the Corporation. They had no power but were held responsible for discharging certain duties for the benefit of the rate-payers. The powers held by Chairmen of different Committees were limited. They could only conduct the meetings and could ask for co-operation both from the members as well as from the executives. Hence he emphasized the need for amendment of certain clauses of the Calcutta Municipal Act, 1951, so that they could discharge their duties for the interest of the rate-payers.

Referring to primary education Councillor Dhandhania who was long associated with Corporation finances, said that Corporation with its limited

resources could do very little in respect of introducing compulsory primary education. They had not also got a single pie from the Government in this regard. The Corporation was not in a position financially to spend Rupees Two Crores per year for imparting primary education. If the Government wanted to introduce free and compulsory primary education by the Third Five Year Plan, it must take this over from the Corporation.

For the present the Chairman urged that the State Government should share a part of the expenditure in imparting education in this city like those of Bombay and Madras.

The other hurdle that the Corporation had been confronting was from the Municipal Service Commission. The State Government, he said, took over certain rights of the Corporation in respect of appointment of officers as a result of which Corporation had been facing much inconveniences.

Councillor Dhandhania also attacked the Calcutta Improvement Trust for its failure to supply underground drains and water to the under-developed areas. He felt that the Corporation's grants to the C. I. T. should be stopped.

The Chairman supported the views expressed by another member that a deputation should wait upon the State Government to move for increased share of taxes in respect of Motor Vehicles and a part of Amusement Taxes for both of which the Corporation had to burden responsibilities. Replying to an early speaker, the Chairman asserted that all the investments made by the Corporation for purchasing share certificates out of its surplus fund had been done wisely and Corporation incurred no loss in such investments.

Criticizing the attitude of the State Government in respect of the inadequacy of funds of the Corporation he said that the Government's attitude towards the Corporation was not fair and legitimate. A day would come, he said, when they would feel sorry for this attitude, both politically and economically. Neither the recommendations of the Taxation Inquiry Commission nor those of the Local Self-Government Enquiry Committee had been accepted by the Government for the interest of the Local Bodies. It was rather 'indifferent and cold' to the Corporation.

The Corporation's contributions towards Howrah Bridge Tax had already been over-subscribed, he said, and demanded that this payment should also be stopped. Profits from running the electric supply and tramway services were being drained by foreign companies, Councillor Dhandhania said and asked if it was not the duty of the Government to nationalise these concerns as was the case with Bombay Corporation.

Councillor Dhandhania also regretted that the Government had imposed an Octroi Duty within this State but not a single pice out of the collection of this tax had been given to the Corporation.

Before conclusion the Chairman, as one of the financial experts, asserted that they had now been able to build up the financial structure of the Corporation in such a way so that there would never be any financial difficulty for the Corporation in future.

(To be continued)

CITY-NEWS-PARADE

OBITUARY: The death of Shri Khagendra Nath Chakravarty, founder of the Kamalalaya Stores Ltd., a well-known departmental stores in the city, took place at his Ballygunge residence on Wednesday, the 19th March last.

The late Shri Chakravarty, devoted himself to learning tailoring business in his early life. Due to his endeavour and practical business acumen the firm became one of the leading stores in the city. He held the diploma of a Master Tailor and was a teacher in tailoring also in the Calcutta Commercial Institute. Under his initiative the firm expanded trade in Africa and a new concern under the name and style of Calcutta Clothing was established. In 1957 he started the Hindusthan Rubber Works Ltd.

* * * * *

Shri Prabhat Chandra Bose, a leading Advocate of the Income-Tax Bar Association, expired on the 22nd March at Zurich (Kantonspital), where he had gone about a month back for treatment under medical advice. He was 67.

Started his profession as a lawyer about 1917 the late Shri Bose devoted himself exclusively to income tax practice. Occupying a position of great distinction in this branch of profession he was elected the President of the Income-Tax Bar Association several years back.

The late Shri Bose was connected with several business concern of repute as well humanitarian organizations.

IRAN'S NEW YEAR DAY was celebrated in the city by the citizens of Iran in Calcutta on Friday, the 21st March last. In the evening there was a party at Scherazade's Grand Hotel, where, among others Dr. H. Pirnahad, Consul-General for Iran in Calcutta, and some members of the Consular Corps were present. In the Iranian calendar, New Year's Day coincides with the advent of spring, and celebrations connected with the occasion date back from Darius. It is observed as a national festival with a week's holiday.

ART IN INDUSTRY'S ANNUAL EXHIBITION was inaugurated by Shri Morarji Desai, the Union Finance Minister, at Artistry House, on Sunday, the 23rd March. The exhibition has great importance as they served to maintain standards.

In his speech, Shri Desai said that India was known for its artistic handicrafts production, ruins of which could be found in many parts of the country. To preserve that artistic sense and help its further evolution were important. India's handicrafts had great possibilities, even in this machine age, because machine production could never match the ingenuity of the handicrafts industry. He pleaded for the infusion of vitality in the traditional art of India since art sometimes tended to be fragile.

In his review, Shri Ajit Mookerjee, Director, Indian Institute of Art in Industry, warned that symptoms of debased consumer taste in every strata of society were already discernible. He emphasized the necessity of aesthetic control together with quality control of technical standards.

ALL-INDIA FOOD PRESERVERS' ASSOCIATION'S Annual Convention was inaugurated by Shri Morarji Desai, the Union Finance Minister, on Sunday, the 23rd March. He warned that the food preservation industry should not expect the Government to subsidise it indefinitely.

The Union Finance Minister, who reminded that the industry had a great future ahead, asked the food preservers to accept agriculturists as partners in industry. Unless farmers took positive interest in the industry its supply of raw materials would not be ensured. He was glad to learn that the Association emphasized more on decentralisation, concentrating on making small units economical. It was a difficult task because it was easier to build up a big industry on a large scale than to decentralise an industry. Nevertheless, it was the right approach, he said.

WEST BENGAL LEGISLATIVE ASSEMBLY'S proceedings ended for the day, on Thursday, the 27th March, amidst scenes of excitement and confusion after debating a no-confidence motion against the present Ministry for over eight hours. The motion was tabled on the 19th March last and was formally moved on the 20th instant by Shri Jyoti Basu, Leader of the Opposition. The signatories to the motion were also the leaders of PSP, Lok Sevak Sangha, F. B., RSP, and S. U. C. Shri Prafulla Ghosh, Shrimati Labanyaprabha Ghosh, Shri Hemanta Bose, Shri Jatin Chakravarty and Shri Subodh Banerjee, respectively. All the leaders took part on Thursday's discussion. The Chief Minister, Dr. B. C. Roy, Shri Bimal Sinha, Minister, Shri Rejoy Sinha Natar and others opposed the motion on behalf of Treasury Bench. The former Judicial Minister, Shri Sidhartha Sanjay Ray, played an important part in that day's debate. Amidst turmoil and uproar scenes accompanied by shouting slogans from both the sides, the Speaker, Shri Sankardas Banerjee, put the no-confidence motion to vote and declared it lost. The excitement was so high that even the Chief Minister could not fully defend the Cabinet against the charges levelled. He was allowed to speak undisturbed for twenty minutes only. The galleries were not only overflowed but also a large number of citizens waited in the Lobby to hear the leaders speak.

Since the resignation of Shri Ray from the Cabinet towards the earlier part of this month the air was thick in the Assembly House due to resentment and confusion among the members. The eagerly awaited statement showing reasons of his resignation was made by Shri Ray on Monday, the 24th March. The Assembly and its over-crowded galleries patiently heard Shri Ray accuse the Government of having failed to take "any appreciable step which could be construed as a serious endeavour" to attain the professed objective during the period he was a member of the State Cabinet. In a lengthy statement stretching over 70 pages of prepared script, Shri Ray dwelt on the activities of several departments of the State Government principally against the administration of the Food, Refugee Rehabilitation, and Relief Departments. He characterized the food policy of the Government as "diabolical" and openly charged the State Government for having violated Central directives with regard to controls on movement and price of food.

Shri Ray pointed out further at his suggestion the Cabinet had appointed a Sub-Committee to remove corruption in the administration. At some length he explained how the Sub-Committee had failed to do anything. His speech was devoted mainly on constitutional points.

Besides, during in one of the recent days, the Assembly was quite unanimous from all sections when it discussed a non-official resolution on the language issue that Bengali should be introduced as the State's official language at an earlier date. A resolution was passed to that effect recommending retention of English as India's official language till any Indian language attained such status as well as adoption of Bengali about a week hence. The State Chief Minister moved the resolution.

CORPORATION NOTICES

To Contractors

VITAL STATISTICS

For the City of Calcutta for the week ending
15th March, 1958.

CITY OF CALCUTTA (TOWN AND ADDED AREAS.)

The total number of deaths registered during the week was 642 against 622 and 613 in the two preceding weeks and less than the corresponding week of the last year by 299. The general death-rate of the week was 11.00 per mille.

TOWN (WARDS 1—27.)

The number of deaths registered during the week ending 15th March, 1958, was 520 against 502 and 504 in the two preceding weeks. There were 10 deaths from cholera against 8 and 16 in the two preceding weeks. There were 22 deaths from small-pox during the week against 20 in the previous week. There were 4 deaths from influenza against 1 in the previous week. The mortality from fevers and bowel-complaint amounted to 11 and 53 respectively against 16 and 55 in the preceding week. The general death-rate of the week was 11.50 per mille per annum.

There were 61 imported deaths. Excluding these, the death-rate of the Town was 10.15.

There were 92 deaths from respiratory diseases against 91 in the previous week.

There were 40 deaths from tuberculosis against 27 in the previous week.

ADDED AREAS (WARDS 28—32 AND TOLLYGUNGE.)

The number of deaths registered was 122 against 120 and 109 in the two preceding weeks. Of these, 1 was from

cholera, nil from small-pox, nil from influenza, 2 from fevers, 13 from bowel-complaints and 28 from respiratory diseases. The death-rate of the added areas was 9.27 per mille.

There was no imported death. Excluding this, the death-rate was 9.27.

There were 7 deaths from tuberculosis against 3 in the previous week.

CALCUTTA'S WEATHER CONDITIONS showed signs of rising temperature for the last few days accompanied by dry and hot spell over the city which is said to be unusual during this part of early summer. Thursday, the 27th March's maximum temperature recorded at 104 degree F or 40 degree C, that is 9 degree F above normal. It was the same as on the previous day. The rise in temperature was attributed by hot wind currents from Bihar and the Uttar Pradesh and lack of Norwesters.

The temperature began to rise since the 19th March last, for the first time this year when the maximum temperature rose to 38 degree C, 4 degree C above normal. The above was maintained for the last few days.

Fair weather with little change in day's temperature was the forecast for the earlier days. No appreciable drop in temperature was expected at least for the later part of this week-end.

SHOPS TO LET

SIR STUART HOGG MARKET

Applications with offers of initial rent for the privilege of occupying the undermentioned stalls on rents noted against each are invited and will be received by the Superintendent in the Market Office daily between the hours of 11 A.M. and 1 P.M. PHENEOL LAMP BRAND

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

A POWERFUL DISINFECTING FLUID

—DISINFECTS—

Drains, Cess-pools, Hospitals, Sick-rooms,
Lavatories and every place where Dirt and
Disease Germs are likely to lurk.

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Re. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

S. M. MURSHED,
Offg. Superintendent. S. S. Hogg Market.

MAYOR'S STATEMENT

On the eve of holding the Thirty-Seventh Ordinary Meeting of the Corporation, on Friday, the 28th March last, the Mayor, Dr. Triguna Sen, made a statement in the House infiltrating a spirit for refreshed work and to regain energy in the Corporation work. Referring to the appointment of different Special Committees to look into the working of various departments the Mayor, Dr. Sen felt that irrespective of who was Mayor, the suggestions could be implemented provided

NOTICE.

The 'CALCUTTA MUNICIPAL GAZETTE' will not be published on the 12th April on account of the Bengali year-ending holidays.

The Market Prices current will, however, be issued on this date.

The next issue of the 'Gazette' will appear on the 19th April, 1958.

Aldermen and Councillors were united and meant business. He also hoped that the Committees' suggestions would be implemented before he left office but everyone he had consulted was of the opinion that the work was so big and complex that it would take a considerable time to complete the findings. The full text of Dr. Sen's speech is given below:—

Acting on your suggestions, co-operation and advice, I appointed fifteen different

Special Committees to look into the working of the various departments of the Corporation and to suggest means as to how the departments could function in the best way most efficiently and most expeditiously in the service of ratepayers. In my impatience and will to see quick results, as I wished the suggestion to be implemented before I left office, I am grateful to the members who had been devoting plenty of their time and energy, which perhaps they could ill-afford to spare, to study the workings of the departments and to evolve a good and efficient *modus operandi*. I have discussed with Sir Biren Mookherjee, Sir J. J. Gandhi, Councillor S. K. Gupta, Aldermen Ajit Kumar Dutta, and G. Basu, and others. Everyone of them was of the opinion that the work was so long and so complex that it would take them considerable time to complete findings. Some of them found that efforts had been made in the past and directives issued for improved working in a few departments but no serious attempt had ever been made to execute them.

I also feel that whoever be the Mayor, the Aldermen and Councillors are united and mean business, we can see the implementation of the employees' grievances as well as ushering in of a new era of work and activity in the Corporation.

We hope that the Mayor's dream would come true and the Corporation would run in better way.

THE CORPORATION at WORK

A GIST OF PROCEEDINGS OF THE THIRTY-SEVENTH ORDINARY MEETING OF THE CORPORATION HELD ON FRIDAY, THE 28TH MARCH, 1958.

LAND FOR INSTITUTE OF MEDICAL PHYSICS

The Corporation leased out a plot of land measuring about four bighas at 89, Narkeldanga Main Road, in Ward No. 88, to the Institute of Medical Physics for construction of a building of the Institute. The lease was meant for a period of 99 years from the date of possession. Among other conditions laid down in terms of lease, were payment of an initial rent of Rs. 101/- per annum plus Corporation taxes and incorporation of Corporation representatives in the Institute's Committee of Management. Besides, the Institute had been asked to obtain permission of the Corporation authorities' sanction for construction of the Institute's building within two years from the date of sanctioning the lease. The building would cost at least one lakh of rupees.

The sanction was earlier recommended by the Standing Town Planning and Improvement Committee.

LAND FOR STUDENTS' HEALTH HOME

The House, on the recommendation of the Standing Town Planning and Improvement Committee, leased out five kottahs of land, on Lower Circular Road, near Moulali, to the Students' Health Home on a nominal rent of rupee one per year subject to certain terms and conditions. The land would be utilized for construction of an outdoor hospital and office building. The period of lease has been extended to 99 years. The lessee has also been authorized to construct a building worth rupees one lakh only. By another term of agreement the building has to be equipped with medical instruments and implements for an up-to-date Polyclinic. The Home would have to arrange free medical examination and advice for the Corporation Primary School children in respect of chest and allied diseases. Three members of the Corporation would represent in the Working Committee of the Home. There were other conditions also.

AMENDMENT TO C. M. ACT, 1951

The House, on the recommendation of the Standing Finance Committee, approached the Government of West Bengal, for amendment of the present Calcutta Municipal Act, 1951, regarding payment of Corporation dues by the Calcutta Improvement Trust in respect of C. I. T. Schemes.

The House further requested the C. I. T. to make an on-account payment in respect of their schemes pending the amendment of the Act.

DR. ANIL MUKHERJEE AS HEALTH OFFICER

The House permanently appointed Dr. Anil Mukherjee, M.B., (Cal.), D.P.H., (Lond. & Cal.), D.T.M., as Health Officer, to Corporation, in the grade of Rs. 1,000—1,500 plus a Motor Car Allowance of Rs. 150/- per month, subject to the service

regulations for the principal Officers of the Corporation. The appointment was recommended by the Public Service Commission, West Bengal.

Dr. Mukherjee has been in the Corporation service for the last twenty years. He had been the District Health Officer of IV and II lately.

PLAY-GROUND IN TANGRA AREA

The House, on the recommendation of the Standing Town Planning and Improvement Committee, gave administrative sanction to an estimate amounting to Rs. 1.8 lakhs for acquisition of lands measuring approximately 13 Bighas 8 Kottahs on Chingrihata Road and construction of a play-ground. The sanction was given in modification of a previous sanction obtained for construction of a park at Hughes Road (now Govinda Khatick Road).

TAKING OVER A PASSAGE

The House, on the recommendation of the Standing Town Planning and Improvement Committee, decided to acquire a private passage on Bonomali Chatterjee Street under Section 875 of the Calcutta Municipal Act for building up a public passage.

A 25 FT. ROAD ALIGNMENT

Based on the same recommendation, the House gave administrative sanction for acquisition of land measuring about 10 kottahs for opening a 25 ft. wide public passage connecting Baniapukur Road and Lower Circular Road.

A ROAD EXTENDED

The House, on the recommendation of the Standing Town Planning and Improvement Committee, extended Bepin Pal Road, Ward No. 64, up to Satish Mukherjee Road, and sanctioned a sum of Rs. 10,000 for acquisition of land measuring about two kottahs including structures at 28/2A, Nakuleswar Bhattacharjee Lane.

NEW PASSENGERS' SHELTERS

The House, on the recommendation of the Standing Town Planning and Improvement Committee, allowed the Director of Operation, Directorate of Transportation, Government of West Bengal, to erect passengers' shelters at (1) the junction of Gariahat Road and Rashbehari Avenue, and (2) the junction of Gol Park in Southern Avenue, subject to certain terms and conditions.

TAKING OVER ROADS

Based on the recommendation of the Standing Town Planning and Improvement Committee, the Corporation took over a 20 ft. road constructed by Messrs. East India Housing and Land Developing Trust Ltd., at 128/1, Hazra Road for the development of the premises subject to compliance of certain requisitions by the Corporation. This taking over was

covered by Sections of the Bengal General Clauses Act, 1899.

CORPORATION FREE BEDS

The House, on the recommendation of the Standing Health Committee, prescribed the following terms and conditions for maintenance of eight beds in the T. B. Annexe of the Astanga Ayurveda Vidyalaya (Patipukur) termed as 'Calcutta Corporation Free T.B. Beds':—

(1) Arrangements for proper nursing and minor surgery of the patients occupying the Corporation free beds shall have to be made by the hospital authorities.

(2) The rate for maintaining the beds at Corporation's cost viz., Rs. 1,800 per bed per annum, shall include free supply of all medicines and free supply of nourishing diets to the patients. Out of these beds two will be reserved for female patients. Skiagrams and Pathological examinations, as and when necessary, shall also be done by the hospital authorities without any additional charges.

(3) Patients shall be admitted in Corporation beds, on the recommendation of the Standing Health Committee or an Advisory Committee or a Selection Board that may be appointed for the purpose from time to time.

(4) Vacancies in the beds whenever they occur, should be reported by the hospital authorities to the Health Officer immediately.

(5) No patient will be allowed to occupy the Corporation bed for more than a year normally. Sanction of the Standing Health Committee will be necessary for further retention of the patients, if advised for surgery purpose.

(6) Maintenance charges shall be paid by the Corporation to the hospital authorities in four instalments during the financial year, for which it becomes due.

(7) There shall be three Corporation representatives in the Governing Body or in the Managing Committee of the Hospital.

(8) The Hospital authorities shall have to maintain a Patient Register exclusively for the Corporation beds with records of admission, duration or stay and discharge of patients, separately for each.

(9) The Hospital authorities shall have to submit Annual Report with statement of Accounts certified by a Registered Auditor to the Health Officer in connection with payment of the maintenance charges.

NEW MACHINERY

The House, on the recommendation of the Standing Works Committee, sanctioned an Engineer's estimate amounting to Rupees Two Lakhs for supply and installation of one additional Storm Water Electric Pump with accessories at Ballygunge Drainage Pumping Station.

UNEMPLOYMENT PROBLEM

The Corporation through a resolution drew the West Bengal Government's attention to the increasingly grave unemployment problem in the

city and in other areas of the State. The resolution suggested that the State and Central Governments should take necessary steps to ensure employment for all able-bodied persons according to their ability, education, and experience.

Sponsored by Councillor Nrpendra Nath Banerjee, the resolution stated that it should be found out whether any office in West Bengal had retrenched Bengalees and appointed non-Bengalees instead and whether mercantile offices were retrenching Bengali assistants on the plea that the Union Government had not issued licences for the import of essential commodities and medicines which were not manufactured in India.

PAVEMENT OF ROADS

Based on a recommendation of the Standing Works Committee, the House sanctioned the Engineer's estimate amounting to Rs. 1.87 lakhs for asphaltum pavement of roads under C. I. T. Scheme Nos. XLVII and XLVIII.

HOSPITAL FOR EMPLOYEES

Based on a recommendation of the Standing Health Committee, the Corporation selected a plot of land at 59, Christopher Road, measuring about one Bigha, 15 Kottahs as site for building up a General Hospital for Corporation employees. It further requested the Committee to prepare a comprehensive scheme for the same.

A controversy arose in the House as to building up of a general hospital in absence of modern treatment arrangements for specific diseases as was the case. A suggestion was also made for the utilization of one of the existing well-equipped hospitals where such facilities were available. Another suggestion came from Councillor Dr. Kanadal Sarkar who wanted that the Corporation should negotiate with the authorities of the National Medical College for obtaining permission for occupation of the Calcutta Medical School's Hospital at Lower Circular Road. Councillor Dr. P. K. Roy Chaudhury, a former Chairman of the Standing Health Committee, also related how a negotiation of this nature had failed due to the unwillingness of the said hospital's present authorities.

REVISED RULES OF DISINFECTION

The House, on the recommendation of the Standing Health Committee, approved a draft of the revised 'Rules for Guidance' for disinfection of articles at the Corporation Central Disinfecting Station at Lower Circular Road, Entally.

The draft rules are required to be further approved by the Government of West Bengal.

NIRMAL HRIDAY

Based on the same recommendation the House sanctioned the continuance of a treatment centre known as 'Nirmal Hriday' located in the Rest House at 251, Kalghat Road, for a further period of six months with effect from 1st April, 1958, on the existing terms and conditions.

A lump sum grant of Rs. 1,000/- per month was also sanctioned to Mother Teresa of the Mission of Charity for the maintenance of the same.

Budget Debate Continues

COUNCILLOR DR. SUDHANGSU KUMAR SETT

DESCRIBING the budget as 'a sum total of the accumulated proposals for schemes, directions of the different Standing Committees, and wishes of individual Aldermen and Councillors', Councillor Dr. Sudhangsu Kumar Sett admitted that the Corporation lacked in many respects of the fulfilment of those wishes. 'However hard we may labour and we may strive, unless the Calcutta Municipal Act, 1951, is amended substantially in the light of past experiences the rate-payers' interest would not be served through,' added Dr. Sett.

Councillor Dr. Sett favoured the idea of transference of Budget amounts such as from the Revenue Fund to the Loan Fund or from funds allotted for one specific purpose directed to another project for quick execution and earlier implementation of many emergent work.

Councillor Dr. Sett also appreciated the Standing Finance Committee for many of its new methods and systems in modifying the Budget Estimates. He also pleaded for complying many of the needs of the Borough Committees from the Loan Fund.

COUNCILLOR TULSI PAUL

POINTING out many of the irregularities in the administrative work of the Corporation, Councillor Tulsi Charan Paul urged the need of allocating funds on constituency basis so that 'the amount for each constituency be spent in civic services on the advice of the local Councillor.'

Councillor Paul also suggested that counters for collecting License Fees should be opened in District-wise basis for the convenience of the license payers. The collection counters have much benefitted the rate-payers in this regard. He wanted that proper methods should be devised for the disposal of market refuse which were being executed on dual control both by the License and the Engineering Departments simultaneously.

Before conclusion, Councillor Paul also said: 'It is undeniable that the Corporation employees in subordinate ranks are poorly paid. And it should not be our defence that this is not a profiteering institution and that we have little money to pay them.'

COUNCILLOR BADRIDAS BURMAN

EXPECTING a planned budget instead of the present one, Councillor Badridas Burman was disappointed that Corporation did not care to look into the provisions of the Five-Year Plan for Rs. 45 crores presented one-time by the then Chairman of the Standing Finance Committee Dr. Amar Nath Mukherjee. This non-compliance might have resulted in delay to fulfil of the projects.

Even a simple task like pipe-laying work in many of the important areas has not been undertaken by the authorities, he added.

'Undoubtedly, it has placed before us the problem of what Calcutta would be in the near future. It is time that no great work can be done without co-ordinated efforts of all with their full conviction as the benefit will be more far-reaching one. The primary and responsible duty of this Corporation is to preserve the health and sanitation of the people. Adulteration of food-stuffs is the serious menace which should be eradicated at any level,' stressed Shri Burman a Councillor of long standing.

COUNCILLOR KUMAR DUTT

A member of the Standing Buildings Committee, Councillor Kumar Dutt strongly attacked the Water Works Department for not implementing many of the projects. He also wanted that old and outmoded plants and machinery should be replaced by newer ones.

In the context of the present economic situation Councillor Dutt did not favour the improvement activities undertaken by the Calcutta Improvement Trust. He pointed out the difficulties faced by the permanent residents when a new project of the Trust was undertaken in a congested area.

Councillor Dutt also felt that the Corporation with State Government's aid should start House Building Schemes to benefit those homeless as well as the employees and other middle-class people.

DR. ARABINDA DAS GUPTA

POINTING out that there were still untapped resources of the Corporation, Councillor Dr. Arabinda Prasad Das Gupta demanded that Corporation should make hard labours to replenish its finances.

Councillor Das Gupta, once a member of the Standing Health Committee, felt that separate free beds should be set apart for the employees in city's hospitals receiving grants-in-aid from the Corporation. As an experienced medical practitioner, Councillor Dr. Das Gupta wanted that the fell disease of Typhoid should also be included in the fold of epidemic diseases control measures.

Stressing the need for larger civic amenities for the Tollygunge people Councillor Dr. Das Gupta wanted that the Nikashi gang of the Corporation should be made permanent so that their services might be utilized effectively. Besides, Tollygunge and Cossipore should be made two additional districts, he pleaded.

Councillor Dr. Das Gupta concluded his speech with an amendment that the unspent balance of the provision under B. I. No. 90B to be released by the Borough Committee in one year should be transferred to the next year for the interest of the rate-payers and to extend amenities to them.

SPECIAL ARTICLE

THE FUNCTION OF LOCAL GOVERNMENT

"What would be lost if the whole panoply and paraphernalia of Local Government were scrapped next week, and the whole administration of the country undertaken by local agents of Central Authority?"

This question, put up by Sir John Wolfenden to the Association of Municipal Corporations two months ago, has not yet been given the notice it deserves. On the eve of a major Local Government Bill it is worthy of serious, dispassionate consideration. That it should be asked at all is a portent to be pondered still more seriously.

TAKEN FOR GRANTED

Local Government has been taken for granted as part of our constitutional furniture. It is not until long after great-grandfather's oak side-board has ceased to serve the purposes for which great-grandfather acquired it that it occurs to one of his descendants to ask: "Why do we keep that thing?" Our first reaction is defensively emotional. "that thing" is an antique, an heirloom, steeped in sentimental associations; the place would never be the same without it. But because the question is so belated, the mere asking of it has removed the main reason for the heirloom's survival. We are no longer unaware that there are, and have been for years, attractive and sensible alternatives to keeping it where it is, and unless it proves readily convertible to a contemporary use its days are numbered. The next time the question arises it will go to the attic—or the saleroom. So it may well be with our Local Government. To foreign students of public administration our unthinking tendency to go on regarding local councils as the proper bodies to manage major services has long seemed quaintly nostalgic. We have ourselves had enough experience of administration by local agents of a Central Authority to recognize the justice of Sir John's contention that they are not necessarily less sympathetic than Local Authorities to local needs, and can be just as good from the point of view of sheer efficiency. It is not on such grounds, nowadays, that the retention of Local Government can be justified. What, then, should we lose if it were scrapped?

MUCH LOST ALREADY

We should lose a great deal—but a great deal less than would have been lost if we had scrapped it 40 or 50 years ago, because so much of its value has already been dissipated. To quote once more from Sir John's address:—

"Is Local Government in danger of ceasing to be government at all? Is it in danger of becoming instead simply a system of local administration of national policies? I have a horrid feeling that even in the form of a question this suggestion provokes in some quarters a cynical laugh and the disillusioned answer: 'Is it in danger of? It's happened.'"

The metamorphosis is not yet, in fact, complete, but it has gone far enough to be irreversible by the organism's own exertions. And the farther it goes the less there will be to choose between Local Authorities and the local offices of national departments. Local councils are increasingly content to behave as agents of the State, rather than as independent polities, serving as its junior partners in matters of national concern but bearing the primary responsibility for social welfare and collective action in local affairs. Their members are now inclined to complain less of instruction from Whitehall than that Whitehall's instructions are not clear; less of their dependence on Government grants than that the grants are inadequate. Their loyalty is not so much to Local Government as to their own administrative unit. The first loyalty of a Local Government official, who is fortunately free to move from one unit to another, is to his own service, but he modestly disclaims an independent voice in its organization. Departments of State, though anxious that Local Government should relieve them of some minor management decisions, are jealous of their policy-making prerogatives. All they want is to improve its effectiveness as a public convenience.

THE REAL CULPRITS

What of the citizen? Would all this have happened if he had raised his voice against it? And if he does not care, does it matter that it has? Perhaps not; but public apathy is as much a consequence as a cause of the trouble. The real culprits are the successive Ministers by whose default a nineteenth-century structure of Local Government has been allowed to lose all congruence with the rapidly-changing facts of twentieth-century life. Social and technical progress has enormously extended the scope and scale of the services requiring local administration, but the whole range would still be well within the competence of Local Government, organized on a two-tier basis, if its administrative units had been adapted to the still more radical changes that have taken place in the pattern of human settlement and social habits. It is hardly surprising that a structure which is still based on the historic country towns, rather than on the centres of the conurbations that straddle the historic country boundaries, and assumes that motor vehicles and telephones have done nothing to integrate the small town with the surrounding countryside, should have ceased to excite the interest and loyalty of the average citizen. Only the Minister of Housing and Local Government, with the vocal support of those disinterested people who feel concern for the fate of local democracy, can break the vicious downward spiral. If, in deference to the Local Authority Associations, he is content to tinker with the existing structure, his forthcoming bill will be a post-dated death warrant for Local Government. We shall know too late what we have lost.

—A REJOINDER

THE question posed by Sir John Wolfenden as to the effect of the complete scrapping of the Local Government that we know and the substitution of local agencies of the Central Government is evergreen and worthy of the closest examination. The proposed Local Government reforms, at present restricted to South of the Border, are the obvious outcome of the well-known policy of trying to adapt what is to what ought to be, described by the author of the article as tinkering with the existing structure. The practical difficulties of doing otherwise are, however, so great that little blame can be attached to a Government which fails to grasp the nettle; it is in their failure to establish the facts upon which to found a rational system of Local Government that criticism lies. Some of the factors which might be considered impartially are suggested below.

APPROPRIATE FUNCTIONS

Our present structure of Local Government involves the carrying out of a multiplicity services, many of which could clearly be dealt with by Central Departments of State. The reasons for the devolution of local functions are partly historical, partly financial, and partly due to a genuine belief that Local Government is intrinsically a good thing and must be given work to do if it is to survive. The importance of each factor is relative, and varies from time to time. For example, the return to Local Authorities of the fire services can hardly be said to have increased the efficiency of brigades—there has been a far too meticulous central control for Local Authorities to take much credit—but there was a distinct exchange of financial burden from the Central Government to Local Government.

The loss of public assistance and hospitals, both of which were local services in which considerable expertise had been obtained by members and officials, was caused by the creation of a larger framework within these functions were to operate, but there was no more reason to remove from local control than to leave them there; after all, much of the local Health Service is with the Local Authorities, and it has frequently been suggested that the Hospital Service should revert. It would not be hard to justify, in theory, the transfer of education to the Central Authority. In fact, there is little discernible logic in the choice of functions which the Central Government has placed in the hands of Local Authorities.

AREAS

The basic difficulty lies not in the functions, but in the administrative areas over which Authorities exercise those functions. There are many local services which, superficially at least, are ideally adapted to performance by the Authority for a borough or urban area; this is not to say that a larger area would not be feasible, or even cheaper, but that there is a natural minimum unit area for administering those services. When the areas of County Councils are considered, and these are the major Authorities of to-day, the relevance of the

county boundary to the service is dim indeed. In education, the catchment area is seldom the county, for the fire service, this fact has been realized in legislation and compulsory combination insisted upon, but the resulting areas are not necessarily the best for this service if considered on its own.

It was once thought that the days of the 'ad hoc' Authority were over and, as a general panacea for local ills there is no doubt that they are, despite their recrudescence in the post-1945 legislation. In their absence, local services must either be carried out by Authorities whose administrative areas represent a compromise or by agencies of the Central Authority.

OBJECTIVE CRITERIA

The objective criteria for estimating the ideal size of an Authority, having regard to the services it is deemed desirable to place with it, are few and imprecise. In fact, apart from a very small number of academic investigations, our knowledge of the subject is almost nil. The minimum population for an English county borough has varied over the years; even the latest proposals have dithered in the conurbations from between 125,000 and 100,000. The delegation to the larger minor Authorities proposed in the Local Government Bill rests upon a minimum population of 60,000. Where have these figures come from? Unfortunately, not from an impartial investigation into the proper size for such Authorities, but as a result of haggling among the Associations of Local Authorities. The answer could have been 50,000, or 75,000 with as much chance of hitting the right number.

The Curtis Report on Deprived Children advocated a minimum population for proper utilization of the abilities of a children's officer. This meant that the larger Authorities were given duties under the Children Acts, irrespective of whether the right number was attained; to do otherwise would have been impracticable.

In my opinion there is a great deal of work to be done on this aspect of Local Government, and it should not be delayed further. If, as a country, we decide to continue the present structure, modified as it may well be, we should have a good idea of the price we are paying as ratepayers and taxpayers for the privilege. Without this information it is impossible to assess the benefits which might accrue from the adoption of some of the proposed changes: two-tier basis generally, regional administration, central agencies, and so on.

LOCAL INERTIA

Sir John Wolfenden went on to suggest that there was a danger that Local Government was becoming a system of local administration of national policies, and that some would say that this already was so. There is, of course, a germ of truth in this suggestion, but the case is surely commonly overstated. Part of the present central-local disagreement results from the post-war expansion of the Welfare State and the services which affect the majority of the members of the community. These

must be the constant concern of the Central Government and no monkeying with the grant position will change that. Education must still have much central scrutiny, whether the ratepayers or the Government are primarily responsible for the cost.

There is bound to be a difference between now and 1939, but nostalgic complaints must take into account the alterations in services since then, and compare like with like. County administration prior to 1948 and 1929 was very different.

Again, in many services there has been wide scope for local discretion and initiative, and much relief from the more pettifogging niceties of red tape since the Man-power Committee's reports were translated into action. Reports in above columns, sir, show that the monthly meetings are far from the rubber stamp proceedings so often suggested, though I do not deny that more responsible work could be given to Local Authorities, and in fact it is so intended.

The main apathy lies not with the Authorities but with the electorate, and even here the Government has put forward constructive suggestions, trifling as they may be. Greater publicity to council matters and information on the rate notices may have the desired effect, but I venture to doubt their efficacy. It may be unpalatable to say so, but the main cause of local apathy is because the rate burden does not yet hurt the majority, either because rates are an insignificant part of total income or of ignorance, where no direct rate payment is made by a ratepayer.

VALUE OF LOCAL GOVERNMENT

I submit that Local Government has a most valuable part to play in our democracy, and that its abolition ought to be fought on that basis and not that of vested interests or emotion. It is one of the finest training grounds for higher political activity; it enables local administrative talent and knowledge to be utilized at negligible cost; it acts as a check upon officialdom; its local character avoids the worst excesses of remote control from the centre, for the members are accessible and must stand for re-election at regular intervals; it provides the Central Authority with necessary information as to the local needs and views and acts as a counter-check when the occasion arises, and may often provide the Central Authority with a cheap source of administration in special circumstances. In my view, these, and the many which I have omitted, outweigh the known disadvantages.

I suggest, therefore, that the current proposals for local reform, financial and others, should be regarded purely as temporary expedients and that steps should be taken to lay the necessary factual basis for deciding upon the right size of Local Authorities best suited to carry out functions commonly accepted as appropriate to the local level. With this available, the whole matter should be reconsidered by persons not directly interested in maintaining the 'status quo'. Whatever form of Authority resulted, it should be directly elected and responsible to the local taxpayer, who should still have to meet the bulk of the expenditure out of his pocket (although the basis of charge might well be changed).—*The Observer & Municipal Record*.

LETTERS TO THE EDITOR

ERADICATION OF CORRUPTION

To THE EDITOR,

Dear Sir—The law abiding rate-payers are grateful to the Mayor for taking necessary action to eradicate mal-administration, corruption and favouritism from the Corporation office. Delay in disposal of cases is the main cause of corruption.

The rate-payers are eager to co-operate with the Mayor and the Councillors for its better administration. The Corporation staff in most cases put obstructions to any improvement of the administration. It has not published the Administration and Audit Reports for the last several years though they are annual obligatory publications under the statutes. Many of the Manuals (such as Assessment Manual, Collection Manual, Health Manual etc.) are out of print for over twenty years and the Mayor has correctly stated that there were no proper modified rules in the Corporation for the guidance of the Office as well as for the rate-payers. The High Court's important judgment in respect of Municipal cases or Municipal Magistrates' judgment are not published in the 'Calcutta Municipal Gazette' to educate the rate-payers. Shri Saibal Gupta, I.C.S., has correctly voiced the rate-payers' feeling against the administration for which he deserves appreciation.

Dr Triguna Sen stated that he would move the Government to get the present Calcutta Municipal Act amended but mere amendment of the Act will be of little benefit to the rate-payers unless the administrative machinery is thoroughly overhauled.

We hope that Dr. Sen's laudable efforts will be successful with the co-operation of all concerned.—Yours faithfully,

Sd/- W. C. MULLICK,
Hony. Secretary,
Entally Peoples' Association.

17B Sambhu Babu Lane,
Calcutta-14.
The 14th February, 1958.

STATE LEGISLATIVE COUNCIL ADJOURS The West Bengal Legislative Council was adjourned sine die on Tuesday, the 1st April after a sitting for nearly eight hours on that day. The House also discussed a no confidence motion against the Ministry. The Opposition walked out before the debate was concluded and the motion was lost when it was put to voice vote. The Opposition leader, Prof Nirmal Chandra Bhattacharyya, moved the motion and its supporters alleged almost similar charges as were referred to in the Lower House. The Food and Police Ministers, Shri P. C. Sen and Shri K. P. Mukerjee respectively, strongly denied those charges.

The Opposition before it made a walk out referred to the Rule 107(3) of the West Bengal Legislative Council Procedure Rule which clearly laid down that 'no debate shall be allowed on a personal statement in explanation of his resignation' made by a Minister. The situation arose when a Member of the Government Bench commented on the Judicial Minister's resignation.

HEALTH AND HYGIENE

Latest Discovery In Genetics

More important to the future of mankind than the development of nuclear energy, and much more important than the prospect of Space Travel—in such terms has the discovery of the “thread of life” been hailed by physicists, chemists and biologists.

What precisely is meant by the “thread of life”? It is a chemical composition in the body which, researchers believe, holds the ultimate answer to the mystery of inherited characteristics.

The chemical is called Deoxy-ribo-nucleic acid—D.N.A. for short. It is present in other living things, besides man—in animals, in plant-life.

Top-ranking scientists in Continental Europe, in Scotland, England and the U.S.A. have been investigating it and have contributed to the experimentation that has to some extent lifted the veil of secrecy with which Nature has enshrouded the subject of heredity.

In connection with research in this fascinating subject, the chemical, D.N.A. has even been used on bacteria, and by means of it the hereditary pattern of certain classes of these unpleasant organisms has been altered.

It may seem odd to the ordinary person that bacteria should figure in the study of inherited characteristics. What might seem still more surprising is the fact that the vegetable pea has played a prominent part in this study too—at the hands of one of the greatest researchers in heredity, the monk named Gregor Mendel.

Gregor Mendel, born at Heinzendorf in 1822, became Abbot of an Augustinian monastery called the Konigskloster in Brno (then known as Brunn) in the province of Moravia—at that time a possession of Austria, but now Czechoslovakian territory. He experimented on heredity with edible peas in the gardens of the monastery. The results of those experiments, and the conclusions he drew from them and summarised in a learned paper which he afterwards wrote, were to make him world-famous—though not until well after his death in 1884, for he was so far ahead of his contemporaries that they could not grasp the significance of his findings.

Mendel studied other plant-life besides the edible pea. He also studied bees.

He demonstrated that certain simple statistical laws described the inheritance of simple characters in garden plants. The fundamental principles and methods developed by him in his investigations have remained unchanged through the years and are the basis of modern genetics or the science of heredity and variation.

Heredity has been defined as the genetic relationship between parent and offspring, or organic inheritance. It was studied as a science in the days of ancient Greece, and a theory of Heredity was published by Hippocrates, the “Father of Medicine”, who was born on the isle of Cos off the coast of Asia Minor about 460 B.C.

Yet until the latter part of the nineteenth century no great progress was made in this science.

But what new possibilities loom up invitingly before the world’s researchers into the problems of heredity now—now that Deoxy-ribo-nucleic acid has been discovered!

By working with this strange chemical and transposing it, scientists may one day be able to create new forms of plant-life and animal-life with specifically required characteristics.

The subject of heredity is an immensely involved one, and sometimes a disturbing one. For example, many well-marked hereditary abnormalities may run families. Ten per cent. of blindness in one European country is said to be due to hereditary cataract alone. In another, there are a hundred and thirty-five night-blind individuals who stem from a night-blind ancestor who lived three hundred years ago.

Then there is hæmophilia, which is not passed on by affected males to their sons and daughters—but which can nevertheless be bequeathed by those daughters to luckless sons they may bear.

The malady is a failure of the blood to clot after injury, and it usually leads to death by hæmorrhage. Princes have been afflicted with it. The heir to the last of the Russian Tsars suffered from it, and it also occurred in the Spanish Royal House.—[THE HINDU].

DEATHS AND DISEASES IN THE CITY

Attacks and deaths from cholera in the city during the week ending the 29th March were 146 and 84 respectively against 246 and 46 respectively in the previous week. During the corresponding fortnight last year attacks were 22 and 21 and deaths were 8 and 4 respectively.

26 persons were attacked by small-pox during the week under review while 22 persons died from the same against 20 attacks and 17 deaths. There were 18 imported cases during the week as deaths due to an attack of small-pox. 202 and 268 persons were attacked by small-pox during a corresponding fortnight last year while deaths were 105 and 108 respectively. There were imported cases also on that occasion.

Malaria took two lives and Typhoid took four lives during this week against three and six deaths from Malaria and Typhoid respectively during the week previous.

44 persons died of Tuberculosis against 38 deaths in the previous week.

Deaths from all causes numbered 678 during the week against 661 in the previous week. During a corresponding fortnight last year there were 1,200 and 1,000 deaths respectively.

CITY NEWS PARADE

OBITUARY: Shri Indu Bhushan Sen, an industrialist and a former President of the Bengal National Chamber of Commerce, died at his residence on Sunday, the 30th March. He was 72.

A pioneer in the Life Assurance business in India, the late Shri Sen was connected with several business houses in the city. He was for some time a Commissioner for the Port of Calcutta, an executive member of the Tea Market Expansion Board and Deputy Chairman of the Bengal Central Bank. As a lover of sports he was also senior Vice-President of the East Bengal Club.

* * * *

Death of Shri Dharendra Nath Roy, an architect, occurred at his city residence on Saturday, the 29th March last. He was 58. The late Shri Roy was an architect of Messrs Ballardie Thompson and Mathews. Later he started his own firm and designed Basusree, Radha and other cinema houses in the city.

SYSTEM OF WITHDRAWING POSTAL SAVINGS MONEY THROUGH CHEQUES was introduced by the State Governor, Shrimati Padmaja Naidu, when she opened a Savings Bank Account at the General Post Office, Calcutta, on Tuesday, the 1st April. She received a cheque book and a pass book from Shri P. B. Lahiry, Post Master General of West Bengal.

The Governor said that the new small savings schemes had afforded opportunities to the ordinary man to practise frugality and to invest his small savings safely and profitably in Government securities.

Shrimati Naidu also urged commercial and industrial undertakings to invest the accumulations in the Employees' Provident Fund they maintained in National Plan Savings Certificates and in 10-Year Treasury Savings Deposits, as much as practicable.

The cheque system will be available at the G. P. O. and the Post Offices at Burra Bazar and Alipore and the sub-offices in Beadon Street, Park Street, Entally, Bhowanipore and Amherst Street.

CALCUTTA SOCIETY FOR PREVENTION OF CRUELTY TO ANIMALS held its annual conference on Wednesday, the 26th March last, when posters and pamphlets containing lessons on kindness to animals, were distributed among school children.

To prevent cruelty to animals, Sir B. P. Singha Roy, who presided, said that the work of the Society's men was not enough. For such purpose propaganda through Press, film and radio was essential.

Sir Bijoy regretted that the pay scales fixed for veterinary inspectors and the hospital surgeons were so low that the Society had failed to attract qualified candidates to fill the vacancies caused by resignation or retirement. He requested the West Bengal Government to increase their grant to the Society so that it could offer higher emoluments to its employees.

A BURMESE PRESS DELEGATION made a two-day visit on this city reaching here from Rangoon on Wednesday, the 26th March last. The members of the delegation were U Po Tin, Editor, New

Times of Burma, Rangoon; U Kyaw Zan, Chief Reporter, New Light of Burma; U Sein, Editor, Hantawaddy, Rangoon; U Khin Mg Gyi, Editor, Myanmar Laurus, Mandalay; and U Tun Shein, Chief Public Relations Officer, Government of Burma.

During their stay in the city, the delegation visited Uday Villa, a refugee women's centre at Kamarhati and the Baranipur Community Development Block. They called on the Governor, Shrimati Padmaja Naidu and Dr. B. C. Roy, the State Chief Minister. They also visited the Museum, the Indian Statistical Institute and the Botanical Gardens. They attended a Reception arranged by the Engineering Export Promotion Council and met editors and representatives of the Calcutta Press.

ALGERIA DAY was observed in the city on Sunday, the 30th March. A vivid speech was made by Mr. Chent Guelal, the permanent representative of the National Liberation Front on that occasion.

Mr. Guelal said that Algeria relied on the people of Asia and Africa for support in their battle against the French Government, who were being helped by N.A.T.O. arms and American finance. In the course of his speech, the young Algerian alleged that the French forces pursuing "a brutal extermination policy" had shot thousands of defenceless villagers, bombed their homes, and even gone so far as to wage germ warfare in West Algeria.

"So far the peoples of Asia and Africa have given us diplomatic and political support, but that is not enough. We want material help in any form. Medicine, clothing and other useful donations will be most welcome. For this purpose committees are being established in all the major cities of India" concluded Mr. Guelal.

The meeting was presided over by Shri Bejoy Singh Nahar, M.L.A., Secretary of the West Bengal Pradesh Congress Committee. Shri Nahar and other speakers appealed to all Indians to render as much help as possible to the Algerian people.

REFUGEE DEMONSTRATIONS IN CITY continued as before. Altogether 3,700 people were arrested during a period up till Monday, the 31st March, in the city when they attempted to proceed towards the Assembly House area crossing through the Esplanade—Lawrence Road and Raj Bhawan South in violation of Section 144 Cr. P. C. thrown in that area. The movement started on the 17th March last. The demonstrators included men, women with babies in arms. Even a number of school children joined with them towards the end.

The refugee demonstration was in continuation of the movement to protest against the Government's policy of refugee rehabilitation outside West Bengal and the stoppage of doles. It was organized by the All Bengal Refugee Convention. Mainly sponsored by the Praja Socialist Party leaders the Sammelan protested against the release of some of the arrested refugees at places far from their camps and urged the authorities to send all arrested persons to jail.

Nearly 300 refugees courted arrest on the first three days of this month in the Esplanade area when they tried to proceed towards Writers' Building in violation of the same prohibitory orders. Almost a similar procedure was followed on these days. In all the days they had held meetings at Raja Subodh Mullick Square before they joined civil disobedience movement and their leaders re-iterated their demands. Many of their leaders including Dr. Surend Banerjee, M.L.A., and Shri Haridas Mitra, M.L.A., are still in Jail custody while the rest were released either on the day of arrest or after a brief period of detention.

ROWDYISM AT CITY EXAMINATION CENTRES on Monday, the 31st March, caused much anxiety not only to the examinees and their guardians, as well as to the authorities but also to the citizens in general. The North Calcutta centres were the worst affected areas where about 10,000 students including girls could not sit for that day's afternoon paper of the School Final Examination held under the Board of Secondary Education, West Bengal. An unprecedented incident in the history of examination was witnessed on that occasion when a handful of demonstrating examinees, on the plea of stiff question paper, aided by dubious friends, forced others to join the protest and refused to sit for examination. The slightest resistance was met by violence. Teachers were slapped and school property damaged. Even girl students who sought to guard their answer papers from being snatched away by the rowdies were beaten.

Examinations on the following days continued peacefully. No untoward incident was reported. Police guards were posted at the gate of all examination halls. A few arrests for future mis-behaviour.

Students' behaviours were condemned by all right-thinking men. Statements were also issued warning the students for future mis-behaviour.

Altogether 36,000 students were appearing at the School Final Examination in 142 different school and college buildings spread over the city. The examination added to the complexity of morning travel through public carriers in the city. Although the State Directorate of Transport ran special buses still many congested street crossing scene witnessed twice as many people as usually try to board cars during peak periods.

DEMONSTRATIONS: Shri Hemanta Kumar Basu, M.L.A., Councillors Narendra Nath Sen and Kali Charan Pal and twenty others were arrested and subsequently released when they squatted outside the Bengal Chemical and Pharmaceutical Works on Manjiktolla Main Road, on Tuesday, the 1st April. They were arrested on a charge of obstructing some willing workers who were being escorted by the police to the factory. They squatted on the road and Shri Basu addressed them criticising the management's decision to lift the lock-out without arranging to pay salaries to the staff for February and without agreeing to take back dismissed workers.

Thirty-five men were arrested outside the Works on Wednesday, the 2nd April, on a similar charge. A month's lock-out, declared by the management, was lifted on Tuesday.

Shri Basu, as Chairman of the Workers' Union, in a statement, accused the management and the Government for crushing the peaceful and legitimate struggle of the workers for their bread.

CALCUTTA EXPERIENCED AN ABNORMAL WEATHER during last few days. The season's first two Nor'westers were witnessed on Sunday, the 30th March. The first occurred early in the morning and the other towards the evening. From midnight clouds began to gather and the sky was overcast in the morning. It drizzled for few moments. Accompanied by sudden drop in temperature the northern part of the city had experienced a squall towards the same evening lasting for an hour. The windspeed rose up to 36 miles per hour. There was a dust-storm in the maiden during the same hours.

On Thursday, the 27th March last Calcutta recorded maximum temperature again at 40 degree C or 104 degree F—5 degree C or 9 degree F above normal. The dry and hot spell in the city appeared to be unusual for this part of the season. The maximum temperature, rising to 10 degree F above normal on Friday, the 28th March, developed conditions favourable for Nor'wester.

During rest of the days weather conditions were not favourable, the maximum temperatures rose above normal, almost on all the days. Forecasts were for fair weather.

WEST BENGAL LEGISLATIVE ASSEMBLY was adjourned sine die by the Speaker, Shri Sankar Das Banerjee, on Monday, the 31st March when it met for the third day in a bellicose climate. The day's sitting lasted for 24 minutes only and it could not be prolonged due to chaos and confusion. Similar scenes were witnessed on Friday, the 28th March when the sitting was brief for 45 minutes and the Speaker made unsuccessful efforts to restore order in the House. Nothing except noise was heard on both the days. Shri Jyoti Basu, leader of the Opposition was prevented on many occasions from speaking on an adjournment motion by another section of members in the House.

The tense atmosphere arose due to shouts and counter-shouts, and din bustle of the House towards the close of Thursday's sitting when the House met for more than eight hours.

BANGA SANSKRITI SAMMELAN held its Fifth Annual Convention commencing from the 16th March last at Marcus Square, under a big pandal. The fortnight Convention was inaugurated by Dr. Atul Chandra Gupta, who spoke on Bengal's culture and how it had spread over the rest of India. There were discussions and discourses on the State's culture. Eminent artistes participated in many of the days' functions. It also presented folk songs and dances of rural Bengal. Parties from adjoining States—Orissa and Assam presented dance recitals of their respective countries. 'Dui-Purush', 'Nil-Darpan' and 'Alik Babu' were the three dramas staged on the occasion by Abhinetri Sangha, Gana Natya Sangha and Little Theatre respectively.

Jatra performance of Ramprasad, the devotee of the Goddess Kali was another day's feature. All these attracted large audiences.

The concluding function was presided over by Shri Rai Harendra Nath Chowdhury, Minister of Education, West Bengal. It was also addressed by Miss Marry Hawthorne of USIS.

CORPORATION NOTICES

To All Registered Petty Improvement Contractors

District No. IV Engineering Department

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." on Tuesday, the 15th April, 1958, up to 2 p.m.

The abstract of the estimate can be seen at the D. E.'s Office. The Corporation standard specification will apply on the work. Petty tender forms of the Corporation are to be used in submission of tenders.

The successful tenderer shall have to deposit 5 per cent. of the total value of the accepted tender, as security deposit, within a week from the date of intimation of the acceptance of tender and shall have to execute an agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid, the tenderer shall be liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the authority and S.D. for P.I. works may at the discretion of the Commissioner be forfeited. Agreement is not necessary for works below Rs. 2000/-.

1. Repairs to B.O.E. pavement at Prannath Pandit Street (portion)—Rs. 366/-, dated 1st April, 1958 (1 month).
2. Providing fountain at New Alipore Island at the junction of Sahpur Road and Tollygunge Circular Road—Rs. 3,019/-, dated 1st April, 1958 (1 month).
3. Repairs to tube-well building in Sahpur Road (New Alipore)—Rs. 278/-, dated 1st April, 1958 (2 weeks).
4. Repairs to Watgunge Pumping Station (Part A & B)—Rs. 3,807/-, dated 17th August, 1957 (2 months).

Please note that the words "Two months" as printed in italics in Clause 8 of the tender form, is to be read as 3 months and may be scored and noted accordingly and initialled in case of work valued above Rs. 1,000/-.

A. C. SINHA,
Actg. District Engineer IV.

DISTRICT IV ENG'G. OFFICE:
The 1st April, 1958.

To All Registered Petty Improvement Lighting Contractors

DISTRICT No. III.

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." on 11th April, 1958 up to 2 p.m.

The abstract of the estimate can be seen at the Lighting Superintendent's Office. Petty tender forms of the Corporation are to be used in submission of tenders. The Corporation standard specification will apply on the work.

The successful tenderer for all works exceeding the value of Rs. 2,500/- shall have to deposit 5 per cent. of the total value of the accepted tender, as security deposit, within a week from the date of intimation of the acceptance of tender and shall have to execute an agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid, the tenderer shall be

liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the authority and the S. D. for P. I. works may at the discretion of the Commissioner be forfeited.

Electric installation in the newly constructed building at Asphaltum Department, D-III, L-26, 1957-58—Rs. 907.50 dated 17th July, 1958 (60 days).

D. M. SAHA,
Lighting Superintendent.

CENTRAL MUNICIPAL OFFICE:
The 2nd April, 1958.

Situation Vacant

NOTICE.

Applications are invited for the following temporary posts for period of nine months on the pay mentioned against each in connection with big diameter pipe laying works in the Burrabazar Area:—

1. Two Pipe Layers in the grade of Rs. 125-200/- plus T. A. Rs. 25/- plus usual allowances.
2. Two Mistries in the grade of Rs. 55-85/- plus usual allowances.
3. Two Plumbing Mistries in the grade of Rs. 55-85/- plus usual allowances.

B. GHOSH,
Secretary.

CENTRAL MUNICIPAL OFFICE:
The 2nd April, 1958.

Notice

It is hereby notified that due to urgent works to be taken up from the 7th April, 1958 for extension of the last suction main of the Intake Jetty of Mullickghat Pumping Station, there will be less supply of unfiltered water in the city from this station resulting hampering of supply of unfiltered water to the feed points of the premises situated at the further end of distribution and at a higher level.

The work is expected to be finished in the 2nd week of May, 1958. Public are hereby requested to co-operate with the Corporation Administration regarding the misuse of unfiltered water from the ground hydrants, specially at the extreme ends.

S. C. MUKHERJEE,
Executive Engineer,
Water Works.

CENTRAL MUNICIPAL OFFICE:
The 3rd April, 1958.

CORPORATION NOTICES—Contd.

Food Supply Department

SALE OF EMPTY GUNNY BAGS.

Quotations are invited for the purchase of 7,500 (seven thousand and five hundred) only of empty Gunny Bags on the following terms and conditions:—

(i) Rate for 100 bags should be quoted in Rupees and Naye Paise only.

(ii) The bags will be sold unassorted and the entire lot will have to be accepted though delivery will be given by counting.

(iii) The persons or firms whose quotation is accepted will be required to deposit the cost in full in the Corporation Treasury within three (3) days of the date of receipt of the letter of acceptance.

(iv) Clearance of the entire lot must be effected within three (3) days of the date of deposit of the cost. If the lot or any portion thereof remain uncleared after the time allowed, the lot or portion thereof will be treated as abandoned and all sums paid for the lot will be forfeited.

(v) The empty bags may be inspected by intending purchasers by appointment with the Central Store-keeper, at 1, Hogg Street, Calcutta-13.

The quotations in sealed covers superscribed "Quotation for the purchase of Gunny bags" are to be submitted to Deputy Commissioner II at the Central Municipal Office, 5, Surendra Nath Banerjee Road, Calcutta-13, before 12 a.m., on Thursday, the 10th April, 1958.

L. BAL,
Deputy Commissioner II.

CENTRAL MUNICIPAL OFFICE:
The 27th March, 1958.

Renaming of Lane

It is proposed that Blacquire Lane in Ward No. 12 be renamed as Bonomali Mitra Lane.

Any person having any objection to the proposed renaming should state the same in writing to the undersigned on or before Saturday, the 19th April, 1958.

A. BHATTACHARJEE,
Assessor.

CENTRAL MUNICIPAL OFFICE:
The 2nd April, 1958.

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 a.m. to 7 p.m.; between 7 p.m. to 12 a.m. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle 0-15-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

MAYOR'S SYMPATHY FOR SUFFERING T. B. PATIENTS

TUBERCULOSIS WELFARE SOCIETY has started a novel scheme for the benefit of suffering Tubercular patients in the shape of distribution of free medicines to them. The Society also advises them on various aspects of treatment under its Board of Expert Physicians. In order to raise money for the purpose a charity film-show was arranged at the Ujjala Cinema Hall, South Calcutta, on the 5th April last. The Mayor, Dr. Triguna Sen (on the mike) presided while Dr. Pratap Chandra Guha Roy, Deputy Chairman, State Legislative Council inaugurated. Dr. N. N. Sen welcomed all and Shri R. K. Dutta, Joint Secretary (all in the picture above) acquainted the audience with the activities of the Society.

BENGALI NEW YEAR'S DAY CELEBRATIONS IN THE CITY

Photo: S. B.

BLOWING of conch-shells by house-wives, singing songs of welcome, gay movements of children in groups and others were the marked features for evoking a New Year, the first of the Bengali month Baisakh on the 14th April. As in previous years, children and young boys and girls flocked in larger numbers at important parks and squares, spreading over the city, towards the morning. Their programme included mass drill, parade and demonstration of physical feats. These were displayed in a most disciplined manner by smartly dressed young folks. The Mayor, Dr. Triguna Sen, acting as Chief guest, in one such function at Deshabandhu Park, North Calcutta, blessed the children and advised them to be worthy citizens of New India. This was the Thirteenth Annual New Year's Day celebration under the auspices of the "Sab Peyechir Ashar". Dr. Kalidas Nag presided there.

In another function at Shyam Square, on that part of the city, Shri Sankaradas Banerjee, Speaker, State Assembly, presided and Rai Harendra Nath Chaudhury was the Chief Guest. This was organized by the North Calcutta Nava-barsha Utsav Samity.

Similar functions were also held in southern, eastern and western parts of the city. The picture above shows one such function held at Deshapriya Park, South Calcutta, wherein Councillor Bejoy Kumar Banerjee (standing on extreme right) addressed the younger generation. Councillor Dr. B. C. Basu was also present at a function of students at an open space in Monoharpukur Road. There was another gathering at Kalighat Park sponsored by the Dakshin-Kalikata Sammilit Naba-Varsha Utsav Samity. This was its twenty-first anniversary,—first time inaugurated by Shri Subhas Chandra Bose. The Mayor, Dr. Sen, was also present in one of these functions.

A one-month Siva Brata worship of Lord Siva by girls also began on that day. Many young women started their worship with an ablution in the Ganges.

Bengali business men opened new books of account—the main event of the day. Thousands of them took the account books to the Kali Temple at Kalighat and other Kali shrines prayning for the blessings of the Goddess.

In the evening, traders entertained their permanent customers, suppliers and other patrons. Their shops and business places were specially decorated on the occasion.

A function was held at Southern Avenue in observance of the Eleventh Anniversary Day of the Bengal Musical College under the direction of the West Bengal Music and Cultural Society.

Social and cultural organizations arranged musical and theatrical shows and demonstrations of physical feats towards the evening to mark the day. The Children's Little Theatre, celebrated the day at evening in the gardens of the Nizam's House, Lower Circular Road. The occasion provided an opportunity to parents to see how the C. L. T. functions in its training rooms.

The day previous to this was observed as the 'Chaitra Sankranti Day' the last day of the year and as customary households were cleaned up and were also disinfected. 'Charak-melas' were also held in a few localities.

DR. TRIGUNA SEN RE-ELECTED MAYOR SHRI KESHAB BASU AS DEPUTY MAYOR

AMIDST CHEERS and rejoicings the Corporation at its First Meeting on Friday, the 18th April, re-elected Dr. TRIGUNA SEN as the Mayor of Calcutta for the year 1958-59. There was no other candidate for the Mayoralty and thus Dr. Sen's election was unanimous. This was the first occasion in recent years, particularly after the introduction of the Calcutta Municipal Act, 1951, that the Mayoral election was held uncontested. Dr. Sen's name was proposed from both the sides of the House almost simultaneously and it was duly seconded. Councillors J. L. Saha, M.L.C. and Nripendra Nath Banerjee were the proposers. Dr. Sen was elected by the House as Alderman after the General Election in 1957. He was elected the Mayor of Calcutta for the first time on the 29th April, last year.

Shri Keshab Chandra Basu was also re-elected as the Deputy Mayor of Calcutta by defeating his rival Councillor Anil Maitra by 44 to 33 votes. The voting was by show of hands. Shri Basu is an elected Councillor from Ward No. 28. The Deputy Mayor's name was proposed by Councillor Mihir Lal Ganguli and was duly seconded by Councillor Dr. Sukhabehari Mukherji. Councillors Sachin Sen and Samar Rudra proposed and seconded the name of Councillor Maitra in the House.

Hallowed with the memory of Deshabandhu Chittaranjan, Deshapriya Jatindra Mohan, Deshagourab Subhas Chandra, the occasion provided a serene and sober atmosphere amongst the members of the House as well as among the large number of visitors who witnessed the function. The visitors' galleries were packed to their capacities.

The high altar of the Mayoral dais was profusely decorated with flowers and foliage. The life size portraits of the great men, who once adorned the Council Chamber, were also beautifully bedecked with flowers. Councillor Ushanath Sen, a senior member of the House, presided over the function.

With the announcement of the results, the Mayor, Dr. Sen, was conducted to the dais by members. He was given a rousing reception by the House. Councillors Dr. B. C. Basu, M. L. Ganguly, A. Maitra and S. Rudra then garlanded him. Flower petals also showered on the heads of both the Mayor and the Deputy Mayor. Felicitations describing the manifold qualities of both of them continued for hours. Employees' representatives also garlanded them later on.

Before conclusion, the Mayor, Dr. Sen, in a befitting reply asked all to extend co-operation so that his hands might be strengthened to eradicate the evil out of the city. He also said that the Mayor's position was full of dignity but empty of all authority. People in distress expected a great deal from the so-called head of the Corporation, particularly when the organization failed to render essential services which were the ultimate justifications of its existence.

The newly-elected Deputy Mayor referred to the cholera epidemic then raging in the city. Shri Basu also hoped that he might be worthy of the office by dint of his service for the interest of the citizens.

The first one to felicitate Dr. Sen on his election as Mayor was Councillor Ushanath Sen, who said that as a Mayor Dr. Sen was the possessor of a great heritage and a greater tradition.

Several Councillors referred to the cholera epidemic in the city and thought that Dr. Sen might be able to take 'vigorous steps' to control the disease. Councillor Anil Maitra said that directives should be carried out by the Corporation administration in order to free the city from the present scourge.

Besides, Alderman Dr. A. K. Basu, Alderman A. K. Dutta, Councillors S. K. Gupta, I.C.S., P. K. Sen Gupta, K. L. Dhandhanian, B. K. Banerjee and others offered their felicitations to the Mayor and the Deputy Mayor. A detailed report of the election will be published in a subsequent issue of the GAZETTE.

VIEWS AND REVIEWS

DELHI'S FIRST MAYOR

Shrimati Aruna Asaf Ali has been elected as the first Mayor of the Delhi Corporation on the 14th April last. She polled 56 votes as against 28 votes secured by Shri Hari Chand, a nominee of the Jan Sangh. Shrimati Aruna Asaf Ali was supported by the Congress, Communists and Independents. She was earlier elected as Alderman on the same support.

According to the election held on the 21st March last the results showed that the Congress won 31 seats, the Jan Sangh 25, Independents 14, the Communists 8, the Hindu Mahasabha 1, and the Praja Socialist Party 1. The Councillors elected five Alderman and with an official seat the strength of the House became 86.

Shrimati Aruna Asaf Ali has a chequered career at her credit. She suffered much as an important member of the Congress Socialist Party for participating in the country's freedom movement. Later on she accepted the Communist faith and became a member of the Party. Due to ill health lately, she could not actively participate in politics.

We extend our heartiest congratulations on her election to Mayoralty of India's capital city.

The Delhi Corporation has come into existence on the 8th April last under an Act of the Parliament. It received, on that occasion, blessings and good wishes from important personages who had accepted citizenship of that ancient city of India even known to the mythological ages.

The Vice-President of Indian Union, Dr. S. Radhakrishnan said in a Message:—

"I hope Delhi Corporation will serve the interests of the community and contribute to the material and cultural welfare of its citizens."

The Union Home Minister, Pandit Govinda Ballav Pant hoped that the Corporation would undertake its work with a sense of dedication and lay the foundation of "sound, efficient and progressive municipal administration for our national capital."

The jurisdiction of the Corporation will not only be confined to the limits of the town but it also would cover the entire neighbouring countryside. The Corporation could thus plan for a balanced and integrated development of the whole area. "The Corporation is to undertake the organization of vital services, on which the welfare of a modern community largely depends, including generation and distribution of power, transport, and water supply. It has before it great opportunities of service to the community and of reconstruction and development of a great metropolis," added the Union Minister.

Being the capital of the Indian Union the increase in population it has also added to its responsibilities since 1911 when the capital was re-founded. The Act has brought under one civic administration the whole of the Union Territory of Delhi except 15 square miles covering the Cantonment and some parts of New Delhi. It includes about 900 villages that surrounds the city. And thus has opened the way for an integrated development of the whole of

Delhi including its rural areas which are fast merging with its urban parts due to rapid expansion during the last ten years. The emergence of the area into a Corporation, though a welcome step, is bound to present many problems of an unprecedented nature. And it has to face and solve them. As a larger body endowed with better resources it is hoped that it will be able to deal with those manifold problems.

BOMBAY'S NEW MAYOR

Shri S. S. Mirajkar, a prominent Trade Union Leader of India, has been elected Mayor of Bombay at a recent meeting of the Corporation. He polled 68 votes as against 62 drawn by his rival Shri V. B. Worlikar in a House of 181 members. Shri Mirajkar was a nominee of the Samyukta Maharashtra Samiti.

A Founder Member of the Communist Party of India, Shri Mirajkar has long been connected with the labour movement in India. He was also a member of the Bombay State Legislature. His contributions for the achievement of country's independence have also been recognized and he suffered long imprisonments for that cause.

Shri Mirajkar later led a victory procession round the city after placing flowers at Flora Fountain in honour of those who died during the Samyukta Maharashtra movement two years ago.

We extend our congratulations to the newly elected Mayor.

SHRI JAMINI ROY IS 71

The seventy-first birthday of Shri Jamini Roy, the eminent artist, came off on Monday, the 14th April, synchronizing with the Bengali New Year Day.

Shri Roy started his career as an artist and painter about fifty years back even when he was a student in the Government School of Art, Calcutta. He began to earn his livelihood since then by painting and had worked in his studio for six to seven hours a day.

The Jatiya Sahitya Sangha celebrated the occasion through a brief function at Shri Roy's residence, Delh Serampore Lane, Ballygunge. An elite of the city including the city's Mayor, Dr. Triguna Sen, noted litterateurs and several art lovers gathered round him to felicitate him. A host of his friends and admirers was there. Lady Ranu Mookerjee, Shri Uday Shankar, Shrimati Amala Shankar, Shri Budhadev Bose, Shri Bishnu Dey, Shri Purna Chakraverty, Shri Jatin Mazumdar, Shri Satis Sinha, Councillors Anil Maitra, Mukur Sarbadhikary, Samar Rudra, and Sachin Sen, and many others were also present there to greet the artist of repute. All of them also expressed their feelings for Shri Roy, which was befittingly replied. They were also acquainted with the magnificent art work produced by Shri Roy.

We also extend our felicitations to Shri Roy on this occasion.

CITY IS IN GRIP OF CHOLERA

CHOLERA has been declared to have broken out in an epidemic form in the city from the week ended the 5th April last. For three successive weeks the mortality figure has touched above thirty and there are ample reasons for its prevalence in the city in an epidemic form. The disease is seasonal and its annual visitation generally covers up this part of the year. But it seems to us that its virulent form has appeared in an earlier period this year than usual. Figures of mortality available from one of the four hospitals, which took in cholera patients, showed that there had been 40 deaths in Nilratan Sircar Medical College Hospital alone on Thursday, the 17th April where the number of such patients receiving indoor treatment exceeded 1,000. The number of deaths from the same has exceeded 150, during the first five days of this week, as stated. The disease was also declared to be prevalent in an epidemic form during many of the previous years. Last year small-pox was declared as an epidemic disease in this city.

During the week ending 5th April there were 192 attacks and 59 deaths against 146 attacks and 84 deaths during the week previous to this.

There was a further rise in the incidence during the week ended April 12. Attacks and deaths from the disease numbered 161 and 81 respectively. An average of nearly sixty persons suspected to be suffering from cholera were removed to the hospitals during that week. During this week the number of suspected cases has multiplied. Nearly 1,200 people suffering from suspected cholera were taken to hospitals till Thursday, the 17th April. From the trend of rise it appears that the disease is ranging unabated. But it should be noted that direct attack of the disease are not so large in number as was reported. Mostly are suspected cases.

The disease which broke out at its first stage in the Manicktala-Beliaghata area due to contamination of drinking water was found to be subsided later on. But gradually it shifted its location of attack to Burrabazar area where about 12 persons died of the disease during the week ending the 5th April last. Lately, affected areas spread to Kalighat and Tollygunge where isolated cases were found. Within few days the disease has spread among all sections of people. A number of Chinese has also been admitted in hospitals suffering from the same.

During last week the situation worsened. There were serious difficulties in removing patients to hospitals due to shortage of Ambulance cars. In many cases patients had to wait even four hours before an ambulance van reached them. The strain on this service was equally strenuous. On the 14th April in one period 45 patients came within 40 minutes in Nilratan Sarkar Hospital. Some improvement has been noticed in the ambulance service following the addition of four State Government vehicles to its fleet since Wednesday night. In the meantime four repaired vans have been put to service.

Additional men have been appointed to run the vans round the clock.

The Corporation Health Officer, Dr. A. Mukherjee, said on Tuesday that Rupees One Lakh had been sanctioned in the Budget Estimates for this year for the purchase of five Ambulances for patients suffering from infectious diseases. Although orders had not yet been placed for the vans, Dr. Mukherjee hoped that these would be available during this cholera season.

There is also a scheme to decentralize the Ambulance Service by setting up two other stations in north and south.

Hospital arrangements have also been made according to the requirements.

The Nilratan Sarkar Hospital has appointed 19 doctors temporarily to work in the cholera ward and arrangements are being made to recruit more. Admission of cholera patients to the N. R. Sircar Hospital during the 24-hour period on Wednesday, the 16th April was the highest in the past 20 years. On an average, 250 patients were admitted daily. But the number rose to 324 and the hospital workers had a trying time, particularly during that night. The condition was near precarious on Thursday. A large number of medical students are assisting the hospital staff in the cholera ward.

To cope with the rush of patients, the Government has increased the accommodation of the Beliaghata hospital for cholera cases gradually from 80 to 260. Another 100 beds have been provided in hutments attached to the hospital.

Among the preventive measures inoculation drive comes first. And up to week ending the 12th April nearly 4 lakhs of people have been inoculated. During the said week the number of inoculation was about 40,000. The St. John Ambulance, R.W.A.C. and relief organizations and medical students are co-operating with the Corporation in their drive. Besides 29 permanent centres in the city, the Corporation has set up 84 additional centres. Intensive publicity work has also been undertaken to rouse consciousness and to gather public opinion in order to fight out the disease.

Not fully satisfied with the activities of the Corporation, the State Government took special measures. They issued directives on several points to the Corporation. They are given below:—

The Government of West Bengal, the Department of Health, in an order issued dated April 17 (Thursday), have observed that the duties imposed on the Corporation by the Calcutta Municipal Act, 1951 in the matter of taking measures to combat Cholera and prevent its further spread and for the adequate supply of pure drinking water in the affected areas have not been properly performed. In exercise of the powers conferred by Section 45 of the Calcutta Municipal Act,

1951, the Government have, therefore, directed the Corporation to make the following arrangements and to take action in accordance:

(1) The number of inoculators in the more seriously affected areas, viz., Wards Nos. 18, 15, 16, 17, 19, 20, 22, 24, 25, 26, 27, 29, 32, 33, 34, 35, 36, 42, 43, 44, 48, 50, 74 and 75 should be so increased with immediate effect, and not later than three days from the date of this order, that it may be ensured that inoculation of persons residing in these areas is completed within 10 days from the date of this order.

(2) Inoculators must work in the morning and in the evening and not merely during office hours when most people are away from home for work:

INOCULATION DRIVE

(3) Regular inoculation drive should be undertaken in all other areas by opening convenient centres and arranging house to house visits to prevent spread of the disease:

(4) Sanitary Inspectors or Sanitary Officers should be deputed to supervise the work of inoculation regularly to ensure that inoculation is carried out efficiently and as effectively as possible so that no person is missed.

(5) District Health Officers should go round the areas under their jurisdiction as frequently as necessary to inspect the work.

(6) Sweepers' Squads should be strengthened for keeping the affected areas clean by speedy disposal of refuse and the use of disinfectants.

INTENSIVE PROPAGANDA

(7) Intensive propaganda with the help of publicity vans and beat of drums should be undertaken to warn the people against the epidemic and to impress on them the urgent necessity of getting inoculated.

(8) To ensure the supply of pure drinking water and to augment the existing supply, at

Personalia

SHRI S. K. PATIL IN THE CITY

Shri S. K. Patil, Union Minister for Transport and Communications, came on a two-day visit of this city during last week. Soon after his arrival on Friday, the 11th April last Shri Patil visited the offices of the Mercantile Marine Department, Shipping and the Seamen's Employment which is under construction. He met the principal Seamen's Union representatives.

In that afternoon, Shri Patil was shown round the General Post Office and the Central Telegraph Office. He went to the Telephone Bhavan to round about the Telephone Exchange. He also received representatives of all the P. & T. Employees' Unions in Calcutta.

On that very day, Shri Patil called on Dr. B. C. Roy, State Chief Minister.

On Saturday morning the Union Minister visited the Calcutta docks. He discussed the working of the Port with heads of Port Commissioners' departments. He also met representatives of stevedores and port labour unions.

Shri Patil left by car for Santiniketan on that day.

least two tube-wells should be sunk in each bustee in the seriously affected areas within 10 days from the date of this order.

(9) Ambulance service should be improved by arrangement with other organizations and by hiring suitable vehicles temporarily for use as improvised ambulances until the epidemic abates.

The Corporation's work has already been intensified in the above lines. Special measures have been taken under the direction of the Mayor, Dr. Triguna Sen to fight out the epidemic and to save the city free from the impending danger.

Calcutta : A Hundred Years Ago

[By SHRI B. V. ROY, M.A.]

We get brilliant pictures of the life and society of Calcutta as it was a hundred years ago, from the pages of a book entitled "Hutom Pyanchar Naksha" (sketches by Hutom the owl) which was first published in 1862. Its writer was Baboo Kaliprosunno Sinha. Kaliprosunno, the scion of a noble and wealthy family, was born in 1840, and died aged only 30 years, in 1870. Yet within this brief span of life, he accomplished much literary work, including the colossal task of translating the great epic Mahabharata from the original Sanskrit into Bengali. He engaged dozens of Pundits to carry on this great task, which was accomplished successfully. As regards Hutom, it was written in a satiric vein and holds up a picture of the so-called aristocracy of the day, the life of a wealthy leader of society. As regards Hutom, Bankim Chandra Chatterjee wrote after Kaliprosunno's death in the "Calcutta Review" on the subject of "Bengali literature" as follows :—

"Kaliprosunno Sinha or Hutom was one of the most successful writers in the style first introduced by Tekchand. In early youth he made several translations from the Sanskrit and in particular he is the author of a translation of the Mahabharata, which he regarded as the greatest literary work of his age. But it was not as a translator that he is known to fame, and familiar to almost every Bengali, but as the author of Hutom Pyanchar Naksha, a collection of sketches of city life, something after the manner of Dickens' "Sketches by Boz", in which the follies and peculiarities of all classes, and not seldom of men actually living, are described in racy, vigorous language, and seldom disfigured by obscenity."

The book begins in this vein : "Shortly after the occupation of Bengal by the (East India) Company, and shortly before the execution of Maharaja Nandakumar, the great-grand-father of our Baboo was a Dewan of salt golahs. In those days, in salt golahs, there were good opportunities of making money, so that our Baboo's great-grand-father, after serving for five years, left at his death a sum of 20 lakhs of rupees, and from that day our Baboo's family become aristocrats." All the wealthy so-called aristocrats derived their money from their connection with the English, either as Dewans of salt or opium, or as Banians etc. They posed as Society gods, and each had a following of needy workers, employment-seekers, or "mosahebs" i.e., flatterers and sycophants who crowded round the Baboo every morning. The

Baboo's house is crowded every morning with job-seekers, sycophants and flatterers. The access to the Baboo for others was difficult, as the durwans did not easily let unknown visitors in, and took money from them before letting them into the presence. The Baboos, while outwardly devout Hindus, and celebrating the Durga and other Pujas with great eclat, were in reality a depraved, debauched lot, who kept mistresses and spent lavishly on them, and were also addicted to drink etc. They all kept carriages and horses, the common forms of carriages being the phaetons, buggies, britzkas and broughams, with Walar or Normandy horses. McCabe watches and clocks were in fashion, the watch-chains made of braided hair being very popular.

In that book the morning-scene in Calcutta is described as follows :—the morning time-gun has been fired at 6 a.m. This was an institution which took place thrice daily viz., at 6 a.m., 1 p.m. and 9 p.m. when a time-gun was fired from the rampart of Fort William. The resulting boom could be heard clearly in South and Central Calcutta, and could not perhaps be heard in the extreme north of the city unless there was a strong southerly breeze to carry the sound. People use to set their watches and clocks by the time-gun. In later years, the 6 a.m. gun was cancelled, and in the days of our boyhood and youth, the time-gun used to be fired only twice daily, viz., at 1 p.m. and 9-30 p.m. I believe the practice went on till the First World-War (1914-1918) when it was stopped altogether. The shop-keepers are opening their shops, and sprinkling Ganges-water on the thresholds, followed by the preparation of a chillum of tobacco for a matutinal smoke. Coolies are running with baskets of fish for the markets, also Baidyabati potatoes and brinjals from Hasman to replenish the stocks of stall-holders in the markets. Doctors are out on their rounds to see patients at their homes, in carriages and palkis. The tol (school) Bhattacharyas and Purohits (priests) are out with gamchas on their shoulders going for a bath in the Ganges. Rheumatic old men are out on the roads taking their constitutional walk. Oriya bearers are also going for a bath in the Ganges, brushing their teeth with twigs. The newspaper, the Englishman, the Phoenix, the Hurkara, are being delivered from house to house. (The Bengali newspaper the Samachar Chandrika did not appear until later). The aristocrats are going to bathe in the Ganges in bare bodies anointed with oil in a barouche drawn by four horses, in company with their toadies and sycophants, and with the blowing of a trumpet to attract the attention of passers-by. Later, ship sarkars and booking clerks with pagris on their heads, though the custom is fast dying out, are out on the streets. When the Baboos come out, they are dressed in shirts with stiff collars, breast plate and cuffs, patent leather shoes with silver buckles, or some in China coats and India rubber shoes, with crepe chadar and stick, watch-chain of braided hair, with the hair done in

A RE-EMPLOYED MUNICIPAL MAGISTRATE

Shri Shish Chandra Mukherji, a re-employed Municipal Magistrate, has been appointed a Presidency Magistrate for the Presidency town of Calcutta during the term of his office as Municipal Magistrate, under Section 18 of the Code of Criminal Procedure, 1908 (Act V of 1908) by the State Governor.

Albert fashion. The aristocrats wear Dacca dhotis with the border torn off, as the thicker thread of the borders irritates or chafes their delicate skin and they chew pan with lime made from calcined pearls, but these fashions are fast disappearing. The Muslim fashion in dress still prevails, viz., churidar pyjamas, Ramjama (something like a chupkan or a loose type of sherwani), dopatta round the waist and cocked cap on head.

The Baboos kept time in a most peculiar manner, turning night into day and day into night. They never got up from bed before noon, after which they performed their ablutions and sat down to perform their daily Pujas, which occupied 2 or 8 hours of time. Then they sat down to get themselves anointed or massaged with oil preparatory to taking their bath, which occupied 2 or 8 hours. During this time they also attended to business signing and sealing of documents and similar matters. Thus it was nearly evening by the time he sat down to the first meal of the day, and by the time he had finished the meal, the sun had set. The Zemindars used to work in their offices (Kachari) upto 2 a.m. at night, attending to business, or they gave musical entertainments lasting throughout the night, and scarcely ever went to bed before dawn.

The Durga Puja used to be performed by our Baboo at his house with great pomp and ceremony. Open house was kept during the four Puja days, access being allowed to all to see the image and offer Puja. Jatra performances were also held free for all, while nautches by dancing

girls were held for invited guests. Like the Sarbajanin Durga Pujas performed in innumerable localities and mohallas of the city in our day, out of funds raised by public subscription in the locality, there were performed what were called Baroari Durga Pujas in several of the neighbouring towns. These were also performed by public subscription raised in the town, and the only difference was that only one Puja was held in the whole town. Such Pujas were held in Guptipara, Kauchrapara, Ulo, Santipur etc. Chinsura had a great name, and Calcutta Baboos used to go there in hired boats, pinnaces and bhowlias to see the Mela during the Pujas. It is said that once Santipur spent 5 lakhs of rupees on Durga Puja, and the idol was 90 ft. high, so that at immersion it had to be cut into pieces. Next Guptipara retaliated by putting Ganes into mourning for the "death by misadventure" of his mother at the Santipur Puja.

This kind of thing began to disappear, and a moral tone appeared in the life and society of Calcutta with the advent of Raja Rammohan Roy, the establishment of the Brahmo Somaj, the founding of Hindu College, the abolition of the burning of Suttees at the funeral pyre of their husbands by legal enactment. Bengali society underwent a change for the better with all these, and the older fashions began to die out. Raja Rajnarayan attempted to invest Kayasthas with the sacred thread (paita) and Brahmo preacher appeared on the streets to preach Brahmoism from the street-corners. They could easily be recognised by their peculiar dress, viz., black broad cloth, pants and chupkans, topped by red merino China coats, beaver hair "Catechist" caps with tassel, red and yellow comforter round the neck, and thick knobbed oak stick in their hands.

DRAMATIC CLUB PRESENTED 'PATIBRATA'

Jogesh Chaudhury's famous drama 'Patibrata' was staged by the members of the Corporation Dramatic Club at the Biswarupa Hall some time ago. This was the Thirty-sixth annual performance of the Club. The story depicted the life story of a girl 'Jyotsna' mostly common in Bengali household and her intense longing for uniting with her husband by overcoming so many odds and hurdles. Married at an early age of eight she was once forsaken by her husband 'Ranendra' under some adverse circumstances. But she was successful at last. The intruders as creators of these circumstances were, however, treated well for their intrigues.

Directed by Shri Jogesh Kamal Das Gupta, a veteran among the amateur stage players, the performance was well appreciated by all. Shrimati Sukla Mukherjee did well as 'Jyotsna' while Shri Rishikesh Bose nicely portrayed 'Ranendra.' The other actors also put up shows which could not be said to be prosaic.

Presiding over the function, the Commissioner, Shri B. K. Sen, encouraged all present for their leanings towards cultural activities. He also thought that the Corporation authorities' encouragement should come up through some tangible assets in the shape of erection of a dramatic hall as well as annual lump-sum grants. Councillor D. N. Bose also stated to have promised modest donation for the purpose when it would be built up. Earlier, Shri P. Guha, City Architect, President of the Club, welcomed all.

During Pujas the East Indian Railway was opened upto Allahabad. Red and black poster were posted all over the town to announce this fact. The 3rd class booking office was at Armenian Ghat on this side of the river, and passengers after booking here, had to cross the river by steam ferries run by the Railway Company. The 3rd class compartments were regularly "loaded" by the guard with the help of burkandazes, so that they resembled the "Black Hole" of Calcutta, being packed to suffocation.

4, BANERJEE ST., CALCUTTA-1 Phone—22-2201

Agartala (Tripura) Municipality

[By JATINDRA MOHAN DUTTA]

We, Bengalees, are interested in the welfare and progress of Tripura as it has been ruled so long by native Rajas—Manikya Bahadurs, who regarded themselves more as Bengalees than anything else. The State language was Bengali. It has now been merged into Bharat i.e., India. The population of the State in 1951 was 6,89,000 of whom 8,75,000 were Bengali speaking. The percentage of Bengalees in 1951 was 58.7. Since then Bengalee Hindu refugees from East Pakistan are pouring into this State. Their number is:—

1951	...	23,800
1952	...	80,000
1953	...	9,200
1954	...	4,700
1955	...	17,500
1956	...	57,700
1957	...	8,600

Total ... 1,94,000

The population now would be, apart from the natural increase, at least 8,33,000; of whom the Bengalees would number 5,69,000 i.e., 68.3 per cent. of the total population. As there are reasons to suppose that ever since the enforcement of strict passport regulations between India and Pakistan many Hindus have migrated into Tripura surreptitiously as the border is wholly unguarded.

Agartala is the capital of the State. It was founded some 80 years ago by the late Maharaja Bir Chandra Manikya Bahadur, the then Ruler of Tripura. At that time it was full of marshes, bushes and jungles, and wild animals, including tigers and bears freely roaming over what is now the capital town of Agartala. It is a rapidly developing town. The population at the different censuses has been.—

1901—6,415	1941—17,522
1911—6,881	1951—42,609
1921—7,748	1957—52,000
1931—9,580	(Estimated)

The town came under municipal administration in 1912 under a Municipal Act passed by the then Ruler of Hill Tipperah. This Act was repealed by Act 2 of 1939. The municipal affairs were managed by 12 Commissioners of whom 6 were elected and 6 nominated. In 1951 the number of Commissioners was increased to 18, all of whom were elected. In 1955 all the Commissioners resigned 'en block'; and the work of the municipality came to a standstill. This unhappy position was caused, it is said, by the needless and frequent interference on the part of the Chief Commissioner and his staff, especially as the income of the municipality was none too sufficient to cope with the growing needs of the town. The higher officers were non-Bengalees, who not knowing the language of the people could not correctly gauge the sentiment and aspiration of the people often innocently misjudged their motive.

The Municipality is now under the management of the State Government and an Administrator appointed by it manages its affairs.

The area within municipal limits is 8.14 sq. miles. The density is 17,000 persons per sq. mile or 27 per acre. There are 14.8 miles of pucca and 5.8 miles of kutchia roads, besides 18.4 miles of kutchia lanes and bye-lanes, besides 80 miles of open drains. Drains are all kutchia, defective in construction, shape and grade and cannot discharge rain-water properly. And rain-fall at Agartala is rather heavy; and often the rain-fall within an hour or two is so heavy that the low-lying lands of the town are over-flooded.

There is no filtered water for drinking. It is supplied now from tube-wells. Lighting arrangements are meagre, though electricity is available.

There are nine High Schools and one first grade college within municipal limits. There is a good Hospital and it is being improved.

DEATHS AND DISEASES IN THE CITY

Attacks and deaths from cholera in the city during the week ending the 5th April and the 12th April were 182 and 161, and 59 and 81 respectively. During the week preceding the week ending the 5th April there were 146 attacks and 84 deaths. The number of imported cases of deaths during the last week-ending was 13. During a corresponding period last year attacks were 22, 18 and 84 respectively while deaths were eight, 12 and 18. A significant number of imported cases were also reported then.

Small-pox attacks were 14 and 18 during the two weeks of April ending the 5th and 12th April while deaths from the same were 14 and 15 respectively. There were nine imported cases during the last week-ending. During a week previous to this attacks and deaths from the same were 26 and 22 respectively inclusive of 18 imported cases. During a corresponding period of three weeks last year attacks were 202, 186 and 180 respectively while deaths were 105, 182 and 186 respectively. A considerable number of imported cases was recorded then.

Malaria caused the smallest number of deaths during a period of two weeks of April. Their number stood at three and one respectively against two during a week previous to this. Deaths from Typhoid numbered two and eight respectively against four in the week previous to this.

35 and 36 persons died of Tuberculosis against 44 deaths from the same disease in a week previous to this. During a corresponding period last year there were 26, 32 and 39 respectively from the menace.

Deaths from all causes during the two weeks the 5th and the 12th April totalled 646, and 649 respectively against 678 during the week previous to this. During a corresponding period last year total number of deaths in the city stood at 908, 919 and 1,054 respectively.

CIVIC NEWS FROM FAR AND NEAR**JALPAIGURI MUNICIPALITY**

The West Bengal Government superseded the Jalpaiguri Municipality for a period of two years. The Government stated that the commissioners were incompetent to perform the duties required of them under the Bengal Municipal Act of 1952. The effect of supersession was given from the early part of February.

The resolution superseding the Municipality stated in a Notification that all powers and duties, during the period of such supersession would be exercised and performed by Shri S. N. Ray Chaudhury, Sub-divisional Magistrate, Sadar, Jalpaiguri.

The administration of the Municipality had been a matter of great concern to the Government for some time. The Municipality was inspected by the Additional Deputy Commissioner, Jalpaiguri, in September last. The inspection report revealed a very unsatisfactory state of affairs in the administration of the Municipality, which was in a chaotic state. The financial position was also extremely unsatisfactory.

The Commissioners had persistently disregarded the provisions of Rule 22 of the Statutory Municipal Account Rules relating to the disposal of audit reports received from the Accountant-General, West Bengal.

The supersession was referred to in the weekly meeting of the Corporation later on. Councillor Sachin Sen placed the matter before the House and condemned the action of the Government.

SEPARATE MUNICIPAL ACT FOR HOWRAH

At a recent meeting of the Howrah Municipal Commissioners, the Chairman disclosed that he had already approached the West Bengal Government for a separate Municipal Act for Howrah. The Bengal Municipal Act was not suitable for Howrah and the literal introduction of all the provisions of the Calcutta Municipal Act, 1951, would not be helpful.

Earlier Shri Bholanath Das, a Commissioner proposed to amend a Section of the Calcutta Municipal Act to extend to Howrah Municipality and to introduce a graded system of taxation.

The Chairman further said that no amendment was possible in law. Dealing with the slab system as adopted by Calcutta Corporation, he said that the Corporation had experienced difficulties with regard to bustee assessment as it made the hut owner pay rates at a higher slab. He pointed out that if the motion was accepted and the suggested slab system introduced the Municipality's demand would decrease. The motion was ultimately withdrawn.

BERHAMPORE ELECTRICITY BOARD

The West Bengal State Electricity Board has taken over Berhampore Electric Supply Company from the 1st March last. The consumers had been demanding nationalization of the company for some time past.

The West Bengal State Electricity Board has asked the company to submit a list of its properties with their respective valuations.

BOMBAY'S NEW AIR TERMINUS

The new air terminal in Bombay, built at a cost of Rs. 450 lakh, east of Ville Parle, started functioning with the take-off of an Indian Air-lines night air mail plane recently.

NEW CHAIRMAN OF SERAMPORE MUNICIPALITY

Shri Kana Lal Goswami and Dr. Gopal Das Nag were elected Chairman and Vice-Chairman of the Serampore Municipality respectively at a meeting in Serampore recently.

BANSBERIA MUNICIPALITY

Dr. B. C. Mitra was unanimously elected Chairman of Bansberia Municipality, Hooghly, some time ago. Shri Kali Pada Sinha was also elected its Vice-Chairman.

BHADRESWAR MUNICIPALITY

Shri Santosh Kumar Pal Chowdhury was re-elected as Chairman, and Shri Basanta Kumar Chatterjee as Vice-Chairman at a meeting of the newly elected Commissioners some time ago.

MADRAS CORPORATION

The Madras State Government sanctioned the payment of Rs. 85,672 as grant to the Madras Corporation during the year towards expenditure on the drainage work for the period ended December 31, 1957, and of a grant of Rs. 8.42 lakhs towards expenditure on its water supply for the same period which included Rs. 6.80 lakhs for the installation of rapid mechanical filters.

NEW PARK AT AGARPARA

Panihati Municipal Park at Agarpara was opened by Shri I. D. Jalan, Minister, Local Self-Government West Bengal some time back.

In his address, Shri Jalan said that for the betterment of people in the locality, Commissioners of the Municipality should work with the motto of public service and should always remain above personal interest and narrow politics.

He further said that there were complaints of paucity of municipal funds for which the Municipality could not function properly. But if there had been proper assessment and collection of Municipal Taxes then the Municipality could have done much out of its own funds.

The Minister urged the Commissioners to work always with public co-operation without which nothing could be achieved at the present moment.

Speaking on the difficulties faced by the municipalities in Bengal, the Minister said that efforts were being made to amend the Municipal Act. So there was little cause for concern. He said that the question was being considered by a Special Committee.

The Administrator of the Municipality, Shri A. C. Mitra said that the necessity of a park in the congested area of Panihati had long been felt, but it could not materialise due to the financial difficulties. It was proposed as early as in 1951. The park cost Rs. 12,200. He also referred to the erosion by the Ganges in the Municipal area which could not be checked by the Municipality alone without substantial assistance from the Government.

CITY-NEWS-PARADE

OBITUARY: The death of Mr. Alexander Izat, General Manager of the Allahabad Bank Ltd., Calcutta, took place a fortnight ago. He was due to have left the city shortly on retirement. He was 56.

The late Mr. Izat joined the Bank in 1926. He became General Manager in 1955. He was a well known figure in banking and commercial circles as well as in sports. In his early years he was a member of the Calcutta Light Horse. One of the oldest members of the Calcutta Swimming Club he was also a keen golfer.

An Elder of St. Andrews Church, the late Mr. Izat served for a time as Sunday School Superintendent, and was Chairman of the Y.M.C.A., Calcutta. He also served on a number of committees including the Calcutta Burns Club and the Caledonian Society.

ARMY MEDICAL UNITS, CALCUTTA, celebrated the 15th Anniversary on Thursday, the 10th April last with a ceremonial parade in which 250 officers, J.C.O.s and O. Rs took part. Major-General T. B. Henderson-Brooks, Divisional Commander, took the salute.

In a brief address the Divisional Commander reminded the men of the important role of the Corps. Upon its efficiency, he said, the morale of the troops depended.

After the parade a message from Lt.-General B. Chaudhuri, Director-General, Armed Forces Medical Services, was read. A message was also read from Major-General B. M. Rao, Director of the Medical Services.

In the afternoon a sports was held in the grounds of the Military Hospital, Calcutta.

WORLD HEALTH ORGANIZATION DAY was observed in the city on the 7th April last. Dr. Anath Bandhu Ray, West Bengal's Minister of State for Health, gave a short account of the progress registered by the State in the field of public health during the past 10 years. He claimed that as a result of measures taken by the Government during this period mortality from malaria had decreased from 3.6 per 1,000 to 0.4 while that from tuberculosis had been halved. Infant mortality had fallen from 136.7 to 93.9.

Dr. Ray explained the steps the Government had taken to control leprosy and epidemic diseases, to check the trade in spurious drugs and to extend social hygiene work, school health services, health education, family planning programme, employees' insurance, nursing services and water supply.

Referring to the work of the World Health Organization, the State Minister said that it provided the know-how in the field of public health. The W.H.O. worked in close co-operation with the U.N.I.C.E.F. which had given substantial help in the form of hospital equipment, drugs and diet. An agreement had recently been signed under which West Bengal would receive by the end of 1959 equipment of various kinds worth Rs. 2.2 lakhs.

JUDY, PORT COMMISSIONERS' TUG was re-floated by one floating crane and two anchor vessels on Friday, the 11th April last, about 67 hours after it had sunk in the main Kidderpore Dock on April 8. Salvage operations started at that morning. The Commissioner's fire float, Alpha, pumped the water out of the vessel which was then sent to the dry docks for repairs. After repairs it would again be put into commission. Arrangements to refloat the tug had been worked out in detail so that normal movement of ships was not interfered with even during the salvage operations.

ELECTRICITY SUPPLY IN THE CITY particularly in central, south and south-east parts failed intermittently in some areas and for a prolonged period in other areas on Thursday night, the 10th April last. The period of darkness lasted between half-an-hour and over two hours. The supply was restored at low voltage in stages in the affected areas. The breakdown was not on account of failure of supply from the D. V. C. so far it was gathered, fault in line might have caused power failure.

In N. R. Sircar Hospital, Chittaranjan Hospital, Shambhunath Pandit Hospital and Suklal Karnani Hospital, nurses attended patients by candle light during dark hours.

Some news agency offices were affected and news could not be transmitted for nearly one and a half hours. There were many areas in south and central Calcutta where the supply was not restored till morning. These, who were used to fans, had troubled sleep.

WORKERS UNDER CATEGORY IV in city's Government Hospitals staged one-day token strike on Wednesday, the 9th April last in sympathy with their colleagues who went on hunger strike at Raja Subodh Mullick Square. They resorted to such practice in their attempt to bring redress of many of their grievances as a passive resistance. The number of such demonstrators rose to 70 on Thursday.

Waving Congress flags, a long procession of hospital workers went along city streets on that day and terminated at the square, where a meeting was held with Shri Nepal Roy, M.L.A. as its President. A resolution condemning the Government's "callousness" about the condition of hospital workers was passed.

The day's routine work in hospitals was managed any how by the nurses and students extending full co-operation to their superior officers.

The five-day long fast was called off on Friday, the 11th April at the intervention of the State Chief Minister, Dr. B. C. Roy. The successful negotiations between the authorities and the workers were carried by Shri Nepal Roy, President of the Medical College and Hospital Workers Union, and Union Secretary. As an interim increase of pay, permanency of 80 per cent. of temporary workers and some liberal concessions of leave with pay were the main conditions of settlement.

A **KAL-BAISAKHI OR NOR-WESTER** passed over the city on Monday evening, the 14th April indicating the advent of the Bengali New Year. The maximum wind-speed was 32 miles per hour and no rain-fall was recorded. This was the second Nor'wester during recent days. The day's maximum temperature was 3 degrees C above normal. The maximum temperature rose to 4 degrees C above normal on Wednesday, the 16th April maintaining the heat and dry spell all over the day. Tuesday's temperature was a repeat of Monday.

The first Nor'wester broke out on Thursday, the 11th April last when there was a welcome drop in day's temperature towards the evening. The rainfall in the city was negligible. There was gusty wind and occasional lightning at night. This caused a Delhi-bound India Airline Viscount delayed for two hours.

The maximum temperature on Saturday—the 12th April was 4 degrees C above normal. The maximum on next day was, however, 3 degrees C above normal. Likely development of thundery conditions towards the evening otherwise fair weather were the forecasts on both the days.

During a week preceding these days the weather forecast was almost similar in nature. The day's maximum temperature rose above normal on many occasions. Citizens suffered from unbearable heat and humidity of dry weather.

AN EXHIBITION IN CONNECTION WITH RAILWAY WEEK was arranged at Ranji Stadium, Eden Gardens, on Thursday, the 10th April last. It lasted for six days. The exhibition was jointly organized by the Eastern and the South-Eastern Railways.

People unfamiliar with the intricacies of various Railway departments and their activities found some of the working models put on view of much interest. The exhibition gave an idea of how the single-line signalling system and the double-line interlocking signalling system work and how in bridge building girders were placed. Other models included the Bhilai marshalling yard, electric and heavy-weight passenger locomotives and different types of coaches.

A number of documents bearing on the working of the Railways several decades ago attracted larger number of visitors and so were the numerous exhibits of handicrafts of the families of the employees of the two Railways. Arrangements for cultural shows on all the days were also made.

Dr. Suniti Kumar Chatterji, Chairman of the West Bengal Council, who inaugurated the exhibition, pleaded for closer co-operation between the Railway administration and the public and said that every effort should be made to inculcate among the people the idea that the Railways, the biggest nationalized undertaking in the country, were their property.

Shri G. P. Shahani, General Manager of the South Eastern Railway, said that vital traffic was being moved to the best of the Railway's ability. The Railways are busy expanding their transport capacity and workshop repair facilities to be able to carry additional traffic expected as a result of the implementation of the development plans.

FOURTEENTH DEATH ANNIVERSARY OF PRAFULLA SARKAR a Journalist and a true Vaishnava, was observed at Sooterkin Street, Ananda Bazar Patrika Office on Sunday, the 13th April. The late Shri Sarkar was the Editor of the Patrika.

Presiding over the function, Shri Bimal Chandra Sinha said that late Sarkar's devotion to duty was laudable. Recalling his association with the late Shri Sarkar, the Minister said that he was impressed to feel how lofty was his life's ideal.

Shri Chapala Kanta Bhattacharjee said that the late Shri Sarkar was a silent worker. No obstacle, however strong it might be, could deviate him from the path he felt to be true, added the present Editor.

Shri Sudhansu Bose, Editor, Hindusthan Standard said Prafulla Kumar was an orthodox Bengalee. His contribution for the reformation of society through his writings was unique.

Death anniversary was also observed by Sinthee Vaishnav Sarumelani, Dum Dum.

PAUL ROBESON'S SIXTIETH BIRTHDAY was celebrated in the city on Wednesday, the 9th April last when Robeson's usual organ voice enthralled a large assemblage transcending linguistic, racial and geographical barriers at the Y.M.C.A. Hall, Surendra Banerjee Road, Central Calcutta. Robeson's songs played on the occasion included "Four Rivers" "Song of Freedom" "Scandalize My Name," and others numbering about 220.

In a message sent to the All-India Birthday Celebration Committee the Prime Minister Nehru said "This is an occasion which deserves celebration, not only because Paul Robeson is one of the greatest artist of our generation, but also because it reminds us that art and human dignity are above differences of race, nationality and colour."

fighter for human dignity" the Chief Justice of Calcutta High Court, Shri F. B. Chakraverty described him as credit to human race and who symbolized the "aspiration of men for freedom."

BELIEF WELFARE AMBULANCE CORPS celebrated its Tenth Foundation Day on Sunday, the 13th April. Presiding over the function at the University quadrangle, Calcutta, Professor N. K. Siddhanta, Vice-Chancellor, referred to the "splendid work" done by the Corps during the past 10 years.

Lt.-Gen. D. N. Chakravarti, Director of Health Services, West Bengal, said that the Government had a plan to organize out-patient services for students in about 20 hospitals in the city. A special hospital for students might be opened in the city. The Director suggested that there should be a central organization to co-ordinate the activities of all relief organizations in the State.

Dr. Subodh Mitra, President, said that the Corps had supplied milk to six lakhs babies and needy people in the city and the districts last year. Its mobile dispensary had treated over 24,000 patients. At the outdoor dispensaries maintained by the Corps about 37,000 patients had received medical aid. Its ambulances carried patients to hospitals in urban areas. Dr. Mitra appealed to the public to contribute liberally to the R. W. A. C. fund to enable it to extend its humanitarian services.

VITAL STATISTICS

For the City of Calcutta for the week ending 5th April, 1958.

CITY OF CALCUTTA (TOWN AND ADDED AREAS.)

Lease of Bicycle Stand

S. S. HOGG MARKET:

Applications with offers of daily rent for the lease of the Cycle Stand attached to Sir Stuart Hogg Market for a term of one year with effect from 16th July, 1958, are invited and will be received by the undersigned on or before 30th April, 1958. The successful applicant will be required to abide by the terms and conditions of the lease as will be approved by the Corporation authority.

S. M. MURSHED,
Asst. Superintendent.

S. S. Hogg Market:
The 9th April, 1958.

Auction Sale

NOTICE.

A few Gold-coated articles—charis, buttons, pins, etc. will be sold by auction on 30th April, 1958 at 4.30 p.m. at the Municipal Museum, College Street.

B. BHADRA,
Offg. P. R. O.

MUNICIPAL MUSEUM:
The 18th April, 1958.

It is hereby notified for information of intending buyers that carts seized under Section 227(1) of the Calcutta Municipal Act, 1961 and not claimed within ten days of such seizure, will continue to be sold by public auction, as heretofore everyday after 3 p.m., excepting holidays by the Cart Registration Officer at his office at 185/1, Lower Circular Road Calcutta, until further orders.

A. K. DUTT,
License Officer.

CENTRAL MUNICIPAL OFFICE:
The 20th September, 1957.

SHOPS TO LET

SIR STUART HOGG MARKET

Applications with offers of initial rent for the privilege of occupying the undermentioned stalls on rents noted against each are invited and will be received by the Superintendent in the Market Office daily between the hours of 11 A.M. and 1 P.M. It should be noted that 25% of the offer of initial rent would have to be deposited immediately on the acceptance of same by the Committee, the balance to be paid within 7 days.

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying basar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the leasees thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Rs. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

FELICITATIONS

THE CALCUTTA MUNICIPAL GAZETTE conveys to the Mayor and the Deputy Mayor on their re-election its cordial greetings and grateful felicitations. We are indeed very happy to note that it was by a unanimous vote of the House that the Mayor was re-elected. This is a matter of utmost importance and adds a meaning and a significance to current Corporation affairs and the lead that the Mayor has given towards a solution of the City's problems.

THE MAYOR and the Deputy Mayor have both been noted for a suavity of manners and a sweet reasonableness of spirit and approach. By their handling of the Corporation affairs and in their dealings with Corporation employees they have been popular with all sections of the people concerned.

DR. TRIGUNA SEN is a product of the Jadavpur Engineering Institution. His devotion to his *alma mater*, and his untiring zeal have helped to enrich and enlarge the institution into a University which takes its rank among the best of its kind. He remains the guide and director of that University.

WE HOPE that his term of Mayoralty will see a sort of rejuvenation of city's Municipal Corporation. It has really fallen on evil days and evil tongues. The affairs of the Corporation are being criticized, and not always unjustifiably, and its *morale* has gone into low ebb. We hope that the year we start with the re-election will see us through the woods into the brightness and warmth of clear sunshine. We congratulate them on their re-election and a career of useful service.

'Corporation Exists For Rendering Services'

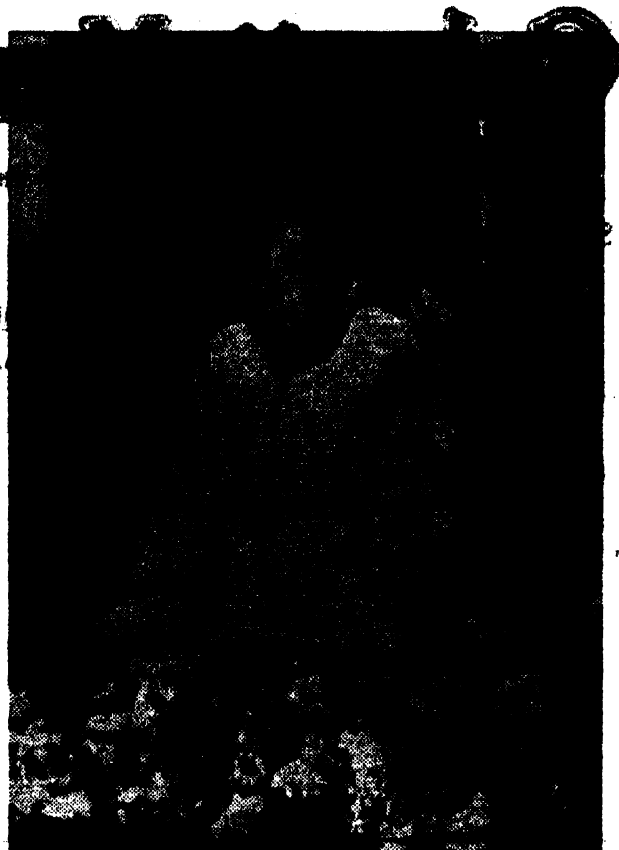

Replying to the good sentiments expressed on the occasion of his election as Mayor of Calcutta, the Mayor said:

Although I am touched by your continued faith and confidence in me it is with some misgivings as to its value that I find myself entailed again in this ornamental chair which I have come to find to be gloriously ineffective. It is a position full of dignity perhaps, but empty of all authority. People in distress expect a great deal from this so-called head of the Corporation, particularly when that organization fails in rendering the essential service which is the ultimate justification for its existence. The Mayor is, however, utterly helpless in the hands of the same executives who are responsible for such situations of distress and can in no way fulfil the expectations which this Chair rouses. For that matter the Councillors too are hardly more effective.

Citing an example of his helplessness Dr. Sen continued:—

You may remember that in the month of May a year ago when the citizens were crying for water, the Corporation gave a directive for out-of-commission tube-wells to be repaired within six months, and I took special permission from the Government to arrange to purchase materials for sinking 800 new tube-wells. The Councillors too arranged to sink tube-wells in their respective Boroughs. The Standing Water Supply Committee recommended the scheme and the Standing Finance Committee approved the expenditure, in anticipation of sanction by the Corporation. Almost a blank cheque to arrange supply of water in all scarcity areas was given and we passed necessary orders to hire the requisite number of bullock-carts to carry water. What was the result of all this? We are practically in the same position now as in last year, and in spite of all these efforts on the part of the Councillors, people are still suffering for want of drinking water.

Last year we made all arrangements to fight epidemics, appointed any number of vaccinators, inoculators and even a Special Officer, in the month of January, seeking assistance from the Police of their assistance. I requested the administration several times to issue notices prohibiting the selling of cut fruits and to tighten up inspection of eating houses. I. M. A. and

THE MAYOR

other voluntary associations, the students of all Medical Colleges came forward to help us to fight the epidemics. I personally requested the administration to fill up the insanitary tanks in the city, but of the funds provided in the Budget, but in spite of all these honest and sincere efforts, hundreds of people are dying in the city from cholera. What the Mayor can do? Even though the Corporation is spending lakhs of rupees for its Motor Vehicles Department, at the time of necessity, the majority of Ambulance Cars are out of order. People who are playing with the lives of people are still roaming about with impunity at the cost of the Corporation.

Concluding his speech the Mayor said:—

I, therefore, warn you friends, that unless fundamental changes are brought about in the working of the Corporation, my second term of Mayoralty gives no occasion for any hope for better things to come or any feeling of complacency.

Let us determine to be united and we will be able to create a history.

'LOVE AND CONFIDENCE I EARN FROM ALL'

—SAYS THE DEPUTY MAYOR.

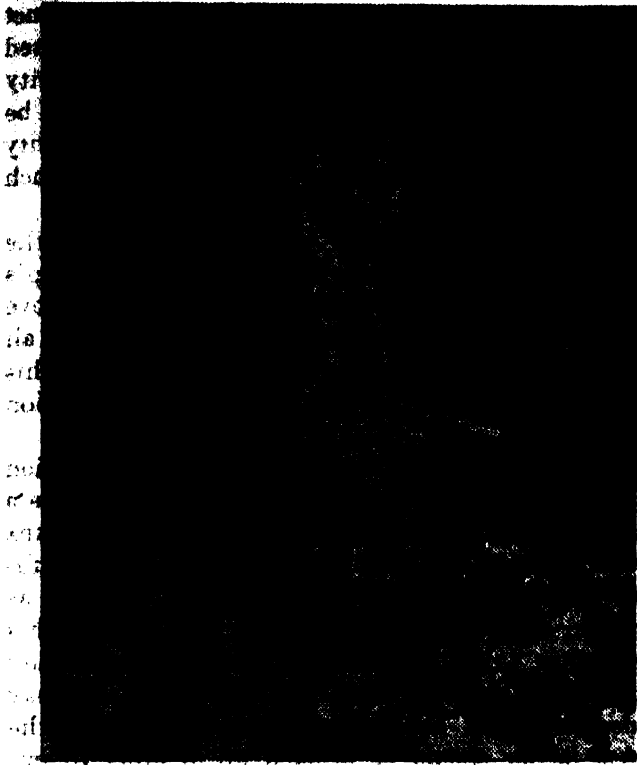

The Deputy Mayor, Shri Keshab Chandra Basu replied in the following lines:—

Mr. Mayor, and Friends.—I am really overwhelmed by the love and affection you have shown me and the confidence you have reposed in me by electing me for the second year in succession to the high office of the Deputy Mayor. I am deeply grateful to you. I am myself very doubtful regarding my own qualities for occupying such a

high office, and I have great doubts as to whether I have been able to do all that was expected of me as Deputy Mayor of this great city during the previous year. Still it is very heartening to me to find that I have not forfeited either your love or trust.

Friends, this is not the time for self-congratulations or even for resting on our oars. Even the gods are not kind to the Corporation of

Patnapura. You know that last year we took a resolve to go all out in our efforts to stamp out epidemics of Small-Pox and Cholera from the city.

THE DEPUTY MAYOR

A Special Officer—Epidemic Control Officer—was

FELICITATIONS CONTINUED FOR HOURS

Offering heartiest felicitations on the occasion of Dr. Sen's election to the Mayoralty of this Great City for the second time in succession, COUNCILLOR UDHANATH SEN said that gathering heat of the past few days caused not only by a rise in atmospheric temperature but also by internal combustion amongst the members, the unanimity of his election comes as a real relief to all. To be frank, at the present times, the Mayoralty of this city has turned into a crown of thorns and he who wishes to do it, must be prepared to bleed to some extent, if not profusely. We are sure that the Trinity of Truth, Love and Purity which your name "Triguna" signifies, would always guard you against lapses, and pitfalls which abound.

Congratulating him Shri Sen said that as a Mayor, you are the possessor of a great heritage and a greater tradition, handed down by such illustrious persons as Deshabandhu Chittaranjan, Deshapriya Jatindra Mohan and Deshgourab Subhas Chandra, who adorned this seat not very long ago. The present generation is so sharply different from theirs that the above fact now echoes like a legend which happened "once upon a time." The task before you is all the more difficult on account of the vastness of the moral lapses overtaking us in general. We hope and trust that the dignity of this sacred seat will return to that Old Glory, which was its own, added the Deputy Leader of the Congress Municipal Association.

Assuring the new Mayor his willing co-operation in all his lawful attempts for improvement and the civic services Councillor Sen hoped that all evils from administration would be driven out soon.

Extending warmest congratulations on Dr. Sen's election as Mayor, COUNCILLOR ANIL MATRA

appointed and inoculation and vaccination staff in larger numbers were recruited for adopting anti-epidemic measures throughout the year. Irony of fate was that after we had doubled or trebled our strength and expenditures in the fight against epidemics, the figure of Cholera attacks has broken the records of the last two decades. However, we will not relax in our endeavours to control and stamp out this scourge which is just now taking a heavy toll of the lives of the citizens. Very vigorous and drastic steps must be adopted.

An allied problem is the problem of scarcity of supply of drinking water in the city. It may be that we will not be able to drive out Cholera unless we arrange for an improved position in water supply. The laying of the new 72 in. Tallah-Puka main has been taken in hand. But we will have to wait a few years more before water reaches the citizens through that new main. In the meantime, as the State Government has rightly emphasized, we must rush ahead with sinking of new tube-wells in the scarcity pockets.

To you, Mayor, Sir, I am under a deep debt of personal gratitude. It is your inspiring leadership that has sustained me and enabled me to work as your understudy in the administration of the city. Your unfailing affection and consideration towards me has been a source of great comfort and courage to me.

said that everybody's heart was heavy with thoughts of the humiliating situation in which the Corporation was placed to-day. Cholera is raging in the city. Government has issued directives to us under Section 45 of the Act. But it should be remembered that in good time this House approved of the Epidemic Control Scheme. The Corporation has incurred the odium of inaction. 'But it was of no avail', he said.

'It was rightly suggested by you that the Mayoral election should be held during the first week of this month. Had the suggestion been accepted, timely measures could have been adopted for arresting the spread of the epidemic. But that was not to be, added Councillor Matra.

'Because we felt that you have made a good beginning and have shown admirable drive and initiative the interests of the rate-payers appeared to be uppermost in your mind. We felt that you should be given an opportunity to complete the programme you had chalked out,' he added. 'Civics should always come before politics. Your re-election should be considered as an expression of the popular will and the triumph of public opinion,' said Councillor Matra.

Considering the magnitude of the problems, Councillor Matra said that ultimately the implementation of any programme would depend on the willing co-operation of the employees. And fortunately the present Mayor has touched their hearts by his humane approach. They not unnaturally expect that their grievances would be redressed and their service conditions improved. Efficiency would be restored only by sympathetic handling, he also said.

To the Deputy Mayor, Councillor Maitra said that sincere expectation of all would sure to rise on the occasion and give his undoubted talents full play in the civic sphere.

Lastly Councillor Maitra hoped that the Deputy Mayor would strengthen the hands of the Mayor in the common endeavour. 'A crisis is upon the institution and this could doubtless be saved if everybody gives of his best.'

'Before I conclude, Sir, I should like to speak a word about the work of the different Committees. The Chairmen and the Deputy Chairmen would soon be elected and the Associate Members appointed. Many showed ability and competence as members of Committees last year,' added the Leader of the Opposition.

GRATIFYING to note that the people of Calcutta have once again reposed their confidence in Dr. Sen, COUNCILLOR DR. PARIMAL KUMAR SEN GUPTA described that it was no mean achievement on his part for earning the opportunity to serve the rate-payers from his high position for at least another year. 'I do not consider it to be an appropriate occasion to recount the catalogue of your qualities of head and heart but I have no manner of doubt about your vision and your erudition,' added Dr. Sen Gupta.

He also said: 'Your experience in multifarious activities, your anxiety for improving the civic administration, and others call for admiration from all quarters. Your contemplated venture for treating the moral maladies of this Institution received equal appreciation. I am inclined to believe that under your continued guidance the Corporation would secure the desired moral buster and the citizens will receive due care and comfort'.

Referring to the present conditions Councillor Dr. Sen Gupta said the city was then in the grip of a fatal malady and the rate-payers were in mortal fight for the same. And it is the Mayor who could lead kindly light to deliver the people from this fateful situation, he added.

Concluding his speech Dr. Sen Gupta offered his loyalty and co-operation to the Chair.

While offering his felicitations to the newly elected Mayor and the Deputy Mayor, ALDERMAN DR. AMITYA KUMAR BOSE referred to the present epidemic situation in the city. He said that the blame for not tackling the epidemic situation properly should be shared by the Government as well as by the Corporation. 'It is not fully possible for the Corporation to eradicate the evil as the Corporation has been given a cold behaviour under the present Five Year Plan of the country's development programme,' added Dr. Bose.

Appreciating the past activities of the present Mayor, Dr. Bose felt that the Act should be amended in such a way so that the Mayor might hold a larger amount of executive powers.

THE speech of COUNCILLOR S. K. GUPTA I.C.S., was toned in other direction. He said that he had been sceptical when Dr. Sen proposed to improve the Corporation administration but he found that Dr. Sen had been able to create enthusiasm for the purpose. The Mayor, he regretted, had no power but only influence. From his personal experiences the one-time Secretary of the Local Self-Government Department, State Government, felt that the Mayor must have some power in order to carry on

the civic administration of this premier city in the East.

Expressing satisfaction at the unanimous election of the Mayor, ALDERMAN AJIT KUMAR DUTTA hoped that Dr. Sen would be able to conduct the House without any division. He suggested that if the Mayor was elected from the majority party the office of the Deputy Mayor should be filled up by a member from the opposition minority group. And instances are not rare when such things had happened in the past, he added.

Describing some of the qualities of the present Mayor, ALDERMAN DUTTA spoke of his own's sweet personification, friendly manners and above all his keen sense of duty. He hoped that all these qualities would inspire others to follow his lead and achieve the object 'for which this Institution lives'.

Remembering that there had been a discussion of administrative activities as scientific as well as a teaching activity, COUNCILLOR BHOJ BANERJEE said that the month of April was a suitable time for such a meeting, as Dr. Sen was well sure to lead the way of this institution to a new anchor. Among his many suggestions he felt that the differences of pay scales between the highest executive and the lowest labour should be bridged up in order to improve the efficiency of the personnel in the Corporation.

OFFERING his personal felicitations to the newly elected Mayor and the Deputy Mayor, COUNCILLOR BHOJ BANERJEE felt that the administration should be geared up in order to have an effective system of service to the rate-payers. He was not, however, happy to find the present working as many of the departments had been moving slowly, particularly the Accounts Department. He also felt that the Standing Committees should be allowed to have their existences even during April of each year against the present practice of disbanding them towards the end of each financial year.

In a mood to express his personal satisfaction at the re-election of Dr. Sen to the Mayoralty of Calcutta, COUNCILLOR MIHIR LAL GANGULY felt that the auspicious day should be considered as a day of stock-taking wherein the great and the noble lived by their worth and activities.

Councillor Ganguly could not free himself from the discussion of the epidemic then raging over the city. He re-iterated his old saying that unless an all-round drive was given from all quarters and sections there could not be a safer position in this city as regards these epidemic diseases.

COUNCILLOR SUBRATA SEN SARMA felt the existence of true democratic atmosphere in the Mayoral election. He said that it was the verdict of the citizens' minds which led to such an unanimous election while the country had been splitted up into so many ideas and ideals. This was an indication of the citizens' strong will force, according to him.

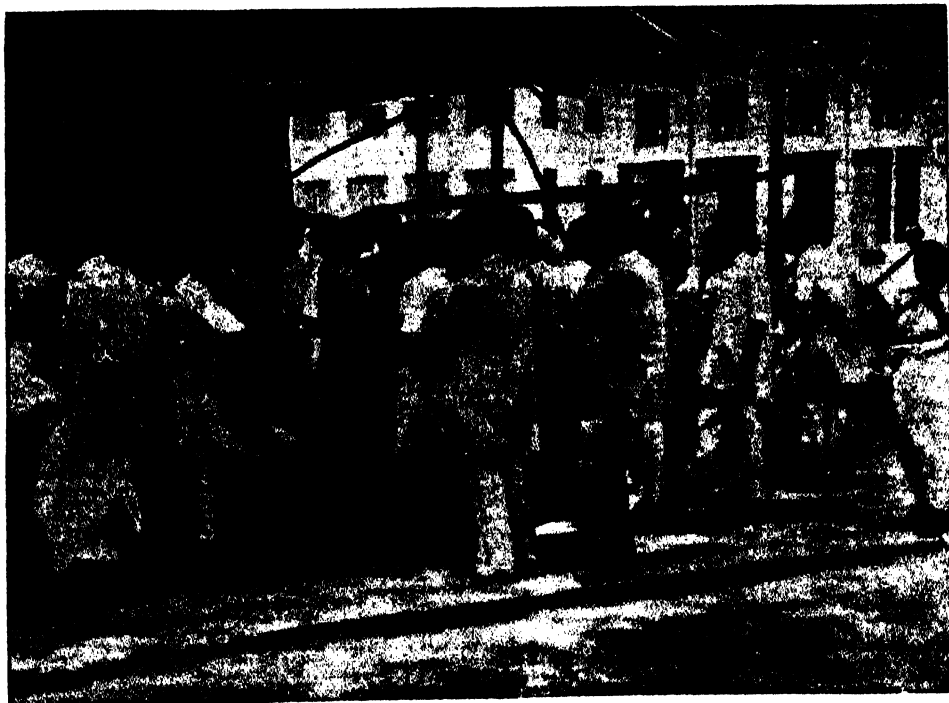

Pointing out many of the grievances of the citizens Councillor Sen Sarma wanted that the Mayor's attention should be diverted for the present towards prompt service, implementation of water-supply, clearing of drainage, beautifying the city and others in the Corporation administration.

CHOLERA RAGING OVER THE CITY

LEFT: An improvised inoculation centre set up by the Indian Red-Cross Society at a street corner.

BELOW: Anxious relations of suspected cholera patients waiting outside the Infectious Diseases' Ward, N. R. Sarker Hospital. A shed has also been provided there by the Corporation of Calcutta. The Information Centre is being run by 'Nagarik Shasthya Sangha'.

DRIVE AGAINST CHOLERA EPIDEMIC

ABOVE: *In his round over the city's affected areas the Mayor, Dr. T. Sen, discusses with Councillor Dr. Sukhabehari Mukherji, then Chairman, Standing Health Committee, in Beliaghata area, in one of the days of the Mayor's Health Week. A few Corporation officials also participating in the discussion.*

BELOW: *Trailer-load garbages being removed from the city as a measure of the Cleaner Calcutta Campaign during the week.*

CHOLERA APPEARS TO BE SLOWING DOWN

Intensive Drive Undertaken By Corporation

Cholera which raged so virulently a few days back is gradually slowing down. This has been clearly indicated by less number of admissions in the Infectious Diseases' Hospitals for the last two days. The number which rose to an average of 850 each day towards the middle and close of last week came down below 300 a day during the first three days of this week. And on Thursday, the 24th April, 205 persons suspected to be suffering from the disease, were taken to hospital from different parts of the city against an almost equal number on Wednesday. On Friday, the 25th April the number of patients removed to hospitals for similar reasons has come down to 150. The magnitude of the epidemic can be said to have diminished. A definite opinion cannot be passed now till a few days more passed. There were about 950 cholera

Mayor, with Commissioner, Shri B. K. Sen, as its Secretary, Chairmen of different Standing Committees and other physician members in the House. The Director of State Health Services, the city's Commissioner of Police, were also included in that Committee. Arrangements were made for recruitment of nearly 400 additional inoculators for undertaking a mass inoculation drive besides the already enlisted non-official help. Additional water lorries were detailed for carrying water to the scarcity areas. Intensive publicity campaign through vans fitted with mikes, posters and leaflets for inducing people

MAYOR'S APPEAL TO COMBAT EPIDEMICS

The Mayor, Dr. Triguna Sen, has issued the following appeal on Saturday, the 19th April:

As an anti-epidemic measure, Mayor's Health Week will be observed from Sunday the 20th April to the 26th April next, throughout Calcutta. All Aldermen and Councillors with the help of Corporation staff and local social organizations are requested to come out to combat the epidemic and its possibility in the following manner:

- (1) Immediate removal of all garbages and night soil,
- (2) Mass inoculation drive in respective constituencies,
- (3) Disinfection of insanitary tanks, drains, unhealthy pockets etc.,
- (4) Cleansing of bustees.
- (5) Supply of filtered water and sinking of tube-wells,
- (6) Rousing of civic consciousness.

I appeal to the citizens and the Social Organizations to co-operate with the local Aldermen and Councillors and the Corporation staff in their respective areas to put a stop to this epidemic which is now raging over the city.

to have inoculation, as well as instructions how to prevent the disease were issued by the Public Relations' Department. Police help was sought for in the inoculation drive.

On next day the Mayor, Dr. Triguna Sen issued an appeal to combat the epidemic. Anti-epidemic measures were prescribed and he requested all Aldermen and Councillors, Corporation officials, social organizations and others to help the drive. In that connection a Mayor's Health Week was inaugurated on Sunday, the 20th April. Local Councillors were requested to look into their respective areas. They were further requested to take charge of the inoculation drive in co-ordination with the officials and local organizations. Disinfection work was also given under their direction. The week was inaugurated by the Mayor by rounding over many of the affected areas. On that day he also issued directives to be followed. Throughout the week the Mayor, a number of Councillors, the Commissioner and other officials looked into the measures taken in the affected areas.

CHOLERA DEATHS IN THE CITY— LAST TEN YEARS

Year.	Attacks.	Deaths.
1948	7,947	2,478
1949	5,532	1,482
1950	9,581	4,216
1951	5,694	1,654

1955	2,650	1,028
1956	2,218	845
1957	1,405	632

patients in different hospitals on Friday afternoon.

Since the sudden outbreak of this epidemic disease, a few days back, the Corporation as well as the Government of West Bengal took intensive campaign to combat the disease. Unabated as it was at first 702 persons were attacked with the disease and 248 died of it during the week ended the 19th April. The three-week old epidemic had tolled 81 lives during the week previous to this with 161 attacks. During that week there were 13 imported cases. The number of deaths during the week under review is stated to be the highest for one week since 1950 when in the corresponding week in April 480 people died of cholera. So far the number of deaths from the disease has exceeded 1600 during this year.

It was during last week the Mayor, Dr. Triguna Sen took a special initiative to tackle the situation. Special measures were taken in those areas where the disease took a raging form, particularly in Burrabasar, Tangra, Kalighat and Entally areas. Along with the State Government came the help from the non-official organizations including Indian Medical Association, Indian Red Cross, R. W. A. C. and many others. Immediately, after his re-election to the Mayoralty on Friday, the 18th April last, Dr. Sen held a conference in his office room at S. N. Banerjee Road, along with the Aldermen and Councillors and Corporation officials. An Eleven-man Committee was formed there headed by the

Help and co-operation were extended by non-official organizations. The I. M. A. Calcutta Branch, started an intensive inoculation drive from that day. Their work mainly restricted on southern part of the city.

On Wednesday, the Mayor visited the N. R. Sarkar Hospital where the largest number of patients were admitted. Arrangements were being made to provide 200 more beds for patients who would be directly admitted to the Beliaghata Infectious Diseases Hospital. So long convalescent cholera cases were sent to Beliaghata from the Nilratan Sarkar Hospital. The Ambulance service has also been restored to almost normal stage.

With the co-operation of the Police, the Corporation has started a special drive against rotten

The Police also assisted the Corporation engineering staff to run a more effective conservancy service. Constables were posted at many places in the city to see that the people did not wantonly throw garbage on the road after it had been cleared. The bustee cleansing gangs also started vigorous operations in the slums.

The Chief Engineer, Shri A. K. Sen said one day that no effort was being spared to remove garbage from pavement dustbins. According to the regulation, 8 A.M. to 1 P.M. and 8 A.M. to 9 P.M. were prohibited hours for throwing garbage into pavement dustbins. The Mayor while on his inspection to Manicktala area on Thursday emphasized on the need of such garbage hours. He

MAYOR'S DIRECTIVES

To combat the Cholera Epidemic in the city, the following additional measures have been taken :—

1. District Health Officers and Health Officers of the added areas have been directed.

(a) to ensure that every Food Inspector systematically visits every market twice a day;

(b) to see that drives against exposed food stuff, eating houses, sale of exposed cold drinks, cut fruits, cooked food on open roads, are conducted vigorously;

(c) to personally supervise the inoculation work of all the Inoculating Officers operating from various centres established in individual Constituencies both in the morning and in evening by house to house visits including bustees;

(d) to take special care to see that services of voluntary organizations are co-ordinated with the work of the Corporation staff under their supervision;

(e) to disinfect the affected houses and areas including bustees speedily;

(f) to make special enquiries about sources of milk supply, water supply, condition of privies, drains, stables, cattle sheds, etc. and to combat fly nuisance.

2. Offices of the District Health Officers and the Health Officers of the added areas and of the Chief Health Officer are kept open from 6 A.M. to 10 P.M. every day during the emergency period.

3. All Inoculating and Vaccinating centres—permanent and temporary—open in each constituency, are being in-charge of the local Councillor.

fish and exposed and dangerous food articles in all city markets. Sanitary and food inspectors had been instructed to that effect. Since the beginning of the Mayor's Health Week, District Engineers and Health Officers were meeting the District Commissioners of Police of their respective areas every evening to draw up the day-to-day programme of drive against exposed food and other measures.

Besides these steps, the Mayor started to meet Aldermen and Councillors and officials daily to discuss the progress of and obstructions to the programme of improving water supply, removal of refuse, inoculation, bustee cleansing and disinfection of affected houses.

4. To augment the services, extra emergency gangs have been appointed in each district.

5. Extra late afternoon and evening conservancy services have been introduced as also extra night soil service, extra bustee cleansing and sewer cleansing gangs. Bustees to be cleansed every day.

6. Additional drivers have been appointed for the extra-hour working of the vehicles.

7. 400 additional Inoculating Officers have been appointed of which 200 have already joined the work.

8(i). Regarding water supply, Government have been requested to sink 150 tube-wells.

(ii) Corporation has already sunk 60 tube-wells in scarcity areas and bustees and placed orders to sink another 260 more immediately; moreover, purchased materials for sinking further 350 tube-wells.

(iii) In the meantime, drinking water is being supplied by 29 lorries now and more 10 lorries will be added for supply of drinking water.

The citizens and the social organizations of the city are requested to contact the District Health Officers, or Health Officers of the added areas, or the Chief Health Officer, for any help or information in this respect.

I appeal to the youths of the city to come forward in combating the epidemic in co-operation with the Corporation staff and the local Councillors who may kindly be contacted for the purpose.

also thought that mobile courts should be established at important areas particularly at Burrabazar, Shambazar, Sealdah and other areas so that strict observance of garbage-throwing hours might be enforced.

On Monday, the Chief Minister, Dr. B. C. Roy recalled the circumstances in which the State Government had issued the order under Section 45 of the Calcutta Municipal Act, directing the Corporation to make certain arrangements to control the epidemic in the city. He mentioned the steps taken by the Corporation, with the assistance of the

(Continued on page 8)

VIEWS AND REVIEWS

CITY'S BUS AND TRAM FARES

In an attempt to introduce a uniform system for charging fares in public carriers namely in trams and buses, a three-man Enquiry Committee was appointed last year shortly after the introduction of Naye Paise system by the West Bengal Government. The difficulties faced in the conversion system of the old to the new as well as for running State Transport system on an economic footing the examination of the fare schedule was felt a necessity.

The Commission's recommendations have come to light towards the early part of this month. Before that there was a Cabinet level discussion on those recommendations and the State Government was wise enough for withholding their immediate implementations.

Revision of the existing schedule of the tram and bus fares will yield an additional revenue of about Rupees Ten Lakhs each for the State Transport and the Tramways Company, according to the Government sponsored Inquiry Commission. In the State Transport Sector the implementation would bring about changes in the fare structures. Out of 581 different stages of existing fares there would be enhancement not exceeding three Naye Paise in 198 stages, reduction of fares in seven stages only and there would be no change in the remaining 326 stages. All the anomalous fares would be eliminated. The new system of decimal coinage is responsible for larger numbers.

Even such increased fares would not place the State Transport in a position to balance its budgets. The Commission felt that it might be possible in 1960-61 when a bright future would shine. The State Transport would run a deficit to the extent of 21 lakhs during this year and according to the estimates there was a loss of Rs. 16 lakhs during the preceding year.

The Inquiry Commission's approach to change the existing stages of tram fares was also found to be in equal lines with those of the stages of bus fares. Apparently, there would be reduction of charges on higher levels while converting into Naye Paise still the Company would be able to earn larger revenues through changes in other stages as well as by efficient management. In welcoming the changes the Tramways authorities asserted that there had been an increase of about 800 per cent. in wage bills, the cost of power had increased by 80 per cent. and the cost of steel rails by 328 per cent. recently while fares were much the same as before the war. Examination of the working of the Tramways Company revealed that the traffic receipts had steadily been increasing for the last ten post-war years except in 1953. At the same time there was a consequential increase of expenses almost in all the stages. According to the Commission during seven years from 1949 the increase of revenue amounted to about Rs. 49 lakhs while that in expenditure was Rs. 51 lakhs. In spite of all these the One-man Committee appointed by the State Government in 1953 to examine the case of rise in Second Class Tram Fares in this city, gave a verdict against the proposal. A city wide demonstration lasting for

about a month also showed the people's resentment against such rise.

The present Commission itself seemed to be in difficulty while arguing the case for providing increased revenue for the Calcutta Tramways. The proposal was mainly for an integrated fare structure in equal lines both for the trams and for buses. The other reason, which did not stand well, was the creation of an improvement or development fund out of the increased fares in trams. And when sufficient funds would be accumulated those projects would be undertaken.

At the present moment people have lost faith in those promises and future improvement as these are seldom fulfilled. Moreover, the very principle of realizing its development expenses through indirect ways by the Private Sector goes against the State pledged to be a welfare one.

In case of bus fares the Commission has found that the Calcutta's fares are the cheapest in India and are not based on distances, as is the rule in other cities in India. Besides, the present fare schedules are not based on any well-founded principles. The new fare scales, as it appears, have been attempt to fix them on distances as well as to remove anomalies on the levels of existing fares. The first one relates to the principle of cost on service. But the Commission has lamentably erred there, although the body included experts and economists. A common basis or scale for determining passenger fares in city buses on mileage plays a comparatively smaller part since local conditions vary widely. The maintenance of running time, efficient management in operations and other factors have their say in it. And the present State Bus management has almost liquidated those credits to the citizens.

The Inquiry Commission concluded that no large-scale improvement in existing conditions of over-crowding of buses and trams were possible in this city unless services were supplemented either by installing circular railways or an under-ground system of transport as in Western cities. This is no doubt an echoing of an old solution. None proposes to deal with according as it is dealt with in other large cities in India and elsewhere. Thus the citizens are allowed to nurse the illusion that one day their difficulties would be removed.

It is probably true that a section of users of public transport in this city would be willing to pay though not ungrudgingly, for better services. While the improvement of services would be a social necessity, the Commission has pleaded for removing the budget gap by enhancing the fares as an economy in running State Transport. And this has caused much resentment in all quarters. Already the city has witnessed big demonstrations and mass meetings addressed by important personalities to that effect. We think that apart from any political game the Government of West Bengal would be ill-advised to proceed to augment the financial resources of the State Transport through such indirect taxation. Any attempt to enhance the burden of common man without giving him improved facilities and without a

substantial reduction an overcrowding is bound to be resisted however justifiable such an enhancement may appear theoretically.

In the Corporation a motion has already been tabled to that effect by Councillor Dr. K. P. Ghosh requesting the State Government not to implement those recommendations.

SHRIMATI ANURUPA DEVI PASSES AWAY

With the death of Shrimati Anurupa Devi, the foremost woman novelist of Bengal, the country has lost a link to the old and the new. The death came after a brief illness at Ramtanu Bose Lane, northern part of the city, on Saturday, the 19th April last. She was 76.

As soon as the death news spread a large number of the late Shri Anurupa Devi's relations and admirers gathered at the place. A procession was taken out with the bier and her last rites were performed at the Kashi Mitter Ghat, on that part of the city. On the way it touched at the Anurupa Balika Vidyalaya, an institution founded by her to fulfil her dreams.

Her death was widely mourned. Different institutions and cultural organizations condoled the death though the end came at the fullness of years and after due recognition of her talents by her countrymen. The Corporation at its first weekly meeting on Friday, the 25th April, mourned her death and adjourned its sitting for ten minutes as a mark of respect to her memory. The death was referred to in the House by the Deputy Mayor, Shri Keshab Chandra Basu.

Shrimati Anurupa Devi wrote about 82 novels of which many of them are well-known. Her 'MA', 'MANTRA-SAKTI', 'MAHA-NISA' and a few others have not only been intensely read but also enjoyed wide popularity. These stories were staged as well as were successfully screened. They bear a sense of the writers' feelings and pathos as well as how she tackled the delicate and intricate problems of the early twentieth century Bengali Society. They are her monumental works.

As a prolific writer, Shrimati Anurupa Devi composed innumerable short stories in Bengali and during the last half a century there was hardly a monthly magazine or seasonal publication which did not contain a contribution from her pen. Mainly as a social reformer she wielded her pen on that lines and wanted to bring reform to the stagnant society of a subject nation. She also presided over many of the literary conferences and her addresses were messages of abiding value. As a leading literary woman of Bengal, the University of Calcutta awarded her the Jagatarini Gold Medal, one of the highest distinctions in literature. She was also Lila Lecturer in that University.

The late Shrimati Anurupa Devi was closely associated with a large number of social welfare organizations and she fought tirelessly for the abolition of polygamy and the dowry system. Thus hers was a life of conscious dedication for noble causes including the upliftment of those downtrodden and debased in the society particularly the womenfolk of Bengal.

Grand-daughter of the late Shri Bhudev Mukherjee, great educationist, and a man of noble pursuits, a name still held in high esteem by the people of Bengal, she was born in this city on the

9th September, 1882 of Rai Mukunda Dev Mukherjee Bahadur. Married at the age of ten to a brilliant student of the Calcutta University, who in later life became a successful lawyer in Bihar, she grew up in an atmosphere of education and high culture. She was also initiated into the beauties of the English literature by her husband the late Shri Sekhar Nath Banerjee. Since then she started her literary career up till the end of her successful life.

We extend our sincerest condolences to the members of the bereaved family.

—CHOLERA APPEARS TO BE SLOWING DOWN

(Continued from page 6)

Government and public organizations since the issue of the directive. He said that the Government had thought that the number of persons inoculated up to April 16 was insufficient. Speaking on the Corporation's progress of work he also said that the Corporation had agreed to strengthen its publicity and propaganda section so that preventive measures were taken effectively.

Referring to the filtered water supply position, the Chief Minister said that the Corporation had asked the Government to sink 160 tube-wells at its cost. It had sunk 860 1½ in. tube-wells in 1957-58 and 280 were being sunk this year.

The Corporation had purchased equipment for another 350 tube-wells recently. Dr. Roy hoped that the number of tube-wells which it had proposed to sink would benefit at least 2,00,000 people.

So far it was then known that the Corporation had sunk about 57 tube-wells during the period from March 17th to 24th April.

The Mayor's directive also included to sink at least 150 tube-wells within a few days. It was settled that even if the department failed the local Councillors themselves would arrange to locate the sites of tube-wells so that the work might be undertaken by the Government as earlier as possible.

Inoculation figures available with the Corporation showed that during the week ended April 19 about 1,80,878 people were inoculated against 39,462 in the previous week, bringing the total number of people inoculated since November to 5,55,959. The then daily rate of inoculation according to Corporation officials had reached about one lakh including the inoculation given by private organizations and institutions sharing 100 persons by each inoculator.

The Corporation's progress report was studied by the Government and the situation was reviewed in that light. The State Government helped the Corporation in its emergency measures. The Government started work on 150 tube-wells it had agreed to sink at the Corporation's cost. Six ambulances had been provided to strengthen the ambulance fleet.

One of the difficulties the Corporation faced in dealing with such situations, was that the Mayor had no residuary powers under the Calcutta Municipal Act, 1951, to issue necessary orders to tide over an emergency.

At a meeting on Thursday, the 24th April the Mayor, Dr. Triguna Sen, reviewed the situation and urged Corporation officials to continue their efforts to check the spread of the disease.

CITY NEWS PARADE

OBITUARY: Shri B. C. Ganguli, Director of Operations in the West Bengal Government's Transport Directorate, died in the Medical College Hospital in the early morning of Sunday, the 20th April. He was stabbed in front of his office at Mission Row Extension, on Wednesday, the 16th April last, by a dismissed employee of the State Transport and was removed to hospital. Shri Ganguli was 49. He was reported to have been progressing very satisfactorily, but had a set-back on Saturday night.

The late Shri Ganguli had a brilliant academic career. He joined the State Transport Directorate in 1948 as Technical Assistant. He gradually made his mark in traffic affairs. In July, 1956, he was sent to the U.K. under the Colombo Plan to obtain a course in big urban transport operations, during which period he was attached to the London, Birmingham Municipal, Liverpool and Manchester, and Glasgow Transport Services. Last year he became the Director of Operations.

SOLAR ECLIPSE was visible from the city on Saturday morning, the 19th April last. The maximum obscuration occurred at 7.39 A.M., when about 61 per cent. of the sun's disc was covered by the moon.

Many households had to finish their morning meals before the eclipse began at 6.26 A.M. The principal morning meal was prepared in most of the houses after the eclipse ended at 9.5 A.M.

State Government offices opened at noon due to this.

Thousands, mostly women and old men, bathed in the Ganga before, during and after the eclipse. The rush at the ghats was the biggest at the end of the eclipse.

The State Minister for Home (Police) Shri K. P. Mukherjee accompanied by officials visited the different ghats in a launch to see the police arrangements made in that connection. The Commissioner of Police also inspected the bathing ghats. Elaborate police arrangements were made in that connection. In all the seven bathing ghats under the jurisdiction of the Port Police, divers and women police were stationed for duty.

There was a tidal bore measuring over 5 ft. at about 10 A.M. and all the bathers were warned not to stay in the water at that time. No cases of drowning were reported.

ID-FESTIVAL, one of the important Muslim festivals, was observed in the city on Monday, the 21st April with prayers and other festivities. The size of the congregations varied, the largest being on the Maidan, where arrangements had been made by the Indian Committee and the prayers were led by Haasat Maulana Fakhruddin Sahab. Shri P. C. Sen, the Food Minister, addressed the gathering.

There was also a large congregation at the Nakhoda Mosque. The Al-Khateeb, Mohammed Umer Kamal Madani, read Khutbas verses from the Quran and interpreted them in Urdu. The proceedings in the mosque were heard over a large area.

Muslims rose early and, after ablutions, said their early morning prayers at home and, wearing their best clothes, left in groups to join congregations of their choice.

Prayers over, Muslims embraced each other, exchanged sweets and visited houses of friends and relatives. Beggars, irrespective of community, had a good harvest on that occasion.

The day was observed as a bank holiday and most offices were closed. Eating houses run by Muslims were decorated with bunting.

SAFETY FIRST WEEK AND COURTESY WEEK was organized in the city commencing on Tuesday, the 22nd April, by the Calcutta Police's Traffic Department in co-operation with the West Bengal branch of the Safety First Association of India and the Calcutta Special Constabulary. The week was observed to impress upon motorists, pedestrians and others the necessity of observing the rules of the road.

The issue of courtesy cards by traffic policemen on duty to road users found to make mistakes and a campaign in educational institutions to inculcate better road sense in students were part of the week's programme.

Relaying through loud-speakers of safety instructions in Bengali, English and Hindi at important street crossings was heard by many during the week. Leaflets containing separate instructions to pedestrians, drivers of vehicles, motorists and motor cyclists were also distributed.

Among the exhibits were a model of the crossing of Park Street and Chowringhee and an instrument described as "the complete, portable, psychophysical driver testing unit".

Many visited the Prevention of Accidents Exhibition which was opened at the Maidan tent of the Calcutta Police Club near the crossing. The exhibition lasting for a week, depicted statistics of accidents, their causes and the ways to prevent them. A map showed that 62 persons, including 14 children died in street accidents in this city from January 1 to April 21.

AN INTERESTING DISCOURSE ON BENGALI LITERATURE was held at a literary gathering at the premises of the Bharat Boy Scouts and Guides, at Northern Park, South Calcutta on Sunday, the 20th April in which a number of well-known writers participated. Sir Jadunath Sarkar presided over the function.

The function was noteworthy, not only for the assemblage of distinguished litterateurs, but also for being made the occasion for the presentation of prizes for literary work and creation as announced by different newspapers and monthlies. The collective recognition of litterateurs in a sense may be regarded as a Red Letter Day for Bengali Literature.

Shri Raj Sekhar Bose advised all engaged in literary pursuit to be careful in selecting words. He said that Bengali language was undergoing some sort of transformation. This was due to the change in the pattern of social living. But the tendency to emulate English language was also

CORPORATION NOTICES

To All Registered Petty Improvement Contractors

District II Engineering Department

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." on 29th April, 1958 up to 2 p.m.

Abstract of the estimate can be seen at the District Engineer II's Office (Estimating Section). The Corporation standard specification will apply on the work. Petty tender forms of the Corporation are to be used in submission of tenders.

The successful tenderer shall have to deposit 5 per cent. of the total value of the accepted tender, as security deposit within 1 week from the date of intimation of the acceptance of tender and shall have to execute an agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid, the tenderer shall be liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the Authority and the S. D. for P. I. Works may at the discretion of the Commissioner be forfeited.

1. Construction of lamphole and Gully-pits in Williams Lane for effecting widening of the lane—Rs. 1,198/-, dated 27th March, 1958 (1 month).

2. Construction of an Island platform at the junction of Netaji Subash Road and Clive Row—Rs. 1,638/-, dated 27th March, 1958 (1 month).

3. Construction of L. H. in Dalhousie Square East, West and South in Const. No. 38—Rs. 2,170/-, dated 27th March, 1958 (1 month).

4. Provision of a railing over the Railway Bridge on Bellaghata Road—Rs. 2,919/-, dated 25th March, 1958 (15 days).

Please note that the words "two months" as printed in italics in clause 8 of the tender form, is to be scored and noted in ink as "three months" and initialled in case of above Rs. 1,000 only.

S. K. MUKHERJEE,
District Engineer II.

District II Eng'g. Office:
The 22nd April, 1958.

Water Works Department

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for construction of a shed" on 1st May, 1958 up to 2 p.m.

The abstract of the estimate can be seen at the Water Works Department. The Corporation standard specification will apply on the work. Petty tender forms of the Corporation to be used in submission of tenders.

The successful tenderer shall have to deposit 5 per cent. on the total value of the accepted tender, as security deposit within a week from the date of intimation of the acceptance of tender and shall have to execute agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid the tenderer will be debarred from allotment of any further work or contract for any period in future as may be determined by the authority and the S. D. for P. I. works may at the discretion of the Commissioner be forfeited.

1. Construction of an asbestos shed for housing a venturi meter at T. P. S.—Rs. 1,500/-, (3 weeks).

Please note that words "Two months" as printed in italics in clause of the tender form, is to be read as 3 months and may be scored and noted accordingly and initialled.

S. C. MUKHERJEE,
Executive Engineer,
Water Works.

CENTRAL MUNICIPAL OFFICE:

Tenders Invited

SINKING OF 1½ IN. DIAMETER TUBE-WELLS.

Tenders are hereby invited from the contractors holding Tube-wells License of the Calcutta Corporation for sinking 8 Nos. of 1½ in. diameter Tube-wells (I) at (1) 45, Dr. Sudhir Bose Road, (2) 60, Dr. Sudhir Bose Road, (3) 4/1, Bhukailash Road, (4) 11, Ekbalpur Lane, (5) 106, Diamond Harbour Road, (II) at (1) 18/2, Mominpur Road, (2) 30, Ekbalpur Lane, (3) 5, Bhukailash Road, for 15 Nos. (III) at (1) Aftab Mosque Lane (2) Orphan-gunge Market, (3) Junction of Baker Road and Belvedere Road, (4) 18/1, Chetlahat Road, (5) 19, Alipore Road, (IV) at (1) 27, Mayerpur Road, (2) 5/1, Mayerpur Road (north west corner of tank) (3) 7, Sahjibagan Lane, (4) 15, Sahjibagan Lane, (5) 9, Chella Road, (V) at (1) 33, Tolly-gunge Circular Road, (2) 8, Ashoke Road, (3) 41, Chella Road, (4) 2B, Chella Road, (5) 6, Jainuddin Mistri Lane.

Tenders are to be submitted in duplicate in prescribed forms for petty improvement works to be had from the Central Records of the Calcutta Corporation and the departmental estimate and specification of the works may be seen from the office of the Executive Engineer, Water Works.

The tender under sealed cover superscribed as "Tender for sinking Tube-wells" must reach the office of the Deputy Commissioner II, Corporation of Calcutta on or before 12 Noon of the 30th April, 1958. Their tenders must remain valid upto 3 months from the date of opening of tenders.

All the works for each item are to be completed within one month from the date of issue of work order.

The earnest money for (I), (III), (IV), (V) amounting to Rs. 108/- & (II) amounting to Rs. 65/- respectively must be deposited by the tenderer at least one day before the date of opening of tenders. The successful tenderer will have to execute an agreement and deposit a sum amounting to 5 per cent. of the total value of the work as security.

B. GHOSH,
Secretary.

CENTRAL MUNICIPAL OFFICE:
The 22nd April, 1958.

Quotations Invited.

FOR HIRED LORRIES

Quotations are invited for supply of lorries numbering upto 8 on hire basis for the purpose of carrying filtered water to scarcity areas throughout the city during the summer as and when required. Rates should include the cost of Drivers, petrol, mobil oil etc. Only the tanks will be supplied and fitted by Corporation. All the lorries must be in good working order approved by the concerning department and will be of such capacity as to be fitted with two tanks of 400 gallons capacity each.

Each lorry will have to work daily from 6 A.M. to 6 P.M. with one hour recess and must complete 8 trips per day. In

case of breakdown or of not completing the scheduled number of trips the rate will be allowed on the basis of (the approved rate per lorry per diem—8) x (the number of trips actually made on the day.)

The successful tenderer must be agreeable to supply any number of additional lorries not exceeding 8 on 24 hours' notice, when required.

No charge will be allowed for the time taken for fitting tanks on the lorry before commencement of supply of water and for dismantling the tanks after completion of the work.

The tenderers will have to deposit Rs. 1,000/- as Earnest money at least one day before the submission of quotation. All quotations should remain open for acceptance for at least 3 months and the successful tenderers will have to execute agreement.

All quotations in duplicate in sealed covers and superscribed "Tender for hired lorries" will be submitted to Deputy Commissioner II on or before 29th April, 1958, by 12 Noon.

B. GHOSH,
Secretary.

AUCTION FOR REMOVAL OF ASHES
AND CINDERS.

Intending bidders are hereby invited to the Public Auction to be held by the Chief Valuer and Surveyor, Corporation of Calcutta, at the Central Municipal Office at 5, S. N. Banerjee Road, Calcutta—13 on Monday, the 28th April, 1958, at 12 Noon in respect of the following:—

Initial rent for license for removal of ashes and cinders from Ballygunge Pumping Station, at 25, Tiljala Road, Calcutta—27 for a period of 3 years at a monthly fee of Rs. 15/- (Security money equivalent to six months' fee will have to be deposited by the successful bidder).

CONDITIONS.

The full amount of initial rent together with a security deposit as stated above plus Rs. 2/- being the cost of a printed form of agreement will have to be deposited by the successful bidder in cash forthwith or as otherwise be directed by the Chief Valuer and Surveyor on the acceptance by the bid which is subject to approval by the Corporation. The license will run from the date on which possession of the property will be given and for which arrangement will be made as early as possible.

Intending bidders are advised to bid after proper enquiry and local inspection of the property as no objection will be entertained afterwards.

Other conditions may be seen in the office of the Chief Valuer and Surveyor on any working day during office hours.

A. K. SIRCAR,
Chief Valuer and Surveyor.

CENTRAL MUNICIPAL OFFICE:
The 15th April, 1958.

CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Re. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

POET AND SEER

It is not easy to group Rabindranath under a class or a caste. He does not seem to affiliate anywhere. It is true he took from the Upanishadas; he took from ancient Sanskrit literature, from Kalidasa, from Bhambhani, from Banabhatta; he took from Vaishnava lyrics, and from European Romantic poetry. But he took from them in his own light. And as Hemingway explains the writer's art and mission: it is a search "for something you can never feel in any other way than by yourself." It drives him out "far past where he can go, out to where no one can help him."

And taking his stand where no one can help him Rabindranath wandered back to a civilised enchantment. Poet, essayist, novelist; leader, philosopher, prophet and seer;—he has looked upon life and life's earth, from green to grey, and life's flowers, yellow, white and blue, significant of a marvellous unknown, through the gates of colour, through the portals of thought. He was in life's exile, with eyes ever on "the far hill for something hidden, something owed", with a delicate homesickness for abroad, ever re-awakening memories that are brightest in the wayside dust of life. On this vast stage extending unto the horizon and beyond, his tongue, as Sarojini Naidu so sweetly told of him, "chimed like a bell, played like a flute, rang like a drum, and thundered like a trumpet." We bow to him for he has given us moods. We bow to him for he has given our thoughts' utterances; with him we should count time by heart-throbs. The white radiance was never far from him. If anywhere, he did belong to the class of "the certain people" who would deign or dare to speak with authority on the riddles of life and nature. He has admitted us, to use the words of Arnold Bennet, into the "miraculous interestingness of the universe." He has given us new meanings and values. He planted himself firmly on our little, familiar world, where minds combat minds, repelling and repelled, which beats or is beaten. But then, there, he has thrown the challenge of an ever-lasting strangeness, and our life "by the small parcel of life is made more fair." There also is the colour, the incantation of words, the conscious grace, the unwonted variety and gamut of utterance that lights up whole roads and tenements of experience apprehended but dimly by us. John Bojer has said, the poetry of Rabindranath presents to the world a new divine symbol, not the Cross, but the Lotus. There shimmers in it something inborn. His poetry is therefore read and understood, as people would read and understand the Book of Songs or the Book of Psalms, for the murmur of a world, "unreal as the shell-heard sea." The great story of life rolls on before him. The dawn streaks it with its mazy hue. Sunshine lights it up as in a blaze of glory. Twilight casts its blue and rosy haze, and the starless night its gloom, and beyond, behind, one could "see trembling pass" towards those dreamlands that we shall never see. There is in his poetry a clemency as of the Himalayas. Gazing on the stars and looking on the cloud-capped visions of glory, one should feel the heavenly moments come into one's life when the cry rises to one's lips: I feel! F

believe! I see! In that sublime pause of things all dissonance will have
like a mist that allures that outside reaches to the
the

In one of his books H. G. Wells describes a company of people as
haunted by the idea that embodies itself in the word *Meanwhile*. Those
who have caught up the whole of love, and the whole of life, always feel a
homesickness for the impossible and know of the universe itself, as Whitman
would say, "as a road, as many roads, as roads for travelling souls." Through
the sensuous wrap they look for the shining of the idea and they know there
is something that shows suddenly—it may be in music, it may be in the sun-
light on a glacier, it may be in the scent of a flower. But it is right, it is com-
manding, it is, to use the words of H. G. Wells, "the revelation of God. To
this mystery of Power and Beauty, out of the earth that mothered us, we
move." Rabindranath held for us the Spirit's smiling certainties.

How bright, how glorious

The world I see!

All belong to the gay romance of Song. It is life of life, the light whose smile
kindles the universe. It is one Whole, not broken into prismatic hues. It is
Benediction.

Again, again, we bow to the poet and the prophet who gave hints of a
central peace, subsisting at the heart of endless agitation. We bow to the
citizen who helped us to see the human face divine.

[S.B.]

VIEWS AND REVIEWS

CHANGE IN CIVIC CONSTITUTION

Something should be done to change Corpo-
ration's present constitution. This was largely
stressed by Raja B. N. Roy Chowdhury of Sontosh
at a meeting of the Calcutta Citizens' Association
recently, in South Calcutta. The Vice-President
of the Association suggested a 'City Manager Form'
of civic administration to improve conditions in
this city. His feelings went on to say that the
Corporation should not be run on party lines but
in the interests of the rate-payers. Unfortunately,
the Biswas Commission's recommendations, which
could have improved matters, had not been accept-
ed by the Government, emphasized the once De-
puty Mayor of Calcutta.

According to Raja B. N. Roy Chowdhury the
Investigation Commission had advocated the
"City Manager Form" of administration to end
the "pitiful state" the Corporation was in.
It was practised in many American cities and
borrowed its organizational method from modern
business.

His suggestions went farther than the city
council under this system, should be
elected by voters in the same way as
share holders elected the Board of Direc-
tors of a private corporation. The coun-
cil's function should be to pass ordi-
nances and resolutions laying down its
policies and to appoint a technical expert as the
Chief Executive Officer in the same way as the
Board of Directors appointed a manager to carry
out its policy.

Not identifying himself with those ideas
Shri Prafulla Chandra Sen, Minister, West Ben-
gal, said that Calcutta had the highest density of
population in the world and the city's problems

had been aggravated by the refugee influx. In sug-
gesting changes in the Corporation's adminis-
tration, the Association should remember its difficul-
ties. Their civic consciousness had not grown to
that desirable extent.

Shri Sen who acted as the Chief Guest, said
that the Association might suggest amendments to
the Municipal Act, but he felt that a radical change
in the city's administration was not possible. He
could not imagine a "colourless" Corporation where
Councilors did not follow party lines.

Shri Sankar Das Banerji, Speaker, West Bengal
Assembly, said that there was a lamentable lack
of civic consciousness in this city. The Chief
Officer under the city manager form of adminis-
tration as suggested, might be a very capable man
but he would not be able to improve matters if the
public did not co-operate.

In these days when democracy has attained
to such a level whereby every citizen has come to
play its own part in shaping the destiny of the coun-
try, civic consciousness should be an essential
feature. The East to-day lacks much in this respect
and our city is no exception to this. What-
ever changes, either in administrative set up or
by way of extension of adult franchise might be
effected, unless those are accompanied by healthy
grown-up, matured minds, all will be built up on a
glass house. Further, civic consciousness is
always accompanied by extension of compulsory
education. The West to-day has attained to that
extent. And unless we reach up to that level our
attempt to follow the West would be a half way
built house.

However, the demand for suitable amend-
ment of the existing Calcutta Municipal Act made
by Dr. S. K. Banerjee, President of the Association
and others would be welcomed by all as the Act
has experienced difficulties both in its practicability
and feasibility.

C. I. T.'S Budget Estimates For 1958-59

The Annual Budget Estimates of the Improvement Trust for the year 1958-59 was passed at a special meeting of the Board some time ago. In the Revenue account there would be a slight increase on the Receipts side than the previous year which has been estimated to be Rs. 77.79 lakhs.

The expenditure side has been estimated at Rs. 92.67 lakhs, an increase of about Rs. 6 lakhs. than the preceding year. The expenditure side would include a programme for the construction of a new stadium in South Calcutta, a road overbridge in Gariahat crossing, and 800 new tenements in North Calcutta suburbs to give alternative housing to inhabitants of three bustees in Baghbazar area.

For balancing the Capital Budget of the Trust during 1958-59 it would involve a total requirement of Rs. 1.75 crores. The Trust would follow the last year's practice of increasing the limit of their overdraft facilities with the sanction of the Government to the tune of Rs. 39 lakhs. A net revenue surplus of Rs. 5.13 lakhs during the year under review has been visualized.

As regards Corporation contribution, the amount is at Rs. 42.86 lakhs. The stalemate with regard to Corporation contributions in respect of the former Tollygunge Municipality since its merger into Corporation, has not yet been fully resolved, though the Corporation have agreed to make an immediate on-account payment of Rs. 8 lakhs pending a final decision of the matter. This amount has been included in the revised budget of the previous year. The controversy has disclosed a lacuna in the Calcutta Improvement Act which has hitherto escaped the notice. Under Section 88 of the Act the Corporation is to pay to the Trust one half per cent. per quarter on the annual rateable valuation as it stood on the first day of the last preceding quarter. It is the practice of the Corporation, whenever there is an increase in the annual valuation either on account of General Re-valuation or an Intermediate Valuation, to keep the old valuation figure of the Assessment Book intact until the party exhausts all his remedies against increase by way of objection or appeal. When the objection or appeal is finally

REVENUE ACCOUNT.

RECEIPTS.

Budget head.	Estimate for 1957-58. Rs.	9 months' actual. Rs.	8 months' probable. Rs.	Total. Rs.	Estimate for 1958-59. Rs.
Stamp Duty	10,00,000	8,24,608	7,50,000	10,74,608	11,00,000
Terminal Tax	8,72,000	1,85,817	1,50,000	8,85,817	8,64,000
Duty on Jute	2,50,000	4,84,999	20,000	4,14,999	8,00,000
Municipal contribution	40,23,000	30,89,747	13,40,253	43,80,000	42,86,000
Government Grant	1,50,000	1,50,000	—	1,50,000	1,50,000
Rent	7,55,200	5,26,298	2,40,969	7,67,267	8,45,000
Interest, Rent charges etc.	5,84,000	4,03,111	2,59,889	6,68,000	6,85,000
Other Receipts	53,700	19,197	28,108	47,800	49,000
	<u>71,87,900</u>	<u>50,88,277</u>	<u>27,49,214</u>	<u>78,82,491</u>	<u>77,79,000</u>

Of the three items of tax revenue, viz., Stamp Duty, Jute Duty and Terminal Tax, a very slight increase of receipt in the first two and a slight decrease in the third one are expected. Expectations have been based on present trends and future forecasts. In Stamp Duty, this year's experience justifies a slight optimism, for receipts during the first three quarters will nearly touch Rs. 9 lakhs and the fourth quarter's figures may not be very much below their average. Rs. 11 lakhs from this source for the next year is a reasonable estimate. As regards Jute Duty, the estimates are Rs. 8 lakhs according to the latest speech of the President of the Bengal Chamber of Commerce & Industry which has estimated the total receipts from this source at Rs. 6 lakhs. Terminal tax receipts are unpredictable and the matter is complicated by occasional zonal reorganizations in the railway administration and consequent dislocation in their method of account keeping. The estimate is Rs. 8.64 lakhs under this head as against Rs. 8.72 lakhs for the preceding year.

disposed of, the Assessment Book is corrected and enhanced rates are realised with retrospective effect. No such retrospective benefit of this increase is, however, given to the Calcutta Improvement Trust on account of the wording of Section 88. In old Tollygunge Municipality the procedure was just the other way round. The Standing Finance Committee of the Corporation has not come to a final decision yet but is expected to do so at an early date. It was suggested that the Act should be amended so as to give to the Trust the benefit of all increases in valuation from the date when such increase becomes operative, regardless of the point of time when the increase is recorded in the Assessment Book.

Two other major heads of revenue are (1) rent from Trust's housing schemes as well as from leases and temporary lettings of property, and (2) interest and rent charges. In both a slightly higher figure than that of last year has been estimated. As regards the first, the probable fall of receipts from leases and temporary lettings due to Government releasing some of the requisitioned lands is likely

C. I. T. Budget Estimates For 1958-59

Budget head.	Estimate for 1957-58. Rs.	9 months' actual. Rs.	8 months' probable. Rs.	Total. Rs.	Estimate for 1958-59. Rs.
Loan charges	87,91,654	16,82,108	18,15,588	84,97,646	48,82,628
Rates & Taxes	4,00,000	1,51,789	1,00,000	2,51,789	4,00,000
Est. Leave					
Allce etc.	19,09,886	12,54,445	6,24,055	18,78,500	19,68,786
Cost of					
Tribunal	1,17,600	77,627	26,878	1,04,000	1,24,900
Other Expenses	8,98,860	2,69,828	1,16,872	8,86,200	4,39,686
	<u>66,17,000</u>	<u>84,35,297</u>	<u>26,82,888</u>	<u>61,18,185</u>	<u>72,67,000</u>

to be more than offset by the increased receipts from slowly expanding housing schemes. As regards the second, while rent charges—meaning the interest payable on the outstanding balance of sale proceeds of land—remain the same, a higher yield is expected from securities and short-term loans.

Establishment, rates and taxes, cost of the Tribunal and C. I. T. other expenses account for less than Rs. 30 lakhs during the budget year. About Rs. 48.88 lakhs would be utilized to the service of the existing debenture loans.

With the price index remaining high or rising slightly there must be a steady pressure from below to increase wages and salaries, and there is hardly any prospect of a reduction in establishment cost. This year no increase in pay except by way of removing certain anomalies, has been made. In future if no ceiling can be placed on rising prices, especially food prices, the increase in cost on this head will sure to increase.

There are also three or four items of expenditure in respect of which some relief should be given. The payment of the entire cost of the Improvement Trust Tribunal and its establishment, as well as the cost of the Land Acquisition Collectors' Office and its establishment the average expenditure under these two heads is over Rs. 2½ lakhs per year.

Without going so far Government can, under the Act and without any cost to itself, fix the remuneration of Assessors of the Tribunal at a figure lower than what is now prescribed. At present each Assessor has a retaining fee of Rs. 100/- and gets a Sitting Fee of Rs. 100/- per day so that if he sits for nine days in the month, an income of Rs. 1,000/- is assured. In fact, the average monthly income of each Assessor for the past few years has ranged from Rs. 1,200/- to Rs. 1,500/- and he is free to engage in any other profession or trade or business that he likes. There is a very good case for doing away with the retaining fee and reducing the Sitting Fee. For a long time past the Trust has been paying for the salary and the establishment of a Corporation Engineer (called Civil Engineer) to keep a watch over Trust's schemes during execution so that the transfer of such schemes after completion may not be delayed.

The new stadium will have an accommodation for 9,000 people. This will be built up in open grounds between the Southern Avenue and the Dhakuria Lake. The over-all estimated expenditure of the new stadium project which includes a pavilion, tracks for sport and cycling competition besides football and hockey ground, will be about Rs. 17.6 lakhs.

Gariahat Road					
Overbridge	12,00,000	15,00,000
New Loans	50,00,000	...	75,00,000	75,00,000	...
Miscellaneous	7,982	18,678	1,000	14,678	7,900
	<u>1,85,58,000</u>	<u>27,84,690</u>	<u>94,27,000</u>	<u>1,21,61,690</u>	<u>85,80,000</u>

The Trust had already approached the Government of India through the Education Department of the West Bengal Government to contribute 50 per cent. of the cost of the stadium from the Central funds. The construction of the stadium is expected to be launched in full swing soon after the rains and it is hoped to make it available to public use by the end of 1959.

The city needed at least four zonal stadia with large-scale sports facilities in addition to a big central one in the Eden Gardens or maidan.—The stadium, the Calcutta Improvement Trust proposed to build in the Dhakuria Lake maidan, would make a beginning towards it. If this comes out successful they might have similar stadia in other zones, say, Beliaghata and Kidderpore.

The two bustee re-housing schemes would be started this year. These were necessitated in connection with the extension of the 100-foot wide Central Avenue from Baghbazar Street junction upto the canal bridge. The 800 single-room tenements which would be built at Barrackpore Trunk Road near the South Sinthee Road junction and at Dum Dum near the Seven Tanks Lane will provide alternative accommodation to the dwellers of the three bustees in Baghbazar area—two on Nayan Krishna Saha Lane and one on Annada Neogy Lane—which would have to be cleared for the extension of the road. The Trust is expecting a total sum of Rs. 22 lakhs in grants and loan from the Central and the State Governments in the subsidized bustee re-housing scheme.

For the last year the Trust had budgetted for a capital receipt of Rs. 1.35 crores of which as much as Rs. 44.50 lakhs was comprised of loans and subsidy from the Centre and Rs. 50 lakhs of a debenture loan to be floated while only Rs. 39 lakhs was expected from sale proceeds of lands and betterment and exemption fee, etc. and Rs. 1.74

lakhs from the Corporation for carrying out some engineering work on their behalf. These expectations are not likely to be fully realized. In spite of somewhat brisk land sales towards the latter part of the year the Trust has just failed to reach Rs. 30 lakhs from sale proceeds of land against our estimate of Rs. 36 lakhs. Exemption and betterment fees will barely touch Rs. 1 lakh against an estimate of Rs. 2.5 lakhs. Rs. 11 lakhs only out of the Central Government's loans and subsidies of Rs. 44.50 lakhs is likely to be received.

The Gariahat Road Overbridge Scheme and the two bustee rehousing (Slum Clearance) schemes in respect of which these loans and subsidies were promised could not follow the tight fitting time-schedule. This was laid down in a mood of over-confidence so that no expenditure could be incurred this year in the first, while in the other two would be taken just to complete the land acquisition portion within the remaining month of the current financial year. The result is that the Central loan for the overbridge is postponed and that out of the loan and subsidy of Rs. 30 lakhs for the two bustee re-housing (Slum Clearance) schemes probable receipt will not exceed Rs. 11 lakhs odd. The outstanding balance of the subsidy for industrial housing scheme II amounting to Rs. 2.50 lakhs has also not been received.

The amount of Debenture Loan, however, was larger than that we had budgeted for (Rs. 75 lakhs in place of 50), although the rate of interest from 4½ per cent. to 4¼ per cent. had been raised to get any response from the market. A very small part of this loan has been kept for sinking fund requirements while the rest has been subscribed by institutions and individuals. There has been some increase in the receipt from sale of buildings (including machinery) the Trust acquired in schemes and alignments, due probably to the demand for old machinery being stimulated by import restrictions.

EXPENDITURE.

Budget head.	Estimate for 1957-58. Rs.	9 months' actual. Rs..	3 months' probable. Rs.	Total. Rs.	Estimate for 1958-59. Rs.
Cost of Land	1,14,31,000	7,18,049	77,50,000	84,68,049	1,00,00,000
Engineering Works	31,90,600	13,81,675	5,60,935	19,42,610	80,58,400
Industrial Hous- ing Eng. works	2,32,000	9,808	2,54,800	2,64,608	...
Bustee Re-hous- ing Eng. works	14,00,000	7	...	7	22,00,000
Gariahat Road Over Bridge Eng. works	6,00,000	5,00,000
Dhakuria Lake Improvement	4,00,000
Maintenance, conservancy, etc., for all schemes	1,50,000	1,14,843	37,460	1,51,803	1,49,100
Tools & Plants	86,200	32,704	2,296	35,000	18,000
Cost of L. A. Office	1,25,000	...	1,25,000	1,25,000	1,25,000
Miscellaneous	10,000	12,610	2,890	15,000	15,000
	<u>1,72,24,800</u>	<u>22,64,196</u>	<u>87,32,881</u>	<u>1,09,97,077</u>	<u>1,64,60,500</u>

A substantial part of the estimated receipt of Rs. 85.80 lakhs of the Trust during the year would come from sale of land. Trust expected to put up for sale a very large number of plots in the newly-developed Narkeldanga Main Road to Manicktala Main Road which, together with the residuary plots of Beliaghata Main Road to Narkeldanga Main Road, would make a respectable total. The Sahitya Parishad Scheme, the two Bowbazar Relief Road Schemes, and the scheme extending Central Avenue from Raja Rajballav Street to Baghbazar would also yield some plots which, according to the indications available from past experience, have great attraction for purchasers and are likely to command good prices.

The programme for land acquisition has been severely curtailed and put into the straight jacket of Rs. 1 crore only. The biggest of these is Scheme VII-M (Manicktala Main Road to Ultadanga Main Road) for which Rs. 55 lakhs only has been provided while its requirement is more than a crore. The acquisition cost in this Scheme as well as in the two Sahitya Parishad Schemes (LXIV and LXIV-A) has unexpectedly gone up because of the Trust's inability to get the benefit of the amendment of the Calcutta Improvement Act, 1955, by which the statutory allowance of 15 per cent was done away with. Large sums have been provided for land acquisition in Scheme LXVI (the last section of Bowbazar Relief Road), Scheme LXIX (Widening of Madan Chatterjee Lane), Scheme LXX (Widening of Phear Lane) and Scheme LXXII (Gariahat Road Overbridge).

For engineering work Trust have provided a total sum of Rs. 61.53 lakhs out of which Rs. 22 lakhs is for the two Bustee Rehousing (Slum Clearance) Schemes, Rs. 5 lakhs for the Gariahat Road Overbridge Scheme, Rs. 4 lakhs for the Stadium at the Dhakuria Lake area and the balance (Rs. 30.52 lakhs) is for the ordinary street schemes and other housing schemes. As in the case of land acquisition, these provisions meet only a part of the cost of these schemes and will have to be supplemented by further provisions in future years. During the next year a beginning will be made in starting 120 ft. dual carriageway road in Manicktala Scheme VII. The new small Scheme LV (Supplementary) connecting Middle Road with Convent Road is fully provided for and so are the east-west 120 ft. road overlapping Schemes VIM and VIIM, and the roads and park contemplated in the Sahitya Parishad Street Scheme LXIV. Among old schemes whose remnants are still on hands provision has been made for Schemes XLVII (eastern portion of Southern Avenue), LVII and LXVI (Bowbazar Relief Road), LVIII (from Raja Raj Ballav Street to Baghbazar Street), LXVIII (Mullick Bazar from Circular Road to McLeod Street) and IV-M (2nd Supplementary), as well as for the unfinished parks in the five Schemes LII, XLVIII, XLIX, IV-M and V-M. Provision has also been made for making final payment in connection with the Rehousing Scheme at Singhi Bagan, known as B.I.S.I., and Rs. 7.4 lakhs has been earmarked for the newly started housing blocks within Scheme XXXV-R (Christopher Road). These, together with the cost of excavation, construction of a store-yard, contribution to Government for the Bel-

gachia Bridge, and little odd bits of work necessary to tidy up completed schemes and alignments account for the proposed Capital expenditure of Rs. 61.53 lakhs which have provided for in the Budget.

The Trust's scheme for construction of additional housing blocks in Singhee Bagan, Christopher Road and Sahitya Parishad Street had to be deferred, though there was a great demand for such houses in Calcutta from the middle and lower income groups. Under these schemes the Trust had proposed to build 88 three-roomed, 92 double-roomed and 25 single-roomed flats in the three places besides a number of shop rooms and garages. They could also provide money for the widening of Madan Chatterjee Lane designed to build a link between Chitpore Road and Chittaranjan Avenue and incidently to give an easier access to the ancestral house of Poet Rabindranath Tagore and the Rabindra Bharati. The area round Phear Lane which had the appearance of having been blitzed and which was already covered by two sanctioned schemes could not be touched for lack of funds. For the same reason too it had not been possible for them to provide any sum for the construction of the Chetla Bridge, nor for the completion of the link between the Howrah Bridge and Mukhrum Kanoria Road. Many other schemes which could have been finalised and put into their active programme had to be soft-pedalled because they could not guarantee their early execution.

The Trust has further approached the Development Department, Government of West Bengal for granting loans according to the scheme for helping middle class housing through Local Authorities by advancing 80 per cent. of the cost of construction for persons whose monthly income did not exceed Rs. 500/- per month.

HOWRAH MUNICIPALITY'S BUDGET

The Howrah Municipal Budget for 1958-59, was passed with a Closing Balance of Rs. 2,06,351. It was carried at a meeting of the Commissioners held some time ago. The Budget showed a net receipt of Rs. 10,129,934, against expenditure amounting to Rs. 9,928,588.

The draft budget, which had shown a deficit, was balanced by levying an additional 3 per cent. rate on the annual ratable valuation and adjustments of income and expenditure. The demand on Railway properties and Port Commissioners has been increased among other things. The expenditure was also heavily curtailed on the repairs of pucca drains, printing charges, brick-on-edge pavements, electric lamp extensions, and other items. The Budget also provided more funds for sinking tube-wells, charitable dispensaries, construction of schools and libraries and other public amenities.

The imposition of the additional levy was opposed by a section of members. They moved an amendment suggesting some other measures to raise the revenue.

A PERMANENT MEASURE IN DRIVING EPIDEMIC

As a permanent measure for wiping out cholera from the city a 72 in. main for carrying water from Pulla to Tallah is going to be installed shortly by Messrs. The Structural Engineering Co., Ltd., Bombay. The Corporation accepted the tender last year and an agreement for undertaking the work has been signed sometime ago between the Corporation and the Contractors. It has also been agreed that the work would be completed within two years provided requisite materials would be made available to the Contractors. Out of 13,700 tons of M. S. Steel plates to be obtained for this purpose, nearly 6,000 tons has so far been secured. The Corporation desires to use Asbestos-Cement pipes for this purpose to a certain extent in order to ease the steel position.

The above picture was taken on the occasion when the Mayor Dr. Triguna Sen inaugurated the factory site of the Structural Engineers for the installation of the main recently. Standing from left Shri K. L. Dey, Executive Engineer, Drainage, the Mayor Dr. T. Sen, Dr. B. N. Dey, formerly Engineering Adviser, Shri A. K. Sen, Corporation's Chief Engineer and Shri M. N. Bhagat, Company's Chief Engineer. Councillor J. L. Saha can also be seen in the picture.

INTENSIVE DRIVE AGAINST CHOLERA EPIDEMIC

ABOVE: Accompanied by local Councillor B. N. Banerjee and Councillor Dr. S. B. Mukherjee, then Chairman, Standing Health Committee, the Commissioner, Shri B. K. Sen looking into an insanitary low-lying area within the Bhukailash Garh while on a round in the city recently. He thought that the site was a direct breeding ground of cholera virus and should be levelled up soon.

BELOW: The multitude of beggars have not been spared from a prick of inoculation. The Epidemic Officer of Ward No. 66 is inoculating a number of beggars in the Kali Temple area, Kalighat, when the police rounded them up.

CHOLERA SITUATION NOT IMPROVED

CALCUTTA is still in the grip of that fatal disease cholera. The five-week old epidemic disease has shown little signs of being abated at the present moment. According to the Press Reports nearly 1,400 people, suspected to be suffering from cholera, were removed to the city's different hospitals during the last ten days of April. The number of such cases during the first two days of this month was not even encouraging. They were 279. There were 789 suspected cholera patients in city's different hospitals on Friday morning.

There are much differences of opinion as to the actual incidences of this disease. Concern had also been expressed from all quarters as to the unabated situation of the disease and its future course. It may be recalled here that according to the opinion of the experts about 30 per cent. of the suspected cases had actually suffered from the attack of the disease. However, a good deal of investigation still remains to be undertaken in this regard. Moreover, the real causes of the outbreak of the disease in such a magnitude, have not yet been fully ascertained so far.

In spite of all possible measures the situation continued to be worse till the first part of this week. Reports of incidence came mostly from Ward Nos. 19, 24, 25 and 48 covering Burrabazar, Chitpore and Tangra areas. But the position had not been fully worsened according to the hospital reports which stated that the incidence of the disease had been fluctuating for the past few days. And the disease also could not be kept under control within the bounds of the above areas. It spread over other parts including Ward Nos. 6, 46, 59 and 69.

The number of deaths from cholera during the week ended the 26th April were 810 while attacks were 648. During the week previous to this attacks and deaths were 702 and 248 respectively.

About 20 per cent. of cholera patients this year are children below 12 years, according to hospital statistics. The majority of the victims are male adults.

The Mayor's Health Week started on the 20th April last and lasted till the week ended on the 26th April. Nearly 4.62 lakhs of people were inoculated against cholera during the week. The Corporation's special measures to fight the epidemic were continued. In addition to the three wagons, four hired lorries were mobilized for prompt disinfection of the affected localities. Besides the normal anti-epidemic activities a large quantity of rotten fish, vegetable and fruit and exposed food-stuff were destroyed by the Health staff of the Corporation in collaboration with the Police. Help by way of inoculation drive by different philanthropic organizations and Medical students was also enlisted.

In view of the position and the serious effort made by the Corporation to fight the epidemic, the State Government's ten-day ultimatum to the Corporation, which expired on Monday, the 28th April, was extended by another 10 days.

The Corporation submitted to the State Government on Tuesday, the 29th April, a report on the special measures it had taken to fight the epidemic in the city. These related to the augmentation of

MAYOR'S CALL TO EMPLOYEES

The Mayor, Dr. Triguna Sen, has issued the following to the employees of the Corporation while appreciating their services in controlling epidemic diseases in this city. He said:—

Friends: I congratulate you all for your strenuous endeavours to fight out the epidemic diseases from this vast city. It is due to your singleness of purpose and tireless efforts cholera could not break out in a diffusive form in this City of Calcutta gradually growing and spreading up.

In this city I believe every citizen has a right to manifest himself as well as to live in a surrounding of happiness and cleanliness. But still they face many difficulties. Our sincere strain and stretch in this regard might help them much to live in that atmosphere and there is no wanting of such efforts in us, I do hope.

I am well aware of your wants and grievances. My wakeful eyes are always searching out the remedies of those grievances. I shall be extremely happy to fulfil those. Even my doors are always open for your representatives for frank and sincere discussion espousing your causes.

But we should not be fallen back upon our duties. It is the sacred task to save the city from the clutches of the demon of epidemics. There should be a combined and united effort for that end. Not as an employee of this great institution but as human beings actuated by your conscience you should come forward to serve the people as a task to be fulfilled and thus to glorify all.

Let there be a happier life for each and every citizen through our active participations.

Yours etc.,

TRIGUNA SEN,
Mayor of Calcutta.

Central Municipal Office Buildings:
The 30th April, 1958.

drinking water supply, inoculation, disinfection, ambulance service, and removal of garbages.

In the first weekly meeting of the Corporation during this session on Friday, the 25th April last, the members drew the attention of

the House. They focused attention on conditions prevailing in their own constituencies and wanted that larger measures should be adopted to meet the emergent situation. A member also said that had their suggestions been accepted earlier the situation could have been bypassed. While another regretted that State Government's help in this direction should be something tangible and not merely issuing of directives.

The debate on that day was followed by another inconclusive debate on Thursday, the 1st May. The latter date was fixed by the Mayor, Dr. Triguna Sen, who desired that there should be a detailed discussion on the prevailing situation at a special meeting and attempts should be made to devise ways and means so that such a situation could be overcome in future. In the meantime he made a round over the city himself looking into many of the measures.

In the first meeting the House also passed a resolution fixing the hours of garbage removal. This was moved by the Deputy Mayor, Shri Keshab Chandra Basu, who presided on that day.

In that special meeting more than a dozen speakers participated in the discussion. The Commissioner, Shri B. K. Sen, presented a report detailing the activities of the Corporation in that direction at the outset. A most tangible suggestion to root out the disease was made by Alderman Dr. Amiya Kumar Bose, the recently elected Chairman of the Standing Health Committee. There were other suggestions too in this regard.

Referring to the epidemic on Friday, the 2nd May, the Mayor said that the Corporation's special measures were continuing, but a great deal remained to be done in regard to removal of garbage and improving the water supply.

Summing up his report the Commissioner listed out the special measures taken by the Corporation since the Government's directive had been issued. He said that the personnel strength had since been increased with the appointment of 679 new hands of all categories including lorry drivers and scavenger gang. Refuse removal had been strictly carried on with the introduction of evening services and so far about 1,769 tons of garbage had been removed during the period up to the 29th April last. During the same period 199 tons of silt had also been removed. About 1,700 bustees had been cleansed regularly and the kutchha drains inside those bustees had been properly disinfected. Disinfection work had been extended not only towards the affected localities but also to the insanitary ponds and khatahs in different areas. Sanitary conditions of service privies had also been improved. 38 additional squads had been engaged in addition to the existing 20 squads for the purpose.

In the water supply sector 90 small dia. tube-wells had been put into commission by the Corporation in different localities out of 828 undertaken for the same. The State Government had also sunk 100 when they undertook to dig 160 such tube-wells. The Government would instal

such 200 tube-wells as the material would be made available to them. A big diameter tube-well situated in the Mogul Bagan area has just started to supply water to the Narkeldanga people. Water supply through additional lorries had also been arranged. All these had been done within the 29th April last.

According to Shri Sen the position was not beyond control. The number of patients had come down between 125 and 135 daily while one week back the number was more than 800 daily.

Since the beginning of this epidemic season 80 Epidemic Control Officers were appointed,—one for each Ward. With the outbreak of cholera in the city inoculators were added to strengthen the drive and the number had reached at about 850, all fully qualified for the job. The number of persons inoculated had touched near about 12 lakhs by the Corporation staff. The number of recent recruits was 420 after the emergency measures had been taken. Besides, voluntary social organizations did a lot in this regard. Lymphs and necessities were provided by the Corporation.

In dealing with the situation, the Commissioner, added, small-pox beds under the Infectious Diseases' Ward of the N. R. Sarkar Hospital had been converted into cholera beds as a special emergent situation.

In order to rouse public opinion and to induce people for inoculation intensive publicity and propaganda work had been undertaken. The strength of the publicity vans had been raised to six enlisting help from the USIS and others. A network of posters and placards inducing people for inoculation has been pasted throughout the city Shri Sen also said.

The discussion which then ensued appreciated Corporation's activities. Still a number of suggestions were put forward in the House. Alderman Dr. Amiya Bose said that cholera in Calcutta was a very complex problem but nevertheless it was preventible to a major extent. The epidemic was likely to decrease but, according to epidemiology, a flare-up was impending, possibly in third or the last week of this month. As short term measures, he advocated effective inoculation and augmentation of water supply. He was not sure that exposed food carried cholera germs.

Alderman Dr. Bose said that nothing could save them if the arrangements for the supply of drinking water in the city was not improved immediately. Taking the number of city population as 88 lakhs it would require 240 million gallons of water every day as a minimum requirement as the per capita requirement was 60 gallons of water in this city, a tropical country, according to the W.H.O. But at the moment the Corporation was supplying not more than 100 million gallons of water every day from all sources. There were 3,500 tube-wells in the city and it was ascertained that 25 per cent. were out of order. Out of this source not more than 9 million gallons of water was available. He suggested sinking of 800 more tube-wells in the city to augment water supply by at least 2.5 million gallons. The Chairman also suggested that half the number of additional tube-

wells would be located in ~~affected areas~~ while the rest in yet known scarcity areas including bustees.

Not satisfied with the Commissioner's statement, Councillor Dr. Kanailal Sarkar said, that no special arrangement for the augmentation of drinking water had been made in his constituency. He disputed the Commissioner's claim that all tanks and cesspools had been disinfected. In that connection he referred to the fact how he had been able to disinfect ~~insanitary tanks~~ in his own area.

Councillor Dr. Arabinda Das Gupta wanted that the authorities should improve the insanitary condition of Jadavpur market.

Councillor Mihir Ganguly warned the House that the areas still then remaining free from cholera would soon be affected. He wanted a greater amount of vigilance in the anti-epidemic activities in the unaffected areas.

Tracing the cause of the outbreak from another angle Councillor Nandalal Banerjee said that Corporation authorities were responsible in one way for the spread of the disease due to its utter negligence. The waters of the Ganges were being polluted by huge quantity of outfall discharge from the city sewers on the western side. In this respect Corporation was committing a great crime. He also said that most of the tanks and ponds and other insanitary places still remained unattended.

Councillor Ganapati Sur was loth to blame the Corporation's staff only for the epidemic. He criticized the Chairman of the Standing Water Supply Committee for the scarcity of drinking water due to his slow-moving process. He failed to understand the reasons for withholding pipe-laying work in the city which were the main sources of contamination. In that connection he desired that the 18-lakh water supply scheme in Cossipore area would be implemented soon.

Councillor Subrata Sen Sarma also severely criticized the Standing Water Supply Committee and the Standing Finance Committee for complacency and inaction. He said that unless a comprehensive scheme of water supply was taken there were little chances of the improved situation in the city.

Councillor Bejoy Banerjee said that nothing had been done of the recommendation of the Special Committee of Water Supply, 1945, which had dealt with this problem thoroughly and suggested various practical measures. The time has come, he said, when the members should think of the future. The immediate problem after the epidemics would be of over-flooding of city streets and for which the House would have to find out ways and means.

Councillors Dulal Mukherjee, Pannalal Das and others spoke about the difficulties of the bustee dwellers in getting pure drinking water. Councillor Das further complained against the activities of the inspection staff entrusted to deal with food adulteration.

The Mayor, Dr. Sen, identified himself with the suggestion of Councillor Purnendu Sen Gupta, who opined that the drive against unwholesome and exposed food should be continued with police help for long.

Appreciative comments were also made on the efforts made by the Mayor, Dr. Triguna Sen to

acquire the Corporation's machinery and to enthuse the public to fight the menace.

Besides, the Corporation activities, the services of the Indian Medical Association also received appreciation. On the seventh day of inoculation campaign more than 600 medical students and doctors started a drive from Hazra Park, South Calcutta. Divided into small units and groups they went into the further end of the city including Kidderpore and Banadhani. The operation was conducted under the direct guidance of Dr. B. P. Tribedi, President of the Indian Medical Association, West Bengal.

On the conclusion of the campaign, there was a mass rally of workers at the base camp at Hazra Park which was addressed by Prof. N. K. Sidhanta, Vice-Chancellor, Calcutta University, the Mayor Dr. Triguna Sen, Shri B. K. Sen, Commissioner, Shri P. K. Sen, D.I.G. Police, Dr. Mallick, Principal, Calcutta Dental College, Councillor K. L. Dhandhanis and others. They praised the services rendered by the students of various medical colleges and also the Indian Medical Association, who sponsored the campaign.

Souren Sengupta, Secretary, Indian Medical Association, Calcutta Branch, impressed upon the youth the need to rouse public enthusiasm to fight the menace.

In response to Mayor's appeal Paschim Banga Samaj Seva Samity also undertook anti-cholera drive during the week in North Calcutta. A large number of doctors, medical students and members of different clubs and organizations voluntarily lent their services to the Samity for inoculating about 10,000 persons.

DEATHS AND DISEASES IN THE CITY

Attacks and deaths from cholera, an important epidemic, during the week-ending the 26th April, were 648 and 810 respectively, against 702 and 248 respectively in the week previous to this. During a corresponding period extending over a fortnight last year attacks and deaths numbered 90 and 87 respectively. There were 84 imported deaths in the city during the week under review.

Small-pox attacks and deaths were six each during the week against nine and eight respectively during a week previous to this. There were altogether 377 attacks and 279 deaths from the same disease during a corresponding fortnight last year.

Malaria tolled two lives while Typhoid was responsible for six lives. 81 persons died of Tuberculosis during the week against 28 in the week previous to this. There were 67 deaths from the disease during a corresponding fortnight last year.

Deaths from all causes totalled 919 against 925 in the previous week. During a corresponding period last year deaths were 984 and 868 respectively.

Budget Debate Continues**COUNCILLOR DHIREN DHAS**

Moving an amendment in the House that the Corporation could save a larger amount through economy and other ways Councillor Dharendra Nath Dhar, M.L.A., wanted that the Budget could have been modified in a better way. He suggested that by abolishing many of the allotted funds the Corporation could have saved nearly half a crore.

According to him provisions for 'Contribution to Replacement Fund for Plant and Machinery' wherein the Standing Finance Committee had provided Rupees Ten Lakhs. Funds for Municipalization of Markets, for Building Repairs and for Furniture and Equipment were unnecessary and his proposed amendment was for transferring those funds to the Closing Balances. This was however, referred to the Standing Finance Committee.

COUNCILLOR HARI NARAYAN SADANI

In order to implement the Corporation finances with larger amounts Councillor Harinarayan Sadani felt that the Government of West Bengal should be approached to part with a share of the Government's collections under the head 'Sales Tax' mainly realised from this city. He also proposed to levy a tax of Rs. 500/- only on each Horse Race Drawing.

At the same time Councillor Sadani wanted that the Corporation should encourage the activities of the social organisation by way of grants-in-aid.

COUNCILLOR RAUF ANSARI

SUPPORTING the Budget Estimates for the year 1958-59, Councillor Abdur Rauf Ansari listed out the progress made by the Corporation since 1952 in providing civic amenities. He said that in street lighting, in supplying water, in building roads everywhere there was a marked improvement.

At the same time Councillor Ansari thought that the Corporation should earn larger amounts of revenue for the interest of the citizens. In that connection he suggested that the institution should start larger number of Slaughter Houses spreading throughout the city. They would fetch revenue as well as benefit the citizens.

The Deputy Chairman of the Education Committee was too much complacent about the activities of that department. He was also inclined to move the State Government for larger grants from that head as the Corporation had undertaken the sacred task of imparting primary education to the refugee children.

COUNCILLOR DULAL MUKHERJEE

An important member of the Standing Finance Committee Councillor Dulal Chandra Mukherjee did not want to speak out the merits and demerits of the Budget Estimates. Still he could not help himself to move an amendment whereby he urged the Corporation to take immediate steps to extend underground drainage system in the Cossipore area which had merged within the bounds of the Calcutta Corporation as far back as 1928. He also wanted that the Union Government be approached to provide appropriate funds for the purpose under the Second Five Year Plan.

COUNCILLOR MD. ZAKIR

REPRESENTING himself from an area not developed in the same level with others, Councillor Md. Zakir claimed that the limits of under-developed areas should also be extended beyond its present bounds which were mainly the Cossipore, Manicktala, Tollygunge and Tangra areas. He felt that the areas lying on the east of Lower Circular Road extending up to the Railway lines so long termed as the developed ones should be treated in similar way with the under-developed ones. The area mainly covers the present Ward Nos. 55 and 57, bounded on the north by Dr. Suresh Sarkar Road and Phulbagan Road, on the south Circus Avenue and Suhrawardy Avenue, on the west Lower Circular Road, and on the east New C. I. T. Road and Suhrawardy Avenue and others.

Councillor Md. Zakir also moved an amendment for the incorporation of the above two Wards into the under-developed areas as they equally needed development projects along with them. This was referred to the Standing Health Committee for consideration.

A CORRIGENDUM

By way of mistake in the "Calcutta Municipal Gazette's" issue dated the 29th March, 1958, there were a few incorrect information under 'The Corporation-At-Work'. Councillor Sachindra Nath Sen was elected by the House as a member of the Managing Committee of the Kamala Girls' H. E. School instead of Alderman Shrimati Pratima Bose, as reported.

The House also by-passed the item on 'New School Buildings' in its meeting on the 26th March last and considered the same on a much later date.

We regret the inadvertence.

CITY-NEWS-PARADE

OBITUARY: The death of Shri Umesh Chandra Bhattacharjee, a former Professor of Philosophy, Presidency College, Calcutta, and author of a number of books on Philosophy occurred at his residence on Thursday, the 24th April last. He was 72.

A distinguished scholar and teacher of philosophy, the late Shri Bhattacharjee began his career as a Lecturer in Jagannath College, Dacca, in 1911. Later, he joined Dacca University where he also acted as its Registrar for some time. He was Professor of Philosophy at Presidency College until he retired in 1941. He was connected with many learned societies like Bangiya Sahitya Parishad, Indian Philosophical Congress and International Congress of Orientalists and to a number of journals in which he largely contributed.

DEMONSTRATIONS: During these days the city has witnessed a few demonstrations. The Insurance and Bank men met at a conference in Indian Association Hall, Bowbazar Street, on Thursday, the 24th April last wherein they reiterated many of their grievances and wanted that an ultimatum should be served on the authorities in that respect.

About 200 workers of the Burmah Shell, Narkeldanga Depot, went on stay-in-strike when the retrenchment axe fell upon them. Their demonstrations continued for nearly a fortnight. For the settlement of the terms labour conciliation methods were also adopted. Negotiations continued and settlement was reached at a later stage.

A VARIED NATURE WAS WITNESSED IN CITY'S WEATHER CONDITIONS during recent days. There was smart shower in Calcutta on Sunday, the 27th April night for about half an hour bringing down the temperature by 4 degree C (8 degree F). The rainfall recorded at the Meteorological Office was 1.5 cm or 0.61 inches. The maximum windspeed rose to 46 miles per hour. According to the Meteorological Office, mild Nor'wester passed over the city then. The citizens had to suffer the consequences of the gusty wind.

Calcutta had a light shower late in the evening on Tuesday, the 29th April. The sky became overcast with thick clouds in the afternoon and gusty wind swept the city breaking the clouds. After a couple of hours rain began to fall nearabout 11 A.M. Cool temperature gave immense relief to city people.

Besides, during recent days maximum temperature rose above normal. The minimum temperature was also in the same line. There hot spells and high humidity causing conveniences to all. People had to walk under bright sun. Still the weather forecast was for probable fall in night temperature along with thundery wind.

MORE THAN 650 FOOT MARCHERS mostly peasants were arrested on Friday, the 25th April last, when they demonstrated on Old Court House Street demanding provision of food both for themselves as well as for their families.

They brought with them harrowing tales of misery in the rural areas. Among the arrested were five M.L.A.s, 80 women and 25 children.

The marchers, from villages in Bankura, Nadia, 24 Parganas, Hooghly and Howrah districts, arrived in and around the city on the previous day and assembled in Raja Subodh Mullick Square on that day afternoon before they came out in procession. They were then about 1,000 strong. The demonstration was organized by the Forward Bloc. At that assemblage, speakers explained the significance of the marchers' 14-point demands.

A CASE OF ELECTROCUTION: Police Officers and firemen tried hard to lower the body of Janab Abdul Ghani, 42-year old, who was electrocuted on a telegraph pole on Saturday, the 26th April last, in Dalhousie Square area.

The tragic incident occurred at about 11 o'clock when the lineman was working on a telegraph pole at the crossing of Hare Street and Council House Street. Ghani, a temporary hand, was removing a crow's nest from the top of a 30 ft. pole when the accident occurred. He had come, with his father, another C.T.O. lineman, who was standing at the foot of the pole. Crows' nests were said to have caused interruptions in telegraph services. Ghani's body slumped on the mesh of telegraph wires and lay there entangled.

Later on the staff of the P. and T. Department detected the fault in the wire which caused the electrocution. It transpired that an insulated cable from a telephone post on Dharmatolla Street connecting a former newspaper office's teleprinter snapped some time ago. It was presumed that the cable snapped about three days ago when a storm swept over the city and that its loose ends got entangled with the 50-volt overhead tram wire, the telephone line thereby being highly charged.

CITY EXPERIENCED ANOTHER FAILURE OF ELECTRICITY when the supply went off in the Bowbazar area, on Tuesday night, the 29th April. The area bounded by Harrison Road on the north, Serpentine Lane on the south, Upper and Lower Circular Roads on the east and College Street on the west was plunged into darkness. Three cinemas suspended their night shows.

The power failure was caused by a "pacing shot" at the Amherst Street rectifier station. The supply was restored after about an hour.

FIRE DESTROYED ABOUT 12 GODOWNS containing straw, fuel wood, lime and cement, in Upper Chitpore Road in the Baghbazar area. These were burnt down on Wednesday night, the 30th April because of the Fire Brigade personnel's difficulty in obtaining water in the locality.

All the godowns, with their corrugated iron roofs and wooden support, collapsed.

The Fire Servicemen employed six mobile water brigades, each containing 600 to 1,000 gallons of water. Helped by a strong wind the fire, broke out at about 6-45 P.M. and soon engulfed the godowns. The tide in the Ganga nearby was at its lowest ebb and water could not be immediately drawn from it through the pumps. The firemen tried to localise the blaze in order to prevent it from spreading to adjacent residential areas and a timber yard across the road.

Another fire occurred at that midnight at the East India Film Studio, in Tollygunge area. The water supply position being worst the firemen had to depend entirely on their own resources. Seven mobile water tanks helped to fight the blaze. The tanks' water supply had to be constantly replenished from hydrants a long way off from the studio.

As a result of the fire, the 150/60 ft. roof of the studio collapsed and its walls were badly burnt. The fire was brought under control within an hour. The damping operations by 10 engines continued till late in the morning.

CALCUTTA CITIZEN FOR PEKING

A Delegation of the India-China Friendship Association left for China on Friday, the 25th April last. The Delegation led by Shri Brahm Prakash, M.P., included Prof. P. K. Sen, Head of the Agricultural Department of Calcutta University.

MUNICIPAL SERVICE COMMISSION - YTIC

NEW APPOINTMENTS

Sub: Appointment to a permanent post of Superintendent, Mullick Ghat Pumping Station, Corporation of Calcutta.

In pursuance of the Municipal Service Commission's letter No. 923 M.S.C./1D/25/56 dated the 20th/21st March, 1958, the Standing Finance Committee dated the 25th March, 1958 made the following appointment:—

"That accepting the recommendation of the Calcutta Municipal Service Commission, Sri Biswa Nath Mukherjee be appointed permanently to the post of Superintendent, Mullickghat Pumping Station, in the grade of Rs. 800—15—450 plus house allowance of Rs. 100/- per month and other usual allowances, subject to the Service Regulations of the Corporation."

Sub: Appointment to a permanent post of Assistant Superintendent, Mallick Ghat Pumping Station in the grade of Rs. 220—10—800.

In compliance with the Municipal Service Commission's letter No. 924 M.S.C./1D/27/56 dated the 20th/21st March, 1958 the following appointment has been made by the Standing Finance Committee, dated the 25th March 1958:—

"That accepting the recommendation of the Calcutta Municipal Service Commission, Shri Gajendra Narayan Misra be appointed permanently to the post of Asstt. Superintendent, Mullickghat Pumping Station in the grade of Rs. 220—10—800 plus house allowance of Rs. 75/- per month and T. A. of Rs. 15/- per month and other usual allowances, subject to the Service Regulations of the Corporation."

Subject: Filling of certain posts of Asstt. Engineer (Civil) on the scale of Rs. 250—20—450 plus usual allowances by direct recruitment.

In pursuance of the Municipal Service Commission's letter No. 855 M.S.C./1D/24/56 dated the 18th March, 1958, the Standing Finance Committee dated the 25th March, 1958, made the following appointments:—

"That accepting the recommendation of the Calcutta Municipal Service Commission, the following persons be appointed to the posts of permanent Assistant Engineer (Civil) in the grade of Rs. 250—20—450 plus M. B. A. or Scooter Allowance of Rs. 90/- per month (wherever such allowances are attached to the post) plus other usual allowances in the vacancies noted against each, subject to the Service Regulations of the Corporation:—

(i) Shri Sukumar Mitra vice Shri Ranjit Kumar Ghosh.

(ii) Shri Kalyan Kumar Bose in the newly created post of Asstt. Engineer (Civil), Chief Engineer's Department.

(iii) Shri Pradip Kr. Roy vice Shri Bamapada Thakur.

(iv) Shri Arun Kumar Sen vice Shri B. K. Mandal.

(v) Shri Nidhir Banjan Bhaumik vice Shri Ram Narayan Das.

Sub: Permanent appointment to the post of Senior Clerk, Secretary's Department, in the grade of Rs. 220—10—260 vice Shri D. N. Chatterjee resigned.

In compliance with the Municipal Service Commission's letter No. 931 M.S.C./1P/4/58 dated the 24th March, 1958, the Standing Finance Committee at its meeting held on the 25th March, 1958, passed the following resolution for the above appointment:—

"That accepting the recommendation of the Calcutta Municipal Service Commission, Shri Jitendra Nath Banerjee be appointed permanently to the post of Senior Clerk, Secretary's Department, in the grade of Rs. 220—10—260 plus other usual allowances, subject to the Service Regulations of the Corporation."

Sub: Permanent appointment to the post of Assistant Collector, Corporation of Calcutta, in the grade of Rs. 400—20—600 with a security deposit of Rs. 10,000/- attached to the post.

Referring to the Municipal Service Commission's letter No. 940 M.S.C./1D/7/57 dated the 25th March, 1958, the Standing Finance Committee at its meeting held on the 27th March, 1958, passed the following resolution:—

(i) That accepting the recommendation of the Calcutta Municipal Service Commission, Shri Roby Banerjee be appointed to the permanent post of Assistant Collector in the grade of Rs. 400—20—600 with a security deposit of Rs. 10,000/- attached to the post, subject to the Service Regulations of the Corporation.

(ii) That as regards the suggestion of the Municipal Service Commission for rectification of the age of Shri Roby Banerjee in the service book, the Committee regret that they are unable to accept the suggestion having regard to the fact that the State Government have finally accepted the principle that the age of Corporation employees as recorded in their service sheets at the time of their entry into Corporation service is to be taken as correct."

There were 6 deaths from tuberculosis against 5 in the previous week.

RAMKIDAS HARALALKA HOSPITAL

Citizens of South Calcutta are much benefited to-day with the establishment a few years back of the Ramkidas Haralalka Hospital, Ashutosh Mukherjee Road, Bhowanipore. The hospital's march of progress has received appreciation on all hands.

Among the various activities of the hospital during recent days it arranged a Baby-Show at the premises of the hospital recently. Councillor Dr. P. K. Roy Choudhury presided over the function and distributed prizes to the babies considered best in physical health. Shri Purnendu Sekhar Basu, a former Deputy Mayor, acted as Chief Guest on the occasion and spoke highly on the activities of the hospital.

Besides, in order to infuse the hospital workers with a spirit of service as well as inspiring them to acquire integrity, diligence and other qualities, the authorities arranged a function on the Bengali New Year's Day, the 14th April, wherein prizes were distributed to the workers judging on their devotion to duty. Councillor Dr. Roy Choudhury also presided on that occasion and Shri Phanindra Mohan Sarkar gave away prizes.

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tri-cycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 a.m. to 7 p.m.; between 7 p.m. to 12 a.m. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

City Celebrates Poet's Birthday

To love and admire RABINDRANATH TAGORE by singing his songs and reciting his poems is a great privilege to this city where the poet took his birth ninety-seven years ago. That was one such occasion which presented itself on Thursday, the 8th May, synchronizing with the 25th of the Bengali first month Baisakh when the city witnessed innumerable functions observing the Birthday with appropriate programmes. The functions spread over not only throughout the week but also to a fortnight even. The observance of the birth-day of the great national poet had not been restricted to the Bengalees alone but to other races also through wider observances in this sub-continent of multi-cultured people.

A 'most receptive and versatile representative of the creative age' the poet produced remarkable advances in literature, art, social consciousness, science and education. It was the poet who foresaw India's future and established the *Viswa-Bharati*, a survival of his greatest gifts of vitality and a readiness to welcome new ideas and ideals. It was also an attempt to link India with the rest of the world in those days.

Celebrated throughout India as a day of national rejoicing and as a day of happy remembrances of all the great and the noble that Rabindranath symbolized still the meetings, messages and speeches this year conformed to set the celebrations for 1961, his Birth Centenary Year. And surely this city would have a definite role to play in that centenary celebrations when a large number of speeches, special numbers and messages would flow from different lands of the civilized world. A unique occasion that would be no doubt.

This year's celebrations were no less important than those of the previous years. The room in Maharshi Bhavan, where Tagore died, was open to the public for the whole day. It was filled with wreaths from the public. Streams of people showed their respect to the poet by their presence there.

The day's principal function was organized in the morning jointly by *Viswa-Bharati* and *Rabindra Bharati* at the poet's ancestral residence at Jorasanko. The dais, in the centre of which was placed a photograph of Tagore, was tastefully decorated with flowers and copper pots, so that each and every one might have a glimpse of the poet's majestic look.

Eminent writers and poets opened the week-long programme for the birth-day celebrations in the city with an appeal for deeper understanding of Rabindranath's messages.

The West Bengal Government declared the day a public holiday. Calcutta Corporation also observed the day as a holiday. The All-India Radio provided a special programme.

WEEK-LONG CELEBRATIONS INAUGURATED

At Jorasanko Thakurbati, in the lawn facing the Rabindra Bharati and the Viswa-Bharati Office the solemn function was organized. Thousands of men and women, who attended the function, enjoyed the way the entire proceedings were conducted. There were no speeches. The function began with a community prayer led by Prof. Charu Chandra Bhattacharya of Viswa-Bharati. Reading of excerpts from Tagore, interspersed with songs sung competently, lent grace and charm to the function.

In the evening, Baitanik, a cultural organization, held a function in the courtyard of Maharshi Bhavan at Jorasanko. Shri Saumyendra Nath Tagore conducted the function.

ALL-INDIA RADIO

The special programme drawn by the Calcutta Station of All-India Radio included recitations of Rabindranath's poems, and rendering of his songs by distinguished artistes. The Prime Minister, Shri Jawharlal Nehru broadcast a message

'A TEACHER AND A LIBERATOR'

"Three years from now we shall celebrate the Centenary of the Birth of Rabindranath Tagore. I wonder how the young men and women of to-day think of him, what picture do they have of this great son of India who moulded the thinking and action of the generations that preceded them. I belong to a passing generation who had the high privilege of living through that period when the many-sided light of Tagore illumined our minds and our lives. What was he?—dreamer and poet, singer and artist and musician, playwright and actor, novelist, and essayist, educationist and humanist, nationalist and inter-nationalist, philosopher and man of action. We have the magic of his words and songs with us and one of these songs has become our beautiful National Anthem—the Jana Ganga Mana. Succeeding generations will derive inspiration from what he wrote and from the story of his life. They will think of him as one in line with the ancient sages of this land who have come to us from time to time to rejuvenate us and pull us out of our narrow ruts of thought and action. But will they remember his message and act up to his teaching?"

"For he was, above all, a teacher and a liberator, ever trying to free our minds and our social structure from the shackles that bound them. Intensely Indian, drawing sustenance from the soil and thought and the long past of India, he was truly a world citizen and his nationalism fitted in with the widest internationalism. In him we see the integration of thought and action. In Santiniketan we see his ideas gradually taking shape, leading to the establishment of Viswa-Bharati. Near Santiniketan, also Sriniketan became the embodiment of mind's

deep urge. He had to face the fundamental problem of India. Like Gandhiji, he went back to the village, which was the basic fact of life in India. There he tried to experiment with his social policies so as to help the village folk to build a new social order.

"As the years passed, his attachment to Sriniketan and the rural reconstruction work there grew. For his idea of India became more and more that of our vast rural population growing in mind and body. He left us much in the realm of thought. But he was no writer or singer living in an ivory tower. He was a man intensely interested in and devoted to the building up of our country and our people. He left us Santiniketan, Viswa-Bharati and Sriniketan, children of his mind and the scenes of his activity and the temples where he worshipped.

"We shall ever remember his songs and writings, but if we are true to him, we shall carry on his message and see that Santiniketan and Sriniketan flourish.

"As Chancellor of Viswa-Bharati University, I have opened a Chancellor's Rabindranath Tagore Centenary Fund. This is meant to help in carrying on his work in Santiniketan and Sriniketan, and thus to pay our tribute to him in action and service. I trust that many in India and abroad will contribute to this fund. Let this be one of the ways of our paying homage to Gurudev's memory. But the real homage is for us to remember his message and to help in building up India, as he told us to do in his magnificent language."

SHRI JAWHARLAL NEHRU,

From a Broadcast Speech, A.I.R., Delhi.

The 8th May, 1958.

The celebrated musician, Sangeet Ratnakar Ramesh Chandra Bandopadhyaya, conducted the music programme. He himself sang in Kheyal Tagore's "Swapan Yadi Bhangley". Students of the West Bengal Government's Dance Drama Academy sang Vedic Hymns. The programme concluded with the singing in chorus of Tagore's "Aloker Aie Jharna Dharay Dhuiye Dao." Others to participate were Shri Samareesh Chaudhury, Shri Prasad Sen, Shrimati Parabi Chatterjee, Shrimati Banani Ghosh.

on Tagore from All-India Radio, Delhi Station, which was relayed on Calcutta Services at night.

A talk in Bengali—"Panchishe Baishakh"—by Prof. Charu Chandra Bhattacharya was put on the air in the evening.

Another feature, "Rabindra Sannidhye" highlighting the reminiscence of Rabindranath by four well-known litterateurs of Bengal was broadcast. The participants of the programme were Sri Tarasankar Banerjee, Shri Pramathanath Bisi, Shri Sajani Kanta Das and Shrimati Lila Majumdar.

A programme of Rabindra-Sangeet by Shri Suvo Guna Thakurta and party was relayed at that night.

A play in Bengali adapted from "Mukta Dhara" written by Tagore, was broadcast by Calcutta Station on Friday, the 9th May.

In the Mahila Mahal Programme, a feature entitled "Baisakhi", which included music and recitations from Tagore's works, was heard at noon on that day also.

RABINDRA MELA

'If Rabindranath's birthday celebration did not provide occasion for releasing creative intellectual faculties, its purpose would be largely lost. Only by making a serious effort to realise his philosophy, his messages, the people could pay their best tribute to Rabindranath.' Thus observed Shri Tarasankar Banerjee presiding over a function organized by Rabindra Mela at the Star Theatre on the 8th May. He criticized the lopsided accent of the celebration on external shows rather than on an attempt to understand Rabindranath. The function was largely attended.

NIKHIL BANGA SAMMELAN

Presiding over the celebration under the auspices of Nikhil Banga Sammelan at the University Institute Hall, Shri Upendra Nath Ganguly, a former Editor of the monthly "Bichitra" to which both Rabindranath and Sarat Chandra were contributors, narrated an interesting incident. He said how a reconciliation between the poet and the novelist was brought about by Shri Ganguly himself after a short rift between them.

AT B. K. PAL PARK

Rabindra Jayanti Utsab was held under the auspices of Duer Palli Jayanti Utsab Committee at B. K. Pal Park on Thursday. Shri Hemendra Prasad Ghosh presided over the function. Shri Nirmal Roy, Secretary of the Committee welcomed the guests and appealed to all to celebrate the occasion in a dignified manner.

Prof. Sibnarayan Roy, the main speaker of the function, discussed on the subject Rabindranath preached.

A week-long function organized there.

RABINDRA SANSKRITI SAMMELAN

The week-long function under the auspices of Rabindra Sanskriti Sammelan was inaugurated by Shri Hemendra Prasad Ghosh at Kumartooli Park, North Calcutta, in the same evening. Dr. Satcowri Mukherjee, Director, Nava Nalanda Bouddha Bihara, presided over the largely-attended function.

Talks on the creative talent of Rabindra Nath, recitations, songs and staging of drama and dance-drama formed features of the seven-day programme.

Rabindra-Jayanti was held on the 9th May under the presidentship of Shri Saumyendra Nath Tagore at the Lady Brabourne College. Songs, recitations and dance recitals formed the programme there.

BANGA BHASA PRASAR SAMITY

The Nikhil Bharat Banga-Bhasa Prasara Samity celebrated the occasion on a day previous to the scheduled date. In a decorated hall at Lower Circular Road, the non-Bengali community in

the city entertained a large gathering through songs, recitations and dance recitals from Rabindranath. The participants were mostly students learning Bengali language under the Samity recruited mainly from southern India. Many of them still have a desire to go into the depth of the richness of the Bengali literature. Their enthusiasm in this regard is so much that they have also started their own journal in Bengali 'Bhasa-Bharati.'

AT CORPORATION SCHOOLS

Rabindra Jayanti was also celebrated in many of the Corporation Primary Schools. In one such function held at the premises of the S. B. De Model School organized by the teachers and students of the school in collaboration with the students of a Girls' Primary School, holding in the same premises, Shri Udhav Chandra Mullick, one of the Trustees of the School, presided. Councillor Mukur Sarbadhikary was the Chief Guest while Shri Dharendra Nath Dhar, the well-known children's litterateur, was the main speaker. The programme also included songs, recitations and dramas.

CALCUTTA FLORIST WINS THE INTERNATIONAL PRIZE

A Calcutta florist has been awarded an international flower show Trophy at a New York Exhibition recently. The florist won the trophy for the exhibit of floral ornaments at the show which was conducted by the Horticultural Society of New York and the New York Florists' Club. The organisers of the show have also informed the Calcutta florist—the Globe Nursery—that both the judges and the general public expressed admiration for the delicate floral craftsmanship displayed by it in the exhibition.

VIEWS AND REVIEWS

CALCUTTA SHOCKED BY DR. KHAN

SAHEB'S DEATH NEWS

As soon as the news of the assassination of Dr. Khan Saheb, the Republican Party Leader of Pakistan, reached here on Friday, the 9th May the whole city was overcast with a shadow of gloom and mourning. Dr. Khan Saheb was stabbed to death in Lahore in that morning at the residence of his youngest son. The assailant Janab Ata Mohamad, a dismissed Patwari, was caught before he could escape. He inflicted three wounds with a knife resulting in profuse bleeding, which caused his death before any medical aid could be rendered. He was laid to rest at Utmanzai, his home village near Peshwar in the same evening.

The incident is a great tragedy, the greatest since the martyrdom of Mahatma Gandhi.

A most popular leader both in India and Pakistan the late Dr. Khan Saheb contributed much for the cause of India's independence. As a gallant fighter in country's struggle, his name was closely associated with the name of his younger brother Khan Abdul Ghaffar Khan who played an important role in that struggle for freedom.

Receiving education in medical science in Great Britain the late Dr. Khan Saheb at first joined Government service. Later on resigning from that post he joined the Congress movement. He along with his brother organized the Khudai Khidmatgar movement popularly known as Red Shirts movement in the North-West Frontier Province. He joined all the movements sponsored by the Indian National Congress and courted imprisonments on several occasions for leading the movements. Even his sufferings did not end with the attainment of independence and he was put to prison during the first stage of Muslim League Rule in that country. Later on, he was, however, released and taken in the Central Pak Cabinet in 1954.

He also showed great parts in the administrative work. He was the first Chief Minister of the North West Frontier Province when Congress accepted office in 1937. Dr Khan Saheb was elected to that post again in 1945. In 1955 Dr. Khan Saheb was appointed as the Chief Minister of the West Pakistan. He was re-appointed in 1956 after general election but resigned soon and formed his new Republican Party.

Thus a great and good life held in reverence by all has been lost for good. He will be remembered in the history of freedom's struggle as one of the two famous brothers who upheld the ideas of nationality in a province with some characteristics that differentiated it from others. Those who personally knew him will miss a friend endowed with so much courtesy and understanding. His mind spoke of an inner humility and he passed a heart not always found common.

Dr. Khan Saheb's death has been widely mourned particularly by many of his friends and admirers in this city. The West Bengal Chief Minister, Dr. B. C. Roy, who had had long association with Dr. Khan Saheb, as a co-worker in India's freedom movement, said: "We are much shocked to hear of the dastardly deed which ended the valuable life of Dr. Khan Saheb. He was a stalwart

during the Congress movement for independence and had been doing valuable work in West Pakistan. I offer my sincerest condolences to the bereaved family.

The weekly meeting of the Corporation was adjourned for the day on Friday, the 9th May as a mark of respect to his memory. The members stood in silence for two minutes praying peace for the departed soul.

The Mayor, Dr. Triguna Sen, referred to the tragic incident and moved for observance of two minutes' silence.

Councillor Mukur Sarbadhikari moved for an adjournment of the meeting without transacting any business. The motion was seconded by Councillors S. K. Gupta, I.C.S., Chairman, Calcutta Improvement Trust and Nripen Banerjee.

We also extend our sincerest condolences to the members of the bereaved family.

CORPORATION STANDING COMMITTEES

Following the Mayoral election came the elections of the Standing Committees of the Corporation. At the first meetings of each of nine Committees of the Corporation held on Tuesday, the 29th April the following were elected as the Chairmen and the Deputy Chairmen for the year 1958-59 by the members of the respective Committees. According to the provision of the Calcutta Municipal Act, 1951, the members of each of the Standing Committees remain the same for the period of four years since their constitution after the general election of the Corporation but elections of Chairmen and Deputy Chairmen should be held annually.

STANDING FINANCE COMMITTEE: Councillor Kishorilal Dhandhanian (Chairman) and Councillor Dr. Priti Kumar Roy Chaudhury (Deputy Chairman).

STANDING HEALTH COMMITTEE: Alderman Dr. Aniya Kumar Bose (Chairman), and Councillor Dr. Sudhangshu Kumar Sett (Deputy Chairman).

STANDING EDUCATION COMMITTEE: Alderman Ajit Kumar Dutta (Chairman), and Councillor Satyananda Bhattacharjee (Deputy Chairman).

STANDING TOWN PLANNING AND IMPROVEMENT COMMITTEE: Councillor Ganapati Sur (Chairman), Raj Satyendra Mitra (Deputy Chairman).

STANDING WORKS COMMITTEE: Councillor Rajen Majumdar (Chairman), and Councillor Dhiren Bose (Deputy Chairman).

STANDING PUBLIC UTILITIES AND MARKETS COMMITTEE: Councillor Mihirlal Ganguly (Chairman), and Councillor Sachin Sen (Deputy Chairman).

STANDING ACCOUNTS COMMITTEE: Councillor Chittaranjan Chatterjee (Chairman), and Councillor Tulsi Charan Pal (Deputy Chairman).

STANDING WATER SUPPLY COMMITTEE: Councillor Jogindra Lal Saha (Chairman), and Councillor Mohanlal Ghose (Deputy Chairman).

STANDING BUILDINGS COMMITTEE: Councillor Bejoy Kumar Banerjee (Chairman), and Councillor Raj Satyendra Mitra (Deputy Chairman).

CORPORATION PROCEEDINGS

A GIST OF PROCEEDINGS OF THE SECOND
ADJOURNED MEETING OF THE CORPORATION HELD
ON FRIDAY, THE 2ND MAY, 1958

COUNCILLOR DHIREN GHOSH

The House allowed Councillor Dharendra Nath Ghosh 'Leave of Absence' from attending Corporation meetings on ground of ill-health for a further period till the 30th September, 1958.

It may be recalled here that Councillor Ghosh has been suffering from various ailments for the last few months. Councillor Ghosh last attended the Corporation meeting on the 29th October, 1957.

The sanction of the House was covered by Section 68(d) of the Calcutta Municipal Act, 1951.

COUNCILLOR NRIPEN BANERJEE

The House nominated Councillor Nripendra Nath Banerjee as a representative of the Corporation in the South-Eastern Railway Suburban Railway Users' Consultation Committee for a period of two years.

It may be recalled here that Councillor Raj Satyendra Nath Mitra represented the Corporation in that Committee in its previous term.

A SPECIAL COMMITTEE

The House appointed personnel of a Special Committee with the following to investigate into the feasibility of suitably amending the draft agreement with the Senu, the lessees of the Dhapa Square Miles:—

The Deputy Mayor, Shri K. C. Basu, Councillors J. L. Saha, M.L.C., B. K. Banerjee, C. Chatterjee, S. K. Roy, S. K. Rudra, R. N. Mazumdar, B. K. Daw, C. S. Bhownick, S. K. Mukherjee, M. L. Ganguly, and U. N. Sen.

The Special Committee was appointed by the Corporation on the 28th March last but it could not function for want of personnel. According to that resolution the Special Committee was required to be consisted of the legal experts among the Aldermen and Councillors.

IMMORAL TRAFFIC ACT

Rising on matters of urgent public importance, two Councillors Dr. Himangshu Das and Dr. K. P. Ghosh, expressed their concern on the proposed enforcement of the Suppression of Immoral Traffic in Women and Girls Act.

Dr. Das said that the removal of brothels would result in spread of venereal diseases and in lowering of people's moral standards.

Councillor Dr. Ghosh was of the opinion that many women had taken to prostitution through sheer economic desperation. To stop prostitution with police help was an unrealistic approach to the problem. Thorough planning was necessary for the economic rehabilitation of fallen women before any step was taken to liquidate brothels.

Similar protests have been lodged from different parts of the city. Meetings, demonstrations and such like are not unknown to-day in the city to voice their protests.

CIVIC NEWS FROM FAR AND NEAR**JOYNAGAR-MAJILPORE MUNICIPALITY**

Shri Birendra Nath Bhattacharjee was elected Chairman of Joynagar-Majilpur Municipality at a meeting of the newly-elected Commissioners held some time ago. Shri Harendra Nath Mitra, an ex-Vice-Chairman of outgoing Board was also re-elected to the same post.

MURSHIDABAD MUNICIPALITY

Shri Gobindadas Acharya was elected Chairman of the Murshidabad Municipality some time ago and Shri Rathindra Kumar Ghosh was re-elected its Vice-Chairman.

CHAIRMAN OF CUTTACK MUNICIPALITY

Shri Manmohan Misra was elected Chairman of the Cuttack Municipal Council for this year. He secured 15 votes against 10 secured by Dr. Abhinchandra Rao of the Citizens' Committee.

Dr. Mohendra Kumar Sahu has been elected Vice-Chairman securing 16 votes against his rival Shri Motiram Ghade securing seven.

The Municipal Council has been elected after over three years' supersession.

GOURHATI T. B. HOSPITAL

A 50-bed Tuberculosis Hospital run by the Hooghly District Tuberculosis Association was opened at Gouhati, near Serampore recently.

Out of 50 beds 20 has been reserved for the State Employees' Insurance scheme, 15 for the Eastern Railway men and the rest for the public.

HOWRAH MUNICIPAL COMMITTEES

At a special meeting of the Commissioners of Howrah Municipality, held at Howrah Town Hall, recently, eight Standing Committees and seven other Committees for 1958-59 have been appointed. The Committees have excluded the members of the opposition group as they did not want to participate in them.

Dr. Netaji Chakraborty, a member of the opposition group was included in a committee which deals with matters relating to admission of patients into the free beds maintained by the Municipality at Kumud Sankar Roy T. B. Hospital.

MATERNITY HOSPITAL AT BALLY

A 20-bed Maternity Hospital of the Kedarnath Arogya Bhaban under the auspices of the Bally Municipality was inaugurated some time ago. Dr. Anath Bandhu Roy, State Minister for Health, emphasized the need for such maternity centres in the urban and rural areas.

While performing the ceremony Dr. Roy hoped that hospital authorities would also run a Family Planning Centre for the benefit of the public. He also said that the incidence of infant mortality in West Bengal had dropped considerably.

CHOLERA CASES DECLINED

In spite of intensive measures taken by the Corporation to control cholera the situation cannot be said to have improved satisfactorily. Though not serious in nature still the disease's grip has not yet been fully loosened. Nearly 750 persons, suspected to be suffering from the disease, were removed to city's hospitals during the last seven days beginning on Saturday, the 3rd May last. Incidences in worst affected areas are reported to have declined considerably during the last few days. The 750 cases, admitted into hospitals, were from all over the city and its outskirts. And no area can be said now to be particularly affected.

On Tuesday, the 6th May there were about 650 cholera patients in city's hospitals. The number reduced to 572 on Friday. There were over 1,100 patients in succession during the last two weeks of April. 159 persons including a few imported cases died of the disease in this city during the week ended the 3rd May last against 310 during the previous week. Last year during corresponding weeks deaths in the city from cholera were 45 and 18 respectively. During last week larger number of deaths occurred in many of the Wards, namely 2, 15, 20, 25 and 74. The highest number in one such Ward was eight.

With relative promptness the Corporation has undertaken the drive this year. Complaints against accumulation of garbage in street corners are negligible in number. Sufferings of people living in almost water scarcity areas have been lessened either by sinking small dia. tube-wells or by extending lorry services. Choked sewers have been cleared, and silts removed. Routine delays in meeting such complaints have become appreciably less. Immediately on receipt of complaints orders for necessary action are issued to the staff concerned. Urgent instructions are also given in writing from time to time. Propaganda and publicity work have also been intensified through posters, placards and public meetings. Even public relations' work like receiving complaints and their prompt execution have been started in almost in all the areas in the city. Drive against exposed and unhygienic food is still continuing. The information centre at N. R. Sarkar Hospital is still being maintained.

The Mayor, Dr. Triguna Sen, the local Councillors, the Commissioner, Shri B. K. Sen and the senior Corporation officials are rounding up the city every day looking into measures taken to combat the situation.

In the meantime the Mayor, Dr. Sen, is holding conferences with important Councillors, Chairmen of different Standing Committees, and senior officials to devise ways and means so that the city might bid goodbye to these water-borne epidemic diseases. They are mainly concentrating their attention for implementation of water supply in the scarcity areas.

In its aim to check the disease augmentation of filtered water supply was found to be essential in one such conference on Friday, the 9th instant in the Mayor's Office Room, S. N. Banerjee Road. As an interim measure it decided to sink small and big diameter tube-wells, laying of water mains in new areas, as well as enlarging bores of existing

water mains and supply of filtered water in scarcity areas by lorries. The Mayor re-iterated that the Corporation would approach the Government for issuing an Ordinance so that they could sink tube-wells in scarcity areas without the permission of the landlords, which were not easily available particularly in bustee areas. The conference further decided to maintain six units—two for big diameter and four for small diameter tube-wells in order to attend their maintenance work.

The conference, being attended by the Mayor, the Chairmen of different Standing Committees and few Councillors, held discussions on the suggestions invited from the Councillors with regard to their requirements of tube-wells for their respective areas. They were requested to place a detailed list of tube-wells to be sunk in their respective areas and repair work thereto in an earlier conference on Sunday, the 4th May.

Suggestions for sinking of about 600 tube-wells were made in that conference. But many of the Councillors opposed to divert the money allotted to the Borough Funds for the purpose of sinking tube-wells. They emphasized that Corporation should bear the cost from funds other than those Borough Funds meant for other amenities also.

It was, however, decided that one-third of the expenditure for sinking a number of big diameter tube-wells, would be met from the Borough Funds and the remaining two-third from Corporation's Loan Funds.

In the meantime directions were given to implement the Corporation's scheme to sink small-diameter tube-wells as approved.

The conference felt that the Corporation should make a strong representation to the State Government for taking over responsibility of a large number of floating population, who had made the problems of the city more complicated.

This includes displaced persons from East Pakistan and people from other States of India, who have been staying on foot-paths. With its limited resources at its disposal the Corporation could not provide minimum civic amenities to the rate-payers. The Mayor, Dr. Triguna Sen, was personally opposed to increase the revenue income of the Corporation by enhanced taxation on the rate-payers. He felt it an imperative necessity that the State Government should immediately provide funds to the Corporation by way of grants and loan, so that, it could implement its schemes for the increased supply of filtered water and improvement of conservancy services in every corner of the city.

The earlier conference on Sunday, mainly discussed a few suggestions put up by the Mayor, Dr. Sen, at the special meeting debating on problems of the epidemic diseases. It decided that quite a large number of big and small-diameter tube-wells would be sunk in the bustee areas on the recommendation of the Councillors of the respective areas. Rs. 24 lakhs allotted for the Borough Committees in the current year's budget and Rs. 6 lakhs earmarked for the development of backward areas would be fully utilized for sinking of tube wells. If necessary, larger funds would be allotted for emergency work. The work of replace-

ment of worn-out water pipes would also be undertaken shortly.

The conference also decided to appoint Shri S. Mitra, District Engineer, as a Special Officer, in-charge of Conservancy Services and Motor Vehicles Department. Appointment of additional staff for supervision and mechanical work had also been given top priority.

With regard to the purchase of necessary materials it was decided that the existing procedure of the execution of work would be simplified. If necessary Government would be approached to empower the Corporation to execute urgent work during the period of emergency without obtaining proper sanction from them.

At the outset of that Special Meeting on Saturday, the 3rd May last, the Mayor outlined his suggestions to provide with sufficient filtered water, improve garbage removal and the conservancy services, enforce provisions of the Act to keep bustees clean, keep drains clear, take khatala out of the city, prevent sale of stale food and educate the public in hygienic habits. Dr. Sen also thanked various organizations for the voluntary service they were giving to control the menace. He congratulated Corporation workers on their admirable services during the emergency and hoped such co-operation would be available in future.

Saturday had another inconclusive debate on the menace and the first speaker was Councillor J. L. Saha, M.L.C., Chairman of the Standing Water Supply Committee. He suggested that the Corporation should call a meeting of experts, accept their recommendation without reservation and execute them with the Government's assistance. "All civilized countries have overcome the cholera menace and there is no reason why we should not be able to overcome it" added Councillor Saha.

Councillor Dr. Birendra Chandra Basu put prime importance on mass inoculation, saying that in constituencies where 60 per cent. of the people had been inoculated cholera was virtually non-existent. It had broken out in epidemic form only where not even 30 per cent. had been inoculated. He also attached urgency to the problem of improving sanitary conditions in bustees.

Councillor K. L. Dhandhanja, Chairman of the Standing Finance Committee, said that unless Central Government would come to the aid of the Corporation it was not possible for it to tackle effectively the gigantic problem of the improvement of civic amenities. He assured the House that the funds at the disposal of the Corporation would be provided for giving effect to the schemes recommended by the members.

Councillor Ushanath Sen, regretted that the suggestions since been made on a previous occasion were not implemented due to reasons not known to him. The Special Committee, constituted in 1955 when cholera broke out in an epidemic form in Kidderpore area, suggested some preventive measures. As a result of this cholera had again been flared up in that area virulently. Councillor Sen listed out those suggestions.

Councillor Biman Mitra complained that some tube-wells were not yet sunk although the Borough Committees of those areas recommended such during last year. He stressed the need of immediate sinking of those tube-wells.

A reference to the epidemic in this city was made by Shri D. P. Karmarkar, Union Health Minister, in reply to a short notice question in the Rajya Sabha, New Delhi, during last week. He said that the position was reported to be improving since April 23 and that the Centre had sanctioned in December, 1957, a loan of Rs. 2.5 crores, as requested to the Corporation for its water supply and drainage schemes.

According to the Minister, the daily incidence of cholera in this city had come down since the above date from 300 to 129. According to daily figures collected by the Union Government the incidence had been as follows:—April 23rd: 205, 24th: 205, 25th: 189, 26th: 202, 27th: 141, 28th: 187, and 29th: 157.

The Minister's statement, gave the total number of people inoculated against cholera in Calcutta as 15 lakhs while according to figures available in the Corporation, over 14 lakhs till Saturday, the 26th April last.

In the meantime Union Government has asked all State Governments to implement a four-point programme to prevent the menace.

The recommendations are: Stock-piling of anti-cholera drugs, disinfectants and water sterilizing agents like bleaching powder, potassium permanganate, and others, regular disinfection of all sources of water supply three weeks prior to the usual cholera season in the areas concerned and thereafter at regular intervals; strict control in the matter of sanitation in fairs and festivals and necessity to introduce compulsory inoculation of pilgrims attending such fairs and festivals; and issue of instructions to all municipalities and other local bodies to take particular care regarding sanitation, food control, etc. during this period.

The Centre has also suggested the constitution of an Expert Committee in each State to investigate cholera outbreaks and to suggest preventive measures to control and ultimately eradicate the disease. A Central Committee under the auspices of the Indian Council of Medical Research is being formed to collaborate with the State Committees as well as to work independently.

The reports go, that there would be another fresh outbreak of the disease in a virulent form, according to some experts. The present Chairman of the Standing Health Committee also shares almost similar views. In his opinion if the deteriorating water supply condition and other unhygienic methods are allowed to continue ere long the probability of a fresh attack is certain. In a recent statement Alderman Dr. Bose has also pointed out the scarcity areas of which Manicktala, Bellinghata, Bagmari as the worse ones. His scheme for the same has also been published in a previous issue of the "Gazette".

TOLLYGUNGE AREA'S ASSESSMENT

The latest general re-assessment of the undeveloped Tollygunge area was resented in a well-attended meeting of the Sehpore Rate-Payers' Association some time ago and in a resolution unanimously passed in that meeting the assessment was described as highly excessive, and done without fair and proper basis of valuation. Copies of the resolution was sent to the authorities of the Calcutta Corporation and to the West Bengal Government.

MUNICIPAL SERVICE COMMISSION

NEW APPOINTMENTS

Sub: Permanent appointment to a post of Sub-Assessor, Assessment Department, for Tollygunge area in the grade of Rs. 125—5—150—10—800 plus T. A. of Rs. 25/- per month and other usual allowances.

In pursuance of the Municipal Service Commission's letter No. 829 M.S.C./1P/1/57 dated the 7th March 1958, the Standing Finance Committee dated the 17th March, 1958 passed the following resolution:—

"That accepting the recommendation of the Calcutta Municipal Service Commission, Shri Birendra Kumar Ganguly be appointed to the permanent post of Sub-Assessor, Assessment Department for Tollygunge Area, in the grade of Rs. 125—5—150—10—800 plus T. A. of Rs. 25/- per month plus other usual allowances, subject to the Service Regulations of the Corporation."

Sub: Permanent appointment to a post of Conservancy Supervisor, District I in the grade of Rs. 200—10—350 vice Shri Nripendra Nath Majumdar.

In pursuance of the Municipal Service Commission's letter No. 886 M.S.C./1P/8/58 dated the 10th/11th March, 1958, the Standing Finance Committee at its meeting held on the 25th March, 1958, made the following appointment:—

"(i) That accepting the recommendation of the Calcutta Municipal Service Commission, Shri Sailendra Krishna Ghosh be appointed to the permanent post of Conservancy Supervisor, District I, in the grade of Rs. 200—10—300—E.B.—10—350 plus a conveyance allowance of Rs. 60/- per month plus other usual allowances subject to the Service Regulations of the Corporation.

(ii) That in this connection the Commissioner be requested to get himself satisfied that there will be no contempt of court if the vacancy in the post of Conservancy Supervisor vice Shri Nripendra Nath Mazumdar is filled up permanently; in case there is likely to be any contempt of court, the appointment of Shri Sailendra Krishna Ghosh as Conservancy Supervisor has to be regarded as a temporary one for the time being. Otherwise his permanent appointment as a Conservancy Supervisor as in para (i) above will stand."

Sub: Appointment to a permanent post of Resident Engineer, Water Works (Grade Rs. 400—20—500 plus M. C. A. of Rs. 100/- per month.

In pursuance of the Municipal Service Commission's letter No. 908 M.S.C./1P/16/57 dated the 18th March, 1958, the Standing Finance Committee at its meeting held on

the 25th March, 1958, passed the following resolution:—

"(i) That accepting the recommendation of the Calcutta Municipal Service Commission, Shri Anilendra Nath Ghosh be appointed to the permanent post of Resident Engineer, Water Works Department, in the grade of Rs. 400—20—500 plus M. C. A. of Rs. 100/- per month and other usual allowances, subject to the Service Regulations of the Corporation.

(ii) That the Executive Engineer, Water Works, be directed to put up immediately a formal item regarding the acting arrangement in the post of Head Pipe Layer vice Shri Anilendra Nath Ghosh, now permanently appointed to the post of Resident Engineer, Water Works Department. In the meantime, however, the existing arrangement might be allowed to continue with the approval of the Commissioner if he thinks it necessary."

Sub:—Appointment to a permanent post of District Engineer in the grade of Rs. 600—25—800 plus M. C. A. of Rs. 100/- per month vice Shri S. Moitra resigned.

In compliance with the Municipal Service Commission's letter No. 333 M.S.C./IP/25/56 dated the 21st June, 1957 and the subsequent correspondence ending with their letter No. 621 M.S.C./IP/25/56 dated the 18th September, 1957, the Standing Finance Committee dated the 4th February, 1958, passed the following resolution:—

That in modification of the previous resolutions of the Committee dated the 8th July, 1957 and 24th September, 1957, Sri Nrishinha Mazumdar, Assistant Engineer, Cossipore, be appointed temporarily to the post of District Engineer in the grade of Rs. 600—25—800/- plus M.C.A. of Rs. 150/- per month plus the usual allowances for one year for the present as recommended by the Municipal Service Commission in their letter dated 21st June, 1957.

Sub: Temporary appointment to the post of Supervisor IV, Water Works Department, vice Shri R. C. Mahalanabis placed under suspension.

In pursuance of the Municipal Service Commission's letter No. 895 M.S.C./1P/22/57 dated the 18th March, 1958, the Standing Finance Committee at its meeting held on the 25th March, 1958 made the following temporary appointment:—

"That accepting the recommendation of the Calcutta Municipal Service Commission, Shri Sunilendra Basak be appointed temporarily to the post of Supervisor IV, Water Works Department, in the grade of Rs. 200—10—300—E.B.—10—350 plus M. B. A. of Rs. 50/- per month vice Shri R. C. Mahalanabis placed under suspension."

CITY NEWS PARADE

OBITUARY: Shri Jamini Kanta Goswami, a well-known Congress leader of North Bengal, died in this city on Wednesday, the 30th April last. He was 67.

The late Shri Goswami was Secretary of the the Dinajpur District Congress Committee before partition and suffered imprisonments on many occasions for participating in the national movement. With Pakistan coming into being, he was sent to jail by the Pakistani authorities. He suffered was imprisoned before migrating to India. He was a lawyer by profession.

PURNA DAS'S SECOND DEATH ANNIVERSARY was observed on Sunday, the 4th May with several memorial meetings arranged at various places in South Calcutta by his friends and admirers. He was a great revolutionary leader of Bengal and his sufferings were immense for the cause of country.

In the morning, the late Shri Das's admirers and followers assembled at the Keoratala Burning Ghat to pay respect and homage to their leader. Shri Hem Chandra Ghosh, another revolutionary leader of Bengal, presided and Shri Suresh Chandra Das was the Chief Guest. Wreaths were placed at the site where the last remains of the departed leader was put to flame.

In the afternoon a memorial meeting was held under the presidency of Shri Bafindra Kumar Ghosh at Gol Park, Ballygunge. Shri Khagendranath Das Gupta, Minister, West Bengal was the Chief Guest.

At noon tributes were paid to the departed leader at the junction of Hindusthan Road and Rashbehari Avenue, the place where he was stabbed to death. Shri Monoranjan Gupta, M.L.C., presided and Shri Ashutosh Kahali was the Chief Guest.

THE 2,502ND BIRTH DAY ANNIVERSARY OF LORD BUDDHA was celebrated in the city with due pomp and observances during the last week-end,—the 3rd May to the 4th instant. The function celebrated by the Maha Bodhi Society at the Shri Dharmarajika Vihara, College Square, was most attractive. Puja and Sangha Dana, formed the feature. A public meeting was held under the presidentship of Rai H. N. Choudhury, Minister of Education. Speakers included Dr. Sambhu Nath Banerjee, Mr. Charles W. Nass, Consul for U.S.A., Major-General W.H.A. Bishop, Deputy High Commissioner of U.K., Dr. Kalidas Nag, Shri Sailo Kumar Mookerjee, Shri K. C. Gupta and Ven. Ananda Kausalyayana. Exposition of the sacred relic of Lord Buddha, and Kirtan on the life of Lord Buddha were also held.

A big procession was also arranged on one of these days carrying images of Buddha mainly participated by monks and Buddhists in the city.

CALCUTTA CITIZEN HONOURED

Dr. Radha Binod Pal, a former Justice of the Calcutta High Court, as well as a former Vice-Chancellor, Calcutta University, has been elected Chairman of the Tenth Session of the International Law Commission.

The Commission also elected Mr. Gilberto Amado, Brazil, as first Vice-Chairman.

The Commission which has started to meet recently, included in its agenda arbitral procedure, diplomatic intercourse and, immunities, the law of treaties, and consular intercourse and immunities.

With the chanting of hymns in Japanese by monks, the Buddha Jayanti was celebrated at the Japan Sad Dharma Vihara on Lake Road on Sunday, the 4th May. The Japanese Vice Consul in Calcutta, Mr. Kazuo Kaneko presided.

Addressing a gathering in the Vihara in the evening different speakers stressed how the world had drifted from the path of peace and had been heading towards a devastating war. It was only through the realisation of the messages of compassion and love of Lord Buddha that the world could avoid the impending catastrophe, they added.

The All-India Radio, Calcutta Station, broadcast a special programme on the occasion of Buddha Jayanti on the first day. The day's programme opened with a talk in Bengali on the significance of Buddha Jayanti by Dr. A. Barua, Education Officer, Corporation, followed by readings from the scriptures by Viskhu N. Jinaratna.

A feature in Bengali entitled "Chirantan Satya" was broadcast at night.

On the occasion of the Buddha Purnema celebration, Buddhists meditated on Lord Buddha. They assembled at the Buddhist Pagoda in Eden Gardens in the afternoon. The celebration was held under the auspices of the Buddha Upasak Sangha, Calcutta.

CITY'S TRAMWAY SERVICES ceased operation for more than twenty-four hours since Friday night the 2nd May last when the workers took a strike decision. The strike, followed by suspension of services in Shambazar, Baghbazar and Belgachia sections on Saturday. It was a sequel to the dispute arising out of the dismissal of a conductor, who reported late on duty on the expiry of a week's casual leave on the 22nd April last.

Saturday's suspension of tram services seriously inconvenienced office goers and other users of city transport. Buses were dangerously overcrowded, people travelling on bonnets, bumpers, mudguards and with whatever foothold they could get.

Women office workers were the worst sufferers. Most of the buses came packed from the depots. Taxis, which were in good demand, did brisk business.

The strike was called off on Saturday night when an agreement was reached at between the two. The decision, the union leaders explained at a meeting held at Raja Subodh Mullick Square, was based on clarifications obtained from the Tramways Company through the Director of Transport, West Bengal. As a result of these clarifications, they hoped, there would be no victimisation. The recommendations of the Tramway Advisory Committee would be carried out "in proper spirit and nothing untoward will happen."

At the meeting reference was also made to the inconvenience caused to the public by the strike.

The Tramway Advisory Committee, comprising of two representatives each of the State Government and the management met on Saturday evening under the chairmanship of Sir Trevor Harris, former Chief Justice of Calcutta High Court, to consider the situation.

In a Press Note issued in the same evening the West Bengal Government stated that under the Industrial Disputer Act any strike in a public utility concern like the Tramway, was illegal unless at least 14 days' notice was given. In this case the Government had no opportunity to set in motion the machinery for settlement of such disputes as the strike took place without any notice.

CALCUTTA'S WEATHER CONDITIONS have changed its course within recent days. Nor'wester winds have almost become a common feature towards every evening

when the day's temperature lowers to a level comfortable for the citizens. It also brings pleasantness after day's scorching sun rays and hot spell.

A sharp shower in the city on Saturday the 3rd May last brought down the temperature by 8 deg. C (14 deg. F). The rainfall recorded at the Meteorological Office was 1.50 cm, or 0.59 inches. The maximum windspeed rose to 37 miles per hour. According to the Meteorological Office, a mild Nor'wester passed over the city. A tree fell on Netaji Subhas Road, south of Tollygunge tram depot, blocking the thoroughfares on that day.

Another mild Nor'wester passed over the city on Monday evening the 5th May, causing the temperature to drop by 4 deg. C, from 31 deg. C (87 deg. F) to 27 deg. C (81 deg. F). An overcast sky only ended in a drizzle. The wind attained a maximum speed of about 25 miles per hour.

The maximum temperature rose upto 34 deg. C (94 deg. F) 1 deg. C below normal and the minimum 28 deg. C (83 deg. F) 3 deg. C above normal.

The third Nor'wester came off on Wednesday, the 7th May causing a drop in temperature by 4 deg. C (8 deg. F), from 30 deg. C (87 deg. F) to 26 deg. C (79 deg. F). It attained a maximum windspeed of 41 miles per hour. Some parts of the city had moderate rain. Drizzling continued till late hours at night.

The maximum temperature up to Wednesday, the 7th May, was 34 deg. C (93 deg. F) 3 deg. C below normal and the minimum 23 deg. C (74 deg. F) 2 deg. C below normal. Rainfall for the 24 hour period on that day was 8.7 mm (0.34 inch).

Possibility of thundery conditions developing towards the evening, otherwise fair weather were the forecast. Slight rise in day's temperature expected in one of the days. Little change in day's temperature was the forecast for another day.

SECTIONS OF STUDENTS, boys and girls, in some schools in southern part of the city, stayed away from their classes on Wednesday, the 7th May to protest against the alleged "dismissal" of the Headmistress of a Girls High English School. The high school was closed on Wednesday.

The West Bengal Board of Secondary Education had superseded the school's Managing Committee on February 11 and appointed an Administrator. The Committee's Secretary has, it is understood, challenged the Board's action in the High Court. It is also stated that the Secretary recently dismissed the Headmistress.

MAY DAY RALLY was organized in this city on the scheduled date, the 1st May last under the auspices of the B. P. T. U. C. at the Maidan, just at the foot of the

Ochterlony Monument. Resolutions were adopted calling upon the working class to renew its pledge to struggle for international peace, banning of nuclear weapons and the end of colonialism wherever it existed. Shri Hemanta Kumar Basu, M.L.A., and President, B. P. T. U. C. presided.

The rally extended its support for the development of the country's economy in the national interests and fulfilment of the essential features of the Second Five Year Plan. It demanded reduction of taxes on the toiling masses, an immediate 25 per cent average rise in wages and merger of dearness allowances to wages. It also wanted setting up of Wages Boards to revise the wage structure upwards in each industry.

Shri Indrajit Gupta, Shri Ajit Biswas, Shri Ramkrishna Majumdar, Shri Anadi Das, and Dr. Ranen Sen M.L.A., addressed the rally.

Another workers rally was held at Mohammed Ali Park where May Day was observed by the West Bengal State Committee of the United Trade Union Congress. Shri Nepal Bhattacharjee presided. Shri Sisir Roy, General Secretary, U.T.U.C., explained the significance of the May Day. Shri Jatin Chakraborty, M.L.A., Shri Naren Sen, M.L.A., Shri Tara Das, and others were the main speakers.

DR. S. HAHNEMANN'S 203RD BIRTHDAY was observed in the city through different functions. At a Press conference called in this connection at Hotel Metropole, Dacres Lane, sometime ago, different speakers urged for State recognition of the science of Homeopathy.

Stressing the need for the establishment of an All India Homeopathic Research Institute under the auspices of the Union Government, Dr. S. Seal felt that the science needed constant research work for the welfare of the humanity.

Dr. M. Das, Secretary, International Hahnemann Society, also felt the need of setting up of a Central Homeopathic Council to provide facilities for the spread of the science in India.

There was another function at Ram Mohan Library Hall a few days back.

THE WORLD OF BOOKS

U.S.S.R.—A REFERENCE BOOK—Published by the Information Department of the U.S.S.R. Embassy in India, New Delhi.

A curious mind is always eager to know something about the country which covers the one-sixth part of the land area of the world, particularly the land whose economic progress has reached at a stage wherefrom the optimum condition is not at a distant from the technical point of view. And it is pleasing to note that the reference book really furnishes all the information in that respect.

The greatest achievement of the country is to prolong the people's life span as well as to provide food and shelter for each and every citizen. The National Income has also been multiplied to a great extent. In a word there has been progress in every field and these have been rightly incorporated in a volume, so brief, that it inspires others to follow.

We hope the book will command as a book of reference to all interested in the land seeking to re-build a new world so long described to have remain under an iron curtain.

The date of opening of quotation should be noted on the cover. A copy of Income Tax clearance certificate should also be enclosed. Detailed specification may be had from the office of Executive Engineer, Water Works, Corporation of Calcutta.

B. GHOSH,
Secretary.

CENTRAL MUNICIPAL OFFICE:
The 1st May, 1958.

Tax On Dogs

LICENSE FOR THE YEAR 1958-59.

The Corporation has fixed the dog license tax, imposed under Section 216(1) of the Calcutta Municipal Act, 1951, at Rs. 10/- per dog for the official year 1958-59, which has commenced on the 1st April, 1958. The tax is payable yearly in advance.

Attention of the owners or keepers of dogs in Calcutta is drawn to the provision of Section 216(3) of the aforesaid Act, by which they are required to forward to the Municipal Office, before the 1st day of May in each year, a list of all dogs owned or kept by them and, at the same time, to take out license for each such dog on payment of the prescribed tax. Failure to supply the said list or to pay the license tax due before the aforesaid date is an offence punishable with fine under Section 537 of the Act, which may extend to Rs. 50/- or to higher amounts in case of a second conviction. Further, an unlicensed dog is liable to be seized or destroyed under Section 217 of the said Act.

Owners or keepers of dogs in Calcutta are requested to satisfy themselves that their dogs have been duly licensed for the year 1958-59, to avoid the said penalties of the law or the said risk of their dogs being seized.

A number ticket will be provided while granting the license, to be kept attached to the collar or otherwise suspended from the neck of the dog. In token of its being licensed. Any dog having no such number-ticket for the year 1958-59 so attached or so suspended will be presumed to be an unlicensed dog running the risk of seizure or destruction, as aforesaid.

A. K. DUTTA,
License Officer.

CENTRAL MUNICIPAL OFFICE:
The 2nd May, 1958.

Tax on Carriages & Animals

SECTION 206 OF THE CALCUTTA MUNICIPAL ACT, 1951 (WEST BENGAL ACT XXXIII OF 1951).

1ST HALF-YEAR 1958-59.

It is notified for the information of the owners or keepers of any carriage or jinrickshaw or race horse or horse or pony or mule in Calcutta that they are liable, under the provisions of sub-sections (a) & (b) of Section 210(i) of the Calcutta Municipal Act, 1951 (W. B. Act XXXIII of

1951), to forward a statement to Central Municipal Office, by the 1st day May, showing the number of carriages & animals owned by them or kept in their charge, together with the tax payable for the current half-year at rates specified in the Schedule below. Printed Schedules which the statements are required to be furnished are available in the Licensor Department, Central Municipal Office. Failure to forward the aforesaid return an offence punishable under the Act with fine of Rs. 200/- or a further fine Rs. 25/- per day in the case of continuing offence. The persons concerned are requested to satisfy themselves that the tax payable in respect of any carriage or animal kept by them for the 1st half-year 1958-59 has been duly paid and the necessary license obtained to avoid the said penalties of the law.

Road Declaration

NOTICE.

(NOTICE UNDER SECTION 375 OF THE CALCUTTA MUNICIPAL ACT, 1951).

To all whom it may concern, the Corporation of Calcutta in exercise of the powers conferred on it, under Section 375 of the Calcutta Municipal Act, 1951, and having been satisfied that the conditions laid down therein have been fulfilled hereby notifies and declares that the street specified hereunder is a public one within the meaning of Sections 5(60) and 349 of the said Act.

DESCRIPTION :

"The portion of the N. K. Ghosal Road, Kasba, recorded as the common passage of the abutting owners of premises Nos. 19, 20, 21, 22, 23, 24, 25, 26 & 27, comprised in C. S. Dag Nos. 1023 & 1278 Mousa Kasba as marked A B on the plan prepared in this behalf."

B. K. SEN,
Commissioner.

CENTRAL MUNICIPAL OFFICE :
The 20th April, 1958.

Alignment of Street

NOTICE.

Notice is hereby given for information of the public that the Standing Town Planning and Improvement Committee of the Corporation of Calcutta by their resolution dated the 9th January, 1958 has generally approved the plan prepared under Section 356 of the C. M. Act, 1951 showing the 12 ft. alignment of the narrow passage between premises Nos. 7 and 10, 10/1, Burtolla Street to be prescribed for the purpose of widening of the passage on the north of 9, Burtolla Street in continuity of the building line of the Corporation school building in modification of the old 12 ft.

alignment joining Burtolla Street and Cotton Street which was sanctioned by the Corporation on 19th September, 1928 and was published in the Calcutta Gazette on 11th October, 1928.

Any person having any objection to the same should submit in writing so as to reach the undersigned on or before the 31st May, 1958.

A copy of the plan showing the proposed alignment marked in blue line may be seen in the office of the Chief Valuer and Surveyor.

B. K. SEN,
Commissioner.

CENTRAL MUNICIPAL OFFICE :
The 2nd April, 1958.

Auction Sale

NOTICE.

PUBLIC AUCTION OF OLD ROAD ROLLERS ON 20TH MAY, 1958 AT 10 A.M. AT ENTALLY WORKSHOP—3, CONVENT ROAD, CALCUTTA.

The Corporation of Calcutta will sell by Public Auction the following ten old Road Rollers at Entally Workshop, 3, Convent Road, Calcutta on 20th May, 1958, at 10 A.M. as they are where they are.

25 per cent. of the bid will have to be deposited in cash on the spot as Earnest Money. The balance of the money will have to be deposited in cash in the Corporation Treasury within seven days latest and

the Rollers will be released when the full payment has been made. The Earnest money will be forfeited if full payment is not made within seven days.

Corporation reserves the right to withdraw from the sale if the highest is not up to the mark. For other conditions please contact the Controller of Stores, Corporation of Calcutta, 149, Lower Circular Road. The Rollers may be inspected on proper arrangement with the Manager, Entally Workshop, 3, Convent Road, Calcutta.

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the coolie.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

S. M. MURSHED,
Offg. Superintendent. S. S. Hogg Market.

RABINDRA-JAYANTI CELEBRATIONS CONTINUES IN THE CITY

ATTENDED by a large gathering including many of the members of the Consular Staff in the City, the Jayanti Celebrations in the Hindi High School Hall, Moira Street, under the auspices of the RABINDRA PATH-CHAKRA, on the 9th May last, was a most solemn one. The Mayor, Dr. T. Sen presided. Among the speakers were Mr. Justice S. P. Mitra, Mr. Chester R. Chartrand, Director, U.S.I.S., Calcutta, Mr. E. Zukhov, Secy. to Soviet Consul General, Councillor D. N. Bose, Shri S. Bose, Secretary and others. Recitations intersecting a musical soiree was the main feature. Councillor Mihir Ganguli was also present.

GRACEFUL atmosphere was lent to the Councillors' Club Room, Central Municipal Office Buildings, S. N. Banerjee Road, when Jayanti Celebrations were held there on Friday, the 16th May. A long drawn programme of songs and recitations from the Poet's composition gone through. Speeches were also made. Among the participants the Deputy Mayor, Shri K. C. Basu, Councillors U. N. Sen, A. Moitra, D. N. Dhar, M.L.A., T. P. Mitra, B. K. Das, N. N. Sen, S. K. Rudra, D. N. Bose (on the mike) and others seen attending the function held under the auspices of Councillors' Club.

INAUGURAL FUNCTION OF AN X-RAY CLINIC

Standing from left: Dr. A. B. Roy, State Health Minister, Shri A. K. Sen, Union Law Minister, the Mayor, Dr. T. Sen, Shri P. C. Sen, Food Minister, West Bengal.

Photo: S. B.

RAMKANAI PATHOLOGICAL AND X-RAY CLINIC was opened to the public on Monday, the 12th May, through a largely attended function at P-39, B. K. Paul Avenue, Ward No. 8, northern part of the city. The Mayor, Dr. Triguna Sen, performed the function while Shri Prafulla Chandra Sen, Food Minister, West Bengal, was on the Chair. The Union Law Minister, Shri Ashok Kumar Sen, welcomed the guests. He is also the President of the Advisory Board of the Clinic. The Clinic has been started at the munificence of Shri Ramkanai Jaminiranjana Paul, a cloth dealer in the city.

According to Dr. A. B. Roy, State Health Minister, there were four lakhs of people suffering from Tuberculosis in this city and one half of them needed immediate hospitalization. The Chief Guest of the function also appreciated the endeavours of the sponsors of the Clinic.

Shri Sen was sceptical about the eradication of the disease from the city through such piece-meal efforts due to the high magnitude of its incidence.

Councillors Anil Maity and Satyananda Bhattacharyya and others also spoke on the occasion.

R. G. KAR MEDICAL COLLEGE

The administration of the R. G. Kar Medical College, situated in the northern part of the city, has been taken over by the Government of West Bengal for a period of two years by promulgating an Ordinance to that effect on Monday, the 12th May. The State Government would soon appoint a Committee for the control, management and maintenance of the institution in accordance with the provision of the Ordinance.

Till the Committee, is formed, the Director of Health Services would run the administration.

The proposed Committee would consist of:—

(1) Director of the Institute of Post Graduate Medical Education and Research as Chairman.

(2) Director of the School of Tropical Medicine, ex-officio.

(3) Two members appointed by the State Government from amongst the senior members of the staff of the institution.

(4) One person to be nominated by the Corporation of Calcutta.

(5) One member of the Faculty in Medicine of the University of Calcutta nominated by the Vice-Chancellor of the University.

(6) Four among persons interested in medical education and public health nominated by the State Government.

(7) The Principal, R. G. Kar Medical College, (ex-officio), shall be the Secretary to the Committee.

The members of the Committee, other than ex-officio members, shall hold office during the pleasure of the Governor. Any such member may resign his seat by giving notice in writing to the Chairman.

The taking over by the State Government of the management of the R. G. Kar Medical College, and the hospitals and dispensaries attached to it, was welcomed at a meeting of the institution's students on Tuesday, the 18th May.

Lt.-Gen. D. N. Chakravarti, Director of State Health Services, and Dr. H. K. Indra, Principal of the College were present. The National Flag was hoisted by Lt.-Gen. Chakravarti. Both of them pleaded for co-operation between students and the staff to ensure the institution's progress. The Government's decision to run the College and the hospitals and dispensaries is expected to end the institution's financial difficulties, they said.

Still a section of the people did not look upon the move so favourably. They expressed their resentments on this gesture of the Government. A member of the governing body regretted that it had ceased to be a non-official organization. He claimed that it was the oldest non-official medical college in India and could have carried on as such with adequate financial assistance from the Government.

At the adjourned Corporation meeting on Tuesday, the 18th May, Councillor Ranajit Coomar Mitter, while speaking on matters of urgent public importance, wanted that the House should send its voice of protest against the Government's decision to take over the management for two years only. He felt that the Government would have been wise enough to take over the institution for long as its own. Otherwise, he was opposed to such makeshift arrangement. Councillor Mitter also said that the R. G. Kar Medical College being one of the national assets should have been allowed to develop as a non-official institution.

LOCAL BODIES' REPRESENTATIVES

It is gratifying to note that two of our Councillors Jogindralal Saha and Devaprasad Chatterjee have been re-elected to the Legislative Council from the South Local Authorities' Constituency. The third candidate is Dr. Janaki Ballav Bhattacharyya, Commissioner of Bhatpara Municipality, and a Professor of Calcutta University.

Election was by single transferable vote, Dr. Bhattacharyya secured 180, Shri Chatterjee 118 and Shri Saha 74 first preference votes. The fourth candidate, Councillor Sushil Kumar Roy, who got 65 first preference votes, was defeated.

Of the 416 voters of Local Bodies which have not been superseded, 884 exercised their franchise. They included Calcutta Corporation Councillors, Municipal Commissioners and District and Cantonment Boards' Members. There were two invalid votes. Shri K. P. Sen, District Magistrate, 24-Parganas, was the Returning Officer.

The superseded Local Bodies are the District Board, 24 Parganas, and Panihaty and Garden Reach Municipalities.

We extend our congratulations to each of them on their success.

At present leader of the Congress group in the House, Councillor Jogindralal Saha entered the Corporation for the first time in 1944 as an elected Councillor. He was also the Secretary of the Congress Municipal Association for a term. Elected as Chairman of different Standing Committees in the Corporation his knowledge on Corporation matters is immense.

His present Chairmanship of the Standing Water Supply Committee, runs for the last three years.

Born in 1899 Councillor Saha had his education in this city. After obtaining his B.L. degree he devoted himself to his family business. Enrolled later on as an Advocate of the Calcutta High Court he has earned legal acumen to a considerable degree.

Councillor Saha was first elected to the State Legislative Council in 1956, representing Local Bodies of Calcutta-cum-24-Parganas, being uncontested. His present election would no doubt give him an opportunity to figure as a Legislator in the country.

A former Chairman of the Tollygunge Municipality, Councillor Deva Prasad Chatterjee, also is a legislator since the birth of the Upper House in 1952 within the State under the New Act. He has again been returned from the same constituency, Calcutta-cum-24-Parganas Local Bodies' Constituency on Congress ticket.

Councillor Chatterjee was elected from Ward No. 75 in 1954 after Tollygunge had merged into the Corporation within this short span of years he has

been the Deputy Chairman of the Standing Public Utilities' & Markets' Committee.

Born on 10th November, 1916, Councillor Chatterjee had his early education in this city. He took his M.A. degree in Economics. And though belonged to a family of land and premises holders in this city, he is better known as an educationist. As a Founder-Secretary of the Charu Chandra College, Councillor Chatterjee has nursed the institution to its present position. Libraries and other cultural organizations have always received his active support and patronage. Suave manners and amiable behaviour have also earned him popularity. It is hoped that he would fare well in the Council as a legislator.

Dr. Janaki Ballav Bhattacharyya, is a new figure in the Council although his services for the country had long been recognized. His contribution for the cause of country's independence is considerable. He has fought the election as an independent candidate and support from the leftist parties poured upon him copiously. He is also a Commissioner of the Bhatpara Municipality.

A teacher of the Calcutta University his scholarship and learning had long attracted his countrymen. He had long been attached to the Surendranath College, a premier educational institution in this city. And this gave him an opportunity to earn popularity among the present generation of his constituency.

Standing First Class First in M.A. Examination in Sanskrit from Calcutta University in 1926, Dr. Bhattacharyya started his profession as a teacher. He also studied oriental learning and earned Sankhyatirtha. He became a Doctorate in Philosophy on that subject in 1946.

Dr. Bhattacharyya is sure to represent the cause of the Municipalities and other Local Bodies which suffer to-day badly from financial difficulties.

CONGRESS MUNICIPAL ASSOCIATION

Shri Atulya Ghosh, M.P., President, Congress Municipal Association, has elected the following as office bearers of the Association for this year. The Association in one of its earlier meetings requested Shri Ghosh to do so.

President and Leader:—Shri Atulya Ghosh, M.P., Vice-President:—Councillor Ushanath Sen, Deputy Leader and leader on the floor:—Councillor J. L. Saha, M.L.C., Secretary:—Councillor Mihirlal Ganguly, Assistant Secretaries:—Councillor Raj Satyendra Nath Mitra and Sushil Kumar Paul, Chief Whip:—Councillor Amulya Charan Sarkar, Whip: Councillor Karam Hossain.

ASHOKE SEN BECOMES A CABINET MINISTER

Shri Asoke Kumar Sen, Union Minister for Law, as long in the rank of a Minister of State, has been promoted to the post of a Cabinet Minister.

RABINDRA MEMORIAL PRIZE

Shri Premendra Kumar Mitra, recipient of the President's medal for his book of poem "Sagar Thakur Fata" was awarded the Rabindra Memorial prize by the Government of West Bengal for the same book this year. The prize is valued Rs. 5,000/- only.

THE CORPORATION at WORK

A GIST OF PROCEEDINGS OF THE FOURTH ADVOUNCED MEETING OF THE CORPORATION HELD ON TUESDAY, THE 19TH MAY, 1958.

DILAPIDATED HOUSES

Earlier rising on matters of public importance, Councillor Dharendra Nath Dhar, M.L.A., pointed out that the number of dilapidated houses and buildings in the city had increased largely. He said that among them there was a considerable number which threatened collapse. Unless proper steps were taken in time, he apprehended that the Corporation would have to face another disaster. In that connection Councillor Dhar referred to a case of house collapse in British Indian Street, occurred during last year, wherein several lives were lost.

Councillor Dhar wanted that the Building Department should be more alert in this matter and see that recurrence of such incidence might not take place.

When a member referred to the insufficient number of technical personnel in that Department, Councillor K. L. Dhandhanian, Chairman, Standing Finance Committee, acquainted the House that the Department had been provided with adequate number of personnel and still many of the posts still remained to be filled up.

IRREGULARITIES IN STORES

Councillor Ratan Manick Chatterjee alleged that cement was being distributed on an irregular method from the Corporation's Gowkhana godown under District Engineer III. He had brought the matter to the Commissioner's notice earlier. He suggested that the Enforcement Branch Police should be informed about it. Before that he also said that there should be a regular method of maintaining the stock of Corporation properties through Bin Card System and others. Even these stocks should be supervised by a responsible officer instead of the present method of maintaining stocks by junior officials.

WHOOPING COUGH IN CITY

Pointing out that there were probability of spreading whooping cough among the children, Councillor Dr. Himangshu Kumar Das wanted that proper steps should be taken by the Corporation to check the spread of the disease. This is an infectious and epidemic disease, mostly attacking children, characterized by catarrh of the respiratory tract and by periodic spasms of the larynx that end in a long crowing inspiration. He also said that the disease had already become prevalent in this city and attacks on children were no less in number.

URGE FOR A NEW PARK

Councillor Kumar Dutta urged that Corporation should instal a new park in the congested areas of the northern part of the city. As a former

Deputy Chairman of the Borough Committee, Councillor Dutta stated that nearly 80,000 students of that locality had no sufficient fields to play in. Specially the dearth of space was of much acute in Ward No. 8 in spite of three narrow spaces called parks and squares. But their inner urge for outdoor games was so much that these children often utilised the public thoroughfares as football fields, while many of them rushed to the distant fields namely Deshabandhu Park.

Councillor Dutta suggested that the Calcutta Improvement Trust which had started their operational work in that area should allot some open spaces for the purpose.

The Mayor, Dr. Triguna Sen assured the House that the matter would be looked into.

COUNCILLOR ANIL MAITRA

The House elected Councillor Anil Maitra as a nominee of the Corporation to act as a Member of the State Fishery Advisory Board, West Bengal, from the date of its re-constitution during this year.

Councillor Kamal Krishna Paul represented the Corporation in the Board in its earlier term.

EMPLOYEES' PROVIDENT FUND

The House appointed Councillors Chittaranjan Chatterjee and Biman Behari Mitra as Trustees to the Corporation of Calcutta Provident Fund from amongst the Aldermen and Councillors under Rule No. 5 of the Provident Fund Rules, for the year 1958-59 'or until their successors are appointed in the next financial year.'

The existing rules provide that there should be five Trustees for the management of the fund namely two members of the House, the Commissioner and the Chief Law Officer, both as ex-officio members and one employee of the Corporation elected by the subscribers to the Provident Fund.

A NEW SCHOOL HOUSE

The House, on the recommendation of the Standing Education Committee, decided to construct a Primary School House at Bosepukur Road, Ward No. 76, Kasba. The House further directed that a light structure with asbestos roof could be constructed on the existing foundation within the sanctioned amount of Rs. 8,000/- only.

SERVICE REGULATION

The House, on the recommendation of the Standing Finance Committee, prescribed qualifications for the posts of Assistant Engineers both Electrical, Mechanical in the Water Works Department. The prescribed qualifications were suggested by the Municipal Service Commission.

INTENSIVE INOCULATION DRIVE UNDERTAKEN BY I. M. A. SQUAD.
IN HASTINGS AREA

Photo: S. B.

CHOLERA SITUATION IMPROVES

There are marked improvements of cholera situation in the city during these days. The epidemic which had reached its peak on the week ended the 26th April, steadily declined during subsequent weeks. There were 648 attacks and 810 deaths during that week while the number of deaths had come down to 107 with 159 attacks during the week ending the 10th May, against attacks 508 and deaths 284 during the week previous to this. More than six hundred persons suspected to be suffering from cholera were removed to city's different hospitals during seven days' commencing from Saturday, the 10th May last.

In order to keep the disease under control the Corporation's drive in a comprehensive manner continued. Cholera inoculation was applied to more than two lakhs of citizens during the week ended the 10th May last. So far a little more than eighteen lakhs of people were inoculated during last six months. Inoculation work by different philanthropic and non-official organisations have not been suspended. Disinfection work, bustee cleansing, removal of garbage, intensive publicity and propaganda even through cinema shows are still continuing in order to check the spread of the disease. Drive against exposed and unwholesome food is still in its full swing with the Police help.

Corporation's activity has recently been concentrated on the supply of filtered water to the citizens particularly to the people living under most insanitary conditions in bustees and in other scarcity areas. It has been felt that—at least 800 small diameter tubewells would be sunk—in those areas. The Standing Health Committee also felt in that lines and put up suggestions to implement the project at an early date. The long term projects and plans for water supply including sinking of big diameter tubewells

as well as increasing the capacity of Pulta Water Works are still there. It has further been felt that sufficient money for the short term projects might not be obtained. Even if a small portion is shared by the respective Borough Committees the Corporation's emergency fund would be most hard hit to do so. The institution cannot run into debts for this expenditure.

At an adjourned meeting of the Corporation on Tuesday, the 18th May, the Mayor, Dr. Triguna Sen told that he had written to the State Government proposing to wait in deputation to discuss the city's conservancy services and water supply for which he felt the Government also had some responsibilities.

The taxpayers were mainly middle-class people, while the city's floating population, refugees and people from other States living on pavements, were benefited by the Corporation water supply and conservancy services without paying any tax for it, he added.

The Mayor further proposed to discuss with the Government a scheme for sinking 800 big 8 in. dia. tubewells at Government cost, which had not been implemented. The Corporation's own scheme for tubewells also depended on the outcome of the talks.

Discussions on all these points, however, took place at a conference at Writers Building on Thursday, the 15th May. Among those present were the State Chief Minister Dr. B. C. Roy, Shri I. D. Jalan, Minister for Local Self Government, the Mayor Dr. T. Sen, Councillors, K. L. Dhandhanis and A. Maitra, and many of the Government and Corporation officials including Corporation's Chief Engineer, Shri A. K. Sen.

It was suggested that the Corporation would meet half the cost of the Rs. 8.5 lakhs scheme, the other half would be paid by the State Government. It has been estimated that the scheme will require about Rs. 2.2 lakhs worth of foreign exchange.

A proposal to sink 300 tubewells three inches in diameter in bustees with a population of 500 or more was discussed.

The 300 tubewells will be sufficient to supply water to a population of about 4 lakhs at 50 gallons per head per day. It is hoped to sink 100 tube-wells a year, provided materials are available. The work will be executed by the Government.

During this week, the Corporation had the chance of meeting twice and on each occasion several members spoke on the cholera situation.

During discussion of matters of urgent public importance, on Tuesday, the 18th instant Councillor Naren Sen said that the Corporation was pursuing a "penny wise and pound foolish" policy. It was paying about Rs. 6,000 to the State Government for sinking and supervision of small dia. tube-wells, but not taking enough steps to prevent water contamination. Even on the 7th of May about 81 of the 85 water samples taken in from about five Constituencies had been found contaminated. Councillor Shyamal Dutta complained of difficulties in disposal of refuse on account of heavy garbage accumulations on refuse platforms. The House was much grieved to hear when the Mayor told members that the two-years-old son of Councillor Satyananda Bhattacharya, had died of cholera. — Councillor Biman Mitra also complained that the Government had issued directives while it had not fulfilled many of its earlier promises. Even the eleven big tube-wells meant for fire fighting had not been installed.

In that day's meeting Alderman Dr. Amiya Bose put up a recommendation of the Standing Health Committee. Among other things the Standing Health Committee said that there was a possibility of a flare up of the disease again in the city. The recommendation could not be taken up on that day. And even when it came in regular manner before the House on Friday, there was an inconclusive debate on the subject apart from accepting the same.

The Committee had recommended formation of Citizens' Committees in all the Wards; setting up of a Special Committee with the Mayor as its head and the Chairmen of the different Standing Committees namely Finance, Health, Water Supply and Works as members to ensure speedy augmentation of water

supply; sinking of at least 300 tube-wells in scarcity areas; and the convening of a meeting of Social Service Organizations to gain public co-operation in the fight against cholera.

The House debated on this for long on Friday and could not reach at a decision because many of the members wanted to examine the feasibility of Ward Committees as they themselves were representing Citizens' Committee of like nature.

In Friday, the 16th May's debate Councillor Sudhangshu Mitra complained of accumulation of garbage in congested areas. He also said that the street watering work had not been done properly.

Councillor Pannalal Das also complained that the drive against adulteration had not been taken whole-heartedly by the officials.

Councillor K. L. Dhandhanias, Chairman of the Standing Finance Committee, disclosed that resinking of 400 tube-wells was held up due to the official sluggishness in signing the agreement with a contractor. Councillor Dhandhanias held the entire administration responsible for the delay of such an urgent matter and demanded immediate action against the officials concerned.

Earlier Councillor Dr. K. P. Ghosh created a stir in the House by submitting to the Deputy Mayor, Shri K. C. Basu, who was in the Chair, two bottles of reddish water with thick sediments at the bottom supplied in the Pataldanga area as filtered water.

MUNICIPAL SERVICE COMMISSION

NEW APPOINTMENT

SUB:—Appointments to a permanent post of Assistant Engineer (Civil), District III vice Sri P. Mukherjee retired and to a temporary post of Assistant Engineer (Civil), Constructional Section of the Water Works Department vice Sri N. K. Pal, both in the grade of Rs. 250—10—450/-.

In compliance with the Municipal Service Commission's letter No. 941 M.S.C./IP/5/58 dated the 26th March, 1958 the Standing Finance Committee at its meeting held on the 28th March, 1958 passed the following resolution:—

"That accepting the recommendation of the Calcutta Municipal Service Commission, Sri Subodh Chandra Mukherjee be permanently appointed to the post of Assistant Engineer (Civil), District III, vice Sri P. Mukherjee, retired, in the grade of Rs. 250—10—450/- plus other usual allowances subject to the Service Regulations of the Corporation.

"That accepting the recommendation of the Calcutta Municipal Service Commission, Sri Subodh Chandra Sen be appointed to the temporary post of Assistant Engineer (Civil), Constructional Section, Water Works Department, in the grade of Rs. 250—20—450/- plus the usual allowances plus M. B. A. or Scooter allowance of Rs. 90/- per month subject to the Service Regulations of the Corporation."

BEST GIRL CANDIDATE

The annual prize of a diamond-set gold ring for the best girl candidate in the School Final Examination last year went to Shrimati Ruby Dutt of St. Margaret School, Calcutta, at a function held some time ago in that connection at Guinea Mansions, Rush Behari Avenue, South Calcutta.

Mr. Justice Benupada Mukherjee presided over the function while Alderman Shrimati Pratima Basu, handed over the award to Shrimati Dutt.

Councillor Bejoy Kumar Banerjee and Shri Mani Das, Proprietor of Guinea Mansion also addressed the gathering.

CHEAP & COMFORTABLE HOUSES

(CONTRIBUTED)

WITH an object to give the maximum comfort at the minimum price the Central Building Research Institute, Roorkee, the first major national one in the tropics, was established in 1950 in the chain of notional laboratories for the benefit of the citizens. —

It is of common knowledge that the most essential need of man, after food and clothing, is shelter—a home to live in for rest and recreation. But his decision to prefer one house to another is influenced by two factors—its cheapness and its comfort.

Materials and methods of construction have been in use for thousands of years. But those traditional ways are found to be inadequate to-day to bring about the goal of good living within the reach of the masses. Thus it has become necessary to adapt them in the light of modern technological developments.

The aim of the Institute is to develop new and cheap tools and techniques of construction, the better utilization of indigenous materials and industrial wastes, the study of soil engineering and soil stabilization which will go to make houses cheap, and at the same time to assess factors that govern comfort and make buildings efficient and strong under local conditions.

The drawing up of uniform building codes to guide construction agencies under public control such as Public Works Department, Municipalities, Railways, Military Engineering Services have been felt necessary. Until quite recently, the British or American standards formed the basis of designs and material specifications, and the British codes of practice were used for construction purposes.

The major research work of the Institute for improvements in the physical properties of mud, the principal building material in the country was undertaken. Eighty per cent of the 37 crores of the country's population live in more than 5.5 lakhs villages, where housing is a titanic problem. More so, in view of the knowledge, as contained in the Planning Commission's report on the Second Five Year Plan, that a large proportion of 54 crore houses in these villages need to be rebuilt.

BETTER AND CHEAP BRICKS

The present average annual production of bricks has been estimated to be more than 500 crores, costing Rs. 20 crores. Nearly all of these bricks are hand moulded and are thus irregular in size and shape and are of variable strength owing to high shrinkage and defective moulds. The rejection of the produce is as high as five to ten per cent.

The Institute has worked out some procedures in order to modernize this process. It is now possible

to achieve adequate control in brick shrinkage, a major cause of defective bricks, and to increase their strength, by suitably modifying the proportions of the raw materials, sand, silt and clay.

Three new developments have been made at the Institute for improved process of brick making from sticky and plastic clays, such are available in the black cotton soil of Western and Central India. A new design of foundation on black cotton soil has been made in Madhya Pradesh and at Powerkheda in Itarsi, where a block of three one-roomed tenements were constructed with under-reamed pile foundation. These have shown no sign of cracking since the last two years; and the fabrication of a simple hand-operated brick and block-making machine at the modest price of Rs. 500 one-tenth the cost of a similar imported one—to make a better yield of bricks of equal strength.

It has also a novel feature of having an automatic locking device. The need for mechanization of brick manufacture has long been felt. The machine allows bricks to be manufactured on a cottage industry basis and is likely to find considerable use in community project areas. Four persons are required to operate it and the output is about 2,000 bricks per 8 hour-day.

To promote a wider use of prestressed concrete in order to conserve critical materials—cement and steel, which are in short supply—the Institute has fabricated a simple pretensioning bed and prestressing screw-jack made in local workshop for casting pre-stressed building components.

HOUSING COMFORT

A building should be so orientated as to let in minimum solar load during summer and maximum in winter. To help in these studies two set-ups have been installed in this Institute; viz: Sunshine and Shade model and Heliodon.

It has also been ascertained that in hot dry areas, the direction of Sun's rays should be the guiding factor for positioning a house, whereas in hot humid areas, the seasonal wind directions should also be taken into consideration.

To study the behaviour of concrete structures by non-destructive method, the Institute has fabricated two apparatus, Sonic Tester and Ultra-sonic Pulse Tester. Work is in progress on correlating the conventional strength of properties with sonic modulus.

As part of the comfort survey projects, studies on the determination of minimum heights of ceilings consistent with thermal efficiency and comfort of the building interiors were taken up in Roorkee and in Delhi.

A thermal comfort atlas is under preparation. It will give maps of effective temperature for different months of the year, indicating degree-days above or below the comfort range of temperature in summer and winter.

HEALTH & HYGIENE

CHOLERA

[By SHRI PANNALAL DAS, COUNCILLOR, CALCUTTA CORPORATION]

A specific disease, cholera, is generally caused by the "Comma bacillus or vibrio cholera asiatica" of Koch, prevailing endemically in certain parts of India and sometimes in an epidemic form throughout the tropical and sub-tropical regions. It is characterized by violent vomiting, purging, cramp, collapse and suppression of urine followed by febrile reaction.

The incubation period is from few hours to five days. Many physicians divide the disease into four stages:—

(1) STAGE OF INVASION.—A preliminary diarrhoea sets in with more or less headache, vertigo, and nausea.

(2) STAGE OF PURGING AND VOMITING.—Violent diarrhoea accompanied by intense pain and cramps in calves of legs. The stools are first faecal but soon become "rice-water" after the evacuations which are extremely copious and quite painless. Then vomiting takes place, first of food, but finally of matter similar to the stool. It may be incessant. There are great prostration, extreme thirst and violent cramps. The external temperature is sub-normal and the pulse becomes rapid and weak.

(3) COLLAPSE OR ALGID STAGE COMMENCES.—The collapse becomes extreme; the features are shrunkness livid or ashy grey; eye balls sunken, skin shrivelled and wrinkled, and covered by cold, clumpy sweat. Eyakosis is well marked; fingers and toes become shrivelled, tongue pale and cold; restlessness; respiration becomes quick and shallow. Though the surface temperature is subnormal, the temperature rises in the rectum to 102 degree F or more. The voice is husky; the pulse develops flickering and very often cannot be felt even at the wrists. The purging and vomiting usually cease; consciousness remains to the very last. There may be complete suppression of urine, coma. All these may result in death within a few hours.

(4) REACTION STAGE.—The patient may either collapse within a stipulated period or re-actions might appear; the temperature gradually rises, blueness passes away, pulse becomes perceptible and a red glow replaces the pale appearance. The patient gradually recovers the urinary secretion returning or the improvement is checked by the onset of—

- (a) The Typhoid state;
- (b) Inflammatory complications (Pneumonia, enteritis etc.);
- (c) Recurrence of severe diarrhoea.
- (d) Uraemia, coma and death.

The stage of evacuation may last from two to sixteen hours, while the stage of collapse never last more than twenty-four hours.

The duration of the reactive stage is less definite.

The mortality from cholera is greatest at the beginning of an epidemic. Very virulent cases die before diarrhoea starts. Mothers carrying children have to face disaster in different ways.

COMPLICATIONS AND THEIR SEQUELS

2. FUNCTIONAL TYPE:—Anaemia, Debility, nervous depression, jaundice, irritability of stomach continuing for hours, hiccup, insomnia, diarrhoea, paraplegia, chronic diarrhoea, pregnant woman aborting.

2. INFLAMMATORY TYPE:—Oedema of lungs, Bronchitis, Pneumonia, Pleurisy, Meningitis, Conjunctivitis, Arthritis, Parotitis (gland suppuration) etc.

3. DESTRUCTIVE TYPE:—Ulceration of cornea, Bed-sore, gangrene of nose, ears, penis, scrotum etc.

DIAGNOSIS POINTS—Copious pale "rice-water" stool exuding a characteristic odour, vomiting, suppression of urine, muscular cramps, cyanosis, and shrinking of skin, cold breath, cold sweats, whispering husky voice, dyspnoea, failing pulse.

The diagnosis of the disease can be made definitely by microscopic examination of the stool, in which the vibrio (comma bacillus) is found in larger numbers..

VARIETIES

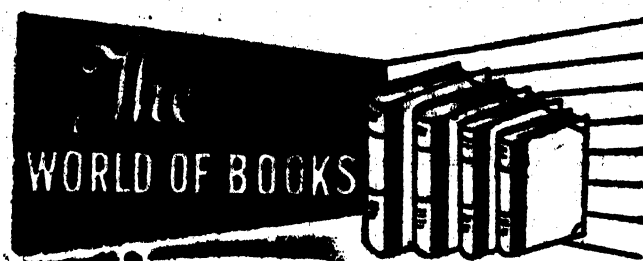

- (1) ANULATORY TYPE:—Patients walk about.
- (2) Cholerae i.e., mild type of cholera.
- (3) Cholera sicea i.e., dry form of cholera in which death occurs in a few hours after the attack without vomiting and purging.
- (4) EMBOLIC TYPE:—in which death generally occurs from pulmonary embolism.
- (5) Hyperpyrexia.
- (6) Haemonphagic type.
- (7) Typhoidal type in which there is low muttering delirium.
- (8) Eruptive type in which rash appears.

The disease is not directly contagious. Contagion is conveyed by stool, flies, contaminated water, and vegetables or other food-stuffs washed in it. It breaks out principally in summer and autumn, and attacks all ages and both sexes alike. It spreads along trade routes no faster than the rate of human travel. Individual susceptibility plays an important part.

TREATMENT

Prophylaxis in an enfeebled district must be carefully carried out. All water should be boiled and the diet carefully considered. Disinfection of patients and corpses etc., must be rigidly enforced.

Anti-cholera Inoculation must be intensively used as a preventive measure. Observance of cleanliness, drinking of filtered water are the other ways.

DISCOVERY OF ASIA—By Dr. KALIDAS NAG, M.A., D.LITT (Paris).—Published by Dr. Sukumar Mitra, PH.D. (Lond). The Institute of Asian-African Relations, 108, Raja Basanta Roy Road, Calcutta—29, India. Price Indian Rs. 30/- only. Foreign £ 3, (British) and 9 Dollar (U.S.A.) Double-crown quarto Pages 789. Art plates 20.

DIVIDED into five sections, 'Discovery of Asia' is a 'survey of the world of Man in the Asiatic lands fringing on the Pacific Ocean' as well as in the Middle East. It has also dealt with the Art and Archaeology of those countries and how they bear a closed link with this vast Sub-Continent India, the Mother of Civilization.

The author Dr. Nag needs no introduction to the readers. He was not only a teacher of Indology in our own Alma Mater, but also a visiting Professor in many of the Universities in the West teaching the growth and development of the Asian countries particularly their civilization and culture. Thus this work has become a valuable contribution for knowing Asia as a whole.

Introducing the volume the late Dr. H. C. Mookerjee, a former Governor of this State, described the book as 'a full-fledged Asian Encyclopaedia which tried to maintain the basic unity of Eastern life and thought evolving through thousands of years even amidst baffling diversities.'

Each of the sections have been dedicated to the mighty minds of India. Mahatma Gandhi, Poet Rabindranath Tagore, Dr. S. P. Mookerjee, Maulana Abul Kalam Azad, Shri Jawaharlal Nehru, with the author's profound gratitude for each of them.

The 'NEW ASIA' is an attempt to give to the reader how the first continent of the world tried to shape its destiny for the future world. Referring to the Asian Relations Conference, 1947, in Delhi, the author has made an attempt to trace out the history behind it. As one of the founders of the Greater India Society, Calcutta, under the guidance of the great poet and seer Rabindranath, the author is keenly alive of the part India has played in the evolution of New Asia. In other words, this is a story of the 'rise of man from an ignorant past to an enlightened present', which was temporary eclipsed by Europe during last few centuries.

The second phase 'MIDDLE EAST' opens up with a symposium held in 1932 when the Poet Rabindranath had visited Iran and Iraq. This was the poet's message to the thought-leaders of the Middle East for the Unity of Asia. The author who visited those countries a few years back found that the poet's message had still been followed there. Meanwhile Iran became one of the seats of culture in Asia where the Orient and the Occident met together. In this section the author has not only traced the early history of those countries but also made an appropriate reference to present which has sprang out of the past. Moreover, the author has made pointed references of the prevailing art and architecture of the modern world. A comparative study of India and Iran in this sphere should receive appreciation in all hands.

Aptly describing it as the birth place of two great religions of the present world—Christianity and Islamism

the author has traced the origin of those lands even to the pre-historic days.

In introducing the 'PACIFIC WORLD' to his readers Dr. Nag tells us that the Pacific is a 'grand repository of cultural treasures and a vast reservoir of historical traditions.' The Pacific World is of course a land of pre-historic days bearing culture and tradition peculiar to it. Still Indian culture has made its inroads into them due to early settlement of Indians in those countries.

Chronologically the author went deep into the Pacific World and tried his best to link up its origin to that of India. In that connection he had not hesitated to add something which really possessed of or not. In a word the author's compilation of facts can be recommended as a unique one.

Containing more than three hundred pages this particular section is a comprehensive picture of the Pacific World. As to this sub-continent in many of the spheres India has always kept her watchful eyes on this world's present development. Himself an enthusiastic student of 'Ancient History and Culture' the author's attempt to present the ancient history of those countries is not only successful but also something more which arouses one's inquisitiveness to go deep into them. In a countrywise basis the author has drawn the pictures of art and architecture in each of those countries and has tried to link it up with their counterparts in India.

The section on 'ART AND ARCHAEOLOGY ABROAD' is a comparative study of the same in different countries. The author has the good fortune of looking into the treasures of art collected in different museums and art galleries throughout the world and he devotes this section on their further progress and development in the context of Indian art and architecture. As a much travelled man, Dr. Nag has left no place unnoticed where such collections have been made and he was always tried to make a comparative study on those rich work. Thus his undertakings on this subject might be treated as one done by a master mind. The Art Plates attached to the book also speak of the high order of collections the author has made on things of art and architecture.

The concluding section 'SOUTH EAST ASIA' tells us of a history of lands known as the Burma, Siam, Indonesia, Malaya and others and their cultural integrity with this land. Here the author's study is of an academic nature and he has been able to complete the volume with something which put a mark in one's mind when he goes through it.

Thus travelling into the past and peeping into the future the author has tried to balance himself on that 'point of intersection of the timeless with time.' The Discovery of Asia unveils to us what the country is to-day in this twentieth century and what she was in the past which came to be almost forgotten. In different ways under different situations Dr. Nag has studied different people of Asia and thus this volume has become an indispensable to each and every student interested in Asian history and civilization.

CITY NEWS PARADE

OBITUARY: Shri Lalit Mohan Maulik, Pleader, Sealdah Court, passed away on the 8th May last at his residence at Tala Park. He was 82. As a senior member of the Bar he was honoured and respected by all.

A close associate of Deshbandhu Chittaranjan and an untiring constructive worker, Shri Jogesh Chandra Das Gupta died at Sibpore, Howrah, on Wednesday, the 14th May. He was 69. He was Secretary of the Howrah Municipal for more than thirty years.

A keen political worker from early years, the late Shri Das Gupta became the Assistant Secretary of the Provincial Congress Committee in 1917 and remained in office till 1921. He was one of the founders of 'Satyabala Devi Infectious Diseases' Hospital and 'Tulasi Devi Joywari Hospital' in Howrah. Women's education in Howrah owes much to the late Shri Das Gupta who was the Secretary of many Girls' schools. He was the President of Howrah Rotary Club for a term.

As a mark of respect to his memory many schools and colleges in the City and the Howrah Municipal Offices were closed. Wreaths were also placed on his bier by Shri Rabindra Lal Sinha, M.L.C., Chairman, Howrah Municipality, Janab Mohammed Elias, M. P. and Shri K. K. Chatterjee, M.L.C., and on behalf of a number of organizations and institutions.

WORLD RED CROSS DAY was celebrated in the city on Thursday, the 8th May last. In that connection a meeting was held at Marole Hall, Raj Bhawan.

The fact that Rabindranath and Henry Dunant, founder of the Red Cross, were born on the same day was emphasized by different speakers at this meeting. Speakers pointed out that both of them stood for peace and universal brotherhood.

Shri P. C. Sen, West Bengal's Food Minister, who presided, Mr. Justice F. B. Mukherji, the Chief Guest, and Dr. Ananath Mukerji, a former Deputy Mayor of Calcutta, explained what the Red Cross stood for and appealed for support for the organization.

Prizes were distributed to those who had won the art and crafts competitions organized by the Red Cross Society. Shri S. R. Sen Gupta, General Secretary narrated the activities of the Red Cross group at Diamond, a village in 24-Parganas.

CORPORATION PRIMARY SCHOOL

The Annual Prize Distribution Ceremony of a Corporation Primary School at Anath Nath Deb Lane, Ward No. 5, was held in the school premises, recently. The Ward Councillor Dulal Chandra Mukherjee presided over the function while Dr. Bhupendra Nath Bose, an Ex Councillor and a former Chairman of the Standing Education Committee, was the Chief Guest.

A large number of audience including local citizens witnessed the function which was enlivened when a programme of songs, recitations, and other features gone through being participated in by the students of the school.

DEMAND DAY as called by the Calcutta Dockers' Union was observed by 1,000 dock workers on the 7th May last. The Union is affiliated to the Bengal Provincial National Trade Union Congress. They demonstrated in front of several offices connected with the Port Commissioners.

The men's major demands were 25 per cent. wage increase for all categories of workers; immediate registration of all Tally clerks; and listing of bulk cargo workers in the Dock Labour Board under the unregistered dock workers' regulation of employment scheme.

Carrying flags the men assembled on the Maidan at first and they went in procession towards the Dock Labour Board office at Outram Ghat, and other offices. Traffic was held up for a few minutes during the period of demonstration.

CLASH AMONG CORPORATION LABOUR: Three persons were slightly injured in a clash between two groups of workers on the second floor of the Central Municipal Building, Suendra Nath Banerjee Road, on Monday, the 12th May when payment was being made to permanent gangs who clean sewers. Tables, chairs and stones were used in the fracas. The quarrel is said to have started over the alleged collection of union donations and fees.

A FIRE: Nine fire engines brought under control after fighting for two hours a fire that broke out in a jutemill on Gossapore Road on Friday, the 9th May last.

A FOOD RATIONING CRIME: Eleven men, proprietors or managers of hotels, restaurants and eating houses in Taltala area, were arrested on Saturday, the 19th May last on a charge of violating the West Bengal Restrictions on Meals in Establishment Order, 1958.

Under the order, rice cannot be supplied with meals of the Indian type to customers at hotels, restaurants, free-feeding centres, in the city and suburbs on Saturdays; nor can it be supplied with meals of any other type on any day of the week. The order came into force on the 10th March last.

The arrests were made after some establishments had been raided in that area on the day.

NOT A PILFERAGE. A round-the-clock search on Thursday, the 8th May last by the Customs Rummaging Division staff on board the S. S. Santhia, then berthed in Kidderpore Docks, yielded 401 gold bars, each weighing about 16 totals, with Chinese markings. These were recovered from the lavatory drain pipes of the vessel. The value of the gold seized was stated to be close upon Rs. 6½ lakhs. The present haul of gold is the biggest during the current year in the Calcutta Port Rummaging operations.

Forty-seven bars of gold with Chinese markings and each weighing the same were seized on Wednesday, the 7th May last from the same ship.

The value of the gold was approximately Rs. 82,000.

CALCUTTA EXPERIENCED ANOTHER NOR-WESTER OF SEVERE TYPE on Sunday, the 11th May. This was accompanied by thunder and rain. During the squall the meteorological office recorded a maximum wind-speed of about 50 miles per hour at 7-15 P.M. The temperature dropped by 8 deg. C (13 deg. F) from 32 deg. C (89 deg. F) to 24 deg. C (76 deg. F). The meteorological office recorded 12.2 mm. (0.47 in.) of rainfall. The rumble of thunder and flashes of lightning accompanied by intermittent showers continued late hours into the night.

The departure of a viscount aircraft of the Indian Airlines Corporation on its Calcutta-Delhi service from Dum Dum airport was delayed by about 85 minutes because of the Nor-wester. There were considerable telegraphic disturbances between Calcutta and other centres of West Bengal and also with other States. In the city, telephone and teleprinter lines were affected in some areas. It was also not possible to put trunk calls through after the squall.

On Monday development of thundery condition was expected. The maximum temperature was almost normal while the minimum was below normal. A reverse in maximum and minimum temperatures was noticed on Tuesday, the 13th May.

A MIDDLE ENGLISH SCHOOL FOR ADULTS

The Annual Prize Distribution Ceremony of the Simla Middle English Night School came off some time ago, in the school premises, 10, Simla Street, northern part of the city. The Deputy Mayor, Shri Keshab Chandra Basu presided over the function while Alderman Shrinadi Pratima Basu gave away prizes to the successful students. A short programme to entertain the guests was gone through on the occasion. This included recitation, comic, vocal music, a playlet 'Pundit Mahasay' and others. The Secretary of the School presented its Annual Report. It was attended by a large number of local citizens and members of the Managing Committee.

In a befitting speech, Shri Basu appreciated the activities of the School which was a rare kind in this city. Shrinadi Basu also assured her help in the development of the school.

Aimed at to spread adult education in that part of the city the school was first founded in the year 1933 in a bustee area under the auspices of the All-India Womens' Council, Central Branch. Shrinadi S. Roy took special initiative in the development work of the school. Later on, the school attained a stage worth mentioning and even a few school students snatched scholarships on lower cadre. A small library was also established there on public charity.

In course of a few years the number of students increased and it became difficult to hold the school in that area. The school was then removed to the Corporation Primary School, Simla Street, where it still sits. Corporation help in the shape of grants-in-aid was enlisted earlier. Recently State Government's help has also been assured and the amount is considerable, generally paid from the department's Adult Education Fund.

It was also announced on that occasion that a plot of land for the school building would be made available soon to the authorities by some unknown philanthropist of that locality. And the day is not far ahead when the dreams of the sponsors would be fulfilled in having a building of its own.

Shri Gosto Behari Sett, an important citizen of that locality as well as a founder member of the school extended a vote of thanks to all present.

Prior to Sunday the maximum temperature was also 1 deg. C below normal and the minimum was above normal for few days in average.

Possibly of thundery conditions developing towards evening otherwise mainly fair weather were the forecasts on rest of the day.

ONE DAY TOKEN TRAM STRIKE was staged again on Wednesday, the 14th May. This was the second occasion within eleven days when the citizens had to suffer much inconveniences. The average tram-travelling passengers in the city are nearly ten lakhs.

The token strike by most of the 8,000 tram workers was in support of their demands for, among other things, immediate implementation in full of earlier awards and agreements relating to sickness benefits and settlement of cases arising out of raya paisa transactions. The men had stuck to their decision though some of their demands had been referred to a Tribunal following the State Chief Minister, Dr. B. C. Roy's intervention.

To relieve the difficulties of the travelling public on that day additional transport facilities were provided as during the last strike. All the 470 buses of the State Transport were put into service. Over 500 buses from the suburban areas were allowed to extend their routes up to Esplanade and Dalhousie Square. But the extended bus services were far from adequate to cope with the traffic usually carried by trams.

A loss of about Rs. 60,000 to the company in traffic receipts and wages for the employees was incurred as a loss due to strike, as estimated.

Work in many offices suffered because of late staff attendance and absenteeism. To the general public it was one more of the ordeals they periodically suffer.

NATIONAL OVERSEAS AND GRINDLAYS BANK LIMITED

PHENEOL LAMP BRAND

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

A POWERFUL DISINFECTING FLUID

—DISINFECTS—

Drains, Cess-pools, Hospitals, Sick-rooms,
Lavatories and every place where Dirt and
Disease Germs are likely to lurk.

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying basar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

Form I.

Notice.

For the purpose of preparation of the electoral roll for the Constituencies Nos. 76, 77, 78, 79 and 80 of the Corporation of Calcutta, applications are invited from persons who are qualified to be included in the electoral roll for any of the aforesaid Constituencies by virtue of the provisions of clause (b) or clause (d) of sub-section (1) of Section 48 of the Calcutta Municipal Act, 1951. Such application shall be made in Form III so as to reach the undersigned not later than the 21st day of June, 1958, corresponding to the 6th day of Asarh, 1365 (B.S.).

Election Department,
Central Municipal Office,
The 21st May, 1958.

P. BHAUMIK,
Registering Authority.

N.B.—Copies of Form III will be supplied free by the Registering Authority on application at the Central Municipal Office, the Tollygunge Municipal Office and the Office of the Gariahat Municipal Market during working hours. Applications will also be received at these places by agents of the Registering Authority. They may also be sent by post to the Registering Authority, Central Municipal Office. Applications may also be made in typed or manuscript copies of the form a specimen of which is printed below.

Person possessing the aforesaid qualifications of voters are required to make fresh application for enrolment in the fresh electoral roll now under preparation even though their names may appear in the existing electoral roll.

Qualifications under clause (b) or clause (d) of sub-section (1) of Section 48 of the Calcutta Municipal Act, 1951, are as follows:—

Clause (b)—Payment of rent for at least six consecutive months during and in respect of 1957-58 as a occupier of a premises valued for assessment purposes at Rs. 4/- or more per month in the case of a hut in a bustee and at Rs. 8/- or more per month in the case of the premises not being a hut in a bustee.

Clause (d)—Passing the Matriculation or any equivalent Examination*, or holding a diploma of a technical or vocational Institution* recognised in this behalf.

Residence in Calcutta for the greater part of 1957-58 is essential in either case.

*List of Examinations prescribed as equivalent to the Matriculation Examination and list of recognised technical and vocational Institutions can be inspected at the Election Department, Central Municipal Office.

FORM III.

Claim for inclusion in the electoral roll of a Constituency.

CORPORATION OF CALCUTTA

Constituency No. (a).....
Claim for inclusion in the electoral roll of (b).....
(c) Son|Wife|Daughter of.....
(d) Resident at No.....Street.....
Ward.....No.....Police Station.....
.....Calcutta.

The claimant has the following electoral qualifications, viz.....
.....in support of which the claimant submits with this claim the
following original|certified copies of documents duly attested either by a
First Class Magistrate or a Gazetted Officer, viz.....
.....

(e) The claimant has not been included in the electoral roll of any
constituency. The claimant has been included in the electoral roll of
Constituency No. (f)..... as Serial No.....
.....in the roll part (g).....

DECLARATION.

The above particulars are true and correct in all respects. The claimant
is a citizen of India (or not being a citizen of India has been exempted from
the disabilities imposed by the Bengal (Aliens) Disqualification Act, 1918) and
has attained the age of 21 years. He has not claimed to be included in the
electoral roll of any other constituency with any other address.

Signature or thumb impression of the claimant.....
Signature of person signing on behalf of the claimant.....
Address of person signing if not the claimant.....
Date.....

(a) Here insert the No. of the constituency for which this claim is
preferred.

(b) Name in full.

(c) Strike out the words not required.

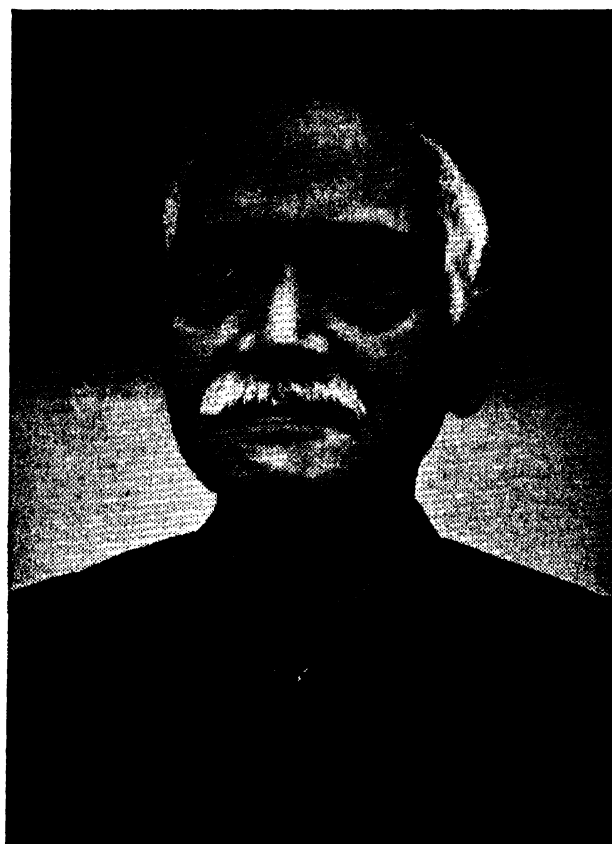

(d) Here insert particulars as to the place of residence for which the
claimant claims to be qualified.

(e) Strike out the words not required.

(f) Here insert the No. of the constituency in the electoral roll for which
the claimant's name has been included.

(g) Here insert the description of the part of the roll if it is divided into
parts.

**N.B.—Any false declaration made by person for their purpose of this claim
will render such person liable to a penalty.**

SIR JADUNATH SARKAR

Born : 10th December, 1870.

Died : 19th May, 1958.

Editorial

SIR JADUNATH SARKER

JADUNATH SARKER has passed away at a ripe old age. His death is a great loss to India. He did not sway Senates. He did not rise to fame on the wings of eloquence. He worked his way up through patient, hard, silent work. And he has broken through the mists of earth to shine forth in splendour. His was, it may be said, an "intimate popularity". It is based on character, on sweetness and superiority, on knowledge which is power, on an unfailing sense of duty, grave and majestic.

For well over half a century he worked, with diligence, with devotion, to re-construct and to re-light the history of India in respect of many of its dull or dark or blank pages. He did it with the spirit of a seeker after truth. The result is the monumental researches on the Moghul and the Mahratta periods of Indian history. His books bear the stamp of authority, of a scholarship that never compromised with glitter, of a steadfast intellectual outlook. He has set up a noble standard for research workers, for students of history and for historians of to-day and to-morrow, a standard which is of honesty, of patient enquiry, and all-pervading knowledge. He was moral to the core of his being. In his range and power, as an educationist, as a historian, as an administrator and as a man, he never betrayed divided aims, and the frayed temper of our age.

INDIA is immensely richer for his work.

ON THE EVE OF HIS LAST JOURNEY

Assemblage of a large number of mourners including the Mayor, Dr. T. Sen, Dr. K. D. Nag, Shri T. S. Banerjee, Shri S. C. Roy, Sheriff, and other important citizens at the residence of Sir Jadunath Sarkar, Lake Terrace, South Calcutta, before the funeral procession started.

WIDE MOURNING FOR THE SAVANT

The morning papers on Tuesday, the 20th May last, carried the death news of Sir Jadunath Sarkar, which occurred on the previous night. A large number of citizens rushed to his residence, Lake Terrace, southern part of the city to show their homage to the eminent historian who had also been maintaining a living link between the past and the present centuries. Wreaths were placed both on behalf of individuals as well as of different organizations and institutions including the Corporation of Calcutta. The bier, bedecked with flowers, was taken out in a procession at late morning hours. It was followed by the Mayor, Dr. Triguna Sen, many of his admirers, students and relations, and scholars of this country. Those who called at his Lake Terrace residence or attended the funeral of Sir Jadunath included Shri Prafulla Chandra Sen, Minister, Shri Atulya Ghosh, M.P., Shri S. C. Roy, Sheriff, Shri Tarasankar Banerjee, Prof. Nirmal Chandra Bhattacharyya, M.L.C., Shri Sunil Das, M.L.A., the Ex-Mayor, Shri Satis Chandra Ghosh, Dr. Srikumar Banerjee and many others.

The funeral took place at the Mysore Garden Crematorium in Kalighat. Hymns were chanted by priests as the body was placed on the electric furnace at about 11 A.M. Distinguished people watched the performance of the last rites of the great historian and educationist.

West Bengal Government offices in this city as well as in the districts were closed at 1-30 P.M. as a mark of respect to Sir Jadunath's memory. Offices of Jadavpur University were closed for the day and those of Calcutta University from 1 P.M. Degree and other examinations holding under the University of Jadavpur were suspended for the day. Many other institutions and organizations in this city to which the late Sir Jadunath was either attached or not, remained closed for the day. Different institutions also condoled the death and took it as a great national loss. The Calcutta Historical Society, expressed its deep sorrow at Sir Jadunath's death. The condolence resolution described Sir Jadunath as the greatest Indian historian who should be ranked with Gibbon, Ranke and Mommsen.

CORPORATION MOURNS THE DEATH

The Sixth Ordinary Meeting of the Corporation scheduled to be held on Friday, the 23rd May, was adjourned for the day as a mark of respect to his memory. The death was referred to in the House by the Mayor, Dr. Triguna Sen. The members stood in silence for two minutes praying peace for the departed soul. A condolence motion was also passed.

With a heavy heart to move a resolution mourning the death of Acharya Jadunath Sarkar, eminent historian and educationist, who breathed

his last on the 19th May, 1958, at the age of 88, the Mayor, Dr. Sen said:—

"One of the greatest explorers that India ever produced in the field of History, Sir Jadunath has been snatched away by the cruel hands of death. An extraordinary scholar in the sphere of literature, education and culture he has been called away to rest! True it is that he died full of years and rose to the summit of eminence yet it is no less true that his death has caused a void which could not be filled for long time to come.

"The late Sir Jadunath was a great teacher serving as a Professor for about quarter of a century in different educational institutions—Presidency College, Calcutta, Patna Government College, Cuttack Ravenshaw College and Banaras Hindu University. At the same time he had equally laboured incessantly for over six decades for the cause of historical researches. He infused a yearning for research work in the minds of young Bengal. He was a great educationist and his contribution to its cause is immense. As a member of the Indian Historical Records Commission for long years, and a member of the Royal Asiatic Society, London, and one of the Presidents of the Bangiya Sahitya Parishad, his name would be written in the annals of the country in golden letters.

"Sir Jadunath wrote a considerable number of books—authentic and documentary. And among his publications the most monumental was his detailed study of 'The Decline and Fall of the Mogal Empire.' The other great works were—'Shivaji and His Times' and 'The House of Shivaji'. He gave a striking picture of that great event, the birth and development of the Maratha Nation. Thus his was the first

attempt to reconstruct history with copious use of most authentic documents and in doing so he had to learn different languages."

The resolution moved in this connection said: "The Corporation of Calcutta places on record its deep sense of sorrow and irreparable loss at the death of Acharya Jadu Nath Sarkar, an eminent historian, scholar and educationist, who occupied a distinguished position in the educational life of the country, by his research, monumental works, brilliant writings and who for more than half a century devoted himself, with little sacrifice, to rouse the consciousness of the people. In him the country has lost a noble son of sterling worth in many spheres of cultural and intellectual activities.

"The Corporation further offers its respectful homage to his sacred memory, which it is hoped, will abide as an inspiration and conveys its sincere and heartfelt sympathy and condolence to the members of his family in their sad bereavement."

The meetings of different Standing Committees scheduled to be held on next few days were adjourned due to the same reason. Condolence motions were also passed in these meetings.

A LIFE OF DEVOTION AND DEDICATION

STREWN with many tribulations including sad personal bereavements SIR JADUNATH SARKAR'S life has set an example for others to follow for many of the reasons. As a true historian, for which he was better known in the world, his mind was like a judge free from passion and prejudice while interpreting the past. Although he spent himself for more than sixty years for the explanation of his country's historical developments concentrating on a particular period still it was a small part of his vast learning and wide scholarship which continued to receive admiration and appreciation on the world flavoured with humanistic studies and surely would continue to do so.

Born on 10th December, 1870, in the district of Rajshahi, now East Pakistan, the late Sir Jadunath had also his education in the Rajshahi College, and in the Presidency College, Calcutta.

Entering the Indian Educational Service the late Sir Jadunath served as Professor of English in Presidency College 1886-89, Patna Government College, 1899-1917 and 1923-26 and the Presidency College, Calcutta, 1919-23. Between 1917-19, he was Professor of Indian History, Banaras Hindu University, and between 1920-22 was Reader in Indian History in Patna University.

The late Sir Jadunath was the Vice-Chancellor of Calcutta University from 1926 to 1928. For some time, he was a Member of the Bengal Legislative Council 1929-32 and for many years a member of the Indian Historical Records Commission 1919-41. He was knighted in 1929.

Among his publications, the most monumental was his detailed study of 'The Decline and Fall of The Moghul Empire 1640-1806' on which the eminent scholar had been engaged for a half a century. He dedicated himself to this task just after graduation and prepared his first historical paper on the fall of Tipu Sultan. Since then he devoted himself to original research. His study of the Moghuls, was

expressed beginning in 1901 with his book 'India of Aurangzeb', ended in 1950 when the fourth and last volume of his 'Fall of the Moghul Empire' was published. His 'History of Aurangzeb' in five volumes was written earlier. He had a separate work entitled 'Moghul Administration,' 'The Anecdotes of Aurangzeb,' translated from a Persian manuscript traced by Sir Jadunath.

In 'Shivaji and His Times' and the 'House of Shivaji,' he gave a striking picture of the birth and development of the Maratha nation. He annotated Mr. W. Irvine's 'Later Moghuls' (1707-1739). He made a broad outline of the evolution of Indian culture and society in a book entitled 'India Through The Ages.'

A man of vast learning and of untiring efforts, the late Sir Jadunath was indefatigable in consulting all accessible authorities; he made use of all sources in Oriental and European languages known to him. His persistent search for over 50 years led him to the discovery of many important manuscripts as well as collection of data by visiting historical sites and places of incidents.

The reports of the British Residents with the Peshwa, Sindia and Bhonsle were jointly edited by Sir Jadunath. Two other important books edited by him were 'History of Bengal' (Volume II) and 'Ami-i-Akbari.'

Not only in the field of history, but also in other spheres—literature, economics and education—the late Sir Jadunath made valuable contributions. He was long associated with the Bangiya Sahitya Parishad, and before Poet Rabindranath Tagore received the Nobel Prize many of his writings were translated into English by him.

For the past few years Acharya Jadunath was leading a retired life at his residence, making his appearance in public on rare occasions. Probably his last presence was in a Literary Convention in Northern Park, Bhowanipore, towards the end of April.

Shri Sashi Bhusan Dey Passes Away

A Prince Among The Philanthropists And Social Workers

NINETY-ONE YEARS or nine years less than a full century is no doubt a long span. And such length of life was given to Rai Bahadur Sashi Bhusan Dey, whose death occurred on Wednesday, the 21st May at 12-15 noon in this city. During these long years his life was a life of dedication and service to people. Calcutta citizens will ever remember the great philanthropist whose benefactions to different institutions totalled Rupees Twenty Lakhs and more. Irrespective of any narrowness or short sightedness of mind and even not to earn a name for what he did the late Shri Dey had practised on charity a sum difficult to conceive of. For the spread of primary education, for the cause of suffering Tubercular people, everywhere he had extended his rich bounty and thus had tried to give relief to a nation troubled with so much.

The late Rai Bahadur founded the S. B. Dey Sanatorium at Kurseong, which was opened by the Bengal Governor in 1936. He gave Rs. 1.7 lakhs for the building, beds and equipment of the institution and Rs. Six lakhs for its maintenance. The sanatorium was remodelled in 1950 and it now has over 225 beds. He made a gift of his dwelling house at Kurseong to the sanatorium. He gave another Rs. Six lakhs to the K. S. Ray Tuberculosis Hospital at Jadavpur. He was a Trustee of the Calcutta Medical Aid and Research Society which manages the two institutions. The State Chief Minister, Dr. B. C. Roy is also one of the Trustees. At Kurseong he built the Raj Rajeswari Hall in his wife's name as a big rest house to commemorate the memory of his wife.

His wife and only son had died many years ago but still the mundane affairs had little effect in his mind. He looked upwards and untiringly went on to fulfil the mission of his life.

In 1921, he established a Free Primary School for boys and girls in Nebutala area, Central Calcutta. The school was opened by Lord Lytton, one time Governor General of India. Gradually the building was divided into two parts and named as Sashi Bhusan School for Boys and Raj Rajeswari School for Girls. He made an endowment of funds for running the two Schools and later on made over the management of both of them to the Corporation of Calcutta.

Among other institutions which received handsome donations from the late Shri Dey are the Calcutta Blind School, the Ramkrishna Mission Vidyamandir at Belur, the Hindu Satkar Samity, the Deaf and Dumb School, Chittaranjan Cancer Hospital and the Santi Institution, Bowbazar—the last one owes its existence to him in many respects. Social and other activities of this organization were adopted under his inspiration and guidance. In recognition of his service to the community

the Corporation named a newly built wide street in Bowbazar after him in 1926. The Institute also Celebrated a Golden Jubilee of his life few years back.

Third son of the late Shri Madan Gopal Dey, the late Rai Bahadur worked with his father in the firm of Messrs. F. W. Heilgers and Company Ltd. Later, he joined the Calcutta Stock Exchange Association of which he was a Founder Member. Starting his career from a humble position he earned his fortune as a share broker. Through his honesty and untiring efforts the late Shri Dey acquired foremost position among share brokers within a short time of his business career.

Honours poured upon him since he started his philanthropy. He was made an M.B.E. in 1941. On the occasion of the late Rai Bahadur's 87th Birthday on November 3rd, 1954, the Prime Minister of India, Shri Jawharlal Nehru spent the day with him at his Kurseong bungalow. He was also befriended to the late Dr. H. C. Mookherjee, the former Governor of West Bengal, another savant of Bengal.

The Rai Bahadur's death was a great shock to the citizens who had been benefitted by his charities. As soon as the news spread over the city a large number of his admirers and followers rushed to his place at Madan Gopal Street, Bowbazar. Wreaths were placed on behalf of both individuals and different organizations. The State Chief Minister also sent a wreath soon. Shri Hemendra Prasad Ghosh, the well-known journalist, himself attended the funeral in spite of his advanced age. Started from his residence the bier was taken out in procession to the premises of the school he founded, from there to the Central Municipal Office Building, S. N. Banerjee Road and lastly too the K. S. Ray T. B. Hospital, Jadavpur. His last rites were performed at the Nimtallah Burning Ghat.

The death was widely mourned. The Corporation meeting was adjourned for the day as a mark of respect to his memory, when it was referred to in the House. Paying eloquent tributes to his memory the Mayor, Dr. T. Sen, said that with his death the country had lost a real friend of the poor as well as a well-known philanthropist whose charity knew no bounds. As a recognition of his vast charities the Calcutta citizens should always remember the man who was responsible for establishing so many institutions out of his own pocket. Dr. Sen also listed out the institutions and organizations benefitted by his charity.

There were other memorial meetings also in different parts of the city.

FOR A PERMANENT SOLUTION OF CALCUTTA'S WATER SUPPLY

Photo: Tarak Das.

ON the 15th May last, the State Chief Minister, Dr. B. C. Roy (sitting on extreme left) met a deputation of the Corporation headed by the Mayor, Dr. Triguna Sen (sitting second from right) in his room, Writers' Building and discussed on the problem of city's water supply. The deputation included Councillor K. L. Dhandhanian, Chairman, Standing Finance Committee, (extreme right), Councillor J. L. Saha, M.L.C., Chairman, Water Supply Committee, (second from left), Councillor A. Moitra, leader of the Opposition, (sitting by Councillor Dhandhanian), Corporation's Chief Engineer, Shri A. K. Sen and others. The West Bengal's Minister for Local Self-Government, Shri I. D. Jalan, was also present (sitting third from left).

VIEWS AND REVIEWS

INDIAN MAYORS' CONFERENCE

The Corporation at one of its recent meetings accepted an invitation, extended by the Mayor of Hyderabad, for attending the forthcoming conference of All-India Mayors scheduled to be held there during the early part of June.

As suggested by the Mayor, Dr. T. Sen, the House elected the Deputy Mayor, Shri K. C. Basu, to represent the Mayor there as the Mayor would not be able to attend due to his pre-occupation in other business.

BEPIN PAL'S BIRTH CENTENARY

Calcutta will celebrate the Birth Centenary of **SHRI BEPIN CHANDRA PAL**, a prominent exponent of Indian Nationalism. He was intimately associated with the movement of Bengal Renaissance which covered the period beginning from the close of the nineteenth century spreading over fifty years. Thus he is remembered to-day along with the mighty men Balgangadhar Tilak and Lala Lajpat Rai, as Lal-Bal-Pal, who headed the movement for Indian emancipation.

And in this respect Calcutta will surely play a distinct role as this was the place where Bepin Pal flourished as an interpreter of Indian Civilization, as an inspired speaker, and above all as a rebel. In different spheres he undertook to manifest himself in this great city. He was a life-long journalist and edited a number of important journals in those days which had their seat of publication here. As an essayist he expressed himself as a thought-provoking leader who could inspire thousands to follow him.

Thus the Birth Centenary celebrations would be most befitting one, it is hoped, in this city. A Special Committee has been formed to observe the same. The Committee includes a number of important citizens including the Mayor, Dr. Triguna Sen, Shri Hemendra Prasad Ghosh, a link of the past and the present, Shri Amal Home, Founder-Editor, "Calcutta Municipal Gazette," and others.

On the 20th May, while presiding over the Twenty-sixth Death Anniversary of that savant Dr. Sen asked his countrymen to celebrate the Birth Centenary on an All-India basis. Appealing for funds the Mayor announced that arrangements should be made to collect and publish the writings of Bepin Chandra Pal on that occasion.

Tributes to the memory of that leader were paid by different speakers at that commemoration meeting held in Indian Association Hall. The speakers included Prof. Hiren Mukherjee, M.P., Shri Bankim Mukherjee, M.L.A., Shri Amal Home, Shri Phanindra Nath Mukherjee, Editor, "Bharat barsha," Kasi Abdul Odud and others. They referred to the role Bepin Chandra played in awakening consciousness among the masses. It was he

who set the pace for national struggle by raising the slogan for complete freedom from an alien rule, they added.

JAYANTI CELEBRATIONS CONTINUE

Calcutta still throngs up with Rabindra Jayanti Celebrations which continue up till these days. There were many such celebrations in this city which spread over a fortnight featuring a programme on each day. The Dakshin Kalikata Rabindra Jannotsav Committee held their celebrations on the 16th May last at Maharastra Nivas Hall, Hazra Road. In a neat programme, being presided over by Prof. Priyaranjan Sen, the Committee was eloquent to depict what was good and great in that savant. Prof. Dharendra Nath Mukherjee, Prof. Bivas Roy Choudhury and others participated in that discourse. This was interspersed by songs rendered by Shrimati Suchitra Mitra, Shri Debarata Biswas, Shri Prasad Sen and others. The function ended with the performance of the poet's drama 'Shesh Raksha'.

At Deshabandhu Pathagar, Sarat Bose Road, on the 18th May, Shri Saumyendra Nath Tagore spoke on the 'Influence of Rabindranath in our Society.' Prof. Sudhasatta Bose, participated in that discussion. A programme of musical soiree was also gone through on that occasion.

On an earlier day on the 10th May last, Dr. Srikumar Banerjee gave a learned discourse on 'Rabindranather Upanyaser Dhara' at the Netaji Bhawan, Elgin Road, under the auspices of the Sarat Bose Academy. Shri Prasad Sen and his party rendered songs of Rabindranath. In that discussion Dr. Banerjee attempted to describe the novels of Rabindranath in line with those of other countries on ultra-modern spheres facing problems of life. Prof. Charu Chandra Bhattacharyya, discussed on 'Manush Rabindranath' on the 22nd May at the Indian Association Hall, Bowbazar Street, when the members celebrated the occasion. Prof. Bhattacharyya presented his personal reminiscences along with the poet and dwelt on the poet's philosophy on human life. The function concluded with the staging of a drama 'Sodh-Bodh.'

U.C.C. MUNICIPAL ASSOCIATION

At a recent meeting of the United Citizens' Association, the following office bearers have been elected for year 1958-59. The election shows that the status quo of the last year's personnel have been fully maintained.

PRESIDENT: Shri Hemanta Kumar Basu, M.L.A.

LEADER: Councillor Anil Maitra.

DEPUTY LEADER: Councillor Ranujit Coomar Mitter.

SECRETARY: Councillor Sachindra Kumar Sen.

TREASURER: Councillor Samar Kumar Budra.

CHIEF WHIP: Councillor Biman Bihari Mitra.

WHIPS: Councillor Md. Zakir and Councillor Kumar Dutta.

ELECTORAL ROLLS

Brisk activities are being made in the Corporation's Election Department for the preparation of a fresh Electoral Roll as provided in the Calcutta Municipal Act, 1951. Probable additions and alterations are sure to be made in this connection.

Fundamental to democracy is the individual citizen's right to vote in genuine secrecy and this depends upon maintenance of comprehensive and up-to-date Electoral Rolls. Whenever some elections are held in this city we hear loud complaints on all sides regarding the incredibly low standard of maintenance revealed by the existing rolls. The recent elections in the Graduates' and Teachers' Constituencies in this State are examples still fresh in our minds.

In our Electoral Rolls, living people entitled to vote are often absent, while people long since dead have their names inscribed. Sex change are not uncommon, a man becoming a woman for electoral purposes and vice versa. Individuals find that the religions they profess have suffered sea-changes and members of the same family are astonished at the metamorphosis worked by the agency of the Rolls.

But, the fact is that as soon as election fever is over, most citizens lose interest in the preparation of the Rolls. The Government have provided rules that there would be cyclical revision of the Rolls for all the Constituencies and such work has been taken up. The Rolls are to be revised intensively. In any case, here is an opportunity for every responsible citizen to see to it that his, or her, name is properly included in the registers. The chance must not be missed.

The enumerators appointed for the purpose of carrying out the intensive revision of Rolls, will be at work for the subsequent months. They have no kind of excuse for not doing their work thoroughly. They are well paid for the job. They must interview every household honestly and not merely be satisfied with asking the gardner or some stray stroller in front of a house. The qualified voters, in particular, should see to it that they are duly registered. Householders should examine the entries made in the registers by the worthy enumerators and check that all particulars are properly entered. A little courtesy shown to the enumerators will go a long way towards helping matters long. Quite often the enumerators do not meet with this courtesy. They are treated as unwelcome callers.

Some of the enumerators are perhaps sympathetic towards political parties which seek—and find—support in ample measure from the authorities. The apathy of the educated class is deplorable and, at the time of actual voting, many of them just stay home, on the unwise principle

that there is nothing to choose between rule by Rama and rule by Ravana. This is a negation of civic virtue and they would do well not to emulate the same to others. It is a pity that there is no legal compulsion in India that every registered voter must exercise his valuable franchise, with appropriate punishment for non-compliance with the law.

It is most surprising that the political parties do not show as much interest in the preparation of the Rolls as one would expect them to do. In a country like the United States—and also in a country like Soviet Russia—due attention is paid by the parties for the registration of voters. This, as a matter of fact, should be a valuable method of canvassing support to a party. It is also a pity that the richest and the most influential political party in India, does not seem to take enough interest in the preparation of the Rolls. Money and energy spent upon this work would bear ample fruit later.

— The most important measure which Government should take in this regard is that they should give ample time and opportunity to the citizens to inspect, and correct wherever necessary, the Rolls after their initial preparation. Ample propaganda should be harnessed to an effort to let people know where the Rolls would be available and how the corrections should be carried out. The minimum of red tape would naturally be a *sine qua non*.

Public co-operation is essential and every citizen should see to it that his name is properly included in the Roll, provided he is entitled to a vote according to the law of the land. If he (or she) is not less than twenty-one years of age on the 1st March, 1958 along with academic qualifications and ordinarily resides or possesses a dwelling house in this city, he is entitled to have his name registered. It is our duty to vote and, even if the arrangements leave anything to be desired, we must honestly try our best to get our names into the registers. A notice has also been published in this issue separately as a 'Supplement'.

CHOLERA MENACE UNDER CONTROL

There were fewer deaths from cholera in the city during the week ending the 17th May. Fifty-seven persons died during the week against 107 the week before. Less than 850 persons, suspected to be suffering from cholera, were removed to hospitals from different parts of the city during a period of six days commencing from Saturday, the 17th May last. Thus it can safely be said that there is an appreciable fall in the incidence of the disease in these days.

Measures to keep the epidemic disease under control, have not been slackened yet rather they are stronger to-day than before. Over 89,200 people were inoculated against cholera during the week under review, as recorded by the Corporation's Health Department. Besides, the number of inoculations undertaken by different philanthropic and local organizations was considerable. Moreover cleansing work has become a permanent feature with the retention of the services of a large number of hands. Disinfection work is still continuing not

only in the affected areas but also in places where possibilities of flaring up the disease are still rampant.

According to the desires of the Mayor, Dr. T. Sen and others, local Citizens' Committees have been set up in many of the areas. In one such Committee under Ward No. 62, Prof. Nirmal Chandra Bhattacharyya, M.L.C., has been elected as its president. The Committee includes the local Councillor S. K. Dutta, Shri Sunil Das, M.L.A., and many others. In Ward No. 68 the Mondal Congress Committee is taking special steps to combat the disease. Alderman Shrimati Pratima Basu is mover about in that area to look into the cleansing and disinfecting bustees and other plague spots. Services of the Corporation employees were always made available to these Committees along with equipments and other necessities. In the Manicktala area almost similar efforts were being made to make the cleaner campaign a success. The area is said to be almost free from the infectious diseases at present.

On Tuesday, the 20th May, the Mayor, Dr. Sen met the Corporation officials in order to hold discussion on the situation. It was proposed to continue the drive for a further period. Special stress was also laid on the health measures. Instructions were issued to that effect.

As a permanent measure the Corporation is considering the situation on its perspective lines. A proposal has already been made to create the post of a Deputy Health Officer temporarily for a period of one year on an experimental basis. The services of this officer would be mainly utilized for epidemic control purposes until it is otherwise specified. Drive against exposed and unhygienic foods is still continuing in full co-operation of the city's police authorities.

DEATHS AND DISEASES IN THE CITY

Attacks and deaths from cholera in the city were 284 and 107 respectively during the week ended 10th May against 159 deaths and 508 attacks the week before. During the corresponding weeks last year cholera deaths were 38 and 45 while attacks were 76 and 96.

Tuberculosis tolled 31 lives during the week under review against an equal number in the previous week. Deaths from the disease during corresponding weeks in 1957 were 36 and 45.

Small pox attacks and deaths were 3 in each case against similar numbers in the week before. The numbers of attacks during the same period last year were 102 and 110 while the deaths were 82 and 92.

Two persons died of Malaria as compared to one person in the previous week. Malaria deaths during the corresponding period last year were six and two.

Seven hundred and one persons died of all diseases in the city during the week under review against 791 the week before. Mortality figures from all diseases during the corresponding weeks in 1957 were 817 and 947.

Personalia

PROF. HUMAYUN KABIR IN THE CITY

Prof. Humayun Kabir, Union Minister for Scientific Research and Cultural Affairs, had been in this city during the last week-end. He arrived on the 16th May last.

On that day he stressed the need for strengthening India's relations with her immediate neighbours while speaking at a Reception given him by the Institute of Asian and African Relations in this city. Janab Kabir said that India had for many years neglected her relations with her close neighbours. "We know more about Europe and America than about our next door neighbours," he added.

"It was Tagore who started a change in the pattern of India's cultural relations. While he kept the door to the West wide open, he knocked at the door of the East by visiting Japan, China and Asian countries, to renew the centuries-old link that had snapped with the loss of the country's political freedom," said the Union Minister.

In the earlier part of that day Janab Humayun Kabir also suggested that university students should be associated with the field survey work conducted by the Zoological Survey of India. This, he pointed out, would help the department to recruit the technical personnel needed for the increased work envisaged under the Second Plan.

The Union Minister was then meeting the officers of the Zoological Survey of India at its headquarters in this city. He also felt that a number of scholarships might be instituted to attract students for zoological work.

At a Reception given on the 17th May last by the Vice-Chancellor of the University of Calcutta, at Darbhanga Hall, Janab Kabir said that if the University continued its tradition of spreading knowledge it could well expect financial assistance from the Government.

Another Reception was given to Janab Kabir by the Council of Iran Society in Calcutta on Sunday, the 18th May.

Replying to the occasion he said that Persian had served as a link between different parts of India long before, just like English, and although India lost her contact with her neighbours during the foreign domination, the relation between India and Iran was maintained.

Referring to the appeal for financial assistance for the construction of Iran House in this city Janab Kabir said that the Government could not help the society in the matter. He, however, said that he would see if the Government could make a token grant to the society for the construction of the House.

CORPORATION PROCEEDINGS

A GIST OF PROCEEDINGS OF THE FIFTH ORDINARY MEETING OF THE CORPORATION HELD ON FRIDAY, THE 16TH MAY, 1958.

FIRING ON BETTIAH CAMP REFUGEES

The recent police firing on East Pakistan Refugees of Bettiah Camp in Bihar caused much concern to the members of the House when Councillor Samar Kumar Rudra referred to the incident. Deploring the incident, Councillor Rudra remarked that the Government policy in regard to refugee rehabilitation had not proved successful. Describing it as one of extreme cruelty he demanded an impartial enquiry into the matter. He felt that the Government would have done well if it had arranged settlement of those up-rooted people within the bounds of the State of West Bengal. He wanted that the refugees should be brought back within the State. In that connection he also criticized the activities of the Bihar Government in taking such a harsh measures of firing upon innocent people and not to allow any discussion on the floors of the Bihar State Assembly.

Five refugees of that camp were killed and a few were injured on the 18th May last when the police fired 21 rounds to quell the disturbances there.

The Corporation at its meeting on the 28th May also mourned for those victims and prayed quick recovery for the injured.

WHEAT SUPPLY

Councillor Dr. Sukhabehary Mukherjee suggested that supply of wheat from modified ration shops should be stopped for two months as many people could not digest wheat during this hot season. He said that Bengal's staple food rice should be the main rationed article in this State and the Government should ensure its adequate supply under reasonable prices.

NATIONAL VOLUNTEER FORCE

The House elected three members to represent the Corporation on each of the District Advisory Committees, West Bengal National Volunteer Force, for three Police Districts in Calcutta. They are:—

- (1) Councillor Dr. Sukhabehari Mukherjee—Head Quarters,
- (2) Councillor Kumar Dutta—North District and
- (3) Councillor Ushanath Sen—South District.

The function of the Committees is to tender advice on the following matters:—

- (a) the organisation of recruiting for the units within their area;
- (b) the attendance at training of enrolled personnel;
- (c) any other matter that may be referred to them by the State Government, West Bengal National Volunteer Force or the West Bengal National Volunteer Force Advisory Committee or the District or Unit Commandant.

INCONVENIENCED BAGHBAZAR PEOPLE

Rising on a matter of urgent public importance, Councillor Banajit Oomarr Mitter wanted introduction of a Bus Service from Baghbazar Street—New C. I. T. Road Junction to Dalhousie Square for the convenience of the people of the locality. He pointed out that the existing But Route No. 11, plying via Sealdah, came to little benefit to the office-going people of the area as also to others. A direct route to the Esplanade area through Dalhousie Square is the crying need of the people of that locality, added Councillor Mitter, when he desired that the Corporation should write to the State Transport Directorate for that purpose.

A POOR EMPLOYEE

Councillor Nripendra Nath Banerjee said that Bencari alias Lakshman, a Corporation worker was run over and killed by a conservancy lorry of the Corporation while crossing a road. Drawing the attention of the Deputy Mayor, Shri K. C. Basu, who was in the Chair, Councillor Banerjee said that the Corporation should grant adequate compensation to the widow of the deceased worker. Otherwise a great injustice would be done to the family of the worker who died in harness.

The House, however, agreed to consider his case favourably.

ANTI-SOCIAL ELEMENTS

There has recently been an increase in the number of anti-social elements in the northern part of the city particularly in Goabagan area. This was pointed out by Councillor Pannalal Das who condemned police failure in suppressing these elements in the area which he represented in the Corporation.

SPECIAL OFFICERS

The House, on the recommendation of the Standing Finance Committee, appointed Shri Subodh Chandra Mukherjee, Shri Gouri Sankar Chatterjee, and Shri Gouripada Mukherjee as Special Officers for hearing objections to valuation of properties made under Chapter XI of the Calcutta Municipal Act, 1951.

As they are all retired Government officials their pay has been tentatively fixed at Rs. 600/- each per month or the difference between their last substantive pay while in Government service and the amount of their pension earned. These appointments are for six months. The services of the first two had commenced during September last year while the third one had started to serve since the beginning of last March.

Prolonged deliberation was held in that connection being participated in by Councillors Nripen Banerjee, K. L. Dhandhanian and others. Councillor S. K. Gupta, I.O.S., held that proper assessment of buildings was a judicial matter and it should be proceeded on judicial lines. Councillor Dhandhanian put up a progress report of the work done by these Special Officers before the House.

CITY NEWS PARADE

OBITUARY: The death of Shri Alindra Kumar Gangoly occurred at his residence on Tuesday, the 13th May last. He was 75.

A disciple of Abanindranath Tagore, the master mind in this branch and a younger brother of Professor O. C. Gangoly, the late Alindra Kumar was associated with the New Movement in Indian painting. Among his best works are "Love Letter," "Artist's Daughter," and "Rasa Lila." He was also a pupil of Acharyya Nanda Lal Bose, Shri Asita Kumar Halder and the late Shri Surendra Nath Ganguly at the Government Art School, Calcutta. He displayed original artistic talents in his pictorial compositions.

THIRD ANNIVERSARY OF BANDUNG FESTIVAL was observed in this city through a two days celebration. Inaugurating the function at Rabindra Bharati, northern part of the city, on Saturday, the 17th May last, Janab Humayun Kabir, Union Minister for Scientific Research and Cultural Affairs, said that the Conference was organized to maintain and strengthen the forces of peace.

The special emphasis of the Conference on Afro-Asian countries, he said, was merely a recognition of the fact that the comparative backwardness of these areas demanded special measures. But the revival of Afro-Asian contacts was not at the cost of Afro-Asian association with Europe and America.

It was easier, the Union Minister said, to unite people against something than for nothing. The Bandung Conference was perhaps the first attempt to bring together people on the basis of positive co-operation for peace.

Janab Kabir added that the principles of Panch Shila reiterated at the conference were much discussed in international politics. Panch Shila was essentially an extension of the spirit of federalism that existed in India.

Dr. Anup Singh, M.P., said that Bandung Conference was pooling together of the spiritual and moral resources, dynamic and vast cultural heritage of Asia and Africa. The Asian and African group in the UNO had also made some important contributions to promote world peace.

Shri P. C. Sen, Minister, Food Department, said that they had assembled to echo the spirit of the nations to maintain peace in the world for which the Asian and African nations had met at Bandung. Its object was not to form any bloc against Europe or America. If they could not bring peace and maintain it the civilization would be destroyed.

Shri Sen added that the Institute of Asian and African Relations should be made a living one for the promotion of peace and goodwill among the nations.

Several others including Dr. Kalidas Nag and Prof. Hiralal Chopra also addressed the gathering.

JATIYA MAHILA SANHATI, a women's organization holding its two-day Delegates' Session in this city at National School, expressed concern over the mounting unemployment and deteriorating food situation in the State. It also passed resolutions demanding abolition of the dowry system and welcoming the Suppression of Immoral Traffic in Women and Girls Act. Nearly one hundred delegates from different parts of the country attended the session.

The organization expressed the view that the employment potential in the State was gradually shrinking. The situation

could be met to some extent if the Government undertook extensive development of cottage industries with training facilities and arrangements for supply of raw materials and sale of the products through co-operative organisations in collaboration with non-official organisations.

Pointing to the rising prices and acute food scarcity within the State, the meeting thought that if proper steps were not taken, the food situation would be grave within few months.

Legislation to stop immoral traffic in women, the Sanhati said, should have been preceded by schemes for proper rehabilitation of fallen women. In the absence of any such schemes, the Act, instead of solving a problem, was creating fresh problems.

At the second day's session, Shrimati Lila Roy regretted that an adequate number of women were not offering themselves for social service work. At the same time she was pleased that social service organizations were gradually extending their activities to rural areas and helping to bridge the gulf between urban and rural life.

Shrimati Saila Sen, who presided over the session, and Shrimati Basana Mukherjee were elected President and Secretary, respectively, for 1958-59 of the Sanhati.

FIRES, ETC.: A fire broke out in a coal bunker at the Oriental Gas Company's factory on Canal East Road, eastern part of the city, on Sunday night, the 18th May. Climbing to the top of the 50-foot high bunker of 16-tons of coal the Fire Service men put out the flames in about two hours. As a result many ovens went out of action and the supply of gas was affected. Domestic and commercial consumers received supplies at a reduced pressure even on the next day. Street gas lamps were also affected.

Ramsankar, a boy of four was drowned in a water reservoir in Kundu Lane, Belgachia on Thursday, the 15th May last. While playing near a deep water reservoir of the Railway quarters the boy fell into it and was drowned.

ALL-INDIA SANSKRIT RASTABHASA CONFERENCE holding its two-day Session advanced arguments in support of Sanskrit's claim to the status of the Indian Union's official language by different speakers. The Conference began at the University Institute Hall, Central Calcutta, on Saturday, the 17th May last.

Presiding over the conference, Shri Sitaram Das Ontarnath said that if Hindi was made the official language it would place Hindi-speaking people in an advantageous position. If Sanskrit was given the status, it would be of great benefit to all sections of the people. He did not agree with the contention that it was difficult to learn Sanskrit. He thought that if students spent 17 years to have knowledge of English, it would take them only seven to eight years to have a good grasp of Sanskrit.

In his inaugural speech, Shri S. N. Modak said that the question was whether Hindi was sufficiently developed to deserve the status of official language. If the language to be given that status, Shri Modak argued, it should be equally acceptable to all, must not provoke mutual jealousies and must not be of special advantage to one particular group. He felt that such considerations would justify the selection of Sanskrit.

Dr. R. N. Sen Gupta, Chairman of the Reception Committee, said that it should be the duty of the Union Government to devise ways and means for the study of Sanskrit and to give it a proper place in the curriculum of studies.

On Sunday, the conference suggested that Sanskrit written in the Devanagiri script be declared the official language of India. Sanskrit, the resolution argued, was used

and respected by all classes of people throughout India and was the basis of Indian culture.

The programme of the second day also included apart from lectures, demonstration of Sanskrit songs of Dr. J. B. Chaudhuri by Shri Pankaj Kumar Mallik, Shrimati Chabi Banerji, Shri Bimal Bhushan, and other well-known artistes.

EIGHTH CHARAK PRASASTI CELEBRATION was held on Monday, the 12th May last at the Students' Hall, College Square. Inaugurating the function, Dr. Radha Kumud Mukherji dealt with the ancient system of teaching Ayurveda as one of the five compulsory subjects and spread of this healing science in Egypt and many European countries. He also spoke about the marvellous treatment of Jibaka, physician to Emperor Bimbisara who treated successfully the brain disease of a rich man with surgical operation and cured Lord Buddha of constipation only by inhalation of a medicated lotus.

Dr. Mukherji advised the Ayurvedic physicians to delve deep into the lore of Ayurvedic treatises, to march forward for greater achievements and to cope successfully with new diseases.

Founder-President Kaviraj Bagala Kumar Majumder invited the Kavirajes to the arduous task of realising fundamental truths of Ayurveda as inculcated in the Charaka Samhita to break new grounds for the advancement of the science.

In his presidential address, Kaviraj Kumud Chandra Bhattacharya laid stress upon the responsibility of the

Ayurvedic practitioners in order to improve the science with research.

Kaviraj Nagendra Nath Das + Sharma read an article on "The Method of Treatment in Charaka".

Kaviraj L. K. Pandey, Prof. Tripura Sen Sastri, Kaviraj Murari Mohan Ghosh, also spoke about the great sage and his marvellous contributions to the world of science.

DEMONSTRATIONS: A section of employees of the West Bengal Board of Secondary Education on S. N. Banerjee Road, Central Calcutta, stopped work and demonstrated before the Secretary's room for about two hours on Friday, the 16th May last. The demonstration was in protest against a suspension order served on an employee who had been alleged to have assaulted one of his office colleagues. The order was, however, withdrawn later on.

Suburban railway passengers' demonstrations have reached at their peaks during these days due to late running of trains. Not satisfied with the explanations given by the authorities the passengers squatted on railway tracks and caused disturbances in carrying on their duties. One of the reasons for the slow movement of locomotives has been traced as excessive salinity in the water used for steam in engines.

A MONSOONISH WEATHER IN CALCUTTA was experienced on Saturday, the 17th May last. The sky was overcast throughout the day. A drizzle began late in the afternoon, continuing throughout the night. The temperature during the day was appreciably lower, following oppressive heat on the preceding days. The rainfall recorded 1.0 mm (0.04 in.) on that day.

The Alipore Weather Office said that a cyclonic storm of moderate intensity developed in the Central Bay in the morning. During the day it moved into the North Bay and centred at about 200 miles south of the city by the evening.

On Sunday, the 18th May, there were intermittent drizzles and the sky also remained overcast. Rainfall was 0.38 in. The day's maximum temperature was 29 degree C (85 degree F) 6 degree C (11 degree F) below normal. On Tuesday, the minimum temperature was also below normal still the city sweltered in oppressive heat. People looked vainly for a shower.

Fair to cloudy weather, rise in day's temperature were the forecasts for many of the days during this week. Development of thundery condition towards the evening, little change in days' temperature were also the other forecasts for the rest of the period.

ST. JOHN AMBULANCE BRIGADE

CALCUTTA CORPORATION DIVISION

ESTABLISHED a few years back the St. John Ambulance Brigade, Calcutta Corporation Division, has been carrying on humanitarian services from the beginning. Within a short period the members of the Brigade have done some amount of philanthropic work which should receive recognition on all hands.

Posted at Babu Ghat within this city during the occasion of the Solar Eclipse in April last the members of the Brigade rendered admirable services to the public. Nearly twenty persons were attended to. Besides, with the raging of the epidemic diseases cholera inoculation centres have been opened at three different corners of the city. Competent medical practitioners were regularly attended to those centres for the purpose of inoculation. The centres were located one at 6, Wellington Square, Mosquito Control Office, Central Calcutta, the second at 46/2, Monsatala Lane, Kidderpore and the third one at Dhakuria, the southern extremity of the city.

The Annual Report of the Brigade for the year 1957, speaks of the multifarious duties performed by the members stretching over the period along with occasional intensity during festivals and other occasions. It included also running of inoculation and vaccination centres, holding of First-aid classes, attending to the injured and other services as also opening of Milk kitchens to supply milk to the needy. The other programme included participation in Drills and Parades. Annual Camps and Inspections and others by the members. Public welfare activities were also there. The Brigade also joined the March Past ceremony staged by the Corporation employees in the Central Municipal Office Lawn on the 15th August last year.

PHENEOL LAMP BRAND

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

A POWERFUL DISINFECTING FLUID

—DISINFECTS—

Drains, Cess-pools, Hospitals, Sick-rooms,
Lavatories and every place where Dirt and
Disease Germs are likely to lurk.

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Rs. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

A. QASIM, BAR-AT-LAW,
Supt., S. S. Hogg Market.

CALCUTTA'S LEGISLATORS

Prof. Tripurari Chakraverty, of the Department of History, Calcutta University, has been declared elected to the West Bengal Legislative Council from the Calcutta Graduates' Constituency. Polling took place on Sunday, the 25th May. This will be his second term in the Council. Prof. Chakraverty was elected to the Council in February last when the number of representatives from this Constituency was increased.

Supported mainly by the Praja Socialist Party and other leftist organizations, Prof. Chakraverty polled 2,806 votes against 895 of Dr. Prasanta Kumar Ghosh and 54 of Shri Abimash Chandra Masumdar who fought independently. There were about 15,100 voters. Total votes polled were 8,821 of which 66 votes were invalid. Shri Mazumdar forfeited his deposit. Dr. Ghosh was a Congress Party nominee.

Shri Bijay Bihari Bose and Shri Sanjosh Kumar Bhattacharjya, nominees of the All-Bengal Teachers' Association, were declared elected to the West Bengal Legislative Council from Calcutta-cum-24-Parganas Teachers' Constituency. They polled 1,614 and 980 votes respectively, against 820 of Shri Kamini Kumar Ghosh another Congress nominee who was defeated. Polling took place also on Sunday. Of 8,370 voters 3,499 cast their votes. Eighty-five votes were declared invalid.

NEW MAYOR OF POONA

Shri B. L. Shirole, a nominee of the Samajika Maharashtra Samiti has been elected Mayor of Poona for this year.

Shri Shirole was elected Mayor last year after the Samiti had obtained a majority in the civic body. But his election was declared void on the ground that his brother was employed in the Corporation.

Shri Shirole sought re-election to the Corporation in a by-election recently.

Shri Shirole secured 46 votes while his rival, Shri M. R. Mithappali, an independent member obtained 19 in a house of 65.

We extend our felicitations to the newly elected Mayor.

JUSTICE OF PEACE

The Commissioner of Police, Calcutta has been pleased to appoint Councillors Dr. Esmail Ebrahim, Abdur Rouf Ansari and Karam Hossain each as Justice of Peace in their respective wards under provisions of the present Police Act. They represent Ward Nos. 23, 40 and 51.

We offer our sincerest congratulations on their appointments as such.

It may be noted here that in the early life of this institution citizens bedecked with the honour of Justice of Peace formed the body of the Calcutta Municipal Corporation with a nominated Mayor.

ANTI-PLAGUE MEASURES

The Corporation at its meeting on the 27th May, has decided not to bear one-third share of the total cost for continuance of the Anti-Plague Schemes for the year 1958-59 and as such requested the Government of West Bengal to

shoulder the entire responsibility of the scheme by them. This was earlier recommended by the Standing Health Committee.

In course of taking the decision some of the members felt that there had ample reasons for the continuance of the scheme although Corporation might not be in a position to share one-third of the burden, many others did not favour the idea of discontinuance at all. Even during the last year five rats were found to have plague bacilli in their blood.

Harping on the same tune the newly elected Chairman of the Standing Health Committee, Alderman Dr. Amiya Kumar Bose wanted that the measures should be continued. He drew an analogy that even during peace periods every Government took defence measures for the maintenance of the same so also the Corporation should take adequate steps for the continuance of anti-plague measures when the city appeared to be free from the epidemic.

Truly, at the present moment we cannot say that the city is quite free from such diseases although it has not threatened to break out in an epidemic form. Not even a single case was reported last year in this city.

It can further be said that Greater Calcutta is still now the endemic home of plague since 1948, when plague broke out in an epidemic form and there were 157 attacks and 15 deaths from the disease in that year in the city.

Many indigenous cases occurred in that year, and the city and suburbs as a whole became endemic for plague. The epidemic took a virulent form in 1949, when attacks and deaths totalled 399 and 52, respectively.

In the meantime the State Government had taken over the epidemic control operation from the Corporation and enforced emergency measures. In 1950, there were five attacks and three deaths, the figures for 1951 and 1952 being 17 and 8 and 39 and 15. Since 1953 there has been no case of plague in Calcutta.

CORPORATION PRIMARY SCHOOL

The Fourth Annual Prize Distribution Ceremony of the Corporation Primary School for Girls, located at 5/1, Cornfield Road, South Calcutta, was held on the 11th May last. Alderman Ajit Kumar Dutta, Chairman, Standing Education Committee, presided over the function held in the lawn of the Calcutta Engineering College, at 13, Jamir Lane. Shrimati Atasi Barua distributed prizes to the successful candidates. The dilapidated condition of the school building was pointed out by the Headmistress, Shrimati Sabita Roy, in her annual report.

A large number of citizens of that locality attended the function which included a programme of singing of songs, dance recitals, performances of playlets and others being participated in by the students of the school.

Kumari Binita Roy Chaudhury, was given a gold medal as she was declared the best student of the school in academic sphere while the best prize for manners and behaviour went to Kumari Reba Sengha.

The emergency measures have been continuing since the out-break of the epidemic. On an average, about 500 rats are caught daily by traps and poisoned baits from drains, godowns, and other places in nearly 800 foci where indigenous plague cases had been detected. These rats are dissected, after rat fleas have been separated, to see if they have plague bacilli in their blood. The rat fleas collected from them are crushed and examined for the same purpose.

The localities detecting such cases are visited by cynogas squads for extensive destruction of rats. This is followed by mass anti-plague inoculation drives.

From the above the remarks of the Corporation members might be evaluated and adhered to.

DEATHS AND DISEASES IN THE CITY

Attacks and deaths from cholera in this city during the week ending the 17th May last, were 256 and 57 against 284 and 107 respectively in the week before. There had been 92 and 76 attacks and 44 and 38 deaths during the corresponding weeks last year.

After cholera tuberculosis was the killer of next higher number of human lives. During the week 29 persons died of tuberculosis against 31 in the previous week. Tuberculosis deaths were 34 and 38 during the same period last year.

Small-pox attacks and deaths were 8 and 8 against 5 and 5 the week before. During the same weeks last year small-pox attacks were 72 and 102 and deaths 68 and 82.

Deaths from all diseases during the week under review were 580 against 701 the week before. There had been 794 and 817 deaths during the corresponding weeks in 1957.

Attacks and deaths from cholera in the city during the week-ending 24th May were 172 and 48 respectively against 256 and 57 respectively during the week previous to this. There were seven imported cases during the week under review. During a similar period last year attacks were 92 and 84 while deaths numbered 44 and 38 respectively.

Deaths from small-pox were two against three in the previous week while attacks were four and three respectively during the two weeks. During last year there were increased numbers of deaths from this disease. Attacks from the disease during a corresponding fortnight last year totalled 129 while deaths were 115 including 21 imported cases.

The city was quite free from Malaria. Deaths from Typhoid were five during the week ending the 24th May against ten deaths from the same during a previous week. Tuberculosis was responsible for 27 deaths against 29 during week previous to this. During last year deaths numbered 85 in a fortnight.

Deaths from all causes totalled 565 against 580 during the week previous to this. During a fortnight last year there were 794 and 817 deaths respectively.

THE CORPORATION AT WORK

A GIST OF PROCEEDINGS OF THE 6TH ADJOURNED MEETING OF THE CORPORATION
HELD ON TUESDAY, THE 27TH MAY, 1958

TOLLYGUNGE GOLF CLUB

Referring to the recent happenings within the compound of the Tollygunge Golf Club, southern part of the city, Councillor Prasanta Kumar Sur, drew attention of the House to the rude behaviour meted to a section of refugee people by the Club's authorities. Councillor Sur alleged that when a number exceeding 10,000 refugees demonstrated before the Club's office room they were manhandled by the guards posted there.

Councillor Sur's allegations went further when he pointed out that the Club had built up a gate on a public street without obtaining previous permission for that. Even after drawing the attention of the Corporation officials in this regard as far back as 1955, no remedial measures had yet been taken.

To this the Commissioner, Shri B. K. Sen, through the Mayor, Dr. T. Sen assured the House that steps were being taken to dismantle the gate under legal advice.

The incident referred to was that playing on the Royal Calcutta Golf Club courses remained restricted for the second day on Wednesday, the 21st May last, because of apprehended trouble from refugees living outside the southern and north-eastern walls of the Club area. On Tuesday a number of refugees were alleged to have pulled down portions of the Club's southern eight-foot-high concrete walls and dug up several outlying greens. On arrival of the police, the refugees escaped.

No incident was reported on that day. To prevent recrudescence of trouble, a strong police picket with a mobile wireless van had been posted at the points where the refugees entered the Club's premises.

WATER SUPPLY HOURS CURTAILED

Councillor Amulya Charan Sarkar complained that the working hours of the big diameter tube-wells in many areas, particularly in the Tangra area, had been curtailed. People of those areas were suffering from scarcity of water in those days of extreme heat. Councillor Sarkar said that on an enquiry he had ascertained that this measure was adopted lest there would be a breakdown of plant and machinery. Councillor Sarkar urged that hours of supply should be extended so that people's misery might not be enhanced. Similar complaints were also made by others.

Councillor Nandalal Banerjee urged the House to extend the time of supply of water through lorry services whose term would have expired on the 31st May.

IRREGULARITIES IN LAW DEPARTMENT

Councillor Dr. K. P. Ghosh pointed out many of the irregularities in the Law Department while mentioning matters of urgent public importance. Out of them he cited two cases wherein the Department had shown some apathy of discrimination.

In one case an outside legal agent had accepted decretal amount from a private individual, namely

Mmt. Jahanara Jafri Begum, in spite of the fact that he was prevented from doing so by a resolution of the Standing Finance Committee. In another case, the Department was found to move slowly while recovering an arrear amount of Rs. 74,000 from Ferndel Home, an organization manned by Tea Planters only. Councillor Dr. Ghosh felt that charity should not be extended in their case also.

INCREASED NUMBER OF T. B. CASES

The growing number of deaths from Tuberculosis in the city had caused much anxiety to the citizens. This was pointed out by Councillor Satyananda Bhattacharyya who urged that due to increased incidences there were ample grounds for the disease being declared as epidemic one. The provision for declaring a disease as epidemic one can be established by the fact when a disease causes deaths more than thirty in number in each of the three subsequent weeks. He asserted that he had been noticed the increased number of deaths for the last few years and alleged the consequential inactiveness on the part of the authorities.

A CASE OF SPECIAL PAY

The House, on the recommendation of the Standing Finance Committee, sanctioned a Special Pay of Rs. 100/- per month to the Lighting Superintendent with effect from the 22nd January, 1956, the date of erection of Electric Crematorium at Mysore Gardens, for the additional duties he had to perform in this connection.

CREATION OF POSTS

The House, on the recommendation of the Standing Finance Committee, created a number of posts in connection with the opening of a Cash Counter at Cossipore Municipal Office.

A SPECIAL INCREMENT

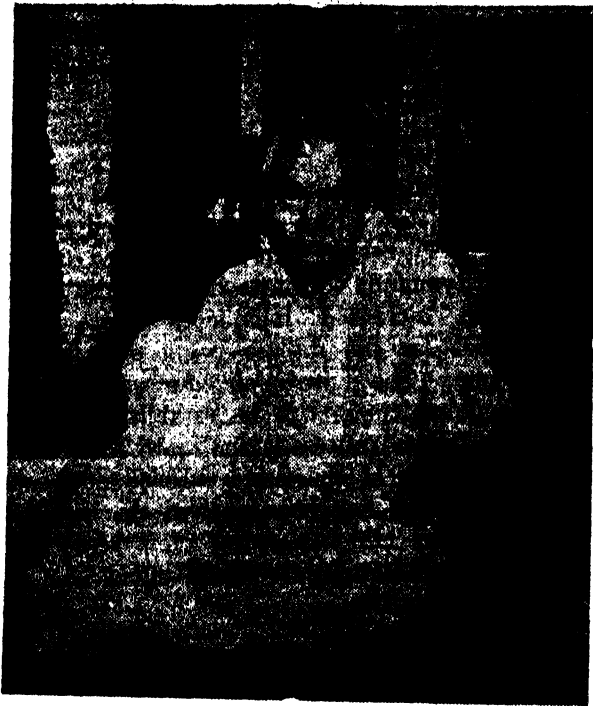

The House, on the recommendation of the Standing Finance Committee, passed the following:—

Two special increments in the revised grades be granted with effect from 31st May, 1950, to those permanent employees who were confirmed in their posts between 22nd July, 1948, (the date of Award of 1st Industrial Tribunal) and 31st May, 1950, (the date of Award of 2nd Industrial Tribunal) and in whose cases the increase in pay was less than one increment in their old, old grade at the time of fixation of pay on 31st May, 1950, in implementing the Industrial Tribunal's Award provided that their pay on 31st May, 1950, so fixed will in no case exceed the maximum of the revised grades and provided further that such employees are still in Corporation service and in the same revised grades.

A few members also felt the need of provision of funds for the purpose so that there might not be any delay in implementing the resolution.

Fifty-Ninth Birth Anniversary Observed

A POET, a rebel, a revolutionary and above all a patriot who infused thousand minds for the cause of their Motherland, KAZI NAZRUL ISLAM is one of the noblest sons of this country. He has not only earned love and respect from all but also his contributions to the Bengali

KAZI NAZRUL ISLAM

literature have added much to its treasures. Badly suffered from various ailments the poet's voice has become muffled and his presence is being felt by his physical appearance only. The voice that thundered once against the wrong-doings of the world has now become almost mum.

Still he commands love and admiration on all hands. That is why his Fifty-ninth Birthday Anniversary was celebrated in this city through different functions. Streams of people from various parts of the city and suburbs visited his residence at Manmatha Dutta Road, Tallah Park, on Sunday, the 25th May. This included people from all walks of life and all carried with them their hearts' best and sincerest tributes for the poet.

They offered the poet their hearts' greetings on his 60th Birthday and wished him many more happy returns of the day. Many sang songs, composed by the poet before him who appeared to be in a very happy mood. Some others recited poems from the poet's composition. On Sunday morning when some of his young admirers were singing his songs before him the poet was found waving his forefinger.

In the drawing room of Nazrul at Manmatha Dutta Road, bouquets and flowers brought in by admirers accumulated into heaps within a few hours in the morning. The flow of visitors continued till late in the evening.

The ailing Poet Nazrul was shifted to the present house last April. His condition is, at present, showing signs of little improvement.

At College Square, in the afternoon, a Nazrul birthday celebration programme was gone through. Shrimati Kusum Goswami, Shri Chitta Roy, Shri Bimal Bhushan Chakravorty, Kranti Silpi Sangha and Lokmancha took part in it.

At Nazrul Pathagar, an exhibition depicting the life of the Poet was thrown open to the public.

The Birth Anniversary of the revolutionary poet of Bengal, was celebrated at the office of the Deputy High Commissioner for Pakistan in Calcutta at Circus Avenue on that day in presence of writers and prominent citizens. Several of his poems were recited and songs composed by him were sung.

Dr. Srikumar Banerjee, who presided, referred to the directness of Nazrul's poems and the wide appeal they had for the people of West Bengal and East Pakistan. The Deputy High Commissioner, Janab K. Ahmed, welcomed the guests.

Through songs only Shri Ratneswar Mukherjee, the well-known singer demonstrated the gradual developments of the poet's musical composition at Netaji Bhavan, Elgin Road, under the auspices of Sarat Bose Academy on that evening. A considerable number of citizens who attended the function were well treated with music participated in by Shri Mukherjee, Dr. Dilip Mukherjee, Shrimati Santhanu Mukherjee and others.

CALCUTTA STOCK EXCHANGE

On Wednesday, the 28th May most of the member firms of the City's Stock Exchange did not participate in the day's transactions. First of its kind, the move was to protest against "police sulum" which was followed by the arrest of a 65-year-old member of the Stock Exchange Association, Shri Bilasraj Jhunjhunwala on the previous day.

A section of the Association's members held a meeting on the pavement outside the Exchange on that day, and a resolution was also adopted.

One of the members of the Association's Committee alleged that members welcomed the police measures against the "kutni" market—unauthorised transactions outside the Stock Exchange. But it had lately been observed that plain clothed policemen swooped upon members on many occasions outside the Exchange building. He also alleged that the police would not let the members off even when they showed their membership cards.

The member further complained that the police did not take steps against the unauthorised market and the people connected with it rather harassed the Association's bona fide members.

Shri N. K. Burdhan, Deputy Commissioner of Police (Central), said that "kutni" gambling was illegal and the police had to take steps against it. During the last month over 40 persons suspected to be involved in "kutni" were arrested. Of them two were members of the Association. They were released when their membership was confirmed.

TOLLYGUNGE PEOPLE FACE DIFFICULTIES

TOLLYGUNGE has sprawled and spread over in a most irregular manner since its merger into the Corporation of Calcutta on 1st April, 1953. These five years is a big span in the life of that eight and a half square mile area. Its number of buildings has increased largely so also the population multiplied. Civic problems have reached at the crux of their situations. Water Supply, Conservancy Services, Street Lighting, extension of roads and drainage systems and what not, all these have found to be insufficient and inadequate in each and every respect. The regularization of the squatters' colonies as well as extension of modern civic amenities have added another feather to those problems.

But the assessment procedure introduced in that part of the city at par with the city proper as well as the system of General Re-valuation have caused much concern to the rate-payers of that locality. Agitation in that respect is developing gradually since the introduction of the system there. So long the method of assessment was based on the provisions of the Bengal Municipal Act then current. Thus the annual rental valuation of about Rs. 60 lakhs in 1953 has immensely increased to Rs. 1.86 crores in 1958.

The local citizens have already voiced their protests through a number of meetings and demonstrations. A Memorandum submitted to the Minister of the Local Self-Government, Shri I. D. Jalan had resulted in his august visit in that part in order to see things himself towards the earlier part of last week. The Councillors representing that area also went in deputation to discuss the issue in one of the days during that week. They also organized a Press Conference to ventilate the Tollygunge peoples' difficulties in one day in the Central Municipal Office Buildings, Surendra Nath Banerjee Road, wherein the Mayor, Dr. Triguna Sen, was present. The Conference was addressed by Councillors Nripendra Nath Banerjee, Prasanta Kumar Sur, Dr. Aurabindo Prasad Das Gupta, and Raj Satyendra Nath Mitra. It was also attended by many of the Corporation officials. In course of their discussion Councillor Banerjee alleged that after Tollygunge was brought under the administration of the Corporation, no measures had yet been taken to develop the area. A number of development schemes, they pointed out, were chalked out but they were still kept in cold storage, according to him. As a result the people of that area had been experiencing difficulties to much extent.

Councillor Banerjee also said how far the present enhancement of rental valuation was justified that required to be tested in the absence of proper amenities. And for that he urged for a general survey of the Tollygunge area as a whole for standardization of rents.

Councillor Banerjee also regretted that Corporation did nothing to develop the Tollygunge area but was going to realise the enhanced rate from the rate-payers. He emphasized that there should be no enhancement of Rates for a period of six years at least during which period adequate

measures would be taken to provide minimum civic amenities to the rate-payers.

Showing a deep sense of resentment all of them were unanimous to state that the Corporation, which had recently completed General Re-valuation of the Five-Ward Tollygunge area, exorbitantly enhanced the valuations. The enhanced rate, they said, would hit the middle class people hard. They also looked upon the other side with much foresight. And they went so far to say that this enhanced taxation would surely up-root the middle class Bengali people where the evils of unemployment had already taken roots.

Councillor Prosanta Kumar Sur pointing out to the insanitary condition of the squatters' colonies, emphasized that immediate steps should be taken to provide civic amenities to those areas.

The most important part of his speech was for the amendment of certain sections of the Calcutta Municipal Act, 1951, whereby rate-payers might get relief to a certain extent.

Councillor Sur further wanted that all the private roads in that area should be municipalized for extending larger amenities.

Referring to the inconvenience of the people for the lack of any drainage system Councillor Dr. A. P. Das Gupta stressed for immediate implementation of Rs. 34 lakh Tollygunge-Baistala-Punchanyagram Drainage Scheme. With the execution of the scheme not only the people of Tollygunge area would be benefited but it would also be of great service to the people of adjoining areas, he said. In that connection he also criticized the Government's delatory tactics to undertake the scheme, so very important one.

Councillor Raj Satyen Mitra said that the Corporation had approached the State Government for an advance of a loan of Rs. 33 lakhs for the development of Tollygunge area but it was a matter of regret that the Government had recently intimated its inability to pay advance.

Whatever relief that might benefit the area was a loan to be repaid after stipulated period amounting to about Rs. Three Crores under the Second Five Year Plan and a scheme had also been taken up for the same amount, as announced by the Chief Engineer Shri A. K. Sen there.

The Conference was followed by a representation to the Minister for Local Self-Government who agreed to discuss the issue at a Tripartite Conference at the Writers' Building.

Thus faced with a series of representations from people of Tollygunge against Corporation's decision to enhance rates 3½ times in the old Tollygunge municipal area the West Bengal Government is trying to find out a compromise formula.

While the Corporation insisted that enhancement of rates in the Tollygunge area was necessary for its development and to make the rate structure uniform, the rate-payers protested against the increase on the ground that civic amenities in

(Continued on page 157)

"EATABLES ARE CHEAP,"

[By B. V. Roy, M.A.]

INDIA had always been a land flowing with milk and honey, where all kinds of food-stuffs were not only cheap but plentifully available as well; food grains such as rice and wheat, fish, meat, vegetables and fruits were all plentiful and cheap. What interests us most at the present moment in this topsy-turning world of ours, is the cost of the various articles of food, clothing and other every day necessities. Prices of all commodities, essential or otherwise, have soared to heights undreamt of before, and not only their dearthness but their dearth as well, affects us, the citizens of Calcutta, most intimately. If however, we go back to the past history of the city, we would be surprised at the prices at which food-stuffs and other essential commodities were sold, though luxuries imported from foreign countries in some cases cost much more than they do to-day.

One of the earliest Englishmen to visit India was Thomas Coryat, who came to India early in the 17th century. He wrote "all eatable things are cheap in Asia" after he had spent sometime in India. He was born at a place named Odcombe in Somersetshire, in England. He was a well-educated man, but rather eccentric and had a hobby for undertaking long journeys on foot. He once quaintly described himself as the "Odcombian legge-pusher" referring to his hobby. After completing a long pedestrian tour over most of Europe, in the year 1612 he voyaged to Constantinople, where he spent two years. Then he proceeded inland, and starting from Tabriz to Persia, he travelled on foot all the way to Ajmere in India, where the "Great Mogul"—the Emperor Jehangir—then held his Court. Coryat used to write letters to his mother in England in which he gave descriptive details of most of the places he visited. When we consider the period when Coryat accomplished the journey from Persia to India, and the fact that it was done on foot, we must admit it was a remarkable feat. What made it more remarkable was that he had very little money with him, and as he says to his mother, he could live pretty well at two pence sterling a day" i.e., about one & a half anna. This is noteworthy evidence of the cheapness of living in those days, and his own words may be quoted:—

"All eatable things are cheap in Asia, drinkable things costing nothing, for seldom do I drink in my pilgrimage any other liquor than pure water."

It now seems like a fantastic fairy tale that an Englishman could subsist on only 1½ annas a day spent for his meals. Bernier, who visited Bengal in 1666, frequently mentioned "the rich exuberance of the country" and called Bengal "the most fruitful country in the world." He wrote.

The three or four sorts of vegetables which together with rice and butter, form the chief food of the common people, are purchased for the mere trifle.....Fish of every species whether fresh or salt, is in the same profusion. In a word, Bengal abounds with every necessary of life."

From certain unpublished records of the Dutch at Chinsura, quoted by Long in the Calcutta Review 1847, it is found that in the year preceding the greatest and most calamitous famine that occurred in Bengal, in the year 1770, fine rice was selling at 8 to 9½ seers a rupee, but in the famine year it was 3 to 5 seers a rupee.

A collection of sprightly letters written from Calcutta to a friend in England, by a mythical lady named "Miss Sophia Goldbourne" was published in 1789 under the title of "Hartley House." The volume gives us many pictures of English life and society in Calcutta at the end of the 18th century, together with some glimpses of Indian life and society. The writer gives us some idea of the price of "eatables" in Calcutta at that period, in the following words:

"From the high demands at the taverns and coffee-houses, you may conclude provisions are brought to market at a high price; on the contrary.....six fine ducks are sold for a rupee (two and six-pence); bread is also good and cheap; fish both excellent and cheap; likewise fowls; eggs and milk very cheap; butter dear, geese cheap—turkies dear; and half a sheep is often bought for one rupee. Vegetables are plentiful and very fine; fruit of every kind is delightful: oranges, limes, lemons, pomegranates, bananas, pummaloos, plantains, etc."

We also obtain similar information from another collection of letters written from Calcutta to England. They were written by Mrs. Fay, who came to India in 1780 and spent about 11 years in Calcutta. She writes:

"We dine too, at 2 o'clock, in the very heat of the day. I will give you our bill of fare and the general prices of things, a soup, a roast fowl, curry and rice, a mutton pie, a fore-quarter of lamb, a rice pudding tarts, very good cheese, fresh-churned butter, fine bread, excellent Maderia (that is expensive) but eatables are cheap; a whole sheep costs but two rupees, a lamb one rupee, six good fowls or ducks ditto, twelve pigeons ditto, twelve pounds of bread ditto, two pounds of butter ditto. English claret sells at this time at Rs. 60/- a dozen." The last item (claret) was a heavy expenditure, as everyone drank at least a bottle a day, and some men consumed 4 or 5 bottles a day, which at Rs. 5/- a bottle costs a great deal.

On the 29th January, 1780 was published the first newspaper in Calcutta (or, for the matter of that, in India) named "The Bengal Gazette and Calcutta General Advertiser", but commonly known as Hickey's Gazette from the name of its proprietor and Editor James Augustus Hickey. In an issue of the paper for April 1780, we find a list of "market prices current" from which we see that rice was then being sold in Calcutta at Rs. 1-4-0 to Rs. 1-8-0 per maund. Also sugar at Rs. 7-8-0 and ghee at Rs. 6/- per maund etc. Coming to the year 1800, we find certain expense accounts of

the Calcutta Free School for that year (quoted by Hyde in his "Parochial annals of Bengal"). It may be mentioned that the school was founded in the 18th century for the maintenance and education of indigent Christian children, the cost being met out of Trust funds. In the year 1800, there were 159 children, and we see that rice was purchased for the boarders at Rs. 1-4-0 per maund, milk at 18 seers to the rupee, "dhal" (pulses) cost 2 annas for 5 seers (i.e., a rupee a maund) and ghee was purchased at 11½ chittaks for 8 annas which works out at about Rs. 27/- per maund.

The "Calcutta Gazette" (founded in 1784) published in an issue of the year 1817, a list of "market prices current" similar to the one quoted above from Hickey's Gazette. The entire list is a long one and I shall confine myself to quoting only a few items that will make the reader of today lick his lips and wish that the hands of time might be put back 150 years, when he would find himself in a gourmand's paradise. From the list it is clear that a rupee went a long, long way further than it does now. For the sum of one rupee you could purchase 30 seers of wheat, or 12 seers of flour or 84 chittacks of cow-ghee, or 4 seers of sugar, or 14 seers of milk. As regards rice, the prices quoted were for various sorts and roughly speaking, you could purchase from 11 to 44 seers of rice according to quality for a rupee. To be more exact, "Patna fine table rice" was obtainable at 11 seers a rupee, middling quality at 25 seers a rupee, coarse 30 seers, while another quality described as "Donneylalley" was sold at 44 seers a rupee i.e., just under a rupee a maund. Potatoes ranged from 2 to 4 rupees a maund, fowls 3 to 10 per rupee according to size, while "Chittagong Fowls" sold at Rs. 1/4/- to 1/12/- per pair; Ducks at Rs. 3 per pair and pigeons 3 annas each. Fish was similarly cheap, big fresh water fish, like Rohi spelt in the list as "rowe") and Cutlah about 4 annas a seer, climbing fish or koi (spelt as "quoye") 2 annas, prawn 3 annas, and other small fish like tangrah and chunna one anna per seer. Firewood specified as "1st sort split soondry" sold at 5½ maunds for a rupee. Best Cow-ghee sold at 30 chittacks per rupee, and milk at 14 seers per rupee.

Coming to the middle of the 19th century it appears that a set of accounts for the month of November, 1850, kept by a Bengali family residing in Calcutta has recently been acquired for the National Archives of Free India. In these accounts, the price of fine rice is given at Rs. 1/9/ per maund, ghee—7 annas a seer, mustard oil 12 annas for 5½ seers etc. It is also found that two dozen plantains or eight oranges cost one anna. The price of a piece of dhoti is given as 6 annas and a sari 10 annas.

And in the present day? In Calcutta we are purchasing rice at Rs. 26 a maund. 60 years ago, sugar imported from Java, after paying shipping freight and duty could be sold at 8 annas a seer, while today we are paying a rupee a seer for sugar made in Indian Mills from Indian sugarcane. As for fish, the less said the better. Almost all varieties range from Rs. 3 to 4 per seer and in ordinary middle class families, it is absent from the menu except perhaps one or twice a week.

—TOLLYGUNGE PEOPLE FACE DIFFICULTIES.

(Continued from page 135)

Tollygunge had not improved since its amalgamation with the Corporation.

Although the Government had no jurisdiction to dissuade the Corporation from its decision to enhance rates it was trying "a goodwill intervention."

The West Bengal Government also felt that a sudden rise by 3½ times would weigh very heavily upon the rate-payers. It had referred the affair to the Legal Remembrancer for opinion if the State Government had any jurisdiction to intervene.

At the Conference in the room of Shri I. D. Jalan, Minister for Local Self-Government, in Writers' Building, on Thursday, the 29th May, five Councillors representing the Tollygunge area presented the rate-payers' grievances over the Corporation's scheme to raise the valuation of holdings.

The Corporation was represented by the Mayor, Dr. Triguna Sen, the Chairman of the Standing Finance Committee, Councillor K. L. Dhandhanian, the Commissioner, Shri B. K. Sen and the Assessor Shri A. Bhattacharyee. The Councillors emphasized that re-assessment should be kept in abeyance for at least five more years by which time the area might be provided with reasonable minimum civic amenities or in the alternative the increase in valuation be restricted to 10 per cent. except in cases where gross under-assessment was detected.

Dr. Jnan Mazumder, M.L.A. representing a part of that area was also present in that Conference.

The conference though inconclusive one still the air was in favour of the people.

The Corporation itself also faced a problem in regard to valuation of the Squatters' Colonies in that area. The owners of the land housing most of the colonies could not be discovered. Under the present Calcutta Municipal Act they are liable to pay half the share of Consolidated Rate, the other half to be borne by the occupiers. The whole burden would appear to fall on the occupiers.

The Mayor had recently suggested that either the owners must be made to pay their shares of the tax or the State Government should bear it. In pursuance of this suggestion the Corporation asked the State Government to pay two lakhs annually. The Corporation also wanted the Government to make a grant of Rs. 2 lakhs to compensate for the loss it had incurred on account of the delay in regularizing the colonies.

Meanwhile, the Corporation had finalized arrangements to issue enhanced Demand Notices to its Tollygunge ratepayers from the 1st June. The Corporation has assessed the valuation of 28,000 holdings in the area at Rs. 2.10 crores. In the weekly meeting of the Corporation on Friday, the 30th May, Councillors Prasanta Kumar Sur and Deva Prasad Chatterjee, M.L.C., demanded that Corporation should refrain from issuing those Demand Notices as State intervention had been assured and they hoped relief would soon be forthcoming.

HEALTH AND HYGIENE

BLOOD CIRCULATION

(AN ANCIENT INDIAN METHOD.)

[By SHRI N. N. SINGH]

The Arabs were the first to approve the circulation of blood and thereby to disclaim the priority of William Harvey's Discovery of Blood Circulation in the early seventeenth century. But the authors were totally silent about the ancient Indian knowledge on the subject.

The necessity of enlightening the readers on this subject by throwing light from the high authorities of Indian Medicine like Charaka is now being felt keenly. The chronological priority of Charaka has been safely put to the pre-Buddhist era by many notable Indologists amongst whom the name of Acharyya Profulla Chandra Ray, the celebrated author of "A History of Hindu Chemistry" is foremost.

Charaka says that there are ten main 'Dhamanis' (arteries) in the Thoracic region (Hridaya). They are called 'Mahamula' and 'Mahaphala'. These Dhamanis carry blood admixed with 'Oja' all around the body and the human being sustains on the supply of this 'Oja' which is a 'Tejas' substance coming from the Space. Because of these ten Dhamanis being attached to the heart they are called Mahaphala (Mahat means Hridaya, c.f. Heart).

According to the Ayurveda the word 'Dhamani' specifically connotes the mechanical function of one particular type of blood vessels and thereby differ them from other types namely, the 'Siras' (veins). Again both the types of blood vessels have been categorised under a common head of organism called 'Srotas'. Sushruta has called these 'Srotas' as 'Sarva Vaha'.

The etymological root of the word 'Dhamani' in Sanskrit is 'Dhama' which means to blow.

We know that the arteries blow or pump blood so that they may perform the function of circulating blood in the body. Similarly the root Sri which means 'to move' is responsible for making the word 'Sira'. Then the word 'Srota'—derived from the root *Sru* which, in causative form means 'to make flow' invariably signify a vascular system.

The original sloka from 'Charaka Samhita' will help learned readers to appreciate the terminological super-excellence that has codified the knowledge of blood circulation with the help of the above three words, viz., 'Dhamani', 'Sira', and 'Srotas'.

Charaka says—"Dhmanat Dhamunah Srabanat Srotamsi Saranat Sira" (Charaka, Sutrasthana). Thus we find how the knowledge of circulatory system has found full expression in three words.

About this ancient Indian knowledge of blood circulation readers may get further information on the Hindu conception of the "Chemistry of Digestion" from Acharyya Roy's same book. He writes, "The essence of chyle from the small intestines is driven by the biomotor force, the Pranavayu, along a Dhamani trunk first to the heart and thence to the liver and the spleen. And in the liver, the colouring substance in the bile acts on the essence of chyle especially on the Tajas substance therein, and imparts to it a red pigment, transforming it into blood. But the grosser part of the chyle proceeds along the Dhamanis, being driven by the biomotor force, the 'Vyana Vayu' all over the body." Thus unless there is a closed transport circuit or vascular system the above mentioned performances of the chyle and blood are not at all possible.

Charaka further states that 'Ojas' is being pumped through the same 'Srotas' like 'Dhamanis' to the various parts of the body for the healthy sustenance of the latter. The sloka supporting the above statement runs like this "Ojovahah Sarire Va Vidhamyante Samantatah Yenoujasa Varatanyanti Prinitah Sarvadehinah."

This Ojas, mentioned above, is nothing but blood admixed with oxygen. And we know how blood is oxygenated in the lungs and then circulated by the heart. Charaka says "Oja is yellowish red colour pure blood found in the heart (Hridaya Tishthati), for want of which it cannot sustain."

Now all these pointed references go to prove convincingly that ancient Indian authorities in medicine had a very clear knowledge about the blood circulation. And not only they had got this knowledge but also they knew that the vascular system carried not only the blood in the ordinary sense but also chyle from small intestine, their pigmentation in the liver and spleen region, and apart from the systemic blood there is a special kind of pure blood, whose place is in the pulmonary region (cf. Hridi Tishthati). This pure blood they would call 'Oja' which is being circulated throughout the body (vide supra). So this knowledge of blood circulation was very well-known to ancient Indian philosopher-scientists who codified the same, very precisely. Thus the Arab knowledge of blood circulation was nothing new to contemporary India, not to speak of William Harvey's discovery in the seventeenth century. However, so far as William Harvey is concerned, it may be said that his discovery is nothing but a re-discovery in the West in the seventeenth century, of what Indians discovered about three thousand years ago.

CITY-NEWS-PARADE

OBITUARY: The death of Shri Rabindra Chandra Deb, President of the Incorporated Law Society and one of the leading solicitors in Calcutta, occurred on Saturday morning, the 24th May last, at his residence, Thanthania, central part of the city. He was 72.

A self-made man, the late Shri Deb joined the Swadeshi movement some time early in his life. He was of a charitable disposition and was interested in farming.

The late Shri Dev was the eldest nephew of late Shri Rajendra Dev, one time President of the Pradesh Congress Committee and Shri Naren Dev, the well-known poet. In 1913 he passed M.A. examination from the Presidency College. After passing his Attorneyship examination he became the partner of Messrs. G. C. Chunder & Co., Solicitors and Notary Public in 1917.

Gradually he became the Senior Partner of the firm in 1937. In 1953 he became the President of the Incorporated Law Society of Calcutta.

The Corporation at its weekly meeting on the 30th May, mourned his death. Eloquent tributes were paid to his memory by the Deputy Mayor, Shri K. C. Basu, at that meeting.

Mr. F. J. C. Friend-Pereira, Principal of Presidency College, Calcutta, died at Mandar, Ranchi, Bihar, on Sunday, the 25th May. He was 51.

The late Mr. Friend-Pereira had his early education at St. Joseph's College, North Point, Darjeeling, and later at St. Xavier's College, Calcutta. Having studied philosophy for some time in the Jesuit College, Louvain University, Belgium, he returned to India and served as lecturer in St. Xavier's College, Calcutta, and later in St. Joseph's College, Darjeeling. He took his B.A. Degree from Nagpur University in 1937, standing First in the First Division. He also won a First Class in the English Tripos from Christ Church College, Cambridge.

Joining the Bengal Government Education Service in 1939, he was Professor of English in Presidency College, Calcutta. He was Principal of Islamia College now Central Calcutta College, for eight years from 1947, and Principal, Presidency College from 1955.

A Member of the Calcutta University Senate and of the West Bengal Board of Anglo-Indian Education, the late Mr. Friend-Pereira was the author of many books in English.

RESENTMENT IN CITY'S TEACHERS' QUARTERS became apparent due to termination of services of non-matriculate and vernacular teachers under Secondary Schools under a notification of the State Government, Education Department. According to the A.B.T.A., their number is nearly 1,200.

The West Bengal Board of Secondary Education has decided to extend the services of those teachers who will improve their qualifications within a year.

A meeting of secondary teachers was held in that connection under the auspices of A.B.T.A. at Students Hall, Central Calcutta, on Saturday, the 24th May last. It suggested that those who wished to improve their qualifications should be granted at least a four months' study leave without pay; while over 50 should be exempted from appearing

in any examination, and teachers already dismissed should be re-instated.

The Association's General Secretary, Shri Satyapriya Roy, M.L.C., addressed the meeting. Shri Parameswar Prasad Nag presided.

SIR ASUTOSH MOOKERJEE'S Thirty-fourth Death Anniversary was observed in city through different functions on Sunday, the 25th May. It was observed by the employees of the Calcutta University also on that day. There was a memorial service at the foot of the statue of late Sir Asutosh at the crossing of Bentinck Street and Chittaranjan Avenue in the morning. The statue was profusely decorated with flowers and wreaths were placed at its foot. Shri Sankardas Banerjee, Speaker, conducted the service.

There was another memorial service at the Darbhanga Building, First Floor, in the evening when Mahamahopadhyay Pandit Kalipada Tarkacharyya performed the Mangalacharam. Prof. N. K. Sidhanta, Vice-Chancellor, conducted the function. Shri Jyotish Chandra Biswas and party sang Kashikhanda kirtan.

RASHBEHARI BOSE'S 73RD BIRTH DAY was celebrated in the city with due solemnity. Under the auspices of Rash Behari Bose Smarak Samity, Calcutta, the birth anniversary of late Shri Bose, the doyen of Indian revolutionaries, was held at the Calcutta University Institute Hall on Monday, the 26th May. Dr. Kalidas Nag presided and Shri Hem Chandra Ghose, an elderly revolutionary leader, inaugurated the function.

Homage was paid to the memory of that great revolutionary leader by different speakers. In a resolution passed on the occasion it urged the Corporation to re-name Canning Street after Rash Behari Bose. To instal a bust in some prominent place in the city was the second resolution. The third one sought to publish in Bengali the writings of the late Shri Bose which he did in Japanese in that country in order to disseminate India's views there.

Dr. Kalidas Nag who presided said that it was Rash Behari Bose who first established a link between India and Japan.

Making a full discussion on the life and activities of Rash Behari Bose, Shri Bhupati Mazumdar, Minister, West Bengal, remarked that his activities spread in all the spheres of a subject nation then bend to do for country's liberation.

FIRE: Fire broke out in a locked godown of the Bengal Bonded Warehouses Association on the ground floor of 3 Commercial Buildings situated between Netaji Subhas Road and Strand Road just after office hours on Monday, the 26th May.

The Fire Brigade experienced some difficulty at the place as pungent fumes, smelling of camphor, issued from the godown. About 50 packing cases containing different types of materials were destroyed.

Three workers of an aluminium factory in the Chitpore area were injured in an explosion which occurred in that factory on Saturday, the 25th May.

RECENT JAMSHEDPUR INCIDENTS caused much anxiety to the citizens. It was due to closure of the Tata Iron and Steel Co's Factory at Jamshedpur since

May 15, due to labour unrest. At first there were four-day sit-down strikes. After a lapse of eight days the factory went on commercial production on Wednesday, the 28th May. The disturbances caused loss of life as well as of property. In order to calm down the situation curfew orders were enforced; police also resorted to firing.

TISCO employees in this City protested against the police firing on the 'peaceful strikers' in Jamshedpur on Wednesday, the 31st May last. The meeting organized by the Tata Employees' Union, Calcutta, urged the Government to settle the matter through voting by the workers and negotiations with the truly representative workers' union.

A meeting organized by the Bengal Provincial Trade Union Congress at the foot of the Ochterloney Monument, Maidan, on Friday, the 23rd May last demanded release of arrested workers in Jamshedpur and settlement of the dispute through negotiation. A resolution, stated that while the workers of TISCO under the leadership of the Jamshedpur Mazdoor Union had been carrying on its campaign in a disciplined and peaceful way, the Bihar Government had resorted to repressive measures.

Shrimati Renu Chakravorty, M.P., who toured some affected areas of Jamshedpur on Thursday with Janab Mohommed Illus, M.P., said that she had seen union's office destroyed by the police. The main reason for the dispute, she said, was non-recognition of the union by the management. If the Government was really serious in increasing the output of steel, it must intervene to settle the dispute peacefully. Janab Illus, Shri B. T. Randive and others also addressed the meeting. There had been loss of over 19,000 tons of steel production costing about Rs. 1.11 crores.

The Corporation at its weekly meeting on the same day also condoled the deaths of the victims of police firing.

CALCUTTA'S MERCURY TOUCHED 111 DEGREE FAHRENHEIT or 44 degree C on Tuesday, the 27th May, when the city experienced the hottest day after 34 years. Three cases of heat exhaustion were taken to hospital on that day, which was most dis-comfortable to all. The cooling inflow of moisture from the south was checked by the development of an upper air trough over East Pakistan.

The day would have been worse if it was not comparatively dry. The day's lowest humidity was 20 per cent. and the highest 80 per cent.

Many flocked to air-conditioned restaurants and cinemas. The sale of ice in the city increased by about 25 per cent. since Sunday, the 25th May when the abnormality in weather was witnessed. In June, 1924 mercury hit 111 Degree F according to Alipore Weather Experts. A non-official report, however, said that the highest temperature ever recorded in Calcutta, Bowbazar, was 117 Degree F on the 31st May, 1924.

On Wednesday although the temperature dropped appreciably from 39 degree C to 28 degree C still the day appeared to be a gruelling one.

Shri Hirendra Nath Das, aged about 50, suddenly collapsed and died in the office of the General Administration, tenth floor of the New Secretariat Building at Strand Road at about 1-15 P.M. Shri Das went to the office to make some payments. No definite cause of his death was ascertained except the probable reason of heat-stroke.

Sunday, the 25th May, was another hottest day in the city when the maximum temperature rose to 43 degree Centigrade or 109 degree Fahrenheit.

Citizens experienced extreme discomfort throughout the day. The hot and dry wind burnt peoples' cheeks in the afternoon when the temperature was at its highest. The humidity was low, the minimum being 27 per cent.

According to Alipore meteorologists, the continuing hot spell was caused by the replacement of the usual south to

south-westerly currents from the Bay by west to north-westerly dry air from Uttar Pradesh and Bihar.

Citizens felt no relief even on Monday from the last few days' oppressive heat. The hot spell was the topic of conversation in public places. The guests harassed by many about the temperature were widely off the mark as the weather office recorded a drop of four degrees Fahrenheit in maximum temperature. Humidity remained at a fairly high level throughout the day and a hot breeze added to the discomfort.

On Saturday, the last day of the week ending the 24th May, the maximum temperature rose to 105 degree F. Although lower than the maximum temperature during the last few days the high temperature, coming in the wake of a hot and humid spell, caused extreme discomfort to residents in this over-congested city. Conditions were made worse by reported short supply of bathing water in many quarters. People returning from offices and business places in crowded public vehicles, shortly after midday, suffered worst when the temperature was at its highest. In the evening many sought relief in open spaces which were unusually crowded.

Wednesday's rainfall was accompanied by thunderstorm and light hail lasting for about half-an-hour. It gave considerable relief to the citizens but the rainfall was only 7.6 m.m. or 0.30 inches locating in and around the city. During squall the wind speed reached 42 miles per hour.

There was nothing uncommon on Thursday's weather condition except the rise of maximum temperature up to 103 degree F or 40 degree C, 5 degree C above normal. The minimum temperature was also 1 degree above normal.

HOUSE COLLAPSES: Wednesday's sharp shower knocked down the 50-ft. along parapet of a two-storied building at 106,, Diamond Harbour Road, Kidderpore. Its rear part portion fell into a narrow passage behind injuring two porters. The Fire Brigade men, cordoned off the area. Two officers of the Corporation's Buildings Department inspected the place. People residing nearby complained that the building had not been properly repaired since it was constructed over 30 years ago.

Seven people were injured, including a woman when three rooms of a bustee on Manicktolla Main Road, eastern part of the city collapsed on that afternoon. The rooms had brick walls and the roof was tiled. The Fire Brigade men rescued the injured from under the debris. The Corporation has asked inmates of a few small hutments in the bustee to vacate the rooms as they were not considered safe.

A 60 ft. by 15 ft. brick wall of a godown near the Bagbazar Tram Depot collapsed and obstructed tram services and other traffic on Upper Chitpur Road for about half-an-hour. Suffering from injuries received in various kinds of accidents during the storm, 25 people were taken to N. R. Sarkar Hospital. A tin shed was blown away from the Sealdah station compound, injuring about 15 refugees.

CORPORATION NOTICES

To All Registered Petty Improvement Contractors

District No. I Engineering Department

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." on 6th June, 1958, up to 2 p.m.

The abstract of the estimate can be seen at District Engineer I's Office. The Corporation standard specification will apply on the work. Petty tender forms of the Corporation are to be used in submission of tenders.

The successful tenderer shall have to deposit 5 p.c. on the total value of the accepted tender, as security deposit within a week from the date of intimation of the acceptance of tender and shall have to execute an agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid the tenderer shall be liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the authority and the S.D. for P.I. works may at the discretion of the Commissioner be forfeited.

12 Repairs to kerb and ch. stones at eastern side of Amherst Street, Ward No. 28 and 29, Rs. 1,043, dated 23rd May, 1958, (one month).

13. Repairs to footpath at Dino Nathi Mitra Lane, W. C. Banerjee Street, Ram Dulal Sarkar Street and Boloram Dey Street (portion) in Ward No. 20—Rs. 4,514/-, dated 23rd May, 1958 (1½ months).

14. Repairs to different narrow lanes and sewerage ditches in Ward No. 22—4,419/-, dated 22nd May, 1958 (1½ month).

15. Repairs to footpath at Burman Street, Bal Mukund Makkar Road and Madan Chatterjee Lane in Ward No. 21—Rs. 4,419/-, dated 22nd May, 1958 (1½ months).

16. Repairs to footpath at Chittaranjan Avenue from premises No. 175 to 220 in Ward No. 21 & 22—Rs. 4,595/-, dated 22nd May, 1958 (1½ months).

17. Repairs to footpath at Rajendra Deb Road, Mitra Lane, Muktarab Babu Street and Tarak Pramanik Road in Ward No. 22—Rs. 4,624/-, dated 22nd May, 1958 (1½ months).

18. Repair to sewer ditches at different sites within Ward No. 13—Rs. 1,717/-, dated 10th May, 1958 (1 month).

19. Repairs to sewer ditches at different sites within Ward No. 11—Rs. 1,789/-, dated 10th May, 1958 (1 month).

20. Repairs to sewer ditches at different sites within Ward No. 11—Rs. 1,110/-, dated 10th May, 1958 (1 month).

21. Repairs to narrow lanes at Basak Bagan Lane and Radha Madhab Saha Lane in Ward No. 22—Rs. 1,206/-, dated 1st May, 1958 (1 month).

Revision of Electoral Rolls.

NOTICE.

[Rule 28(2) of the Calcutta Municipal Electoral (Preparation and Publication and Revision and Republication of Electoral Rolls) Rules, 1952]

With reference to the notice published to-day under Rule 27 of the Calcutta Municipal Electoral (Preparation and Publication and Revision and Republication of Electoral Rolls) Rules, 1952, inviting Claims and Objections in connection with the revision in the year 1958-59 of the electoral rolls of the Constituencies Nos. 1 to 75, it is hereby notified under Rule 28(2) of the said rules for general information that a complete copy of the electoral roll of the Constituencies Nos. 1 to 75 will be kept for public inspection at the following places during office hours throughout the period from the 27th May, 1958 to the 4th July, 1958, both days inclusive, during which claims and objections will be received.

(i) Office of the Registering Authority at the Election Department, Central Municipal Office, 5, Surendra Nath Banerjee Road, Calcutta.

(ii) District I Municipal Office at 79, Cornwallis Street, Calcutta.

(iii) District II Municipal Office at 22, Mirzapore Street, Calcutta.

(iv) District IV Municipal Office at 11, Belvedere Road, Calcutta.

(v) Cossipore Municipal Office at 10, Barrackpore Trunk Road.

(vi) Manicktala Municipal Office at 109, Narkeldanga Main Road, Calcutta.

P. BHAUMIK,
Registering Authority.

ELECTION DEPARTMENT:

Central Municipal Office:
The 27th May, 1958.

REVISION OF ELECTORAL ROLLS OF THE CONSTITUENCIES NOS. 1 TO 75.

FORM V.

NOTICE.

[Rule 27 of the Calcutta Electoral (Preparation and Publication and Revision and Republication of Electoral Rolls) Rules, 1952]

For the purpose of revision in the year 1958-59 of the electoral rolls of the constituencies Nos. 1 to 75 of the Corporation of Calcutta, claims for being included in the electoral rolls and objection to the inclusion of any name included in the electoral rolls are invited and the claims shall be made in Form III and objections in Form IV duly filled in, and they must reach the undersigned not later than the 4th day of July, 1958, corresponding to the 19th day of Ashar 1365 (B.S.)

P. BHAUMIK,
Registering Authority.

ELECTION DEPARTMENT,

CENTRAL MUNICIPAL OFFICE:
The 27th May, 1958.

N.B.—Copies of Forms III and IV will be supplied free by the Registering Authority on application at the Election Department, Central Municipal Office and the District Municipal Offices, except the District III Municipal Office, the Cossipore Municipal Office and the Manicktala Municipal Office.

Instructions:—

Subject to the provisions of the Bengal (Alien) Disqualification Act, 1918 (Citizens of the United Kingdom and Colonies and citizens of Erie being exempted) and subject also to the disqualifications mentioned in sub-sections (2) and (3) of Section 49 of the Calcutta Municipal Act, 1951, any person who has ordinarily and actually resided in Calcutta during the greater part of the year 1957-58 and whose name is not on the electoral roll as finally published on the 15th January, 1958, which (roll) is now under revision for the year 1958-59 and who possesses any of the qualifications mentioned in Section 48 of the Calcutta Municipal Act, 1951, must file a claim in the prescribed form (Form III) for being included in the electoral roll of a constituency. Provided that a person who is already included in the electoral roll of a constituency may file a claim for his name being included in the electoral roll of a different constituency.

A company, body corporate, firm, joint family or other association of individuals possessing the qualification of an elector prescribed under clauses (a), (b) or (c) of Section 48(1) of the Act, as such, shall not be registered in its own name in the electoral roll, but may obtain the registration of one of its members as its representative on the rolls by filing a claim in the prescribed form (Form III).

A claim shall be signed either by the person desiring his name to be included in the electoral roll or by an agent authorised in writing by such person.

Provided that when a company, body corporate, firm, joint family or other

association of individuals desires to have the name of its representative included in the electoral roll, the claim shall be preferred by such company, body corporate, firm, joint family or other association of individuals, and shall on its behalf be signed by or marked with the thumb impression of, in the case of a company, body corporate, or firm, one of the persons who are qualified to be nominated by it as its representative, and in the case of a joint family or other association of individuals, all the members thereof unless the Revising Authority for reasons considered sufficient by him exempts any such members from joining in the claim.

No person shall prefer an objection to the inclusion of any name in the electoral roll of a constituency unless his name is already included in the electoral roll of that constituency or unless he has filed a claim for being included in the said electoral roll.

Every claim and objection shall be in writing and shall state the grounds on which it is based and when it relates to an entry in the roll shall contain a reference to or the particulars of that entry.

Claims and objections shall be addressed to the Registering Authority only and shall either be handed or sent by post to him so as to reach him at the Election Department, Central Municipal Office, 5, Surendra Nath Banerjee Road, Calcutta-13, or to the Officers duly authorised by the Registering Authority to receive such claims and objections at the District Municipal Offices (except the District III Municipal Office), the Cossipore Municipal Office and the Manicktala Municipal Office, not later than 5 p.m. of the 4th July, 1958, after which no claims or objections will be entertained.

A complete copy of the electoral roll of every constituency under revision now will be kept at the Election Department, Central Municipal Office and the District Municipal Offices (except the District III Municipal Office), the Cossipore Municipal Office and the Manicktala Municipal Office for public inspection during office hours from the 27th May, 1958 to the 4th July, 1958 both days inclusive and copies of such roll are available for purchase at the Record Department at the Central Municipal Office.

Further particulars may be obtained from the Registering Authority, Election Department, Central Municipal Office. (Telephone No. 24-1495).

Sir Stuart Hogg Market

CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying basar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

CHOLERA DEATHS DECLINE

A further decline in the incidence of cholera cases in the city prompted the closure of the Public Relations Camp opened in the compound of the N. B. Sarkar Hospital, in front of the Infectious Diseases' Ward, on Sunday, the 1st June, through a ceremony presided over by the Mayor, Dr. Triguna Sen (on the mike above). The Commissioner, Shri B. K. Sen, was also present there (sitting right to the Mayor). A large number of enthusiastic members of the Nagarik Swasthya Sangha, a social welfare organization spreading its activities on the northern part of the city, attended. Organized jointly by the Public Relations' Department, Calcutta Corporation and the Sangha, the camp assisted nearly 30,000 anxious people to provide information about cholera patients treated there. There were about 750 patients daily on an average during the middle of April last in the hospital while the sanctioned beds in all the infectious diseases' wards of the hospital were only 200. The camp thus saved a good deal of time of the hospital authorities and the doctors attending cholera wards during the peak period.

Though the peak period is over still the Government of West Bengal have extended the operations of the temporary regulations for the Control of Cholera under the Epidemic Diseases Act, 1897 in Calcutta for a further period of six months with effect from May, 27, 1958.

VIEWS AND REVIEWS

RE-ORGANIZATION OF MEDICAL SERVICES

A proposal to bring under the Government the services of doctors, employed under the Corporations, Municipalities and other Local Bodies within the State, is receiving due consideration in the hands of the authorities.

This will no doubt, entail some additional expenditure which should be borne by the State Government and the Local Bodies on a 50:50 basis. The Uttar Pradesh Government has already put the proposal in effect under "provincialization" of Health Services.

The benefits to be derived out of such a scheme will be manifold. The Government will be able to get from the doctors quick reports, particularly in times of emergency, on their public health activities. At present they are under no obligation to submit such reports. They submit accounts of their activities to the local authorities which in turn send them to the Government, the process involving much delay.

Besides, the doctors are not always free from the influences of Councillors and Commissioners who very often interfere with their day to day work. On the other hand, provincialization may minimize the chances of doctors, especially those not well paid, being corrupted by unscrupulous traders and business men dealing in adulterated and unwholesome food. At the same time, it would raise the standard of public health to be dealt with on a uniform level with uniformity in pay scales.

West Bengal, as a State, should improve in many respects and lack of medical facilities for the citizens is surely one of the foremost factors.

Improvement of public health could not be effected due to various reasons and lack of proper personnel surely stood in the way. The per capita expenditure on health in this State although appears to be highest still it has not resulted in a satisfactory manner.

Recently, Dr. Junglewalla, Director of the All-India Institute of Hygiene and Public Health, said that the national health programme would consist in imparting training and education for all types of health workers. It would also include research, control of diseases on a mass scale, family planning and change of environments.

Control over malaria had been achieved over a large portion of the country and they were moving towards its eradication. Schemes for control of Tuberculosis, Filaria, Leprosy, Goitre, Trachoma and V. D. were being implemented, said the Director of Indian Health Services.

A new scheme to send out doctors from a Central Bureau to the residence of the patients for ordinary treatment of the latter in their own beds, instead of in the hospitals, will be introduced shortly by the Health Directorate of the West Bengal Government in this city in view of the heavy congestion of indoor and outdoor patients in hospitals.

The scheme, the details of which are still being worked out, will first be taken up on an experimental basis. According to it, there will be a Bureau of Medical Practitioners to be run by the Health Directorate. The doctors attached to the Bureau will work on a part time basis and draw a retention allowance. There will also be some other permanent staff.

Patients requiring medical attendance or treatment for ordinary types of diseases will only have to give an information to the Bureau, when a doctor will be sent out to the address of the patient, in a medical van with different types of medicines and appliances. For middle class and poor patients, the medical service will be free but, in other cases, some amount of contribution will be taken for the service. Difficult cases will, however, be sent to hospitals for treatment.

It is hoped that implementation of the scheme will partly solve the problem of overcrowding in City hospitals.

The medical team will work on a zonal basis. The entire city will be divided into several zones and for each of the zones, several medical units including doctors, motor cars, and appliances would be available.

Speaking on the lack of personnel, we can say that in the U.S.S.R. there is one doctor for every 600 people according to Mr. Dmitri Pokrovsky, Chairman of the Central Committee of the Medical Workers Trade Union. This was disclosed at the Soviet Trade Union's Fifth Congress recently. Thus the U.S.S.R., hold first place in the world as for medical services.

Within last two years appropriations for health services increased more than 4.5 million rubbles. This made it possible to build more than 1,000 hospitals, increase the number of hospital beds by 1,51,000 and the medical personnel by 34,000 doctors. We await to see a similar bright picture in our own country so far as medical personnel are concerned.

CALCUTTA'S UN-FILTERED WATER

Unfiltered water supply in the city has been much disturbed for the last few weeks. It was due to heavy silting up on the reach of the Hooghly near Outram Ghat. It has thus become a source of anxiety for the Calcutta Port Commissioners. Although about 22,500 tons of spoils had been dredged during the past two months the depth of the water has been much lowered by 11 ft. 6 in. during the period of low tide. This has restricted the use of Calcutta moorings and jetties. Salt discharge from ships has suffered mostly.

The lowering of tide water has caused much hardship to the Corporation in the matter of supplying water. The quantity of intake of water in the Mullick Ghat Pumping Station has equally

been reduced. Civic services rendered by the Corporation in the way of street watering and flushing have also been equally curtailed.

Recently it has been found that heavy silting has raised the river bed in the reach and that vessels at Esplanade moorings have very little clearance between their bottoms and the river bed. This leads to further silting.

Many feel that dredging alone cannot remedy the situation and that the Port authorities should emphasize improvement of the Balari bar along with the Falta Point so that an easy situation might be brought about.

DEATHS AND DISEASES IN THE CITY

Cholera incidence in the city has further declined during the week ending the 31st May. 182 persons were attacked and 37 persons died against 172 attacks and 43 deaths the week before. There were 73 and 84 attacks, and 24 and 38 deaths during the corresponding weeks last year.

Tuberculosis was the killer of the highest number of human lives during the week under report when 43 persons died of the disease as compared with 27 the preceding week. Tuberculosis deaths were 61 and 51 during the same period last year.

Attacks and deaths from small-pox during the week under review were six in each case against four attacks and two deaths the week before. Small-pox attacks and deaths during the corresponding weeks last year were 32 and 57 and 26 and 49.

There was one death from Malaria during the week while the city was free from this disease for the last two weeks.

The total number of deaths from all diseases in the city during the week under review was 764 against 565 the week before. There were 850 and 836 deaths from all the diseases during the corresponding weeks last year.

CORPORATION EMPLOYEES DEMONSTRATE

A large section of Corporation employees, recruited from all the strata, held a general meeting at Raja Subodh Mullick Square, on Friday, the 30th May wherein they re-iterated their grievances. They also urged for the implementation of many of their demands. Earlier they went in procession to the Square from the Central Municipal Office Buildings, S. N. Banerjee Road, shouting slogans.

A number of workers of the Drainage Department also demonstrated inside the Central Municipal Office Buildings protesting against the Corporation's alleged refusal to take back some temporary hands of the Department after their return from leave.

MUNICIPAL SERVICE COMMISSION NEW APPOINTMENT

Sub: Permanent appointment to the post of Senior Draftsman, Chief Engineer's Department, in the grade of Rs. 180-10-250 plus Duty allowance of Rs. 50/- per month.

In pursuance of the Municipal Service Commission's letter No. 961 M.S.C./1D/18/57, dated the 29th March, 1958, the Standing Finance Committee at its meeting dated the 14th May, 1958, passed the following resolution:—

"That, as recommended by the Municipal Service Commission, Shri Subodh Chandra Mitra be appointed permanently to the post of Senior Draftsman, Chief Engineer's Department, in the grade of Rs. 180-10-250 plus duty allowance of Rs. 50/- per month and other usual allowances."

THE CORPORATION AT WORK

A GIST OF PROCEEDINGS OF THE SEVENTH ORDINARY MEETING OF THE CORPORATION HELD ON FRIDAY, THE 30TH MAY, 1958

ASSESSMENT OF COSSIPORE

The impact of the General Revaluation was resented to by many of the Members in the House. As the rate-payers of Tollygunge area had been assured for a favourable consideration of their case against the effects of General Revaluation, Councillors Dulal Chandra Mukherjee, Ganapati Sur, Susil Pal and others pointed out that taxes had also been increased largely in Cossipore and Manicktalla areas though these areas had not been developed satisfactorily. Councillor Sur said that the Calcutta Improvement Trust had collected a huge amount from Cossipore area and the Government should direct the Trust to undertake development work there as a badly needed area. He also said that the rate-payers of that area had been over-burdened to pay 2 per cent. of the cost for every transaction of properties, for the development of the area but the Trust did nothing for the development of the area.

Councillor Dulal Mukherjee also protested against the heavy increase in tax in Cossipore area.

Councillor Anulya Sarkar walked out of the House in protest against the refusal of the Deputy Mayor who then presided, to allow him to say a few words concerning the development of the Tangra area. According to him the tax increase was not properly compensated by increase of amenities in his own Constituency.

COUNCILLOR RANAJIT MITTER

The House elected Councillor Ranajit Coomar Mitter to represent the Corporation as a member of the R. G. Kar Medical College and Hospital Committee, as provided under the West Bengal Ordinance No. III of 1958. Recently the administration of the College and the Hospital was taken over by the Government of West Bengal. The control, management and maintenance of the institution would rest on a Committee.

DESHABANDHU'S DEATH ANNIVERSARY

The Corporation sanctioned a sum of Rs. 700/- for making arrangements in connection with the observance of the Thirty-Second Death Anniversary of Deshabandhu Chittaranjan Das.

DESHABANDHU MEMORIAL ADVISORY COMMITTEE

The House re-constituted the Deshabandhu Memorial Advisory Committee for the year 1958, with the following:—

- (1) The Mayor, Dr. Triguna Sen.
- (2) Councillors Dr. P. K. Sen Gupta and Kumar B. Deb Rai Mahasai, as the representatives of the Corporation.
- (3) The Chairman of the Borough Committee No. 14.
- (4) The Commissioner, Shri B. K. Sen.
- (5) The Chief Engineer, Shri A. K. Sen.
- (6) The Health Officer, Dr. A. Mukherjee.
- (7) The Ex-Mayor, Shri Santosh Kumar Basu, M. P. and Councillor C. Chatterjee as re-

presentatives of the donors and subscribers to the Deshabandhu Memorial Fund.

(8) The Chairman of the Standing Town Planning and Improvement Committee Councillor G. Sur, and

(9) Sri Sidhartha Sankar Roy, Bar-at-law, a grandson of late Deshabandhu.

BRICK WALLS FOR BUSTEES

The House unanimously re-iterated its view that bustee dwellers should be permitted to build brick walls for their own houses. They felt that this would improve sanitary conditions in bustees.

The Corporation had some time ago adopted a motion on the subject and forwarded the same to the West Bengal Government. The Government replied to the Corporation that, as the intention

A CHILDREN'S PARK IN DHAKURIA

When the weekly meeting of Corporation, on Friday, the 30th May, was in progress, a large number of children came in procession to meet the Mayor. At the suggestion of the Deputy Mayor, Sri K. C. Basu, who was presiding at the day's meeting, the Chairman of the Town Planning and Improvement Committee, Councillor Ganapati Sur met the children and reported to the meeting that he had told the children to submit an application to the Standing Committee which he assured would be considered. He also informed the children that the Committee had already recommended the sanction of a park for each of the five wards of Tollygunge area. The demonstrators urged that they had been using for the last eight years a field lying about midway between Maharaja Thakur Road and Selimpur Road and the field might be used as a permanent playground.

underlying the resolution was not quite clear they were not in a position to express any views on it.

The earlier resolution, as tabled by Councillor Pannalal Das stated as:

বস্তির বাড়ীগুলি বাঁশ বাঁকারী মাটির সহিত ইঁটের দেওয়াল গাঁথিবার অনুমতি দেওয়া হউক।

When the Government's attitude was expressed in such a way Councillor Das himself modified his motion as follows and this was accepted by the House:—

বর্তমানে শুধু বাঁশ বা বাঁকারীর এবং নীচে মাত্র দেড় ইঞ্চি ইঁটের গাঁথনি দিয়া বস্তির দেওয়ালগুলি নির্মিত হয়। কিন্তু বাহ্যিক চাহিদে তাহাদের সমগ্র দেওয়ালগুলিই ইঁটের দ্বারা নির্মাণ করিবার ব্যবস্থা করা হউক।

Many of the Councillors including G. Sur, D. N. Bose, D. N. Dhar and others, resented the Government's attitude. They asked why bustee dwellers should not be permitted to construct pucca walls if they did so according to the building rules of the Corporation. The present motion, passed unanimously, was forwarded to the Government of West Bengal for their approval.

C. I. T. Deliberations

SHRI J. N. DAS GUPTA RETIRES

The Board welcomed the Government Notification issued some time ago appointing under Section 4(1)(e) of the Calcutta Improvement Act, Dr. B. C. Das Gupta to be a Member of the Board of Trustees for the improvement of Calcutta, vice Shri J. N. Das Gupta.

While noting the decision of the Government, the Board recorded their deep appreciation of the valuable services rendered by Shri J. N. Das Gupta during those years he was associated with the Board as its Member. His vast engineering knowledge, especially in Trust work, was of immense advantage to the Board.

IMPROVEMENT OF BAGHBAZAR

In pursuance of the Government Notification according their sanction, under Section 48 of the C. I. Act, to the General Improvement Scheme No. LXVII (from Baghbazar Street to Galiff Street), the Board sanctioned under Section 25(2) of the Act, the estimate of net expenditure amounting to Rs. 54,46,000 for the execution of the scheme.

The State Government in one of their letters had accorded sanction, under Section 69 of the Act, to the acquisition of land required for the execution of the scheme, at an estimated cost of Rs. 95.74 lakhs only.

LEVELLING UP LOW LANDS UNDER SCHEME No. VI

The Board sometime ago sanctioned an estimated expenditure of Rs. 1.56 lakhs for filling and levelling up low lands in five zonal areas in Scheme No. VI-Maniktala (Narkeldanga Main Road to Maniktala Main Road).

NEW PARKS IN MANICKTALA AREA

The Board recently sanctioned an estimated expenditure of Rs. 37,000/- for construction of a park including staff quarters and lavatories in Scheme No. IV-Maniktala (Beliaghata Main Road to Narkeldanga Main Road).

Sanction was also accorded to an estimated expenditure of Rs. 96,700/- for construction of a park with lavatory block, staff quarters, R. C. shelters, etc., in Scheme No. V-Maniktala (Upper Circular Road to Ultadanga Main Road).

SCHEME No. LVIII

The Board recently accepted lowest tender, for an estimated expenditure of Rs. 47,500/- for park fencing, road construction, drainage works, etc., in Scheme No. LVIII on the new main road between Raja Rajballav Street and Baghbazar Street.

BUSTEE RE-HOUSING SCHEME

The Board recently accepted lowest tender submitted in connection with the construction of 44 units of tenements of C type in Bustee Re-Housing Scheme No. II at 16, Dum Dum Road at an original estimate amounting to Rs. 2.58 lakhs.

SCHEME No. XLVII

Sanction was accorded some time ago by the Board to an estimated expenditure of Rs. 15,835/- for paving footpaths and carriageways in Scheme No. XLVII (Eastern portion of Southern Avenue).

SCHEME No. LXIV

Sanction was accorded to an estimated expenditure of Rs. 96,300/- for road construction, sewerage, and such like in Sahitya Parishad Street in Scheme No. LXIV.

IMPROVEMENTS OF MANICKTALA MAIN ROAD

Sanction was accorded some time ago by the Board to an estimated expenditure of Rs. 3.65 lakhs for road construction, sewerage, etc. in connection with widening of Maniktala Main Road falling within Schemes Nos. VI-Maniktala and VII-Maniktala.

Sanction was also accorded to an estimated expenditure of Rs. 1.01 lakhs for the construction of 3 ft. 3 in. dia. brick sewer of 1,152 Rft. in length in the second section of Scheme No. VII-Maniktala (Maniktala Main Road to Ultadanga Main Road).

ANOTHER BUSTEE RE-HOUSING SCHEME

The Board recently considered the Chief Engineer's note submitting six tenders for construction of one block of buildings containing 56 Nos. one-room tenement at Bustee Re-housing Scheme No. I appertaining to an estimate of Rs. 3.18 lakhs sanctioned earlier and three tenders for construction of one block of buildings containing 68 Nos. one-room tenements in Bustee Re-housing Scheme No. II, appertaining to an estimate of Rs. 3.72 lakhs sanctioned previously and invited fresh tenders on the basis of a slightly modified tender schedule with a view to economise on the cost.

BRICK SEWERS IN MANICKTALA

The Board, sometime ago, sanctioned an estimated expenditure of Rs. 84,500/- for the construction of 3 ft. 3 in. dia. brick sewer of 1000 r.ft. in length in the 1st section of Scheme No. VII-Maniktala (Maniktala Main Road to Ultadanga Main Road) and recently accepted the lowest tender for Rs. 69,380.95 nP.

CIVIC NEWS FROM FAR AND NEAR

BALURGHAT MUNICIPALITY SUPERSEDED

The West Bengal Government in its recent orders, superseded the Balurghat Municipality for the incompetence of its Commissioners as alleged with effect from the 16th May last for one year.

Of the nine Commissioners' eight resigned some time ago protesting against the Government's decision to transfer the district headquarters of West Dinajpur from Balurghat to Raiganj. Only the Chairman has continued to function.

The reasons for supersession, according to the Government was that the Administration Report for 1956-57 and the Audit Note for 1955-56 indicated that the affairs of the Municipality, particularly regarding collection of rates and taxes, were not being properly managed. The report of the Inspector of Local Bodies made in January showed that collection had been extremely bad for four years, that there had been defalcation and that "the administration of the Municipality was in a mess." Several Commissioners, including the Chairman and Vice-Chairman and a former Chairman, were in default regarding payment of rates.

The general election due on March 30, 1958, failed for want of candidates and the term of the Commissioners was extended up to the 31st October. Meanwhile, eight Commissioners resigned and it became impossible for the Chairman to carry on the work of the Municipality for want of a quorum.

MOTION AGAINST SECUNDERABAD'S MAYOR

A majority of the Councillors of the Secunderabad Corporation twice walked out of the Corporation meeting on the 14th May last as a protest against the refusal of the Chair to allow discussion on a no-confidence motion against the Mayor.

The Congress commands 16 seats in the 28-member Corporation.

The no-confidence motion had been passed by the Standing Committee of the Corporation some days ago.

MORTALITY IN UTTARPARA DECLINES

The number of attacks and deaths from Cholera within the Uttarpara Municipality, Hooghly, has declined. During the week ended May 17 last four people died of this disease in Uttarpara Government Hospital out of six admitted against 18 and 3 in the week before. Previously the disease took a heavy toll in the Municipal area.

MADRAS PRESERVES STATUES OF FOREIGNERS AND BUILDINGS

The Government of Madras has proposed to house in the historic Clive Buildings in Fort St. George, the statues of foreign dignitaries in the City and oil paintings of ex-Governors and other personalities. This proposal was discussed among Shri C. Subramaniam, Education Minister, and Dr. B. Ch. Chhabra, Joint Director-General of

Archaeology, Southern Circle, Shri V. D. Krishnaswamy, Superintendent, Southern Archaeological Circle, and Shri K. R. Vijayaraghavan, Curator of the Fort Museum. Discussion also related to the expansion of the Fort Museum in order to house all the statues.

The oil paintings of ex-Governors and other personalities would be collected from the Raj Reserve Bank Branch will shortly move to its Rajaji Hall.

The Accountant-General's Office was recently housed in the Clive Buildings and at present the Pay and Accounts Office as also a section of the Reserve Bank are still functioning there. The Reserve Bank Branch will shortly move into its new premises.

The Madras Government will also demolish the Spiral wings of the Secretariat buildings on the northern side in order to enable the State Government to put up new buildings for housing the Legislative Council. These portions are protected under the Ancient Monuments Act. A final decision on this matter would be taken from Delhi.

BARIPADA MUNICIPALITY

Shri Satish Chandra Das Patnaik, an official Congress nominee, was defeated by Shri Purushottam Panigrahi, another Congress Councillor, who was declared elected Chairman of the Baripada Municipal Council in a straight fight with a single vote majority on the 10th May last.

GREEN BELT FOR ROUREKELA

A one-sq.-mile green belt will be developed in the new township of the Hindusthan Steel Private at Hashimpur. At present 13,609 trees have been planted in that area.

There is also a programme of developing and maintaining gardens in office compounds, and public buildings at plant site and plantation of bush along the railway track. Development of gardens around office premises, guest houses and health clinic centres are also planned.

BASIRHAT LINKED THROUGH PHONE

An automatic telephone exchange was opened at Station Kutchery Road, Basirhat, recently. This replaced the public call office through which only a few important officials were connected.

Five junctions would have opportunities for trunk call facilities with five outside centres, including Calcutta. The exchange will provide 45 internal connexions, which, it is stated, can be further extended.

Shri P. B. Lahiri, Postmaster-General, West Bengal, opened the exchange. The Sub-divisional Officer, Chairman of the Municipality and a number of officials of the P. & T. Department were present.

MADRAS HOUSING BOARD

The Madras Government have passed orders defining the powers and functions of the non-statutory State Housing Board.

The functions of the Board are mainly to formulate, approve and expedite housing schemes,

frame budgets, apportion allotted funds, recommend or lay down general policy in regard to housing schemes, approve designs of houses. The Housing Board also took up the execution of housing or development schemes, if the Government so direct.

The Board has been constituted of Captain D. Gnanaolivu, Chairman of the Madras City Improvement Trust, as part-time Chairman of the Board with the following officials as members: The Chief Engineer, P.W.D. (General), the Inspector of Municipal Councils and Local Boards, the Registrar of Co-operative Societies, the Commissioner, Corporation of Madras and the Commissioner of Labour and the Joint Director of Town Planning.

CHILDREN'S THEATRE

The first Children's Theatre in the country was inaugurated in Madras some time ago by the India's Prime Minister, Shri Jawharlal Nehru. Hundreds of children cheered when the curtain of the screen slid to the side as "Chacha Nehru" lifted a baby-doll on the table in front of him. The theatre is housed in a modern building where the State Assembly was functioning from 1952 to 1956.

The Prime Minister hailed the decision of the Madras Government to convert the Assembly hall into a children's theatre as one which would serve "a much better purpose than was originally intended."

The Prime Minister also desired the theatre to be used exclusively for the children. Its atmosphere should not be "vitiated" by the conferences of grown-ups, he said. Besides showing films to children twice or thrice a week, it should also be used for "the multitudes of activities of children."

He asked Municipalities, Corporations and other public institutions to inscribe this motto in their chambers: "Children should be given the first place in our thinking."

Shri Nehru agreed with the sponsors of the theatre on the "necessity and desirability" of producing and showing good films to children. It was very important that children's films should be produced according to the Indian background.

INTENSIVE VIGILANCE OVER FOOD ADULTERATION

The Director of Public Health, Madras, has taken special measures to keep a careful watch over places dealing in food-stuffs and send samples for chemical examination wherever there was slightest suspicion. Measures should be taken to prevent contaminated material reaching the hands of consumers. Restaurants, hotels should receive particular attention by the Health authorities.

HOWRAH IMPROVEMENT TRUST

Dr. N. Das, I.C.S. Special Officer and ex-officio Secretary to the West Bengal Government of Home Anti-corruption and Enforcement Department, was appointed Chairman of the Board of Trustees for the improvement of Howrah, in addition to his own duties. He took charge from Shri A. B. Chatterjee, I.C.S., who went to the D.V.C.

Recently the Trust has sanctioned Rs. 1.34 lakhs for collection of various kinds of town data by aerial survey and other ways.

On the basis of the data, engineers are expected to prepare a blue print for the laying of underground sewers in Howrah town. The survey is likely to commence before the year ends.

According to a tentative scheme, the outfall for the sewage system would be in the Hooghly river, somewhere south of Shalimar.

BERHAMPORE MUNICIPALITY

A deputation of Commissioners from Berhampore Municipality consisting of Shri Satyananda Gupta, Shri Sripada Bhattacharjee and Shri Bimal Guha, met Dr. B. C. Roy, State Chief Minister at the Secretariat some time ago and placed before him a Memorandum for improvement of the Municipal town. Shri Shyama Pada Bhattacharjee, M.L.A. and Shri Bejoy Kumar Ghose, M.L.A accompanied the deputation.

WATER SCARCITY UNDER ASANSOL MUNICIPALITY

A scheme of Rs. 2.8 lakhs for water works at Asansol has been referred to the Union Government for consideration and help. The Chief Minister Dr. B. C. Roy, who referred the matter to the Union Government emphasized that Asansol suffers from chronic water scarcity and that water works at Asansol would not only solve the town's problem but would benefit the surrounding industrial area.

Asansol's water problem was discussed at a meeting in Writers Building some time ago between Dr. Roy and Shri Sibdas Ghatak, M.L.A.

The water scarcity at Asansol has become extremely acute and a bucket of water is selling at one rupee. Private wells have completely dried up. The supply from the Municipal Waterworks is insufficient to meet the needs of even one-sixth of the town's population and people are found fighting everyday at the few Municipal water hydrants.

NEW WATER SUPPLY SCHEMES

Five Municipal Water Supply Schemes for Bally, Champdany, Bhadreswar, Garulia and Ranaghat are being proposed for execution immediately at an estimated cost of Rs. 1,987 lakhs, Rs. 1,017, lakhs, Rs. 1,072 lakhs, Rs. 562 lakhs and Rs. 565 lakhs respectively. The Chief Engineer, Public Health Engineering, West Bengal, has been authorized to complete the preliminaries.

The scheme will be carried out by the Municipalities concerned with the usual subsidy of two-thirds of the cost as a Government grant.

NEW RADIO TRANSMITTER AT CUTTACK

The new 20 kilowatt transmitter of All India Radio situated at Fakirpara, went into the air on the 25th May last when it was inaugurated by the Governor of Orissa.

The transmitter is serving in the day time an area of about 12,000 square miles around it. At night it may be heard at places 500 miles away.

CITY NEWS PARADE

OBITUARY: The death of Dr. Swadesh Bose, a well known Calcutta gynaecologist, occurred on Thursday, the 29th May last, at his residence at 47, Chowringhee, due to an attack of Uremiae. He was 53. His last rites were performed at Keoratala burning ghat.

The late Dr. Bose was a great friend of the poor who needed the benefit of his skill as a gynaecologist. A loveable personality, he was a welcome presence at many a social function in the city.

Son of late Dr. Surya Kumar Bose of Faridpur district, now in the East Pakistan, the late Dr. Bose was born in 1905. He had his early education in Dacca. Having taken his B. Sc. from there he came over to Calcutta. He obtained his M.B. from the Medical College in 1932.

Joining Chittaranjan Seva Sadan as a junior House Surgeon, he became an Associate Professor and one of the Senior Surgeons there later on. He soon earned wide reputation in the city as a gynaecologist. He was also consultant gynaecologist at Ramrikdas Haralalka Hospital, South Calcutta, and also at Behala Hospital.

In 1954-55, the late Dr. Bose was a Delegate to the International Gynaecological Conference in Vienna. He read an illuminating paper on the subject. He then went to London where at a hospital he gave demonstration of his own method of gynaecological operation that was much appreciated.

A large number of city's physicians besides the Mayor, Dr. Triguna Sen, Shri Kalipada Mukherjee, Home Minister, West Bengal, and Prof. Priya Ranjan Sen of Viswa-Bharati went to his place to pay their respect to the departed soul as soon as the death news spread over the city. Wreaths were also placed on the bier.

Dr. Bose's death was widely mourned in the city. The Corporation at its weekly meeting on Friday, the 30th May last condoled the death. Paying eloquent tributes to his memory, the Deputy Mayor, Shri K. C. Basu said that the late Dr. Bose earned a wide reputation as a gynaecologist and his death would create a void difficult to fill up soon. The House also extended its sincerest condolences to Dr. Maitreyee Bose, M. L. A., his widow.

* * * *

Shri Radhakishore Dutta, a 60-year-old retired Government Officer, died on Tuesday morning, the 3rd June as a result of a fall from the first floor verandah of his house on Middle Road, Entally.

The late Shri Dutta retired as Superintendent, Military Accounts, Calcutta, about seven years ago.

AN INTER-NATIONAL CULTURE CENTRE comprising of a large number of foreign students, was inaugurated by Dr. Nihar Ranjan Ray, M.P., at Raja Basanta Roy Road, South Calcutta, on Monday, the 2nd June, Dr. Srikumar Banerjee presided.

On that occasion, Dr. Roy warned members that in the name of developing international cultural co-operation cliches might easily grow. India's culture, past and present according to him had been international in outlook but socially the people were not international.

The eminent teacher also briefly referred to the measures taken by the Union Government to encourage international culture. It would soon have a house in this city for the accommodation of foreign students and teachers, and similar houses in some other important cities, added Dr. Roy.

Mr. G. Misibi, an African, studying medicine and the Secretary of the Centre, said that the new organization

would try to provide facilities to foreign students to come in contact with Indian culture. Similar centres would be opened in Delhi, Bombay and Madras, he hoped.

SHRI V. D. SAVARKAR, BETTER KNOWN AS VEER SAVARKAR'S 76th birthday was celebrated in this city through different functions. A public meeting was held in this connection under the auspices of the Bengal Provincial Hindu Mahasava at its premises, Bowbazar Street on Thursday, the 31st May last.

Dr. Kalidas Nag in his presidential address said that Savarkar fought for the freedom of the country as a whole and not for a community alone. "So he is a national hero," he observed.

Shri Vivekananda Mukerjee, Editor, "Jugantar", who was the Chief Guest, drew pointed attention of the nation to this serious situation on Indo-Pak border and urged the youth of the country to be inspired with the fire of heroism and self-sacrifice of Veer Savarkar.

Shri Asutosh Lahiry, a contemporary of Veer Savarkar, Shri Nitya Narayan Banerjee, Shri Jagadananda Bajpai, Dr. Manuj Sarvadhikari, Shri Bhagirath Mohatto and others spoke at the meeting on different aspects on the life of the great patriot.

Members of 'Priya Milani' and Shri Naron Chatterjee took part in musical programme.

FIRES, ACCIDENTS, ETC.: Fire broke out in No. 3 hatch of India Steamship vessel, "Indian Resource," berthed in No. 1 King George's Dock on Friday, the 30th May last. It had arrived at the Port the same day from Visakhapatnam and was carrying heavy machinery for the Bhilai steel plant. The affected hatch contained jute bales and some general cargo.

The jute was well ablaze first. The Fire Brigade operated over 10 jets to pour water into the hatch. Carbon-dioxide gas was used instead but it had not the desired effect.

Twelve persons were injured, two seriously, when a gas pipe in an ice factory in Beliaghata burst on Wednesday, the 4th June. The gas soon engulfed the factory and the nearby bustee and several workers and bustee-dwellers fell unconscious. The pipe was repaired some time later in the morning.

RESISTANCE AGAINST ENHANCED FARES was shown by shouting "No increase in tram and bus fares" slogan by over 1,000 people and squatted an hour before a police cordon at Esplanade East, on Thursday, the 29th May last. The demonstration was organized by the Revolutionary Socialist Party. Earlier they held a meeting at Wellington Square where several speakers condemned the proposal to increase the fares.

A deputation led by Shri Jatin Chakravarty, M.L.A., went to Writers Building on behalf of the demonstrators and submitted a Memorandum protesting against the proposal. It was signed by over one lakh of people.

The Memorandum said that the De Commission which had recommended an increase in fares had built its arguments on the 'hypothetical' income and expenditure of State transport for 1957-58 and had not considered the 1956-57 accounts. There had been no mention about "corruption and wastefulness" in the Transport Directorate. The Calcutta Tramways Company, it added, had steadily improved its financial proposition in recent years. And thus there was no ground for an increased fare.

WEST BENGAL LEGISLATIVE ASSEMBLY'S BUDGET SESSION WAS RESUMED on Tuesday, the 3rd June. An uninspiring debate marked the beginning and a large

number of speakers who participated in it during the first three days could hardly make a stir in the Assembly proceedings. It was rather dull and dreary except a few recent data and current facts the contents of the speeches were almost the same as in previous years.

General discussion of the Government's Budget estimates for 1958-59 took place during these days. The House passed a vote on account budget in March authorizing expenditure for a few months.

Some of the important Bills before the House on this session were the Slum Clearance Bill, which had passed the second reading stage during the last session, and the Secondary Education Board Bill, passed by the Council.

Initiating the debate on the first day, the Leader of the Opposition, Shri Jyoti Basu said that the Government had completely failed to tackle the unemployment problem. He did not understand why, to cite an instance, 89 per cent. of the workers in the Durgapur project had been brought from outside the State while local people were denied employment. The restricted import policy had also resulted in the retrenchment of large number of people.

Shri Basu was very critical of the Government's failure to provide drinking water. "A Government which cannot provide drinking water and eradicate cholera from Calcutta has no right to exist," he emphasized.

The Ex-Mayor, Shri Sudhir Ray Chaudhuri said that the Government should be an ideal employer and should recognize unions formed by its employees. Only by doing so it could make its influence felt on other employers.

Shri Ray Chaudhuri did not share the idea that the Government should not try to cover up the failure of the Kalyani scheme by transferring the Veterinary College from Belgachia to that place and by setting up a University there. Any such attempt would be a greater failure, he said.

The Ex-Mayor also referred to the implementation of the Immoral Traffic Act in Calcutta and wondered how the Union Law Minister, during his recent visit to the city, could assure in a meeting that the Act would not affect those for whom it was meant.

He also described the Guest Control Order as a farce and a stunt and said that its withdrawal would mean less corruption. He was certain that the rich would not be touched if they violated the Order while poor people would be put to harassment.

Another speaker of that day, Shri Hemanta Kumar Basu wanted to know what happened to the Assembly resolution suggesting for the setting up of another Finance Commission to undo the "injustice" to West Bengal. He referred to "indiscriminate retrenchment of workers and closure of industrial establishments." The Government, he suggested, should pass an Act requiring all employers to take prior sanction before they resorted to retrenchment.

Shri Surhid Mullick Choudhury criticized the police administration for its failure to check the rise of crime. The force was being used to restrain trade union activities and refugee movements.

The second day's first speaker was Dr. Ranen Sen who said that the Finance Minister in his Budget speech had made no serious attempt to analyse the economic crisis caused by inflation and deficit financing. Dr. Sen named several industrial and commercial firms which had already closed and some others had issued retrenchment notices to their workers.

There were about 1.5 million unemployed people in the State, Dr. Sen added. At Kulti, Burnpur and Durgapore about 40,000 workers were employed by contractors but among them there were hardly 1,000 Bengalees. Could not the Government do something in the matter, Dr. Sen asked.

In third day's debate, Shri Narendra Nath Sen listed out that among the Government's achievements during the last decade namely, malaria control, reduction of child mortality rate (possibly the lowest in India), construction of roads and extension of highways and provision of medical and sanitary facilities in rural areas.

Shri Nepal Roy representing a part of the city, lived mostly by non-Bengalees, alleged that many non-Bengali firms had started replacing senior and efficient Bengalee officers by "young boys" belonging to the proprietors' community on high salaries. Most of such firms were evading taxes also. He appealed to the Government to withdraw the Sales Tax on slates and slate-pencils with which children began their education. He alleged that some of the Government officials behaved in a high-handed manner and did not pursue the policies professed by Ministers.

There were other speakers also during these days and their speeches were somewhat repetitive.

TUBERCULOSIS PATIENTS numbering about 80 refugees living in the temporary Government hospital at Beliaghata, refused their midday meal on Tuesday, the 3rd June in protest against unsatisfactory living conditions. They said they suffered from excessive heat in the aluminium sheds in which they were accommodated and that they had only two water taps and two bathrooms to use.

When the Director of Health Services assured them that they would be moved to new quarters in the same hospital with better sanitary arrangements—the patients gave up their fast.

DEMANDING BETTER QUALITY RICE, at cheaper prices, a large number of women demonstrated in the city street on Wednesday, the 4th June. The demonstration was organized by a number of women's organizations in the city and suburbs. They first gathered in Wellington Square from where they left in procession intending to go to the Assembly House to present a memorandum to the Chief Minister. They were stopped by the police on Lawrence Road near the southern gate of Raj Bhavan. Shrimati Monikuntala Sen referred to the demonstration in the Assembly and presented the memorandum to the Chief Minister in his room.

Shri Jyoti Basu, Leader of the Opposition, Shri Hemanta Basu, M. L. A., and Shrimati Renu Chakrabarti, M. P., were among those who addressed the gathering and spoke on the need for a sustained agitation to compel the Government to adopt a food policy which would be in the interest of the people.

In the Memorandum submitted to Dr. Roy it was stated that the worst quality rice was selling at ten annas a seer in the open market. Fair price shops virtually did not exist except in Calcutta and its suburbs and frequently these shops run out of their stocks of rice. The rice that was supplied at seven annas a seer was unfit for human consumption. In rural areas famine conditions were prevailing.

The demands included reduction of the price of rice now being sold from fair price shops at nine annas a seer to seven annas, supply of adequate quantities of rice to fair price shops and others.

CALCUTTA'S POLICE CHIEF

Shri Upananda Mukherjee, I.P., Deputy Inspector General of Police, Central Range, took over charge as the Commissioner of Police, Calcutta recently in place of Shri H. S. Ghose Choudhury, who proceeded on four months' leave.

Shri Mukherjee left the charge of his office to Janab Maswood, D. I. G., Special.

CORPORATION NOTICES

To All Registered Petty Improvement Contractors

District No. III, Engineering Department

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for....." on 11th June, 1958, up to 2 p.m.

The abstract of the estimate can be seen at the D. E's Office (Estimating Section). The Corporation standard specification will apply on the work. Petty tender forms of the Corporation are to be used in submission of tenders.

The successful tenderer shall have to deposit 5 per cent. of the total value of the accepted tender, as security deposit, within a week from the date of intimation of the acceptance of tender and shall have to execute an agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid, the tenderer shall be liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the authority and S.D. for P.I. works may at the discretion of the Commissioner be forfeited. Agreement is not necessary for works below Rs. 2,500/-.

PHENEOL LAMP BRAND

A POWERFUL DISINFESTING FLUID

—DISINFECTS—

Drains, Cess-pools, Hospitals, Sick-rooms,
Lavatories and every place where Dirt and
Disease Germs are likely to lurk.

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or rickshaws are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

ALL-INDIA MAYOR'S CONFERENCE

The All-India Mayors' Conference, holding its annual session in Hyderabad, during last week-end, had adopted many of the resolutions befitting the occasion. Of them the resolution relating to the improvement of financial conditions of the Corporations came to the forefront. It also merited sympathetic consideration on all hands. The income level of almost all the Corporations has not satisfactorily improved to the extent cities' population and cost of services have increased. The main grievance put forward was of a demand for larger shares of revenue sources from the State Governments. The oft-repeated demands for sharing the proceeds of Motor Vehicles Tax, Entertainment Tax and Sales Tax were reiterated there. Though not unreasonable, the State Governments themselves being victims of financial shortages, could never look sympathetically towards these demands.

Another grievance, felt by the Corporations in India, was either the grant of adequate quantities of loans by the Governments or the permission in raising loans in open market for the implementation of the projects and schemes undertaken by them, particularly in the sector of Town Planning and Improvement Schemes. This was also stressed by the Indian Prime Minister, Shri Jawaharlal Nehru, in his Message to the conference. Sending his good wishes to the conference, Shri Nehru expressed his hope that it would pay particular

attention to the problem of planning of cities so as to avoid unregistered growth. He also said:—

"Every city should have a long-term plan which should be kept in view all the time so that every development fits in with it.

"I hope further that the question of slum clearance, which is of vital importance, will also be considered from a practical point of view. I realize that this problem is a very big one, but we should not postpone its consideration because it is too big."

In his inaugural address, Shri Bhimsen Sacher, the Governor of Andhra, wanted that the Municipal Corporations should give special attention to measures promoting a sense of brotherhood and communal harmony in society. The Minister for Local Self-Government of that State, Shri D. Santhiah stressed the need of three pre-requisites in a modern city as parks, play-grounds and open spaces. He urged upon the Mayors to take special interest in this so that vacant spaces were not encroached upon.

The acute housing problem as well as provision of accommodation to the increasing population drew the attention of the Mayors representing the major industrial cities. The conference requested the State Governments for solving them in this regard. Shortage of materials, no doubt, stands in the way. Still the role of

Corporations and Civic Bodies cannot be ignored in this regard. In West Bengal, building activities form the major role of these bodies, and even these activities are a source of income to them.

The Mayors' conference also devoted on the constitutional functions of the Mayors in India. Unlike the West or elsewhere the Mayors in India have little executive functions to perform rather than to become decorated heads. The amendment of the existing Municipal Acts, in order to enable the Mayors to exercise effective control over the administration, was also strongly emphasized on that occasion.

There were other resolutions too.

True it is, the Corporations suffer in many respects and their financial conditions should be improved at any way. But the recommendations made could hardly satisfy all sections.

The Calcutta Corporation, however, could not represent itself in that conference due to various reasons. But many of the resolutions passed, if

implemented would be of sure benefit to this institution. But stoppage of encroachment on open spaces as envisaged by a section of speakers in that conference, could not be fully accepted by this institution. Recently, the Corporation debated on the issue whether the spaces of city parks should be encroached upon for building school houses or not. It could not arrive at a decision. The question of financial improvement had been discussed to so much extent that it hardly needs re-opening.

We, however, hope that the conference would show right paths in many directions.

NEW LEGISLATORS.

Alderman G. Basu, Shrimati Santi Das, and Shri B. P. Podder have been nominated by the Governor of West Bengal for a further term. They are continuing their membership for the last six years.

We extend our sincerest felicitations on their nomination.

COUNCIL CONCLUDES BUDGET DISCUSSIONS

West Bengal Legislative Council meeting on Monday, the 9th June, concluded its Budget discussion for 1958-59 on the 13th June. Sixteen members including five Ministers and Deputy Ministers participated on the last date. Earlier there was discussion for three days.

Regarding different charges Rai Harendra Nath Chaudhuri, Education Minister, briefly referred to the Government's efforts to introduce free and compulsory primary education. All the municipalities had been asked to send their schemes for introduction of such education. The charges were mostly against the Government's policy in imparting education.

Janab Abdus Sattar, Labour Minister, strongly denied the allegation that the Government's labour policy was pro-capitalist. He referred to the Government's effort to prevent retrenchment and to settle labour disputes by negotiation.

Prof. Nirmal Bhattacharyya, a representative of Calcutta Graduates, said that the Budget did not reflect the economic position which the State really enjoyed.

Quoting extensively from Mahatma Gandhi, Prof. Tripurari Chakravarty another representative from city's Graduates' Constituency, remarked that the Government had discarded all the ideals of the Mahatma. According to him, the entire refugee dispersal scheme was directed to undermine the solidarity of Bengalis.

Councillor Debaprasad Chatterjee, representing the Local Authorities Constituencies, said that the State Government should give greater attention to the needs of the Municipalities. He suggested that the Calcutta Municipal Act and the Bengal Municipal Act should be amalgamated and the State should give subsidy, recurring and non-recurring grants to the Municipalities and the State should take over responsibility of providing primary education in the Municipal areas.

Discussion on the estimates which was initiated by Shri Snehanshu Acharya, in his maiden speech, attacked the Government for laying a heavy tax burden on the people.

Textile goods in some cases, he said, were doubly taxed. There was 195 per cent. tax increase on coarse cloth. The Sales Tax had also been raised. The Government was violating the Constitution in the matter of employment by not recognizing registered trade unions. About 66 per cent of its employees got below Rs. 100 per month as total emoluments. Only 44 per cent of the employees were permanent.

There was no planning to meet the people's vital needs. Suitable arrangements to fight the cholera epidemic were not made. Large sums of money were spent on impracticable projects. All these were emphasised by Shri Acharya.

On the second day, Shri K. P. Chattopadhyay thought that the Government's failure to solve basic problems of the State lay in the fact that the party in power had no confidence in the people.

During the third day, the 11th June, Shri Aurobindo Bose said that it was highly regrettable that majority of the State Government's employees were temporary hands. A sense of insecurity had generated discontent among them and largely affected the standard of their service.

Dr. Janaki Ballav Bhattacharya said that there was a provision in the Budget for the propagation of Hindi but none for the spread of Bengali.

On the first day before discussion replying to a question put up by Shri Sasanka Sekhar Sanyal whether the project of Farakka Barrage would be included in the Third Plan, the Chief Minister said that the scheme was likely to be included in the Plan after scrutiny. The State Government could not proceed with the matter because river valley projects came under the Union Government.

If through other means the salinity in the Hooghly was sought to be controlled the expenditure would be enormous. According to an estimate, removal of salinity from 1,000 gallons of water would cost 50 nP. added Dr. Roy.

THE CORPORATION AT WORK

A GIST OF PROCEEDINGS OF THE EIGHTH ORDINARY MEETING OF THE CORPORATION HELD ON THE 6TH JUNE, 1958.

FOOD SCARCITY

Reviewing the food position in the city, Councillor Purnendu Kumar Sen Gupta, alleged that the data supplied by the State Government had not been found true. According to him the modified rationing system as introduced in the city and suburbs had not been proved satisfactory. Besides, the quality of food-stuffs was found to be rather deteriorating. This should be improved, according to him, moreover, the number of shops is also to be increased.

Councillor Sen Gupta wanted that the Corporation should move the State Government so that there might be much relief to the poor distressing people who had to depend solely upon this rationing system.

IRREGULARITIES AT BURNING GHATS

Councillor Naren Sen alleged that to enable certain individuals to misappropriate the money paid for wood and other materials the deaths of many persons whose bodies were cremated at the Nimtolla Burning Ghat had not been recorded.

Councillor Sen said that on May 7th, cremation of the body of a woman named Rita Roy was duly performed at the Nimtolla Burning Ghat. Some days after, a relation of the deceased went to the Sub-Registrar of that burning ghat and requested him to issue the Death Certificate of the woman. The Sub-Registrar did not issue any certificate but asked the relation to approach the Health Officer in Central Municipal Office. On enquiry no record relating to this case could be found out there.

Drawing the attention of the Mayor, Councillor Sen said that it was a case of gross negligence on the part of the Sub-Registrar and a thorough enquiry should be made into it.

NEW ADDITIONS TO ASUTOSH MUSEUM

An archer-type gold coin of Kumaragupta II (about second half of 15th Century) was very recently found on the bank of the Ganga near Khardah. Weighing 149½ grains, the coin has been acquired by the Asutosh Museum of Calcutta University.

The coin's obverse depicts the king standing with a bow, arrow and a 'garuradhwaja', having under his left arm the letters 'Ku' written in Gupta character. The reverse shows the Goddess Laxmi seated on a full-bloom lotus.

Shri B. C. Ganguly has presented stone sculptures of the Pala and Sena schools which added to the treasures of Museum from West Dinajpore.

Of them, an image of Vishnu as Vamana of the 6th century A.D. a seated Gaja-Lakshmi of about the 10th century A.D. and a Sadasiva of about the 11th century A.D. are extremely rare specimens of great artistic merit. The other two represent Uma-Mahesvara and a standing Surya figure of the 10th and 11th century A.D.

The Mayor assured the House that proper investigation would be made into the allegation.

CHANGE IN OFFICE HOURS

Referring to the excessive heat wave then raging over the city, Councillor Himangshu Das suggested that for the convenience of the employees of the Corporation, the office should be held in the morning hours.

A TRIANGULAR GARDEN

The Corporation agreed to permit the Statesman Private Ltd. to maintain the triangular garden in front of the Statesman House on payment of a token fee of Re. 1/-, provided the right of access of the public to the park was not barred. This was recommended by the Standing Town Planning and Improvement Committee.

CORPORATION MAZDOORS

At the special meeting on Tuesday, the 10th June, Councillor Samar Rudra said that two sewer workers, who had gone down into a manhole near the Azad Hind Bag, received serious burns as gas inside the sewer caught fire. The injured were taken to hospital.

Councillor Rudra alleged that the department concerned had no concern for the workers, did not supply them with gas masks and kept no first aid arrangements ready for such emergencies. He wanted redress of their grievances.

AN ALIGNMENT

The House, on the recommendation of the Standing Town Planning and Improvement Committee, prescribed an alignment for widening the narrow portion of a public passage to 20-ft. wide running between Satish Mukherjee Road and Monoharpukur Road in Ward No. 64.

DEATHS AND DISEASES IN CITY

The incidence of cholera in the city registered a further fall during the week ended the 7th June. There were 102 attacks and 21 deaths during the week against 192 and 37 the week before. In the corresponding weeks last year there were 64 and 73 attacks and 26 and 24 deaths.

As against six attacks and six deaths from small-pox during the previous week there was only one attack during the week under review. There were 26 and 32 attacks and 23 and 26 deaths in the corresponding weeks last year. Tuberculosis tolled 36 lives.

Deaths from all cases in that week totalled 1624 against 764 the previous week and 1,024 and 850 during the corresponding weeks last year.

MIDDLES

Solution Of Water Supply

CALCUTTA would have to be saved from becoming a 'dead city' and West Bengal from turning into a desert by hastening the implementation of the 'Farakka Barrage', this was remarked by the Mayor, Dr. Triguna Sen, while inaugurating a special meeting of the Corporation on Tuesday, the 10th June. Dr. Sen also urged the members to make a united effort in this direction if they truly loved Bengal.

The meeting was called by the Mayor in order to discuss the water supply problem in the city. For two subsequent days the House discussed the issue but could not arrive at a decision. A large number of speakers took part in that debate in each of the day. The Mayor said Calcutta was once famous for its sweet water supply. Now people had to drink water that had a salty taste. This was caused by decreased flow of upland water into the river which was gradually turning the State into a desert. The irrigation schemes in Uttar Pradesh had adversely affected West Bengal in this regard by the utilization of upland water.

The Mayor stated at the weekly meeting on Friday, the 6th June last, that he had received requisitions from a number of Aldermen and Councillors expressing their desire to speak on the question of scarcity of water supply in the city. He had himself written to the Chairman of the Standing Water Supply Committee and the Chairman of the Standing Finance Committee drawing their attention on this question. He had referred them to the issues involved in augmentation of water supply in the following manner :—

- (1) Installation of Rapid Gravity Filters at Pulta Water Works and the progress so far made,
- (2) Laying of Tallah-Pulta 72 in. Main
- (3) Progress in sinking of big diameter tube-wells,
- (4) Progress in sinking of small diameter tube-wells, and
- (5) Repairing, re-surging and maintenance of the existing tube-wells.

All these were clearly dealt with by Councillor J. L. Saha, M.L.C., Chairman of the Standing Water Supply Committee, on the earlier part of first day's meeting and were discussed thoroughly in the House. Besides, there were discussions on the present scarcity position of water supply in the city. Many members pointed out their personal difficulties they had experienced in implementing the water supply scheme. While several others contended that a top-heavy administration was ruining the whole institution. A section also felt that there should be a larger number of personnel on the lower cadre who had mostly been over-worked due to mal-distribution. Several members wanted to fix the responsibility of non-implementation of schemes and projects on the Standing Water Supply Committee. At the same time others targetted the

Executive for the entire responsibility of non-augmentation. Even the two-day discussion could not satisfy the members as a large number of intending speakers were left out. And the problem remained where it had been earlier. It was further contended that the Talla-Palta Main Scheme had been delayed and would not be completed during the Second Plan period. Councillor K. L. Dhan-dhanian, Chairman, Standing Finance Committee, said that he also held the same view. It was stated that the contract for the work had been given a year ago, but no progress had yet been made. The authorities were now trying to take shelter behind a scare of foreign exchange scarcity. The Opposition members held that the steel then at the disposal of the Corporation for the main together with what would be available from the Tata's could not be used up before 1962 when fresh supply would be available from the Tata's. The Corporation was asked to consider a change of contractor for the job.

A section of Councillors contended that the city's water supply could be increased by about 20 million gallons per day by installing two more Rapid Gravity Filters at Palta, but their installation had been delayed. It was stated that the normal span of life of the water works at Palta and the existing main set up in 1926 had expired after 20 years and it was in such a condition that the whole system might collapse any day. The system should have been electrified long ago as suggested by an Expert Committee in 1945. The condition of the boilers was serious and the main might burst any moment.

Expressing his concern over the water scarcity, the Mayor hoped on the second day that the House would reach at certain decisions that would go to solve the problem. Giving an account of the progress of the Talla-Palta Scheme in which, Dr. Sen said, he was personally interested he re-iterated the difficulties encountered in drawing up specifications on account of lack of technical, personnel. Dr. Sen added that though the department concerned had worked hard delay occurred in executing the work order, securing the necessary licences and in other respects.

Councillor J. L. Saha, M.L.C., Chairman of the Standing Water Supply Committee, made a statement in which he sought to clarify the position in regard to water supply. He said that doubts had been expressed in certain quarters about the availability of foreign exchange for the execution of the Talla-Palta Main Scheme in order to increase the city's water supply. Although no official intimation had been received about the allotment of foreign exchange the Assistant Controller of Imports, Union Government, had intimated the Corporation that the value of some valve imports needed for the scheme—Rs. 7 lakhs—would be debited to the Corporation's ceiling.

Outlining the progress of the scheme for augmentation of water supply the Chairman said:

that specifications for a water purification plant of 60 million gallons capacity a day, approved by the Corporation, was being prepared. Of the plans for three pressure and intake stations at Talla and Palta two were awaiting approval by the Corporation. Other estimates and specifications were being prepared by the department concerned. The progress had not been satisfactory for want of technical personnel.

Regarding the Talla-Palta Main scheme, Councillor Saha continued that the agreement with the contractor firm was finally executed on the 15th April and work order issued after few days. The licence for starting the factory was received in November last year. The present arrangements for supply of steel would keep the factory idle for a few months and if steel supply was not regular in future construction of the main would be hampered. The Union Government should be urged to allot larger quotas of steel, either by import or from indigenous sources. The Government should give it the topmost priority as it was a question of "life and death" to the city and particularly because of the damaged condition of the 60 inches main.

It was absolutely necessary, the Chairman added, that for preliminary work and for supervision during execution qualified technical personnel should be appointed immediately. Otherwise the work would be seriously hampered.

Referring to the scheme for sinking of big tube-wells by the Corporation in collaboration with the West Bengal Government, Councillor Saha said that initially it was understood that the Government would bear the cost of the 50 tube-wells to be sunk in bustees selected by the Mayor. But subsequently it was decided at a meeting in the Chief Minister's room that the Corporation would have to bear half the cost. One such tube-well would cost Rs. 28,000. The whole scheme, which was for 300 such tube-wells, would take three years and cost Rs. 84 lakhs.

Extra staff needed for proper maintenance and repair of tube-wells had not been appointed yet. Contractors were doing the work. The work of changing of water service mains has not progressed satisfactorily because of a dearth of staff and pipes, added Councillor Saha.

While the Chairman was making statement on 72-inches Talla-Palta Main Councillor S. K. Gupta, I.C.S., Chairman, Calcutta Improvement Trust, wanted to know whether the agreement with the contractor firm for the Talla-Palta Main had been executed exactly in accordance with the relevant resolution of the Corporation as the Corporation had accepted the tender on certain terms.

Councillor Subrata Sen Sharma said on the first day, that the Water Works Department had some time ago raised a loan of Rs. six lakhs for repair of the existing 60 inches main. The work had not been carried out on the plea that a new main would be laid. If the existing main would burst there would be a catastrophe. He also suggested that a fresh Committee be formed to suggest improvements in water supply.

Councillor Biman Mitra said that at present there was practically no supply of unfiltered water

because of the pipe extension work at Mallickghat Pumping Station. The work should be completed soon. As the river level had gone down, the hours of intake should be so adjusted as to get the maximum quantity of water available.

Councillor Tulsi Charan Paul said that people of his ward had pestered him for adequate water supply. He had run from pillar to post, but had not been able to give them succour.

Continuing his speech on the second day, Councillor Paul described the hardship caused to people because of scarcity of water. He also alleged that files moved from department to department for months but little or no action was taken on them.

Councillor Amulya Sarkar said that the bustee dwellers in the Tangra area depended mainly on ponds for water supply but this year all ponds there had dried up. Some tube-wells had been out of commission since three or four months and before those few which were in order there were long queues of people quarrelling for water every morning and evening.

Councillor Samar Rudra, also pointed out on the first day to a specific clause in the Agreement between the Corporation and Structural Engineering Company of Bombay relating to the laying of the Rs. 2 crore 45-lakh Talla-Palta Main. According to Councillor Rudra as the firm did not execute the work they would be liable to pay compensation at the rate of Rs. 18,000 per year. If the work remained undone for 20 years the Company according to the clause of the Agreement would have to pay to Corporation only Rs. 8 lakhs. The rate of compensation ought to have been much higher, felt the lawyer Councillor.

Councillor Naren Sen demanded reconstitution of the Standing Water Supply Committee and a separate Section under the Executive Engineer, Water Supply for Tube-wells.

On the second day Councillor Mihirlal Ganguly stressed the need for execution of the work of the Corporation in a systematic way and suggested that Departmental procedure to finalise an order should be simplified.

Councillor Ganguly also emphasized that required number of technical personnel should be immediately appointed for the execution of different schemes and work. He suggested that periodical reports relating to the progress of work done by each Department should be submitted to the Corporation.

Alderman Dr. Amiya Kumar Basu suggested to set up a seven-Member Special Committee to go into the various questions relating to adequate supply of water and to submit its report within a month. A preliminary report might be submitted earlier.

The Chairman of the Standing Health Committee, wanted that there should be definite measures as regards augmentation of water supply.

Others to participate in that two-day discussion were Councillors Nripendra Nath Banerjee, Raj Satyendra Nath Mitra, Satyananda Bhatfacharyya and Ganapati Sur.

From the trend of discussion it appears that water supply system in the city has become a vexed problem which requires to be eradicated soon.

Calcutta looks Ahead

DEVELOPMENT OF CANCER HOSPITAL

The Chittaranjan Cancer Hospital will soon have a Cobalt-60 unit from Canada under the Colombo Plan. First of its kind in India, the unit will be installed and maintained by the International General Electric Company. A special room has been built at the hospital for the unit. The installation will help treatment of deep-seated cancer.

NEW BUILDINGS OF THE UNIVERSITY

The Calcutta University Syndicate proposed to spend Rs. 3.2 lakhs for the new Science College building, Rs. 80 lakhs for the building to be constructed at the site of the Senate House, and Rs. 1.5 lakhs on students' amenities.

Plans for those buildings have been prepared. The reason for the proposal is to allocate funds to some colleges to arrange some accommodation for students as in Day Students' Homes. The West Bengal Government had a similar scheme. The Grants' Commission might allocate funds for the construction of two Day Students' Homes by the University.

AN INDUSTRIAL AND TECHNOLOGICAL MUSEUM

The Committee of the Birla Industrial and Technological Museum, sponsored by the Council of Scientific and Industrial Research, Government of India, at a recent meeting under the Chairmanship of Dr. B. C. Roy, Chief Minister of West Bengal, recommended an expenditure of Rs. 6.1 lakhs for reconditioning the building which would house an Industrial and Technological Museum. This would claim to be the first of its kind in this city. The Committee felt that greater efforts should be made for collection of scientific models.

For the construction of the workshop to be attached to the museum, the Committee has also approved an expenditure of about Rupees one lakh.

A STUDENTS' HOSPITAL IN CITY

The State Government has been examining a scheme to set up a 1,000-bed hospital and 20 clinics in different parts of the city exclusively for students.

The scheme was estimated to benefit 380,000 students, of whom 67,000 came from colleges. The clinics would provide both general and specialized medical attention. Disclosing this at a meeting in the Senate House, Calcutta University, the Director of the State Health Services, Lt. Col. D. N. Chakravorti said that the State Chief Minister, Dr. B. C. Roy was very interested in the scheme. He also promised that the Health Department would

place one of its senior officers at the disposal of the University to work temporarily with its Board of Health.

DEVELOPMENT OF NORTHERN OUTSKIRTS

Bagjola in the northern outskirts of the city near about the Salt Lake area was inspected some time ago by the State Chief Minister, Dr. B. C. Roy, accompanied by the senior officials of the Development Department, Department of Irrigation and the Corporation of Calcutta.

The visit, was in connection with the filling up of the Salt Lake with the silt from the Ganges. According to the scheme, an area of about 3.75 square miles will be filled up with silt.

The area will be properly developed and plots of land will later be sold by the State Government. One of the aims of the scheme which will be implemented during the Second Five-Year Plan is to extend the northern limit of the city.

A HOSTEL FOR POST GRADUATE STUDENTS

The University Grants Commission have agreed to bear the cost of construction of a hostel for Post-Graduate students of Calcutta University.

The University has approached the West Bengal Government for allotment of a suitable site within Emerald Bower on Barrackpore Trunk Road on which it proposes to construct a four-storeyed building to accommodate about 70 students.

CALCUTTA SCIENCE CLUB

The annual meeting of the club was addressed by Dr. S. K. Mitra, Administrator, Board of Secondary Education, on Sunday, the 8th June. Dr. Mitra said that there should be a journal through which the general public could understand the progress of science. The medium should preferably be Bengali. He said that in West Bengal science was being made a compulsory subject of study in the secondary stage. In a few years there would be large numbers of people who would want to know the achievements of science.

Dr. Mitra further suggested that the Club might make an attempt in that direction and publish a journal containing general articles in popular language. It should be copiously illustrated and understandable to a person of average intelligence. The journal the Club was now publishing might develop as one through which a professional scientist could keep himself abreast of the latest scientific advances. Such a journal should give emphasis on Indian achievements. Dr. Mitra also emphasized the importance of teamwork in achieving success in scientific research.

The Science Club is an organisation meant to facilitate Social, Cultural and Scientific fellowship at the University College of Science.

CITY-NEWS-PARADE

OBITDARY: The death of Shri Harisadhan Chatterjee, a former Principal of the Surendranath College, Commerce Section, occurred on Friday, the 6th June, last at his Calcutta residence. He was 67.

Born in Joynagar-Majilpur village in 24-Parganas, the late Shri Chatterjee took his M.A. degree from Calcutta University. After acting for some time as a Lecturer in Economics in Serampore College, he joined Surendranath College (then known as Ripon College), Calcutta, as Professor of Economics. He was connected with this institution for 46 years. He wrote a number of books on Economics for the students appearing in Degree Examinations.

Shri Phanindra Lal Gangooly died at his Calcutta residence on Saturday, the 7th June, last. He was 80.

The late Shri Gangooly served Calcutta University as a Lecturer in Mathematics for nearly 35 years and retired in 1940. He was Founder-Secretary of the Calcutta Mathematical Society.

The death occurred at his residence of Shri Amiya Nath Mukherjee, a Solicitor of the High Court on the same day. He was 78.

WEST BENGAL SUBORDINATE ENGINEERING SERVICES' STADS put up some of their grievances while holding their annual meeting of the Employees' Association at Maha Bodhi Society Hall, Central Calcutta, on Saturday, the 7th June last. Shri K. N. Das Gupta, Minister for Works and Buildings, presided. Shri Ajoy Kumar Mukherji, Minister for Irrigation and Water Works, inaugurated the function.

Shri B. N. Bari, the Association's Joint Secretary, said that they had demanded that 25 per cent. of vacancies in assistant engineers' (both permanent and temporary) posts should be filled up by those who had at least three years' experience in the Works and Buildings Department, irrespective of their age.

Shri Das Gupta announced that 20 per cent. of vacancies would be filled by promotion from among overseer estimators and 80 per cent. of temporary overseer Estimators would be made permanent.

SOCIAL CRIMES IN CITY: Seven Bailiffs of Corporation were recently dismissed and three more suspended. Action was taken by the Department concerned on charges of violation of the Corporation rule that Bailiffs must deposit taxes collected by them from rate-payers with the Corporation treasury within 48 hours. The total amount involved in these cases was over Rs. 40,000.

It is alleged that these Bailiffs, during last two years, deposited only a part of their collection with the Corporation and utilized the balance, with periodical replenishments, for business and other personal purposes for months. Except Rs. 2,000, all the money has been recovered.

Over 200 bags of paddy each containing more than one and a half maunds were seized and three persons were arrested

by the Enforcement Police for alleged contravention of the provisions of the West Bengal Rice and Paddy Control Order of 1957, from the Maniktala Cannal area on Friday, the 6th June last.

Later, the police raided a godown in the vicinity wherefrom the bags were being shifted and recovered 100 more bags for which no licence or permit could be produced by the keeper of godown.

AN EXHIBITION OF WEST BENGAL'S HANDICRAFTS having export potentialities were on view at Artistry House, Park Street, during last week. Organized jointly by the State Directorate of Industries in collaboration with the State Trading Corporation the exhibition represented a cross section of the most important and traditional arts and crafts of the State. They included silk, cotton, printed and plain textiles, ivory goods, horn products, clay dolls of Krishnanagar and Bankura, rag dolls, leather goods, ceramic products, mats, brass and bell-metal castings.

Shri Kavaljit Singh, Deputy Divisional Manager, State Trading Corporation, told on the day of opening, the 4th June last, that the Corporation had exported last year about Rs. 14.50 lakhs worth of Indian handicrafts to the Soviet Union, Czechoslovakia, Poland, Yugoslavia and East Germany. This year the Corporation had already signed a contract to export Rs. 6.50 lakhs, worth of handicrafts to Russia and to Czechoslovakia to supply handicrafts worth Rs. 5 lakhs.

KAVIRAJ SHYAMADAS VACHASPATI'S Twenty-fourth Death Anniversary was observed in the city on Monday the 9th June, at the Shyamadas Vaidya Shashtra Pith, 294/3/1, Upper Circular Road.

Shri Vivekananda Mookerjee, Editor, "Jugantar" inaugurated the function. Dr. Nalini Ranjan Sengupta who presided, pleaded that the Government of India should pay more attention for the development of Ayurveda.

Dr. Amiya Kumar Bose, Chairman, Standing Health Committee, was the guest-in-chief and Councillor Kishorelal Dhandhanian, Chairman, Standing Finance Committee, joined the function as special guest.

Kaviraj Shri Ramkrishna Shastri, Shri Sankaripati Roy and others also addressed the meeting.

WEST BENGAL'S FOOD PROBLEM AND WAYS OF TACKLING IT was discussed on Sunday, the 8th June, between the State Chief Minister, Dr. B. C. Roy and the representatives of the Price Increase and Famine Resistance Committee. The Food Minister, Shri P. C. Sen was also present. The representatives were mostly members of the State Legislature.

On Friday, the 6th June, the Committee held a demonstration demanding immediate solution of the problem. Holding a meeting at Raja Subodh Mullick Square the men, numbering about 400, went in procession through Dharmatalla Street, towards the Assembly House with an intention to present a Memorandum to the State Chief Minister. The speakers in the meeting included Shri Suresh Chandra Banerjee, M.L.A., who presided, Shri Jyoti Basu M. L. A., Shri Hemanta Kumar Basu, M. L. A. and others.

Sunday's discussion resulted in suspension of civil disobedience movement in the city being participated in by those leaders and a large number of farmers who had reached city on Wednesday, the 11th June from the adjoining districts in West Bengal. They, numbering about 2,000 came on foot and in some cases they covered more than one hundred miles. The decision of postponement was approved at a meeting at Raja Subodh Mullick Square, central part of the city, in that evening in view of the assurances said to have been given to the representatives by Dr. Roy. The meeting was presided over by Shri Bhabani Sen, a Communist Kisan leader and was addressed by leftist leaders of different groups. They also reiterated their demands in that meeting.

CALCUTTA CONTINUED TO BE IN THE GRIP OF HEAT WAVE till Monday, the 9th June, when a nor-wester swept over the city bringing great relief to the citizens who had passed through another stuff day. The squall flooded the streets.

The maximum windspeed in the Alipore area was 53 miles per hour. The temperature dropped by 9 deg. C. to 16 deg. F)—from 34 deg. C to 25 deg. C (93 deg. F to 77 deg. F). The associated rainfall recorded at the Alipore Meteorological Office was 2 inches.

As a result of flooding, tram services in the city and Howrah were disrupted for over two hours, and the services in three routes Jorasanko, Cornwallis Street and Strand Road, remained suspended for long hours.

A big tree fell on Gariahat Road near the railway level crossing in that evening blocking the road to traffic for about two hours. This also affected about 100 telephone connexions under the "34" Exchange. The connexions were restored on the 11th June.

There was another nor-wester of mild type on Friday, the 6th June when the oppressive hot spell for over a fortnight was at last defeated. People welcomed the shower that accompanied the squall. But its distribution was not uniform. While the shower was fairly heavy for about 15 minutes in central part of the city and some parts of North Calcutta, it was only a drizzle in the south. It was scanty in Alipore.

The squall, in which the maximum windspeed was 31 m.p.h., caused the temperature to drop by 5 deg. C (9 deg. F), from 33 deg. C (91 deg. F) to 28 deg. C (82 deg. F).

The city experienced the heat wave for the rest of the days with expectations for thundery squall in the evening and fall in night temperature.

WEST BENGAL LEGISLATIVE ASSEMBLY concluded its general discussion on the State Government's Budget Estimates for 1958-59 when a reply, against almost all the charges was made by the State Chief Minister, Dr. B. C. Roy on Friday, the 6th June last. After that the House switched off to the votning of individual grants.

With several allegations stressed by Opposition members that the State was heading towards bankruptcy, the Chief Minister dismissed them by saying that all those were totally baseless. Dr. Roy also explained the difficulties the Government had faced in framing its annual Budget because of uncertainties about the allocation of funds from the Centre. If the recommendations of the Finance Commission were fulfilled the State Government could have balanced the Budget, Dr. Roy also said.

During these days individual grants on food, education, rehabilitation, health, co-operation and others were voted by the House.

Shri Harendra Nath Chaudhuri, expressed the hope on Wednesday, the 11th June while moving on the estimates on Education, that the Government would be able to make

primary education compulsory within the next three years. To elaborate the Government's policy and achievement, the Minister quoted figures extensively. He said that no one disputed the fact that the Government was trying to spread education. Differences might arise on the question of how to implement the policy. So far the Government had followed a course which had been tested in other democratic countries. It was also in accordance with the decisions of the different committees set up by the Central Government.

It was true that there was a shortage of teachers admitted the State Education Minister, and the Government was thinking of introducing a three-month refresher course for them. He regretted that the municipalities were not yet producing their own schemes for primary education.

While members' anxiety over the radical changes being brought about in the State's educational system was amply reflected in their speeches, most of them covered very little new ground. The Opposition members argued that West Bengal's education suffered because of the absence of an integrated policy. Their contention was that even after ten years of independence the Government's educational policy followed the old pattern and there was no sign of giving it a Socialist content despite professions of Socialism.

Introducing the demands on health, which were debated simultaneously, Dr. Anath Bandhu Ray, Minister, said that there had been a decrease of Rs. 1.12 crores over the previous year's demands. But the total provision under the Second Plan remained the same.

The Opposition directed its criticism mainly to shortage of water supply in villages and towns, bad service conditions of most hospital employees, indifferent administration of hospitals, and failure of the Government to eradicate such diseases as cholera. While praising the Government's achievements, several members emphasized the need for speedy exploitation of sources of water supply all over the State.

The Health Minister admitted, however, that the number of beds were still extremely inadequate to cope with the number of tuberculosis patients. The Government would also start 24 combined maternity, child welfare and family planning centres within the State.

Intervening the debate the State Chief Minister, Dr. B. C. Roy said that during the past ten years, the number of beds had increased from 1,800 to 2,800, each bed costing about Rs. 2,500 a year. There were many health centres and units, State-managed or otherwise, for which large amounts were necessary, emphasized the State Finance Minister.

Mortality had fallen and longevity had increased. There had been a large increase in the number of practising doctors. While saying this, Dr. Roy admitted that distribution of doctors in the State was bad.

Over-crowding of Calcutta hospitals was a matter of great concern to the Government stressed by the eminent physician. This over-crowding could not be relieved of unless provision for specialized treatment was made in different parts of the State. Steps were being taken to increase the efficiency of hospitals outside the city. The Government was fully aware of the problems and was actuated by a desire to provide the best treatment, but its resources did not permit it to give to patient more than a minimum standard of medicine and diet.

Emphasizing the importance of research, the eminent physician said that a doctor who in the course of his daily work did not do some research was bound to develop a static mind. Calcutta University had started a Post-Graduate Department of medicine and the Karnani Hospital was serving the purpose of a Post-Graduate College. Dr. Roy was glad to find that many young doctors were doing excellent research work and were getting recognition not only in India but also abroad.

CORPORATION NOTICES

To Contractors

Tenders are invited in duplicate for the following and will be received by the 2nd Deputy Commissioner on the date noted for each, up to 12 Noon. Each tender in duplicate must be enclosed in a sealed cover and superscribed "Tenders for.....". For specifications and tender forms apply to the Keeper of Records. Price Rs. 4/- per set.

THE WORLD OF BOOKS

SAMHATI—SILVER JUBILEE NUMBER—Baisakh, 1365. Editor. Shri Suren Neogi. Published from the Samhati Office—203/2-B, Cornwallis Street, Calcutta-6. Price Rs. 2/- only.

Enriched by a larger number of articles from the pen of so many well-known writers of Bengal the Silver Jubilee Number has presented the reading public another advanced stage in the life of the periodical. To-day the periodicals of Bengal have fallen in their bad-days and the attempt of the Editor to present a really worth-reading number should receive

appreciation on all hands. Of course 'Samhati' has so long maintained its old tradition of thought provoking and sensible articles. Even its autumn number never had contained stories of thoughtless manners and less problematic.

The contributors of this number are Dr. Srikumar Banerjee, Shri Upendra Nath Ganguly, Shri Kshetramohan Purakayastha, Shri Probodh Kumar Sanyal, Shri Bhupendra Kishore Rakshit Roy, Shri Sudhangahu Mohan Banerjee, Shri Narayan Ganguly, Shri Phanindra Nath Mukherjee, Shri Nandagopal Sen Gupta and many others. A collection of best compositions of the great minds in the past is also there. The Number should receive wide circulation.

Drains, Cess-pools, Hospitals, Sick-rooms,
Lavatories and every place where Dirt and
Disease Germs are likely to lurk.

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the coolie.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the lessee thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.

ANOTHER LAND-MARK IN CITY'S HISTORY

Situated on the front gate of the Deshabandhu Park, Shyambazar, this eight-feet high cast-stone life size statue of DESHBANDHU CHITTARANJAN DAS will inspire thousands to follow his ideals.

Standing beside the statue (from left): The Mayor, Dr. T. Sen, Shri R. L. Sinha, M.L.C., Shri B. N. Mukherjee, M.L.C., Shri K. K. Chatterjee, M.L.C., the Ex-Mayor, Shri S. K. Basu, M.P., Shri S. K. Chatterjee, President of the Legislative Council.

THEY PAID THEIR TRIBUTES TO DESHABANDHU

The Union Law Minister, Shri A. K. Sen, standing close to the statue. Next to him the Mayor, Dr. T. Sen, Councillors G. Sur and M. L. Ganguli.

Editorial

DESHBANDHU CHITTARANJAN

ON the 18th of June, 1925, a sort of half-light settled over Calcutta. The Sun peered from behind the sailing clouds. From early morning it drizzled intermittently throughout the day. And it seemed the day was drooping and drowsing. All Calcutta and the neighbourhood were out on the streets. The abundance and variety of life was evident enough. But man, man in the mass, seemed to be charged with an extraordinary intensity of life. One could experience an almost overpowering stillness. The rush and whirr and clang of life in the city were forgotten or forsaken. A stillness brooded over all. There was hardly any shout. There was not much of a bustle. Hardly a breath of air stirred anything or anywhere. Calcutta was hushed.

The last remains of Deshbandhu Chittaranjan Das were cremated at Kalighat. The instantaneous reaction, in any form of a tribute or a homage, was that it was a stunning blow. And of the leader who was gone it was said that his life was a Vaishnavite rhapsody of sacrifice. With the years that have passed we think of Deshbandhu as something remote from the everyday trivialities of our life, and we find in his memory an occasional respite from "the long littleness of life" that has come upon us. Deshbandhu was "tempest-winged." Yet his example fastens upon the mind, as the lava, to use one of Keats' vivid phrases, "ravishes the mind", as a silence that stands still and speaks with the eloquence of passion. Will a glorious people some day vibrate again to the lightning of his soul?

Deshbandhu has been studied in close association with Gandhiji. He has been studied as a leader of the Non-Co-Operation Movement and of the Swaraj Party. He is seen in a distinguished galaxy of stalwarts whose glory blazes across years and lands. He was with them; he was one of them, but the search for Deshbandhu is a search for something you can never feel in any other way than by himself. His mission drove him out "far past where he can go, out to where no one can help him." There shimmered in him something inborn. In him was the abode of "the secret strength of things." Travelling on life's common way, in law, literature, and politics, his soul was like a star, and dwelt apart. Greatness, like poetry, "must surprise by a fine excess". Deshbandhu had that fine excess in an abundant measure. It made his life full to splashing. He always stood on the point of recklessness. And it made his flight through life's crowded years somewhat "swifter than fire" and as consuming. He burnt himself out in a blazing glory. The white radiance was never far from him. With him, therefore, we should count time by heart-throbs. He was wrestling with the high issues of faith and philosophy, of passion and the personal element in political work. He added another dimension to politics, the infinite fourth dimension which is in us and within us. He let the people experience ecstasy, were it for an hour. His work, as it came to him, was an emancipating vision. Netaji Subhas Chandra Bose wrote the code word of this wonderfully complex and rich personality. Of the years between 1921 and 1925 he wrote: "But those were among the richest years of his life from the view point of self-fulfilment and they were also momentous years in the recent history of India Against the dawn of 1921, there now stood not merely a wholetime politician but an emancipated soul—a soul reborn. Inspired by a taste of that fulness of life which brings man nearer to divinity and conscious of a higher duty to his nation and to humanity, he plunged into the thick of the political strife He gave himself wholly to the cause, every particle of himself."

Here was the "egoistic sublime", the bare sheer penetrating power of nature, 'the secret strength of things' in him that made him stand apart from the world of his company. Law, and literature, and personal life—all dropped from him as loosely held masks; yes, even those little sounds of life, familiar, friendly, grew strange to him. He stood a shadow upon the skirts of human nature dwelling alone, self-absorbed, passion-fraught. It was a power of absorption which is commonly found only in the ranks of fanaticism, a practical mystic moving by an inspired insight. In his presence thousands have felt those obscure sensations of man confronted by the eternal spectacle of nature. It is this that gave him that quivering intensity of touch which conveyed the very atmosphere of suspense, of faith and of prophecy. There was the perfect sureness, the triumphant rapidity of an upward flight, the soaring height, the superterrestrial quality and the poignant intensity of words and deeds impelled from something afar.

Deshbandhu then had that first great gift, the vital soul. Whenever and wherever he threw himself into an immediate programme of activity, he was surpassing himself and reaching upward to a higher level of being. The Non-Co-Operation Movement, Swarajist politics, the Corporation of Calcutta, the Tarakeswar movement, the Village Reconstruction, are point-events by which the Story is largely made. The pieces, taken separately, import a breaking with the old order. They reveal an aspiration to reach out into unknown modes of being, new forms of truth and beauty, new freedom. Calcutta was the key-stone of the British Empire, the metropolis of British trade in India and the east, the focus of British political power. Bring down but one brick, and you write the crack of doom on this ghastly edifice. Knock, knock, knock—and Greed and Reaction can devil-porter it no further. He brought down many a brick. Diarchy was shaken to the foundations. The civic life of Calcutta ceased to be the handmaid of British reaction in India. The iron wheels ceased to go onward. The New Life was a-building.

C. R. Das held forth for us something of the vision without which the people perish. He revealed freedom and democracy. He opened out the soul of little and familiar things. His challenge was the essential spiritual nature of democracy. His programme speaks the universal language that all men who hunger for freedom and integrity can understand. He brought to our life and thought the sparks of the spirit. He had not only the depth of the note of revolt, but brought the largeness of hope, alert with unquenchable life. There is always a new horizon for onward-looking men, a hint of some world far from our long littleness of life, "where music and moonlight and feeling are one." We have learnt to live for the morrow, and our great city "like a vision sails from out the closing doors of his hushed mind."—(S.B.)

A DISTINGUISHED GATHERING PRESENT TO WITNESS THE FUNCTION

The Mayor, Dr. T. Sen, the Deputy Mayor, Shri K. C. Basu, the Ex-Mayors Shri S. K. Basu, M.P., and Shri D. N. Mukherjee, a large number of Aldermen and Councillors and Corporation officials are seen in the picture. The Union Minister, Shri A. K. Sen (on the mike) and Shri Amal Home (extreme left) are also seen.

Unveiling Of Deshbandhu's Statue

A Special Feature This Year

FEELING tributes were paid to the memory of Deshabandhu Chittaranjan Das, on Monday, when the citizens gratefully remembered the deeds of that 'deathless urge of a soul immortal'. They also recalled the great humanist who devoted himself solely for the service of the poor as 'DARIDRA NARAYAN'.

Lavish in his charity Deshbandhu was something more, something a new to the citizens of this great city. Making his mark as a Bengali poet Chittaranjan's literary attainments were of a high order. He secured a top ranking position in the profession of Law. And this helped him much to emerge as a political leader of an exceptionally high calibre and versatile genius. His political leadership covered a period of little over four years and these were the richest years of his life.

All these were recalled by Dr. Suniti Kumar Chatterjee, President, West Bengal Legislative Council, the only speaker in that morning memorial service held at Sahanagore Burning Ghat under a specially decorated pandal. A big gathering including some of his ardent followers gathered there to place their hearts' homage to that leader. The Mayor, Dr. Triguna Sen and the Ex-Mayor, Shri Santosh Kumar Basu, M.P., were also present.

All of them garlanded the marble bust of Deshabandhu placed inside the niche of the Mausoleum built in his memory and located at the site where the mortal remains of Deshbandhu were put to flame.

This year's remembrance was marked with a special function, the installation of an eight-feet high cast stone statue of Deshbandhu on the front gate of Deshbandhu Park, the northern end of the city. This was one among the few specimens of his countrymen's attempt to remember him ere long in this city. The life size statue has been designed as if the great leader is addressing his followers to launch a campaign fearlessly for acquiring what is good and to cast out the evil. It was placed on a nine-feet pedestal. The Standing Town Planning and Improvement Committee of the Corporation was responsible for erecting the statue. It is the work of the famous sculptor Shri Sunil Paul.

Amidst a sweet music of the National Anthem and high shouts of 'Bande Mataram' the Union Law Minister, Shri Ashoke Sen, unveiled the statue before a big crowd assembled there on that evening. Flower petals showered on the top of the statue and a rounded canopy hang over its head.

Wreaths were then placed on its foot both by individuals as well as on behalf of different organizations.

A number of speakers including two former Mayors, Shri Santosh Kumar Basu, M.P., and Shri Debendra Nath Mukherjee, praised the qualities which had distinguished Chittaranjan and advised young people to follow his ideals.

The Mayor, Dr. Triguna Sen, who presided over the function, asked all present to spend at least one day in a year for the service of the poor and he thought that this would be the best way to follow Deshabandhu.

Shri Sen invoked blessings from the spirit of Deshabandhu symbolizing his fearlessness to overcome the difficulties faced by the country at present.

Several Aldermen and Councillors including Corporation Officials also attended there.

A CHRONOLOGICAL ANALYSIS OF DESHBANDHU'S LIFE

At Keoratala, Dr. Chatterjee analyzed Deshabandhu's life in three stages, first as a Barrister, then a cultural leader and lastly as a politician and emphasized that everywhere his quality of patriotism was unequalled. His greatness was also equally witnessed in all the spheres, and thus he became one of the greatest leaders of Bengal, nay India, nay the whole of world.

Continuing his speech, Dr. Chatterjee said that a span of fifty-five years was given to Deshabandhu and within that period he attained a stage of manhood which still shines brightly.

Born in 1870, Deshabandhu first emerged as an eminent lawyer towards the early twenties when he defended Shri Aurobindo and other patriotic leaders of Bengal. Since then he enjoyed a roaring practice in the High Court Bar. But his love for arts and literature had not been died within him and he maintained its culture during his leisure periods. He edited 'NARAYAN' a journal earned a name by its merit. As a poet his fame had spread in the meantime and his books were read largely, added the outstanding teacher of literature. Gradually he was drawn to the thick of politics. Presiding over the Provincial Political Conference in 1917 Chittaranjan snatched the political leadership of the country. And in that capacity he continued till the end of his life.

But Chittaranjan practiced charity from the very beginning of his career. He was so sincere

to his purpose that he repaid all the debts once credited by his late father. His charity and munificence were so lavish that he never stored for the future. And surely this had earned him the name of Deshabandhu, a true friend of the country, added Dr. Chatterjee.

The President further emphasized that to recollect and to discuss the activities of the great past 'is a great virtue which should be imbibed by all'. And he felt that this discussion should be directed in a right direction. He was, however, sceptical to notice that a few deliberations on this had not satisfied him fully.

The function was held under an erected pandal facing the Deshabandhu Mausoleum. The Corporation had earlier sanctioned a sum for the purpose. It was attended by the Mayor, Dr. Triguna Sen, the Ex-Mayor, Shri Santosh Kumar Basu, M.P., Shri Hemanta Kumar Basu, M.L.A., Shri Satyaranjan Bakshi, Shri Rabindra Lal Sinha, M.L.C., Shri Krishna Kumar Chatterjee, M.L.C., Shri Purnendu Sekhar Basu, a former Deputy Mayor, Shri Biswanath Mukherjee, M.L.C. and others. Wreaths were also placed by all of them on the bust of Deshabandhu as well as on behalf of different organizations including the Calcutta Corporation, the Howrah Municipality, the Pradesh Congress Committee, the South Calcutta Congress Committee, the Corporation Employees' Association, Deshabandhu Pathagar and many others.

'ALL SHOULD IMBIBE DESHBANDHU'S IDEALS'

In Deshabandhu Park, addressing the gathering the Mayor Dr. Sen said that the development of an organization depended on the united efforts of all those connected with it. Deshabandhu and Netaji believed that the Corporation could be turned into an ideal organization through the joint efforts of the elected representatives, and the employees and workers. It was then the gift of those mighty minds.

Beginning with a "confession" that he could not claim to have lived up to Deshabandhu's ideals even for a day, Dr. Sen also recalled how, as the Mayor of Calcutta so many years ago, Chittaranjan had imbued all the employees with a spirit of service. This was possible because Deshabandhu knew that an institution functioning with the co-operation of all concerned was prepared to give the credit for an achievement to all those who helped. He drew an analogy with this to the educational institutions in the country

where future citizens were being built up. He also regretted that there were misuse of power in many of the organizations and it was confined to some limited few who had become corruptible after the attainment of Independence. But the common man remained as before. To-day, the man in the street still looks after the truth as he did in earlier days, added Dr. Sen.

The Mayor concluded his speech by calling upon the people to be inspired by the ideals of Deshabandhu and Netaji.

Unveiling the statue Shri Sen said when India was under foreign domination Deshabandhu Chittaranjan enthused countrymen with patriotic urge for the freedom of the country. The building of a new and happy India was yet to be achieved. And in order to achieve that end there should be some common effort. That is why at this moment,

(Continued on Page 210)

VIEWS AND REVIEWS

IS CALCUTTA A DEAD CITY?

Within recent few days the Indian Prime Minister, Shri Jawharlal Nehru, described this city in various ways. Calcutta first became a 'nightmare' to him due to reasons not known to us. What he disclosed in that connection was more of a political nature than anything else. However we do not like to enter into any political controversy over the issue.

But what amazed all was his personal views on this great historic city. His uncharitable remarks said to be uttered by him, have provoked an amount of confusion, in citizens minds. Calcutta is a 'derelict city', a 'deserted big village' or a 'dead city'. Whatever attribute it might earn all these have been considered in their own perspectives.

The Union Law Minister, Shri Asoke Sen, who opened Shri Nehru's mind before the citizens a few days back, again clothed this city with a new fabric. On Monday, the 16th June, while speaking at Deshabandhu Park, Shri Sen regretted that those terms once used by him, had undergone distorted meanings full of confusion and convulsion.

Posing himself as a believer in future glory Shri Sen deplored those remarks and emphasized that although starvation and pestilence fared in the faces of citizens due to hard economic conditions, still a happier city would surely emerge out of it. Continuing Shri Sen said that judging from various aspects Calcutta was a 'dead city' even then. But he was confident that this city could again be turned into a lively one through united efforts of all the citizens.

Deep silting in river beds, high salinity in tap water, strained economic conditions of middle class Bengalis might be some of the causes for which the city had been discredited. Still nobody would allow to make Job Charnock's city to shoulder in grave. As helpless spectators Calcutta citizens would never allow this sinful city going the Biblical way of Sodom and Gomorrah.

In order to save the city the implementation of the scheme of construction of the Farakka Barrage was found to be one of the remedies. The Mayor, Dr. Triguna Sen, in one of Corporation's Special Meetings, had expressed in a similar fashion. The high salinity in river water concerned him most and he thought that it was due to the diversion of upland sweet water in Uttar Pradesh and northern India by excavation of innumerable irrigational canals and dams. Farakka Barrage would, undoubtedly, help to channelize water towards this city and Greater Calcutta area. The Mayor further felt that unless there was an united effort for the implementation of that scheme progress would be at far distant and in this regard he appealed to the citizens to think over the issue.

In the West Bengal State Legislative Assembly recently, while discussing on demand for the 'Irrigation' head the Minister-in-Charge, had tried to by-pass the issue. Being questioned, the Minister, informed that the matter was still under consideration of the Central Water Power Board. And the State Government was helpless in that matter.

In that meeting on Monday, Shri Sen emphasized the need to construct the Farakka Barrage to save Bengal and Calcutta, which was so dear to Deshabandhu. The Minister said that there was no objection to the scheme in principle, although its international implications and questions regarding the immediate availability of the money that would be needed might have to be considered. He called upon the citizens to extend all possible co-operation for its implementation. Shri Sen, however, assured that he would help what he could do in the matter. As a representative of this city, Shri Sen's sincerity is without any doubt and the implementation might not be at far distant.

But at the same time one should give thought about deep siltage in the river bed. There were occasions when Corporation's unfiltered water could not be sucked in by pumps due to low ebb and other reasons, and unless that siltage could be removed this difficulty would sure to enhance. The augmentation of the D. V. C. Projects by building dams and others might have caused flowing of less amount of water in the river mouth and this might be one of the reasons of deep silting.

Speaking about strained economic conditions of middle class Bengalis, warnings had been issued as early as the earliest period of this century by men like the late Sir P. C. Roy and others. They wanted some remedy to cast out the evil. Since then no appreciable improvement have been noticed. Even a decade of independence could not bring any good to the Bengalis, rather partition and natural calamities had befall upon them.

But a living nation had never been subjected to such calamities. With its art and literature, and technicalities and imbued with ideals of life the Bengalis, as a nation, would sure to survive all those calamities. And when Bengalis would live Bengal must be saved, however, truncated it might be and so also this great city with so much richness in its heart.

Thus the remarks made by Shri Nehru might have an adverse effect in the minds of the citizens. But such things revive consciousness and enliven what is good in it to forshake the evils.

CONTAMINATION OF FILTERED WATER

In the West Bengal State Legislature Shri Deven Sen, a representative from the Cossipore area, northern extremity, brought up an Adjournment Motion on Wednesday, the 19th June, to discuss the issue of contamination of filtered water in this city. Shri Sen alleged that the State Government, responsible for maintenance of public health, had utterly failed to keep the filtered water safe from any germs. The motion was not, however, admitted by the Speaker, Shri Sankerdas Banerjee, who advised Shri Sen to place the matter in the shape of a short-notice question. He assured that this would get priority immediately after the Budget discussion was over.

Government's knowledge in this matter came when the order upon the Corporation to maintain an emergent situation as regards checking of the spread of epidemic diseases was extended upto the 30th June. This was required under Section 45 of

the Calcutta Municipal Act, 1951. In that connection the Government had further stated that the Corporation's reports revealed that 39 per cent. of water samples analysed were still found "unsatisfactory" and another 39 per cent had no trace of residual chlorine. The presence of residual chlorine generally signifies that the water has been adequately disinfected.

A report submitted by the Corporation's Chief Analyst, to the Health Officer, said that of the 187 water samples examined from different areas in the city during the week ended the 7th June, about 25 were found "unsatisfactory". The samples were collected from Burra Bazar, Kidderpore, Cossipore, Beliaghata, Manicktolla and Mechuabazar areas.

It had, however, been found that even after chlorination in a particular area all samples did not give satisfactory results. Investigations had been made but the cause of contamination could not be ascertained. Recently, at a certain point in Tollygunge where samples had been found contaminated, water supply was stopped for some time. But stoppage of supply was not the usual practice. If many samples were found contaminated in a certain area, the water main supplying the area was chlorinated. The degree and the type of contamination found so far this year were not considered dangerous. Faecal contamination, which was dangerous, had not been found in any water sample this year. It has, however, been suggested that absence of residual chlorine in many samples might have been caused by high salinity in filtered water.

The Health Officer said in that connection that any sample which was declared "unsatisfactory" was dangerous and should not be consumed. Bacteria of presumptive coli found in the "unsatisfactory" samples might cause not only gastro-enteritis but "anything". Cholera germs had not been found in the water samples examined.

It was true, he added, that in some cases contamination had been caused by defects in water pipes. A large number of samples were taken from areas where the supply was suspected to be contaminated. "Unsatisfactory" samples taken from houses did not indicate that the supply was contaminated.

Speaking about the steps taken by the Corporation against contaminated water, the Commissioner, Shri B. K. Sen, also said recently that the usual procedure was to inform the Executive Engineer, Water Works, about the condition so that necessary chlorination could be done. The Standing Health Committee was apprised of the results of the weekly analysis? Steps were taken by the Committee in the past whenever it necessitated then to do so.

When a reference to the problem of contamination of water was made at the special meeting of the Corporation on Wednesday, the 18th June, Alderman Dr. A. K. Bose, Chairman of the Standing Health Committee, assured the House that cholera germs had never been found in tap water in the city. It was true, however, that other germs had been found, he said.

The reference was made by Councillor Dr. K. P. Ghosh who said that the report of an analysis by the State Government analysts of 100 samples of filtered water taken from different localities recently, revealed that 55 out of so many samples contained cholera germs. Dr. Ghosh requested the Mayor to take immediate measures to remove the causes of contamination.

—UNVEILING OF DESHABANDU'S STATUE

(Continued from Page 208)

Shri Sen said, countrymen are longing for Deshabandhu's message of fearlessness who was a true Baisnav and had faith in God. This had rather inspired him to sacrifice all that belonged to him. Thus he had set an example for others to follow, he added.

Shri Sen said although Calcutta might appear to be a derelict city, he believed that nothing could destroy the Bengalis, who had produced men like Chittaranjan and distinguished themselves by their rich culture and literature.

The best tribute, Shri Sen said, would be paid to the memory of Deshabandhu if the citizens helped in the endeavour of building Calcutta a lively and ideal city.

The Ex-Mayor, Shri Santosh Kumar Basu, M.P., said that Deshabandhu Chittaranjan dedicated his life for the upliftment of the poor and the down-trodden and this was amply witnessed from his programme of welfare work in the Corporation.

Another Ex-Mayor, Shri Debendra Nath Mukherjee, said Chittaranjan was a real friend of the poor and this he illustrated through his personal reminiscences. The speaker's sentiments were so strong about Deshabandhu that he believed that India's greatness in the present world was recognized mainly due to the birth of her noblest sons like Chittaranjan and others.

Councillor Anil Moitra also paid homage to Deshabandhu Chittaranjan. He hoped that although the people residing on the northern part of the city would be fortunate in having his statue still the citizens on the southern part would never hesitate to follow the ideals left by him.

Shri Sookamal Ghose expressed his gratitude to the Corporation for the installation of the statue. The statue of the great Patriot, Shri Ghose said, would serve double purpose—it would inspire the citizens with the ideals of Deshabandhu and also beautify the Park.

Earlier Councillor Ganapati Sur, Chairman, Town Planning and Improvement Committee, welcomed the guests. He also narrated the circumstances which led to the installation of the statue and apologized for the delay in doing so. He hoped that a life size statue of Netaji Subhas Chandra would be installed soon at the five-point crossing on Shyambazar.

Extending a vote of thanks to all, Councillor Mihir Lal Ganguly who represented that area, suggested that Government should declare the Death Anniversary of great men as public holidays. He also emphasized the need for installation of the statues of Indian national leaders in places of those of the foreigners existing in the city.

Many of the important citizens including a large section of Aldermen and Councillors, and Corporation Officials witnessed the function.

Death anniversary of Deshabandhu was observed in the Assembly House in the room of the Deputy Chairman, West Bengal Legislative Council, with great solemnity. A portrait of Deshabandhu was decorated with flower and garlands. All the Officers of the Assembly paid their homage to the great soul.

THE CORPORATION AT WORK

A GIST OF PROCEEDINGS OF THE NINTH ORDINARY MEETING OF THE CORPORATION
HELD ON THE 13TH JUNE, 1958.

WATER ACCUMULATION IN CITY STREETS

Grave concern was expressed by several members over the accumulation of rain water on different points of city thoroughfares. They held the deterioration of sewers, responsible for this accumulation and wanted its quick remedy.

During the discussion on matters of public importance, Councillor Satyananda Bhattacharjee referred to the thundershower on that day noon and said though the duration of rainfall was short still many streets and lanes were flooded causing much inconvenience to the citizens. In this connection he referred to the conditions of Upper Chitpore Road, Sovabazar Street, Banamali Sarkar Street and its neighbourhood. This, he said, was due to bad maintenance of the sewerage system in the city.

Councillor Naren Sen and Councillor Krishna Chandra Kundu drew the attention of the Mayor, Dr. Triguna Sen, for taking measures immediately to solve it.

Pointing out to the huge accumulation of rain water near Thanthania Kalitala on Cornwallis Street, central part of the city, Councillor Kundu said that like many other spots even a moderate shower caused water-logging in this area. He emphasized the need for the improvement of drainage system of this area.

Councillor Purnendu Sen Gupta also said that the siltage had become so deep-seated that there would be much difficulty in removing them.

Councillor K. L. Dhandhanian, Chairman, Standing Finance Committee, informed the House in that connection that money had been provided for the improvement of sewer in Kalitala area. He assured the House that the execution of the work would be undertaken soon.

The Mayor, Dr. Sen said Corporation's problems were coming in cyclic order. So long they had been talking of water scarcity problem and at present they were faced with the problem of draining out water.

NON-AVAILABILITY OF BOROUGH FUNDS

Several members of the House complained that the programme of work of the Borough Committee had suffered a set back as a result of the Standing Finance Committee's decision to release 50 per cent. of the Borough Funds to augment the city's water supply. They said that the Committee had taken such decision as a result of a warning stated to have been issued by the Finance Officer and Chief Accountant regarding the deteriorated financial condition of the institution. They alleged that the Standing Committee had proposed to curtail even some of the Budget grants to balance the budget of the current year.

The Chairman of the Standing Finance Committee, Councillor K. L. Dhandhanian assured the House that the Borough Committees' work would not be hampered and requested them to complete

the formalities in connection with their programmes work. The Mayor also desired that the difficulties of the Boroughs be discussed by the Standing Finance Committee.

Councillor Mihir Ganguly who initiated the debate, said that files of Borough Committees had been returned by the Finance Department on the plea of financial stringency of the institution. The Borough Funds, which represented only a minor portion of the Corporation's finances should not have been depleted to meet an emergency situation.

Councillor Ranjit Coomar Mitra also alleged the fact that the Finance Committee had nullified the Budget sanctions in regard to Borough Funds and had made a mockery of democracy. Councillor Mitra went further to say that there should be a wise decision in this regard.

AN INSANITARY SPOT

Speaking on matters of urgent public importance Councillor Kanai Lal Sarkar pointed out an insanitary spot in his own area. He mentioned the name of Orphangunge Market in Kidderpore area where cows, buffaloes and other animals were being sold largely. This had caused road blockade and other inconveniences to the citizens. The constant housing of animals for sale had turned the spot into an insanitary khatal there and he deplored such practice.

The Mayor, however, assured the House that this would be looked into.

UNFILTERED WATER SUPPLY

Councillor Samar Rudra pointing out to the deterioration of supply of unfiltered water in the city, emphasized the need for taking immediate measure for its improvement. Describing the position Councillor Rudra referred to his personal visit to the Mullickghat Pumping Station where water was being sucked in. He said that in spite of the fact that a new plant had been installed out of the Loan Fund at a cost of Rs. 1.87 lakhs the machinery could not be put into commission due to various irregularities. He alleged that the Electricity Department might be responsible for this.

Councillor Rudra further said that already there were four Pumping sets in that Station. Out of them one had to remain as reserve, one for emergency and as a result there was a fall of 75 million gallons of unfiltered water daily. He thought that there were little prospects of the improvement of the situation.

It may be noted here that with the completion of the extension scheme work of the intake main at the Mullickghat Pumping Station on the Hooghly the unfiltered water supply is expected to improve considerably.

Accumulation of silt near the mouth of the old intake main has long stood in the way of the Pumping Station working at full capacity. The

huge wastage through roadside hydrants have often led to scarcity of unfiltered water in different parts of the city.

It has further been gathered that almost all the hydrants on Strand Road, between Mullickghat and Galiff Street are kept open by the public throughout the day, the water being used mainly to wash lorries and cattle. This should also be stopped as emphasised by Councillor Rudra.

NEW POST OF DEPUTY HEALTH OFFICER

The House, on the recommendation of the Standing Finance Committee, created a post of the Deputy Health Officer on a fixed pay of Rs. 750/- plus a Motor Car Allowance of Rs. 150/- per month, for a period of one year temporarily. It also envisaged to amend the Schedule of Establishment under Section 78 of the Calcutta Municipal Act, 1951.

Supporting the substantive motion Alderman Dr. Amiya Bose, Chairman of the Standing Health Committee, said that on investigation he had found that a Deputy Health Officer was an absolute necessity for supervision of the Corporation's health establishments which were rather neglected at present.

Several members held that the creation of a high salaried post should be made only after careful consideration of its necessity. There were District Health Officers and at the time of epidemics Special Officers were temporarily appointed. The Corporation should, instead, appoint more men in the lower cadres.

A reference back of the motion to the appropriate Committee was lost when put to vote.

The motion was supported by Councillors Samar Rudra, Dr. A. P. Das Gupta, Anil Maitra and others while Councillors Mihir Ganguly, Ganapati Sur, Ratan Manick Chatterjee and others objected to the creation of a new post.

BATHING PLATFORM

Based on the recommendation of the Standing Water Supply Committee, the House decided to abandon Bathing Platforms situated one at Goaltuli Lane under Ward No. 50; the second one at Nafar Chandra Dey Road, and the third one at Nafar Koley Road, both under Ward No. 48.

RECRUITMENT EXAMINATION

The House, on the recommendation of the Standing Finance Committee, prescribed certain Regulations, to be enforced, relating to appointment to posts of Clerks, the maximum salary of which is below Rs. 250 per month, along with certain conditions of age relaxation to the existing temporary employees of the Corporation for recruitment.

The Corporation further requested the Municipal Service Commission to frame Regulations under Sec. 81 (b) of the Calcutta Municipal Act, for holding examinations in connection with the recruitment of Clerks.

CITY NEWS PARADE

OBITUARY: Dr. Tapas Kumar Bose, well-known physician and Professor of Medicine, R. G. Kar Medical College, died on Friday, the 13th June last at his house on Bhupen Bose Avenue, North Calcutta. He was 50.

The late Dr. Bose graduated in medicine from the R. G. Kar Medical College in 1933. He took his M.D. degree from Calcutta University in 1942. Since his graduation he had been associated to the R. G. Kar Medical College. He was a resident physician of the College for seven years and Deputy Superintendent of the Hospital for nine years. He was a lecturer in medicine in the University Post-Graduate College of Medicine.

The late Dr. Bose's death was widely mourned. As soon as the news spread over the city a large number of citizens rushed to his place.

The R. G. Kar Medical College was closed for the day.

Different organizations and institutions mourned his death. The Calcutta Corporation, at its weekly meeting on the 13th June last condoled the death. Eloquent tributes were paid to his memory by the Deputy Mayor, Shri K. C. Basu. The Paschim Banga Samaj-Seva Sangha, to which he was closely associated, also mourned the death.

AN EXHIBITION OF MODERN AMERICAN ART: was opened at Artistry House, Park Street, on Saturday the 14th June, last by Lady Runu Mukherjee.

Introducing the exhibition, the Cultural Affairs Officer, U.S.I.S, Calcutta, said all the 90 exhibits belonged to the Twentieth Century. The exhibits included no paintings in oils or in other media which might be affected by climatic changes.

The exhibition of American Art has definitely increased appreciation of American artists' technical excellence. It is a rich, sensible exhibition—though it is pity that the catalogue described it as a show of modern art. There was ample justification in the claim that it represented faithful cross-section of Twentieth Century American Art, but the emphasis being on the variety of techniques and media, the classification was likely to be slightly misunderstood. All the artists represented did not display strictly modern forms of expression remarked the Officer.

TEACHERS DEMONSTRATED: About 500 Primary Teachers coming from West Bengal districts to submit Memorandum of their grievances to the Governor and the State Chief Minister assembled at Raja Subodh Mullick Square on Thursday, the 19th June. They went out in procession after holding a meeting there. Shri Satyapriya Roy, M.L.C., General Secretary, All Bengal Teachers Association, addressed them.

They came from West Dinajpur, Murshidabad, Burdwan, Nadia, Hooghly, 24-Parganas and the neighbouring areas of the city.

The demonstrators stopped before a police cordon at Esplanade East. A five-man deputation on their behalf took the Memorandum to Raj Bhavan and Writers Building while the teachers continued shouting slogans. Primary education, they stated, should be one of the principal responsibilities of the Government. District School Boards which would conduct primary education in rural areas should be democratically constituted.

CORPORATION NOTICES

To Contractors

SURGING AND WITHDRAWING OF TUBE-WELLS.

Tenders are invited from Contractors holding Trade and Tube-well license of Calcutta Corporation, for registration of names as Tube-well contractors for 1958-59 under categories (1) Surging of Tube-wells, (2) Withdrawing of defunct Tube-wells and will be received by the 2nd Deputy Commissioner upto 12 Noon on 26th June, 1958.

The tenderer may submit his tender for either of the categories or both categories separately quoting his rate in each case. Tenders are to be submitted in sealed cover superscribed "Tender for" and addressed to the Deputy Commissioner II, Corporation of Calcutta.

Earnest money amounting to Rs. 125/- for each category shall be deposited by the tenderer in the Corporation Treasury at least one day before the date of opening of the Tender.

Prescribed Tender form containing specification and conditions of contract may be had free of charge from the office of the Executive Engineer, Water Works, during office hours.

B. GHOSH,
Secretary.

CENTRAL MUNICIPAL OFFICE :
The 18th June, 1958.

To All Registered Petty Improvement Contractors

District No. 1 Engineering Department

Tenders for the following works are invited and will be received by the Chief Engineer in duplicate in a sealed cover superscribed "Tender for" on 27th June, 1958 up to 2 p.m.

The abstract of the estimate can be seen at the above Office. The Corporation standard specification will apply on the work. Petty tender forms of the Corporation are to be used in submission of tenders.

The successful tenderer shall have to deposit 5 per cent. of the total value of the accepted tender, as security deposit, within a week from the date of intimation of the acceptance of tender and shall have to execute an agreement in the prescribed form within a fortnight from the date of intimation of the acceptance of tender. In the event of failing to deposit the security amount and/or to execute the agreement within the time aforesaid, the tenderer shall be liable to be debarred from allotment of any further work or contract for any period in future as may be determined by the authority and the S. D. for P. I. works may at the discretion of the Commissioner be forfeited.

PHENEOL LAMP BRAND

BENGAL CHEMICAL & PHARMACEUTICAL WORKS, LTD.
CALCUTTA :: BOMBAY :: KANPUR

A POWERFUL DISINFECTING FLUID

—DISINFECTS—

Drains, Cess-pools, Hospitals, Sick-rooms,
Lavatories and every place where Dirt and
Disease Germs are likely to lurk.

MARKET NOTICES

1. It is recommended that coolies should be paid at the following rates:—15 minutes—Two annas. 1 Hour—four annas. 1 Hour—eight annas. Every succeeding hour or part of an hour—four annas.

2. Coolies for carrying bazar purchases are obtainable at the principal entrances and care should be taken that only coolies bearing number badges are engaged. For the current half-year, "A" class coolies have been allowed Red arm badges with Black numbers from Nos. 1 to 400.

3. Any complaints about coolies should be made at the Superintendent's Office giving the number of the cooly.

4. All complaints relating to the conduct of vendors should be made to the Superintendent. No action can be taken where the articles in dispute have been removed from the shop premises or in regard to transaction which are not brought to the notice of the Superintendent at the time of occurrence.

5. To avoid conflicts of statements both as regards the goods purchased and the nature of the sales, customers are requested to insist on getting a voucher, as far as practicable.

6. If goods are taken "on approval" customers are recommended to obtain a voucher to that effect stating the price paid.

7. Any articles lost or found in the market should be reported at the Superintendent's Office.

8. No dogs, bicycles, tricycles, or perambulators are allowed inside the markets.

9. For the convenience of the public a stand is provided at the south-west corner where the visitors can keep their bicycles in charge of the leases thereof on payment of a fee of 0-1-6 for a Bicycle and 0-3-0 for a Motor Cycle, between 6 A.M. to 7 P.M.; between 7 P.M. to 12 A.M. Bicycle 0-3-0, Motor Cycle 0-6-0 and after midnight Bicycle 0-12-0, Motor Cycle Re. 1-8-0. The Corporation does not take any liability in this connection.

10. Customers are requested that if they suspect any weight used by any vendor of that market to be short, they will bring the matter immediately to the notice of the Superintendent when the weight will be duly tested in the Office and the vendor punished if it is found short.

11. The public and the shop-keepers of the market are requested to assist in the mitigation of the beggar-nuisance by refraining from giving alms of any description within the market.

12. Customers are requested to examine the coins obtained in the course of transaction, before they leave the shop. Ordinarily no action can be taken against the shop-keeper if any spurious coin is alleged to have been detected after they leave the shop.
